

CITY *of* CLOVIS

AGENDA • CITY COUNCIL MEETING

Council Chamber, 1033 Fifth Street, Clovis, CA 93612 (559) 324-2060
www.cityofclovis.com

July 7, 2025

6:00 PM

Council Chamber

In compliance with the Americans with Disabilities Act, if you need special assistance to access the City Council Chamber to participate at this meeting, please contact the City Clerk or General Services Director at (559) 324-2060 (TTY – 711). Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to the Council Chamber.

The Clovis City Council meetings are open to the public at the physical address listed above. There are numerous ways to participate in the City Council meetings: you are able to attend in person; you may submit written comments as described below; and you may view the meeting which is webcast and accessed at www.cityofclovis.com/agendas.

Written Comments

- Members of the public are encouraged to submit written comments at: www.cityofclovis.com/agendas at least two (2) hours before the meeting (4:00 p.m.). You will be prompted to provide:

- Council Meeting Date
- Item Number
- Name
- Email
- Comment

- Please submit a separate form for each item you are commenting on.
- A copy of your written comment will be provided to the City Council noting the item number. If you wish to make a verbal comment, please see instructions below.
- Please be aware that any written comments received that do not specify a particular agenda item will be marked for the general public comment portion of the agenda.
- If a written comment is received after 4:00 p.m. on the day of the meeting, efforts will be made to provide the comment to the City Council during the meeting. However, staff cannot guarantee that written comments received after 4:00 p.m. will be provided to City Council during the meeting. All written comments received prior to the end of the meeting will be made part of the record of proceedings.

CAMPAIGN CONTRIBUTION PROHIBITIONS AND MANDATORY DISCLOSURE – Pursuant to Government Code section 84308, a Councilmember shall not accept, solicit, or direct a campaign contribution of more than \$500 from any party or their agent, or from any participant or their agent, while a proceeding involving a license, permit, contract, or other entitlement for use is pending before the City or for 12 months after a final decision is rendered in that proceeding. Any Councilmember who has received a campaign contribution of more than \$500 within the preceding 12 months from a party or their agent, or from a participant or their agent, must disclose that fact on the record of the proceeding and shall not make, participate in making, or in any way attempt to use their official position to influence the decision.

Pursuant to Government Code section 84308, subdivision (e), any party to a covered proceeding before the City Council is required to disclose on the record of the proceeding any campaign contribution, including aggregated contributions, of more than \$500 made within the preceding 12 months by the party or their agent to any Councilmember. The disclosure shall be made as required by Government Code Section 84308, subdivision (e)(1) and California Code of Regulations, Title 2, section 18438.8. No party or their agent, and no participant or their agent, shall make a campaign contribution of more than \$500 to any Councilmember during the covered proceeding or for 12 months after a final decision is made in that proceeding. The foregoing statements do not constitute legal advice, and parties and participants are urged to consult with their own legal counsel regarding the applicable requirements of the law.

CALL TO ORDER

FLAG SALUTE - Councilmember Basgall

ROLL CALL

PUBLIC COMMENTS - This is an opportunity for the members of the public to address the City Council on any matter within the City Council's jurisdiction that is not listed on the Agenda. In order for everyone to be heard, please limit your comments to 3 minutes or less, or 10 minutes per topic. Anyone wishing to be placed on the Agenda for a specific topic should contact the City Manager's office and submit correspondence at least 10 days before the desired date of appearance.

CONSENT CALENDAR - Items considered routine in nature are to be placed upon the Consent Calendar. They will all be considered and voted upon in one vote as one item unless a Councilmember requests individual consideration. A Councilmember's vote in favor of the Consent Calendar is considered and recorded as a separate affirmative vote in favor of each action listed. Motions in favor of adoption of the Consent Calendar are deemed to include a motion to waive the reading of any ordinance or resolution on the Consent Calendar. For adoption of ordinances, only those that have received a unanimous vote upon introduction are considered Consent items.

Boot Quarterly Report: Quarter 4 April 1 – June 30, 2025

In accordance with the Agreement between City of Clovis/community & Economic Development Department and the Business Organization of Old Town Clovis for the fiscal year 2024-2025, the following items have been accomplished to date.

Goal #1:

Maintain a viable organization with membership reflective of the diversity of Old Town Clovis.

Objective:

- To maintain current level of membership and seek new members each year. We currently have 115 members.
- To unite the merchants of Old Town as a group of businesses working together for the betterment of the whole downtown district.

Strategy:

- Provide information on the website about B.O.O.T., B.O.O.T. membership, benefits of membership and application forms year-round.
- Personal visits to businesses in the PBIA to recruit and retain memberships.
- Contact with businesses outside the PBIA to recruit and retain Associate Memberships, AKA "Friends of B.O.O.T."
- Created a membership benefit package to attract both regular and associate members as well as soliciting new members.
- Design benefits that will be exclusive to B.O.O.T. membership.
- Provide information to merchants of Old Town regarding activities conducted in and around Old Town through the BOOT social media accounts & email blasts.
- Communicate information to merchants on activities at the monthly B.O.O.T. membership meetings, our exclusive Facebook member page and through weekly E-Blasts. Post events for all organizations in Clovis on B.O.O.T. Website and ensure that if someone searches for an event, B.O.O.T.'s website is in the top results.
- Plan and post meeting notices via email for bi-monthly B.O.O.T. membership meetings.
- Advertise frequently to promote Old Town Clovis on behalf of all merchants.
- Enhance existing programs to draw more people to Old Town Clovis.

Results:

- A membership and organization characteristic of Old Town Clovis.
- Created a member only page on Facebook in August 2021 and created a weekly member e-blasts in to keep the merchants involved and active in our events. We have over 25k subscribers in our e-blast database.
- We invested in Call Multiplier which is a mass texting tool that we use to help better our communication with our members.
- Members are sought throughout the year and new businesses are invited to join.

- Members meet at American Legion on the 1st Wednesday of every other month.
- The Board of Directors meet monthly at Noon, on the 3rd Wednesday of each month to discuss issues pertinent to the organization, i.e. past and future events, review finances and other pertinent information to the organization.
- Board members represent our diverse merchant groups: office professional, property owners, restaurants, bars, antique, gift, and specialty stores. The 2025 Board of Directors is as follows:

*Cora Shipley, Director at Large (through 2026)

* Mark Smith, Director at Large (through 2025)

* Tom Frost, Director at Large (through 2025)

* Dave Shivers, Director at Large (through 2026)

* Julie Glenn, Director at Large (through 2025)

* Jennifer Green, Director at Large (through 2026)

* Michelle Roth, Director a Large (through 2026)

* The Marketing/Events Committee continues to improve existing events, create new events and activities specifically designed to bring customers directly into the businesses.

Goal #2

Maintain Old Town Clovis' promotional activities

Objective:

- Successfully manage, promote, and operate events in Old Town Clovis, as well as create new events on an ongoing basis that attract visitors to Old Town Clovis. We kicked off Friday Night Farmers Market on May 2nd followed by our Spring Wine Walk on May 3rd. We had our first ever ribbon cutting ceremony with the City Council Members to kick off the 2025 Farmers Market season! We partnered with Hot Rod Coalition and had our Old Town Motorama on Saturday, May 17th. We had an estimated 650 car/bike entries and thousands upon thousands of car enthusiasts came out that day. The following weekend we had our Glorious Junk Days. Which was 95% sold out.

- To provide a quality event giving people a reason to visit the downtown district.
- To develop marketing strategies to keep Old Town competitive with malls and other shopping areas.
- To attract customers and visitors, both old and new to the downtown district.
- To present Old Town Clovis as an attractive, appealing, friendly and inviting business community.

Strategy:

- Develop, operate, promote, maintain, and pay for events that bring people to Old Town Clovis.
- Establish and maintain events that highlight Old Town Clovis locally, nationally, and internationally.
- Meet all requirements set by City, State and other agencies for activities, events, and attractions.

- Develop new events and activities to help bring visitors to Old Town Clovis while maintaining a safe and inviting atmosphere.
- Create and pay for multi-media advertising campaigns for general advertising such as generic “Shop Local in Old Town Clovis”
- Continue to evolve events so they continue to attract new people.

Results

- This quarter’s events included the Year-Round Saturday Morning Farmers Market, Farmers Market, Spring Wine Walk, Old Town Motorama and Glorious Junks Days.

- **Goal #3**

Maintain marketing strategies, including safety and appearance and advertising techniques to position the Image of Clovis through Old Town Clovis’ unique character.

Objective:

- Create a broad awareness of Old Town Clovis.
- Establish Old Town Clovis as an immediate, intermediate and end destination.
- Retain the established customer base.
- Reach out to Central California so that more people become aware of what Clovis offers.
- Work with City Officials to maintain a safe, crime-free area where people feel safe and like bringing their families to Old Town Clovis.

Strategy:

- Secure multi-media advertising campaigns to promote Old Town Clovis along with event generated promotions
- Submit calendar of events to community and online calendars
- Use Website, Instagram, Pinterest, Facebook to promote Old Town Clovis in general, as well as merchant businesses and specific events..
- Ongoing outreach to businesses outside of the PBIA to relocate to Old Town Clovis.
- Work with City of Clovis Police Department to create a safe atmosphere in Old Town Clovis.
- Work with City of Clovis staff to create a clean, well-maintained streetscape in Old Town Clovis.

Results:

- We continue to work with traditional TV and radio We have been actively promoting Farmers Market on 93.7 Kiss Country, 105.5 The Legend and Y101.1.
- Facilitated wide exposure for Old Town Clovis, it's events, character, and appeal
- Stimulated customer and visitor traffic in Old Town Clovis, as evidence as we have seen an increased number of customers in town and attendees for all our events.
- Been promoting individual B.O.O.T. Member businesses, created event pages on Facebook & Instagram for upcoming events in Old Town, thereby giving excellent exposure since August 2021. We have over 40K followers.
- Communicate information to sources essential for tourism opportunities, capturing disposable money from customers who have an option to spend it elsewhere.
- Completed a complete web-site overhaul in March 2021 with new members page, event information, and Old Town Clovis resources.

Goal #4:

Provide information on activities to the Tourism Advisory Committee

Strategy:

- Participate as an active member of the Tourism Advisory Committee -
- Supply the Clovis Visitors Center with Information regarding events, activities and leads for tour groups.
- Provide event information for visitclovis.com
- Actively promote Old Town Clovis and Member Businesses on Facebook, Instagram, Pinterest and B.O.O.T.'s website.

Results:

- Ensured Old Town Clovis is recognized as a tourism destination.
- Businesses in Old Town showcased Old Town as a friendly and inviting throughout the spring and summer months.
- B.O.O.T. works directly with the Visitors Center to be sure they have current event information, including Event Cards with all street events listed

Goal #5:

Obtain and maintain Workers Compensation, State Disability and Directors and Officers Policy as well as any other insurance coverage as required by law.

Objective:

- Qualify for Workers Compensation, State Disability coverage, General Liability, and all required Insurances.

Strategy:

- To meet all requirements of renewal; indemnify, hold harmless and defend the City of Clovis, Community and Economic Development Department, its officers, agents or employees.
 - Completed and submit for renewal the State Fund Compensation Insurance Fund policy information. All of our insurance policies go through Scott Dority at DiBuduo & DeFendis

- Results:

- Obtained General Liability Policy coverage period April 21, 2025 to April 21, 2026.
- State Fund Compensation Policy renewed for period April 1, 2025 to March 31, 2026.
- Directors and Officers Policy will renew for period August 4, 2024 to August 4, 2025.
- Certificates of Insurance with Endorsements provided to the City of Clovis.

Goal #6:

Annual Compliance Audit

Objective

- To successfully complete a compliance audit conducted by an independent auditor - We will be providing a quarterly P&L statement and an annual complete P&L report prepared by Krikorian & Company, 1715 N. Fine Avenue, Fresno, CA 93727.

Strategy:

- Efficiently maintain and preserve all records needed to demonstrate full compliance.

Results:

Financial Status:

- Attached is the most recent Financial Report for April that was prepared by CPA Firm Krikorian & Co.
- We invested in Bill.com which is helping manage our accounts payables and bill pay more effectively and efficiently.

Summary:

Old Town Clovis plays a significant role in creating a favorable image for the City of Clovis. Growth within Old Town Clovis is one of the more important priorities to ensure the future and well-being of Clovis' Redevelopment Project Area. In order to continue the economic vitality of the central trading district,

considerable time and effort has been invested in an effort to encourage new businesses to locate and expand in Old Town Clovis. Old Town Clovis has seen many new businesses come into the area in the past few years and many more are looking for space.

Updates to the PBIA:

- *The Business Organization of Old Town* represents many business and property owners and operators, within the central business district, who will be affected directly or indirectly by future business promotion efforts and seeks to strengthen the promotion of Old Town Clovis thereby assuring its continued influence on economic growth in both Old Town Clovis and the City as a whole.
- Garbage and recycling needs must be addressed as more people in Old Town equals more garbage and recycling. Inadequate garbage/recycling cans are having an impact on Old Town.
- **Properties that remain vacant:**
 - 339 Pollasky Avenue, the former Quilters Paradise is sitting still – no activity.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Administration

DATE: July 7, 2025

SUBJECT: Administration - Approval – Request from Our Lady of Perpetual Help Catholic Church for closure of a portion of Eighth Street to hold a small special event on October 12, 2025.

ATTACHMENTS: 1. Request from Our Lady of Perpetual Help

RECOMMENDATION

That the City Council approve the request from Our Lady of Perpetual Help (OLPH) for closure of a portion of Eighth Street to hold a small special event on October 12, 2025.

EXECUTIVE SUMMARY

Staff requests street closure on October 12, 2025, for a small special event organized by OLPH.

BACKGROUND

On June 4, 2025, staff received a request from representatives from OLPH to obtain a Temporary Use Permit and Temporary ABC (California Alcoholic Beverage Control) license, as well as temporary street closure for Our Lady of Perpetual Help Parish Festival. The requested closure area is limited to Eighth Street between Harvard and Dewitt Avenues.

The boundaries and time of street closure has been reviewed by staff members from each department and there are no concerns.

Staff worked with OLPH to contact residents and property owners soliciting comments/concerns regarding this request. No comments or concerns have been received.

FISCAL IMPACT

The City of Clovis is positively impacted by community events. Local businesses benefit from large numbers of people visiting their neighborhood and the City of Clovis benefits from the increased tax revenue.

The promoters of this event will bear the cost of additional City services and any other additional services.

REASON FOR RECOMMENDATION

In previous years, more than 300,000 people have attended the various events held in Clovis annually, many of whom have returned to Clovis to patronize local businesses. This event will benefit the City's economic development efforts.

ACTIONS FOLLOWING APPROVAL

1. Staff will notify OLPH of Council's decision; and
2. Staff will work with OLPH to ensure that they provide security and cleanup of the event.

CONFLICT OF INTEREST

None.

SERVICE AGREEMENT TERMS

IN CONSIDERATION OF THE FOLLOWING MUTUAL COVENANTS, CLIENT AND CONTRACTOR AGREE AS FOLLOWS:

DUTIES AND RESPONSIBILITIES

(a) Contractor shall provide the following ("Services") to Client only: The protection of property of the Client and Venue within the established and designated areas of the event Venue address, not including adjacent incorporated property, sidewalks, streets, wooded areas, residences, establishments, or businesses, or other areas not specifically indicated in this Agreement. The term "protection of property," shall in no way be constructed to suggest that, when Contractor is performing the service as defined within this Event Security Services Agreement ("Agreement") in good faith, that Contractor is responsible for any incident that arises as an unforeseen circumstance caused by Client or third parties, or circumstances or events not covered by this Agreement. Contractor's services ...

also do not guarantee or warrant that Client's property may not be damaged, destroyed, impaired, burglarized, or the defined property within the established and designated areas of the Venue address, including section entitled "Services Instructions", will not be subject to criminal conduct. Contractor's employees will not perform any duties not contracted for. Further, this Agreement is solely for the mutual benefit of the parties who enter into it and does not raise any third party beneficial interest outside of the parties herein.

Nothing shall be construed to suggest that Contractor, its employees, agents, or security officers are compelled, required, contracted, or willing to protect the life or lives or property of persons unless specifically listed in this Agreement.

(b) The term "protection of property" shall only include the property(s) of the Client and Venue located within the geographical area established herein. The duties of the Contractor's security officer regarding the protection of property include and are limited to:

1. Providing a visible deterrent for property crimes and crimes against the Client or venue, which include criminal mischief, making graffiti, larceny, burglary, criminal tampering, trespass, misapplication of property, disorderly conduct.
2. Strictly enforcing venue rules, occupancy and fire codes, municipal ordinances, Alcoholic Beverage Control codes, Penal Code of California, and applicable state and federal laws.
3. Alerting the proper law enforcement authority of the incident immediately.

Ethos Protection Services supervisors reserve the right to cancel event for any disruption, disorderly conduct, threat by any person(s), or hazard where the safety of people by any matter arises before or during the event. The Client will be advised prior to implementation of such action.

PAYMENT

Client agrees to pay the Contractor in accordance with the payment rates, terms and schedule of payments set forth in the Agreement section entitled "Payment Information" attached hereto and incorporated herein. A 25% deposit of the Agreement total amount due shall be paid by Client to reserve Contractor services. Should Contractor services be cancelled or terminated within 24 hours from the start of the event, a 25% fee of the Agreement total amount due will be non-refundable. The Agreement total amount due must be paid in full prior to start of Contractor services.

Overtime and holiday rates may be charged under the following conditions: Federal holidays and hours added (beyond regularly scheduled) to meet irregular situations or emergency conditions such as, but not limited to: natural disasters, civil disturbances, labor disputes, and court appearances on behalf of the Client. When the Client extends a shift or changes the hours of a specific officer requested by the Client, and the change results in that officer remaining over 40 hours in any seven-day work week.

SECURITY SUPERVISION, STANDARDS, AND QUALIFICATIONS

Client and Contractor agree that Contractor will be responsible for the direct supervision of the security officers through Contractor's designated representatives at the premises to which this Agreement relates. Contractor agrees that the security services covered by this Agreement will be performed in accordance with acceptable security practices and standards permitted by law. Contractor warrants that its services shall be performed by personnel possessing competency consistent with applicable industry standards, who are both licensed by the California Bureau of Security and Investigative Services, and have prior to employment with Contractor, been subject to a criminal background investigation, submitted to fingerprint screening, screened for sex offender status, at will employment drug screening, and personal interview. No other representation, express or implied, and no warranty or guarantee are included or intended in this Agreement, or in any report, opinion, deliverable, work product, document or otherwise. Furthermore, no guarantee is made as to the efficacy or value of any services performed. THIS SECTION SETS FORTH THE ONLY WARRANTIES PROVIDED BY THE CONTRACTOR CONCERNING THE SERVICES AND RELATED WORK PRODUCT. THIS WARRANTY IS MADE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OR FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR OTHERWISE.

INDEMNITY AND DISCLAIMER

To the furthest extent allowed by law, Client shall indemnify, hold harmless and defend Contractor and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to: personal injury, death at any time and property damage) incurred by Contractor, Client or any other person, and from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Client's obligations under the preceding sentence shall apply regardless of whether Contractor or any of its officers, officials, employees, agents or volunteers are passively or actively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the willful misconduct or the sole passive or active negligence of Contractor or any of its officers, officials, employees, agents or volunteers.

If either Party to this Agreement should subcontract all or any portion of the services to be performed under this Agreement, the subcontracting Party shall require each subcontractor to indemnify, hold harmless and defend the non-subcontracting Party and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph. This section shall survive termination or expiration of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year written below.

Remarks:

Our Lady of Perpetual Help's parish fundraiser with street closures on October 12, 2025. The City of Clovis & City of Clovis Old Town Restrooms, its officers, officials, employees, and volunteers are named additional protected person(s).

However, the following limitations apply to coverage:

1. The maximum limits of coverage provided by Catholic Mutual Relief Society of America to the **Additional Protected Person(s)** named in this endorsement shall not exceed the coverage dollar amount specifically required by contract or agreement and agreed to by the **Protected Person(s)**. In the absence of specific coverage limits within a referenced contract or agreement, the limits of liability afforded to the **Additional Protected Person(s)** must be listed on a separate Certificate of Coverage form attached to this endorsement. All limits of liability extended by this endorsement are inclusive of both Section II Coverage D and Section VII coverages (if applicable).
2. Unless specifically agreed to by contract or agreement, the coverage extended to the **Additional Protected Person(s)** by this endorsement is excess and non-contributory over any other available coverage or insurance.
3. This endorsement does not apply to any **Occurrence** outside the specific date(s) of a facility use agreement or terms of a lease.
4. This endorsement does not extend coverage to the **Additional Protected Person(s)** for **Occurrences** which cannot be attributed to primary acts or omissions of the **Protected Person(s)**.
5. Provided that a premises is utilized by the **Protected Person(s)** in a manner consistent with its intended purpose and in accordance with the applicable contract, agreement, or lease, this endorsement does not extend coverage to the **Additional Protected Person(s)** for premises defects or other **Occurrences** which could not be discovered by the **Protected Person(s)** with reasonable diligence.
6. The limited coverage afforded to the **Additional Protected Person(s)** by this endorsement only applies to the extent permissible by law and shall not apply to non-delegable duties unless specifically agreed to by contract or agreement.

This extension of coverage shall not enlarge the scope of coverage provided to the **Certificate Holder** under this Certificate nor increase the limit of liability thereunder. Unless otherwise agreed by contract or agreement, coverage extended under this endorsement to the **Additional Protected Person(s)** will not precede the effective date of this endorsement or extend beyond the cancellation date.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Administration

DATE: July 7, 2025

SUBJECT: Administration – Approval – Award the Request for Proposals and approve the purchase of an Audio/Visual System for the Emergency Operation Center from One Diversified, LLC, in the amount of \$245,966.55.

RECOMMENDATION

For the City Council to award the Request for Proposals and approve the purchase of an Audio/Visual System for the Emergency Operation Center from One Diversified, LLC, in the amount of \$245,966.55.

EXECUTIVE SUMMARY

The current Audio/Visual (AV) system in the Public Safety Building's Emergency Operations Center (EOC) was originally designed and installed in 2009. After more than 16 years of use, the system has become outdated. For example, it no longer supports the connection types that are standard in modern laptops, and replacement parts are increasingly difficult to source.

To address these challenges, staff issued a Request for Proposals (RFP) for a new system that would be user-friendly, adaptable to the EOC's various room configurations, and capable of meeting both current and future AV demands. After evaluating the submissions, One Diversified, LLC presented the most comprehensive and responsive proposal.

BACKGROUND

The Emergency Operations Center (EOC) Room is often used for meetings, training, special events, as well as being the City's Command Center during declared emergencies and other planned/unplanned activations. To support these activities, the room has an AV system that includes a projector, drop-down screen, multiple televisions and an integrated speaker system that was last upgraded in 2009.

After 16 plus years of operation, the current AV system is showing its age – for example, the platform does not support the latest connectivity standards that modern laptops and other devices exclusively use. Additionally, replacement parts for the AV control system and other ancillary devices are no longer readily available.

A Request for Proposals (RFP) was issued for a modern and turnkey AV system that:

- Would be user-friendly by anyone needing to use the room for training, special events, and meetings,
- Provide the necessary technical backend infrastructure to support and connect to internal and external systems,
- Include a video wall system capable of handling multiple inputs, user-defined configurations and enhanced video resolution to handle mapping, video and other high intensity graphics that may be needed during an emergency activation
- And a system that would meet current and future AV needs in the EOC.

Staff received four responses (pricing below) and assembled an evaluation team with representatives from Public Safety and IT to review the proposals.

Vendor Name	Bid Amount
EIDIM AV Technology	\$138,574.86
EKC Enterprises	\$186,780.60
One Diversified, LLC	\$245,966.55
Southland Technology	\$316,174.78

The selection criteria included a thorough review of the written proposal, the cost of the proposed system, the quality of the design and system components, the vendor's qualifications and experience, and an in-depth evaluation of the proposed system's technology specifications.

One Diversified, LLC, provided the most complete, technologically sound, and responsive proposal and was given the highest ranked score by the evaluation team. While their proposal was not the lowest priced, the overall proposed design best fit the EOC's space requirements and many of the technical specifications are superior to the lower priced options. For example, in an apples-to-apples comparison of video resolution quality, One Diversified, LLC is proposing a video wall system capable of near 8K Ultra HD quality (Dual UHD – 7680 x 2160); whereas the two lower priced proposals are using the older standard (Full HD – 2700 x 1440 or less).

Vendor Name	Number of Screens	Screen Size (ft)	Resolution
EIDIM AV Technology	1	11.75 x 6.58	Full HD (2700 x 1440)
EKC Enterprises	1	11.8 x 6.67	Full HD (1920 x 1080)
One Diversified, LLC	8	15.83 x 4.5	Dual UHD (7680 x 2160)
Southland Technology	12	23.75 x 4.5	Triple UHD (11,520 x 2160)

While many City systems still use 'Full HD' resolution as their minimum standard, any changes or improvements would not be supported in the future. Additionally, the impact in this environment would be equivalent to showing one program or application at a time on the video wall, not the multiple sources of real-time data and information needed in an EOC activation.

When comparing the One Diversified proposal to the Southland Technology proposal, Southland Technology included more monitors (12) at a combined higher resolution. While their design was acceptable, they (Southland Technology) submitted the highest-priced proposal and it was not as complete and thorough as the others.

Support and serviceability was another important factor in the evaluation teams' review. Having multiple screens instead of a single screen system makes it more serviceable in the long term. Should the single screen fail, the entire system would be down; whereas replacing one of eight (or twelve) screens would still allow staff to use the system while the failed unit is repaired or a replacement is ordered.

Based on the evaluation teams thorough review, the technical systems comparison, and the overall system design, staff is recommending the award of this RFP to One Diversified, LLC.

FISCAL IMPACT

Sufficient funds were included in the IT budget for the 2025-2026 fiscal year. The cost for the equipment and implementation of this AV System for the Public Safety Emergency Operations Center is \$245,966.55. Staff anticipates additional expenses may be necessary for electrical and structural modifications which are not to exceed \$50,000.

REASON FOR RECOMMENDATION

The current AV system is no longer supported, some equipment is failing, and replacement parts are not available. One Diversified, LLC, provided the most complete, technically sound, and responsive proposal.

ACTIONS FOLLOWING APPROVAL

Staff will order the AV system and supporting equipment from One Diversified, LLC, and will commence any electrical and structural work necessary to install the new system.

CONFLICT OF INTEREST

None.

SUBJECT: Administration – Approval – Waive the normal purchasing process and approve the purchase of thirty (30) Mobile Data Computers to LEHR Upfitters, LLC, in the amount of \$ 175,171.30.

RECOMMENDATION

For the City Council to waive the normal purchasing process and approve the purchase of thirty (30) Mobile Data Computers to LEHR Upfitters, LLC, in the amount of \$175,171.30.

EXECUTIVE SUMMARY

Included in the 2025-2026 Budget are funds to purchase replacement Mobile Data Computers (MDCs). The MDCs increase efficiencies and provide connectivity to various applications and needed information while performing their duties in the field.

Staff went out with a Request for Proposals (RFP) from vendors using the City's online bidding system in March 2025 and received fifteen (15) responses. On May 12, 2025, the RFP was awarded to LEHR Upfitters, LLC.

Staff is recommending that Council waive the normal purchasing process and approve the purchase of another thirty (30) MDCs to LEHR Upfitters, LLC, to outfit the Police Department's remaining patrol vehicles with MDCs capable of running the latest windows version, updated security and other software applications.

BACKGROUND

Every police vehicle is outfitted with a Mobile Data Computer (MDC) to receive and send information on calls assigned to the officer.

In an effort to better serve the public by keeping officers on the street doing their duties, all MDCs are being standardized to a laptop configuration. This is consistent with what other public safety agencies across the nation have adopted. Utilizing laptop computers have helped achieve the following benefits:

- Reduced amount of down time.
- Easier to exchange laptops from one vehicle to the next.
- Repair costs have been greatly reduced.

- Has reduced cost of deployment.
- Allowed for consistent environmental conditions for computers.

A Request for Proposals was recently completed (May 2025) for a similar order of Panasonic Toughbook Mobile Data Computers. On Monday May 12, 2025, the City Council awarded the RFP and approved the purchase of thirty MDCs to LEHR Upfitters, LLC. They provided the most cost-effective and responsive proposal that included thirty (30) Panasonic Toughbook laptops, keyboards, docking stations, a five-year warranty, tax, and shipping in the amount of \$5,836.88 per unit or \$175,106.45.

Staff is recommending the purchase of another order of thirty Panasonic Toughbook Mobile Data Computers from LEHR Upfitters, LLC, for \$175,171.30. The unit price has not changed (\$5,836.88 per unit) but the slight increase is due to the change in the City's sales tax rate.

The additional thirty units are needed to completely outfit the Police Department's patrol vehicles with units capable of running the latest Windows 11 Operating System and other software, as Windows 10 will no longer be supported past October 2025. Therefore, instead of delaying the process and implementation by reissuing another RFP, staff is recommending that Council waive the normal purchasing process and approve this MDC purchase using the previously awarded RFP.

FISCAL IMPACT

The cost per unit, from LEHR Upfitters, LLC, remains at \$5,836.88. Sufficient funds have been allocated in the FY2025-2026 Information Technology Division budget for the purchase of these Panasonic Toughbook laptops.

REASON FOR RECOMMENDATION

The City has standardized on Panasonic Laptops for vehicles as they have proven to be very reliable and able to stand up to the rigors of the mobile work environment. Additionally, LEHR was awarded the Mobile Data Computer RFP in May 2025. They have verified that they are able to honor the pricing they provided and working with them again will ensure cost-certainty and a consistent level of service.

ACTIONS FOLLOWING APPROVAL

Staff will purchase the budgeted Panasonic Laptops, and as they arrive, they will be set up and installed in the vehicles for immediate use.

CONFLICT OF INTEREST

None.

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Administration

DATE: July 7, 2025

SUBJECT: Administration - Approval – Waive Normal Purchasing Process and approve the purchases of replacement desktop computers and servers using competitively bid contracts with purchasing provisions for California State and Local government agencies.

RECOMMENDATION

For the City Council to waive the normal purchasing process and approve the purchases of desktop computers and servers through the use of competitively bid contracts with purchasing provisions for California State and Local government agencies.

EXECUTIVE SUMMARY

Included in the 2025-2026 Budget are funds to purchase computers for all departments and servers for applications. The computers and servers are to provide upgrades and replacement of obsolete, worn-out equipment and to equip new employees with computers. The computers are allocated to the various departments based on need. Upgrades are necessary to improve the work performance of clerical and technical positions. A portion of the computers to be purchased are to replace units that have high failure and repair rates or are unable to run upgraded software. Staff recommends purchasing the replacement computers using previously competitively bid contracts with purchasing provisions for California State and Local government agencies.

BACKGROUND

The Information Technology Division is requesting approval to purchase computers and servers through other competitively bid contracts by other agencies, such as the California Multiple Award Schedule (CMAS). With the proliferation of competitively bid contracts with “piggy-back” provisions, the need to purchase in large quantities at one time is no longer necessary. These current contracts base their pricing on the ability of multiple State and Local government agencies to purchase equipment on an “as needed” basis, while still passing along quantity discounts. Other examples of these contracts are the Western States Contracting Alliance (WSCA) and the California Communities Purchasing Program (CCPP) sponsored by the League of California Cities.

When purchasing computers on an as needed basis, the city is able to set up and install the computers more efficiently when staffing is available, eliminating the need to have a large storage area for the computers and risk of potential loss due to theft or disaster. By purchasing when the computer is required, the City can still take advantage of price reductions.

As in the past, the City will continue to use the same evaluation criteria for selecting equipment. This will include certification of the preloaded operating system and software, quality of components, software upgrade policy, price, compliance with the City's standard specifications, product reliability, vendor reputation, and financial stability of the supplier and the computer manufacturer.

FISCAL IMPACT

There is \$380,000 budgeted to fund the purchase of replacement computers, phones, servers, related software, licensing and peripherals.

REASON FOR RECOMMENDATION

The computers and servers are needed to increase the stability of the computing environment, increase productivity and to replace worn-out equipment. Purchasing through current contracts will allow the City the flexibility to install computers and servers on an as needed basis, purchase the most recent configurations offered by the manufacturers, and receive the latest price reductions offered.

ACTIONS FOLLOWING APPROVAL

The City will purchase the budgeted desktop computers and servers from current competitively bid contracts as they are required. As the units arrive, they will be set up and installed for staff that was designated to receive new computers during the budget process.

CONFLICT OF INTEREST

None.

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Finance Department

DATE: July 7, 2025

SUBJECT: Finance – Receive and File – Investment Report for the Month of December 2024.

ATTACHMENTS:

1. Distribution of Investments
2. Monthly Investment Transactions
3. Certificates of Deposit
4. Municipal Securities
5. Corporate Securities
6. Graph of December 31, 2024 Treasury Rates

RECOMMENDATION

Staff recommends that the City Council receive and file the Investment Report for the Month of December 2024.

EXECUTIVE SUMMARY

Attached is the Investment Report for the month of December 2024. Shown in Attachment 1 is the distribution of investments which lists all the individual securities owned by the City with the book and market values. Book value is the actual price paid for the investment. Market value is the amount that the investment is worth if sold in the open market. The market value (which fluctuates daily) that is used in the report is as of the last working day of the month. Attachment 2 reflects the monthly investment transactions for the month of December 2024. Attachment 3 lists the certificates of deposit. Attachment 4 lists the municipal securities. Attachment 5 lists the corporate securities. Attachment 6 is a graph of Treasury rates on December 31, 2024.

The investment of the City's funds is performed in accordance with the adopted Investment Policy. Funds are invested with the following objectives in mind:

1. Assets are invested in adherence with the safeguards and diversity of a prudent investor.
2. The portfolio is invested in a manner consistent with the primary emphasis on preservation of the principal, while attaining a high rate of return consistent with this guideline. Trading of securities for the sole purpose of realizing trading profits is prohibited.

3. Sufficient liquidity is maintained to provide a source for anticipated financial obligations as they become due.
4. Investments may be made, consistent with the Investment Policy Guidelines, in fixed income securities maturing in three years or less and can be extended to five years with the City Manager's approval.

The Finance Department invests the City's assets with an expectation of achieving a total rate of return at a level that exceeds the annualized rate of return on short-term government guaranteed or insured obligations (90-day Treasury bills) and to assure that the principal is preserved with minimal risk of depreciation or loss. In periods of rising interest rates, the City of Clovis portfolio return may be less than that of the annualized 90-day Treasury bill. In periods of decreasing interest rates, the City of Clovis portfolio return may be greater than the annualized 90-day Treasury bill. The current 90-day Treasury bill rate (annualized) is 5.14%. The rate of return for the City of Clovis portfolio is 3.65%. The goal for the City of Clovis investment return is 120% of the 90-day Treasury bill rate. The current rate of return is 71% of the Treasury bill rate.

The Finance Department began investing in corporate securities in February 2024 to provide additional diversification and yield to the portfolio. To date, 22 corporate securities have been purchased at a net book value of \$42,697,671 as of December 31, 2024. Their average yield is 4.40%, which is roughly 2 basis points higher than current yields on 5-year Treasury bonds.

In accordance with the Investment Policy, the investment period on each investment is up to three years and can be extended to five years with the City Manager's approval. As of December 2024, the average investment life of the City's investment portfolio is 1.85 years.

Current Investment Environment and Philosophy

During the month of December 2024, the federal funds rate target range was 4.25%-4.50%. On December 31, 2024, the Treasury yield curve increased from 3-month to 10-year notes.

Certificates of Deposit (CD's)

The City purchases both negotiable and non-negotiable Certificates of Deposit (CD's). Although negotiable CD's can be traded, it is the City's policy to buy and hold all CD's. Negotiable CDs are held by U.S. Bank, a third-party custodian. Non-negotiable CDs are held in the City's safe.

Purchases and Maturities

- 0 government securities were purchased.
- 1 government securities matured.
- 1 certificates of deposit totaling \$250,000 was purchased.
- 1 certificates of deposit totaling \$250,000 matured.
- 0 municipal securities were purchased.
- 0 municipal securities were called or matured.
- 1 corporate security was purchased.

- 0 corporate securities were called or matured.

Market Environment

- During December, the federal funds target rate range was at 4.25%-4.50%.
- On December 31, the yield curve increased from 3-month to 10-year notes. See Attachment 6, Graph of Treasury Rates on December 31, 2024.

BACKGROUND

State law (Government Code Section 53646(b)) requires that the City Treasurer provide quarterly reports on their investment activities to their governing body.

FISCAL IMPACT

None.

REASON FOR RECOMMENDATION

The Finance report is for information only and no action is required.

ACTIONS FOLLOWING APPROVAL

Staff will file the report.

CONFLICT OF INTEREST

None.

10 Yr Treasury note	4.58

As indicated in the above graph, treasuries increased from 3-month to 10-year notes.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Finance Department

DATE: July 7, 2025

SUBJECT: Finance – Receive and File – Treasurer’s Report for the Month of December 2024.

ATTACHMENTS:

1. Summary of Cash Balances
2. Summary of Investment Activity
3. Investments with Original Maturities Exceeding One Year

RECOMMENDATION

Staff recommends that The City Council receive and file the Treasurer’s Report for the Month of December 2024.

EXECUTIVE SUMMARY

Attached for the Council’s information is the Treasurer’s Report for the month ended December 31, 2024.

Pursuant to Section 41004 of the Government Code of the State of California, the City Treasurer is required to submit a monthly report of all receipts, disbursements, and fund balances. Attachment 1 provides a summary of the beginning balance, total receipts, total disbursements, ending balance for all funds, and a listing, by fund, of all month end fund balances. Attachment 2 summarizes the investment activity for the month and distribution, by type of investment, held by the City. Attachment 3 lists all investments with original maturities exceeding one year as of the month ended December 31, 2024.

BACKGROUND

State law (Government Code Section 41004) requires that the City Treasurer shall submit to the City Clerk each month a written report and accounting of all receipts, disbursements, and fund balances.

FISCAL IMPACT

None.

REASON FOR RECOMMENDATION

The Finance report is for information only and no action is required.

ACTIONS FOLLOWING APPROVAL

Staff will file the report.

CONFLICT OF INTEREST

None.

Prepared by: Angela Papazian, Deputy Finance Director

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Finance Department

DATE: July 7, 2025

SUBJECT: Finance – Receive and File – Investment Report for the Month of January 2025.

ATTACHMENTS:

1. Distribution of Investments
2. Monthly Investment Transactions
3. Certificates of Deposit
4. Municipal Securities
5. Corporate Securities
6. Graph of January 31, 2025, Treasury Rates

RECOMMENDATION

Staff recommends that The City Council receive and file the Investment Report for the Month of January 2025.

EXECUTIVE SUMMARY

Attached is the Investment Report for the month of January 2025. Shown in Attachment 1 is the distribution of investments which lists all the individual securities owned by the City with the book and market values. Book value is the actual price paid for the investment. Market value is the amount that the investment is worth if sold in the open market. The market value (which fluctuates daily) that is used in the report is as of the last working day of the month. Attachment 2 reflects the monthly investment transactions for the month of January 2025. Attachment 3 lists the certificates of deposit. Attachment 4 lists the municipal securities. Attachment 5 lists the corporate securities. Attachment 6 is a graph of Treasury rates on January 31, 2025.

The investment of the City's funds is performed in accordance with the adopted Investment Policy. Funds are invested with the following objectives in mind:

1. Assets are invested in adherence with the safeguards and diversity of a prudent investor.
2. The portfolio is invested in a manner consistent with the primary emphasis on preservation of the principal, while attaining a high rate of return consistent with this guideline. Trading of securities for the sole purpose of realizing trading profits is prohibited.

3. Sufficient liquidity is maintained to provide a source for anticipated financial obligations as they become due.
4. Investments may be made, consistent with the Investment Policy Guidelines, in fixed income securities maturing in three years or less and can be extended to five years with the City Manager's approval.

The Finance Department invests the City's assets with an expectation of achieving a total rate of return at a level that exceeds the annualized rate of return on short-term government guaranteed or insured obligations (90-day Treasury bills) and to assure that the principal is preserved with minimal risk of depreciation or loss. In periods of rising interest rates, the City of Clovis portfolio return may be less than that of the annualized 90-day Treasury bill. In periods of decreasing interest rates, the City of Clovis portfolio return may be greater than the annualized 90-day Treasury bill. The current 90-day Treasury bill rate (annualized) is 5.06%. The rate of return for the City of Clovis portfolio is 3.68%. The goal for the City of Clovis investment return is 120% of the 90-day Treasury bill rate. The current rate of return is 73% of the Treasury bill rate.

The Finance Department began investing in corporate securities in February 2024 to provide additional diversification and yield to the portfolio. To date, 22 corporate securities have been purchased at a net book value of \$42,703,580 as of January 31, 2025. Their average yield is 4.40%, which is roughly 4 basis points higher than current yields on 5-year Treasury bonds.

In accordance with the Investment Policy, the investment period on each investment is up to three years and can be extended to five years with the City Manager's approval. As of January 2025, the average investment life of the City's investment portfolio is 1.74 years.

Current Investment Environment and Philosophy

During the month of January 2025, the federal funds rate target range was 4.25%-4.50%. On January 31, 2025, the Treasury yield curve increased from 3-month to 10-year notes.

Certificates of Deposit (CD's)

The City purchases both negotiable and non-negotiable Certificates of Deposit (CD's). Although negotiable CD's can be traded, it is the City's policy to buy and hold all CD's. Negotiable CDs are held by U.S. Bank, a third-party custodian. Non-negotiable CDs are held in the City's safe.

Purchases and Maturities

- 0 government securities were purchased.
- 0 government securities matured.
- 1 certificates of deposit totaling \$250,000 was purchased.
- 1 certificates of deposit totaling \$250,000 matured.
- 0 municipal securities were purchased.
- 0 municipal securities were called or matured.
- 0 corporate security were purchased.
- 0 corporate securities were called or matured.

Market Environment

- During January, the federal funds target rate range was at 4.25%-4.50%.
- On January 31, the yield curve increased from 3-month to 10-year notes. See Attachment 6, Graph of Treasury Rates on January 31, 2025.

BACKGROUND

State law (Government Code Section 53646(b)) requires that the City Treasurer provide quarterly reports on their investment activities to their governing body.

FISCAL IMPACT

None.

REASON FOR RECOMMENDATION

The Finance report is for information only and no action is required.

ACTIONS FOLLOWING APPROVAL

Staff will file the report.

CONFLICT OF INTEREST

None.

As indicated in the above graph, treasuries increased from 3-month to 10-year notes.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Finance Department

DATE: July 7, 2025

SUBJECT: Finance – Receive and File – Treasurer’s Report for the Month of January 2025.

ATTACHMENTS:

1. Summary of Cash Balances
2. Summary of Investment Activity
3. Investments with Original Maturities Exceeding One Year

RECOMMENDATION

Staff recommends that The City Council receive and file the Treasurer’s Report for the Month of January 2025.

EXECUTIVE SUMMARY

Attached for the Council’s information is the Treasurer’s Report for the month ended January 31, 2025.

Pursuant to Section 41004 of the Government Code of the State of California, the City Treasurer is required to submit a monthly report of all receipts, disbursements, and fund balances. Attachment 1 provides a summary of the beginning balance, total receipts, total disbursements, ending balance for all funds, and a listing, by fund, of all month end fund balances. Attachment 2 summarizes the investment activity for the month and distribution, by type of investment, held by the City. Attachment 3 lists all investments with original maturities exceeding one year as of the month ended January 31, 2025.

BACKGROUND

State law (Government Code Section 41004) requires that the City Treasurer shall submit to the City Clerk each month a written report and accounting of all receipts, disbursements, and fund balances.

FISCAL IMPACT

None.

REASON FOR RECOMMENDATION

The Finance report is for information only and no action is required.

ACTIONS FOLLOWING APPROVAL

Staff will file the report.

CONFLICT OF INTEREST

None.

Prepared by: Angela Papazian, Deputy Finance Director

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: General Services Department

DATE: July 7, 2025

SUBJECT: General Services – Approval – Res. 25-____, Approval of a Memorandum of Understanding between the City of Clovis and the Clovis Public Safety Employees Association.

ATTACHMENTS: 1. Res. 25-____, and MOU
2. Salary Matrix

RECOMMENDATION

For the City Council to approve a resolution authorizing a successor Memorandum of Understanding (MOU) between the City of Clovis and the Clovis Public Safety Employees Association (CPSEA) for the term of July 1, 2025, through June 30, 2028.

EXECUTIVE SUMMARY

City negotiators have recently concluded the meet and confer process with representatives of the CPSEA bargaining unit for a successor MOU. Council authorization is required to implement the proposed amendments to the CPSEA MOU.

BACKGROUND

The 2022-2025 MOU between the City and CPSEA expires June 30, 2025. The City's negotiating team and CPSEA representatives have recently concluded negotiations for a successor MOU. A summary of the changes in the proposed MOU is below.

- Salary increases as follows:
 - FY 2025-2026: 3.0% wage increase
 - FY 2026-2027: 2.0% wage increase
 - FY 2027-2028: 2.0% wage increase
- In addition to the wage increase above, the following positions will receive market based increases as follows:
 - Property and Evidence Technician: 2.18%
 - Police Service Officer and Public Safety Dispatcher: 7.0%
 - Crime Specialist: 3.09%
 - Lead Public Safety Dispatcher: 0.64%
 - Senior Police Records Specialist: 7.0%

- Real-time Analyst: 7.0%
- Increased bilingual pay stipend from \$100/month to \$150/month.
- Add \$150/month specialty pay for CSO/PSO assigned to Investigations.
- Add FTO Program with a 7.5% increase to base pay when assigned as a FTO.
- Add 2.0% Education Incentive for members with bachelor's degree.

The CPSEA membership ratified the terms of the proposed MOU on or about June 16, 2025.

FISCAL IMPACT

The proposed amendments to the CPSEA MOU will result in an increase in costs for salary and incentives of approximately \$1,900,000 will be budgeted during the term of the agreement.

REASON FOR RECOMMENDATION

The proposed 2025 – 2028 MOU between the City and CPSEA maintains reasonable wages and working conditions related to the labor market for employees in the CPSEA bargaining unit. Prior to its implementation, the proposed MOU must be approved by City Council resolution. The proposed amendments are within the financial parameters authorized by the City Council and will preserve the City's ability to attract and retain qualified personnel.

ACTIONS FOLLOWING APPROVAL

City staff and CPSEA representatives will sign the proposed 2025-2028 MOU. Staff will implement the modifications within the new MOU.

CONFLICT OF INTEREST

None.

Introduction

The representatives of the City of Clovis (City), and the representatives of the Clovis Public Safety Employees Association (CPSEA), having met and conferred in good faith, have mutually agreed to recommend to the City Council of the City of Clovis and to the general membership of the bargaining unit that the following Memorandum of Understanding (MOU) be adopted and that the wages, hours, and other terms and conditions of employment in this exclusive agreement be implemented.

1. Unit Description

A. Recognition of Exclusive Representative: The City agrees to acknowledge, pursuant to Sections 3500 et seq of the California Government Code, CPSEA as the exclusive recognized employee organization representing full-time non-management, clerical, technical and service, permanent and probationary employees in the listed paragraph B below, until such time as CPSEA fails to obtain a majority of the vote of the employees in that bargaining unit during a decertification election. As the exclusive recognized employee organization, CPSEA shall have the right and obligation to meet and confer and reach agreement with the City regarding the determination of wages, hours, and other terms and conditions of employment for employees represented by the CPSEA organization. Nothing in this article shall be construed as violative of any requirement or provision of the Meyers-Milias-Brown Act.

B. Description of the Bargaining Unit. The unit shall consist of all full-time permanent and probationary employees in the following classifications:

- | | |
|----------------------------------|---|
| 1. Animal Services Aide | 12. Police Services Officer |
| 2. Animal Control Officer | 13. Property and Evidence Technician |
| 3. Crime Specialist | 14. Public Safety Dispatcher |
| 4. Community Services Officer | 15. Real-Time Analyst |
| 5. Digital Forensic Analyst | 16. Senior Animal Control Officer |
| 6. Fire & Life Safety Specialist | 17. Senior Police Records Specialist |
| 7. Fire Inspector I | 18. Senior Property & Evidence Technician |
| 8. Fire Inspector II | 19. Senior Systems Video Analyst |
| 9. Lead Public Safety Dispatcher | 20. Systems Video Technician |
| 10. Police Records Specialist | |
| 11. Police Records Specialist II | |

C. New classifications approved by the City Council and determined to be appropriately placed within this unit shall automatically become part of this unit upon such determination and shall immediately be covered by the terms of this MOU. The City shall notify CPSEA in writing whenever new classifications are assigned to the CPSEA bargaining unit. Such notification shall be provided prior to Council adoption of a new classification.

2. Purpose

It is the purpose of this MOU to provide for a harmonious relationship between the City and the employees covered by this MOU, and to provide an orderly and equitable method of resolving any differences which may arise regarding wages, hours and other terms and conditions of employment. Nothing in this MOU shall preclude City from recognizing in accordance with City policy any employee whose performance is determined by City to be outstanding.

3. City Rights

Notwithstanding any of the items agreed to herein, nothing in this MOU is intended to limit the management rights of the City, including the following specific rights:

- 1) Direct the work of its employees.
- 2) Hire, promote, demote, transfer, assign and classify employees within the City, and to determine the mission of its divisions and departments, and its budget, organization, and number of employees.
- 3) Discipline employees according to applicable regulations and MOU provisions.
- 4) Take actions as may be necessary to carry out the mission of the agency in emergencies.
- 5) Determine the methods, means and personnel by which operations are to be carried on.
- 6) Determine its budget, organization, merits, necessity and level of any activity or service provided to the public.

4. Employee Rights

Employees of the City shall have the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. Employees of the City shall also have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the City.

5. Dues Deduction

Payroll deductions/dues shall be in accordance with applicable law.

6. Union Access

The City and CPSEA agree on the procedures for administering Assembly Bill 119 (AB 119) Union Access for the Associations represented employees that are newly hired and for existing employees.

Access to employee new hire orientations:

- At least ten (10) days prior to the new hire orientation the Union President will receive an e-mail notification of the orientation date and time. Only one notification will be sent out. The Union will be responsible for attending the orientation. Personnel will not follow up after the first notification.
- The amount of Union Representatives present during the orientation is limited to two representatives.
- Time allotted for union access during the orientation will be 15 minutes. The total time that the Union representative spends away from work shall not exceed 45 minutes.
- Orientations are usually on the 1st and 16th of the month. If the 1st or 16th is on a weekend or a holiday the orientation will be on the first working day after the 1st or 16th.
- The City will reserve the right to hold the orientations on different days in case of an unusual situation.
- If mutually agreed upon the ten-day notification can be reduced to allow the new hire an earlier start date.
- Orientation time may vary depending on staffing levels and number of employees attending the orientation.

Access to new hire employee personal information:

Personal information on new hires will be distributed to the Union President within 30 days after date of hire as required by the law. The Union President will pick up the personal information and sign for it. Only one e-mail notification will be sent out to the Union President. The Union President will be responsible for picking up the personal information.

Access to current employee personal information:

Both the City and the Association agree to waive the personal information requirement on current employees that is required to be distributed every 120 days by AB 119. Personal information will be distributed to the Association once a year. The personal information will be distributed to the Union President once per calendar year by the 15th of January.

The Union President will pick up the personal information and sign for it. Only one e-mail notification will be sent out to the Union President. The Union President will be responsible for picking up the personal information. The personal information distributed will be the information that is required by AB 119.

Opt-Out Provision

If the employee opts out and does not want their personal information distributed, the City will send the Association the employee's name, work phone, job title, and work location.

7. Non-Discrimination

The City and CPSEA agree not to discriminate against any employee in accordance with applicable laws.

8. Wage Scale and Retirement Contributions

A. Wage Scale - The City shall implement and maintain the wage scale for all positions represented in this bargaining unit shown in Exhibit A, attached.

B. Wage Adjustment - The City will implement the following wage increases during the term of this agreement:

1. Fiscal Year 2025 – 2026:

- All positions shall receive a 3.0% wage increase. The wage increase shall become effective on the first day of the first payroll period following CPSEA ratification and City Council approval of this MOU.

- The Property and Evidence Technician classification shall receive a 2.18% equity adjustment, for a total of 5.18% wage increase, effective on the first day of the first payroll period following CPSEA ratification and City Council approval of this MOU.
- The Police Service Officer and Public Safety Dispatcher classifications shall receive a 7.0% equity adjustment, for a total of 10.0% wage increase, effective on the first day of the first payroll period following CPSEA ratification and City Council approval of this MOU.
- The Crime Specialist classification shall receive a 3.09% equity adjustment, for a total of 6.09% wage increase, effective on the first day of the first payroll period following CPSEA ratification and City Council approval of this MOU.
- The Lead Public Safety Dispatcher shall receive a 0.64% equity adjustment, for a total of 3.64% wage increase, effective on the first day of the first payroll period following CPSEA ratification and City Council approval of the MOU.
- The Senior Police Records Specialist shall receive a 7.0% equity adjustment, for a total of 10.0% wage increase, effective on the first day

of the first payroll period following CPSEA ratification and City Council approval of this MOU.

- The Real-Time Analyst shall receive a 7.00% equity adjustment, for a total of 10.00% wage increase, effective on the first day of the first payroll period following CPSEA ratification and City Council approval of MOU.

2. Fiscal Year 2026 – 2027:

- Effective July 1, 2026, all positions shall receive a 2.0% wage increase.

3. Fiscal Year 2027 – 2028:

- Effective July 1, 2027, all positions shall receive a 2.0% wage increase.

C. Retirement

1. The City shall, during the term of this agreement, pay the rate prescribed for employer contributions into the CalPERS fund in accordance with the rules and regulations governing such employer contributions. Employees shall make contributions into the CalPERS fund as provided for in 8. C. 2 below. All references to “PEPRA” shall mean the Public Employees’ Pension Reform Act as enacted in 2013.

2. Employee CalPERS Contribution and CalPERS Cost Sharing

CalPERS Classic Employees (per 2013 PEPRA regulations)

Employee Paid Member Contribution	8.0%
Employee Cost Share of City’s CalPERS Cost	<u>8.4%</u>
TOTAL:	16.4%

CalPERS New Members (per 2013 PEPRA regulations)

Employee Paid Member Contribution	7.50%*
Employee Cost Share of City CalPERS Cost	<u>8.40%</u>
TOTAL:	15.90%

*Pursuant to PEPRA regulations, the CalPERS New Member Employee Paid Member Contribution (EPMC) is subject to change and may increase. If such changes occur, the City will notify CPSEA prior to implementation of any rate changes to New Employee EPMC.

3. The Employee Cost-Sharing amounts specified in 8. C. 2 above shall apply to employees classified as “CalPERS Classic Employees” and to employees classified as “CalPERS New Members”, as defined by 2013 PEPRA regulations.

4. For all employees classified as "CalPERS Classic Employees" (per 2013 PEPRA regulations) the City will continue to provide the benefit known as "CalPERS single Highest Year Benefit" throughout the term of this agreement.
5. For all employees classified as "CalPERS New Members" (per 2013 PEPRA regulations), the City will continue to provide the benefit known as "CalPERS 3 Year Final Compensation".

D. Credit for Unused Sick Leave

1. The City shall continue to provide the CalPERS benefit known as "CalPERS Credit for Unused Sick Leave (Govt. Code Section 20965).

E. Step Increases - The City shall maintain its current five (5) step salary plan during the term of this MOU.

F. Deferred Compensation

Unit members who have completed their initial probationary period may elect to participate in a deferred compensation program that includes a City matching contribution. However, unit employees may participate in the deferred compensation program without the City matching contribution at any time during employment. The deferred compensation program is subject to I.R.S. Section 457 program rules. Enrollment in the program shall become effective in the pay period following the submittal of an enrollment request. The provisions of the deferred compensation program are as follows:

City's Matching Contribution/Payment	Maximum City Payment
(City/Employee)	
1:1	3%

If the maximum dollars available for the contributory deferred compensation program for this unit are not utilized in any fiscal year, the remaining dollars shall be applied to health insurance rates for this unit only. The total unit wage subject to the deferred compensation matching program will be compared to the actual dollars spent by the City on the program to determine any unspent dollars available during the preceding fiscal year.

9. Health, Life, and Dental Insurance Compensation

A. The City and CPSEA agree that the City's Health Benefits Committee (HBC) shall be the exclusive representative body for the purposes of all mandatory meet and

confer issues that are related to the City's health benefit plan (medical, dental, pharmacy, vision, and life insurance coverages) inclusively.

The HBC shall be convened by the City at least once each quarter to review the City's health benefit plan. The HBC shall include a member and an alternate from each of the represented City bargaining units. The represented members shall determine their own voting and conflict resolving procedures so that they can present (whenever possible) a single proposal for all their represented employees. Sufficient management staff will represent the City on the HBC as determined by the City. The City or HBC may also request to convene at other times to meet and confer as provided for in this agreement.

If any bargaining unit represented by the HBC is not in agreement with the position of the HBC as demonstrated by a negative vote of their respective affiliation membership, such bargaining unit and their designated representative(s) will meet and confer with the City to impasse prior to the implementation of any meet and confer proposals made in accordance with this agreement. The City's health benefit plan structure shall be determined through the meet and confer process between the HBC and the City. The City's health benefit plan structure is defined as the type and level of benefits.

The benefits provided under this section shall be at the minimum type and level of benefits that is no less than the minimum benefit offered by any of the program providers as listed on the 1995 Health Program Benefits Sheet distributed on February 1, 1995, provided that the benefit is competitively available in the local market. The City will select the health benefit plan vendors and set the health benefit plan rates. The City will meet and confer with the HBC regarding the impacts of vendor selection, rates, rate structure, and other plan change impacts.

The employee contribution rate will remain at 10% of the total cost of the lowest cost plan as determined by the City for the various employee, employee/family, and other tier groups as proposed. Increases or decreases in the year-to-year premium will be shared in the same 10% employee, 90% employer ratio for the term of this MOU unless otherwise changed through the meet and confer process with the HBC.

B. Health Premium Waiver Incentive

1. Employees who waive City medical, prescription, dental and vision coverages will receive a waiver incentive of \$420.00 per month.

2. Employees who waive medical and prescription drug coverages will receive a waiver incentive based on the following employee coverage tiers:

• Employee Only	\$362.00
• Employee + Child(ren)	\$322.00
• Employee + Spouse	\$309.00
• Employee + Spouse + Child(ren)	\$265.00

Employees who choose to discontinue health coverages through the City shall continue to receive City-provided life insurance coverage and employee assistance program (E.A.P.) benefits. To be eligible for this incentive, employees must: (1) notify the City's Personnel Division of their decision to discontinue health coverage during the City's annual health insurance open enrollment period; (2) annually provide evidence of being covered on another group health plan ; and (3) verify to the City that discontinuance of health coverage does not constitute a violation of any court order or other legal obligation to which the employee may be subject. In the event that an employee who has opted-out of the City's health coverage subsequently loses their alternate medical coverage due to a life changing event as defined by the Consolidated Omnibus Budget Reconciliation Act (COBRA), the employee may re-enroll in the City's health coverage program. It shall be the responsibility of the employee to notify the City's Personnel Division of such a life changing event within 30 days of the event.

Any Changes in ACA regulations that affect cash-in-lieu benefits will require a reopener on the cash-in-lieu benefit.

C. Supplemental Life Insurance

Throughout the term of this agreement, the City shall make available to employees in this unit supplemental life insurance coverage. It is understood and agreed that the premiums for such coverage shall be paid for exclusively by the employees who elect the supplemental life insurance coverage. Payment of the premiums for this coverage shall be made through employee payroll deductions.

The City shall be responsible for selecting the life insurance provider. Prior to selecting a provider, the City shall consult with CPSEA representatives.

D. State Disability Insurance

The members of CPSEA agree to pay for State Disability Insurance premiums for a minimum of two calendar years in accordance with the State Unemployment Insurance Code Rules and Regulations. It is further understood by CPSEA that the City allows State Disability as a non-vested benefit to be available to CPSEA members provided the City does not incur a contribution obligation.

10. **Holidays**

A. The holidays listed below will be recognized as eight (8) hour holidays during the existence of this MOU, except for Subdivision 10, which will be recognized as a four (4) hour holiday:

1. New Year's Day (January 1)
2. Martin Luther King Jr. Day (3rd Monday in January)

3. All President's Day (3rd Monday in February)
4. Memorial Day (last Monday in May)
5. Independence Day (July 4)
6. Labor Day (1st Monday in September)
7. Veteran's Day (November 11)
8. Thanksgiving Day (as declared in November)
9. Friday after Thanksgiving Day
10. The latter four (4) hours of the workday before Christmas Day or New Year's Day. In order to maintain operations, Department Heads shall have discretion over scheduling which day employees select, i.e., Christmas Day or New Year's Day.
11. Christmas Day (December 25)
12. One (1) floating day to be used for employee birthday or any other work day selected by mutual agreement of the employee and the employer.

B. Whenever any such above-described recognized holiday falls on a Saturday, the preceding Friday shall be considered a holiday. Whenever any such above described recognized holiday falls on a Sunday, the following Monday shall be considered a holiday.

C. Employees may request and may receive Good Friday off provided they have either adequate compensatory time off accrued, or accrued vacation time, or are granted leave without pay per the City's Personnel Rules and Regulations.

D. An employee shall be paid for each of the above holidays only when the employee is on a paid status the workday prior to and the workday immediately after the holiday. Paid status shall mean the employee is on approved vacation leave, sick leave, holiday, compensatory time off, bereavement leave, jury duty or actually at work.

E. Whenever an employee is required to work on a recognized holiday, the employee shall be paid at straight time, plus one and one-half times their rate of pay for every hour actually worked with a two (2) hour minimum.

11. Sick Leave

A. Employees will receive eight (8) hours sick or accident allowance for each full month of employment (based on date of hire) up to a total of ninety-six (96) hours allowance per calendar year. Such allowance is cumulative from year to year.

Sickness or accident benefit payments, including workers' compensation payments, for any work week shall not exceed an employee's normal straight time weekly earnings.

Sick Leave benefits are payable only for an employee's regularly scheduled work days on which the employee is unable to work as a result of the employee's illness or accident.

The employee may be required to furnish a doctor's certificate or other satisfactory proof of illness or accident when absent more than five (5) days. The City may require a doctor's note that states any restrictions upon the employee's return to work.

After an employee in this unit accumulates 192 hours of unused sick leave, the employee may receive a cash payback of a portion of the unused sick leave accumulated during the previous 12-month period. The payment shall be paid once a year, on the first paycheck after November 16, and the hours available for payback shall be based on the following schedule:

<u>Number of Sick Leave Hours Used During Preceding 12 Month Period</u>	<u>Number of Cash-out Hours Available</u>	<u>Percent of Cash-Out</u>
0	96	50%
0+ to 8	88	45%
8+ to 16	80	40%
16+ to 24	64	35%
24+ to 32	56	30%
32 + to 40	48	25%

The remaining portion of unused sick leave hours shall continue to accumulate.

B. Medical Appointments

Employees may use earned sick leave days for medical, chiropractic, dental and therapy appointments with the approval of the Department Head or the Department Head's designee. Employees may use one-half of annual accrued sick leave to care for immediate family (as defined in Section 12).

C. Employees who retire from the City on the regular CalPERS service retirement benefit may elect to receive a lump sum cash-out of up to 25% of their accrued sick leave balance as calculated at the time of retirement. This benefit is not applicable to employees who leave City service under any other conditions, including employees who retire under CalPERS disability retirements. Appropriate federal/state tax withholding will be made at the time of cash-out.

12. Family Illness Leave

A. An employee shall be entitled to twenty-four (24) work hours with pay in any one (1) calendar year for the purpose of providing personal care, attendance and compassion to a member of the employee's immediate family who is suffering from an injury or illness. An employee shall be entitled to up to forty (40) work hours with pay in any one (1) calendar year if travel is required outside of California. However, the necessity for the employee's presence may, in the discretion of the City Manager or the City Manager's authorized agent, be required to be verified by a doctor's certificate.

For the purposes of this Section, “immediate family” shall include the husband, wife, registered domestic partner as defined by the State of California, mother/step, father/step, brother/step, sister/step, child/step, grandparent, grandchildren, mother/father-in-law, brother/sister-in-law, son/daughter-in-law, or legal dependent of the employee.

B. Family Illness Leave Act - The City and CPSEA agree to comply with the legal requirements of “The Family and Medical Leave Act of 1993” (FMLA), as amended and “The California Family Rights Act of 1991” (CFRA), as amended (collectively referred to as the “ACTS”) and detailed in the City’s Administrative Memo 94-2, as amended.

C. All unit members have been properly noticed concerning their rights and the City’s policy regarding their entitlements under the ACTS by provision of a copy Administrative Memo 94-2 as amended and that all time off for reasons covered under the ACTS (including workers’ compensation absences) is designated FMLA/CFRA leave and counts towards their entitlement under both ACTS.

D. Employees who take leave under the ACTS on an Intermittent or Reduced Leave Schedule when their available paid leave balances have been exhausted will receive their negotiated benefits on a proportionate basis, based on the average number of hours they worked in a pay period compared to the number of hours not worked. For example, an employee who works 40 hours in an 80 hour pay period, will receive 50% accrual of sick leave and vacation time, and will be paid for one-half of a day for any holidays during that pay period.

13. Vacation

Employees in this unit shall earn vacation credit on the following basis:

Years of Service	Accrual
1 through end of year 7	5 hours posted on each pay period to a maximum of 280 hours
8 through end of year 14	6 hours posted on each pay period to a maximum of 328 hours
15 through end of year 19	6.667 hours posted each pay period to a maximum of 360 hours
20 Years or more	8 hours posted on each pay period to a maximum of 360 hours

The time at which the employee shall be granted a vacation is at the discretion of the Department Head. Employee seniority, as determined by an employee’s length of time as a full-time employee of the City, shall govern selection of vacation time unless the needs of the City require a deviation from this procedure.

14. Overtime

Overtime will be paid at the rate of one and one-half times the normal rate of pay for all hours actually worked in excess of the employee’s normal shift (i.e. “5-8”,

“4-10”, “3/12 + 4”, “9-80”). Overtime hours must be approved in advance by the employee’s supervisor.

15. Specialty Pay

A. Employees in this Unit shall receive a salary increase equivalent to “A” step of the position being filled or a 5% salary increase, whichever is greater, above their regular salary when they are assigned by their supervisor to perform the majority of the duties of a supervisory position for at least forty (40) consecutive working hours.

B. All members of this unit who are assigned by their supervisor to serve as trainers for two consecutive hours or more will receive seven and one-half percent (7.5%) premium pay.

C. CPSEA members who possess non-English language skills that have been identified by the Department Head as beneficial to the Department shall receive a maximum of One Hundred Fifty dollars (\$150.00) per month in addition to the employee’s base salary. The city shall determine if employees qualify for the bilingual pay and the standards of proficiency that an employee must possess in order to receive bilingual pay.

D. Employees who with the approval of their supervisor, take an animal home overnight to provide needed care will receive two (2) hours of pay for that care. An employee who actually worked their full shift on that day will receive two (2) hours of pay at their regular overtime rate. If they have worked less than their full shift on that day, they will receive pay at their straight time rate until they reach the number of hours in their full shift.

E. One CSO/PSO assigned to Investigations shall each receive \$150.00 per month while actively assigned to the above position.

F. Field Training Officers – the field training officer assignment is a year-round assignment. This assignment will generally be for two-year periods. CSOs assigned to the position of Field Training Officer (FTO) shall receive a 7.5% salary premium for the duration of the assignment. The 7.5% premium shall discontinue when the employee is no longer assigned to be an FTO.

The FTO assignment is at the discretion of the Chief of Police. The Chief of Police or authorized designee has the ability to discontinue the assignment of an FTO for any cause. Any appeal will go directly to the Chief of Police who will make the final decision regarding any appeal. The Chief of Police or authorized designee shall determine how many and which CSOs will be selected to be an FTO. The Police Chief or authorized designee shall also determine the scheduling of FTO shifts.

G. Social Media Coordinator – As the City’s social media presence increases, so does the City’s need to ensure the proper coordination of City social media posts. In recognition of the effort it takes to coordinate these posts, employees assigned by

their supervisor as a Social Media Coordinator shall receive \$150 per month stipend. Any after-hours social media posts must be preauthorized by the employee's supervisor and done in order to provide essential or emergency public information. Essential or emergency public information in this context shall mean a serious, unexpected, or dangerous situation requiring immediate action. Such after hour work must be pre-approved and shall be otherwise compensated as appropriate under the law.

16. Compensatory Time-Off

A. The City may allow compensatory time off (CTO) in lieu of overtime. The City shall have the choice in the manner of compensation, i.e., cash or CTO. The number of CTO hours an employee may accumulate shall be at the discretion of the employee's Department Head, to a maximum of 240 hours.

B. Employees shall be allowed to cash-out up to 40 hours of their accumulated CTO during the first paycheck following November 16; and, up to 40 additional hours of accumulated CTO during the first paycheck following May 16. Employees wishing to cash-out CTO must notify the Finance Department in writing by November 15th and/or May 15th of their desire to cash-out CTO and how many hours they wish to cash-out.

17. Bereavement Leave

An employee shall be entitled to forty (40) excused hours with pay on an annual basis to attend the funeral of any member of the employee's immediate family. For the purpose of this Section, the term "immediate family" shall include the husband, wife, registered domestic partner as defined by the State of California, father/step, mother/step, brother/step, sister/step, child/step, mother-in-law, father-in-law grandparents, grandchildren, brother/sister-in-law, son/daughter-in-law, or legal dependents of such employee. The City will take all reasonable steps to accommodate an employee's work schedule so the employee may attend the funeral of an immediate family member.

Employees who have worked for the City at least 30 days will have five (5) days unpaid bereavement leave based on their regular schedule. The five unpaid days do not need to be consecutive, but they must be taken within three months of the death of a covered family member. Documentation verifying the family member's death may be required. For the purposes of this section, family member shall include spouse, child, parent, sibling, grandparent, grandchild, domestic partner, and parent-in-law.

Employee who have worked for the City for at least 30 days have up to five (5) days of unpaid bereavement leave following a reproductive loss event including a failed adoption, failed surrogacy, miscarriage, stillbirth, or unsuccessful assisted

reproduction. The reproductive loss event applies to any person who would have been a parent as a result of the unsuccessful adoption, surrogacy, assisted production, or pregnancy. The leave days do not have to be taken consecutively but must be completed within three months of the reproductive loss event.

18. Leave of Absence Without Pay

A. The City Manager may grant a permanent or probationary employee a leave of absence without pay or accrual of seniority for not to exceed three (3) months. Leaves of absence without pay may be extended at three (3) month intervals (up to a maximum of nine (9) months) upon the mutual agreement of the City and the employee involved. No such leave shall be granted except upon written request of the employee setting forth the reason for the request, and the approval will be in writing. Upon expiration of the regularly approved leave, or within a reasonable period of time after notice to return to duty, the employee may be reinstated in the position held at the time leave was granted. Failure on the part of the employee on leave to report promptly at its expiration, or within a reasonable time after notice to return to duty shall be cause for discharge, in the discretion of the City Manager.

B. The Department Head may grant a permanent or probationary employee a leave of absence without pay for a period not to exceed one (1) calendar week. Such leave shall be reported to the City Manager or the City Manager's authorized representative.

19. Minimum Callback Pay

An employee in this unit who is called back to work outside of the employee's regularly scheduled shift shall be paid a minimum of four (4) hours at their overtime rate when called back to work outside of their regularly scheduled shift hours. The employee shall have the option of choosing overtime pay or CTO as compensation for callback duty.

20. Standby Time

Animal Services Employees who are assigned by their supervisor to be on Standby Time for Emergency Animal Responses that could require euthanasia, shall receive a premium of one (1) hour at their regular overtime rate for each day they are assigned to Standby Time. Compensation for Emergency Animal Responses will be paid according to minimum call back pay in Article 19. An emergency Animal Response is defined as a call for service of an employee assigned to Standby Time involving a severely injured animal which may need to be euthanized. An employee assigned to Standby Time shall be available by telephone and be able to report to the worksite/incident scene within 30 minutes of notification.

21. Firearm Pay

Community Service Officers (CSO) or Police Service Officers (PSO) assigned to work in the jail or perform transport of those arrested are required to carry a firearm in the course of their duties. Those so assigned are authorized Firearm Pay of \$200 per month (\$100 per pay period). To qualify for this pay, the CSO or PSO must be assigned to work as a jailer or in the transport of arrestees, must have completed the PC832 Arrest and Firearms Course, and must maintain current Department firearm qualification.

22. Mileage

The City shall pay the current City standard mileage reimbursement rate, as determined by the Internal Revenue Services, for use of an employee's vehicle for authorized City business. Such use shall be in conformance with City practices and policies.

23. Jury Duty

The provisions of the City's Personnel Rules and Regulations, which pertain to Jury Duty, shall be applicable to employees covered by this MOU. While serving on jury duty, employees will continue to be paid by the City on the basis of a forty (40) hour work week, at their normal rate of pay, on condition that any compensation (in excess of mileage expenses) received by the employee from the court be turned over to the City.

24. Grievance Procedure

The City and CPSEA agree that all parties shall utilize the existing appeals mechanism provided for within the City's Personnel Rules and Regulations for all cases regarding discharge or suspension, unless and until appropriately modified at the initiation of the City.

Policy Statement

CPSEA employees herein are encouraged to solve difficulties and problems within their department. In the event that a difficulty or grievance cannot be settled within the department, the employee is encouraged to bring the matter to the attention of the Personnel Officer.

Purpose

The purpose of this grievance procedure is to secure, at the lowest possible administrative or supervisory level, proper and equitable solutions to grievances, and to guarantee orderly succession of procedures within which solutions may be pursued. It shall be incumbent upon all City employees to follow these procedures to settle their grievances.

Definition of Terms: As used in this Section, the following words shall have the designated meanings:

1. **Grievance:** A grievance is a good faith complaint of one or a group of employees or a dispute involving the interpretation, application, or enforcement of the express terms of this MOU and all other terms and working conditions of employment.

2. **Conferee:** A conferee is an individual who, at the request of the employee, is invited to participate in a grievance conference.

3. **Aggrieved Party:** Aggrieved party is the employee or group of employees or City making the claim.

4. **Days:** The term "days" shall, except when otherwise indicated, mean calendar days when the City offices are open.

Implementation Procedures: Any grievance of a disciplinary matter may be brought before the Personnel Commission according to the manner and procedures specified in the City's Personnel Rules and Regulations, shall proceed according to the below-described manner and procedure:

a. Level One - Oral Discussion With Immediate Supervisor: An aggrieved party shall orally present his grievance to his immediate supervisor within fifteen (15) days of the occurrence of the event being grieved, or within fifteen (15) days after the employee becomes aware of the event being grieved. The aggrieved party and the immediate supervisor should make every effort to resolve the difficulty in this manner.

b. Level Two - Personal Conference Upon Written Claim With Immediate Supervisor: an aggrieved party may then submit his claim in writing to his supervisor. The written claim must be submitted to the immediate supervisor no more than fifteen (15) days past the date of the Level One discussion. This fifteen (15) day time period does not begin to run against an employee who is off duty on an approved absence, until that employee returns to duty. The parties should make every effort to resolve the difficulty in this manner. The conciliatory efforts of conferees may be utilized at this stage as a substitute for or in conjunction with the aggrieved party. The aggrieved party's written claim should state his position clearly, and the background and reasons and the following items must be included:

- (1) A statement of the steps initiated by the aggrieved party to resolve the problem by informal means.
- (2) A description of the general and specific grounds for the grievance.

- (3) A listing of the specific actions and events alleged to be in violation (including witnesses).
- (4) A statement of the reasons why the specific actions identified above are in violation of this Section.
- (5) A listing of the specific actions which the aggrieved employee believes would best remedy his grievance.

Upon receiving the written claim, the immediate supervisor shall schedule a personal conference with the aggrieved party to resolve the grievance. If the aggrieved party is not satisfied with the results of this personal conference with his immediate supervisor, which must be announced within fifteen (15) days, he must then file a written complaint with his department head within fifteen (15) days of receiving the notice from his immediate supervisor.

c. Level Three - Personal Conference With Department Head: An aggrieved party may appeal the Level Two decision to his Department Head by filing a written complaint. Said complaint shall contain the same information as described above for the Level Two claim. It shall not be necessary to rewrite the above information. The City shall provide a form which may be used at Levels Two through Four. Upon receipt of the complaint, the Department Head shall schedule a personal conference with the aggrieved. At this conference, the attending aggrieved party and department head should make every effort to resolve the matter. If the aggrieved party is not satisfied with the results of this personal conference with this Department Head, which results must be announced within fifteen (15) days of the conference, he must then file a written appeal as provided for in Level Four.

d. Level Four – Assistant City Manager/Board of Review: The aggrieved party may appeal the decision within ten (10) days after the decision has been provided at Level Three by filing a request for a hearing. Requests for hearing and final decision before the Assistant City Manager or the Board of Review shall be made with the Personnel/Risk Manager as hereinafter described.

- (1) The request shall be in writing and shall include the same information as described in the previous claim in Level Two. This shall be in the form of a separate written request, and said request shall be accompanied by a copy of the written claim file at Level Two and Level Three.
- (2) Upon receipt of the request, the Personnel/Risk Manager shall direct the Board of Review or Assistant City Manager to conduct an investigation and review.
- (3) The Board of Review or Assistant City Manager shall have available all documents relating to the complaint and any City records that would be helpful in resolving the problem.

- (4) After studying the documentary evidence, the Board of Review or the Assistant City Manager shall conduct such hearings as it deemed necessary. At least two (2) days' notice of any scheduled hearing should be given.
- (5) Within a reasonable time after the conclusion of the hearing, the Board of Review or the Assistant City Manager shall submit the written findings of fact and written decision to both the City and the aggrieved party.
- (6) The Board of review shall be made up of three members, one selected by the Grievant, one selected by the City and third selected by the first two from among those individuals currently serving on the City's Personnel Commission.

Level Five - City Manager's Decision: After receipt of the advisory findings of fact and advisory decision from the Level Four Board of Review, the City Manager shall investigate and confer with the parties involved. The aggrieved party, at his discretion, may bring in his conferee. The City Manager shall thereafter communicate a final and conclusive decision in writing together with supporting reasons, to the Grievant, within twenty (20) days of concluding the investigation of the matter.

General Provisions: To facilitate this procedure, the following provisions shall apply:

- (1) Any party to a grievance may, at any point in the process outlined, have a conferee.
- (2) Any employee may serve as a conferee without fear of prejudice or reprisal of any kind being taken against such employee.
- (3) Grievance adjustment should be more concerned with "what is right" and less concerned with "who is right". Effective adjustment of grievances requires that all parties involved conduct themselves with decorum and restraint, and that commonly accepted principles of ethical conduct be observed at all times.
- (4) All proceedings, at any level, shall be kept private and confidential, and any disposition of the case will not be made public without the prior joint and mutual agreement of the aggrieved party and the City Manager. An aggrieved party who makes any proceeding or disposition public without said prior joint and mutual agreement shall be held to have thereby waived his grievance. This shall not apply when the aggrieved party requests an opportunity to address the Council. Decisions that have City-wide implications shall be communicated to all certified personnel in an objective and impersonal manner.
- (5) The City shall keep a written record of all proceedings beginning with Level One. The parties involved shall initial and date the records at each Level, indicating their knowledge of the contents, before the grievance shall

proceed to the next Level. Such signing shall not necessary indicate agreement to the factual content.

- (6) Any costs of operating the grievance procedure shall be borne jointly by the City and the Grievant.
- (7) By mutual written agreement, the time limit at any Level may be extended.
- (8) The conferee shall conduct all applicable duties, whenever possible, during “non-working” hours. The conferee shall only be allowed to conduct said duties during working hours if (1) there is no interference with any other employee’s job performance and (2) the conferee received no overtime compensation by the City for time so spent.

25. Lay-Off

A. The provisions of this article shall apply when the City institutes lay-off of bargaining unit employees pursuant to the City’s Personnel Rules and Regulations.

B. Statement of Intent: In the event the City should anticipate a lay-off of employees covered by this MOU, the City will notify CPSEA of its intention to make lay-offs. Within ten (10) days of this notice, either party may agree to reopen this MOU to meet and confer on the topic of cost savings in an effort to avoid a lay-off. Nothing in this section relinquishes the City’s right to lay-off employees in the unit if the MOU is reopened and the parties fail to reach a mutually acceptable agreement to avoid a lay-off.

C. Notification: Employees to be laid-off shall be given at least thirty (30) calendar days’ prior notice. Prior to lay-off, the City shall issue a statement to the affected employee concerning the performance of the employee. If the performance of the affected employee has been certified as “satisfactory” or better, based on the employee’s last two performance evaluations, the name of the laid-off employee shall be placed on the appropriate reemployment list. If the performance of the laid-off employee is certified as not being “satisfactory” or better, the affected employee’s name shall not be placed on a reemployment list.

D. Order of Layoff: Employees shall be laid-off in the inverse order of their seniority with the City, within the classifications subject to lay-off(s). The City Manager shall determine in which classifications the lay-off(s) shall occur, based on the needs of the City. Seniority shall be determined based upon date of hire to a permanent, full-time position with the City. Within each classification, employees shall be laid-off in the following order:

- (1) Temporary Employees
- (2) Contractual Employees
- (3) Permanent Part-Time Employees
- (4) Probationary Employees

(5) Permanent Employees

E. In cases where there are two or more employees in the classification from which the lay-off is to be made who have the same seniority date, such employees shall be laid-off on the basis of the last evaluation rating in the classification, provided that such rating has been on file at least thirty (30) days and no more than twenty-four (24) months prior to lay-off. In such cases, the employee(s) with the lower evaluation rating will be laid-off first.

F. Bumping: An employee designated to be laid-off may bump into the next lower classification within their classification series, provided that they have seniority over the person being bumped. An employee who is bumped shall be laid-off in the same manner as an employee whose position is abolished.

G. Reemployment List: Employees who are laid-off and who have been certified by the City as providing "satisfactory" performance or better, shall have their names placed on a reemployment list. Vacant positions in the bargaining unit shall be offered to qualified employees on the reemployment list by order of seniority, with the most senior-qualified employee recalled first. Seniority shall be determined by the length of time an employee worked for the City in a permanent, full-time position.

Names shall be maintained on the reemployment list for a period of two (2) years. Persons who decline a reemployment offer to any permanent position for which they are qualified shall be stricken from the reemployment list.

A laid-off employee who is reemployed to a position in which the employee had regular status shall not be required to serve a new probationary period but shall be required to meet minimum standards for the position. A laid-off employee who is reemployed to a position in which the employee did not have regular status shall be required to serve a new probationary period and meet the minimum standards of the position. Employees who do not pass the requisite probation in another class will be returned to the reemployment list for the class from which they were laid-off. They will be returned to the same position on the reemployment list they occupied at the time of lay-off.

Employees who are reemployed shall have their sick leave balances restored to the amount prior to lay-off, accrue vacation leave at the same rate as prior to lay-off, and be placed at the same salary step if reemployed to the same classification from which the employee was laid-off. Upon recall, the City will allow the recalled employee a reasonable period of time in which to reinstate certifications that may have lapsed during the employee's lay-off period.

Non-Discrimination: The City agrees that lay-offs shall be accomplished without regard to an otherwise-qualified employee's race, color, national origin, religion, sex, or physical disability or any other protected class as defined by law.

26. Physical or Mental Examinations

A. In the event the Department Head has reason to believe that an employee is not physically or mentally capable of performing the full duties of the employee's position, or that the employee's condition represents a danger to self, other employees or the public, the Department Head may immediately place that employee on sick leave, or other accrued leave, or personal leave without pay if accrued leave is exhausted, or if already on sick leave, require the employee to remain off work until cleared for full duty by the City physician or another physician designated by the City.

B. If the employee so requests, the Department Head shall, prior to implementing a decision, present the reasons for taking such action to the employee and, if the employee desires, a representative of the employee's choice.

27. Uniform Allowance

The Animal Control Officer, Community Service Officer, Fire Life Safety Specialist, Fire Inspector I, and Fire Inspector II classes shall receive \$750.000 per year for an annual uniform allowance and \$150.000 for boots or shoes, to be paid by the City on the paycheck following November 16. Although the uniform and boot allowance is paid on the first paycheck following November 16, the allocation is for entire fiscal year from July 1st through June 30th. For new hires or those ending employment, the allowance will be prorated at an amount of \$37.50 per pay period in accordance with the starting or ending date of employment within the fiscal year July 1st through June 30th.

On a case-by-case basis, the City may approve new employees for an interest free, 6-month loan for the difference between the allocated prorated amount and the full amount of the annual uniform and boot allowance for the purposes of purchasing uniforms and boots. Loans are one-time only and must be requested within the first six months of appointment to a position listed above. Repayment of the loan shall be accomplished through automatic payroll deduction beginning the pay period immediately following receipt of the loan funds and continuing with each successive pay period until repaid in full. Should an employee leave employment before the loan is paid back in full, the entire remaining loan amount due and owing will be deducted from the employee's final paycheck. Those individuals approved to receive the 6-month loan shall execute a loan document that expressly provides for the repayment through automatic payroll deductions as set forth above. Proof of purchase (copies of receipts and/or invoices) shall be submitted to the City in order for CPSEA members to qualify and participate in this program.

The City shall provide uniforms for all other positions that are required to wear uniforms.

28. Military Leave

A. Military leave shall be granted in accordance with the provisions of federal and state law. All employees entitled to military leave shall give the City Manager and/or the City Manager's authorized agent an opportunity, within the limits of military regulations, to determine when such leave shall be taken.

B. Employees shall be paid their regular salary for the first 30 days of active duty within a fiscal year. Starting on the 31st day of active duty, employees will receive the difference between their military base pay and their City of Clovis pay. Military orders and wage statements will be required. See the Leave Guide for more details.

29. Professional Development

The City shall reimburse employees in CPSEA for the cost of tuition, required fees (such as a health fee), required textbooks or e-books, for job-related courses leading to a college degree. To be eligible for reimbursement, the course must be related to job duties or related to a position to which an employee might reasonably aspire.

The maximum reimbursement rate will be calculated September 1 of each year as the total of eight (8) semesters full-time undergraduate tuition, including required fees, at California State University Fresno. A total of \$2,000 for required textbooks or e-books will be added to the tuition fees noted above for a grand total maximum reimbursement. Expenses for courses which began prior to July 1, 2019, will not be included in the maximum lifetime allocation.

Reimbursement under this Section shall be made under the following conditions:

- A. Employees must have completed their initial probationary period with the City.
- B. By February 28 of each year, employees must submit a written request to participate in the Educational Incentive Program including an estimate of costs to be incurred during the following fiscal year.
- C. Course work must be for an accredited college or university degree program and have the prior approval of the Department Head. Accreditation shall be through the U.S. Department of Education unless otherwise approved by the Department Head.
- D. An employee will be eligible for reimbursement of approved expenses for either an Associates, Bachelor's or Master's degree. Fees for any combination of these degrees may be reimbursed as long as they do not exceed the employee's maximum allocation for the Educational Incentive Program.
- E. Course work must be work-related and determined by the Department Head to be of benefit to the City. Required course work as part of an approved undergraduate or master's degree program is eligible for reimbursement.
- F. Reimbursement of approved course work and related expenses shall be contingent upon the attainment of a letter grade of "C" or better, or "Pass" in a course with Pass/Fail grading. Reimbursement shall be made after the employee submits expense receipts and proof of letter grade.

- G. Fees not required for enrollment such as parking, graduation related expenses, or travel will not be reimbursed.
- H. All courses for which reimbursement is sought shall be taken while off duty and not in paid status.
- I. The incentive below is provided to employees who achieve educational milestones that enhance their ability to perform their job duties. Employees are required to provide proof of completion of the degree from an accredited college or university.
 - Employees who earn a bachelor's degree will receive 2.0% of their base salary every pay period.

30. Time Bank

A. Employees may donate two (2) hours of vacation time each year to the CPSEA Administrative Board Time Bank. The hours donated to the Time Bank shall be donated on January 1 of each year. These hours may be utilized by CPSEA elected officers to attend to CPSEA business and educational activities. The City Finance Department will maintain records of all hours donated annually to the Time Bank. Upon request, the City Finance Department will provide CPSEA with quarterly information regarding the available balance in the Time Bank and hours utilized.

B. The CPSEA President shall authorize the use of Time Bank hours for the elected officers of CPSEA. Hours utilized under this section shall be in minimum amounts of four (4) hour increments. For scheduled trainings, schools, etc., the CPSEA President shall provide the City Manager or designee with a minimum of fourteen (14) days notice prior to requesting the use of Time Bank hours. The use of Time Bank hours that impacts assigned schedules shall be subject to the approval of the affected Department Head(s).

C. CPSEA agrees to indemnify and hold harmless the City, its officers, agents and employees from any claims or liability arising from the use of the Time Bank, including any legal or other actions taken to protest the application of this provision. It is agreed that CPSEA personnel utilizing Time Bank hours shall be representing CPSEA and not the City during the time that Time Bank hours are being utilized. It is further understood that the use of Time Bank hours shall not constitute "time worked" for the purposes of computing overtime or any other payroll or employee benefit, including workers' compensation benefits.

31. Workweek

A. The workweek for all unit members shall be 168 consecutive regularly recurring hours.

B. For employees assigned to a “5 / 8” or “4 / 10” or “3 / 12.5” work schedule, the workweek shall begin at 0700 hours on Sunday and end at 0700 hours on the following Sunday.

C. For employees assigned to a “9 / 80” or “3 / 12” work schedule, each employee’s designated FLSA workweek (i.e., 168 regularly recurring hours) shall begin exactly four (4) hours after the start time of the employee’s eight (8) hour shift on the weekday that corresponds with the employee’s regular alternating day off.

32. Flexible Work Schedules

The City will analyze and respond within thirty (30) days to written proposals from CPSEA regarding alternative employee work schedules. Such proposals shall be designed with the primary concerns of saving operating costs and enhancing City service levels.

33. Maintenance of Operation

CPSEA agrees that for the term of this MOU neither CPSEA nor any person acting in its behalf will cause, authorize, engage in, sanction, nor will any of the members of the bargaining unit take part in a strike against the City, a work stoppage, slow-down, picketing or the concerted failure to report for duty, or unauthorized absence or abstinence from the full and faithful performance of their duties of employment, including the compliance with the request of other labor organizations or bargaining units to engage in such activities.

34. Past Practices

Nothing contained in this MOU shall be interpreted as to imply or permit the invocation of past practice, or tradition, or accumulation vesting of any employee rights or privileges other than those expressly stated herein.

35. Tattoos, Body Piercing, Ornamental Dental Art and Body Art

A. Tattoos, Ultra - Violet (UV) Tattoos, Brandings, Ornamental Dental Art And Body Art: Police Department personnel shall not, while on duty, display any tattoos, UV tattoos (tattoos visible under UV lighting), brandings, ornamental dental art or other body art. Visible tattoos, brandings and other body art shall be covered when wearing a uniform. Tattoos on the head, hands, neck and face or ornamental dental art are expressly prohibited.

B. Body Piercing: Except for earrings worn by female employees, no body piercings with ornamentation shall be visible, to include the face, nose and tongue, while any member is on duty or representing the Department in any official capacity.

C. Employees hired prior to the effective date of this Article with tattoos, branding and / or body art visible while in uniform will be allowed to wear an unmodified uniform. Employees will not be allowed to add any other visible tattoos, branding, ornamental dental art or any other visible body art after the adoption of this agreement.

36. Public Safety Dispatcher Work Schedules

A. Seniority, based on employment length in the classification of Public Safety Dispatcher at the Clovis Police Department will be used to determine shift selection for Public Safety Dispatchers working in the Communications Center. A shift is defined as a work schedule that consists of the same days and hours for a continuous rotation. Any change of work days or scheduled times would constitute a different shift.

B. Prior to the beginning of a new shift cycle, eligible Public Safety Dispatchers working in dispatch will be given an opportunity to select their preferred duty shift based upon seniority as described above. An attempt will be made to assign Public Safety Dispatchers to their preferred shift, with the following restrictions: Public Safety Dispatchers assigned to one shift for three (3) cycles must rotate to another shift for at least one (1) cycle.

C. The City and CPSEA recognize the need for efficient scheduling of dispatch staff based on the operational needs of the City. The City and CPSEA will endeavor to accomplish this through shift choices recommended by dispatch staff with department approval. It is the intention of the City and CPSEA to provide for efficient scheduling of dispatch staff by considering staffing needs, peak work loads, shift overlap and other duties. The Communications Supervisor will approve all schedules prior to implementation.

D. In the event that there is no agreement between the dispatch staff regarding shift sign-ups, scheduling or if the City determines that the schedule does not meet the Police Department's operational needs, the Communications Supervisor will determine the schedule.

E. Once the Lead Public Safety Dispatchers sign-up is reviewed and approved by the Communications Supervisor, Public Safety Dispatchers will be eligible to sign-up by seniority.

F. Communications staff will rotate to alternate shifts every three (3) cycles for one (1) cycle.

G. Notwithstanding the above, the Police Chief or authorized designee may assign any Public Safety Dispatcher to any shift, at any time, when there exists a need or cause to make such assignment. In these cases, the Public Safety Dispatcher being reassigned shall be given reasons for reassignment and at least forty-eight (48) hours notice of said reassignment, except that shorter notice may be given in cases of emergent need.

37. Overtime and Extra Duty Board for Dispatch Staff

A. All employees in the classification of Public Safety Dispatcher and Lead Public Safety Dispatcher who have successfully completed their training period shall be eligible to sign-up for extra duty board. Extra duty board shifts not covered by Public Safety Dispatchers or Lead Public Safety Dispatchers may be filled by any Police Department personnel adequately trained in dispatch procedures.

B. Lead / Public Safety Dispatchers should respond to all communications issued by City personnel within a reasonable period of time. The only exception would be for general communications to all staff announcing extra boards.

38. Shift Differential

Graveyard Shift – Employees not on probation assigned to a regular graveyard shift (starting between the hours of 1700 and 2300) shall be paid, in addition to the basic compensation a three percent (3%) premium for all regularly scheduled hours on that shift [(i.e. maximum number of either eight (8), ten (10), or twelve and one half (12.5) hours (depending on regular shift)].

The following terms and conditions also apply:

A. There shall be no shift premium paid when the employee is not actually working the graveyard shift (e.g., employee is scheduled to work another shift or is off work on paid or unpaid time).

B. Any employee who works overtime hours on a graveyard shift shall not be eligible to receive shift premium.

C. Whenever employees regularly scheduled to a day shift or swing shift are required to perform overtime work before or beyond the end of their regularly scheduled shift, they shall not receive premium for any overtime hours worked that occur outside of their normal assigned shift.

D. Any employee who is temporarily assigned to a full graveyard shift or who is required to work an extra graveyard shift shall be paid the 3% shift premium. The shift differential will be used in determining cash payment, if any, for overtime hours worked.

39. Field Assignment Lunch Period

Employees in the classifications of Community Service Officer, Lead / Public Safety Dispatcher, and Animal Service Officer who are assigned to field work or public safety dispatcher assignments, and who work “5/8”, “4/10” or “9/80” shifts will receive

one (1) twenty (20) minute rest period and a forty (40) minute meal break per shift without loss of pay. The timing of these rest periods and meal breaks shall be reasonably scheduled by the City in accordance with the requirements of the Department. Employees in these classifications who may work a "3/12.5" work shift will receive one (1) 40 minute meal break and two (2) twenty minute rest periods per shift without loss of pay.

40. Compensation for Court Appearances

- A. For the purpose of this MOU, the term courts shall include a legally required appearance at an activity of any judicial proceeding arising from the course and scope of employment with the City of Clovis.
- B. Required appearances at court occurring on an employees' regular day off shall be compensated at a minimum of four (4) hours of overtime rate. Employees required to stand by for court on either, a regular day off, or on a regular work day when assigned to work a "graveyard" shift or "swing shift", in case they may be required to appear in Court, shall be compensated with one hour of straight time in total for any a.m. hours. Those assigned to work a "graveyard shift" shall also receive one hour of straight time in total for any p.m. hours. Court standby time will apply unless the employee is required to appear in court. For the purposes of this section, the following definitions apply: day off is defined as a regularly scheduled day off or a previously approved absence. A graveyard shift is defined as a work schedule which typically begins before midnight and ends approximately between 0400 and 0800 the following morning. A "Swing shift" is defined as a work schedule that starts between 1200 and 1700 hours
- C. Required appearances at courts which occur on an employees' scheduled work day shall be compensated as follows: if the appearance is required more than four (4) hours in advance of the employees' shift the employee shall be compensated a minimum of four (4) hours at the time and one-half rate.
- D. Required appearances at courts which occur on an employees' scheduled work day and the appearance is less than four (4) hours in advance of the employees' shift shall be compensated based upon the forty (40) hour work week.
- E. Vacation/Time Off approved during the Vacation/Time off shift rotation sign-ups will be the only time employees will be able to decline subpoenas and the court liaison will be responsible for making the necessary notifications to the District Attorney's Office/Courts. For any time off submitted outside the scheduled vacation/time off submission process, the employees will be responsible for making any necessary

arrangements with the District Attorney's Office/Courts. Please refer to Policy section 348, specifically 348.2.1 Service of Subpoena.

- F. Required appearances for telephone or video subpoenas shall be compensated at a minimum of one (1) hour at the overtime rate, if the appearance is required more than one (1) hour in advance of the employees shift or scheduled on an employee's day off. Employees shall not be eligible for compensation for more than one telephone appearance in one day.
- G. Overtime minimums shall not be paid more than once in the case of multiple court appearances on the same day with overlapping times.
- H. If an employee is required to use their personal vehicle for out-of-town court appearances, the employee shall be compensated at the prevailing mileage rate as established by the City. Mileage shall be computed starting and ending from the Police Department.
- I. The City shall not compensate with overtime or reimburse mileage or expenses for court appearances occurring as the result of an employees' employment with another employer.

41. Release Time

Authorized CPSEA representatives shall receive reasonable release time for the purposes of collective bargaining, the processing of grievances, joint problem-solving meetings between the City and CPSEA, and disciplinary representation. As soon as practicable prior to the release from duties, the designated representatives shall submit a written request for release time to their supervisor for approval. Such requests shall be filed sufficiently in advance to minimize the disruption of City services and will not be unreasonably denied.

42. Conclusively

A. It is understood and agreed to that all documents including but not limited to written ordinances, resolutions, policies and procedures, employee rules and merit system rules and regulations which relate to wages, hours, and other terms and conditions of employment which are presently in effect are made part of this MOU by reference. Those items set forth specifically in this MOU may be altered, changed, added to, deleted from or modified only through the voluntary, mutual consent of CPSEA and the City in a written and signed amendment to this Agreement.

B. CPSEA and the City agree that during the negotiations which resulted in this MOU, each party had an unlimited right and opportunity to make demands and proposals with respect to any subject or matter within the scope of representation,

therefore, during the term of this Agreement, neither the City of CPSEA shall be obligated to meet and confer on any matter:

1. Whether or not specifically referred to in this MOU;
2. Whether or not the matter was within the knowledge or contemplation of either party at the time of negotiations;
3. Whether or not the matters were proposed and later withdrawn during negotiations.

Except That: The City may change a written policy affecting wages, hours, and other terms and conditions of employment, which are incorporated by reference in this MOU. The City shall notify CPSEA in writing of its intention to do so. If CPSEA does not respond within ten (10) calendar days from the date of mailing of such notification, the City shall assume CPSEA does not wish to meet and consult on the change in policy. In an emergency, the City retains the right to take such action immediately. CPSEA will be offered the opportunity to meet and consult as soon as practicable.

43. Term of Memorandum of Understanding

A. This MOU shall remain in effect for the period of July 1, 2025, through June 30, 2028. The provisions of this MOU shall not, however, take effect until they are ratified by both the City Council of the City of Clovis and the general membership of the bargaining unit.

B. The City and CPSEA acknowledge that all provisions of this agreement, together with those other matters within the scope of representation, are subject to renegotiating upon the expiration of this agreement to the extent provided by law.

C. The CPSEA membership has ratified the contents of this MOU, by their affirmative vote, on or about June 16, 2025. The City Council approved the provisions of this MOU on July 7, 2025.

44. Sole Agreement

The policies collected in this MOU constitute the entirety of the policies which are subject to the meet and confer obligation as agreed to by the parties. To the extent that any other agreement should be in conflict with these policies' these policies shall prevail.

If, during its term, the parties hereto should mutually agree to modify, amend, or alter the provisions of this MOU in any respect any such change shall be effective only if and when reduced to writing and executed by the authorized representatives of the City and the Affiliation. Any such changes validly made shall become a part of this MOU and subject to its terms.

The waiver of any breach or condition of this MOU by either party shall not constitute a precedent in the future enforcement of all terms and conditions herein.

In the event that any of the policies contained in this MOU should be declared by a court of competent jurisdiction to be unenforceable or illegal that policy or set of policies shall be declared void. However, this action shall in no way invalidate the remaining policies contained in this MOU.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: General Services Department

DATE: July 7, 2025

SUBJECT: General Services – Approval – Res. 25-____, Authorizing Amendments to the Principal Utilities Engineer classification in the Public Utilities Department.

ATTACHMENTS: 1. Resolution 25-____, Classification and Compensation Plans

RECOMMENDATION

For City Council to approve a resolution authorizing amendments to the Principal Utilities Engineer classification in the Public Utilities Department.

EXECUTIVE SUMMARY

It is necessary to revise the Principal Utilities Engineer classification to update the definition, class characteristics, and examples of duties sections. Modifying the City's Classification Plan requires approval from the City Council.

BACKGROUND

An analysis was conducted on the Principal Utilities Engineer classification in preparation for an upcoming recruitment. The review identified the need to update the classification's definition, class characteristics and examples of duties sections to more accurately reflect the responsibilities and minimum requirements necessary for success in the role.

The definition section was refined to better describe the position's scope of responsibility. Similarly, the examples of duties section were revised to more accurately represent the current functions of the role. These updates ensure the classification is aligned with the department's present needs and will support a successful recruitment process. The revised classification details are provided in Attachment A of Attachment 1.

FISCAL IMPACT

None.

REASON FOR RECOMMENDATION

The Principal Utilities Engineer classification is recommended for revision in order to update the duties required to better suit the department's needs. The recommended changes to the City's Classification Plan require Council approval.

ACTIONS FOLLOWING APPROVAL

The City's Classification Plan will be updated to include the revised Principal Utilities Engineer classification.

CONFLICT OF INTEREST

None.

DATED: July 7, 2025

Mayor

City Clerk

City of Clovis PRINCIPAL UTILITIES ENGINEER

DEFINITION

Under general direction, plan, organize and direct the work of assigned operations of the Public Utilities Department; advise the Public Utilities Director, ~~and~~ Assistant Public Utilities Directors, ~~City Engineer and the Director of Planning and Development Services~~ regarding maintenance, operations, engineering, ~~planning~~, construction inspection, ~~and City public utilities~~ projects, ~~programs~~ and activities; ~~act as Public Utilities Department liaison with other Departments regarding engineering and technical work of the Public Utilities Department~~; perform the most complex professional engineering work of the Public Utilities Department and perform related work as required.

CLASS CHARACTERISTICS

Reporting to the Public Utilities Director, the Principal Utilities Engineer is a managerial level class in the Public Utilities Department. The incumbent is responsible to the Public Utilities Director ~~and provides a high level of technical support for Public Works and Utilities related activities performed by the department. The incumbent may consult with the City Engineer on engineering matters. and coordinates with the City Engineer for advice and consultation on engineering matters and~~ The Principal Utilities Engineer assists in ~~for~~ the efficient ~~support and operation delivery~~ of ~~engineering and a division comprised of operations and maintenance,~~ technical services, administration, ~~City public utilities~~ projects, construction inspection, ~~and~~ long-range planning and ~~municipal services related to public works.~~ The Principal Utilities Engineer ~~receives authority from the Public Utilities Director and may function~~s as the engineer of record for ~~the~~ Public Utilities ~~Department as designated by the Public Utilities Director.~~ The Principal Utilities Engineer exercises supervision over other managerial employees and personnel making assignments, setting priorities, training, and reviewing work. The incumbent is responsible for preparing performance evaluations, processing employee grievances, recommending employment, and for taking and recommending disciplinary action. Positions in this class act with a high degree of independence of action in the assigned area of responsibility. Direction received consists of the assignment of the responsibility to attain objectives according to policy guidelines, department, and city objectives. Incumbents are expected to develop methods and procedures and solve problems encountered. Except where a deviation in policy is involved, most work is not reviewed directly by a supervisor, and when work is reviewed, the review is directed toward final outcomes and results.

EXAMPLES OF DUTIES

Plan, organize, and control activities in the Public Utilities Department as assigned; ~~by the Public Utilities Director and coordinate engineering matters with the City Engineer;~~ supervise assignments of ~~subordinate staff managers in the utilities and maintenance sections;~~ participate in evaluating the need for and help develop plans and schedules for long-range public works and utilities ~~projects and~~ programs; compile estimates, contract provisions and specifications; negotiate agreements with consultants, engineers, property owners,

contractors, agencies, and other stakeholders agencies for project and program delivery, rights-of-way, easements and financial participation; manage compliance activities of Federal (NEPA) and State (CEQA) Environmental Acts for the Public Utilities Department; confer with Division and Department staff, other departments, and various public groups on maintenance operations, projects and improvements; confer with subordinates on the construction or rehabilitation of new and existing public works facilities; confer and negotiate with consultants, developers and private engineering firms; provide direction on problems of design, materials and processes proposed in connection with new construction or major repairs; prepare ordinances for Council consideration; participate in the selection of new employees; recommend and approve improvement plans and specifications for the City's Public Utilities Department projects; inspect and approve construction City public utility and maintenance improvements for on behalf of the Public Utilities Department; may participate in traffic studies and recommend improvement of traffic control devices; represent the City in relations with other governmental agencies; conduct and assign field inspections; participate in the development and administration of the Division budget, and the Public Utilities Department budget; prepare and conduct performance evaluations; explain policies, procedures and objectives of the division to staff by written directive and by oral communications; conduct staff and public information meetings; and perform related work as required.

TYPICAL QUALIFICATIONS

LICENSE REQUIRED

- Possession of a valid appropriate California Driver's License and a good driving record.
- Possession of current and valid Civil Engineer license from the State of California Department of Consumer Affairs Board for Professional Engineers, Land Surveyors, and Geologists.

EDUCATION AND EXPERIENCE

Education:

- Graduation from an accredited college or university with a Bachelor's Degree in Civil Engineering or a closely related field. A master's degree is desirable.

And

Experience:

- A minimum of five (5) years of increasingly responsible professional civil engineering and administrative experience, with at least two (2) years in a supervisory or administrative capacity in municipal or county government.

QUALIFICATIONS

Knowledge of:

- Technical, legal, financial and public relations problems involved in the conduct of municipal engineering programs;
- Methods of preparing designs, plans, specifications, estimates, reports and recommendations relating to proposed municipal and public works facilities;
- Federal, state and local laws and regulations relating to municipal works and engineering;

- Principles of supervision and training;
- Principles of budgeting and financial management;
- Engineering principles and practices as applied to the field of municipal government;
- Knowledge of traffic engineering;
- Appropriate safety precautions and procedures.

Ability to:

- Prepare comprehensive and complex technical reports;
- Establish and maintain effective working relationships with subordinates, public groups and organizations, City officials and private and governmental agencies;
- Understand pertinent procedures and functions quickly;
- Read, understand and apply highly complex materials;
- Formulate and administer the division and Capital Improvement Projects (CIP) budget;
- Establish and maintain effective relationships with those contacted in the course of work;
- Help formulate and carry out City and department policy

SUPPLEMENTAL INFORMATION

PHYSICAL DEMANDS AND WORKING CONDITIONS

- Incumbent is required to attend periodic evening meetings.
- Incumbent is required to travel within and out of the City to attend meetings.
- Positions in this classification are designated as confidential under the Meyers-Millais Brown Act and are exempt employees under the Fair Labor Standards Act.
- The work is primarily sedentary.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: General Services Department

DATE: July 7, 2025

SUBJECT: General Services – Approval – Res. 25-____, Adopting the Projects Administrator Classification with a Salary Range of \$9,852 to \$11,975 per month in the Planning and Development Services Department.

ATTACHMENTS: 1. Resolution 25-____, Classification and Compensation Plans

RECOMMENDATION

For City Council to approve the resolution authorizing amendments to the City's Classification and Compensation plans by adopting the Projects Administrator classification with a salary range of \$9,852 to \$11,975 per month in the Planning and Development Services Department.

EXECUTIVE SUMMARY

The City has a need for Projects Manager classification in the Planning and Development Services Department. The growth of the Department, along with expanding Federal and State regulations, have created a need for a subject matter expert for certain Planning and Development Services projects and programs. The proposed Project Administrator classification would support community investment projects, the traffic signal operations program, and construction and improvement projects. It is recommended that Council approve a new classification of Projects Administrator, with a salary range of \$9,852 to \$11,975 per month. There are adequate funds in the FY 2025-2026 budget.

BACKGROUND

During the FY 2025-2026 budget process, the Planning and Development Services Department determined there was a need to create a Projects Administrator classification. The position was added to the Planning and Development Services Department FY 2025-2026 Position Allocation Plan and now requires the classification in order to recruit for and fill the position. With the growth of the Department, along with projects and programs with increased complexity and expanded scope, the Planning and Development Services Department requires a Project Administrator to support community investment projects, the traffic signal operations program, and construction and improvement projects. These programs and projects now demand more independent administration and management as Federal and State regulations become increasingly intricate and detailed due to legislative changes. With the evolving regulatory landscape, incumbents are tasked with staying current on new laws and regulations, which requires specialized knowledge of compliance.

The recommended salary range for the Project Administrator classification will be \$9,852 to \$11,975 and the classification will be assigned to the Manager group. The new classification and salary range reflect the current needs of the City.

FISCAL IMPACT

The Projects Administrator is included in the FY 2025-2026 budget.

REASON FOR RECOMMENDATION

Creation of the Projects Administrator classification is necessary to meet the needs of the Planning and Development Services Department. The recommended changes to the City's Classification and Compensation plans require City Council's approval.

ACTIONS FOLLOWING APPROVAL

Personnel staff will add the new classification description to the City's Classification and Compensation Plans.

CONFLICT OF INTEREST

None.

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS APPROVING AMENDMENTS TO THE CITY'S CLASSIFICATION AND COMPENSATION PLANS BY ADOPTING THE PROJECTS ADMINISTRATOR CLASSIFICATION WITH A SALARY RANGE OF \$9,852 TO \$11,975 PER MONTH IN THE PLANNING AND DEVELOPMENT SERVICES DEPARTMENT

WHEREAS, it has been determined that the City has a need for the addition of a Projects Administrator classification in the Planning and Development Services department; and

WHEREAS, it has been determined that the appropriate salary range for the Projects Administrator classification is \$9,852 to \$11,975 per month effective July 16, 2025; and

WHEREAS, it has been determined that it is appropriate to assign the Projects Administrator classification to the Management Group; and

WHEREAS, modification of the City's Classification and Compensation Plans require authorization by the City Council.

NOW, THEREFORE, BE IT RESOLVED, that the City of Clovis will modify the City's Classification and Compensation Plans to include the addition of the Projects Administrator classification (**Attachment A**) with a monthly salary range of \$9,852 to \$11,975 per month.

* * * * *

The foregoing resolution was introduced and adopted at a regular meeting of the City Council of the City of Clovis held on July 7, 2025, by the following vote, to wit.

AYES:

ABSENT:

ABSTAIN:

DATED:

Mayor

City Clerk

City of Clovis
PROJECTS ADMINISTRATOR
\$9,852 - \$11,975 Monthly

DEFINITION

Under the direction of the department head and City Engineer, perform project management functions on a variety of highly complex assignments involving research, analysis, planning, evaluation, program coordination, and administrative duties related to the delivery of the Community Investment Program, Traffic Operations, Encroachment Permits, and Development Review; and perform related work as assigned.

CLASS CHARACTERISTICS

Incumbents work independently receiving direction as to the goals of the assigned task, reporting directly to the department head or City Engineer. Incumbents also serve as a subject matter expert. Projects at this level may include technical office and field professional work in support of community investment program projects, City's traffic signal operations program, and construction and improvement projects. The Project Administrator shall provide direct supervision over assigned professional, technical and office support staff and shall provide regular updates to management staff regarding the timelines and status of the assigned projects. Direction received consists of the assignment of the responsibility to attain objectives according to policy guidelines, department, and City goals. The incumbent is expected to develop methods and procedures and solve problems encountered. Except where a deviation in policy is involved, most work is not reviewed directly by a supervisor, and when work is reviewed, the review is directed toward final outcomes and results.

EXAMPLES OF DUTIES

Work with Engineering technical and professional staff; oversee consultants and contractors; oversee the bid, proposal, and purchase recommendation process for projects; solicit proposals; review proposals; select consultants, establish schedule and performance criteria; lead the coordination of the project planning, preparation, scheduling, and execution of work orders and contracts; ensure work is completed on time and in conformance with plans and specifications; review project documents for design and construction such as plans, specifications, studies, estimates, and submittals; supervise assigned subordinate professional, technical, and/or clerical staff; prepare project reports for the City Council, management, outside agencies, and others; make presentations as necessary; perform inspections and contract administration on routine and more complex municipal capital improvement projects; coordinate, monitor, and supervise the technical activities of engineering inspectors on select projects; review subordinates' daily reports, cost estimates, field changes, contract bid items in preparation of payment and as-built drawings; prepare written reports on inspection activities and review monthly pay estimates. Approve or prepare progress payments and change orders; issue permits; assure funding payments to the city for projects; prepare difficult mathematical estimates

concerning inspections of municipal facilities, such as project estimates, earth work computations, progress estimates, and construction reports; oversee and insure compliance with Federal, State, and other grant requirements associated with construction projects; assist the project team in ensuring that labor and contract compliance requirements are explained and met; monitor contractors and subcontractors activity during the course of construction to ensure compliance with State and Federal labor laws, the Davis-Bacon and Related Acts (DBRA), Federal Labor Standards Provisions, and California State labor codes and laws; conduct on-site contractor employee interviews and labor compliance investigations; resolve labor compliance problems and coordinate labor compliance activities with various team members and consultants; respond to questions and inquiries from the general public, developers, contractors, engineering professionals and City staff regarding projects and applications; work on special projects as assigned; observe and enforce safety regulations, assist in the development and administration of safety and training programs; and perform related duties as required.

TYPICAL QUALIFICATIONS

LICENSE REQUIRED

- Possession of a valid appropriate California Driver's License and a good driving record.

EDUCATION AND EXPERIENCE

Education:

- Graduation from an accredited college or university with a Bachelor's Degree in Civil Engineering, Industrial Technology, Construction Management, or a closely related field.
- Experience over and above the five years' experience requirements stated below may be substituted for the required education for up to three years' education with thirty semester units equaling one year of experience in the following manner:
 - An additional three years' experience in public works projects (a total of eight years' experience) may substitute for one year (30 semester units) of education.
 - An additional six years' experience in public works projects (a total of eleven years' experience) may substitute for two years (60 semester units) of education.
 - An additional nine years' experience in public works projects (a total of fourteen years' experience) may substitute for three (90 semester units) years of education.
- *A candidate who meets the minimum education requirements based on substitution of experience for education may be required to complete additional education after the time of hire where, in the discretion of the of the City Manager, deemed necessary based on the job duties of the position.*

Experience:

- Five (5) years in construction inspection and/or project management with a minimum of two (2) years of experience in public works construction, and a minimum of one (1) year in a supervisory capacity.

QUALIFICATIONS

Knowledge of:

- City Standard Specifications, State Standard Specifications, and applicable State and local laws;
- Construction and testing materials in the field and laboratory;
- Methods and practices involved in engineering, building construction, and inspection procedures;
- Surveying techniques;
- Construction project related mathematics, i.e., algebra and trigonometry;
- Principles and practices of supervision, training, and appropriate safety precautions and procedures;
- English usage, spelling, grammar, and punctuation;
- Applicable Federal, State, and local laws, regulations, ordinances, and policies;
- Appropriate safety precautions and procedures.
- Methods and techniques of contract negotiations and administration;
- Principles of business letter writing and basic report preparation;
- Office procedures, methods, and equipment including computers and applicable software applications such as word processing, spreadsheets, and databases;
- CIP policies and procedures;
- Principles and practices of project management and administration;
- Principles and procedures of record keeping;
- Manual and automated records management systems;
- Principles and practices of project budget preparation and control;
- Principles governing Federal/State/Local funding, and Capital Improvement Projects;
- Methods and techniques of plan review and analysis;
- Methods and techniques of conducting site and field investigation;
- General principles and practices of supervision and training.

Ability to:

- Plan, organize, direct, coordinate, and evaluate assigned high profile projects;
- Respond to questions and inquiries from a variety of sources regarding projects.
- Interpret and explain projects to the business community and the general public.
- Ensure compliance with applicable rules, regulations, and codes;
- Develop and oversee Federal/State/Local grant funding protocols and policies;
- Exercise independent judgment in the solution of challenges;
- Prepare, review, interpret, and analyze plans, drawings, specifications, contract documents, bid documents, and reports for conformance to professional standards, contract obligations and approved budgets;
- Interpret construction plans and specifications and to determine whether construction is in conformance with them;

- Perform difficult technical computations and make estimates of materials;
- Detect substandard design, materials, and workmanship in construction projects;
- Work cooperatively with other departments, City officials, and outside agencies;
- Coordinate and supervise the work of subordinates;
- Communicate effectively, both orally and in writing.

SUPPLEMENTAL INFORMATION**PHYSICAL DEMANDS AND WORKING CONDITIONS**

- Strength: Medium-work lifting, carrying, and/or pushing objects weighing up to 50 pounds maximum with frequent lifting and/or carrying of objects weighing up to 25 pounds.
- Incumbents are required to attend periodic evening meetings.
Incumbents are required to travel within and out of city to attend

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: General Services Department

DATE: July 7, 2025

SUBJECT: General Services – Approval – Res. 25-____, Authorizing Amendments to the City's Classification and Compensation Plans by Revising the Classifications of Deputy Director of Information Technology and Information Technology Supervisor, and by Adopting the Classification of Information Technology Manager with a Monthly Salary Range of \$11,206 to \$13,402 in the Administration Department.

ATTACHMENTS: 1. Resolution 25-____, Classification and Compensation Plans

RECOMMENDATION

Request for City Council approval of a resolution authorizing amendments to the City's Classification and Compensation Plans by revising the classifications of Deputy Director of Information Technology and Information Technology Supervisor, and adopting the classification of Information Technology Manager, with a monthly salary range of \$11,206 to \$13,402, in the Administration Department.

EXECUTIVE SUMMARY

The City has identified the need to establish an Information Technology Manager classification. This position will be assigned to the Administration Department. Continued growth within both the Information Technology Division and the City as a whole has created the need for dedicated managerial oversight. The proposed Information Technology Manager will be responsible for overseeing the Division's day-to-day operations. If the new classification is adopted, this would create a need to revise the classifications for the Deputy Director of Information Technology and the Information Technology Supervisor classifications. It is recommended that Council approve a new classification of Information Technology Manager, with a salary range of \$11,206 to \$13,402 per month, and updates to the Deputy Director of Information Technology classification and the Information Technology Supervisor classification. There are adequate funds in the FY 2025-2026 budget.

BACKGROUND

During the FY 2025–2026 budget process, the Administration Department identified the need to establish an Information Technology Manager classification. Although the position was included in the FY 2025–2026 Position Allocation Plan for the Administration Department, a formal classification must now be adopted in order to recruit and fill the position. Due to the continued

growth of the Information Technology Division and the increasing number of City employees, there is a need for an Information Technology Manager to oversee the Division's day-to-day operations, manage highly complex technical functions, and train and evaluate assigned personnel. The recommended salary range for the Information Technology Manager classification is \$11,206 to \$13,402 per month. This classification will be assigned to the Manager group and is designed to meet the current operational needs of the City.

FISCAL IMPACT

There is no change in salary for the revised classifications of Deputy Director of Information Technology and Information Technology Supervisor. The Information Technology Manager position is included in the FY 2025–2026 budget with 50% to be funded by Measure Y and 50% by the IT Internal Services Fund. It is anticipated that this position will be filled in the Fall of 2025 or later.

REASON FOR RECOMMENDATION

Creation of the Information Technology Manager classification, along with the updates to the Deputy Director of Information Technology and Information Technology Supervisor classifications are necessary in order to meet the needs of the Information Technology Division within the Administration Department. The recommended changes to the City's Classification and Compensation plans require City Council's approval.

ACTIONS FOLLOWING APPROVAL

Personnel staff will add the new classification description to the City's Classification and Compensation Plans.

CONFLICT OF INTEREST

None.

RESOLUTION 25-__

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS APPROVING AMENDMENTS TO THE CITY'S CLASSIFICATION AND COMPENSATION PLANS BY REVISING THE CLASSIFICATIONS OF DEPUTY DIRECTOR OF INFORMATION TECHNOLOGY AND INFORMATION TECHNOLOGY SUPERVISOR, AND BY ADOPTING THE CLASSIFICATION OF INFORMATION TECHNOLOGY MANAGER WITH A SALARY RANGE OF \$11,206 TO \$13,402 PER MONTH IN THE ADMINISTRATION DEPARTMENT

WHEREAS, it has been determined that the City has a need to revise the classifications of Deputy Director of Information Technology and Information Technology Supervisor, as well as to add a new classification of Information Technology Manager in the Administration Department; and

WHEREAS, it has been determined that the appropriate salary range for the Information Technology Manager classification is \$11,206 to \$13,402 per month; and

WHEREAS, it has been determined that it is appropriate to assign the Information Technology Manager classification to the Management Group; and

WHEREAS, modification of the City's Classification and Compensation Plans require authorization by the City Council.

NOW, THEREFORE, BE IT RESOLVED, that the City of Clovis will modify the City's Classification and Compensation Plans to include the revised classifications of Deputy Director of Information Technology and Information Technology Supervisor, as well as the addition of the Information Technology Manager classification (Attachment A), with a monthly salary range of \$11,206 to \$13,402.

ABSENT:

ABSTAIN:

DATED: July 7, 2025

Mayor

City Clerk

City of Clovis
INFORMATION TECHNOLOGY MANAGER

SALARY RANGE
\$11,206 - \$13,402 Monthly

DEFINITION

Under administrative direction plan, organize, oversee, coordinate, and manage the staff and day-to-day operations of the Information Technology Division, including business and operational processes; oversee highly complex technical operations in support of City Departments and Divisions; train and evaluate the performance of assigned personnel; and related work as assigned.

CLASS CHARACTERISTICS

Under the direction of the Deputy Director of Technology, this position is responsible for the operation of a variety of units within the Information Technology Division and exercises direct supervision over mid-management, technical, and clerical staff. This incumbent acts with a high degree of independence of action in the assigned area of responsibility to attain objectives according to policy guidelines. Methods and procedures are expected to be developed to resolve problems encountered. Except where a deviation in policy is involved, most work is not reviewed; the review is directed towards final outcome and results. Work hours vary and include being subject to 24-hour emergency callback working holidays and weekends. This classification is distinguished from the next higher classification of the I.T. Deputy Director in that the latter has overall responsibility for the Information Technology Division.

EXAMPLES OF DUTIES

Plan, organize, assign, supervise and monitor day-to-day activities of network or software applications systems and assigned staff; instruct assigned staff in work methods; participate in the selection, training and evaluation of staff; identify new developments in all associated programs, policies and procedures; assist with the preparation and monitoring of the division budget; conduct staff and safety meetings; observe and enforce safety regulations; provide for the training of assigned personnel in proper and safe operating procedures and methods; instruct staff in new operating procedures and methods; respond to emergency situations as required, including those occurrences after normal working hours; prepare, review and evaluate feasibility studies, conceptual designs and hardware and software requirements; prepare Requests for Proposals for purchase of hardware, software, and services; plan, develop and coordinate training of both technical and non-technical City Staff; assist in development of technological enhancements for the delivery of services to city personnel and the community; remain current and knowledgeable on new technology and issues associated with information systems; work collaboratively with others to prioritize and develop uses for new technology; perform related duties as assigned.

TYPICAL QUALIFICATIONS**LICENSE REQUIRED**

- Possession of a valid appropriate California Driver's License and a good driving record.

EDUCATION AND EXPERIENCE

Education:

- Bachelor's Degree from an accredited college or university with a major in Information Management, Computer Science, Business Administration, or related field.
- Master's Degree is desirable.

And

Experience:

- Six (6) years increasingly responsible experience in development, installation and maintenance of information systems, four (4) of which include the planning, hiring, and supervision of staff.

QUALIFICATIONS

Knowledge of:

- Principles, procedures, practices and techniques of management information systems and operations;
- Principles and practices of organization, administration, budgeting and personnel management;
- Data communications, networks, hardware and software problems and feasible solutions;
- Management of outsourced technology services;
- Cybersecurity compliance and control standards;
- Website Accessibility requirements and standards;
- Oral and written communication skills;
- Critical federal and state laws governing information systems functions.

Ability to:

- Schedule, plan and direct the work of others;
- Determine appropriate technology applications and support to City-wide I.T. processes and operations;
- Coordinate with internal and external customers to identify information technology needs;
- Develop and implement operational policies and procedures;
- Identify and analyze systems, computer networks, software, hardware and recommend cost effective solutions to problems;
- Evaluate and prepare reports on new technologies;
- Establish and maintain cooperative and effective working relationships with others;
- Work independently with little direction;
- Operate a vehicle observing legal and defensive driving practices;
- Supervise and evaluate employees;
- Analyze and resolve critical issues with significant organizational impact.

SUPPLEMENTAL INFORMATION:

PHYSICAL DEMANDS AND WORKING CONDITIONS

- Work is primarily sedentary and primarily conducted in an office environment.

- Positions in this class are designated as confidential employees under the Meyers-Millas Brown Act and are exempt employees under the Fair Labor Standards Act.
- Incumbents are required to attend periodic evening meetings.
- Incumbents are required to travel within and out of city to attend meetings

City of Clovis
DEPUTY DIRECTOR OF INFORMATION TECHNOLOGY

DEFINITION

Under administrative direction, plan, direct, develop, manage and coordinate the activities and operations of the Information Technology division; and perform related work as required.

CLASS CHARACTERISTICS

Reporting to the Assistant City Manager, the incumbent is responsible to direct, develop and manage all activities related to the administration of information systems for the city and coordinating technology projects and initiatives with other divisions, departments and outside agencies. The incumbent will conduct research and analysis on system related issues; write technical reports; recommend system and software purchases and upgrades; develop software specifications; perform technical analysis to assure efficiency in systems operations. Positions in this class act with a high degree of independence of action in the assigned area of responsibility. Incumbent is expected to develop methods and procedures and solve problems encountered. Except where a deviation in policy is involved, most work is not reviewed directly by a supervisor, and when work is reviewed, the review is directed toward final outcomes and results.

EXAMPLES OF DUTIES:

Plan and coordinate city database administration, systems analysis, network, telecommunications and programming activities within the City's Information Technology division; consult with city departments and administration regarding information technology services, applications, requirements, priority and feasibility for new information systems applications or modifications to existing applications; analyze operations to develop and recommend short and long range technology and automation plans to meet city needs; prepare, review and evaluate feasibility studies, conceptual designs and hardware and software requirements; prepare requests for proposals for purchase of hardware, software, and services; select, evaluate, and supervise the Information Technology staff and assign workload; oversee and participate in the division's annual budget; participate in the forecast of funds needed for staffing, equipment, materials and supplies; monitor and approve expenditures and implement adjustments; prepare studies, reports, and correspondence for formal and informal presentations for advisory staff, City Manager, and City Council; monitor state and federal policy and budget developments related to department matters, evaluate their impact upon operations and recommend policy and procedural improvements to the Assistant City Manager; plan, develop and coordinate training of both technical and non-technical city staff; recommend technological enhancements for the delivery of services to city personnel and the community; remain current and knowledgeable on new technology and issues associated with information systems; work collaboratively with others to prioritize and develop uses for new technology and perform related duties as assigned.

TYPICAL QUALIFICATIONS

LICENSE REQUIRED

- Possession of a valid California driver's license and a good driving record.

EDUCATION AND EXPERIENCE

Education:

- Bachelor's Degree in information management systems, computer science, business administration, or related field.
- Master's Degree is desired

And

- ~~Six (6)~~ Seven (7) years increasingly responsible experience in development, installation and maintenance of information systems, including planning, budgeting, ~~direction~~ directing, hiring, supervision, and coordination of staff.

QUALIFICATIONS

Knowledge of:

- Principles, procedures, practices and techniques of management information systems and operations;
- Principles and practices of organization, administration, budgeting and personnel management;
- Identification and analysis of systems, computer networks, software, hardware and recommend cost effective solutions to problems;
- Long-term strategic planning in a rapidly changing technical environment;
- Methods and techniques of supervision, training and performance evaluation;
- Principles and practices of leadership, motivation, team building and conflict resolution;
- Voice systems including IP Telephony;
- Pertinent federal, state and local laws codes and regulations.

Ability to:

- Oversee and participate in the management of a comprehensive information services program;
- Prepare clear and concise administrative, financial and complex technical reports;
- Manage outsourced technology services;
- Analyze and resolve managerial and technical problems;
- Perform advanced research and develop sound recommendations;
- Formulate and administer department and Internal Service Fund budgets;
- Establish and maintain cooperative and effective working relationships with others;
- Work independently with little direction;
- Help formulate and carry out city and division policy;
- Select, supervise and evaluate employees;
- Communicate clearly and concisely, both orally and in writing;
- Analyze and resolve critical issues with significant organizational impact;
- Manage fiscal, mechanical, and personnel resources to successfully accomplish intranet/internet responsibilities.

SUPPLEMENTAL INFORMATION

PHYSICAL DEMANDS AND WORKING CONDITIONS

- Work is primarily sedentary and primarily conducted in an office environment.

- Positions in this class are designated as confidential employees under the Meyers-Milias-Brown Act and are exempt employees under the Fair Labor Standards Act.
- Incumbents are required to attend periodic evening meetings.
- Incumbents are required to travel within and out of city to attend meetings.

City of Clovis INFORMATION TECHNOLOGY SUPERVISOR

DEFINITION

Under general direction, plan, organize and supervise staff and contractors assigned to implement and maintain city-wide integrated data systems including networks and software applications operating on various platforms; and performs related work as required.

CLASS CHARACTERISTICS

Reporting to the ~~Deputy Director of Technology~~, Information Technology Manager, this classification is responsible for supervision of assigned operations and functions of the Information Technology (I.T.) Division, and performs complex and technical activities relative to the assigned areas of responsibility; which may include Help Desk Services, Network Administration, Enterprise Applications, Virtualization and Data Center Services, Geographic Information Systems, Systems Administration and Planning, or Web/Cloud services. The incumbent is expected to provide resources, system support, and oversight to all subordinate staff. The incumbent acts with a high degree of independence of action in the assigned areas of responsibilities. Direction provided to incumbent consists of the assignment of responsibility for attaining objectives according to policy and procedure guidelines. Incumbent is expected to develop methods and procedures for solving problems encountered. Except where a deviation in policy is involved, most of the work is not reviewed directly by a supervisor. When work is reviewed, the review is directed toward final outcome and results. ~~this management level classification oversees the day to day operation of the City's integrated data systems. Positions in this class have considerable independence in selecting work methods from a variety of standard methods or procedures. Instructions given by supervisor generally do not provide all of the information needed to complete the assignment. Incumbents are expected to resolve most problems confronted through the application of judgment and precedent, referring to supervisor only those which involve the establishment of new procedures or which involve solutions which are inconsistent with departmental procedures and policies. Incumbents have responsibility for either Network and Communications Systems or Enterprise Software applications and database development.~~ This class differs from Senior Information Technology Analyst in that incumbents of the latter may provide lead direction and may be assigned to ~~more~~ similarly complex projects, but do not possess supervisory responsibilities.

EXAMPLES OF DUTIES

~~Plan, organize, assign, supervise and monitor day to day activities of network or software applications systems and assigned staff; participate in the selection, training and evaluation of staff; identify new developments in all associated programs, policies and procedures; p~~Plan and organize all activities associated with systems ~~implementations and~~ upgrades, including the coordination of consulting services; provide insight and analysis of long and short-term planning in relation to any information technology processes; assist in planning and organizing technical and functional requirements associated with software or network releases; provide input toward prioritizing tasks, goals and objectives for all information technology related issues; meet with user departments, provide guidance in analyzing systems to determine network or software development requirements; recommend and assist in establishing effective technology procedures relating to concepts, business processes workflow, component interfaces and resource usage; ~~assist with the preparation and monitoring of the division budget; conduct staff and safety meetings; instruct assigned staff in work methods; check and correct work in progress; observe and enforce safety regulations; provide for the training of assigned personnel in proper and safe operating procedures and methods;~~ assist in creating

and developing written manuals and instructions; instruct staff in new operating procedures and methods; respond to emergency situations as required, including those occurrences after normal working hours; ensure subordinates follow safety practices in work methods and procedures; enforce proper safety procedures; educate employees on rules, regulations, codes, safe work habits and potential hazards presented by their work; prepare reports on equipment utilization and status of projects; attend meetings and training sessions; and perform related duties as assigned.

TYPICAL QUALIFICATIONS

LICENSE REQUIRED

Possession of a valid Class C California Drivers license and a good driving record.

EDUCATION AND EXPERIENCE

Education:

- Bachelor's Degree from an accredited college or university in information systems, computer science or related field

And

Experience:

- Five (5) years increasingly responsible experience in development, installation, and maintenance of information systems, two (2) of which include supervision of assigned technical staff.

QUALIFICATIONS

Knowledge Of:

- Microsoft Windows server and workstation;
- Server Virtualization Technologies;
- **Multimedia Cloud** applications, **desktop-publishing**, inter-intranet applications, web site and online **forms** design **and development, etc.**;
- Management information systems hardware and software;
- Voice systems including IP Telephony;
- Intranet/Internet concepts **and** development and **accessibility guidelines**;
- Principles and practices of **budget-administration cybersecurity incident response and disaster recovery procedures**;
- Pertinent federal and state laws governing information systems functions;
- Computer network systems, network alternatives and their uses;
- Principles and practices of effective supervisory techniques.

Ability to:

- Develop and implement operational policies and procedures.
- Schedule, plan and direct the work of others.
- Analyze data communications, networks, hardware and software problems and determine feasible solutions.
- Analyze functional requirements and specifications for computer hardware and software.
- Establish and maintain effective working relationships with co-workers and representatives of user departments.
- Operate a vehicle observing legal and defensive driving practices

- Supervise and evaluate employees,
- Maintain the confidentiality of privileged information;
- Communicate effectively orally and in writing,
- Keep accurate and concise records and make reports.

SUPPLEMENTAL INFORMATION

PHYSICAL DEMANDS AND WORKING CONDITIONS

- Work is primarily sedentary and primarily conducted in an office environment.
- Positions in this class are designated as confidential employees under the Meyers-Milias-Brown Act and are exempt employees under the Fair Labor Standards Act
- Incumbents are required to attend periodic evening meetings.
- Incumbents are required to travel within and out of City to attend meetings.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: General Services Department

DATE: July 7, 2025

SUBJECT: General Services – Approval – Res. 25-____, Authorizing Amendments to the City’s Classification Plan by Revising the Fire Captain Classification in the Fire Department.

ATTACHMENTS: 1. Res. 25-____ Classification Plan

RECOMMENDATION

For City Council to approve the Resolution authorizing amendments to the Fire Captain classification in order to update the education section.

EXECUTIVE SUMMARY

It is necessary to revise the Fire Captain classification to update the education section, ensuring it aligns with the position’s job duties. Modifications to the City’s Classification Plan require approval by the City Council.

BACKGROUND

A recent analysis of the Fire Captain classification identified the need for a minor revision to the education section to ensure compliance with California regulations. The update will change the bachelor's degree from a required qualification to a desirable one.

The Fire Captain classification is assigned to the Clovis Firefighters Association (CFFA) bargaining unit for purposes of employee representation. Representatives of the CFFA bargaining unit have been advised of the proposed revisions to the classification and are supportive of the recommended changes.

FISCAL IMPACT

None.

REASON FOR RECOMMENDATION

The Fire Captain classification is recommended for revision in order to revise the education section. Modification of the City’s Classification Plan requires City Council approval.

ACTIONS FOLLOWING APPROVAL

The City's Classification Plan will be updated to include the revised Fire Captain classification.

CONFLICT OF INTEREST

None.

City of Clovis FIRE CAPTAIN

DEFINITION

Under direction, as a staff officer or on an assigned shift, to have charge of and supervise the activities of an engine or truck company; as assigned, to formulate and implement a fire technical instruction and training program; to conduct fire fighting drills; and to perform related work as required.

CLASS CHARACTERISTICS

Positions in this class are at the supervisory level of a fire company during a shift or as a staff officer. As such, the Captain supervises an engine or truck crew ensuring that training, facility maintenance, and operational readiness are maintained. At the scene of an emergency, the Captain assumes command as the officer to arrive first on the scene. Positions in this class perform work which has some variation and which allows or requires a limited range of choice in the application of defined methods or procedures. Incumbents receive instructions when tasks are assigned and have some latitude in selecting work methods. Work is generally reviewed upon completion for final results. Incumbents are expected to refer to the supervisor for direction in matters, which do not fit a clear pattern. Incumbents are expected to plan and direct to meet organizational needs. This classification may also be assigned to staff officer functions such as Training Captain or Prevention Captain.

EXAMPLES OF DUTIES

Plans, organizes, and directs the work of a firefighting company or a staff officer assignment; responds to fire alarms and emergencies; gives detailed direction to personnel and personally assists in the work of extinguishing fires and in performing related life and property protection; maintains discipline on calls and in company quarters; assigns daily work to staff; prepares performance evaluations; recommends commendations and discipline; records company activities in daily journal; prepares reports of company activities for review; inspects personnel, equipment, and company quarters; performs or assists in company inspections, classroom instructions, and in the preparation of sketches, charts, and instruction for fire suppression purposes; drills and instructs personnel regarding emergency response equipment and procedures; instructs personnel on location of target hazards occupancies, and other fire hazards and methods of combating fires in such places, conforming in training and instructional work with department policy and procedures; arranges and presents public information programs; assigns personnel to maintenance duties in and around company quarters; attends fire officers' meetings; maintains records and prepares reports; makes work assignments, sets priority for, trains and reviews the work of firefighting personnel; conducts staff meetings; distributes assigned work to subordinate personnel; instructs assigned staff in work methods; participates fully in the work of crew/subordinate staff; makes budget recommendations and purchases, manages department programs; may act as Battalion Chief when qualified; and performs related work as required.

TYPICAL QUALIFICATIONS

LICENSE REQUIRED

- Possession of an appropriate valid California Driver's License for operating firefighting equipment;
- Possession of a valid California Emergency Medical Technician (EMT-1) Certificate;
- Possession of a valid healthcare provider Cardiopulmonary Resuscitation (CPR) Certificate;
- Possession of a California State Board of Fire Services Fire Officer, or completion of all six (6) required classes and course work for the California State Board of Fire Services Company Officer Certification, or Center for Public Safety Excellence (CPSE) Fire Officer Designation.

EDUCATION AND EXPERIENCE

Education:

- Completion of thirty (30) college units from an accredited college or university.

Education Desirable:

Possession of an Associate of Arts or Sciences Degree from an accredited college or university. ~~Accreditation must be received from the recognized list of accreditation associations of higher learning maintained by the U.S. Department of Education.~~

Experience:

- Five (5) years of municipal firefighting experience at the Fire Fighter/Engineer level of which four (4) years must be with the Clovis Fire Department as a Fire Fighter or Engineer.

QUALIFICATIONS

Knowledge of:

- Modern fire suppression and prevention practices and techniques;
- Principles of personnel deployment, supervision, and training;
- Principles of fire ground hydraulics;
- Principles of building construction;
- Emergency medical techniques;
- City street layout and water systems;
- Simple record keeping methods;
- Principles of correct English usage, grammar, and composition;
- Basic mathematical and mechanical relationships;
- Appropriate safety precautions and procedures;
- Computer operation and use of electronic media.

Ability to:

- Make sound decisions, set priorities, and direct fire personnel at the scene of an alarm;
- Supervise, motivate, guide, train, and evaluate entry and journey-level fire personnel;
- Prepare and present concise written and oral reports and make recommendations on department programs and activities;

- Plan, assign, supervise, and direct the work of subordinates;
- Develop and implement work plans;
- Assist in work activities, projects, and programs;
- Monitor work flow;
- Review and evaluate work products, methods, and procedures;
- Operate a vehicle observing legal and defensive driving practices;
- Maintain and modify filing systems;
- Meet, interact and mutually problem-solve effectively with public and private officials, the general public, and City staff;
- Operate, access, retrieve, and input information using computer equipment;
- Understand and carry out complex oral and written instructions requiring problem-solving and independent decision-making;
- Establish and maintain effective relationships with those contacted in the course of work.

SUPPLEMENTAL INFORMATION

PHYSICAL DEMANDS AND WORKING CONDITIONS

Hearing:

- Adequate to hear and respond to instructions both in person and on the radio.

Physical fitness:

- Ability to walk, stand, sit, and climb to perform various firefighting/rescue duties;
- Ability to reach, push, pull, grab, and carry equipment of varying sizes and weights;
- Requires the ability to perform on-site field inspections including exertion of a moderate amount of physical effort to stoop, crouch, climb, and lift in performance of assigned duties.

Smell:

- Must be able to perceive odors.

Strength:

- Physical strength to operate heavy equipment including firefighting apparatus and rescue equipment, and to lift and carry people with or without assistance of varying sizes and weights.

Verbal:

- Ability to be understood orally in person, on the telephone, or on the radio.

Vision:

- Must be able to perceive color and shapes;
- Vision to properly operate equipment and perform firefighting and rescue operations.

Other physical requirements include:

- Manual dexterity to use tools and equipment;
- May be subject to uncomfortable working conditions including exposure to odors, toxic agents, machinery, explosives, dust, noise, and smoke;
- Requires sufficient hand/eye coordination to perform semi-skilled repetitive movements, such as use of personal computer or other office equipment or supplies and operation of a motor vehicle.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: General Services Department

DATE: July 7, 2025

SUBJECT: General Services – Approval - Claim Rejection of the General Liability Claim on behalf of Juliana Morin.

ATTACHMENTS: None.

RECOMMENDATION

Reject the General Liability Claim filed on behalf of Juliana Morin.

EXECUTIVE SUMMARY

On behalf of Juliana Morin (claimant), the City received a sufficient Claim Form on June 16, 2025, alleging a Clovis Police Officer was negligent while operating a City vehicle, and collided into Juliana Morin's vehicle. Ms. Morin sustained severe injuries to her body and is seeking compensation in an amount that exceeds limits for a civil unlimited case. It is recommended that the City reject the claim at this time, send notice of rejection, and refer the matter to the City's third-party administrator for liability claims for further investigation and handling.

BACKGROUND

On June 16, 2025, a legally sufficient and timely General Liability Claim Form was received by the City of Clovis on behalf of Juliana Morin by Dias Hall Law Firm, located in Fresno, CA. The claim alleges that a Clovis Police Officer violently collided into Juliana Morin's vehicle near the property of 6250 E. Dakota Avenue, Clovis, CA, and Ms. Morin allegedly sustained severe and traumatic injuries to her body.

Ms. Morin seeks monetary damages from the City of Clovis, and the claim has been filed as a "civil unlimited case".

FISCAL IMPACT

Rejection of the claim does not result in any fiscal impact.

REASON FOR RECOMMENDATION

It is recommended that the claim be rejected. The City's liability is disputed, and although the claim is legally sufficient, the amount of the alleged damage sustained by the claimant may also be disputed. Rejecting the claim and sending notice of rejection in accordance with the

Government Claims Act will commence at the time at which the claimant may file a lawsuit against the City based on the claim.

ACTIONS FOLLOWING APPROVAL

A rejection notice letter will be sent to the claimant informing her that the claim has been rejected.

CONFLICT OF INTEREST

None.

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Planning and Development Services Department

DATE: July 7, 2025

SUBJECT: Planning and Development Services – Approval – Res. 25-____, Final Map Tract 6457, located near the northeast corner of Shepherd Avenue and N. Sunnyside Avenue (Great Bigland, Inc., a California Corporation).

ATTACHMENTS: 1. Res. 25-____
2. Vicinity Map
3. Final Map Copy

RECOMMENDATION

For the City Council to approve Res. 25-____, which will:

1. Accept the offer of dedication of public utility easements within Tract 6547; and
2. Authorize the recording of the final map.

EXECUTIVE SUMMARY

The owner, Great Bigland, Inc., a California Corporation, acting as the subdivider, has submitted a final map. The improvement plans are being processed by City staff. The improvements to be installed include curb, gutter, sidewalk, streetlights, fire hydrants, street paving, sanitary sewer, water mains, and landscaping. The subject tract is located on northeast corner of Heirloom Avenue and N. Stanford Lane. It contains approximately 19 acres and consists of 74 residential units, zoned R-1.

BACKGROUND

None.

FISCAL IMPACT

The subdivider will be installing curb, gutter, sidewalk, fire hydrants, street paving, and landscaping, which will be maintained by the a private Homeowners Association (HOA). The subdivider will be installing sanitary sewer and water mains, which will be perpetually maintained by the City of Clovis. For the streetlights, the HOA will pay for the power and PG&E will provide the maintenance.

REASON FOR RECOMMENDATION

The subdivision agreement has been executed by the subdivider and all development fees paid or deferred in accordance with the Municipal Code. The agreement provides for the developer to complete a technically correct map and improvement plans, and to complete all the required improvements in compliance with the conditions of approval. The improvements are adequately secured.

ACTIONS FOLLOWING APPROVAL

The final map will be filed with the Fresno County Recorder's office for recording.

CONFLICT OF INTEREST

None.

RESOLUTION 25-__**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS
APPROVING THE FINAL SUBDIVISION MAP FOR TRACT NO. 6457**

WHEREAS, a final map has been presented to the City Council of the City of Clovis for Tract 6457, by The City of Clovis, a Municipal Corporation; and

WHEREAS, said final tract conforms to the requirements of Chapter 2, Part 2, of Division 4 of the Business and Professions Code and to local ordinances.

NOW, THEREFORE, BE IT RESOLVED, by the City of Clovis as follows:

1. The final map of Tract 6457, consisting of six (3) sheets, a copy of which is on file with the City Clerk, be and the same is hereby approved.
2. The subdivision improvement plans for said tract are being processed by City staff for approval.
3. The preliminary Engineer's Cost Estimate of development cost of said tract, a copy of which is on file with the City Clerk, be and the same is hereby approved and adopted as the estimated cost of improvements for said subdivision in the sum of \$8,111,791.25.
4. The offer and dedication for public use of the parcels and easements specified on said map are accepted by the City of Clovis and the City Clerk is authorized and directed to execute said subdivision map.
5. This Council finds that the proposed subdivision, together with the provisions for its design and improvement, are consistent with applicable general and specific plans of the City of Clovis.
6. Improvement Security, as provided hereunder and in said Subdivision Agreement, is fixed at one hundred percent (100%) of the remaining improvements to be constructed or the sum of \$8,112,000.00 for guaranteeing specific performance of said agreement and fifty percent (50%) of the remaining improvements or the sum of \$4,056,000.00 for payment of labor and materials furnished by contractors, subcontractors, labormen and materialmen in connection with the improvements required to be made or constructed by said subdivider in conformity with said subdivision map or said agreement.
7. Subdivider shall furnish a bond in the sum of \$811,200.00 being the amount determined by the City Council of the City as necessary for the guarantee and warranty of the work for a period of one year following the completion and acceptance of the tract against any defective work or labor done, or defective materials furnished. Said bond is required to be furnished prior to acceptance of the tract by the City Council.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Planning and Development Services Department

DATE: July 7, 2025

SUBJECT: Planning and Development Services – Approval – Res. 25-____, Annexation of Proposed Tract 6457, located near the northeast corner of Shepherd Avenue and N. Sunnyside Avenue to the Landscape Maintenance District No. 1 of the City of Clovis. (Great Bigland, Inc., a California Corporation).

ATTACHMENTS: 1. Res. 25-____

RECOMMENDATION

For the City Council to approve Res. 25-____, which will annex proposed Tract 6547, located on near the northeast corner of Shepherd Avenue and N. Sunnyside Avenue to the Landscape Maintenance District (LMD) No. 1 of the City of Clovis.

EXECUTIVE SUMMARY

The owner, Great Bigland, Inc., a California Corporation, acting as the subdivider, has requested to be annexed to the LMD No. 1 of the City of Clovis as set forth by the Conditions of Approval for Tentative Tract 6205 which Tract 6457 is a phase of.

BACKGROUND

Great Bigland, Inc., a California Corporation, the developer of Tract 6457, has executed a covenant that this development be annexed to the City of Clovis, LMD No. 1. An executed copy can be provided on request. Council formed the original District on July 15, 1985, for the purpose of funding the maintenance of landscaped areas and parks.

Under the provisions of the Landscaping and Lighting Act of 1972 and in accordance with Article XIII C and Article XIII D of Proposition 218, all the owners of property proposed for annexation have provided a written request and consent to annexation and have executed a covenant (petition) indicating acceptance of the annual assessment.

FISCAL IMPACT

	Tract 6457	Year to Date
LMD Landscaping added:	0.0 acres	0.000 acres
Resource needs added:	0.0 persons	0.000 persons

The resource needs estimate is based on 1 person per 10 acres of landscaped area. The landscaped area to be added with this tract is all within a Homeowner's Association (HOA) and is to be maintained by the HOA which is why the figures above are all zero.

REASON FOR RECOMMENDATION

The property owners for the subject tract have requested annexation into the City of Clovis LMD No. 1.

ACTIONS FOLLOWING APPROVAL

Tract 6457 shall become a part of City of Clovis LMD No. 1 and will be assessed next year for maintenance costs.

CONFLICT OF INTEREST

None.

RESOLUTION 25-__

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS
APPROVING THE ANNEXATION TO LANDSCAPING MAINTENANCE DISTRICT NO. 1
OF THE CITY OF CLOVIS**

WHEREAS, City of Clovis Landscape Maintenance District No. 1 ("District") was formed by Resolution No. 85-78, adopted July 15, 1985, pursuant to Part 2 of Division 15 of the Streets and Highways Code (Landscape and Lighting Act of 1972), herein the "Act"; and

WHEREAS, all of the owners of property proposed to be annexed to the District consisting of proposed Tract No. 6457, as described in Attachment A attached hereto and incorporated herein by reference, have consented to said annexation and such annexation may be ordered without notice and hearing or filing of engineer's report, or both.

NOW, THEREFORE, BE IT RESOLVED, by the City of Clovis as follows:

1. That the public interest and convenience require that certain property described in Attachment A attached hereto and by reference incorporated herein be annexed into Landscape Maintenance District No. 1 of the City of Clovis for the maintenance and servicing of landscaping facilities.
2. The City Clerk shall receive and file the maps showing the boundaries of the areas annexed as set forth in Attachment A which boundaries shall be used for assessment proceedings until and unless a change of organization is approved pursuant to the Act.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Planning and Development Services

DATE: July 7, 2025

SUBJECT: Planning and Development Services – Approval – Authorizing the City Manager to execute a consultant agreement between the City of Clovis and LSA Associates, Inc. in the amount of \$149,289 for the preparation of the environmental studies for CIP 24-22 Cottonwood Park Pedestrian Bridge.

ATTACHMENTS: 1. Proposal
2. Vicinity Map

RECOMMENDATION

For the City Council to authorize the City Manager to enter into an agreement with LSA Associates, Inc., in the amount of \$149,289 for the required environmental work and permitting associated with CIP 24-22, Cottonwood Park Pedestrian Bridge.

EXECUTIVE SUMMARY

CIP 24-22 Cottonwood Park Pedestrian Bridge is a federally funded project under the Congestion Mitigation & Air Quality grant program.

To remain federally compliant, there is advanced environmental work that will be required to be completed as well as permitting that the City feels would be best for an experienced consultant to complete.

BACKGROUND

During the 2023/2024 Congestion Mitigation & Air Quality grant call for projects, the City applied for a pedestrian bridge to serve a connection point from Cottonwood Park to the Dry Creek Business Park. This project was well received by the scoring committee and awarded funds for both the design phase and construction.

Preliminary design work has been completed and now it is necessary to contract an experienced firm to begin the necessary environmental work and permitting to comply with the California Environmental Equality Act (CEQA) and the National Environmental Policy Act (NEPA).

LSA Associates, Inc., was selected from the City's list of authorized environmental consultants that was established for the Planning and Development Services (PDS) Department. The list was created through a competitive request for qualifications (RFQ) process, which resulted in a total of 10 firms being pre-qualified to perform in-depth environmental reviews for both public and private projects. The RFQ process is repeated, and the list of authorized consultants is refreshed, every two years. The most recent list was prepared in September of 2023. This process allows the City to select a firm and negotiate a scope of work and cost from any consultant on the list. LSA Associates, Inc., was selected because of the familiarity of their team with the Clovis area and their experience with environmental reporting and permitting associated with federally funded projects that require Caltrans review and approval.

FISCAL IMPACT

The required work and permitting will cost \$149,289. The City will utilize Measure C Pass-Through money that is allocated through the pedestrian/trails program.

REASON FOR RECOMMENDATION

Staff is requesting authorization for the City Manager to enter into an agreement with LSA Associates, Inc., for all the environmental work (CEQA and NEPA) and permitting that is required for CIP 24-22 Cottonwood Park Pedestrian Bridge.

ACTIONS FOLLOWING APPROVAL

Staff will begin drafting and finalizing a consultant service agreement for the City to enter with LSA Associates, Inc.

CONFLICT OF INTEREST

Councilmember Bessinger owns real property within 1,000 feet of the project site.

Prepared by: Tatiana Partain, Management Analyst

Reviewed by: City Manager AA

June 23, 2025

Tatiana Partain
 Management Analyst
 City of Clovis
 1033 Fifth Street
 Clovis, CA 93612

Subject: Proposal to Prepare Environmental Documentation for the Cottonwood Park Pedestrian Bridge Project

Dear Tatiana:

LSA is pleased to submit this proposal to prepare environmental documentation pursuant to the National Environmental Policy Act (NEPA) and California Environmental Quality Act (CEQA) for the proposed Cottonwood Park Pedestrian Bridge Project (project) for the City of Clovis (City). The project would connect Dry Creek Trail to North Pollasky Avenue in the Dry Creek Business Park. As part of the project, a new, single-span bridge would be constructed over Dry Creek. A 10-foot-wide path would connect North Pollasky Avenue to the proposed bridge and ultimately to the Dry Creek Trail and Cottonwood Park.

Based on our past experience, LSA believes that a Categorical Exclusion (CE) Initial Study/Mitigated Negative Declaration (IS/MND), supported by applicable technical studies, will be required pursuant to NEPA and CEQA. It is assumed that the California Department of Transportation (Caltrans) local assistance office will be the designated federal Lead Agency pursuant to NEPA, and the City will be the lead agency under CEQA.

LSA has assembled a project team that provides a full range of required expertise to successfully complete this assignment. **Kyle Simpson, Principal**, will provide overall quality assurance of all work undertaken and **Shanna Guiler, AICP, Associate**, will oversee and manage the project. LSA's team will prepare the technical analyses in support of the CE and IS/MND.

SCOPE OF WORK

The project is expected to qualify for a NEPA CE and a CEQA IS/MND. LSA proposes the technical studies outlined in Task 2 that are expected to be identified in the Preliminary Environmental Study (PES) form. These studies represent the minimum level of technical effort anticipated to be necessary.

The cost estimate assumes that all deliverables will be delivered electronically. Unless otherwise noticed, it also assumes that LSA and subconsultants, as appropriate would respond to one set of consolidated, non-contradictory comments from the City/Caltrans on each deliverable.

Task 1 Project Initiation

Task 1.1 Project Description

LSA will work closely with the project engineer to prepare a Draft Project Description. The Project Description will provide the level of detail necessary for the technical reports and environmental document to support thorough environmental impact analyses. For example, the Project Description will include details pertaining to the purpose of the new bridge; the existing environmental setting; a description of the proposed project elements; construction access and staging; and other essential project and construction details. A location map and graphics illustrating the project will also be prepared based on materials provided by the project engineer.

Preparation of the technical studies will commence after the Project Description is approved. Should the Project Description be altered after the Final Project Description is approved, additional scope and budget will be required.

LSA has included up to four (4) hours to respond to one set of consolidated, non-contradictory comments on the Draft Project Description from a concurrent review by the City and Caltrans.

Deliverable: *Project Description (Draft and Final)*

Task 1.2 Preliminary Environmental Study Form

LSA will prepare the Preliminary Environmental Study (PES) Form and identify environmental issues and required approvals for the project. The PES form will be submitted to Caltrans for signature prior to initiating technical studies. The preparation of the environmental technical studies (Task 2) would not begin until Caltrans concurs with the findings of the PES.

Identification of additional technical studies not identified in this scope of work would necessitate a scope and budget augment. This task assumes no field review will be required with Caltrans to confirm the PES form findings.

LSA has included up to four (4) hours to respond to one set of consolidated, non-contradictory comments on the Draft PES form from a concurrent review by the City and Caltrans.

Deliverables: *PES Form (Draft and Final)*

Task 2 Technical Studies

Task 2.1 Natural Environment Study – Minimal Impact

The project is located in a developed area that likely does not support high quality native or natural habitats. As such, a Natural Environment Study - Minimal Impact (NES-MI) is assumed for this project. The following describes specific tasks to be completed.

- **Review Existing Information.** LSA will search the California Natural Diversity Database (CNDDB) and California Native Plant Society (CNPS) Inventory of Rare and Endangered Plants for known

records in the project area. LSA will review U.S. Fish and Wildlife Service (USFWS) and California Department of Fish and Wildlife (CDFW) online portals/databases to identify species and habitats in the vicinity of project. Results of the literature review will be used to focus the field survey effort and to provide background information on the environmental setting of the project.

- *Conduct Site Visit.* Following the literature review, an LSA biologist will conduct a reconnaissance-level site visit to: (1) record information on existing plants, wildlife, and describe habitat conditions; (2) assess the potential for special-status species that occur in the project area; (3) identify any sensitive habitat features, including mapping the limits of waters of the United States/State and riparian habitat; and 4) confirm trees within the project area that may be removed. No protocol-level rare plant or wildlife surveys will be conducted. A final project footprint received in a georeferenced format (e.g., shapefiles) will be provided by the City prior to scheduling the site visit.
- *Resource Mapping.* Biological resources within the project area will be mapped by LSA and provided on a GIS-compatible topographic aerial photographs of the site at a scale of 1 inch = 200 feet.
- *Prepare NES-MI.* LSA will prepare a NES-MI in accordance with Caltrans' Standard Environmental Reference (SER). The findings of the field surveys and literature review will form the basis for the NES-MI. A separate aquatic resources delineation report is not proposed at this time based on the expectation the project will not require permits from the United States Army Corps of Engineers (USACE) or Regional Water Quality Control Board (RWQCB); jurisdictional limits information will be incorporated into the NES-MI.

LSA has included up to four (4) hours to respond to one set of consolidated, non-contradictory comments on the Draft NES-MI from a concurrent review by the City and Caltrans.

Deliverables: NES-MI (Draft and Final)

Task 2.2 Cultural Resource Studies

LSA, through its subconsultant, Peak & Associates, Inc. will conduct cultural resource studies that are needed to address requirements of Section 106 of the National Historic Preservation Act, NEPA, CEQA, and the *Programmatic Agreement among the Federal Highway Administration, the Advisory Council on Historic Preservation, the California State Historic Preservation Officer, the United States Army Corps of Engineers' Sacramento District, San Francisco District, and Los Angeles District, and the California Department of Transportation Regarding Compliance with Section 106 of the National Historic Preservation Act, as it Pertains to the Administration of Federal-aid Highway Program in California* (December 2024) (Section 106 PA).

The LSA team will conduct the following tasks to meet these requirements:

- *Coordination with Caltrans Staff.* Peak & Associates staff will discuss the project and scope with the identified Caltrans environmental staff and the District Archaeologist, if desired.
- *Area of Potential Effects Map.* LSA will work with the City and Peak & Associates to prepare an Area of Potential Effects (APE) map that conforms to Caltrans requirements. The APE map will include all areas of construction activities including staging areas. The APE map will be submitted to Caltrans for review and approval prior to conducting research and field studies.
- *Records Search.* Peak & Associates will conduct a records search for cultural resources in the APE and within a 1-mile radius at the South San Joaquin Valley Information Center of the California Historical Resources Information System. The records search will provide information on any recorded sites in or within a one-mile buffer area of the APE. Copies of records for sites within a one quarter mile radius will be requested and a field survey of the APE.
- *Field Survey.* An archaeological survey will be conducted by a qualified archaeologist. Historic maps and other sources will be reviewed by the qualified archaeologist, with results of the survey and research included in the report. Any sites found will be field recorded.
- *Native American Consultation.* A draft letter for the Native American Heritage Commission will be prepared for use by the City to initiate consultation. When a reply is received, letters will be prepared for the City to use for consultation with identified Native American groups and individuals who may have information on resources in the APE. In addition, Peak & Associates will send letters to local historical societies, requesting information on any resources of concern.
- *Prepare Reports.* Peak & Associates will prepare an Archaeological Survey Report (ASR) and Historic Property Survey Report (HPSR) that document the results of the above tasks. Based on a review of adjacent parcels on, it was assumed that a Historical Resources Evaluation Report (HRER) would not be needed to assess built-environment cultural resources. However, should Caltrans require such a study following review of the PES form, LSA and Peak & Associate will prepare a supplemental scope and cost estimate to prepare the HRER.

Deliverables: *APE Map (Draft and Final)*
 ASR (Draft and Final)
 HPSR (Draft and Final)

Task 2.3 Environmental Site Assessment

LSA, through its subconsultant, Krazan & Associates, Inc., will prepare a Phase I Environmental Site Assessment (ESA). The Phase I ESA will be conducted in accordance with the American Society for Testing and Materials (ASTM) E1527-21 Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process and in accordance with the “All Appropriate Inquiries Rule” (AAI) as codified in the Code of Federal Regulations (CFR) at 40 CFR Part 312 published by the U.S. Environmental Protection Agency (EPA) AAI Final Rule on November 1, 2005. The ESA would identify recognized environmental conditions and provide an opinion regarding

further action warranted at the project site, if any. The final copy of the Phase I ESA report will consist of an electronic copy and up to two bound copies upon request.

Deliverables: Phase I ESA (Draft and Final)

Task 2.4. Visual Impact Technical Memorandum

LSA through its subconsultant, Earthview Science will complete a *Questionnaire to Determine Visual Impact Assessment (VIA) Level*. Based on available information, LSA and Earthview Science anticipates that a VIA Memorandum will be prepared. This deliverable will assess the degree of impact on aesthetic resources. The VIA Memorandum will include character photos of the existing conditions of the project site to supplement the discussion on visual character and quality. The VIA Memorandum will not include analysis of specific viewpoints or preparation of visual simulations. If the level of detail required for the VIA exceeds the scope of a technical memorandum, an augment to this scope and budget will be required.

LSA and Earthview Science have budgeted six (6) hours for responding to one consolidated, non-contradictory set of comments on the Questionnaire and VIA Memorandum.

Deliverables: Questionnaire to Determine VIA Level
VIA Memorandum (Draft and Final)

Task 2.5 Community Impacts Memorandum

LSA will prepare a Community Impacts Memorandum to evaluate how the project may affect land use and planning. The Community Impacts Memorandum will also consider potential impacts to residents, businesses, neighborhoods, and larger social/economic considerations of the area. Finally, the project will be evaluated for consistency with applicable land use plans, policies, or regulations.

It is assumed that only minor impacts, if any, will be identified in the Community Impacts Memorandum and a full Community Impacts Assessment (CIA) will not be required. Existing conditions, such as demographic data, will be summarized. The project's potential impacts on emergency services, community facilities, and utilities will be assessed. Avoidance and minimization measures will be proposed, if needed.

LSA has budgeted four (4) hours for responding to one consolidated, non-contradictory set of comments on the Community Impacts Memorandum.

Deliverable: Community Impacts Memorandum (Draft and Final)

Task 2.6 Air Quality/Greenhouse Gas Emissions/Energy Impact Analysis

LSA will prepare an Air Quality/Greenhouse Gas Emissions/Energy Impact Analysis documenting anticipated construction-related impacts. LSA will describe the existing regulatory framework for air quality, energy, and greenhouse gas emissions, including existing laws and regulations. Construction activities associated with the project would generate increased particulate emissions associated with site preparation, grading, soil hauling, and other construction activities on the project site.

Construction equipment exhaust would also be a source of air pollution and greenhouse gas emissions. LSA will calculate the regional construction emissions and energy use using the latest version of the California Emissions Estimator Model (CalEEMod). These air pollution and greenhouse gas emissions will be compared to the thresholds of significance recommended by the San Joaquin Valley Air Pollution Control District (SJVAPCD).

Due to the distance of the nearest residential receptors (approximately 330 feet to the east), LSA will prepare a construction health risk assessment (HRA) using AERMOD and HARP to identify any potentially significant health risk impacts resulting from construction of the project. The construction HRA will address all applicable City, SJVAPCD, and State requirements. The construction HRA will determine the increased cancer risk and noncancer health risks to nearby sensitive receptors (i.e., residential uses) from exposure to construction activities and will compare the potential health risks to the SJVAPCD's health risk thresholds.

LSA will provide a quantitative assessment of greenhouse gas emissions associated with construction activities using CalEEMod. Neither the City nor SJVAPCD have adopted thresholds of significance for greenhouse gas emissions; therefore, this analysis will evaluate the project's consistency with Statewide reduction goals, including the *Justification Report: CEQA Thresholds for Evaluating the Significance of Climate Impacts from Land Use Projects and Plans*.

LSA will provide a quantitative assessment of energy consumption associated with construction activities using CalEEMod. Neither the City nor SJVAPCD have adopted thresholds of significance for energy consumption; therefore, this analysis will evaluate the project's energy impacts based on the CEQA Guidelines.

It is assumed that an Air Quality Conformity Analysis will not be required, and that no meeting with the Interagency Task Force will be required.

LSA will respond to one set of consolidated, non-contradictory comments on the Draft Air/Quality/Greenhouse Gas Emissions/Energy Impact Analysis from the City and Caltrans.

Deliverable: Air Quality/Greenhouse Gas Emissions/Energy Impact Analysis (Draft and Final)

Task 2.7 Noise and Vibration Technical Memorandum

A Noise and Vibration Technical Memorandum will be prepared for the project in accordance with 23 CFR 772 and the April 2020 Caltrans Traffic Noise Analysis Protocol. A traffic noise analysis is not required for this project because the project is classified as a Type 3 project (not a Type 1 project). However, noise levels generated from project construction will be evaluated based on the equipment expected to be used, its distance to existing adjacent off-site uses, length of a specific construction task, equipment power type (gasoline or diesel engine), load factor, and percentage of time in use.

The Federal Highway Administration (FHWA) recommended equipment noise emission levels will be used to describe construction noise levels in terms of maximum instantaneous noise levels (L_{max}) and

hourly equivalent continuous sound levels (L_{eq}). Potential construction noise impacts will be assessed based on Caltrans Standard Specifications, Section 14-8.02 and the City's Municipal Codes. Similarly, vibration levels generated from project construction will be evaluated based on the equipment expected to be used and its distance to existing adjacent off-site structures. Construction equipment vibration levels from the April 2020 Caltrans Transportation and Construction Vibration Guidance Manual will be used to describe construction vibration levels in terms of the peak particle velocity (PPV, measured in inches per second [in/sec]) for building damage and human annoyance, respectively. Potential construction vibration impacts will be assessed based on the sensitivity of the area directly adjacent to the project site and recommendations in the Caltrans Transportation and Construction Vibration Guidance Manual. The Noise and Vibration Technical Memorandum will be submitted as an Adobe Portable Document Format (PDF) file.

LSA has budgeted four (4) hours to respond to one set of consolidated, non-contradictory comments on the Noise Technical Memorandum.

Deliverable: *Noise and Vibration Technical Memorandum (Draft and Final)*

Task 2.8 Section 4(f) Coordination

Section 4(f) of the U.S. Department of Transportation Act of 1966 protects publicly owned land of a public park, recreation area, or wildlife and waterfowl refuge of national, State, or local significance, or a historic site of national, state, or local significance (as determined by the officials having jurisdiction over the park, area, refuge, or site).

As defined in 23 CFR 774.17, a "use" of Section 4(f) property occurs:

- When land is permanently incorporated into a transportation facility;
- When there is a temporary occupancy of land that is adverse in terms of the statute's reservation purpose as determined by the criteria in 23 CFR 774.13; or
- When there is a constructive use of a Section 4(f) property as determined by the criteria in 23 CFR 774.15.

The project would modify a likely Section 4(f) resource (Dry Creek Trail). It is assumed that the project would result in a *de minimis* impact. A *de minimis* impact is one that will not adversely affect the features, attributes, or activities qualifying the property for protection under Section 4(f). Based on this assumption, LSA will facilitate a coordination meeting between City departments (one of whom is the official with jurisdiction). Assuming the official with jurisdiction agrees with this determination, LSA will prepare a formal concurrence letter for the official's signature. The public notice associated with a *de minimis* determination will be concurrent with the public hearing for the IS/MND. The signed concurrence letter will be included as an attachment to the Draft IS/MND.

If the impact constitutes an impact greater than *de minimis*, an augment to the scope and budget will be required.

It is assumed that the required public notice for the Section 4(f) *de minimis* impact will be concurrent with the public noticing for the Draft IS/MND.

Deliverables: Section 4(f) Concurrence Letter

Task 3 NEPA/CEQA Documentation

Task 3.1 NEPA ECR

LSA anticipates that the NEPA document will be a CE under Title 23, Section 771.117(c)(3) of the Code of Federal Regulations. The use of this CE covers construction of bicycle and pedestrian lanes, paths, and related facilities. Caltrans typically prepares the NEPA CE based on the technical studies provided by the Lead Agency. If the project does not meet the requirements of this NEPA CE, the project may be required to prepare an Environmental Assessment (EA). The preparation of an EA would require an amendment to this scope of work and budget.

The FHWA is responsible for ensuring that avoidance and minimization measures identified during the NEPA process are implemented. An Environmental Commitment Records (ECR) is required to track and document environmental commitments throughout the project delivery process. Once the technical studies have been finalized (Task 2), LSA will prepare an ECR utilizing the current Caltrans Local Assistance ECR format. The ECR will provide a brief description of each measure, identify the page where the measure can be found in the environmental document, identify the responsible party and timing, and provide signature blocks for certification of completion of the measure.

Deliverables: ECR (Draft and Final)

Task 3.2 CEQA IS/MND

LSA will prepare three drafts of the IS/MND: an Administrative Draft IS/MND, a Screencheck Draft IS/MND, and a Public Review Draft IS/MND. Subsequently, LSA will prepare the Responses to Comments Memorandum.

Administrative Draft IS/MND. Using the technical studies from Task 2, LSA will prepare an Administrative Draft IS/MND. The Administrative Draft IS/MND will include the detailed project description developed as part of the project initiation task, and a summarized response for each topic that addresses each of the checklist questions. LSA will conduct an analysis of the project's impacts in the following topical areas: aesthetics; agriculture and forestry resources; air quality; biological resources; cultural resources; energy; geology and soils; greenhouse gas emissions; hazards and hazardous materials; hydrology and water quality; land use and planning; mineral resources; noise; population and housing; public services; recreation; transportation; tribal cultural resources; utilities and service systems; and wildfire. The Administrative Draft IS/MND will include the following components:

- Project Description (incorporated from Task 1)
- CEQA Environmental Checklist Form

- Mandatory Findings of Significance
- Contacts and Bibliography
- Mitigated Negative Declaration
- Technical Appendices

The Administrative Draft Initial Study will be provided to the City for review and comment. It is assumed that the City will review and consolidate all internal comments before they are submitted to LSA. LSA will provide an electronic version in Microsoft Word (MS Word) and PDF for review by City staff.

Screencheck Draft IS/MND. Based on a single set of consolidated and non-contradictory comments from City staff, LSA will amend the Administrative Draft IS/MND and will prepare a Screencheck Draft IS/MND for review. LSA will provide an electronic version of the Screencheck Draft for review by City staff to verify that all requested changes have been made and all appendix materials, references, and final graphics are acceptable. LSA will also provide the City with an electronic compare version of the Screencheck Draft. This version will show text changes made to the Administrative Draft IS/MND for the City to more easily confirm that all comments and edits have been fully incorporated into the Screencheck Draft IS/MND.

Public Review Draft IS/MND. LSA will make any necessary minor revisions to the Screencheck Draft IS/MND and prepare the Public Review Draft IS/MND. LSA will also prepare a Notice of Completion, in accordance with the *State CEQA Guidelines*, and coordinate with the City to distribute the Public Review Draft IS/MND pursuant to CEQA and City review procedures. LSA will coordinate with the City to confirm that LSA is still an assigned submitter (on behalf of the City) to submit the Public Review Draft IS/MND to the State Clearinghouse for public review. LSA will also provide the IS/MND in MS Word and PDF to allow the City to post these documents on their website. It is assumed that the document will not need to be 508 compliant. It is further assumed that the City will print any necessary hardcopies of the Public Review Draft IS/MND for distribution.

LSA will prepare a combined Notice of Intent to Adopt the Mitigated Negative Declaration/Public Hearing Notice, in accordance with the *State CEQA Guidelines*. The City will be responsible for local distribution and noticing.

Response to Comments Memorandum. LSA will review public and agency comments received on the Public Review Draft IS/MND during the 30-day public review period and will prepare responses to CEQA comments and identify any necessary changes to the Public Review Draft IS/MND in a memorandum format, as necessary. This scope and budget assume up to approximately 20 hours to prepare responses to comments. Should an unexpectedly large volume of comments be submitted, LSA will request an adjustment to the budget to cover work beyond the assumed level.

Upon adoption of the IS/MND, LSA will also provide the City with the Notice of Determination (NOD) to file with the County Clerk. LSA will submit a copy of the NOD to the State Clearinghouse (SCH) on

behalf of the City. LSA assumes that the City will be responsible for filing the NOD with the County Clerk and will provide payment for any filing fees.

Deliverables: Administrative IS/MND
Screencheck Draft IS/MND
Public Draft IS/MND
NOI/NOC/SCH Forms
Final IS/MND
NOD

Task 4. Project Management and Meetings

Shanna Guiler will manage the environmental review effort and coordinate the day-to-day activities associated with the project. LSA will provide written documentation of all substantive project developments in the form of client memorandums and/or phone conversation records and will follow up our submittals to outside parties and conduct coordination as necessary to ensure efficient and timely review. Project management tasks include regular client contact; contract management; oversight of subconsultants and team members; schedule coordination; and development of products.

Kyle Simpson will serve as the Principal-in-Charge and will ultimately be responsible for quality assurance for all work undertaken and will review all prepared text, tables, and graphics before these materials are presented as administrative review documents. He will also be available for consultation on environmental review procedural matters.

This scope and budget assume that LSA will attend up to 12 virtual project team meetings and one public hearing for adoption of the IS/MND. Additional meetings and/or public hearings will be billed on a time and materials basis consistent with our On-Call Contract.

Task 5. Regulatory Agency Permitting

Based on our current understand of the proposed project, a Streambed Alteration Agreement may be needed from the CDFW. This will be confirmed during preparation of the NES and upon review of the final bridge design. Permits from the RWQCB and USACE are not expected to be necessary, as long as temporary and permanent project impacts do not occur within their jurisdictional boundaries, which are smaller than the CDFW's boundaries. If at any point during the execution of this scope this assumption has changed, LSA will provide a revised scope and fee for the additional permits.

LSA will prepare a draft Notification of Lake or Streambed Alteration for City review and comment. Please note that LSA will require several pieces of information not related to biological resources to prepare the notification. Once approved by the City, LSA will upload that information into the CDFW's Environmental Permit Information Management System (EPIMS). Please note that the City will need to have an EPIMS account and will need to request approval from the CDFW to associate LSA with that account. LSA will guide the City through the process as needed. Our experience with CDFW Region 4 suggests that at least one Notice of Incomplete will be received, requesting

additional information. One round of review and responses to CDFW questions and comments has been included.

SCHEDULE AND BUDGET

The attached schedule provides a proposed schedule for completion LSA's scope of work. Based on this schedule, LSA anticipates completion of the CEQA and NEPA scope of work within 12 months of authorization to proceed and receipt of relevant project information and background data. However, the schedule is highly dependent upon reviews and approvals from both the City and Caltrans. As always, we are open to discussing revisions to this schedule, if desired.

For completion of the scope of work discussed above, LSA proposes a total budget of \$149,289 (see attached cost estimate).

As you review the proposal, please let us know any suggestions for modifying both scope and budget. If you have any questions or comments, you can contact me by e-mail at Kyle.Simpson@lsa.net.

Thank you for the opportunity to provide you with this proposal!

Sincerely,

LSA Associates, Inc.

Theresa Wallace, AICP

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Planning and Development Services Department

DATE: July 7, 2025

SUBJECT: Planning and Development Services – Approval – Authorize the City Manager to execute a purchase agreement and associated documents with Behymer/Minnewawa for a property located at 3778 East Behymer, Clovis, CA, LLC, in the amount of \$3,700,000.

ATTACHMENTS: 1. Vicinity Map
2. Purchase Agreement

RECOMMENDATION

For the City Council to authorize the City Manager to execute an agreement and associated documents with Behymer/Minnewawa, LLC, for the purchase 3778 East Behymer, Clovis, CA, in the amount of \$3,700,000.

EXECUTIVE SUMMARY

Approval of this request would authorize the City Manager to execute a purchase agreement for the acquisition of approximately 20 acres of land located at 3778 Behymer Avenue. The negotiated purchase price for the property is \$3,700,000. The site is being acquired for its potential future use to support the future water infrastructure needs for the City.

The property being adjacent to the Enterprise Canal makes it a strategically valuable location for a water treatment or water recharge facility. While no formal project has been proposed at this time, securing the site preserves a critical opportunity to support long-term utility infrastructure planning and water service capacity needs for the City. Acquisition of this site ensures that the City retains flexibility to meet future water infrastructure needs. Acquisition of the property is budgeted and will be funded by the Water Capital Projects Developer account.

BACKGROUND

Per City Council direction, staff has been actively negotiating to secure property that would support the City's long-term water infrastructure needs. In alignment with this direction, staff has negotiated the potential acquisition of approximately 20 acres of land owned by Behymer/Minnewawa, LLC, located at 3778 Behymer Avenue, adjacent to the Enterprise Canal. The negotiated purchase price for the property is \$3,700,000.

The subject property presents a strategically advantageous location due to its proximity to the Enterprise Canal, making it particularly well-suited for a future water treatment or groundwater recharge facility. As the City continues to grow, ensuring access to secure and reliable water resources remains a top priority. While no formal project has been proposed at this time, acquiring the site at this stage is a proactive measure to preserve the City's ability to respond to future utility demands. The acquisition also reduces the risk of property becoming unavailable or substantial increases in costs due to appreciating land values or competing development interests.

An appraisal of the subject property was completed by James G. Palmer Appraisals, Inc., on November 10, 2024. The appraisal determined a fair market value of \$150,000 per acre, for a total estimated value of \$2,978,000. Staff used this valuation to make an initial offer to property owner. On March 19, 2025, the property owner submitted a counteroffer proposing a purchase price of \$3,700,000, or approximately \$186,000 per acre. They based this counteroffer on their internal knowledge of activity occurring in the Heritage Grove area.

While this counteroffer exceeds the appraised valuation, the City's appraiser indicated there are several factors that support the reasonableness of the proposed purchase price:

- **Lack of Comparable Sales:** There have been few recent sales of comparable properties in the area. Most sales activity has occurred in less desirable market areas, limiting the availability of direct comparable property sales.
- **Market Dynamics:** The subject property is situated in a strategic location within the path of growth and future development. Despite limited recent sales, the area is expected to experience continued development activity and value appreciation in the near to mid-term.
- **Ownership Concentration:** A very limited number of property owners control much of the surrounding land, which further limits market activity and transactional data. This concentration restricts opportunities for open-market competition, influencing valuation dynamics.

Given these conditions, and following discussions with the property owner, staff and the appraiser believe that the offered price falls within a reasonable range, particularly when viewed in light of the property's long-term strategic value to the City. Execution of the proposed agreement will allow the City to open an escrow account and complete the property purchase transaction.

Compliance with the California Environmental Quality Act (CEQA)

The proposed action is limited to the acquisition of property for potential future use as a water treatment facility. At this time, there is no approved project, no proposed facility design, and no commitment to develop the site. Accordingly, the acquisition qualifies for exemption from environmental review under the California Environmental Quality Act (CEQA), as detailed below.

Pursuant to CEQA Guidelines § 15061(b)(3) (Common Sense Exemption), this activity is exempt because it can be seen with certainty that there is no possibility that the acquisition itself will have a significant effect on the environment. The land purchase will not cause any physical change in the environment, nor does it include any approval of development or construction.

Additionally, in accordance with CEQA Guidelines § 15004(b)(2)(A), land acquisition prior to CEQA review of a proposed project is appropriate where no formal commitment is made to a definite course of action. Any future project involving development or construction on the site will be subject to full CEQA compliance, including environmental review and public disclosure, before any approval or implementation.

FISCAL IMPACT

The purchase price of the property is \$3,700,000. There will be some minor incidental costs in escrow, however those costs are unknown at this time. Staff expects the costs to be less than \$5,000 and can be paid for by current miscellaneous budgeting. Funds have been budgeted for this property purchase in the Water Capital Projects Developer account. There will be no fiscal impact to the General Fund.

REASON FOR RECOMMENDATION

Approval of the item will allow the City to proactively secure a strategically located property that can support the City's long-term water infrastructure planning efforts. Available land is limited that meets the City's criteria for size and location. Acquisition of this site avoids the future risk of property meeting the City's criteria becoming unavailable or being significantly more expensive. For these reasons, staff recommends approval of this item.

ACTIONS FOLLOWING APPROVAL

1. Staff will file a notice of exemption in compliance with CEQA.
2. Staff will execute the agreement and all other necessary documents and close escrow.

CONFLICT OF INTEREST

None.

**PURCHASE AND SALE AGREEMENT
AND ESCROW INSTRUCTIONS
BETWEEN BEHYMER/MINNEWAWA, LLC
AND CITY OF CLOVIS**

(3778 East Behymer, Clovis, CA 93619)

PREAMBLE

This Purchase and Sale Agreement and Escrow Instructions (this “Agreement”) is entered into June 10, 2025 (the “Effective Date”) between Behymer/Minnewawa, LLC, a California limited liability company, or its assignee (the “Seller”), and CITY OF CLOVIS, a California municipal corporation (the “Buyer” or the “City”) (individually, a “Party,” and collectively, the “Parties”) on the terms and conditions which follow.

RECITALS

WHEREAS, the Seller desires to sell real property consisting of approximately 19.85 gross acres in the County of Fresno, California, more particularly described in Exhibit A and depicted in Exhibit B attached hereto and incorporated herein by reference (the “Property”); and

WHEREAS, the Buyer desires to acquire the Property for municipal public facility needs; and

WHEREAS, acquisition by the Buyer of the Property is in lieu of condemnation; and

WHEREAS, this Agreement and related documents set forth the complete understanding of the Parties.

TERMS, CONDITIONS AND COVENANTS

NOW, THEREFORE, the Parties agree as follows:

**ARTICLE I
DEFINED TERMS**

For purposes of this Agreement, the terms set forth herein shall have the following meanings:

1.01 Close of Escrow. “Close of Escrow” means the close of escrow for all purposes upon the Parties’ satisfaction of their respective duties pursuant to this Agreement shall occur within fifteen (15) days after all conditions set forth in Article V hereof are met and escrow provisions are complied with pursuant to Article IX hereof (the “Closing Date”).

1.02 Deed. “Deed” means a grant deed or deeds or similar instrument conveying title to the Property described herein from the Seller. The Seller warrants that, as of the Close of Escrow, it shall have full, legal and equitable title to convey the Property described herein.

1.03 Due Diligence Period. “Due Diligence Period” means the Buyer’s sixty (60) day feasibility period provided for in section 5.03 below. The Due Diligence Period begins as of the Effective Date.

1.04 Escrow. “Escrow” means that escrow opened with Old Republic Title Company, 7451 N. Remington Avenue, Suite #102, Fresno, CA 93711, as Escrow Number 1415000752-ME.

1.05 Escrow Holder. “Escrow Holder” means Old Republic Title Company, 7451 N. Remington Avenue, Suite #102, Fresno, CA 93711; telephone number: (559) 835-0000; facsimile number: (559) 545-0047; Marie Esparza, Escrow Officer (direct telephone number: (559) 835-0000; email address: mesparza@ortc.com).

1.06 Escrow Instructions. “Escrow Instructions” means (a) the provisions of this Agreement requiring any action by or compliance on the part of the Escrow Holder; (b) escrow instructions known as “general provisions” which are pro forma escrow instructions of Old Republic Title Company (to the extent such escrow instructions do not conflict with the escrow instructions specifically set forth in this Agreement); and (c) any other or supplemental instructions as may from time to time hereafter be signed and delivered by the Parties to the Escrow Holder. In the event of any conflict between this Agreement and the “general provisions” of Old Republic Title Company’s escrow instructions, the escrow instructions contained herein shall govern.

1.07 Preliminary Title Report. “Preliminary Title Report” means that Amended Preliminary Title Report prepared by Old Republic Title Company and dated September 20, 2024, or as the same may be amended before the Close of Escrow, and attached hereto as Exhibit C and incorporated herein by reference.

1.08 Total Purchase Price. “Total Purchase Price” means the price, set forth in Section 2.02 below, to be paid by the Buyer to the Seller as total consideration for the purchase and sale of the Property.

1.09 Property. “Property” means the real property that is described in Exhibit A and depicted in Exhibit B, both of which are attached hereto and incorporated herein by reference.

1.10 Title Company. “Title Company” means Old Republic Title Company.

1.11 Title Policy. “Title Policy” means an owner's policy of title insurance, CLTA Standard Coverage Policy, to be issued at the Close of Escrow by Old Republic Title Company in the amount as specified to the Escrow Holder by the Buyer before the Close of Escrow.

ARTICLE II AGREEMENT OF SALE

2.01 Purchase and Sale. Subject to the terms and provisions of this Agreement, the Seller agrees to sell to the Buyer and the Buyer agrees to purchase from the Seller all of the Seller's right, title and interest in the Property, including any and all improvements thereon.

2.02 Total Purchase Price. The Total Purchase Price for the Property, to be paid as described in Article VII hereof, shall be the sum of Three Million Seven Hundred Thousand Dollars (\$3,700,000.00). The Total Purchase Price shall be inclusive of any additional sums as calculated by the Title Company and approved by the Buyer for escrow fees and the cost of the policy of title insurance in accordance with local custom pursuant to Section 7.01 below.

2.03 Acquisition of the Property Under Threat of Eminent Domain. The Buyer acknowledges that the Seller is selling the Property to the Buyer, and the Buyer is acquiring the Property, under threat of eminent domain proceedings pursuant to the authority vested in the Buyer as a California municipal corporation under Government Code section 37350.5 and Article I, section 19 of the California Constitution. The Seller acknowledges that there are reasonable grounds to believe that the Buyer will take the necessary steps to condemn the Property, as the Seller is unwilling to sell voluntarily.

ARTICLE III THE SELLER'S REPRESENTATIONS AND WARRANTIES

The Seller covenants, represents and warrants the following:

3.01 Full Authority to Convey All Interest in the Property. The Seller has the full right, power and authority to execute this Agreement, and related title documents, has the full right, power and authority to perform all of the obligations hereunder, and has the full right, power and authority to dispose of or otherwise convey the Property as described herein, and this Agreement constitutes the legal, valid and binding obligation of the Seller, enforceable against the Seller by its terms. The Seller represents that it has secured, or will secure before Close of Escrow, all appropriate consents necessary, if any, to consummate this Agreement. The Title Company shall satisfy itself that the Seller has full right, power and authority to execute this Agreement and to convey all right, title and interest set forth herein.

3.02 Compliance with Applicable Law and No Pending Litigation Against the Property. To the best of the Seller's knowledge, there is no violation of federal, state, local law, code, ordinance, rule, regulation or requirement, nor is there any pending or threatened litigation in connection with the Property which would prohibit the sale of the Property to Buyer or prohibit the development of 3778 East Behymer, Clovis, CA 93619 (APN No. 580-072-38).

3.03 No liens Securing Payment or Other Obligations on the Property. The Seller warrants that the Property is not encumbered, or will not be encumbered by the time of the Close of Escrow, by liens securing payment for other obligations which, if not performed, would entitle a third-party or entity to foreclosure on the Property as collateral. The Seller agrees to pay any

general and special taxes which are delinquent on the Property and to pay any special assessments due on the Property as of the date of the Close of Escrow. Buyer shall not be responsible for any general and special taxes, even if placed on the unsecured tax roll. Such taxes shall be the responsibility of the Seller. Any special assessments may be apportioned as of the date of close of escrow.

3.04 Hazardous Substances. Buyer acknowledges that as of the Effective Date, it has completed and reviewed a Phase I Environmental Site Assessment on the Property. To the best of the Seller's knowledge, (a) the Property is not in violation of any federal, state or local law, ordinance or regulation relating to industrial hygiene or to environmental conditions on, under or about the Property (collectively, "Hazardous Substance Laws"), including but not limited to soil and groundwater conditions; and (b) neither the Seller nor any other person has used, generated, manufactured, stored or disposed of on, under or about the Property or transported to or from the Property any flammable explosives, radioactive materials, hazardous wastes, toxic substances or related materials ("Hazardous Substances") in violation of any Hazardous Substance Law. For the purpose of this Agreement, Hazardous Substances include, without limitation, oil, natural gas or other petroleum or hydrocarbon substances; substances defined as "hazardous substances," "hazardous materials," "toxic substances," "hazardous wastes," "extremely hazardous wastes" or "restricted hazardous wastes" or stated to be known to cause cancer or reproductive toxicity under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Sections 9601, et seq.; the Hazardous Materials Transportation Act, as amended, 49 U.S.C. Sections 1801, et seq.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. Sections 6901 et seq.; the Federal Water Pollution Control Act, as amended, 33 U.S.C. Sections 1317, et seq.; the California Hazardous Substance Act, as amended, California Health and Safety Code Sections 28740, et seq.; the California Hazardous Waste Control Act, as amended, California Health and Safety Code Sections 25100, et seq.; the California Safe Drinking Water and Toxic Enforcement Act, as amended, California Health and Safety Code Sections 24249.5, et seq.; the Porter-Cologne Water Quality Act, as amended, California Water Code Sections 1300, et seq.; or any substances so defined or stated in any of the regulations adopted and publications promulgated pursuant to said laws.

ARTICLE IV THE BUYER'S REPRESENTATIONS AND WARRANTIES; DISCLAIMERS

The Buyer covenants, represents and warrants the following:

4.01 Authority to Acquire the Property. The Buyer represents and warrants that, upon ratification of this Agreement by the Buyer's City Council, subject to the conditions precedent set forth in Article V hereof, the Buyer will have full authority to carry out the provisions of this Agreement and this Agreement constitutes the legal, valid and binding obligation of the Buyer enforceable against the Buyer by its terms.

4.02 [Reserved]

4.03 The Buyer's Acceptance of the Property "As-Is". Except for the Seller's representations or warranties expressly set forth in this Agreement, the Seller is selling, and the Buyer is acquiring, the Property "as-is," and in its current physical condition as of the Close of Escrow, without any representations or warranties, express or implied.

ARTICLE V CONDITIONS PRECEDENT

The obligation of the Buyer and the Seller to complete this transaction pursuant to this Agreement is subject to the satisfaction, at or before the Close of Escrow, of the conditions contained herein. The Buyer and the Seller agree that each Party will, in good faith, endeavor to remove all said contingencies and conditions which are within the control of the respective Party. The following are conditions precedent to the performance of this Agreement:

5.01 Condition of Status of Title; Pro Forma Policy of Title Insurance Review and Approval. Seller shall convey title to the Property to Buyer free and clear of all title defects, liens, encumbrances, conditions, covenants, restrictions, and other adverse interests of record or known to Seller, subject only to the following title exceptions ("Permitted Exceptions"): title exceptions numbered 1, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 and 14 as described in the Preliminary Title Report attached hereto as Exhibit C. Any delinquent taxes or taxes due on the Property shall be paid up to the date of vesting title in the Buyer through the Escrow and pursuant to Section 3.03. If the Preliminary Title Report is amended during Escrow, the Buyer shall have ten (10) business days from receipt of the amended Preliminary Title Report to review or object to any additional printed exceptions to the Preliminary Title Report. If the Buyer does not object to the new printed exceptions, the Buyer shall be deemed to have accepted the new printed exceptions. Buyer reserves the right to waive any Excluded Exception which shall be specified in a written escrow instruction to the Escrow. Notwithstanding the foregoing, the Buyer is not required to give notice of disapproval of debts; liens, mortgages, or deeds of trust to secure debts; delinquent taxes; or other financing or monetary encumbrances upon the Property, it being expressly understood and agreed that such items are not Permitted Exceptions and must be removed from the Title Policy before the Close of Escrow. If the Buyer objects to any new printed exception and the Seller, despite reasonable efforts, is unable to have the exception removed by the Close of Escrow, the Buyer may terminate this Agreement, in which case the Total Purchase Price will be returned to the Buyer and neither Party shall have any further obligations hereunder.

Prior to Close of Escrow, Title Company shall issue a *pro forma* title policy to the Buyer for written approval before Close of Escrow.

5.02 Condition of Issuance of Policy of Title Insurance. At the Close of Escrow, the Title Company shall be prepared to issue the Title Policy in the name of the Buyer for marketable title, free of restrictions, liens, and encumbrances except as to the Permitted Exceptions, or otherwise approved in writing by the Buyer.

5.03 Due Diligence Period.

(a) Following the opening of Escrow, Buyer may further investigate and research the suitability and feasibility of the Property for use consistent with a municipal public facility for a

period of sixty (60) days ("Due Diligence Period"). The matters subject to Buyer's investigation and testing under this Section include land use, entitlement, financing, regulatory, and legal due diligence, engineering studies, geotechnical studies (which may include the taking of soil and other samples), physical inspections, and environmental surveys with respect to the Property. To facilitate Buyer's investigation and analysis under this paragraph, Seller grants Buyer and its consultants the right to enter the Property at any time during normal business hours during the Due Diligence Period to conduct such inspections, reviews, examinations, and tests on the Property as Buyer deems necessary or desirable to investigate the physical condition of the Property, as well as access to all material documents relating to the physical and title condition of the Property within Seller's possession (but Seller makes no representation regarding the accuracy or completeness of the documents). Buyer shall provide 24 hours' notice to Seller, through Seller's designated agent, prior to any such entry. Buyer agrees to require any third party contractor, consultant or other investigative agent who will be entering the Property to maintain valid worker's compensation and commercial general liability insurance policies to cover its activities on the Property. At least two (2) days before entering on the Property, Buyer shall deliver to Seller a certificate of insurance evidencing insurance coverage in compliance with the terms of this Section. The insurance required under this Section shall include a commercial general liability insurance policy having coverage of at least One Million and 00/100 Dollars (\$1,000,000.00) occurrence, Two Million and 00/100 Dollars (\$2,000,000.00) aggregate. The insurance policy shall be primary and noncontributing with any insurance which may be carried by Seller, and shall designate Seller as an additional insured. Buyer agrees to indemnify and hold harmless Seller for any injuries or damages Buyer or its agents may suffer while inspecting the property. The purchase is contingent upon Buyer's written approval of the condition of the Property. At the expiration of the 60-day Due Diligence Period, Buyer may, at its sole discretion, either: (1) accept the condition of the Property and close escrow; or (2) reject the condition of the Property and cancel escrow with no further obligation other than payment of any escrow fees incurred.

ARTICLE VI ESCROW CLOSING COSTS, FEES AND CHARGES

Except as the Parties may otherwise agree in writing, they will share all escrow and title costs, fees, and charges for this purchase equally in accordance with the customary practice in Fresno County. The Buyer shall pay the costs of a standard CLTA title policy. All other fees and costs not specifically allocated herein shall be borne by the Parties in accordance with the custom of Fresno County. Taxes shall not be pro-rated in order to comply with the cancellation of taxes on vesting of title in a public agency pursuant to California Revenue and Taxation Code section 5081, et seq. and set forth in subsection 9.07(A) below. It should be noted that the Buyer, as a public agency (a municipal corporation), is exempt from certain charges such as recording fees and documentary transfer taxes pursuant to California Government Code sections 6103 and 27383. See also Section 3.03 of this Agreement.

ARTICLE VII PAYMENT OF TOTAL PURCHASE PRICE

7.01 Payment of the Purchase Price. Prior to the Close of Escrow, Buyer shall deposit the Total Purchase Price, plus any additional sums as calculated by the Title Company and approved by the Buyer for escrow fees and the cost of the policy of title insurance in accordance with local custom.

Article VIII TITLE INSURANCE

Upon the Close of Escrow, the Escrow Holder shall cause the Title Company to issue a policy of title insurance pursuant to Section 5.01 above and Article VI hereof for the Property to the Buyer subject only to the Permitted Exceptions.

ARTICLE IX ESCROW PROVISIONS

In addition to the provisions relating to the Escrow Holder stated in other sections of this Agreement, the Escrow Holder shall abide by the following provisions and instructions for vesting of title in the Buyer:

9.01 Escrow. The transfer of documents and funds contemplated herein for the purchase and sale of the Property shall be effected through the Escrow.

9.02 Conditions to the Close of Escrow. The following shall constitute conditions precedent to the Close of Escrow which may be waived only by written waiver executed by the Seller or the Buyer as applicable:

A. The Buyer shall have deposited with the Escrow Holder the amount of the Total Purchase Price as provided in Article VII above, and the Buyer's share of Escrow costs and fees as described herein, and all of the items required for vesting title pursuant to this Agreement;

B. The Buyer shall not be in breach or default of any provision herein;

C. The Buyer's warranties and representations as set forth herein are true as of the Close of Escrow;

D. The Seller shall have deposited with the Escrow Holder all of the items required under this Agreement for vesting title;

E. The Seller shall not be in breach or default of any provision herein;

F. The Seller's warranties and representations as set forth herein are true as of the Close of Escrow; and

G. The Title Company shall be committed to issue and shall issue, as of the Close of Escrow, the Title Policy without the exceptions noted or objected to by the Buyer as set forth in this Agreement.

9.03 The Seller's Deliveries to the Escrow Holder. On or before the Close of Escrow, the Seller shall deliver, or cause to be delivered, to the Escrow Holder, the following:

- A. The Deed in a form approved by the Title Company and the Buyer;
- B. Such other documents as, in the opinion of the Escrow Holder, are necessary from the Seller to carry out the provisions of this Agreement.

9.04 The Buyer's Deliveries to the Escrow Holder. On or before the Close of Escrow, the Buyer shall deliver, or cause to be delivered, to the Escrow Holder, the following:

- A. A warrant or check in the amount of the Remaining Purchase Price, as described in Article VII above, and the Buyer's Escrow fees and costs in accordance with local custom. Unless otherwise instructed by the Escrow Holder, the warrant shall be drawn to the order of Chicago Title Company;
- B. A certificate of acceptance, pursuant to Government Code Section 27281, in substantially the form attached hereto as Exhibit D and incorporated herein by reference; and
- C. Such other documents as, in the opinion of the Escrow Holder, are necessary from the Buyer to carry out the provisions of this Agreement.

9.05 Close of Escrow. The Close of Escrow shall be conducted within the time frame as described in Section 1.01 above, subject to satisfaction of conditions precedent to the Close of Escrow set forth in this Agreement.

9.06 Defaults and Remedies.

A. The Seller's Default. The Seller will be in default under this Agreement if (a) the Seller fails to perform any of the Seller's covenants, obligations or agreements under this Agreement; or (b) if any of the Seller's representations and warranties contained in this Agreement are, or become, untrue or inaccurate in any material respect, provided that the Seller will have ten (10) business days to cure such a default (or such longer period as is required in the exercise of due diligence, not to exceed twenty (20) business days, if the Seller commences such cure within the initial ten (10) business-day period) after the Seller receives written notice of such default from the Buyer (the "Seller's Default").

B. The Buyer's Default. The Buyer will be in default under this Agreement if (a) the Buyer fails to perform any of the Buyer's covenants, obligations or agreements under this Agreement, or (b) if any of the Buyer's representations and warranties contained in this Agreement are, or become, untrue or inaccurate in any material respect, provided that the Buyer will have ten (10) business days to cure such a default (or such longer period as is required in the exercise of due diligence, not to exceed twenty (20) business days, if the Buyer commences such

cure within the initial ten (10) business-day period) after the Buyer receives written notice of such default from the Seller (“Buyer’s Default”).

9.07 The Escrow Holder's Duties at the Close of Escrow. At the Close of Escrow, the Escrow Holder shall:

A. Ascertain any unpaid or delinquent taxes or assessments due for general and special taxes and for special assessments. Upon ascertainment of any such amount, require the Seller to deposit or deduct such amounts from the amount due for the Property the equivalent for such delinquent taxes or assessments. As the City is a public agency, the Escrow Holder shall comply with the provisions of California Revenue and Taxation Code Sections 5081, et. seq. regarding cancellation of taxes on exempt property. In no event shall taxes be collected, or collectible, from the City. See also Section 3.03.

B. To the extent there is any special assessment on all or any portion of the Property, the Escrow Holder shall notify the Seller and the Buyer of the prorated share due with regard to any such assessments before the time of the Close of Escrow.

C. Prepare any preliminary or change of ownership statements as required by law with respect to the Close of Escrow.

D. Deliver the Title Policy as required and requested by the Buyer as described in this Agreement at the Close of Escrow.

E. At the Close of Escrow, deliver to the Seller the payment on vesting of title, as described in Section 7.01 above, less Escrow costs and any adjustments, if applicable, as described herein and less amounts, as necessary, to remove liens and encumbrances, as described in Section 5.02 above.

F. Perform such other duties as, in the opinion of the Escrow Holder, are necessary to carry out the terms and provisions of this Agreement.

G. The Escrow Holder shall provide the Parties, at least ten (10) business days before the Close of Escrow, pro forma closing statements in addition to providing a pro forma policy of title insurance to the City. The Escrow Holder shall also notify the City ten (10) business days in advance of the Close of Escrow of the amount due from the City.

9.08 Distribution of Escrow Documents. The Escrow Holder shall deliver and distribute the following documents:

A. To the Seller, a proposed and final Seller’s closing statement;

B. To the Buyer, a proposed and final Buyer’s closing statement and pro forma policy of title insurance;

C. To the Seller, a copy of the recorded Deed, which shall be mailed to the Seller as set forth in Article XI hereof;

D. To the Buyer, after recordation, the originals of the Deed and the Title Policy mailed to:

City of Clovis
Attention: Thad Avery, City Engineer
1033 Fifth Street, Clovis, California 93612;

E. To the Buyer and the Seller, copies of such other documents, if any, not referenced herein and which are recorded at the Close of Escrow.

ARTICLE X WAIVER OF PROVISIONS

Waiver by the Seller, or the Buyer, of any breach of any term, covenant or condition by the Buyer or the Seller, as the case may be, contained in this Agreement shall not be deemed to be a waiver of any subsequent breach of the same or of any other term, covenant or condition contained in this Agreement by the Buyer or the Seller as the case may be. Waiver of any provision of this Agreement shall be in writing.

ARTICLE XI NOTICES

Any notice, demand, approval, consent, or other communication between the Parties shall be in writing and shall be deemed duly given on the date of service if served personally or by courier or overnight service, or by facsimile (provided that the sender of a facsimile has received a confirmation of successful transmission by the sending machine, or acknowledgment of receipt from the receiving Party), and upon the second business day after mailing, if mailed by first-class, registered or certified mail, properly addressed as follows:

Any Party may change its address for purposes of this Article XII by giving the other Party written notice of the new address in the manner set forth above.

ARTICLE XII [RESERVED]

ARTICLE XIII BINDING EFFECT

13.01 Binding Effect. This Agreement is binding upon the heirs, successors, and assigns of the Parties.

ARTICLE XIV MISCELLANEOUS PROVISIONS

14.01 Further Documents. The Parties hereto agree to make, execute and deliver such documents and undertake such other and further acts as may be reasonably necessary or convenient to carry out the intent of the Parties to this Agreement.

14.02 Entire Agreement. This Agreement, plus such ancillary agreements as the Parties may execute in addition to this Agreement, and any and all related documents to consummate this Agreement, set forth the entire agreement between the Seller and the Buyer and supersede all prior negotiations and agreements, written or oral, concerning or relating to the subject matter hereof.

14.03 Invalidity of Any Provision. If any provision of this Agreement as applied to either Party or to any circumstance shall be adjudged by a court of competent jurisdiction to be void or unenforceable for any reason, the same shall in no way affect (to the maximum extent permissible by law) any other provision of this Agreement, the application of any such provision under circumstances different from those adjudicated by the court, or the validity or enforceability of this Agreement as a whole.

14.04 Amendments in Writing. No addition to or modification of any provision contained in this Agreement shall be effective unless fully set forth in writing and signed by both Parties hereto.

14.05 Time is of the Essence. Consistent with the conditions as described in Article V hereof, and the payments pursuant to Article VII hereof, time is of the essence in this Agreement and each and every provision hereof. Although time is of the essence in this Agreement, this provision shall not cause an automatic forfeiture and shall be construed in accordance with traditional principles of equity.

14.06 Governing Law and Venue. This Agreement and all documents provided for herein and the rights and obligations of the Parties hereto shall be governed in all respects, including validity, interpretation, and effect, by the laws of the State of California. Venue for purposes of the filing of any action regarding the enforcement or interpretation of this Agreement and any rights and duties hereunder shall be Fresno County, California.

14.07 Headings. Headings at the beginning of each section and subsection hereof are solely for the convenience of the Parties and are not to be construed as enlarging or limiting the language following said headings.

14.08 Construction. Whenever the context of this Agreement requires, the singular shall include the plural, and the masculine, feminine and neuter shall include the others. This Agreement shall not be construed as if it had been prepared by one of the Parties, but rather as if both Parties had prepared this Agreement. This Agreement consists of not only this Agreement, but also any and all related documents necessary to consummate the purchase of the Property.

14.09 Survival of Warranties and Covenants. All of the covenants, representations and warranties set forth herein, which are intended to bind the Parties after the vesting of title in the Buyer, shall survive the Close of Escrow and delivery of the Deed.

14.10 Execution in Counterparts. The execution of any document, including this Agreement, may be made in counterpart such that each document, when all signatures are appended together, shall constitute a fully executed original or copy thereof. Copies of signatures shall have the same force and effect as original signatures.

14.11 Assignment. This Agreement shall be binding upon and shall inure to the benefit of Buyer and Seller and their respective representatives, successors and assigns as may be permitted below. With ten (10) days' notice to Buyer and a minimum of twenty (20) days' prior to Close of Escrow, Seller shall have the right to assign this Agreement or any interest or right under this Agreement or under the Escrow without obtaining the prior written consent of Buyer. Notwithstanding the above, provided that the Closing Date shall not be extended thereby, Seller may assign this Agreement to (i) an affiliate of Seller and/or to any entity which it shall form for the purpose of selling the Property under any tax deferred exchange, without obtaining approval from the Buyer. The term "affiliate" as used in this Section 14.11 shall be deemed to include a business entity under common control of Seller and in no event shall any designation, assignment or nomination relieve Seller of any obligations under this Agreement.

14.12 Days. Any and all references in this Agreement to time periods which are specified by reference to a certain number of days refer to calendar days, unless “business days” is otherwise expressly provided. Therefore, if any date by which a Party is required to provide the other Party with notice hereunder or is required to perform any act hereunder, occurs on a Saturday or Sunday or a banking holiday in the jurisdiction where the Property is located, then and in any of such events, such applicable date shall be deemed to occur, for all purposes of this Agreement, on that calendar day which is the next succeeding day that is not a Saturday, Sunday or banking holiday in the State of California.

EXECUTION

WHEREFORE, the Parties hereto, by their signatures hereinbelow, enter into this Agreement effective on the date hereinabove inscribed.

[Unincorporated area of Fresno County]

In response to the above referenced application for a policy of title insurance, OLD REPUBLIC TITLE COMPANY, as issuing Agent of Old Republic National Title Insurance Company, hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a Policy or Policies of Title Insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an Exception below or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations of said policy forms.

The printed Exceptions and Exclusions from the coverage and Limitations on Covered Risks of said Policy or Policies are set forth in Exhibit I attached. The policy to be issued may contain an arbitration clause. When the Amount of Insurance is less than that set forth in the arbitration clause, all arbitrable matters shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. Limitations on Covered Risks applicable to the Homeowner's Policy of Title Insurance which establish a Deductible Amount and a Maximum Dollar Limit of Liability for certain coverages are also set forth in Exhibit I. Copies of the Policy forms should be read. They are available from the office which issued this report.

Please read the exceptions shown or referred to below and the exceptions and exclusions set forth in Exhibit I of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.

It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects, and encumbrances affecting title to the land.

This report (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance, a Binder or Commitment should be requested.

Dated as of September 20, 2024, at 8:00 AM

OLD REPUBLIC TITLE COMPANY
For Exceptions Shown or Referred to, See Attached

OLD REPUBLIC TITLE COMPANY
ORDER NO. 1415000752-ME

The form of policy of title insurance contemplated by this report is:

CLTA Standard Coverage Owner's Policy of Title Insurance - 2022; AND ALTA Loan Policy of Title Insurance - 2021. A specific request should be made if another form or additional coverage is desired.

The estate or interest in the land hereinafter described or referred or covered by this Report is:

Fee

Title to said estate or interest at the date hereof is vested in:

Behymer/Minnewawa, LLC, a California limited liability company

The land referred to in this Report is situated in the unincorporated area of the County of Fresno, State of California, and is described as follows:

Lots 13 and 14 of Garfield Colony, in the County of Fresno, State of California, according to the Map thereof recorded in [Book 2, Page 46 of Surveys](#), Fresno County Records.

Excepting Therefrom the East 639.00 feet of said Lots.

For the purpose of this description, the East boundary of said Lots 13 and 14 is assumed to be 20 feet West of the East boundary of the Southeast 1/4 of Section 18, Township 12 South, Range 21 East, Mount Diablo Base and Meridian. Also the South boundary of said Lot 13 is assumed to be 20 feet North of the South boundary of said Section 18.

Pursuant to Parcel Map Waiver No. 5909

APN: 580-072-38

At the date hereof exceptions to coverage in addition to the Exceptions and Exclusions in said policy form would be as follows:

1. Taxes and assessments, general and special, for the fiscal year 2024 - 2025, a lien, but not yet due or payable.
2. Taxes and assessments, general and special, for the fiscal year 2023 - 2024, as follows:

Assessor's Parcel No	:	580-072-38	
Code No.	:	076-052	
1st Installment	:	\$13,640.95	Marked Paid
2nd Installment	:	\$13,640.95	Marked Paid
Land Value	:	\$2,128,319.00	
Imp. Value	:	\$14,715.00	

OLD REPUBLIC TITLE COMPANY
ORDER NO. 1415000752-ME

3. The lien of supplemental taxes, if any, assessed pursuant to the provisions of Section 75, et seq., of the Revenue and Taxation Code of the State of California.

4. Said land lies within the Fresno Metropolitan Flood Control District and is subject to Drainage Fees and/or Requirements to Construct Planned Local Drainage Facilities, as disclosed by instrument:

Entitled : Resolution No. 1816 – The Board of Directors of the Fresno
Metropolitan Flood Control District
 By : The Board of Directors of the Fresno Metropolitan Flood Control District
 Recorded : July 31, 1995 as Series Number 95092128
 Returned to : 5469 E. Olive Avenue, Fresno, CA 92727
 Address

5. Assessment No. 6805 for Fresno Metropolitan Flood Control District payable with the real property taxes.

6. The herein described property lying within the proposed boundaries of a Community Facilities District, as follows:

District No : 2014-1
 For : Clean Energy
 Disclosed By : Assessment Map
 Recorded : [August 24, 2015 in Volume 44 of Assessment Maps, Page 45](#)

Further information may be obtained by contacting:
 County of Fresno

7. An easement affecting that portion of said land and for the purposes stated herein and incidental purposes as provided in the following

Instrument : Deed
 Granted To : Edward B. Perrin
 For : Canal or ditch and right of way thereof
 Recorded : [October 24, 1892 in Book 153 of Deeds, Page 140](#)

The present ownership of said easement and other matters affecting the interests thereto, if any, are not shown herein.

OLD REPUBLIC TITLE COMPANY
ORDER NO. 1415000752-ME

8. An easement affecting that portion of said land and for the purposes stated herein and incidental purposes as provided in the following

Instrument : Deed
Granted To : Fresno Canal and Irrigation Company, a corporation
For : Canal or ditch and right of way thereof
Recorded : [February 7, 1895 in Book 187 of Deeds, Page 42](#)

The present ownership of said easement and other matters affecting the interests thereto, if any, are not shown herein.

9. The reservation of the Enterprise Canal, the right of way of which is reserved as now (then) constructed and as shown on the map of Garfield Colony filed in [Book 2 of Record of Surveys at Page 46](#).

10. The effect of the location of the Enterprise Canal and the boundaries of said land and other property as shown on the Map of Survey filed [April 18, 1950 in Book 17 of Record of Surveys at Page 31](#).

11. Terms and provisions as contained in an instrument,

Entitled : Agreement for Substitution of Pipeline for Open Ditch Owned by Fresno Irrigation District
Executed By : Toyoko Shimizu, Harvey W. Robeson and Lillyan R. Robeson, and Fresno Irrigation District
Recorded : [December 6, 1977 in Book 6928 of Official Records, Page 171 under Recorder's Serial Number 130386](#)

12. An easement affecting that portion of said land and for the purposes stated herein and incidental purposes as provided in the above mentioned instrument

For : Concrete irrigation pipeline, and right of ingress and egress

OLD REPUBLIC TITLE COMPANY
ORDER NO. 1415000752-ME

13. Matters as contained or referred to in an instrument,
- Entitled : Grant Deed
 Executed By : Toyoko Shimizu, and Scott R. Brooks and Carol W. Brooks
 Recorded : [June 16, 1981 in Book 7738 of Official Records, Page 986 under Recorder's Serial Number 81-53551](#)
- Which Among
 Other Things : Said matter contains, but is not limited to, the following: Each party
 Provides : to this Agreement shall bear the cost or expense of his or her actual kilowatt use incurred in the operation and use of the water pump on the real property located on the northwest corner of Minnewawa and Behymer, Clovis California, and referred to in Buyer's Deposit Receipt Agreement dated April 9, 1981. The cost of maintaining and repairing the above water pump shall be shared equally between the parties hereto. Said Agreement shall inure to the benefit to and be binding upon the parties hereto, their successors, trustees, assigns, receivers and legal representatives.
14. Water rights, claims or title to water, whether or not shown by the public records.
15. Prior to the issuance of any policy of title insurance, the Company requires the following with respect to Behymer/Minnewawa, LLC, a California Limited Liability Company:
1. A copy of any management or operating agreements and any amendments thereto, together with a current list of all members of said LLC.
 2. A certified copy of its Articles of Organization (LLC-1), any Certificate of Correction (LLC-11), Certificate of Amendment (LLC-2), or Restatement of Articles of Organization (LLC-10).
 3. Recording a Certified copy of said LLC-1 and any "amendments thereto".
16. Any unrecorded and subsisting leases.
17. The requirement that this Company be provided with a suitable Owner's Declaration (form ORT 174). The Company reserves the right to make additional exceptions and/or requirements upon review of the Owner's Declaration.

OLD REPUBLIC TITLE COMPANY
ORDER NO. 1415000752-ME

18. Any facts, rights, interests, or claims that are not shown by the Public Records at Date of Policy but that could be (a) ascertained by an inspection of the Land, or (b) asserted by persons or parties in possession of the Land.

----- **Informational Notes** -----

- A. The above numbered report (including any supplements or amendments thereto) is hereby modified and/or supplemented to reflect the following additional items relating to the issuance of an American Land Title Association loan form policy:

NONE

NOTE: Our investigation has been completed and there is located on said land Agricultural known as 3778 East Behymer, Clovis, CA 93619.

The ALTA loan policy, when issued, will contain the CLTA 100 Endorsement and 116 series Endorsement.

Unless shown elsewhere in the body of this report, there appear of record no transfers or agreements to transfer the land described herein within the last three years prior to the date hereof, except as follows:

NONE

- B. NOTE: The last recorded transfer or agreement to transfer the land described herein is as follows:

Instrument

Entitled : Grant Deed

By/From : Barbara J. Shimizu, Trustee of The Toyoko Shimizu Revocable Trust dated May 13, 1995

To : Behymer/Minnewawa, LLC, a limited liability company

- C. We find no open Deeds of Trust. A written statement must be provided by the current owner(s) attesting to whether any outstanding Deeds of Trust exist.

**OLD REPUBLIC TITLE COMPANY
ORDER NO. 1415000752-ME****NOTE:**

The following statement is deemed attached as a coversheet to any declaration, governing document, or deed identified in the above exceptions:

If this document contains any restriction based on age, race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, familial status, marital status, disability, veteran or military status, genetic information, national origin, source of income as defined in subdivision (p) of Section 12955, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.2 of the Government Code by submitting a “Restrictive Covenant Modification” form, together with a copy of the attached document with the unlawful provision redacted to the county recorder’s office. The “Restrictive Covenant Modification” form can be obtained from the county recorder’s office and may be available on its internet website. The form may also be available from the party that provided you with this document. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status.

Information for processing a “Restrictive Covenant Modification” form:

1. Print a complete copy of the document in question. Strike out what you believe to be unlawful restrictive language in the document.
2. Print and complete the “Restrictive Covenant Modification” (“RCM”) form. Note that the signature on the form must be acknowledged by a notary public or other qualified officer.
3. Submit the completed RCM form and the document with your strike-outs to the County Clerk-Recorder’s Office for the county where the property is located. No fee is required for this service.
4. The County Clerk-Recorder’s Office will forward the RCM form and the document with your strike-outs to the Office of the County Counsel, who will determine whether the document contains any unlawful restrictions.
5. The Office of the County Counsel will return the RCM form and the document with your strike-outs to the County Clerk-Recorder’s Office along with its determination. If approved, a Deputy County Counsel will sign the RCM, and the County Clerk-Recorder’s Office will record, image and index it. If the Office of the County Counsel determines that the document does not contain an unlawful restriction, the County Clerk-Recorder’s Office will not record the RCM.
6. The approved RCM will be returned to the submitter by mail.

The “Restrictive Covenant Modification” form is linked below:

Exhibit I

**CALIFORNIA LAND TITLE ASSOCIATION
STANDARD COVERAGE OWNER'S POLICY OF TITLE INSURANCE – 2022**

EXCLUSIONS FROM COVERAGE

The following matters are excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. a. any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) that restricts, regulates, prohibits, or relates to:
 - i. the occupancy, use, or enjoyment of the Land;
 - ii. the character, dimensions, or location of any improvement on the Land;
 - iii. the subdivision of land; or
 - iv. environmental remediation or protection.
 b. any governmental forfeiture, police, regulatory, or national security power.
 c. the effect of a violation or enforcement of any matter excluded under Exclusion 1.a. or 1.b.
 Exclusion 1 does not modify or limit the coverage provided under Covered Risk 5 or 6.
2. Any power of eminent domain. Exclusion 2 does not modify or limit the coverage provided under Covered Risk 7.
3. Any defect, lien, encumbrance, adverse claim, or other matter:
 - a. created, suffered, assumed, or agreed to by the Insured Claimant;
 - b. not Known to the Company, not recorded in the Public Records at the Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - c. resulting in no loss or damage to the Insured Claimant;
 - d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 9 or 10); or
 - e. resulting in loss or damage that would not have been sustained if consideration sufficient to qualify the Insured named in Schedule A as a bona fide purchaser had been given for the Title at the Date of Policy.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights law, that the transaction vesting the Title as shown in Schedule A is a:
 - a. fraudulent conveyance or fraudulent transfer;
 - b. voidable transfer under the Uniform Voidable Transactions Act; or
 - c. preferential transfer:
 - i. to the extent the instrument of transfer vesting the Title as shown in Schedule A is not a transfer made as a contemporaneous exchange for new value; or
 - ii. for any other reason not stated in Covered Risk 9.b.
5. Any claim of a PACA-PSA Trust. Exclusion 5 does not modify or limit the coverage provided under Covered Risk 8.
6. Any lien on the Title for real estate taxes or assessments imposed or collected by a governmental authority that becomes due and payable after the Date of Policy. Exclusion 6 does not modify or limit the coverage provided under Covered Risk 2.b.
7. Any discrepancy in the quantity of the area, square footage, or acreage of the Land or of any improvement to the Land.

EXCEPTIONS FROM COVERAGE

Some historical land records contain Discriminatory Covenants that are illegal and unenforceable by law. This policy treats any Discriminatory Covenant in a document referenced in Schedule B as if each Discriminatory Covenant is redacted, repudiated, removed, and not republished or recirculated. Only the remaining provisions of the document are excepted from coverage.

This policy does not insure against loss or damage and the Company will not pay costs, attorneys' fees, or expenses resulting from the terms and conditions of any lease or easement identified in Schedule A, and the following matters:

PART I

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.

2. Any facts, rights, interests, or claims that are not shown by the Public Records at Date of Policy but that could be (a) ascertained by an inspection of the Land, or (b) asserted by persons or parties in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records at Date of Policy.
4. Any encroachment, encumbrance, violation, variation, easement, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records at Date of Policy.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor, material or equipment unless such lien is shown by the Public Records at Date of Policy.
7. Any claim to (a) ownership of or rights to minerals and similar substances, including but not limited to ores, metals, coal, lignite, oil, gas, uranium, clay, rock, sand, and gravel located in, on, or under the Land or produced from the Land, whether such ownership or rights arise by lease, grant, exception, conveyance, reservation, or otherwise; and (b) any rights, privileges, immunities, rights of way, and easements associated therewith or appurtenant thereto, whether or not the interests or rights excepted in (a) or (b) appear in the Public Records or are shown in Schedule B.

PART II

(Variable exceptions such as taxes, easements, CC&R's, etc., are inserted here)

Exhibit I

**AMERICAN LAND TITLE ASSOCIATION
LOAN POLICY OF TITLE INSURANCE – 2021**

EXCLUSIONS FROM COVERAGE

The following matters are excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. a. any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) that restricts, regulates, prohibits, or relates to:
 - i. the occupancy, use, or enjoyment of the Land;
 - ii. the character, dimensions, or location of any improvement on the Land;
 - iii. the subdivision of land; or
 - iv. environmental remediation or protection.
 b. any governmental forfeiture, police, regulatory, or national security power.
 c. the effect of a violation or enforcement of any matter excluded under Exclusion 1.a. or 1.b.
 Exclusion 1 does not modify or limit the coverage provided under Covered Risk 5 or 6.
2. Any power of eminent domain. Exclusion 2 does not modify or limit the coverage provided under Covered Risk 7.
3. Any defect, lien, encumbrance, adverse claim, or other matter:
 - a. created, suffered, assumed, or agreed to by the Insured Claimant;
 - b. not Known to the Company, not recorded in the Public Records at the Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - c. resulting in no loss or damage to the Insured Claimant;
 - d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 11, 13, or 14); or
 - e. resulting in loss or damage that would not have been sustained if consideration sufficient to qualify the Insured named in Schedule A as a bona fide purchaser or encumbrancer had been given for the Insured Mortgage at the Date of Policy.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business law.
5. Invalidity or unenforceability of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury law or Consumer Protection Law.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights law, that the transaction creating the lien of the Insured Mortgage is a:
 - a. fraudulent conveyance or fraudulent transfer;
 - b. voidable transfer under the Uniform Voidable Transactions Act; or
 - c. preferential transfer:
 - i. to the extent the Insured Mortgage is not a transfer made as a contemporaneous exchange for new value; or
 - ii. for any other reason not stated in Covered Risk 13.b.
7. Any claim of a PACA-PSA Trust. Exclusion 7 does not modify or limit the coverage provided under Covered Risk 8.
8. Any lien on the Title for real estate taxes or assessments imposed by a governmental authority and created or attaching between the Date of Policy and the date of recording of the Insured Mortgage in the Public Records. Exclusion 8 does not modify or limit the coverage provided under Covered Risk 2.b. or 11.b.
9. Any discrepancy in the quantity of the area, square footage, or acreage of the Land or of any improvement to the Land.

Exhibit I

**AMERICAN LAND TITLE ASSOCIATION
LOAN POLICY OF TITLE INSURANCE – 2021
(Continued)**

EXCEPTIONS FROM COVERAGE

Some historical land records contain Discriminatory Covenants that are illegal and unenforceable by law. This policy treats any Discriminatory Covenant in a document referenced in Schedule B as if each Discriminatory Covenant is redacted, repudiated, removed, and not republished or recirculated. Only the remaining provisions of the document are excepted from coverage.

This policy does not insure against loss or damage and the Company will not pay costs, attorneys' fees, or expenses resulting from the terms and conditions of any lease or easement identified in Schedule A, and the following matters:

NOTE: The 2021 ALTA Loan Policy may be issued to afford either Standard Coverage or Extended Coverage. In addition to variable exceptions such as taxes, easements, CC&R's, etc., the Exceptions from Coverage in a Standard Coverage policy will also include the Western Regional Standard Coverage Exceptions listed as 1 through 7 below:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records at Date of Policy but that could be (a) ascertained by an inspection of the Land, or (b) asserted by persons or parties in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records at Date of Policy.
4. Any encroachment, encumbrance, violation, variation, easement, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records at Date of Policy.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor, material or equipment unless such lien is shown by the Public Records at Date of Policy.
7. Any claim to (a) ownership of or rights to minerals and similar substances, including but not limited to ores, metals, coal, lignite, oil, gas, uranium, clay, rock, sand, and gravel located in, on, or under the Land or produced from the Land, whether such ownership or rights arise by lease, grant, exception, conveyance, reservation, or otherwise; and (b) any rights, privileges, immunities, rights of way, and easements associated therewith or appurtenant thereto, whether or not the interests or rights excepted in (a) or (b) appear in the Public Records or are shown in Schedule B.

 OLD REPUBLIC TITLE	
FACTS	WHAT DOES OLD REPUBLIC TITLE DO WITH YOUR PERSONAL INFORMATION?

Why?	Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.
What?	The types of personal information we collect and share depend on the product or service you have with us. This information can include: • Social Security number and employment information • Mortgage rates and payments and account balances • Checking account information and wire transfer instructions When you are no longer our customer, we continue to share your information as described in this notice.
How?	All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons Old Republic Title chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information	Does Old Republic Title share?	Can you limit this sharing?
For our everyday business purposes — such as to process your transactions, maintain your account(s), or respond to court orders and legal investigations, or report to credit bureaus	Yes	No
For our marketing purposes — to offer our products and services to you	No	We don't share
For joint marketing with other financial companies	No	We don't share
For our affiliates' everyday business purposes — information about your transactions and experiences	Yes	No
For our affiliates' everyday business purposes — information about your creditworthiness	No	We don't share
For our affiliates to market to you	No	We don't share
For non-affiliates to market to you	No	We don't share

	Go to www.oldrepublictitle.com (Contact Us)
--	---

Who we are

Who is providing this notice?	Companies with an Old Republic Title name and other affiliates. Please see below for a list of affiliates.
--------------------------------------	--

What we do

How does Old Republic Title protect my personal information?	To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings. For more information, visit https://www.oldrepublictitle.com/privacy-policy
How does Old Republic Title collect my personal information?	We collect your personal information, for example, when you: • Give us your contact information or show your driver's license • Show your government-issued ID or provide your mortgage information • Make a wire transfer We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.
Why can't I limit all sharing?	Federal law gives you the right to limit only: • Sharing for affiliates' everyday business purposes - information about your creditworthiness • Affiliates from using your information to market to you • Sharing for non-affiliates to market to you State laws and individual companies may give you additional rights to limit sharing. See the State Privacy Rights section location at https://www.oldrepublictitle.com/privacy-policy for your rights under state law.

Definitions

Affiliates	Companies related by common ownership or control. They can be financial and nonfinancial companies. • Our affiliates include companies with an Old Republic Title name, and financial companies such as Attorneys' Title Fund Services, LLC, Lex Terrae National Title Services, Inc., and Mississippi Valley Title Services Company
Non-affiliates	Companies not related by common ownership or control. They can be financial and non-financial companies. • Old Republic Title does not share with non-affiliates so they can market to you

Privacy Notice for California Consumers

This Privacy Notice for California Consumers supplements the information contained in the Master Privacy Notice for Old Republic Title and applies to consumers that reside in the State of California. The terms used in this Privacy Notice have the same meaning as the terms defined in the California Consumer Privacy Act (“CCPA”).

What Personal Information We Collect

In accordance with the CCPA, personal information is information that identifies, relates to, describes, is capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household. Personal information does not include:

Information outside the scope of the CCPA such as:

- Health or medical information covered by the Health Insurance Portability Act of 1996 (HIPAA) and the California Confidentiality of Medical Information Act (CMIA).
- Personal Information covered by the Gramm-Leach-Bliley Act (GLBA), the Fair Credit Reporting Act (FCRA), the California Financial Information Privacy Act (FIPA), and the Driver’s Privacy Protection Act of 1994,
- Publicly available information or lawfully obtained, truthful information that is a matter of public concern, and
- De-identified or aggregated consumer information.

Please see the chart below to learn what categories of personal information we may have collected about California consumers within the preceding twelve months, the sources of and business purposes for that collection and the third parties to whom the information has been disclosed, if any.

What Personal Information We Disclose and Why We Disclose It

The CCPA requires us to tell you what categories of personal information we “sell”, “share” or “disclose.” We do not sell and will not sell your personal information as that term is commonly understood. We also do not sell and will not sell your personal information, including the personal information of persons under 16 years of age, as that term is defined by the CCPA. We do not share your personal information as that term is defined in the CCPA. When it is necessary for a business purpose, we may disclose your personal information with a service provider or contractor, and we enter into a contract with the service provider or contractor that limits how the information may be used and requires the service provider to protect the confidentiality of the information.

In the preceding twelve months, we have disclosed the following categories of personal information for the following business purposes. Where the personal information is shared with third parties, as that term is defined in the CCPA, the category of the third party is indicated.

Category	Examples	Business Purpose for Disclosure	Categories of Third Parties with Whom Information is Shared
Identifiers (Including social security number, driver's license number,	Real name, alias, postal address, unique personal identifier, online identifier, internet protocol address, email address, account name, social security number, driver's license number, passport number or other similar identifiers	Underwriting or providing other products or services, responding to policyholder/consumer claims, inquiries or complaints, detecting security incidents, protecting against	Service providers associated with the transaction for a business purpose

------------------	---	---	--

We may also transfer to a third party the personal information of a consumer as an asset that is part of a merger, acquisition, bankruptcy, or other transaction in which the third party assumes control of all or part of the business.

Our Retention of Your Personal Information

The length of time that we retain personal information largely depends upon the purpose for which the information was collected rather than the category of the information as set forth in this Notice. When establishing retention periods, we consider applicable statutes of limitation and legal and regulatory requirements and guidelines. Personal information is generally retained for periods of time that permit the company to meet its legal and regulatory obligations.

Your Rights and Choices

The CCPA provides California consumers with certain rights regarding their personal information. This chart describes those rights and certain limitations to those rights.

Right	What This Means
Notice	At or before the time your personal information is collected, you will be given written notice of the categories of personal information to be collected, the purposes for which the categories of personal information will be used, and whether that information is sold or shared.
Access	At your verifiable request, but no more than twice in a twelve month period, we shall disclose to you: 1) the categories of personal information we have collected about you, 2) the categories of sources for the personal information we collected about you, 3) our business or commercial purpose for collecting, selling or sharing your personal information, 4) the categories of third parties to whom we disclose your personal information, 5) the specific pieces of information we have collected about you, 6) the categories of personal

	information disclosed about you for a business purpose and the categories of persons to whom your personal information was disclosed for a business purpose, and 7) if we sold or shared personal information, the categories of personal information sold or shared and the categories of third parties to whom it was sold or shared.
Deletion	You have the right to request that we delete any of your personal information that we collected from you, subject to certain exceptions. Once we receive and verify your request, we will delete (and direct our service providers and contractors to delete) your personal information from our records unless an exception applies. We may deny your request if retention of the information is necessary for us or our service providers to: • Complete the transaction for which we collected the personal information, provide a good or service that you requested, take actions reasonably anticipated within the context of our ongoing business relationship with you, or otherwise perform our contract with you. • Help to ensure security and integrity to the extent the use of your personal information is reasonably necessary and proportionate to that purpose. Debug to identify and repair errors that impair existing intended functionality. • Exercise free speech, ensure the right of another consumer to exercise their free speech rights, or exercise another right provided for by law. • Comply with the California Electronic Communications Privacy Act (Cal. Penal Code §1546 et seq.) • Engage in public or peer reviewed scientific, historical, or statistical research that conforms or adheres to all other applicable ethics and privacy laws, when the information's deletion is likely to render impossible or seriously impair the research's completion, if you previously provided informed consent. • Enable solely internal uses that are reasonably aligned with consumer expectations based on your relationship with us and compatible with the context in which you provided the information. • Comply with a legal obligation. • Or if it is the type of personal information that falls outside the scope of the CCPA, (HIPAA, CIMA, GLBA, or publicly available information)
Correct	You have the right to request that we correct inaccurate personal information about you, taking into account the nature of the personal information and the purposes of the processing of the personal information. After we receive and verify your request, we will use commercially reasonable efforts to correct the inaccurate personal information as directed by you.
Opt-Out of Sale or Sharing	With some limitations, you may direct a business that sells or shares personal information to third parties not to sell or share the personal information to these third parties. A business may not sell or share the personal information of persons less than sixteen years of age without their affirmative consent, and in the case of those less than thirteen years of age, the consent must come from a parent.

Opt-In to Sale or Sharing	
Limit Use of Sensitive Personal Information	You may direct a business to limit the use of your sensitive personal information to that use which is necessary to perform the services or provide the goods reasonably expected by an average consumer who requests those goods or services and certain other limited uses as described in the CCPA and applicable regulations.
Non-Discrimination	We will not discriminate against you for exercising your rights under the CCPA. Unless otherwise permitted by the CCPA we will not: • Deny you goods or service • Charge you different prices or rates for goods or services, including through granting discounts or other benefits, or imposing penalties • Provide a different level or quality of goods or services • Suggest that you will receive a different price or rate for goods or services or a different level or quality of goods or services

To Exercise Your Rights

To Opt-out of the Sale or Sharing of Your Personal Information

The CCPA gives consumers the right to direct a business that sells or shares personal information about the consumer to third parties not to sell or share the consumer's personal information. We do not sell and will not sell your personal information as that term is commonly understood. We also do not sell and will not sell your personal information, as that term is defined by the CCPA. We do not share your personal information as that term is defined in the CCPA.

To Limit the Use of Sensitive Personal Information

The CCPA gives consumers the right to direct a business to limit the use of the consumer's sensitive personal information to that use which is necessary to perform the services or provide the goods reasonably expected by an average consumer who requests those goods or services and certain other limited uses as described in the CCPA and applicable regulations. We do not use or disclose sensitive personal information for purposes other than those purposes specified in Section 7027, subsection (m) of the California Consumer Privacy Act Regulations. If we begin using or disclosing your sensitive personal information outside of those purposes, then we will provide you with the option to limit our use or disclosure through a clear and conspicuous link on our internet homepage.

To Request Access to, Correction or Deletion of Your Personal Information

To exercise your access, correction or deletion rights described above, please submit a verifiable consumer request to us by either: Calling us at 1-855-557-8437 or contacting us through our website <https://ccpa.oldrepublictitle.com> .

Only you or your representative that you authorize to act on your behalf (Authorized Agent) can make a verifiable consumer request for your personal information. You may also make a request for your minor child. The verifiable request must provide enough information that allows us to reasonably verify you are the person about whom we collected personal information. We cannot respond to your request or provide you with personal information if we cannot verify your identity or authority to make the request and to confirm the personal information relates to you.

We work to respond to a verifiable consumer request within 45 days of its receipt. If we require additional time, we will inform you of the extension period (up to an additional 45 days), and the reason for the extension in writing. If you have an account with us, we will deliver our response to that account. If you do not have an account with us, we will deliver our response by mail or electronically, depending on your preference. The response we provide will also explain any reasons why we cannot comply with a request.

You may only make a consumer request for access twice within a twelve-month period. Any disclosures we provide will apply to the twelve-month period preceding the consumer request's receipt.

Contact Us

If you have any questions regarding our Privacy Notice or practices, please contact us or send your written request to: CCPA@oldrepublictitle.com, 1-855-557-8437, or 3000 Bayport Drive, Suite 1000 Tampa FL 33707

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Public Utilities Department

DATE: July 7, 2025

SUBJECT: Public Utilities – Approval – Continue Emergency Authorization for the City Manager to Approve and Sign a Contract for Emergency Water Main Repairs in an Amount Not to Exceed \$250,000, Pursuant to Public Contract Code Section 22050.

ATTACHMENTS: 1. Vicinity Map

RECOMMENDATION

For the City Council to approve – by no less than a 4/5 vote – to continue authorizing the City Manager to enter into a contract on behalf of the City for the emergency repair of a 42” transmission water main in an amount not to exceed \$250,000, in accordance with the emergency contracting authorization exception to the formal public project bidding requirements pursuant to Public Contract Code section 22050.

EXECUTIVE SUMMARY

Staff are recommending that Council continue authorizing the City Manager to enter into a contract on behalf of the City for the emergency repair of a 42” transmission water main in an amount not to exceed \$250,000. This authorization process is an exception to the formal public project bidding requirements pursuant to Public Contract Code section 22050.

On May 19, 2025, Council approved Res. 25-52, determining that emergency repairs to public facilities are necessary without formal public project bidding as authorized by Public Contract Code sections 22035 and 22050, and authorizing the City Manager to approve and sign a contract for the emergency repairs in an amount not to exceed \$250,000. Additionally, Public Contract Code section 22050, subd. (c) requires the City Council to review this emergency action authorization at subsequent Council meetings to determine if there is a need to continue the emergency action authorization or to terminate the action.

Since receiving emergency authorization, and at the time this report was written, staff have completed phase 1 of the work, excavating and exposing the area and cutting the steel casing around the pipe to gain access to the location of the leak. Staff worked with a consulting engineer and the pipe manufacturer to design the repair for the pipeline. Subsequently, staff ordered the pipe repair segment from the pipe manufacturer for \$19,510.

Staff requested quotes from 5 contractors and obtained 3 quotes from qualified contractors to perform the second phase of work, which will consist of repairing the pipeline, performing all testing of the waterline, backfilling and compacting soil, and restoring all disturbed surface improvements. Walsh Montgomery Construction was selected as the lowest qualified bidder for the work, with a contract cost of \$109,839. The contract was prepared and signed by the City Manager, as authorized by the Council in Res. 25-52.

The Emergency repair work is set to begin on June 30, 2025.

BACKGROUND

A 42" transmission waterline was installed in Locan Avenue between Bullard and Nees Avenues in 2007 by a CIP project, including a segment that traverses under SR 168. The pipeline is located within a 60-inch steel casing as it crosses under SR168. This waterline is the primary supply of water from the Surface Water Treatment Plant to the northeastern portion of the City and is a critical piece of infrastructure.

City staff were recently notified by the County of Fresno that water was surfacing along Tollhouse Avenue near the location where the waterline crosses under SR 168. Exploratory work has identified that the water is coming from a leak in a segment of the 42" pipe that is inside a 60" steel casing. Subsequently, the waterline was shut down and will remain shut down until the pipeline can be repaired.

Without this critical piece of the City's water infrastructure, the City's ability to reliably supply water and maintain water pressure to the thousands of customers in the northeastern portion of the City will be compromised during the peak water demand in the upcoming summer months. In addition, the large pipe diameter and the specialized pipe material add complexity to the repair and there is concern that material lead times may delay restoring the pipe to operation. Therefore, staff are making this request while urgently working on the emergency repair plan.

This emergency situation and the need to have this water transmission line in operation to meet peak summer water demands on the City's water system do not allow sufficient time for City staff to prepare the necessary project bid documents, advertise for project bids, and proceed with the normal bidding process and contract award for a public works project estimated to exceed \$75,000. It is critical for this segment of water transmission line to be repaired and in operation for the water system to meet the water demands during the hotter summer months.

FISCAL IMPACT

This work will be funded by the Water Enterprise account. Funds are available for this emergency work.

REASON FOR RECOMMENDATION

This is a critical piece of infrastructure that requires emergency repair. This is needed to reliably supply water and maintain pressure for the health and safety of water customers and preservation of property in the northeast area of the City during the peak water demand in the upcoming summer months. Sufficient funds are available for the anticipated costs of the repairs which are not expected to exceed \$250,000.

ACTIONS FOLLOWING APPROVAL

Public Contract Code section 22050, subd. (c) requires the City Council to review this emergency action authorization at subsequent Council meetings to determine if there is a need to continue the emergency action authorized or to terminate the action once the repairs are completed. Now that the City has entered a contract for emergency repairs, an update on the repair work will be provided when the work is complete and a request to terminate the emergency action authorization will be taken back to Council as a consent item in a future Council meeting.

CONFLICT OF INTEREST

None.

 CITY LIMITS  SPHERE OF INFLUENCE

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Public Utilities Department

DATE: July 7, 2025

SUBJECT: Public Utilities – Approval – Waive Formal Bidding Requirements and Award a Contract to Calgon Carbon Corporation to Purchase and Replace Granular Activated Carbon (GAC) at Well 12 in the amount of \$127,820.

ATTACHMENTS: 1. Vicinity Map

RECOMMENDATION

For the City Council to waive the City's formal bidding requirements and authorize the City Manager to enter into an agreement with Calgon Carbon Corporation for the amount of \$127,820 to remove and replace granular activated carbon (GAC) at the City Well 12, located at 900 Gettysburg Avenue.

EXECUTIVE SUMMARY

Included in the 2025-2026 Water Enterprise budget are funds to remove and install GAC at various well sites in the City. Three carbon suppliers were contacted through an informal bid process and three quotes were received for Well 12. Calgon Carbon Corporation provided the lowest responsible quote for Well 12 in the amount of \$127,820, including tax. The work includes removing the existing carbon vessel contents, transporting the contents to a reactivation/destruction facility, and then installing virgin coal-based carbon in the vessels at each well site.

BACKGROUND

Granular Activated Carbon (GAC) is currently utilized at 5 separate City well sites to absorb contaminants in the drinking water. Over time, the carbon loses its adsorptive capacity and no longer captures contaminants, at which point they begin to pass through into the drinking water system. Once the carbon has reached its capacity, it must be removed and either replaced or regenerated. This will typically occur between one and three years, depending on the contaminant and production of the well.

Well 12 has GAC treatment to remove contaminants from drinking water in order to stay below the maximum contaminant level (MCL) set by the State Water Resources Control Board (SWRCB) Division of Drinking Water (DDW). Well 12 has GAC treatment to remove 1,2,3-

Trichloropropane (TCP) from drinking water. Treatment at Well 12 was originally installed in 1992 and the Carbon was most recently replaced in May 2023.

FISCAL IMPACT

Sufficient funds were included in the Water Enterprise budget for the 2025-2026 fiscal year. The City received a remediation settlement for TCP in 2017. Funds from these settlements are budgeted each year to maintain compliance of the well sites requiring treatment.

REASON FOR RECOMMENDATION

Calgon Carbon Corporation provided the lowest responsible quote for this well site and has an extensive experience in this type of work. There are sufficient funds available in this fiscal year's budget for the cost of this project. Additionally, in order to continue to run the well as permitted by the DDW, replacement of the carbon is required to meet the SWRCB drinking water standards.

ACTIONS FOLLOWING APPROVAL

A contract will be prepared and executed by the City Manager, subject to the contractor providing performance security that is satisfactory to the City.

CONFLICT OF INTEREST

None.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Administration

DATE: July 7, 2025

SUBJECT: Consider Approval – Appointments of the Measure Y Oversight Committee.

Staff: Briana Parra, City Clerk

Recommendation: Approve

ATTACHMENTS: None.

RECOMMENDATION

Staff recommends that the City Council approve the appointments to the Measure Y Oversight Committee as nominated by each Councilmember.

EXECUTIVE SUMMARY

The City Council directed staff to establish an application process for the Measure Y Oversight Committee. In accordance with that direction, staff developed and implemented an application process for Clovis residents to indicate their interest. Following the application period, each Councilmember was asked to nominate one resident for appointment to the Committee. Staff is now presenting the recommended nominations for Council approval.

Nominations for appointment are as follows:

Councilmember Ashbeck – Sarah Anderson
 Councilmember Basgall – Desiree Haus
 Councilmember Bessinger – LaDonna Snow
 Mayor Pro Tem Pearce – Eric Rollins
 Mayor Mouanoutoua – Greg Newman

BACKGROUND

Measure Y, approved by voters in November 2024, enacted a one percent (1.0%) Transactions and Use Tax to support various essential City services. Following its approval, the City Council adopted Ordinance 25-06 on April 14, 2025, establishing the Measure Y Oversight Committee within the Clovis Municipal Code. On April 21, 2025, the Council adopted Resolution 25-34,

outlining the Committee's governing criteria, including membership requirements, appointment procedures, and operational protocols.

To encourage community participation in the selection process, staff conducted public outreach by promoting the application on the City's social media platforms and through the City Manager's Comments at every City Council meeting during the application period. These efforts helped ensure that all interested and eligible Clovis residents were aware of the opportunity to apply.

As part of this process:

- An application was made available to all residents of Clovis meeting the eligibility requirements, however an application is not required for appointment.
- The application period closed on June 6, 2025, with a total of ten applications received.
- Each Councilmember was asked to nominate one qualified applicant for appointment, with final appointments subject to majority approval by the full City Council.

Per Resolution 25-34, applicants must:

- Be at least 18 years of age
- Have resided in the City of Clovis for at least two years
- Be appointed on the recommendation of a Councilmember and approval by the City Council and serve at the pleasure of the nominating Councilmember and the City Council.
- Additionally, the resolution calls for the inclusion of one non-voting ex-officio member from the Clovis Youth Commission, who has not yet been nominated or appointed.
- The Committee is subject to the requirements of the Ralph M. Brown Act, ensuring that all meetings are open to the public, publicly noticed, and documented with meeting minutes.
- Measure Y Oversight Committee members will serve without compensation.

FISCAL IMPACT

There is no fiscal impact associated with these appointments.

REASON FOR RECOMMENDATION

The individuals listed have been nominated by members of the City Council in accordance with Resolution 25-34 and meet the established eligibility criteria.

ACTIONS FOLLOWING APPROVAL

Upon Council approval, staff will notify the appointees and continue preparations for the first meeting of the Measure Y Oversight Committee.

CONFLICT OF INTEREST

None.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Planning and Development Services

DATE: July 7, 2025

SUBJECT: Consider Approval - Res. 25-____, A resolution appointing members of the General Plan Advisory Committee.

Staff: Lily Cha, Senior Planner

Recommendation: Approve

ATTACHMENTS: 1. Res. 25-____, Draft Resolution
2. List of GPAC applicants

RECOMMENDATION

Staff recommend that the City Council adopt a resolution to appoint the fifteen (15) recommended voting members of the General Plan Advisory Committee, one (1) non-voting Ex-officio Youth Commission member, one (1) non-voting former Youth Commission member, and a list of recommended individuals eligible to be selected to fill a vacancy on the Committee, as outlined in **Attachment 1A**.

EXECUTIVE SUMMARY

The City of Clovis is undertaking an update to its 2014 General Plan. This effort aims to align the General Plan with current state laws while refining the community's long-term vision and needs to guide future growth and development.

As part of this process, the City is establishing a General Plan Advisory Committee (GPAC) to provide input and feedback throughout the update process. Staff solicited applications from the community to help form a broad based and well represented advisory committee and has prepared a list of recommended candidates for the City Council's consideration.

Staff recommend that the City Council appoint seventeen (17) members to the GPAC committee comprised as follows: fifteen (15) voting GPAC members, one (1) non-voting ex-officio member from the Youth Commission (to be selected by the Youth Commission), and one (1) non-voting former Youth Commission member, and approve the list of eight (8) individuals (i.e. potential backup appointments) eligible to be selected to fill a vacancy on the GPAC, if necessary.

BACKGROUND

In May 2022, the City Council authorized an audit of the General Plan, which was conducted by De Novo. Following completion of the audit in August 2023, the City Council formally initiated the General Plan Update. De Novo was subsequently retained through a competitive Request for Proposals (RFP) process to support the City in this effort.

The General Plan Update is structured in three (3) phases:

- Phase 1 – Visioning, Existing Conditions, Issues Identification.
- Phase 2 – Land Use Alternatives and Preferred Land Use Map.
- Phase 3 – General Plan Policy Document, EIR, Adoption.

As part of the Phase 1 scope of work, the formation of the GPAC was identified as an early task. The City Council authorized staff to begin the GPAC application process on March 17, 2025.

To achieve balanced representation, applications were categorized into five (5) groups. Although equal distribution is not guaranteed, selections were made as evenly as possible across all categories:

1. Development Community
2. Business Community
3. Public Organizations
4. Community Service
5. At-large

Applications were solicited through multiple outreach methods, including listserv emails, targeted interest group communications, social media, community workshops, and pop-up events. The application period ended on May 30, 2025, with a total of fifty (50) applications received.

Youth Participation

To support youth involvement in shaping Clovis' future, the City has included a current and a former Youth Commission member into the GPAC as non-voting members. Their participation recognizes the value of early civic engagement and ensures that youth perspectives are considered in long-term planning.

Ex-officio GPAC Youth Commission Member:

A current Youth Commissioner will serve in a non-voting, ex-officio role on the GPAC. This member will contribute to discussions, provide input on key issues, and serve as a liaison to the full Youth Commission. In accordance with the Youth Commission bylaws, the representative will be selected by a vote of the Commission when it reconvenes in August or September 2025.

Former Youth Commission Representation:

In addition to the ex-officio member, a former Youth Commission member is being recommended to participate in the GPAC as a non-voting member. This role provides an opportunity for continued civic engagement and ensures youth viewpoints are represented throughout the planning process.

Potential Backup GPAC Members

Staff recommend selecting eight (8) individuals to be eligible to serve on the GPAC in the event that any appointed GPAC member(s) are unable to continue and a vacancy on the GPAC needs to be filled. These individuals are not ranked in any particular order and will be selected to fill a vacancy on the GPAC based on how closely their experience aligns with that of any vacating GPAC member(s). These individuals will be encouraged to attend all GPAC meetings as members of the public to stay informed and be actively involved in the process, which will assist if any of them are called-on to fill a vacancy on the GPAC. The City Manager or designee will make any necessary replacement appointment from this approved list of individuals to fill a vacancy without returning to the City Council for approval.

PROPOSAL AND ANALYSIS

The GPAC is a community-based advisory group whose objective is to advise the City through the creation of the General Plan. It will serve as one of the primary channels for the community to provide input and make recommendations on the General Plan Update. GPAC membership is temporary, with roles and responsibilities concluding upon the City Council adoption of the General Plan.

The GPAC's primary responsibilities include:

- Ensuring City staff and the consultant team are aware of and understand the community concerns, values and expectations.
- Assisting City staff and the consultant team in identifying critical issues that should be addressed in the planning process.
- Identifying areas of existing or potential conflicts and find ways to constructively resolve them.
- Leveraging the creative ideas and insights within the Clovis community for input into the General Plan.
- Keeping community organizations and interested citizens informed about the status of the planning process.
- Providing recommendations to the Planning Commission and City Council supporting the General Plan.

GPAC Expectations

GPAC members are expected to fully commit to the role and carry out their responsibilities with dedication. Participation may require a significant time investment, and members are expected to stay informed of the expectations set by both the City and the consultant team. All applicants have acknowledged their willingness to make a full commitment to this role.

As a City-appointed body, meetings of the GPAC will be conducted in accordance with the Ralph M. Brown Act, which requires that meetings be open to the public and properly noticed in advance. However, GPAC meetings will not follow a formal meeting structure, rather, they will be facilitated as collaborative working sessions to encourage open dialogue and input from the GPAC members and the public in attendance.

Members can anticipate the following:

- A kickstart meeting in September 2025.
- Monthly meetings, typically occurring between September 2025 and late 2026.
- In-person evening meetings at a City facility, lasting approximately 2-3 hours.
- Agendas and reading materials provided in advance of each meeting, with members expected to come prepared to discuss the topics on the agenda.
- Meetings facilitated by City staff and the consultant team, with the GPAC working toward consensus. There will be no appointed chair, no roll-call votes, and differing viewpoints will be recorded and presented to the City Council.

Final details regarding the GPAC meeting format will be shared with committee members before the first meeting.

Recommended GPAC Appointments

Following the close of the GPAC application period, the City received a total of fifty (50) applications. A full list of applicants is provided in **Attachment 2**. After reviewing all applications, staff recommend the appointment of fifteen (15) GPAC members, one (1) Ex-officio Youth Commission member, one (1) former Youth Commission member, and eight (8) individuals approved to be available to be selected to fill a vacancy on the GPAC. The recommended appointments are outlined in **Attachment 1A**. These recommendations offer a well-balanced representation across the five categories outlined in the GPAC application.

All applicants were notified of the City's recommendations on June 19, 2025, and informed of the upcoming City Council meeting on July 7, 2025, where the recommendations will be considered for final appointment.

Recommended GPAC members (in no particular order):

1. Eric Jans
2. Brandon De Young
3. Michael Prandini
4. Todd Cook
5. Greg Newman
6. Jay Virk
7. Manny Penn
8. Andrew Nabors
9. Aubrey Gillen
10. Mark Keppler
11. Leann Keeler
12. Josh Phanco
13. Brad Gattie
14. Susan Patterson
15. Ryan Indart

Ex-officio Youth Commission member:

- To be determined

Former Youth Commission member:

- Dilnoor Riar

Recommended individuals eligible to be appointed to fill a vacancy (in no particular order):

1. Trevor Beal
2. Kyle Lowe
3. Dubin Lloren
4. Blake Zante
5. Sayre Miller
6. Hylon Kaufmann
7. Ryan Budge
8. Steven Fogg

FISCAL IMPACT

This effort is part of the broader General Plan Update, which is funded through the City's General Plan Consultant funds. The total contract amount approved for the update is \$2,776,513.

REASON FOR RECOMMENDATION

The City is committed to incorporating a GPAC into the General Plan Update process. Staff have carefully reviewed and recommend appointments of individuals with relevant expertise and diverse experiences and perspectives. As the GPAC will begin its work in the coming months, it is important for the City Council to finalize member appointments at this time.

ACTIONS FOLLOWING APPROVAL

The GPAC will begin meeting in September 2025.

CONFLICT OF INTEREST

None.

RESOLUTION 25-__**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS
APPOINTING MEMBERS TO THE GENERAL PLAN ADVISORY COMMITTEE**

WHEREAS, on September 16, 2024, the City Council initiated the General Plan Update process by approving a contract with DeNovo Planning Group as the selected consultant to assist with the update; and

WHEREAS, to ensure a transparent and community-driven planning process, the City Council has determined that a General Plan Advisory Committee (GPAC) should be established to provide input and guidance throughout the General Plan update; and

WHEREAS, the GPAC will serve as a representative body of the community, offering diverse perspectives and assisting in evaluating alternatives and recommendations for the City staff, consultants, the Planning Commission, and the City Council; and

WHEREAS, on March 17, 2025, the City Council authorized staff to begin the GPAC application process; and

WHEREAS, a public application process was conducted between April 1, 2025, and May 30, 2025, resulting in the submission of fifty (50) applications for consideration; and

WHEREAS, to support youth involvement, the City Council desires to include both current and former Youth Commission members into the GPAC, including one (1) ex-officio Youth Commission member and one (1) Former Youth Commission member. These non-voting roles are intended to contribute to GPAC discussions and provide input on key issues; and

WHEREAS, based on a thorough review of qualifications and to ensure a balanced representation of interests in the community, the City Council desires to appoint the seventeen (17) GPAC members comprised of fifteen (15) voting GPAC members, one (1) ex-officio Youth Commission member (non-voting member), and one (1) former Youth Commissioner member (non-voting member), as listed in Attachment A hereto. Additionally, eight (8) individuals are recommended to be approved as eligible to fill a vacancy on the GPAC, as necessary, as listed in Attachment A.

NOW, THEREFORE, BE IT RESOLVED, the City of Clovis hereby:

1. Approves the appointment of the seventeen (17) members of the GPAC as listed in Attachment A attached hereto.
2. Approves the eight (8) individuals identified to be eligible for appointment to fill a vacancy on the GPAC, as necessary, as listed in Attachment A attached hereto.
3. The City Council authorizes the City Manager or designee to select and appoint any of the eight individuals identified in Attachment A to fill a vacancy on the GPAC as necessary to maintain a full committee of voting members and ensure consistent participation and progress throughout the General Plan Update.

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Public Utilities Department

DATE: July 7, 2025

SUBJECT: Consider Approval - Res. 25-____, A Resolution Confirming the Diagram and Assessments for the Fiscal Year 2025-26 Annual Levy for Landscape Maintenance District No. 1; and Declare Results of the Assessment Ballot Election Regarding a Proposed Assessment Increase in Benefit Zones 4 and 5 of Landscape Maintenance District No. 1.

Staff: Timothy Breshears, Parks Manager

Recommendation: Approve

ATTACHMENTS:

1. Resolution
2. Assessment Diagrams
3. Engineer's Report

RECOMMENDATION

1. Declare results of the assessment ballot election regarding a proposed assessment increase in Landscape Maintenance District No. 1; and
2. Adopt Res. 25-____, confirming the diagram and assessments for the Fiscal Year 2025-26 annual levy for Landscape Maintenance District No. 1.

EXECUTIVE SUMMARY

An assessment ballot election was held in accordance with Proposition 218 to approve a proposed assessment increase for Benefit Zones 4 and 5 within Landscape Maintenance District No. 1 (LMD). Ballots were mailed to property owners within Benefit Zones 4 and 5 on April 29, 2025. Acceptance of the ballots was closed at the June 16, 2025, Council meeting, and the matter was continued to the July 7, 2025, Council meeting in accordance with Government Code Section 53753 to allow for tabulation of the ballots. Ballots were publicly tabulated on June 17, 2025. Benefit Zone 4 passed with 50.5% of the ballots returned, weighted by proposed assessment, submitted in favor of the assessment rate increase. Benefit Zone 5 passed with 51.3% of the ballots returned, weighted by proposed assessment, submitted in favor of the assessment rate increase. In accordance with Proposition 218 (CA Constitution, Art. XIID,

Sec.4(e)) and Government Code section 53753(e), a majority protest does not exist, and the proposed assessment increase for Benefit Zones 4 and 5 may be approved.

An annual public hearing is required by the Landscaping and Lighting Act of 1972 (Act) to consider all written statements and to afford all interested persons the opportunity to hear and be heard concerning the proposed LMD assessments for the coming year. There have been no written comments made or filed as of the writing of this report. At the conclusion of the public hearing, the Council may confirm the diagram and assessments in the Engineer's Report as presented or amended to levy assessments on parcels in all Benefit Zones of the LMD for the upcoming fiscal year.

BACKGROUND

On July 15, 1985, Council adopted Resolution No. 85-78, forming the City of Clovis LMD in accordance with the Act approved by the California State Legislature. The purpose of the LMD is to fund the operation and maintenance of public landscaped areas and parks benefiting property throughout the City.

The annual assessments established for all properties within the LMD provide funding for the City's cost for operation, maintenance, and related services. The required operation and maintenance includes mowing, edging, fertilizing, weed control, irrigation systems, pruning, plant replacement, lighting, and a capital replacement fund to periodically replace picnic area amenities, playground equipment, and other items such as neighborhood monuments. The LMD assessments are collected by the County as a special assessment on the property tax bills.

On February 11, 2025, Council authorized staff to proceed with a Proposition 218 assessment ballot election to increase assessments in LMD Benefit Zone 4 and Zone 5. The balloting period for the election was closed at the end of the public hearing on June 16, 2025. The ballots were publicly tabulated on June 17, 2025.

A majority of returned ballots, weighted by proposed assessment, approved the assessment rate increase in Benefit Zone 4 and Benefit Zone 5. Unlike other types of proceedings with ballots and elections, when the voters decide whether or not to approve an action, a Proposition 218 assessment increase proceeding is considered a "majority protest" proceeding. Accordingly, because a majority of the returned ballots (as appropriately weighted) did not oppose or protest the proposed assessment increase, no majority protest exists, and the City Council is authorized to approve the proposed increased assessments. The ballot tabulation results are as follows:

- Benefit Zone 4: The Assessment Rate Increase Passed 50.5% to 49.5%**

Type of Vote	Number* of Ballots Returned	Weighted Assessment Amount	Percent of Weighted Assessment
Yes	1,103	\$71,695.00	50.5%
No	<u>1,080</u>	<u>\$70,200.00</u>	<u>49.5%</u>
Total	2,183	\$141,895.00	100.0%

Zone 4: Total number of ballots mailed: 7,908 (27.60% election turn-out)

- **Benefit Zone 5: The Assessment Increase Passed 51.3% to 48.7%**

Type of Vote	Number* of Ballots Returned	Weighted Assessment Amount	Percent of Weighted Assessment
Yes	538	\$34,970.00	51.3%
<u>No</u>	<u>511</u>	<u>\$33,215.00</u>	<u>48.7%</u>
Total	1,049	\$68,185.00	100.0%

Zone 5: Total number of ballots mailed: 3,654 (28.71% election turn-out)

On April 21, 2025, Council approved the Preliminary Engineer's Report and adopted Resolution No. 25-38, declaring the City's intention to levy and collect the LMD assessments for Fiscal Year 2025-26 and giving notice of public hearing. The notice was published in The Business Journal on June 4, 2025. At this time, the Council is to consider all oral and written statements, make any changes to the Engineer's Report, and adopt the Resolution to levy assessments for Fiscal Year 2025-26.

Ten (10) LMD Benefit Zones are proposed to have a rate increase, which includes the authorized increases from the Proposition 218 assessment ballot election for Benefit Zones 4 and 5. The assessment rates for Benefit Zones 7, 13, 19, 30, 31, 36, 37, and 40 are proposed to be increased in accordance with a previously approved assessment formula to cover the cost of maintaining service while continuing to maintain capital reserves. The remaining LMD Benefit Zones are proposed to have no rate change.

As required by the Act, the Engineer's Report for the LMD is on file with the City Clerk and includes the following:

- A full and detailed description of the improvements;
- A description of the assessable lots and parcels of land within the LMD;
- A diagram for the LMD, showing the exterior boundaries and the boundaries of the Benefit Zones within the LMD;
- The estimated costs of the improvements; and
- The proposed assessments.

FISCAL IMPACT

The Benefit Zone 4 assessment rate will increase from \$49.86/year to \$65.00/year beginning in Fiscal Year 2025-26. The Benefit Zone 5 assessment rate will increase from \$50.10/year to \$65.00/year beginning in Fiscal Year 2025-26. Benefit Zones 4 and 5 include an annual escalator based on the change in CPI, not to exceed 3%, commencing Fiscal Year 2026-27. LMD Benefit Zones 1, 2, 3 and 6 do not include annual escalation factors, so future assessment ballot elections in these Benefit Zones will be needed as costs continue to rise.

Approval of the diagram and assessments in the Engineer's Report will provide the necessary funding for the LMD to continue the operation and maintenance of landscaped areas benefiting property throughout the City for the next fiscal year.

REASON FOR RECOMMENDATION

This resolution confirming the diagram and assessments in the Engineer's Report is required annually by the Act. Adoption of the Resolution establishes the levy of assessments in the amount specified in the Engineer's Report for each parcel for the upcoming fiscal year.

ACTIONS FOLLOWING APPROVAL

1. The Engineer's Report containing the diagram and assessments, as approved by Council, will be recorded with the Fresno County Recorder's Office and filed with the Fresno County Auditor-Controller to be included in the annual assessment roll for each parcel.
2. The LMD assessments will be collected with the property taxes.

CONFLICT OF INTEREST

None.

RESOLUTION 25-____

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS
CONFIRMING THE DIAGRAM AND ASSESSMENTS IN THE ENGINEER'S REPORT FOR
THE FISCAL YEAR 2025-26 ANNUAL LEVY FOR LANDSCAPE MAINTENANCE
DISTRICT NO. 1**

WHEREAS, on April 21, 2025, pursuant to Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, the Council of the City of Clovis approved a Preliminary Engineer's Report of the City of Clovis LMD No. 1 dated April 21, 2025, and adopted Resolution No. 25-38, a Resolution of Intention to Levy and Collect the Annual Assessment for Landscape Maintenance District No. 1 of the City of Clovis (herein "LMD No. 1"); and

WHEREAS, the Council did declare in said Resolution of Intention its intention to levy and collect the annual assessment for the maintenance and operation of the landscaping and park facilities in said LMD No. 1, and set a public hearing on the annual levy of the proposed assessments for June 16, 2025, at 6:00 pm; and

WHEREAS, the assessments for Benefit Zones 4 and 5 of LMD No. 1 were proposed to increase from the previous annual levy and notice of the proposed assessment increase was provided along with ballots for an assessment increase protest proceeding and public hearing set for June 16, 2025, in accordance with Proposition 218 (CA Constitution, Art. XIID, Sec. 4(e)) and Government Code section 53753; and

WHEREAS, the public hearing for the assessment increase protest proceeding for Benefit Zones 4 and 5 was duly conducted on June 16, 2025, and all submitted ballots were received and tabulated in accordance with applicable law, and the ballot tabulation did not result in a majority protest for either Benefit Zone, and the Council is authorized to approve the proposed increased assessments for Benefit Zones 4 and 5 as part of the annual levy of assessments for LMD No. 1; and

WHEREAS, notice of the public hearing for the annual levy of assessments was duly provided and the hearing was duly conducted on June 16, 2025, in accordance with applicable law, and all written and oral comments provided at the hearing have been considered by the City Council.

NOW, THEREFORE, the City of Clovis hereby resolves as follows:

1. The Council hereby determines that the territory within LMD No. 1, the boundaries of which are set forth in the Engineer's Report of the City of Clovis LMD No. 1 dated July

7, 2025, as amended and on file with the City Clerk of the City of Clovis, will be the territory benefited by the maintenance and servicing of the improvements described in said Engineer's Report.

2. The public hearing on said annual levy of assessments was held in accordance with applicable law, and all persons filing protests or requesting to speak and who appeared were heard, and a majority protest was not filed.

3. The Engineer's Report, the diagrams for the assessment district, the assessment of the estimated costs of the improvements contained therein, and each and every part of said report, as amended, is adopted, confirmed, and approved; and the total amount of the costs and the individual assessments upon the land in the LMD No. 1 being hereby found to be in proportion to the benefits to be received from the improvements, are finally approved and confirmed as the assessments to pay the costs of each improvement and the expenses incidental thereto.

4. The Council hereby orders the levy of the assessments described in the aforementioned Resolution of Intention and in the Engineer's Report dated July 7, 2025, as amended.

5. The City Clerk shall file the Engineer's Report, diagrams, and assessments, as confirmed, or a certified copy thereof, with the Auditor-Controller of the County of Fresno no later than August 15, 2025.

SECTION I
INTRODUCTION
ENGINEER'S REPORT
CITY OF CLOVIS
LANDSCAPE
MAINTENANCE DISTRICT NO. 1
FISCAL YEAR 2025-26

To ensure a flow of funds for the installation, operation, maintenance and servicing of specified improvements within the boundaries of the Landscape Maintenance District No. 1 (the "District") the City Council approved the formation of the District on July 15, 1985 by adopting Resolution No. 85-78. The District boundaries are completely within the incorporated boundaries of the City of Clovis. Improvements that may be operated, maintained and serviced by the District include, but are not limited to:

Operation, maintenance and servicing of landscaping and irrigation improvements located within the public right-of-way or within the public easements adjacent to existing developments. Landscaping and irrigation improvements consist of, but are not limited to medians, slope areas, entranceways, dedicated easements, neighborhood parks, etc.

As required by the Landscaping and Lighting Act of 1972, this Engineer's Report describes the improvements to be installed, operated, maintained and serviced by the District for Fiscal Year 2025-26, provides an estimated budget for the District, and lists the proposed assessments to be levied upon each assessable lot or parcel within the District.

The City of Clovis will hold a Public Hearing on June 16, 2025, to provide an opportunity for any interested person to be heard. At the conclusion of the public hearing the City Council may adopt a resolution confirming the levy of assessments as originally proposed. Following the adoption of this resolution, the Final Assessor's Roll will be prepared and filed with the County of Fresno Auditor's Office, to be included on the Fiscal Year 2025-26 tax roll.

Payment of the assessment for each parcel will be made in the same manner and at the same time as payments are made for property taxes. All funds collected through the assessment must be placed in a special fund and can only be used for the purposes stated within this Report.

SECTION II

**ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS
OF THE LANDSCAPING AND LIGHTING ACT OF 1972
SECTION 22500 THROUGH 22679
OF THE CALIFORNIA STREETS AND HIGHWAYS CODE**

**CITY OF CLOVIS
LANDSCAPE
MAINTENANCE DISTRICT NO. 1**

FISCAL YEAR 2025-26

Pursuant to Part 2 of Division 15 of the Streets and Highways Code of the State of California, and in accordance with Resolution No. 25-38 accepting the Preliminary Engineer's Report and Declaring the Intention to Levy and Collect the Annual Assessments for the Landscape Maintenance District No. 1, adopted on April 21, 2025, by the City Council of the City of Clovis, County of Fresno, State of California, in connection with the proceedings for:

**CITY OF CLOVIS
LANDSCAPE
MAINTENANCE DISTRICT NO. 1**

Hereinafter referred to as the "District", I, Eduardo R. Espinoza, the duly appointed ENGINEER OF WORK, submit herewith the "Report" consisting of six (6) parts as follows:

PART A

This part describes the improvements in the District. Plans and specifications for the improvements are as set forth on the lists thereof, attached hereto, and are on file in the Office of the City Clerk of the City of Clovis, and are incorporated herein by reference.

PART B

This part contains an estimate of the cost of the proposed improvements, including incidental costs and expenses in connection therewith.

PART C

This part contains an assessment of the estimated cost of the improvements on each benefited lot or parcel of land within the Assessment District. The Assessment Roll is on file in the Office of the City Clerk of the City of Clovis and is incorporated herein in Appendix "A".

PART D

This part contains the method of apportionment of assessments, based upon parcel classification of land within the Assessment District, in proportion to the estimated benefits to be received.

PART E

This part contains a list of the names and addresses of the owners of real property within this Assessment District, as shown on the last equalized roll of the Assessor of the County of Fresno. The list is keyed to the records of the Assessor of the County of Fresno, which are incorporated herein by reference.

PART F

This part incorporates, by reference, the diagram of the Assessment District showing the exterior boundaries of the Assessment District, the boundaries of any zones within the Assessment District and the lines and dimensions of each lot or parcel of land within the Assessment District. This diagram has been prepared by the Engineer of Work and is on file in the Office of the City Clerk of the City of Clovis. The lines and dimensions of each lot or parcel within the Assessment District are those lines and dimensions shown on the maps of the Assessor of the County of Fresno for the year in which this Report was prepared. The Assessor's maps and records are incorporated by reference herein and made part of this Report. The Assessment Diagram in reduced format is incorporated herein in Appendix "B".

PART A

PLANS AND SPECIFICATIONS

The improvements, which have been installed within the Landscape Maintenance District No. 1 boundaries, and those which may be subsequently installed, will be operated, maintained and serviced as generally described as follows:

DESCRIPTION OF IMPROVEMENTS

CITY OF CLOVIS **LANDSCAPE MAINTENANCE DISTRICT No. 1**

FISCAL YEAR 2025-26

The improvements consist of the installation, operation, maintenance and servicing of the landscaping and irrigation improvements located in and along medians, slope areas, entrance ways and dedicated easements, parks, and appurtenant facilities including but not limited to personnel, electrical energy, utilities such as water, materials, contractual services, and other items necessary for the facilities described below. The location of the improvements are identified by the Benefit Area numbers listed below, which correspond to the grid numbers on the Assessment Diagrams in Appendix "B".

Benefit Zone No. 1

Benefit Area

Description of Improvements

- 5A. Install and maintain landscaping and irrigation along the Herndon Avenue frontage, along the Temperance Avenue frontage, and along the McKelvy Avenue frontage for Site Plan Review No. 2005-019.

Description of Improvements

- 31A. Install additional landscaping enhancements consisting of landscaping adjacent to the public street frontage of the City of Clovis water well site at the northeast corner of Fiore Lane and Fowler Avenue, and the landscaping along the south side of Fiore Lane between tract 5711 and Fowler Avenue within the limits of Tract No. 5711.

Benefit Zone No. 32

Benefit Area

Description of Improvements

- 58A. Maintenance of the enhanced walkway between the tract and the adjacent neighborhood park within the limits of Tract No. 5545.

Benefit Zone No. 33

Benefit Area

Description of Improvements

101A. Install additional landscaping enhancements consisting of Muncie Avenue entry feature with Tract No. 5207.

Benefit Zone No. 34

Benefit Area

Description of Improvements

- 86A. Install additional landscaping enhancements within Outlot A (east-west connecting paseos) of Tract No. 5874.

Benefit Zone No. 35

Benefit Area

Description of Improvements

- 68A. Install additional enhancements consisting of landscaping along the north side of Teague Avenues, Burl Avenue between Teague and Trenton Avenues, and the Emergency Access Gate at the east side of Powers Avenue for Tract No. 5550.

Benefit Zone No. 36

Benefit Area

Description of Improvements

103A. Install additional enhancements consisting of maintenance of the Alluvial Drainage Channel, which includes but is not limited to, cutting of native grasses, littler removal and general maintenance as required within the drainage channel for Tract. 6072.

Benefit Zone No. 37

Benefit Area

Description of Improvements

- 9A. Install and maintain landscaping and enhancements landscaping along the South side of Donner Avenue between Armstrong and the subject property and the landscape strip along Armstrong Avenue, and the block wall and architectural pilasters at the south side of Donner Avenue for Tract No. 6147.

Benefit Zone No. 38

Benefit Area

Description of Improvements

- 54A. Install additional enhancements consisting of maintenance of landscaping along the South side of Santa Ana Ave and the West side of Sierra Vista Parkway for Tract No. 6170.

Benefit Zone No. 39

Benefit Area

Description of Improvements

- 102A. Install and maintain landscaping and enhancements landscaping in the neighborhood park, median islands and the landscape strips along the Powers, Deauville, Moody, Locan and Megan Avenues, the trail along the northern property line between Temperance and Locan, and the block wall and architectural pilasters along Deauville Avenue for Tract No. 6109.
- 102B. Install landscaping and enhancements landscaping in the neighborhood park, median islands and the landscape strips along Deauville Avenue, the trail along the northern property line between Temperance and Locan, and the block wall and architectural pilasters along Deauville Avenue for Tract No. 6209.

Benefit Zone No. 40

Benefit Area

Description of Improvements

109A. Maintenance of the landscaping along San Gabriel, Cordova and Rialto Avenues for Tract No. 6228.

Benefit Zone No. 41

Benefit Area

Description of Improvements

112A. Install and maintain the landscaping along Descano Avenue entry way, hardscapes and the Neighborhood Park. Located at the southwest corner of Sasha and El Dorado Avenues for Tract No. 6186A.

Benefit Zone No. 42

Benefit Area

Description of Improvements

112A. Install additional enhancements consisting of the maintenance of the landscaping along Outlot "A" (paseo), Outlet "B" (park) and Celeste Avenue entry landscape strip hereinafter referred to as the "Landscaping for Tract No. 6230.

Benefit Zone No. 43

Benefit Area

Description of Improvements

107A. Installation and maintenance of the landscape strip along Locan Avenue and the south landscape strip of Powers Avenue for Tract 6239.

Benefit Zone No. 44

Benefit Area

Description of Improvements

- 66A. Maintenance of the landscaping along Russell Avenue, Riordian Avenue, Serena Avenue, North Phillip Avenue entry, Kelso Avenue entry, Prescott Avenue entry and Outlot A for Tract 6263.

Benefit Zone No. 45

Benefit Area

Description of Improvements

115A. Installation and maintenance of the landscaping along San Jose Avenues for Tract No. 6181.

Benefit Zone No. 46

Benefit Area

Description of Improvements

102A. Installation and maintenance of the median and south park strip landscaping along Powers Avenue; North Hanson Avenue side-yard of Lots 43 & 44; North Coventry Avenue side-yard of Lot 55; and masonry block wall/fence adjacent to the trail for Tract No. 6301.

Benefit Zone No. 47

Benefit Area

Description of Improvements

- 71A. Installation and maintenance of the landscaping and hardscape on both east and west sides of North Purdue Avenue; and entry landscape strips between Teague Avenue and Richmond associated with Tract No. 6284.

Benefit Zone No. 48

Benefit Area

Description of Improvements

102A. Install and maintain the pocket park, Outlot B, the south side of Moody Avenue between North Locan and North Megan Avenues, the west side of North Megan Avenue between Vermont and Moody Avenues, and south side of Trenton Avenue between North Locan and North Megan Avenues for Tract No. 6339.

Benefit Zone No. 49

Benefit Area

Description of Improvements

103A. Install and maintain the landscaping along the Loyola Avenue project frontage, Outlot A, and Outlot B associated with Tract No. 6389.

Benefit Zone No. 50

Benefit Area

Description of Improvements

118A. Install and maintain the portal entry features on Heirloom Avenue and Fordham Avenue for Tract No. 6205.

Benefit Zone No. 51

Benefit Area

Description of Improvements

119A. Maintain the trail located on the north side of Perrin Avenue, the meandering sidewalk and landscaping along the western side North Hammel Avenue, the embankment along the Enterprise Canal, and the future park located at the southern side of the Perrin/North Hammel Avenue for Tract No. 6343.

Benefit Zone No. NW

Benefit Area

Description of Improvements

- 113A. Install and maintain the landscaping along Clovis Avenue, Shepherd Avenue, Baron Avenue, and the park and pedestrian trail adjacent to the Enterprise Canal for Tract No. 6200.
- 113B. Install the landscape improvements within any miniparks, paseos, entry features, landscape strips along Sunnyside Avenue, Baron Avenue, Perrin Avenue, and the park and pedestrian trail adjacent to the Enterprise Canal and maintain the landscape strips along North Sunnyside Avenue, Perrin Avenue, and Baron Avenue, the median island landscaping along North Sunnyside Avenue, Baron Avenue, and Perrin Avenue, the roundabout at the intersection of Heirloom Avenue and North Sunnyside Avenues, the open space improvements within Outlots A and F, and the Enterprise Canal pedestrian bridge for Tract No. 6292.
- 113C. Install and maintain the mini green space area (Outlots B and E), the trail areas of Outlots A, C, and D, the trail lights, and the trail along Sunnyside and Shepherd Avenues for Tract No. 6342.
- 113D. Install and maintain the mini green space area (Outlot B), the trail areas of Outlots A and C, the trail lights, and the trail along Sunnyside Avenue for Tract No. 6344.
- 113 E. Install and maintain the mini green space area (Outlot 8), the trail areas of Outlot A, trail lights, and the trail landscaping along Baron and Perrin Avenues for Tract No. 6406.
- 114A. Install and maintain the landscape strip along Clovis Avenue and the landscape strip and the median island on DeWitt Avenue for Tract 6050.
- 114B. Install and maintain the landscape strips along Shepherd Avenue for Tract 6328.
- 114C. Install and maintain the landscape strips along Clovis Avenue and the landscape strips along Shepherd Avenue including bollard lighting, light fixtures, and trail elements for Tract 6329.
- 118A. Install and maintain the landscape strip along Shepherd Avenue, Sunnyside Avenue, Heirloom Avenue, Fordham Avenue and park on the intersection Heirloom Avenue and the alignment of Fordham Avenue for Tract No. 6205.
- 119A. Install and maintain the landscape and irrigation system for Tract No. 6343.

Benefit Zone No. SE

Benefit Area

Description of Improvements

- 82A. Install the minipark, paseos, paseo lights, entry features including the landscape and irrigation along Lincoln Avenue frontage of Lot 65, landscape strips along Barstow, DeWolf and Graybark Avenues, and the median islands in Lincoln Avenue within and adjacent to Tract 5565A2.
- 82B. Install landscaping and irrigation system along Locan Avenue (landscape strip and median island), Browning Avenue (entry features) and within Outlots A and B (entry features) of Tract No. 5965, Phase I of Vesting Tentative Map 5965.
- 82C. Install the minipark, paseos and paseo lights of Tract No. 5981.
- 82D. Install landscaping and an irrigation system along Bullard and Locan Avenues (landscape strip), the paseo and the park of Tract 5984, Phase II of Vesting Tentative Map 5965.
- 82E. Install minipark, paseos, paseo lights, and landscape strips in Bullard Avenue of Tract No. 5825.
- 82F. Install the minipark, paseos, paseo lights, and landscape strips in Bullard Avenue of Tract No. 5985.
- 82G. Install the minipark and landscape strips in Bullard Avenue of Tract No. 6020.
- 82H. Install the landscape strip in DeWolf Avenue for Tract No. 5657A.
- 82I. Install and maintain the landscape strip along DeWolf Avenue for Tract No. 6083.
- 83A. Install landscaping and irrigation facilities along landscape strips of Shaw and DeWolf Avenues, median islands in Shaw Avenue, paseos and the minipark within and adjacent to Tract No. 5418.
- 83B. Install landscaping and irrigation system along Barstow and DeWolf Avenues, and install landscaping and irrigation system at outlots "A" through "E" for use as neighborhood park site and/or paseos of Tract No. 5583.
- 83C. Install the minipark, paseos, paseo lights, in-roadway warning light pedestrian crossing in Locan Avenue, and landscape strips and median islands in Shaw Avenue of Tract No. 5970.
- 83D. Install landscape strips along Locan Avenue, Shaw Avenue, and the landscaping within the paseos for Tract No. 6260.

- 84A. Proposed landscaping and irrigation system along Locan Avenue (greenbelt), Gettysburg Avenue (greenbelt), and install landscaping and irrigation system at Outlot "A", Outlot "B" and Outlot "C" for use as a paseo and park site within the limits of Tract No. 5168.
- 84B. Proposed landscaping and irrigation system along Gettysburg Avenue, DeWolf Avenue (greenbelt), Graybark Avenue and Outlots "A" and "B" for use as a paseo within the limits of Tract No. 5336.
- 84C. Proposed landscaping and irrigation facilities along landscape strips of Shaw and DeWolf Avenues, median islands in Shaw Avenue, paseos and the minipark within and adjacent to the development of Tract No. 5484.
- 84D. Install and maintain the landscape strips along Shaw Avenue and the neighborhood park portion south of Alamos Avenue of Tract No. 6137A2.
- 86A. Proposed landscaping and irrigation system along Gettysburg Avenue (greenbelt) and Locan Avenue (greenbelt), and install landscaping and irrigation system at Outlot "A" for use as a paseo within the limits of Tract No. 5193.
- 86B. Install landscaping and an irrigation system along Ashlan Avenue (landscape strip and median island) and within Outlot A (north-south paseo) of Tract No. 5874.
- 86C. Install minipark, paseos and paseo lights of Tract No. 5961.
- 86D. Install the entry feature and landscape strip along Gettysburg Avenue of Tract No. 5596.
- 86E. Install the minipark, paseos, paseo lights, entry features, the landscape strips in DeWolf Avenue of Tract No. 5871.
- 86F. Maintain the landscape strips along DeWolf Avenue for Tract No. 5681.
- 86G. Install and maintain the landscape strip along Logan Avenue and Ashlan Avenue for Tract No. 6245.
- 86H. Install and maintain the landscape strip along Logan Avenue for Tract No. 6225.
- 89A. Proposed street lights along local streets and with the paseo, landscaping and irrigation system along Ashlan Avenue (landscape strip and median island), DeWolf Avenue (landscape strip), Blackwood and Bellaire Avenues (entry features), Outlots "A", "B", "F", and "E" paseo and within Outlot "C" (paseo and minipark within the limits of Tract No. 5254.
- 89B. Install the minipark, paseos, paseo lights, in-roadway warning light pedestrian crossing in Locan Avenue, and landscaping strips and median islands in Shaw Avenue of Tract No. 5875A.

- 89C. Install the landscape strips in Locan Avenue of Tract 6012.
- 104A. Install the minipark, paseos, paseo lights, entry features, landscape strips in Barstow and Leomard Avenues, and the median island in Leonard Avenue of Tract No. 5950.
- 104B. Install the minipark, paseos, paseo lights, entry features and the landscape strips in Barstow and DeWolf Avenues for Tract No. 6040.
- 106A. Install the minipark, paseos, paseo lights, entry features, landscape strips along DeWolf and Ashlan Avenues and Marengo Avenue between Buckingham Avenue and Hampton Way, and the median island in Ashlan Avenue for Tract No. 5691A2, Phase I of Tentative Tract No. 5691A2.
- 106B. Install the minipark, paseos, paseo lights, entry features, landscape strips along DeWolf and Ashlan Avenues and Marengo Avenue between Buckingham Avenue and Hampton Way, and the median island in Ashlan Avenue for Tract No. 6005, Phase II of Tentative Tract Map No. 5691A2.
- 106C. Install the minipark, paseos, paseo lights, entry features, landscape strips along DeWolf and Ashlan Avenues and Marengo Avenue between Buckingham Avenue and Hampton Way, and the median island in Ashlan Avenue for Tract No. 6006, Phase III of Tentative Tract Map No. 5691A2.
- 106D. Install the minipark, paseos, paseo lights, and landscape strips along DeWolf Avenue for Tract No. 5605.
- 106E. Install the paseos, paseo lights, and landscape strips along DeWolf Avenue for Tract No. 6009.
- 106F. Maintain the paseos along Saginaw, Marengo, and Sanders Avenues for Tract No. 6089.
- 106G. Install and maintain the landscape strip in Barstow Avenue, Leonard Avenue, and the recreational trails on outlots F, G and as well as the block wall within outlot F for Tract No. 6064.
- 106H. Install and maintain a mini park, paseos and paseo lights for Tract No. 6142.
- 106I. Install and maintain a mini park, paseos, paseo lights, and landscape strips along Sanders, Pontiac, Saginaw, Encino Lansing and Leonard Avenues for Tract No. 6114.
- 106J. Maintain the trail along Gould Canal, the trail and open spaces along the Dog Creek, and landscape strip along Leonard Avenue for Tract No. 6164.

- 107A. Install and maintain the minipark, trail, open space, paseos, paseo lights, interior street lights, entry features, landscape strips along Ashlan and Leonard Avenues, and the median islands in Ashlan and Leonard Avenues for Tract No. 5701A.
- 108A. Install the landscape strip in Barstow Avenue for Tract No. 6055.
- 108B. Install paseos, paseo lights, and landscape strips along DeWolf Avenue for Tract No. 6058.
- 108C. Install and maintain a minipark, paseos, paseo lights, entry features, landscape strip along Ashlan Avenue and the median island in Ashlan Avenue for Tract No. 6098.
- 108D. Install and maintain the landscape strip along Leonard and San Jose Avenues including the gateway feature at the northwest corner of Leonard and San Jose Avenues for Tract No. 6144.
- 108E. Install and maintain the entry features, landscape strip along Shaw Avenue and the median islands in Shaw Avenue for Tract No. 6123.
- 109A. Install and maintain the landscape strips along Gettysburg and Leonard Avenues for Tract No. 6168.
- 109B. Install and maintain the landscape strip along Gettysburg and Leonard Avenue for Tract No. 6228.
- 110A. Install the landscape strips in Shaw & Leonard Avenues, park and a trail for Tract No. 6025.
- 110B. Install and maintain the minipark, paseos, paseo lights, and the landscape strip along Shaw Avenue for Tract No. 6086.
- 110C. Install and maintain the minipark, paseos, paseo lights, and the landscape strip along Gettysburg, Agua Dulce and Pico Avenues for Tract No. 6034, Phase 1.
- 110D. Install and maintain the minipark, paseos, paseo lights, landscape strip along Shaw Avenue and Loma Vista Parkway and the median islands in Shaw Avenue and Loma Vista Parkway for Tract No. 6107, Phase II of TM6034.
- 110E. Install and maintain the landscape strips along Shaw Avenue and Loma Vista Parkway of Tract No. 6068.
- 110F. Install and maintain the landscape strips along Loma Vista Parkway and Gettysburg Avenue of Tract No. 6102.
- 110G. Install and maintain the paseos in Outlots A through E, the roundabout at Gettysburg and Highland Avenues, and the landscape strip along Gettysburg Avenue of Tract No. 6166.

- 111A. Install and maintain the paseos and major street landscape along Leonard, Dakota and Flint avenues for Tract No. 5998.
- 111B. Install and maintain the landscape strip on Leonard Avenue, the side yard landscape and irrigation on lots 1 and 70, the median island along Pontiac Avenue, and the outlots A, B, C and D for Tract No. 6143.
- 111C. Install and maintain the landscape strip on Leonard Avenue, the side yard landscape and irrigation on lots 1 and 70, the median island along Pontiac Avenue, and the outlots A, B, C and D for Tract No. 6143.
- 111D. Maintain the landscape strips along Highland Avenue for Tract No. 6080.
- 111E. Maintain the trail along the Gould Canal, and landscape strips along Leonard and Dakota Avenues for Tract No. 6101.
- 111F. Install the landscape strips along Gettysburg and Leonard Avenues and maintain the landscape strips along Ashlan Avenue, the paseos and neighborhood park or Tract No. 6193.
- 111G. Install the landscape strips along Gettysburg and Leonard Avenues for Tract 6255.
- 111H. Install the landscape strip along Ashland Avenue for Tract 6174.
- 111I. Install and maintain the landscape strips along Highland Avenue, Dakota Avenue, Outlot A, Outlot B, and Outlot C for Tract No. 6208
- 112A. Install and maintain the landscape strip along Bullard and La Vona Avenue, and the median islands in Bullard and Agua Dulce Avenues for Tract No. 5998.
- 112B. Install and maintain the trails, landscape strip along Leonard Avenue and the median island in Leonard Avenue for Tract No. 6127.
- 112C. Install and maintain the trails along the Enterprise Canal and Jefferson Pipeline Canal for Tract No. 6197.
- 112D. Install and maintain the landscape strip along Bullard Avenue, Leonard Avenue, Landscaping in the median island on Leonard Avenue, and Bollard Trail Lights for Tract No. 6186A.
- 112E. Install the landscape strip along Leonard Avenue, landscaping in the median island on Leonard Avenue, Outlot "C" (trail), bollard trail lights, and pedestrian bridge along the Enterprise Canal for Tract No. 6230.
- 112F. Maintenance for all benefit zones means the furnishing of services and materials for the ordinary and usual operation, maintenance and servicing of the landscaping and natural vegetation areas, and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping, natural vegetation, sidewalks or appurtenant facilities; providing for the life, growth, health and beauty of the landscaping and natural vegetation areas, including cultivation, irrigation, trimming, spraying, fertilizing and treating for disease or injury; and the removal of trimmings, rubbish, debris and other solid waste. Servicing for all benefit zones means the furnishing of water for the irrigation of the landscaping, natural vegetation areas or appurtenant facilities and the furnishing of electric current or energy, gas or other agent for landscaping, natural vegetation areas or appurtenant facilities.

The plans and specifications for the improvements are on file in the Office of the City Clerk of the City of Clovis.

PART B

ESTIMATE OF COST

The 1972 Act provides that the District can recover the total cost of installation, operation, maintenance and servicing of the public landscaping and natural vegetation areas. Maintenance can include the repair and replacement of existing improvements. Servicing can include electrical and associated costs from a public utility. Incidental expenses, including administration of the District, engineering fees, legal fees, printing, posting, and mailing of notices, and all other costs associated with the annual collection process and the maintenance of the District can also be included.

The table on the following page includes the installation, operation, maintenance, and servicing costs for Fiscal Year 2025-26 that are proposed to be included in Landscape Maintenance District No. 1. These cost estimates were provided by the City of Clovis.

Benefit Zone No. 51 - Enhanced Landscaping Improvements (Tract 6343)	\$0.00	\$0.00	\$0.00	\$34,506.00	\$34,506.00
Benefit Zone No. NW - Enhanced Landscaping Improvements (Tract 6050, 6200, 6205, 6328, 6329, 6342, 6343, 6344, 6392, and 6406)	\$219,772.34	(\$7,579.21)	\$212,193.13	\$509,394.40	\$297,201.27
Benefit Zone No. SE - Enhanced Landscaping Improvements (Tract 5168, 5193, 5254, 5336, 5418, 5484, 5565A2, 5582, 5583, 5596, 5605, 5657A, 5681, 5691A2, 5701A, 5825, 5871, 5874, 5875A, 5950, 5961, 5965, 5970, 5981, 5984, 5985, 5998, 6005, 6006, 6007, 6008, 6009, 6010, 6011, 6012, 6020, 6023, 6025, 6034, 6040, 6055, 6058, 6064, 6068, 6080, 6082, 6083, 6086, 6089, 6098, 6101, 6102, 6107, 6114, 6120, 6123, 6127, 6137A2, 6142, 6143, 6144, 6161, 6164, 6166, 6168, 6174, 6181, 6186A, 6193, 6197, 6203, 6208, 6225, 6228, 6230, 6245, 6254, 6255, 6260, 6304, 6349, 6372, 6377, 6404, 6413, BP No. 21-05390, BP No. 22-02583, BP No. 1222-2019, CMBN1333-2013, PM 18-14, PM2015-2, PM 2015-04, PM 2016-01, SPR 2012-006, SPR 2017-014, SPR 2018-011A2, and SPR 2020-006)	\$2,481,001.90	(\$129,628.01)	\$2,351,373.89	\$2,710,769.73	\$359,395.84
Total Costs	\$6,177,389.26	(\$356,291.33)	\$5,821,097.93	\$6,662,175.22	\$841,077.29

The 1972 Act requires that a special fund be set up for the revenues and expenditures of the District. Funds raised through the District assessments shall be used only for the purpose as stated herein. A contribution to the City of Clovis may be made to reduce assessments, as the City Council deems appropriate. Any balance remaining on July 1 must be carried over to the next fiscal year unless needed in the reserve fund.

PART C

ASSESSMENT ROLL

The proposed assessment and the amount of assessment for Fiscal Year 2025-26 apportioned to each lot or parcel, as shown on the latest roll at the Assessor's Office, is incorporated in Appendix "A".

The description of each lot or parcel is part of the records of the Assessor of the County of Fresno and these records are, by reference, made part of this Report.

The total proposed assessment for the Fiscal Year 2025-26 is \$6,662,175.22.

PART D

METHOD OF APPORTIONMENT OF ASSESSMENT

General

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by Agencies for the purpose of providing certain public improvements which include the operation, maintenance and servicing of landscaping and street lighting improvements.

Section 22573 of the Landscape and Lighting Act of 1972 requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements.

The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000)) [of the Streets and Highways Code, State of California]."

In addition, Article XIIID, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property.

Because assessments are levied on the basis of benefit, they are not considered a tax, and, therefore, are not governed by Article XIII A of the California Constitution.

The 1972 Act permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22574). Thus, the 1972 Act requires the levy of a true "assessment" rather than a "special tax."

Article XIIID provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment. Exempted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-ways, public greenbelts and public parkways, and that portion of public property that is not developed and used for business purposes similar to private commercial, industrial and institutional activities.

BENEFIT DETERMINATION

Well maintained landscaped medians, parkways, slope banks, and park and recreational areas provide beautification, shade, recreational possibilities, and the enhancement of the surrounding areas. These improvements provide special and direct benefit to the parcels within the District boundaries because the parcels have direct access and use of the improvement areas. These improvements increase the desirability to live and work in the area and further increase property values. Because the property owners benefit from the improvements, they also benefit from the operation, maintenance and servicing thereof.

ZONE CLASSIFICATION

The Landscape Maintenance District No. 1 was formed to provide a funding source for the operation, maintenance and servicing of landscaping and neighborhood park and recreational facilities within the boundaries of the District. Because of the varying degrees of improvements throughout the City specific benefit zones have been created. These zones are necessary to accurately track the operation and maintenance costs for each improvement type.

Parcels benefiting from the general landscape improvements throughout the City (medians, slope areas, entranceways, etc.) have been divided into three (3) distinct benefit zones; Benefit Zone No. 1 encompasses the north area of the City, which is generally bounded by Herndon Avenue. Benefit Zone No. 2 includes the east area of the City, which is generally bounded by Sunnyside Avenue, and Benefit Zone No. 3 covers the west area of the City generally bounded by Sunnyside Avenue.

Each of the Benefit Zones described above also have sub-benefit zones to accurately track and assess the costs of neighborhood parks to the benefiting parcels within that benefit zone. Benefit Zone No. 4 encompasses the parcels benefiting from neighborhood parks located in the north area of the City, which is generally bounded by Herndon Avenue. Benefit Zone No. 5 includes the parcels benefiting from neighborhood parks in the east area of the City, which is generally bounded by Sunnyside Avenue. Benefit Zone No. 6 covers the parcels benefiting from neighborhood parks in the west area of the City, which is generally bounded by Sunnyside. For a detailed diagram of these benefit zones refer to Part F of this report.

Benefit Zone No. 7 includes parcels benefiting from enhanced landscaping improvements in the Deauville subdivision (Tracts 4762A, 4873, 4874, 4875, 4876, and 5015). Benefit Zone No. 8 includes parcels benefiting from enhanced landscaping improvements in Tract 4949. Benefit Zone No. 9 includes parcels benefiting from enhanced landscaping improvements in Tract 4954. Benefit Zone No. 10 includes parcels benefiting from enhanced landscaping improvements in Tracts 4958, 4986, and 5026. Benefit Zone No. 11 is not currently being used. Benefit Zone No. 12 includes parcels benefiting from enhanced landscaping improvements in Tracts 5025, 5046 and 5047. Benefit Zone No. 13 includes parcels benefiting from enhanced landscaping improvements in Tract 5045. Benefit Zone No. 14 includes parcels benefiting from enhanced landscaping improvements in Tract 5020. Benefit Zone No. 15 includes parcels benefiting from

enhanced landscaping improvements in Tracts 5038, 5057, 5058 and 5059. Benefit Zone 16 includes parcels benefiting from enhanced landscaping improvements in Tract 5106. Benefit Zone 17 includes parcels benefiting from enhanced landscaping improvements in Tract 4973. Benefit Zone 18 includes parcels benefiting from enhanced landscaping improvements in Tract 5115. Benefit Zone 19 includes parcels benefiting from enhanced landscaping improvements in Tract 5125. Benefit Zone 20 includes parcels benefiting from enhanced landscaping improvements in Tract 4938. Benefit Zone 21 includes parcels benefiting from enhanced landscaping improvements in Tract 5122. Benefit Zone 22 includes parcels benefiting from enhanced landscaping improvements in Tract 5131. Benefit Zone 23 includes parcels benefiting from enhanced landscaping improvements in Tract 5213. Benefit Zone 24 includes parcels benefiting from enhanced landscaping improvements in Tract 5200. Benefit Zone 25 includes parcels benefiting from enhanced landscaping improvements in Tract 5194. Benefit Zone 26 includes parcels benefiting from enhanced landscaping improvements in Tract 5347. Benefit Zone 27 includes parcels benefiting from enhanced landscaping improvements in Tract 5146. Benefit Zone 28 includes parcels benefiting from enhanced landscaping improvements in Tract 5378. Benefit Zone 29 includes parcels benefiting from enhanced landscaping improvements in Tract 5470. Benefit Zone 30 includes parcels benefiting from enhanced landscaping improvements in Tracts 5264 and 5741. Benefit Zone 31 includes parcels benefiting from enhanced landscaping improvements in Tract 5711. Benefit Zone 32 includes parcels benefiting from enhanced landscaping improvements in Tract 5545. Benefit Zone 33 includes parcels benefiting from enhanced landscaping improvements in Tract 5207. Benefit Zone 34 includes parcels benefiting from enhanced landscaping improvements in Tract 5874. Benefit Zone 35 includes parcels benefiting from enhanced landscaping improvements in Tract 5550. Benefit Zone 36 includes parcels benefiting from enhanced landscaping improvements in Tract 6072. Benefit Zone 37 includes parcels benefiting from enhanced landscaping improvements in Tract 6147. Benefit Zone 38 includes parcels benefiting from enhanced landscaping improvements in Tract 6170. Benefit Zone 39 includes parcels benefiting from enhanced landscaping improvements in Tracts 6109 and 6209. Benefit Zone 40 includes parcels benefiting from enhanced landscaping improvements in Tract 6228. Benefit Zone 41 includes parcels benefiting from enhanced landscaping improvements in Tract 6186A. Benefit Zone 42 includes parcels benefiting from enhanced landscaping improvements in Tract 6230. Benefit Zone 43 includes parcels benefiting from enhanced landscaping improvements in Tract 6239. Benefit Zone 44 includes parcels benefiting from enhanced landscaping improvements in Tract 6263. Benefit Zone 45 includes parcels benefiting from enhanced landscaping improvements in Tract 6181. Benefit Zone 46 includes parcels benefiting from enhanced landscaping improvements in Tract 6301. Benefit Zone 47 includes parcels benefiting from enhanced landscaping improvements in Tract 6284. Benefit Zone 48 includes parcels benefiting from enhanced landscaping improvements in Tracts 6277 and 6339. Benefit Zone 49 includes parcels benefiting from enhanced landscaping improvements in Tract 6389. Benefit Zone 50 includes parcels benefiting from enhanced landscaping improvements in Tract 6205. Benefit Zone 51 includes parcels benefiting from enhanced landscaping improvements in Tract 6343.

Benefit Zone SE includes parcels benefiting from enhanced landscaping improvements in Tracts 5168, 5193, 5254, 5336, 5418, 5484, 5565A2, 5582, 5583, 5596, 5605, 5657A, 5681, 5691A2, 5701A, 5825, 5871, 5874, 5875A, 5950, 5961, 5965, 5970, 5981, 5984,

5985, 5998, 6005, 6006, 6007, 6008, 6009, 6010, 6011, 6012, 6020, 6023, 6025, 6034, 6040, 6055, 6058, 6064, 6068, 6080, 6082, 6083, 6086, 6089, 6098, 6101, 6102, 6107, 6114, 6120, 6123, 6127, 6137A2, 6142, 6143, 6144, 6161, 6164, 6166, 6168, 6174, 6181, 6186A, 6193, 6197, 6203, 6208, 6225, 6228, 6230, 6245, 6254, 6255, 6260, 6304, 6349, 6372, 6377, 6404, 6413, BP No. 21-05390, BP No. 22-02583, BP No. 1222-2019, CMBN1333-2013, PM 18-14, PM 2015-2, PM 2015-04, PM 2016-01, SPR 2012-006, SPR 2017-014, SPR 2018-011A2, and SPR 2020-006.

Benefit Zone NW includes parcels benefiting from enhanced landscaping improvements in Tracts 6050, 6200, 6205 6328, 6329, 6342, 6343, 6344, 6392, and 6406.

ASSESSMENT METHODOLOGY

The total operation, maintenance and servicing costs for the landscaping and neighborhood park and recreational facilities are apportioned in accordance with the methodology that was established when the District was formed. The method for spreading the costs to each parcel is based on the Equivalent Dwelling Unit (EDU) factor.

The single-family residential parcel has been selected as the basic unit for the calculation of assessments and is defined as one (1) Equivalent Dwelling Unit (EDU). The methodology used to assign EDUs to other land uses in proportion to the benefit they receive relative to the single-family residential parcel is based on acreage. All non-single family residential parcels are assessed four (4) EDUs per acre, which is generally the average density of single-family homes in the City of Clovis.

It would not be equitable to spread assessments evenly to each parcel, not considering land use or parcel size, because a single-family parcel would be paying the same as a 50-unit apartment complex parcel or a large commercial establishment. Therefore, as previously stated, the total estimated costs are spread to each parcel of land based on the number of EDUs associated with each particular parcel. Below is a breakdown of the EDUs for the various land uses.

RELATIVE BENEFIT BY LAND USE	
Land Use	Benefit Equivalent
Single-Family Residential	1.00 EDU/parcel
Multi-Family Residential	1.00 EDU/unit
Commercial	4.00 EDUs/net acre
Industrial	4.00 EDUs/net acre
Misc. Property (Recreational, Institutional, etc.)	4.00 EDUs/net acre

Single-Family Residential Properties

All single-family parcels benefit equally because of the similar type of property and the similar degree of use of facilities; therefore, all single-family parcels are assessed 1.0 EDU each.

Multi-Family Residential Units

All multi-family units benefit equally because of the similar type of property and the similar degree of use of facilities; therefore, all multiple family parcels are assessed 1.0 EDU per unit.

Commercial, Industrial, and Miscellaneous Properties

Commercial, Industrial, and Miscellaneous Properties derive a similar benefit as single-family residences, except that an area equivalency is used due to the wide variability in parcel size. The equivalency of four (4) EDUs per net acre is used based on the average lot size of a residential parcel. Churches, welfare properties, charity and service organizations are also assessed at these same rates.

Miscellaneous Parcels

1. There is a parcel within the District (APN 498-020-57) that is owned by the Rodeo Association that is assessed 1.00 EDU because it is only partially developed.
2. The Stone-Brook subdivision in Benefit Zone No. 2 - General Landscaping (East Area) has a homeowner's association for their 98 single-family residential parcels. The homeowner's association maintains its own frontage improvements and therefore City Council directed staff to only assess these parcels for center island median improvements which is \$8.90/parcel. This subdivision is also located in Benefit Zone No. 5 Neighborhood Park Landscaping (East Area) and will be assessed for the neighborhood park improvements.
3. During the Public Meeting held on June 3, 1996, the City Council of the City of Clovis directed staff to review the assessments of properties that may not be fully developed. Staff verified the properties for Fiscal Year 2025-26 and identified the following commercial parcel as being not fully developed:

MISCELLANEOUS COMMERCIAL PARCELS		
Assessor Parcel Numbers	Location	Development Status
552-062-11	East side of Armstrong, between Shaw and Gettysburg	50% Developed during Fiscal Year 2024-25

General Benefits & Special Benefits

Some of the LMD zones provide a general benefit to the public at large. These LMD zones consist of zones 1 through 6, NW zone, and the SE zone. Residents within close proximity to the landscape improvements who are not paying an assessment may benefit from a portion of the improvements within these zones. City staff reviewed the population of people who benefit from the improvements within each of these zones and determined

the percentage of people who pay an assessment and the percentage who are not paying an assessment. The City contributes from the general fund the benefit percentages of people who are not paying an assessment within each zone. City staff has determined that 100% of the improvements located within enhanced benefit zones provide no benefit to the general public at large and only provide a special benefit to the properties within those enhanced zones. Therefore, none of those costs are funded by the general fund. Those percentages of costs funded by the general fund are shown on the following page.

LMD Zone	Total Maintenance Cost	Percentage of General Benefit	General Benefit Contribution
1	\$1,405,468.49	6%	\$84,328.11
2	\$752,800.46	6%	\$45,168.03
3	\$108,710.23	45%	\$48,919.60
4	\$505,873.88	2%	\$10,117.48
5	\$214,097.26	2%	\$4,281.95
6	\$42,401.86	60%	\$25,441.11
NW	\$219,772.34	5%	\$10,988.62
SE	\$2,481,001.90	5%	\$124,050.09
		Total	\$353,294.99

Annual Increase

The maximum assessment rates shown in Table 2 on the following pages for Benefit Zones 7 through 50, NW, and SE may be increased each fiscal year based upon the annual change in the Consumer Price Index – All Urban Consumers (U.S. City Average) + 2%.

Also, the City is proposing assessment increases for Benefit Zones 4 and 5 commencing Fiscal Year 2025-26. If the assessment increases are approved by the affected property owners and City Council, the maximum assessment rates for Benefit Zones 4 and 5 shown in Table 2 on the following pages may be increased each fiscal year based upon the annual change in the Consumer Price Index – All Urban Consumers (U.S. City Average), not to exceed 3%.

The summary of EDUs per benefit zone, maximum Fiscal Year 2025-26 assessment rates, and the proposed Fiscal Year 2025-26 assessment rates per benefit zone are shown in Table 2 below.

TABLE 2 FISCAL YEAR 2025-26 EDU AND ASSESSMENT RATE SUMMARY				
Benefit Zone	Landscape Maintenance			
	Total Proposed Assessment Revenue	EDUs	Maximum Assessment Rate per EDU	Proposed Assessment Rate per EDU
Benefit Zone No. 1 - General Landscaping (North Area)	\$1,469,845.65	14,772.32	\$99.50	\$99.50
Benefit Zone No. 2 - General Landscaping (East Area) ¹	\$662,753.15	6,631.51	\$99.94	\$99.94
Benefit Zone No. 3 - General Landscaping (West Area)	\$59,005.88	4,805.04	\$12.28	\$12.28
Benefit Zone No. 4 - Neighborhood Park Landscaping (North Area)	\$523,315.00	8,051.00	\$65.00	\$65.00
Benefit Zone No. 5 - Neighborhood Park Landscaping (East Area)	\$240,500.00	3,700.00	\$65.00	\$65.00
Benefit Zone No. 6 - Neighborhood Park Landscaping (West Area)	\$16,176.16	202.00	\$80.08	\$80.08
Benefit Zone No. 7 - Enhanced Landscaping Improvements (4762A, 4873, 4874, 4875, 4876, 5015)	\$104,328.00	480.00	\$373.43	\$217.35
Benefit Zone No. 8 - Enhanced Landscaping Improvements (Tract 4949)	\$6,253.74	111.00	\$273.32	\$56.34
Benefit Zone No. 9 - Enhanced Landscaping Improvements (Tract 4954)	\$6,500.22	131.00	\$227.76	\$49.62
Benefit Zone No. 10 - Enhanced Landscaping Improvements (Tract 4958, 4986, 5026)	\$14,680.38	174.00	\$359.46	\$84.37
Benefit Zone No. 11 - Not in use at this time	\$0.00	0.00	\$0.00	\$0.00
Benefit Zone No. 12 - Enhanced Landscaping Improvements (Tract 5025, 5046, 5047)	\$23,331.00	202.00	\$277.93	\$115.50
Benefit Zone No. 13 - Enhanced Landscaping Improvements (Tracts 5045)	\$9,327.29	133.00	\$76.13	\$70.13
Benefit Zone No. 14 - Enhanced Landscaping Improvements (Tract 5020)	\$1,867.60	58.00	\$80.34	\$32.20
Benefit Zone No. 15 - Enhanced Landscaping Improvements (Tracts 5038, 5057, 5058, 5059)	\$38,624.25	245.00	\$421.97	\$157.65
Benefit Zone No. 16 - Enhanced Landscaping Improvements (Tract 5106)	\$911.66	79.00	\$130.51	\$11.54
Benefit Zone No. 17 - Enhanced Landscaping Improvements (Tract 4973)	\$2,216.10	83.00	\$102.73	\$26.70

¹ Benefit Zone No. 2 includes the Stone-Brook subdivision which has a reduced assessment rate of \$8.90/parcel as explained in the section above titled "Miscellaneous Parcels". Therefore, the total assessment revenue for Benefit Zone No. 2 will not equal EDU's times Rate Per EDU.

TABLE 2 (CONTINUED)				
FISCAL YEAR 2025-26 EDU AND ASSESSMENT RATE SUMMARY				
Benefit Zone	Landscape Maintenance

PART E

PROPERTY OWNER LIST

A list of names and addresses of the owners of all parcels within the Landscape Maintenance District No. 1 are shown on the last equalized Property Tax Roll of the Assessor of the County of Fresno, which by reference is hereby made a part of this report. This list is keyed to the Assessor's Parcel Numbers as shown on the Assessment Roll on file in the Office of the City Clerk of the City of Clovis.

PART F

ASSESSMENT DISTRICT ANNEXATIONS

The boundaries of Landscape Maintenance District No. 1 are completely within the boundaries of the City of Clovis. The Assessment Diagram for the Landscape Maintenance District No. 1 is on file in the Office of the City Clerk of the City of Clovis and is incorporated herein in reduced format in Appendix "B". The lines and dimensions of each lot or parcel within the Assessment District are those lines and dimensions shown on the maps of the Assessor of the County of Fresno, for the year in which this Report was prepared, and are incorporated by reference herein and made part of this Report.

Below is a listing of the various parcels located within the boundaries of the District.

1. Tract No. 3713 - Recorded - September 12, 1985, in Vol. 43 of Plats, pages 52 & 53.
2. Tract No. 3759 - Recorded - April 18, 1985, in Vol. 44 of Plats, pages 20 & 21.
3. Tract No. 3801 - Recorded - May 30, 1986, in Vol. 44 of Plats, pages 40 & 41.
4. Tract No. 3855 - Recorded - December 26, 1986, in Vol. 45 of Plats, pages 19 & 20.
5. Tract No. 3930 - Recorded - July 23, 1987 in Vol. 46 of Plats, pages 9 & 10.
6. Tract No. 4035 - Recorded - October 10, 1988 in Vol. 47 of Plats, pages 74 & 75.
7. Tract No. 3980 - Recorded - December 6, 1988 in Vol. 48 of Plats, pages 4 & 5.
8. Tract No. 3668 - Recorded - February 15, 1988 in Vol. 48 of Plats, pages 27 & 28.
9. Tract No. 3945 - Recorded - July 7, 1988 in Vol. 47 of Plats, pages 45 & 46.
10. Tract No. 4038 - Recorded - April 7, 1989 in Vol. 48 of Plats, page 60.
11. Tract No. 4014 - Recorded - April 21, 1989 in Vol. 48 of Plats, pages 57, 58, & 59.
12. Tract No. 4083 - Recorded - May 17, 1989 in Vol. 48 of Plats, pages 65 & 66.
13. Tract No. 4041 - Recorded - July 28, 1989 in Vol. 49 of Plats, pages 1 & 2.
14. Tract No. 3691 - Recorded - December 12, 1989 in Vol. 49 of Plats, pages 58 & 59.
15. Tract No. 4102 - Recorded - February 16, 1990 in Vol. 50 of Plats, page 3.
16. Tract No. 4097 - Recorded - November 14, 1989 in Vol. 49 of Plats, pages 39 & 40.
17. Tract No. 4058 - Recorded - January 9, 1990 in Vol. 49 of Plats, pages 96, 97, & 98.
18. Tract No. 4154 - Recorded - May 17, 1990 in Vol. 50 of Plats, page 48.
19. Tract No. 4052 - Recorded - April 25, 1990 in Vol. 50 of Plats, pages 31, 32, & 33.
20. Tract No. 4183 - Recorded - August 20, 1990 in Vol. 51 of Plats, pages 18 & 19.
21. Tract No. 4130 - Recorded - August 8, 1990 in Vol. 50 of Plats, pages 95 & 96.
22. Tract No. 4193 - Recorded - November 19, 1991 in Vol. 51 of Plats, pages 77 & 78.
23. Tract No. 4161 - Recorded - November 1, 1990 in Vol. 51 of Plats, pages 71 & 72.
24. Tract No. 4152 - Recorded - June 14, 1990 in Vol. 50 of Plats, pages 75 & 76.
25. Tract No. 4162 - Recorded - September 7, 1990 in Vol. 51 of Plats, pages 31 & 32.
26. Tract No. 4007 - Recorded - September 11, 1990 in Vol. 51 of Plats, pages 36 & 37.
27. Tract No. 4119 - Recorded - November 21, 1990 in Vol. 51 of Plats, pages 82 through 86.
28. Tract No. 4176 - Recorded - October 26, 1990 in Vol. 51 of Plats, page 70.
29. Tract No. 4067 - Recorded - December 4, 1990 in Vol. 51 of Plats, pages 96 & 97.
30. Tract No. 4207 - Recorded - February 28, 1991 in Vol. 52 of Plats, page 21.

31. Tract No. 4189 - Recorded - March 28, 1991 in Vol. 52 of Plats, pages 26 & 27.
32. Tract No. 4195 - Recorded - March 13, 1991 in Vol. 52 of Plats, pages 24 & 25.
33. Tract No. 4215 - Recorded - September 10, 1991 in Vol. 52 of Plats, pages 93 & 94.
34. SPR No. 90-15 - 394 W. Ashlan Avenue - Chevron Station
35. Tract No. 4284 - Recorded - April 17, 1991 in Vol. 52 of Plats, pages 28, 29 & 30.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: General Services Department

DATE: July 7, 2025

SUBJECT: General Services – Approval – Res. 25-____, Adopting Wage and Benefit Changes for City of Clovis Unrepresented Management Employees for FY 2025-2026, FY 2026-2027, and FY 2027-2028.

Staff: Amy Hance, General Services Director

Recommendation: Approve

ATTACHMENTS:

1. Res. 25-____
2. Management Benefit Summary
3. Executive Management Benefit Summary

RECOMMENDATION

For the City Council to approve a resolution authorizing adjustments in wages and benefits for City management employees during FY 2025-2026, FY 2026-2027, and FY 2027-2028.

EXECUTIVE SUMMARY

It is recommended that the City Council authorize specific changes to the wages and benefits provided to City management employees during FY 2025-2026, FY 2026-2027, and FY 2027-2028. The recommended changes include wage increases of 3.0% in FY 2025-2026, 2.0% in FY 2026-2027, and 2.0% in FY 2027-2028. In addition, market adjustments are recommended for ~~fifteen~~ **NINETEEN** classifications as indicated in the **(REVISED RESOLUTION)**, Attachment 1.

BACKGROUND

Staff recommend wage and benefit adjustments for City management employees in FY 2025-2026, FY 2026-2027, and FY 2027-2028. The proposed changes as stated in Attachment 1A would result in City management employees receiving across-the-board wage adjustments of 3.0% in FY 2025-2026, 2.0% in FY 2026-2027, and 2.0% in FY 2027-2028. Adjustments to fifteen classifications are recommended due to below market wages as indicated in Attachment 1.

Other changes to management and executive management wage and benefits included in the revised summaries are:

- Increase uniform allowance for sworn police and fire managers from \$1,500 per year to \$2,000 per year.
- New uniform allowance for Special Projects & Life Safety Manager and Deputy Fire Marshall of \$750.00 per year.
- Reinstatement of fire management lateral transfer benefit of 80 hours of sick and 80 hours of management compensation time.
- Increase to fire management Holiday Time Off from 200 hours per year to 240 hours per year.
- Bilingual Pay of \$150 per month (does not include Executive Management)
- Notary Pay of \$150 per month (does not include Executive Management)
- Increase in Executive Management Leave cash out from 56 hours per year to 96 hours per year.
- City Clerk to be added to Executive Management group.

FISCAL IMPACT

The proposed amendments to the management and executive management compensation and budget will result in approximate net increased salary costs of \$3,900,000 over the next three (3) years, which will be budgeted during the term of the agreement.

REASON FOR RECOMMENDATION

The proposed amendments are within the financial parameters authorized by the City Council and will preserve the City's ability to attract and retain qualified personnel. Prior to implementation, the proposed changes must be authorized by City Council Resolution.

ACTIONS FOLLOWING APPROVAL

Staff will implement the proposed wage and benefit changes as described.

CONFLICT OF INTEREST

None.

RESOLUTION 25-

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS ADOPTING WAGE AND BENEFIT CHANGES FOR CITY OF CLOVIS MANAGEMENT EMPLOYEES FOR FY 2025-2026, FY 2026-2027, AND FY 2027-2028

WHEREAS, the City Council authorizes a wage and benefit package for City management employees; and

WHEREAS, the City's wage and benefit package is designed to attract and retain highly qualified management employees; and

WHEREAS, it is appropriate to establish City management wage and benefit packages for FY 2025-2026, FY 2026-2027, and FY 2027-2028; and

WHEREAS, a Summary of management employee wage and benefit changes, is attached as Attachment A.

NOW THEREFORE, BE IT RESOLVED that the City of Clovis hereby adopts specific wage and benefit changes for City management personnel for FY 2025-2026, FY 2026-2027, and FY 2027-2028.

* * * * *

The foregoing Resolution was introduced and adopted at a regular meeting of the City Council of the City of Clovis held on July 7, 2025, by the following vote to wit:

AYES:

NOES:

City Clerk

**SUMMARY OF WAGE AND BENEFIT CHANGES FOR CITY MANAGEMENT
EMPLOYEES FOR FY 2025-2026, FY 2026-2027, AND FY 2027-2028**

1. Term

July 1, 2025, through June 30, 2028

2. Wages

The following wage increases will be implemented:

- July 1, 2025 3.0%
- July 1, 2026 2.0%
- July 1, 2027 2.0%

In addition to across-the-board increases listed above, the following management classifications were determined to be below the labor market median and will receive the following increase:

Classification	Market Adjustment
Assistant City Manager	7.0%
Business Development Manager	7.0%
City Clerk	7.0%
City Engineer	6.14%
Finance Manager	4.0%
Fire Chief	7.0%
Housing Program Manager	5.92%
Police Captain	3.61%
Police Chief	5.41%
Public Utilities Director	7.0%
Senior Personnel Technician	4.13%
Solid Waste Manager	6.84%
Transit Manager	6.72%
Utilities Manager	3.85%
Water Production Manager	7.0%

3. Uniform Allowances

Sworn police and fire uniform allowance increase to \$2,000 per year.

New uniform allowance for Special Projects & Life Safety Manager and Deputy Fire Marshall of \$750 per year.

4. Lateral Transfer Benefit

The lateral transfer benefit of an extra 80 hours sick and 80 hours management compensation time has been reinstated for Fire management and remains for sworn Police management.

5. Holiday Time Off Increase

An additional 40 hours per year of Holiday Time Off for Fire Command Staff.

6. Bilingual Pay

Management employees who possess non-English language skills determined to be beneficial to the Department shall receive \$150 per month. (does not include Executive Management)

7. Notary Pay

Management employees who maintain a Notary Public certification that is determined to be beneficial to the Department shall receive \$150 per month. (does not include Executive Management)

8. Executive Management Leave

Up to 96 hours of Executive Management Leave can be cashed out each year.

9. City Clerk

The City Clerk will be added to the Executive Management group.

MANAGEMENT EMPLOYEES BENEFITS SUMMARY

July 1, 2025

The following is a summary of the benefits available to management employees of the City of Clovis. This document is prepared as a summary of approved benefits for reference purposes only and nothing in the summary is intended to confer any benefits that have not been approved, or that are inconsistent with approved benefits. For more information on any of the benefits listed below, contact the Personnel/Risk Management Division at (559) 324-2725.

1. PAID VACATION

Vacation is provided to allow employees to spend time away from work to rest, recreate and return to work with renewed vigor and a fresh perspective. Increases in vacation accrual rates provide reinforcement for and recognition of length of service. Paid vacation time will accrue as follows per pay period/workdays per year/maximum accrual. However, newly hired (not promoted) sworn Police and Fire command staff that enter City employment with a minimum of five (5) or more years of prior sworn law enforcement or sworn fire service experience with a public agency will accrue vacation leave at the level commensurate with their years of public service for benefit accrual purposes.

Years of Service	40-hour week Employees	56-hour week Employees
0 to 7 th anniversary	5 hrs./15 days/280 hrs. Max.	7 hrs./15 days/392 hrs. Max.
8 th to 14 th anniversary	6 hrs./18 days/328 hrs. Max.	8.4 hrs./18 days/459.2 hrs. Max.
15 th to 19 th anniversary	6.7hrs./20 days/360 hrs. Max.	9.3 hrs./20 days/504 hrs. Max.
20 th anniversary plus	8 hrs./24 days/424 hrs. Max.	11.2 hrs./24 days/593.6 hrs. Max.

2. PAID SICK LEAVE and SICK LEAVE INCENTIVE

a. In order to ensure that employees have the opportunity to tend to their health issues and provide incentive for judicious use of sick leave benefit, the City provides sick leave and a sick leave incentive program.

b. The sick leave incentive benefit compensates employees for up to 50% of a calendar year's unused accrual based on usage after an accumulation of 20 days of sick leave.

The incentive is paid automatically on the first paycheck following November 16 of each year.

Annual Sick Leave Incentive - 40 Hour Week Employees		
Hours Used During Preceding 12 Month Period	Number of Cash-out Hours Available	Percent of Cash-Out
-0-	96	50%
.1 to 8	88	45%
8 to 16	80	40%
16 to 24	72	35%
24 to 32	64	30%
32 to 40	56	25%

Annual Sick Leave Incentive 56 Hour Week Employees		
Hours Used During Preceding 12 Month Period	Number of Cash-out Hours Available	Percent of Cash-Out
-0-	134.4	50%
.1 to 11.2	123.2	45%
11.2 to 22.4	112	40%
22.4 to 33.6	100.8	35%
33.6 to 44.8	89.6	30%
44.8 to 56	78.4	25%

c. Managers who retire from the City with a normal retirement have the choice to cash out up to 25% of their sick leave balance on their date of retirement. The cash-out may be applied to the deferred compensation plan or may be received in cash. The balance of unused sick leave hours after the cash-out will be certified to PERS for the benefit known as "Credit for Unused Sick Leave."

d. One-half ($\frac{1}{2}$) the annual accrual of sick leave per calendar year may be used to attend to an illness of a child, parent, spouse, registered domestic partner, sibling, parent-in-law, a grandparent, grandchild, or designated person. (Labor Code 233(a)). Leave taken under Labor Code 233(a) will count toward the satisfaction of leave rights under AB1522 and SB 616.

e. Up to 24 hours or three (3) days of sick leave may be used by an employee who is a victim of domestic violence, sexual assault, or stalking for the purposes of:

- Seeking medical attention for injuries cause by domestic violence or sexual assault.
- To obtain services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence or sexual assault.
- To obtain psychological counseling related to an experience of domestic violence or sexual assault.
- To participate in safety planning and take other actions to increase safety from future domestic violence or sexual assault, including temporary or permanent relocation.

3. PAID HOLIDAYS

a. The City recognizes 10 scheduled paid holidays and one (1) paid floating holiday to be used at the mutual agreement of the employee and their supervisor. A four (4) hour floating holiday for all managers is available to be used on either the workday before Christmas Day or the workday before New Year's Day, subject to the needs of the City.

b. On July 1st of each year, the Deputy Police Chief, Police Captains, and Police Lieutenants shall be provided with 100 hours of holiday time in lieu of 10 hours of paid leave time off for each observed holiday as listed below. Up to 100 hours may be cashed out each fiscal year at the employee's option.

- New Year's Day January 1
- Martin Luther King Jr. Day 3rd Monday in January
- President's Day 3rd Monday in February
- Memorial Day 4th Monday in May
- Independence Day July 4
- Labor Day 1st Monday in September
- Veterans' Day November 11
- Thanksgiving Day 4th Thursday in November
- Day after Thanksgiving Day Friday following Thanksgiving Day
- Christmas Day December 25

c. On July 1st of each year, 56-hour week Battalion Chiefs shall be provided with 240 hours of holiday time in lieu of 24-hours of paid leave time off for each observed holiday listed below and are allowed to cash out no less than 40 hours up to 240 hours each fiscal year. The conversion of dividing 240 hours by 1.4 is used for 40-hour week Battalion Chiefs and the Deputy Fire Chief, who may cash out up to no less than 40 hours up to 171.43 hours of holiday time each fiscal year.

- New Year's Day January 1
- Martin Luther King Jr. Day 3rd Monday in January
- President's Day 3rd Monday in February
- Memorial Day 4th Monday in May
- Independence Day July 4
- Labor Day 1st Monday in September
- Veterans' Day November 11
- Thanksgiving Day 4th Thursday in November
- Day after Thanksgiving Day Friday following Thanksgiving Day
- Christmas Day December 25

d. By July 1 of each year, the employees receiving holiday in lieu time will notify finance of the number of holiday hours they intend to cash out or use so that it may be reported to PERS as earned in accordance with PERS requirements. Holiday hours must be used or cashed out within the fiscal year unless an extension for use has been approved by the City Manager.

e. If an employee leaves employment with the City prior to June 30, an amount equal to the pro-rata holiday time that has been unearned will be deducted from the final paycheck.

4. MANAGEMENT LEAVE

In recognition of the effort and contributions required of Management employees beyond the “normal” workday, the City provides additional leave time. Management employees receive 56 hours of management leave per fiscal year (posted on the first check after July 5th). Up to 56 hours of unused management leave is automatically cashed out on the first check after June 17th of each year. By request, up to 40 hours of unused management leave may be carried over until December 31st. Management leave cannot accumulate to an amount greater than 56 hours, except for hours carried over. After December 31st, balances exceeding the 56 hours will be reduced to the normal maximum of 56 hours.

Notwithstanding the above, Fire Department Battalion Chiefs are ineligible for Management Leave. This exclusion is due to their receipt of FLSA (Fair Labor Standards Act) overtime compensation, which is intended to account for additional hours worked beyond the applicable “work period”. As such, Fire Department Battalion Chiefs are not entitled to the additional leave time described in this section.

5. MANAGEMENT INCENTIVE PAY

In recognition of the unique nature of the efforts and contributions required of Management employees, the City also provides Management Incentive Pay equal to one (1) hour of base rate pay each pay period that a Manager is in paid status. Fire Department Battalion Chiefs are ineligible to receive Management Incentive Pay.

6 LATERAL TRANSFER BENEFIT FOR SWORN POLICE AND FIRE COMMAND STAFF

In order to provide equity with lateral hires of sworn police officers and sworn firefighters, and to enhance the ability of the City of Clovis to recruit the highest quality candidates for sworn Police and Fire command staff, the City will provide the following benefits:

- Upon hire to a sworn Police or Fire command staff position, a lateral hire with a minimum of five (5) or more years’ sworn law enforcement experience with a public agency will receive 40 hours of management compensation time with no cash value and 40 hours of sick leave.
- Upon successful completion of probation, the lateral hire in a sworn Police or Fire command staff position will receive an additional 40 hours of management compensation time with no cash value and 40 hours of sick leave.

7. FAMILY ILLNESS & BEREAVEMENT LEAVE

The City provides paid leave of up to 24 hours per calendar year to provide required personal care for immediate family members. The City also provides 40 hours of paid bereavement leave per calendar year for employees who experience the death of a family member to allow the employee to attend to various matters related to the passing of the family member. For the purposes of this Section, 'immediate family' shall include husband, wife, registered domestic partner, mother/step, father/step, brother/step, sister/step, child/step, grandparent, grandchildren, mothers/fathers in-law, brothers/sisters in-law, sons/daughters in law or legal dependent of the employee.

In accordance with AB 1949, a full-time employee who has worked for the City for at least 30 days has the right to take off up to five days of unpaid bereavement leave for a covered family member within three months of the date of death. The five days of unpaid leave will be reduced by any Bereavement Leave taken under the labor agreement or management benefit summary. The five unpaid days do not need to be consecutive, but they must be taken within three months of the death of their family member. Covered family member is defined as spouse, child, parent sibling, grandparent, grandchild, domestic partner, or parent-in-law. Under AB 1949, employees may opt to use vacation, personal time, sick leave, or comp time during any unpaid bereavement leave.

8. REPRODUCTIVE LOSS LEAVE

Eligible employees who experience a reproductive loss event are eligible to take five days' unpaid leave. A reproductive loss is defined as a failed adoption, failed surrogacy, miscarriage, stillbirth, or unsuccessful assisted reproduction. An eligible employee is an employee who has been with the City thirty (30) days prior to the commencement of the leave and who would have been a parent if the reproductive event had been successful. Leave must be taken within three months after the reproductive loss but can be intermittent. In the event of multiple reproductive losses, unpaid time off is five days unpaid leave per incident, limited to no more than twenty (20) days within a 12-month period. Employees may take the leave unpaid or can opt to use sick leave or vacation time (if applicable) for the reproductive leave.

9. VICTIMS OF DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING

As a victim of domestic violence, an employee has certain rights afforded by AB 2337. Those rights include the right to take time off for certain reasons related to the situation, a right to reasonable accommodation for the employee's safety, and the right to be free from retaliation and discrimination. An employee who is a victim of domestic violence, sexual assault, or stalking should contact the Personnel office for more information.

10. MILITARY LEAVE

a. Military leave shall be granted in accordance with the provisions of federal and state law. All employees entitled to military leave shall give the City Manager and/or the City Manager's authorized agent an opportunity, within the limits of military regulations, to determine when such leave shall be taken.

b. Employees shall be paid their regular salary for the first 30 days of active duty within a fiscal year. Starting on the 31st day of active duty, employees will receive the difference between their military base pay and their City of Clovis pay. Military orders and wage statements will be required. See the Leave Guide for more details.

11. MEDICAL, DENTAL, PHARMACY, OPTICAL, and GROUP LIFE INSURANCE

a. In order to provide employees with an opportunity to maintain the health and wellness of themselves and their dependents, the City provides health insurance that includes medical, prescription, dental, and vision coverage. In addition, the City provides life insurance coverage.

b. The City provides a variety of medical plan choices to employees. Each year before the open enrollment period in October/November, the City will provide the details of those options to employees. Employees may also elect dental, vision and life coverage only at a reduced rate or waive health benefits entirely. Employees who waive *all health coverage* (medical, dental, prescription, and vision coverage) are eligible for a \$420.00 health insurance rebate each month. ***To receive the \$420.00 insurance rebate the employee must annually provide evidence of being covered on another group health plan.*** Employees who have exhausted their FMLA/CFRA rights and are on unpaid leave of absence approved by the City Manager are eligible to continue their health insurance coverage for a period of up to 6 (six) months. After that, if eligible, employees will have to enroll in COBRA to continue health insurance coverage.

c. City paid life insurance coverage is \$200,000 for the employee and \$10,000 for dependents.

12. RETIREE HEALTH INSURANCE

a. Employees with a minimum of five (5) years of service as a regular full-time employee immediately preceding separation, and who are currently enrolled in a City health plan or other approved group health plan, and who retire in accordance with PERS age and service requirements are allowed to continue in a City sponsored Medical and Prescription plan at their expense. Details of the retiree health insurance program are provided to retirees active in the program each year before open enrollment.

b. Retiring Managers who do not meet the eligibility guidelines for the Retiree Health Insurance program will be eligible to continue the City Health Insurance at their own expense by exercising their COBRA rights.

13. SUPPLEMENTAL LIFE INSURANCE

Employees have the option to purchase supplemental life insurance in addition to the life insurance coverage provided by the City in item 10 above. Supplemental Group Life Insurance is available at the employee's expense by payroll deduction. There is a 30-day guaranteed purchase provision from date of hire. After 30 days from the date of hire, the insurance company has discretion, through the underwriting process, over policy issuance and amount of issuance. The guaranteed issue amounts are: \$100,000

for the employee, \$25,000 for the spouse and \$2,000 for children. The maximum additional insurance amount is \$500,000 for employees, \$250,000 for spouses and \$2,000 for children.

14. BUSINESS TRAVEL INSURANCE

A \$500,000 death benefit for Management employees who die while traveling on City business is provided by the City. Benefits are also paid for bodily dismemberment.

15. SHORT TERM/LONG TERM DISABILITY INSURANCE

a. In order to provide income replacement due to a non-work-related event, the City provides Short and Long Term Disability Insurance. Short Term Disability Insurance provides a benefit equal to 66.67% of base salary up to \$7,000 per month for up to 24 weeks after 14 days of disability. This benefit is paid for by each employee through payroll deduction.

b. If an employee continues to be disabled the Long-Term Policy begins after 24 weeks. Long Term Disability provides a benefit equal to 66.67% of base salary up to \$7,000 per month for up to two years after 180 days of disability. If an employee is permanently disabled from all occupations, a lifetime monthly benefit (to age 65) is paid to the employee. This benefit is paid for by each employee through payroll deduction.

16. EMPLOYEE ASSISTANCE PROGRAM

The Insight program is available to full-time City employees and household members to provide guidance, to promote wellness, and to help resolve personal issues that may be interfering with work or home life. Each employee or household member is entitled to three (3) free visits every six (6) months. (Sworn safety managers are eligible for an additional (3) free visits every six (6) month period.) Insight can be reached 24 hours a day at (559) 226-7437.

17. RETIREMENT

a. The City has contracted with the California Public Employees Retirement System (PERS) for employee retirement benefits. The benefits provided are based on the benefit formula, age at retirement, compensation, and length of service in the system. The contract provisions also include a 2% cost of living adjustment, the Level 4 1959 Survivor Benefit, and sick leave service credit conversion for all Managers.

b. Employees hired before January 1, 2013, are classified by PERS as "Classic Employees" for retirement purposes. The following retirement formulas apply to PERS Classic Employees:

<u>Misc.</u>	2.7% at 55 formula with 8% Employee paid contribution on a pre-tax basis.
<u>Safety</u>	3% at 50 formula with 9% Employee paid contribution on a pre-tax basis.

The PERS retirement benefit for Classic Employees will be based on the Employee's highest 12 consecutive months of compensation.

c. Employees hired after January 1, 2013, are classified as "New Employees" by PERS for retirement purposes. The following retirement formulas apply to PERS New Employees:

<u>Misc.</u>	2.0% at 62 formula with 7.50% Employee paid contribution on a pre-tax basis.
<u>Safety</u>	2.7% at 57 formula with 13.25% Employee paid contribution on a pre-tax basis.

The PERS retirement benefit for New Employees is based on the Employee's highest 36 consecutive months of compensation.

The employee contribution rate for new members may be subject to change. For example, the employee contributions may increase or decrease based on PERS funding requirements.

d. Additional Employee Cost-Sharing of PERS Contributions

All employees participate in PERS retirement benefit cost-sharing in the form of additional percentages of employee compensation paid toward the City's PERS retirement costs as follows:

Miscellaneous Employees: 8.4%
Safety Employees: 8.0%

18. PRE-RETIREMENT DEATH BENEFITS

a. The retirement contract with PERS includes a pre-retirement death benefit. If an **employee is not eligible to retire** (i.e., has not attained age 50 and at least five (5) years of PERS service credit) the employee's beneficiary will receive the Basic Death Benefit which is a refund of the employee's contributions plus interest and up to six (6) months' pay. In addition, the beneficiary will receive the 1959 Survivor Benefit which provides a monthly allowance of up to \$2,280 for three (3) or more eligible survivors.

b. Beneficiaries of **employees who are eligible to retire** may elect to receive the same benefit as noted above or the 1957 Survivor Benefit which provides a monthly allowance equal to one half of what the highest service retirement allowance would have been had the employee retired on the date of their death. In lieu of either of these benefits, an eligible survivor may receive the Pre-Retirement Option 2W Death Benefit. It provides a monthly benefit to the eligible survivor equal to the amount the employee would have received had the employee retired on the date of their death and elected Option 2W.

c. When the death of a safety employee who is **not eligible to retire** is determined to be **job related** the beneficiaries may receive the Special Death Benefit which provides a monthly allowance equal to one half of final compensation. If the cause of death is some external violence or physical force while on the job, and there are eligible children in addition to a spouse or registered domestic partner, the allowance may be increased to 75 percent. The beneficiary may elect to receive the Basic Death Benefit and the 1959 Survivor Benefit in place of the Special Death Benefit.

d. When the death of a safety employee who is **eligible to retire** is determined to be **job related** the beneficiaries may receive the Special Death Benefit which provides a monthly allowance equal to one half of final compensation. If the cause of death is some external violence or physical force while on the job, and there are eligible children in addition to a spouse or registered domestic partner, the allowance may be increased to 100 percent. The beneficiary may elect to receive the Basic Death Benefit and the 1959 Survivor Benefit in place of the Special Death Benefit.

19. DEFERRED COMPENSATION

An IRC Section 457(b) deferred compensation plan is available to all Management employees as a supplemental retirement plan option. Contributions to the IRC Section 457(b) plan can be made on a pre-tax or post-tax (457(b) Roth) basis or a combination of both. Additionally, the City will match the employee's contributions and deposit the City funds into a 401(a) plan, matching on a dollar-for-dollar basis, up to 3% of the employee's base pay for all employees, except PERS "Classic Employees" in (a) below:

a) Effective July 1, 2022, PERS "Classic Employees" in the positions listed had an additional 3% added to the salary matrix in lieu of the deferred compensation match.

1. Deputy Fire Chief
2. Fire Battalion Chief
3. Deputy Police Chief
4. Police Captain
5. Police Lieutenant

b) PERS "New Employees" in the positions listed in (a) are still eligible for the deferred compensation match up to 3% of the employee's base pay.

20. VEHICLE ALLOWANCE

Designated management positions receive a \$550 per month vehicle allowance in lieu of an assigned City vehicle for business and personal use pursuant to IRS regulations. Miles driven in excess of 50 miles round trip will be paid at the current IRS set mileage rate. To receive a vehicle allowance, the employee must maintain a valid California Driver's license, maintain current registration and qualifying insurance (minimum limit of \$300,000 combined single limit personal liability) on the vehicle, and provide proof of that insurance to the City by December 16 of each year. Failure to provide proof of

insurance will result in the vehicle allowance being suspended until the proof is provided. For more information, see the City's Business Travel Policy.

21. HOME GARAGE OF CITY VEHICLE

Designated management positions who have an assigned City vehicle may home garage their City vehicle if their residence is within a 25-mile radius from City Hall. Employees who home garage a City vehicle are not eligible for a vehicle allowance.

22. CELLULAR TELEPHONE PROGRAM

Designated management employees will receive a \$50 per month cellular phone allowance for business and personal use pursuant to IRS regulations.

23. BILINGUAL PAY

Management employees who possess non-English language skills that have been identified by the Department Head as beneficial to the Department shall receive \$150 per month in addition to the employee's base salary. The city shall determine if the employee qualifies for the bilingual pay and the standards of proficiency that an employee must possess to receive bilingual pay.

24. NOTARY PAY

Management employees who maintain a Notary Public certification that is determined to be a benefit to the City by the Department Head shall receive a monthly premium of \$150 per month.

25. COMPUTER LOAN PROGRAM

The computer loan program is intended to encourage computer ownership in order to improve computer skills and organizational efficiency. The City will loan up to \$3,500 for a period of 24 months, interest free, for Management employees to purchase a computer, software, and related devices for professional development and personal use.

26. PROFESSIONAL DEVELOPMENT

The City shall reimburse employees in the Unit for the cost of tuition, required fees (such as a health fee), required textbooks or e-books, for job-related courses leading to a college degree. To be eligible for reimbursement, the course must be related to job duties or related to a position to which an employee might reasonably aspire.

The maximum reimbursement rate will be calculated September 1 of each year as the total of eight (8) semesters full-time undergraduate tuition, including required fees, at California State University Fresno. A total of \$2,000 for required textbooks or e-books will be added to the tuition fees noted above for a grand total maximum reimbursement. Expenses for courses which began prior to July 1, 2019, will not be included in the maximum lifetime allocation.

Reimbursement under this Section shall be made under the following conditions:

- A. Employees must have completed their initial probationary period with the City.
- B. By February 28 of each year, employees must submit a written request to participate in the Educational Incentive Program including an estimate of costs to be incurred during the following fiscal year.
- C. Course work must be for an accredited college or university degree program and have the prior approval of the Department Head. Accreditation shall be through the U.S. Department of Education unless otherwise approved by the Department Head.
- D. An employee will be eligible for reimbursement of approved expenses for either an Associates, Bachelor's or Master's degree. Fees for any combination of these degrees may be reimbursed as long as they do not exceed the employee's maximum allocation for the Educational Incentive Program.
- E. Course work must be work-related and determined by the Department Head to be of benefit to the City. Required course work as part of an approved undergraduate or master's degree program is eligible for reimbursement.
- F. Reimbursement of approved course work and related expenses shall be contingent upon the attainment of a letter grade of "C" or better, or "Pass" in a course with Pass/Fail grading. Reimbursement shall be made after the employee submits expense receipts and proof of letter grade.
- G. Fees not required for enrollment such as parking, graduation related expenses, or travel will not be reimbursed.
- H. All courses for which reimbursement is sought shall be taken while off duty and not in paid status.

27. SOCIAL SECURITY/MEDICARE

The City of Clovis does not participate in Social Security, except as required for Medicare for employees hired after April 30, 1986.

28. STAND-BY COMPENSATION

Stand-by compensation shall be provided for managers in the Information Technology Division who participate in the regularly scheduled rotation of 24-hour/7-day coverage for computer services. Compensation for the 24/7 period shall be equivalent to 30% of the weekly base salary. Actual callbacks shall be paid at the straight time rate for actual hours worked.

29. PUBLIC SAFETY FITNESS INCENTIVE

In the interest of public safety, the City encourages its public safety managers to maintain a high state of health, wellness, and fitness. To that end, employees in police management classifications who participate in physical fitness testing and attain the necessary benchmarks will receive the same incentive provided to represented employees in the respective departments. (Note: Fire Management Fitness Incentive was added into step one of the salary schedule for Deputy Chief and Battalion Chiefs on July 1, 2019.)

30. PUBLIC SAFETY MANAGERS EXTRA SHIFT COVERAGE

Subject to approval by the City Manager, the Deputy Police Chief, Police Captains and Police Lieutenants, Communications Supervisor, Supervisors of Animal Services, Public Safety Management Analysts, and Property and Evidence Supervisor who are required to back fill for a subordinate's shift or fill a shift for another safety manager in the same position due to staffing will be provided with additional compensation provided that the extra shift requires working hours beyond those hours regularly scheduled for the work week. The additional compensation will be paid at the straight time rate of pay of the manager filling the shift unless the manager is filling the shift for a subordinate. When filling a shift for a subordinate, the rate of compensation will be the straight time rate for step 5 of the classification being filled for the duration of the extra shift coverage assignment.

Subject to approval, the Deputy Fire Chief who is required to backfill for a subordinate's shift or fill a shift for another safety manager in the same position due to staffing will be provided with an additional stipend provided that the extra shift requires working beyond those hours regularly scheduled for the work week. The stipend shall be \$730.00 for the first eight-hours of additional shift coverage and \$365.00 for each additional four-hours of shift coverage. Any shift coverage of fewer than eight hours will be compensated at Step 5 of the 56-hour battalion chief straight time rate.

Fire Battalion Chiefs and Deputy Chiefs assigned to emergency incidents, such as Out of County, Assistance by Hire (ABH), Master Mutual/Auto Aid, and California Firefighting Assistance Agreement (CFAA) responses and working beyond their normal scheduled duty hours will be eligible for time and a half their regular rate. This includes portal to portal for all hours worked/assigned. Fire Battalion Chiefs and Deputy Chiefs working backfill for employees assigned to these types of incidents will receive time and half for all hours of coverage as needed by the department.

31. BATTALION CHIEF FLSA OVERTIME

Battalion Chiefs working a 56-hour workweek are eligible for FLSA overtime pursuant to section 7(k) of the FLSA. The designated work period is 24-days for sworn battalion chiefs.

32. PUBLIC SAFETY EXTRAORDINARY INCIDENT STIPEND

Each fiscal year, upon the recommendation of the Police Chief, the City Manager will have discretion to authorize up to an additional 40 hours of paid compensation to Police Department Command Staff and the Public Affairs and Information Manager who have worked extraordinary law enforcement events or have participated in extraordinary instances or circumstances which required significant additional time in excess of their regular work schedule.

Each fiscal year, upon the recommendation of the Fire Chief, the City Manager will have the discretion to authorize up to an additional 40 hours of paid compensation to the Fire Department Command Staff and administrative support managers who have worked extraordinary events or have participated in extraordinary instances or circumstances which required significant additional time in excess of their regular work schedule.

33. UNIFORMS

Uniform allowance is provided to management employees as follows:

Sworn Fire Management: \$2,000.00 per fiscal year, paid each pay period.

Sworn Police Management: \$2,000.00 per fiscal year, paid annually in January.

Special Projects & Life Safety Manager - \$750.00 per fiscal year, paid each pay period.

Deputy Fire Marshall - \$750.00 per fiscal year, paid each pay period.

Utility Managers: Purchased by City.

EXECUTIVE MANAGEMENT EMPLOYEES BENEFITS SUMMARY

July 1, 2025

The following is a summary of the benefits available to Executive Management employees of the City of Clovis. This document is prepared as a summary of approved benefits for reference purposes only and nothing in the summary is intended to confer any benefits that have not been approved, or that are inconsistent with approved benefits. For more information on any of the benefits listed below, contact the Personnel/Risk Management Division at (559) 324-2725.

Executive Management classifications include the City Manager, Assistant City Manager, Community and Economic Development, Housing and Communications Director, City Clerk, Planning and Development Services Director, Finance Director, Fire Chief, General Services Director, Police Chief, and Public Utilities Director.

1. PAID VACATION

Vacation is provided to allow employees paid time away from work to rest, recreate, and return to work with renewed vigor and fresh perspectives. Increases in vacation accrual rates provide reinforcement for and recognition of length of service. Paid vacation time will accrue as follows per pay period/workdays per year/maximum accrual. However, newly hired (not promoted) Executive Managers that enter City employment with prior public agency experience will accrue vacation leave at the level commensurate with their years of public service for benefit accrual purposes.

Years of Service	40-hour week Employees	56-hour week Employees
0 to 7 th anniversary	5 hrs./15 days/280 hrs. Max.	7 hrs./15 days/392 hrs. Max.
8 th to 14 th anniversary	6 hrs./18 days/328 hrs. Max.	8.4 hrs./18 days/459.2 hrs. Max.
15 th to 19 th anniversary	6.7hrs./20 days/360 hrs. Max.	9.3 hrs./20 days/504 hrs. Max.
20 th anniversary plus	8 hrs./24 days/424 hrs. Max.	11.2 hrs./24 days/593.6 hrs. Max.

2. PAID SICK LEAVE and SICK LEAVE INCENTIVE

a. In order to ensure that employees have the opportunity to tend to health issues and to provide incentive for judicious use of the sick leave benefit, the City provides paid sick leave and a sick leave incentive program.

b. The sick leave incentive benefit compensates employees for up to 50% of a calendar year's unused accrual based on usage after an accumulation of 20 days

of sick leave. The incentive is paid automatically on the first paycheck following November 16 of each year.

Annual Sick Leave Incentive - 40 Hour Week Employees		
Hours Used During Preceding 12 Month Period	Number of Cash-Out Hours Available	Percent of Cash-Out
-0-	96	50%
.1 to 8	88	45%
8 to 16	80	40%
16 to 24	72	35%
24 to 32	64	30%
32 to 40	56	25%

c. Executive Managers have the choice to receive up to 50% cash-out of total accrued sick leave at the time of retirement, or a 25% cash-out at the time of separation of employment in good standing for reasons other than a “normal” retirement. The cash-out may be applied to the deferred compensation plan or may be received in cash. The balance of unused sick leave hours after the cash-out will be certified to PERS for the benefit known as “Credit for Unused Sick Leave.”

d. One-half ($\frac{1}{2}$) of the annual accrual of sick leave per calendar year may be used to attend to the health issues of a child, parent, spouse, registered domestic partner, sibling, parent-in-law, grandparent, grandchild, or designated person. (Labor Code 233(a)). Leave taken under Labor Code 233(a) will count toward the satisfaction of leave rights under AB1522 and SB 616.

e. Up to 24 hours or three (3) days of sick leave may be used by an employee who is a victim of domestic violence, sexual assault, or stalking for the purposes of:

- Seeking medical attention for injuries cause by domestic violence or sexual assault.
- To obtain services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence or sexual assault.
- To obtain psychological counseling related to an experience of domestic violence or sexual assault.
- To participate in safety planning and take other actions to increase safety from future domestic violence or sexual assault, including temporary or permanent relocation.

3. PAID HOLIDAYS

a. The City recognizes 10 scheduled paid holidays, and one (1) paid floating holiday to be used at the mutual agreement of the employee and their supervisor. A four (4) hour floating holiday for all managers is available to be used on either the workday before Christmas Day or the workday before New Year’s Day, subject to the needs of the City.

b. On July 1st of each year, the Police Chief shall receive 100 hours in the Holiday Hour Bank in lieu of 10 hours of paid leave time-off for each observed holiday listed below. Up to 100 hours may be cashed out each fiscal year at the Police Chief's option.

- | | |
|------------------------------|--------------------------------------|
| • New Year's Day | January 1 |
| • Martin Luther King Jr. Day | 3 rd Monday in January |
| • President's Day | 3 rd Monday in February |
| • Memorial Day | 4 th Monday in May |
| • Independence Day | July 4 |
| • Labor Day | 1 st Monday in September |
| • Veterans' Day | November 11 |
| • Thanksgiving Day | 4 th Thursday in November |
| • Day after Thanksgiving Day | Friday following Thanksgiving Day |
| • Christmas Day | December 25 |

c. The Fire Chief shall receive 24 hours holiday time for each observed holiday listed below. The conversion of dividing 240 hours by 1.4 is used for the Fire Chief for a calculation of 171.43 on July 1 of each year. No less than 40 hours and up to 171.43 hours may be cashed out each fiscal year at the Fire Chief's option.

- | | |
|------------------------------|--------------------------------------|
| • New Year's Day | January 1 |
| • Martin Luther King Jr. Day | 3 rd Monday in January |
| • President's Day | 3 rd Monday in February |
| • Memorial Day | 4 th Monday in May |
| • Independence Day | July 4 |
| • Labor Day | 1 st Monday in September |
| • Veterans' Day | November 11 |
| • Thanksgiving Day | 4 th Thursday in November |
| • Day after Thanksgiving Day | Friday following Thanksgiving Day |
| • Christmas Day | December 25 |

d. By July 1 of each year, the Fire Chief and Police Chief will notify finance of the number of holiday hours they intend to cash out or use so that it may be reported to PERS as earned in accordance with PERS requirements. Holiday hours must be used or cashed out within the fiscal year unless an extension for use has been approved by the City Manager.

e. If the Fire / Police Chief leaves City employment prior to June 30th, an amount equal to the pro-rata holiday time that has been unearned during the fiscal year will be deducted from their final paycheck.

4. MANAGEMENT LEAVE

In recognition of the effort and contributions required of Executive Management employees beyond the "normal" workday, the City provides additional leave time.

Executive Management employees receive 96 hours of management leave per fiscal year (posted on the first check after July 5th). Up to 96 hours of unused management leave is automatically cashed out on the first check after June 17th of each year. By request, up to 40 hours of unused management leave may be carried over until December 31st. Management leave cannot accumulate to an amount greater than 96 hours, except for hours carried over. After December 31st, balances exceeding the 96 hours will be reduced to the normal maximum of 96 hours.

5. MANAGEMENT INCENTIVE PAY

In recognition of the unique nature of the effort and contributions required of Management employees, the City also provides Management Incentive Pay equal to one (1) hour of base rate pay each pay period that a Manager is in paid status.

6. LATERAL TRANSFER BENEFIT FOR POLICE AND FIRE

In order to provide equity with other sworn command staff and to enhance the ability of the City of Clovis to recruit the highest quality candidates for the position of Police Chief or Fire Chief the City will provide the following benefits:

- Upon hire, a lateral hire for Police Chief or Fire Chief will receive 40 hours of management compensation time with no cash value and 40 hours of sick leave.
- Upon successful completion of probation, the lateral hire Police Chief or Fire Chief will receive an additional 40 hours of management compensation time with no cash value and 40 hours of sick leave.

7. FAMILY ILLNESS & BEREAVEMENT LEAVE

The City provides paid leave of up to 24 hours per calendar year for the purpose of providing personal care for immediate family members. The City also provides 40 hours of paid bereavement leave per calendar year for employees who experience the death of a family member to allow the employee to attend to various matters related to the passing of the family member. For the purposes of this Section, "immediate family" shall include husband, wife, registered domestic partner, mother/step, father/step, brother/step, sister/step, child/step, grandparent, grandchildren, mothers/fathers in-law, brothers/sisters in-law, sons/daughters in law or legal dependent of the employee.

In accordance with AB 1949, a full-time employee who has worked for the City for at least 30 days has the right to take off up to five days of unpaid bereavement leave for a covered family member within three months of the date of death. The five days of unpaid leave will be reduced by any Bereavement Leave taken under the labor agreement or management benefit summary. The five unpaid days do not need to be consecutive, but they must be taken within three months of the death of their family member. Covered family member is defined as spouse, child, parent sibling, grandparent, grandchild, domestic partner, or parent-in-law.

8. REPRODUCTIVE LOSS LEAVE

Eligible employees who experience a reproductive loss event are eligible to take five days' unpaid leave. A reproductive loss is defined as a failed adoption, failed surrogacy, miscarriage, stillbirth, or unsuccessful assisted reproduction. An eligible employee is an employee who has been with the City thirty (30) days prior to the commencement of the leave and who would have been a parent if the reproductive event had been successful. Leave must be taken within three months after the reproductive loss but can be intermittent. In the event of multiple reproductive losses, unpaid time off is five days unpaid leave per incident, limited to no more than twenty (20) days within a 12-month period. Employees may take the leave unpaid or can opt to use sick leave or vacation time (if applicable) for the reproductive leave.

9. VICTIMS OF DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING

As a victim of domestic violence, an employee has certain rights afforded by AB 2337. Those rights include the right to take time off for certain reasons related to the situation, a right to reasonable accommodation for the employee's safety, and the right to be free from retaliation and discrimination. An employee who is a victim of domestic violence, sexual assault, or stalking should contact the Personnel office for more information.

10. MILITARY LEAVE

a. Military leave shall be granted in accordance with the provisions of federal and state law. All employees entitled to military leave shall give the City Manager and/or the City Manager's authorized agent an opportunity, within the limits of military regulations, to determine when such leave shall be taken.

b. Employees shall be paid their regular salary for the first 30 days of active duty within a fiscal year. Starting on the 31st day of active duty, employees will receive the difference between their military base pay and their City of Clovis pay. Military orders and wage statements will be required. See the Leave Guide for more details.

11. MEDICAL, DENTAL, PHARMACY, OPTICAL, and GROUP LIFE INSURANCE

a. In order to provide employees with an opportunity to maintain the health and wellness of themselves and their dependents, the City provides health insurance that includes medical, prescription, dental, and vision coverages. In addition, the City provides life insurance coverage.

b. The City provides a variety of medical plan choices to employees. Each year before the open enrollment period in October/November, the City will provide the details of those options to employees. Employees may also elect dental, vision, and life coverage only at a reduced rate or waive health benefits entirely. Employees who waive *all health coverage* (medical, dental, prescription, and vision coverage) are eligible for a \$420.00 health insurance rebate each month. **To receive the \$420.00 health rebate the employee must annually provide evidence of being covered on another group health plan.** Employees who have exhausted their FMLA/CFRA rights and are on unpaid leave of absence approved

by the City Manager are eligible to continue their health insurance coverage for a period of up to 6 (six) months. After that, if eligible, employees will have to enroll in COBRA to continue health insurance coverage.

c. City-paid life insurance coverage for Executive Managers is \$300,000 for the employee and \$10,000 for dependents.

12. RETIREE HEALTH INSURANCE

a. Employees with a minimum of five (5) years of service as a regular full-time employee immediately preceding separation, and who are currently enrolled in a City health plan or other approved group health plan, and who retire in accordance with PERS age and service requirements are allowed to continue in a City sponsored Medical and Prescription plan at their expense. Details of the retiree health insurance program are provided to retirees active in the program each year before open enrollment.

b. Retiring Managers who do not meet the eligibility guidelines for the Retiree Health Insurance program will be eligible to continue the City Health Insurance at their own expense by exercising their COBRA rights.

13. SUPPLEMENTAL LIFE INSURANCE

Employees have the option to purchase supplemental life insurance in addition to the life insurance coverage provided by the City in Item 10 above. Supplemental Group Life Insurance is available at the employee's expense by payroll deduction. There is a 30-day guaranteed purchase provision from date of hire. After 30 days from the date of hire, the insurance company, through the underwriting process, has discretion over policy issuance and amount of issuance. The guaranteed issue amounts are: \$100,000 for the employee, \$25,000 for the spouse and \$2,000 for children. The maximum additional insurance amount is \$500,000 for employees, \$250,000 for spouses and \$2,000 for children.

14. BUSINESS TRAVEL INSURANCE

A \$500,000 death benefit for Executive Management employees who die while traveling on City business is provided by the City. Benefits are also paid for bodily dismemberment.

15. SHORT TERM/LONG TERM DISABILITY INSURANCE

a. In order to provide income replacement due to a non-work-related event, the City provides Short and Long Term Disability Insurance. Short Term Disability Insurance provides a benefit equal to 66.67% of base salary up to \$7,000 per month for up to 24 weeks after 14 days of disability. This benefit is paid for by each employee through payroll deduction.

b. If an employee continues to be disabled, the Long-Term Policy begins after 24 weeks. Long Term Disability provides a benefit equal to 66.67% of base salary up to \$7,000 per month for up to two years after 180 days of disability. If an employee is permanently disabled from all occupations, a lifetime monthly benefit (to age 65)

is paid to the employee. This benefit is paid for by each employee through payroll deduction.

16. EMPLOYEE ASSISTANCE PROGRAM

The Insight program is available to full-time City employees and household members to provide guidance to promote wellness and to help resolve personal issues that may be interfering with work or home life. Each employee or household member is entitled to three (3) free visits every six (6) months. (Each sworn safety employee is entitled to an additional (3) free visits every (6) month period.) Insight can be reached 24 hours a day at (559) 226-7437.

17. RETIREMENT

a. The City has contracted with the California Public Employees Retirement System (PERS) for employee retirement benefits. The benefits provided are based on the benefit formula, age at retirement, compensation, and length of service in the system. The contract provisions also include a 2% cost of living adjustment, the Level 4 1959 Survivor Benefit, and sick leave service credit conversion for all Managers.

b. Employees hired before January 1, 2013, are classified by PERS as “Classic Employees” for retirement purposes. The following retirement formulas apply to PERS Classic Employees:

<u>Misc.</u>	2.7% at 55 formula with 8% Employee paid contribution on a pre-tax basis.
<u>Safety</u>	3% at 50 formula with 9% Employee paid contribution on a pre-tax basis.

The PERS retirement benefit for Classic Employees will be based on the employee’s highest 12 consecutive months of compensation.

c. Employees hired after January 1, 2013, are classified as “New Employees” by PERS for retirement purposes. The following retirement formulas apply to PERS New Employees:

<u>Misc.</u>	2.0% at 62 formula with 7.50% Employee paid contribution on a pre-tax basis.
<u>Safety</u>	2.7% at 57 formula with 13.25% Employee paid contribution on a pre-tax basis.

The PERS retirement benefit for New Employees is based on the employee’s highest 36 consecutive months of compensation.

The employee contribution rate for PERS New Employees may be subject to change. For example, the employee contributions may increase or decrease based on PERS funding requirements.

d. Additional Employee Cost-Sharing of PERS Contributions:

All employees participate in PERS retirement benefit cost-sharing in the form of additional percentages of employee compensation paid toward the City's PERS retirement costs as follows:

Miscellaneous Employees: 8.4% cost sharing

Safety Employees: 8.0% cost sharing

18. PRE-RETIREMENT DEATH BENEFITS

a. The City's retirement contract with PERS includes a pre-retirement death benefit. If an **employee is not eligible to retire** (i.e., has not attained age 50 and at least five (5) years of PERS service credit) the employee's beneficiary will receive the Basic Death Benefit which is a refund of the employee's contributions plus interest and up to six (6) month's pay. In addition, the beneficiary will receive the 1959 Survivor Benefit which provides a monthly allowance of up to \$2,280 for three (3) or more eligible survivors.

b. Beneficiaries of **employees who are eligible to retire**, may elect to receive the same benefit as noted above or the 1957 Survivor Benefit which provides a monthly allowance equal to one half of what the highest service retirement allowance would have been had the employee retired on the date of their death. In lieu of either of these benefits, an eligible survivor may receive the Pre-Retirement Option 2W Death Benefit. It provides a monthly benefit to the eligible survivor equal to the amount the employee would have received had the employee retired on the date of their death and elected Option 2W.

c. When the death of a safety employee who is **not eligible to retire** is determined to be **job related** the beneficiaries may receive the Special Death Benefit which provides a monthly allowance equal to one half of final compensation. If the cause of death is some external violence or physical force while on the job, and there are eligible children in addition to a spouse or registered domestic partner, the allowance may be increased to 75 percent. The beneficiary may elect to receive the Basic Death Benefit and the 1959 Survivor Benefit in place of the Special Death Benefit.

d. When the death of a safety employee who is **eligible to retire** is determined to be **job related** the beneficiaries may receive the Special Death Benefit which provides a monthly allowance equal to one half of final compensation. If the cause of death is some external violence or physical force while on the job, and there are eligible children in addition to a spouse or registered domestic partner, the allowance may be increased to 100 percent. The beneficiary may elect to receive the Basic Death Benefit and the 1959 Survivor Benefit in place of the Special Death Benefit.

19. DEFERRED COMPENSATION

An IRC Section 457(b) deferred compensation plan is available to all Management employees as a supplemental retirement plan option. Contributions to the IRC Section 457(b) plan can be made on a pre-tax or post-tax (457(b) Roth) basis, or

a combination of both. Additionally, the City will match the employee's contributions and deposit the City funds into a 401(a) plan, matching on a dollar-for-dollar basis, up to 3% of the employee's base pay for all employees except PERS "Classic Employees" in (a) below:

- a) Effective July 1, 2022, PERS "Classic Employees" in positions listed had an additional 3% added to the salary matrix in lieu of the deferred compensation match.
 - 1. Fire Chief
 - 2. Police Chief
- b) PERS "New Employees" in the positions listed in (a) are still eligible for the deferred compensation match up to 3% of the employee's base pay.

20. VEHICLE ALLOWANCE

Executive Managers receive a \$550 per month vehicle allowance, unless modified by an employment agreement, in lieu of an assigned City vehicle for business and personal use pursuant to IRS regulations. Miles driven in excess of 50 miles round-trip will be paid at the current IRS set mileage rate. To receive a vehicle allowance, the employee must maintain a valid California Driver's license, maintain current registration and qualifying insurance (minimum limit of \$300,000 combined single limit personal liability) on the vehicle, and provide proof of that insurance to the City by December 16 of each year. Failure to provide proof of insurance will result in the vehicle allowance being suspended until the proof is provided. For more information, see the City's Business Travel Policy.

21. HOME GARAGE OF CITY VEHICLE

Designated management positions who have an assigned City vehicle may home garage their City vehicle if their residence is within a 25-mile radius from City Hall. Employees who home garage a City vehicle are not eligible for a vehicle allowance.

22. CELLULAR TELEPHONE PROGRAM

Executive Management employees will receive a \$50 per month cellular phone allowance for business and personal use pursuant to IRS regulations.

23. COMPUTER LOAN PROGRAM

The computer loan program is intended to encourage computer ownership in order to improve computer skills and organizational efficiency. The City will loan up to \$3,500 for a period of 24 months, interest free, for Executive Management employees to purchase a computer, software, and related devices for professional development and personal use.

24. PROFESSIONAL DEVELOPMENT

The City shall reimburse employees in the Unit for the cost of tuition, required fees (such as a health fee), required textbooks or e-books, for job-related courses leading to a college degree. To be eligible for reimbursement, the course must be

related to job duties or related to a position to which an employee might reasonably aspire.

The maximum reimbursement rate will be calculated September 1 of each year as the total of eight (8) semesters full-time undergraduate tuition, including required fees, at California State University Fresno. A total of \$2,000 for required textbooks or e-books will be added to the tuition fees noted above for a grand total maximum reimbursement. Expenses for courses which began prior to July 1, 2019, will not be included in the maximum lifetime allocation.

Reimbursement under this Section shall be made under the following conditions:

- A. Employees must have completed their initial probationary period with the City.
- B. By February 28 of each year, employees must submit a written request to participate in the Educational Incentive Program including an estimate of costs to be incurred during the following fiscal year.
- C. Course work must be for an accredited college or university degree program and have the prior approval of the Department Head. Accreditation shall be through the U.S. Department of Education unless otherwise approved by the Department Head.
- D. An employee will be eligible for reimbursement of approved expenses for either an Associates, Bachelor's or Master's degree. Fees for any combination of these degrees may be reimbursed as long as they do not exceed the employee's maximum allocation for the Educational Incentive Program.
- E. Course work must be work-related and determined by the Department Head to be of benefit to the City. Required course work as part of an approved undergraduate or master's degree program is eligible for reimbursement.
- F. Reimbursement of approved course work and related expenses shall be contingent upon the attainment of a letter grade of "C" or better, or "Pass" in a course with Pass/Fail grading. Reimbursement shall be made after the employee submits expense receipts and proof of letter grade.
- G. Fees not required for enrollment such as parking, graduation related expenses, or travel will not be reimbursed.
- H. All courses for which reimbursement is sought shall be taken while off duty and not in paid status.

25. SOCIAL SECURITY/MEDICARE

The City of Clovis does not participate in Social Security, except as required for Medicare for employees hired after April 30, 1986.

26. PUBLIC SAFETY FITNESS INCENTIVE

In the interest of public safety, the City encourages its public safety managers to maintain a high state of health, wellness, and fitness. To that end, employees in police management classifications who participate in physical fitness testing and attain the necessary benchmarks will receive the same incentive provided to represented employees in the respective departments. (Note: The Fire Management Fitness Incentive was added into step one of the salary schedule for the Fire Chief on July 1, 2019.)

27. PUBLIC SAFETY COMMAND STAFF EXTRAORDINARY INCIDENT STIPEND

Each fiscal year, upon recommendation, the City Manager will have the discretion to authorize up to an additional 40 hours of paid compensation to the Police and Fire Chiefs who have worked extraordinary law enforcement or fire events or other major incidents which required significant additional time in excess of their regular work schedule and for which they have not otherwise received compensation for those hours worked.

28. UNIFORMS

Uniform allowance is provided to public safety Executive Management employees as follows:

Fire \$2,000.00 per fiscal year, paid each pay period.

Police \$2,000.00 per fiscal year, paid annually each January.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Fire Department

DATE: July 7, 2025

SUBJECT: Consider Approval of various actions related to the acquisition of Fire Apparatus.

a. Consider Approval – Waive the City’s formal bidding requirements and authorize the sole-source ordering of a Pierce Velocity 107’ All-Wheel Steer Quint aerial fire truck replacement from Golden State Fire Apparatus in the amount of \$2,303,126.93; and

b. Consider Approval – Waive the City’s formal bidding requirements and authorize the sole-source ordering of a new Pierce Triple Combination Pumper engine for Fire Station 1 from Golden State Fire Apparatus in the amount of \$1,391,037.69; and

c. Consider Approval – Authorize the City Manager to sign the purchase agreements.

Staff: Chris Ekk, Fire Chief / Rob Wright, Battalion Chief

Recommendation: Approve

ATTACHMENTS: 1. Price Quote – Aerial Fire Truck
2. Price Quote – Fire Engine

RECOMMENDATION

For the City Council to authorize the ordering of a replacement fire truck and new fire engine and authorize the City Manager to sign the purchase agreements.

EXECUTIVE SUMMARY

Staff requests the City Council approve the sole source purchase of a Pierce Velocity 107’ All-Wheel-Steer Quint Fire Truck and a Pierce Triple Combination Pumper Engine as per the Clovis Fire Department’s apparatus specifications. This purchase would replace the Quint ladder truck purchased in 2008 by the Clovis Fire Department’s fire apparatus fleet, placing the existing Quint

ladder truck in “reserve” status for a minimum of 10 years, and eliminating the oldest quint ladder truck in the fleet.

This purchase would also add one fire engine to the Fire Department’s Fleet due to an additional engine company being staffed in the 2025/26 fiscal year with funding by Measure Y. This engine will be utilized as an additional fire company to reduce response times and assist in providing an effective response force throughout the City.

BACKGROUND

Clovis Fire Department staffs a fleet of fire engines and fire trucks. There are currently five (5) frontline engines and one (1) frontline truck. Each apparatus has a reserve apparatus to serve when the primary apparatus is out-of-service for maintenance or repair. This complies with national standards for fire service fleets.

The standard for fleet replacement, which was adopted by the City of Clovis in the mid-1990’s and has been incorporated into the fire department’s accreditation plan that was approved by the Center for Public Safety Excellence, has been to use ladder trucks for ten years as front line service and then place them in reserve for ten years for a twenty-year service life. The City authorized purchasing a ladder truck in 2007 (delivered in 2008) and is now the oldest ladder truck we have in service, and it is due for replacement in 2028.

The Triple Combination Pumper Engine will serve as an additional daily staffed apparatus with 3 personnel, operating out of Fire Station 1 in Old Town Clovis. This additional unit will assist with maintaining our response time standards and providing an effective response force to fires and other large-scale emergencies. This engine will also respond to many emergencies that only require one fire apparatus in Fire Station 1’s service area, maintaining the availability of the ladder truck for fires and other emergencies needing specialized equipment, and reducing wear and tear on the ladder truck.

The chassis model of both apparatus (Pierce Velocity) has been the department standard since 2019. Since that time, we have continued our efforts to standardize all the new fire apparatus chassis, engines, transmissions, and main fire pumps. This effort and approach have served to increase firefighter safety, reduce training time, and reduce fleet maintenance costs and parts inventory.

FISCAL IMPACT

Purchase via sole source is based on the characteristics of the apparatus. This purchase will provide standardization of chassis, which allows for more efficient training and reduces fleet maintenance and inventory costs. This sole-source purchase provides for a single source of warranty work and parts ordering.

Pierce Velocity Triple Combination Engine Pumper	Price
One (1) Pierce Manufacturing, Inc. Velocity PUC Pumper	\$1,322,674.00
Discount For Sourcewell Consortium Purchase (Product #252)	(\$49,424.00)
Subtotal	\$1,273,250.00

8.975% State Sales Tax	\$114,274.19
California Tire Fee	\$10.50
100% Performance Bond	\$3,503.00
Total Purchase Price	\$1,391,037.69

Pierce Velocity 107' All-Wheel-Steer Quint Fire Truck	Price
One (1) Pierce Manufacturing, Inc. 107' Velocity Ascendant Ladder Truck	\$2,197,603.00
Discount For Sourcewell Consortium Purchase (Product #236)	(\$89,264.00)
Subtotal	\$2,108,339.00
8.975% State Sales Tax	\$189,223.43
California Tire Fee	\$10.50
100% Performance Bond	\$5,554.00
GRAND TOTAL PURCHASE PRICE	\$2,303,126.93

The purchase price for each of these vehicles includes significant discounts based on utilizing the Sourcewell Consortium Pricing. This cooperative purchasing pricing ensures that we are obtaining competitive pricing for fire apparatus, while maintaining the ability to order custom vehicles to meet the needs of our City.

Sourcewell is a nationwide cooperative purchasing program and procurement service. All contracts available through Sourcewell have been awarded through a competitive public procurement process compliant with state statutes. This cooperative purchasing program meets the criteria for competitively awarded purchasing and meets the City of Clovis Municipal Code and purchasing requirements.

The Fire Department will be recycling various hand tools and equipment from the 2008 Pierce Quantum Ladder Truck which will be going out-of-service, to help offset the cost of outfitting the new truck. Certain items, like twenty-year-old fire hose and outdated tools, need to be replaced to ensure this truck meets the Clovis Fire Department's standardized equipment inventory, CPSE Accreditation requirements, and current NFPA safety standards. Delivery of the truck and engine are expected to be within 47-50 months after execution and acceptance of a contract or purchase order.

Funding for these purchases has been identified utilizing our current vehicle renewal accounts and Measure Y funding. The ladder truck will be purchased with the vehicle renewal account. \$1,265,665 has already been set aside for the purchase of a new ladder truck and equipment, and the remainder of the required funding will be allocated to this fund prior to delivery of the apparatus.

The fire engine and equipment will be purchased utilizing Measure Y funds.

Due to the extended period between ordering and receiving the vehicles, we are requesting approval to order the vehicles now and pay for them in the coming years. The Fire Department will work with the Public Utilities Department and Finance Department to determine the most

fiscally responsible time and funding mechanism to purchase the vehicles. At this time, there is no immediate fiscal impact as the funding sources have already been identified, but the payments will be made at a later date.

REASON FOR RECOMMENDATION

The Quint ladder truck being replaced will be approximately 21 years old and will be retired in 2029. The 2019 Ladder Truck will move to reserve status for the ensuing ten years. This purchase is in accordance with the Fire Department Fleet Replacement Plan and places our front-line ladder truck apparatus replacement plan on a ten-year cycle to allow for consistent budget planning for known apparatus purchases in the future.

The Triple Combination Pumper Engine is a critical addition to help us maintain a reliable fleet of emergency vehicles and maintain response time standards throughout the City. The reason for the purchase of this new fire engine is the authorized expansion of a new engine company by the City Council in the 25/26 Fiscal Year, as identified in our Measure Y funding request. The Fire Department will be utilizing an existing reserve fire engine to staff this new engine company until the permanent fire engine arrives in 2029.

ACTIONS FOLLOWING APPROVAL

Finalize purchase contract with Golden State Fire Apparatus and order apparatus.

CONFLICT OF INTEREST

None.

Golden State Fire Apparatus, Inc. ("GSFA") is pleased to provide this proposal for the fire apparatus(es) and equipment identified below (the "Product") to CITY OF CLOVIS ("Customer") for consideration. This proposal (this "Product Proposal") includes the following exhibits attached hereto: the Standard Terms and Conditions attached as Exhibit A (the "Terms and Conditions"); the Product Specifications attached as Exhibit B (the "Specifications"); the Product Warranties attached as Exhibit C; and the Dealer Supplied Products and/or Services attached as Exhibit D (the "Dealer Supplied Products/Services List") (all of the foregoing, collectively, the "Agreement"). Through its signature below or other Acceptance (as defined on page 2), Customer acknowledges having received and read, and agrees to be bound by, the Agreement. The Agreement shall be effective as of the latest date appearing in the signature blocks below (the "Executed Date").

ITEM	PRODUCT DESCRIPTION	UNIT PRICE
A	One (1) Pierce Manufacturing, Inc. 107' Velocity Ascendant Ladder Truck	2,197,603.00

G	100% Performance Bond	4,734.00
H	GRAND TOTAL PURCHASE PRICE	1,950,256.65

PAYMENT TERMS – Customer shall pay the total purchase price set forth directly above (the "Grand Total Purchase Price") to GSFA within thirty (30) calendar days of the Executed Date. If payment of the Grand Total Purchase Price is late, a late fee as specified in section 6 of the Terms and Conditions may be applied, and the Prepayment Discount may be adjusted, and the Grand Total Purchase Price increased in accordance with section 2.c of the Terms and Conditions. Customer shall pay any balance due as a result of Change Orders as described in the Terms and Conditions.

MANUFACTURER – Customer acknowledges that GSFA is not an agent of the Product manufacturer identified above ("Manufacturer") and is not capable of binding Manufacturer. Within five (5) business days of the Executed Date, GSFA shall submit an order form to the Manufacturer for the Product. GSFA's further performance under the Agreement is contingent upon Manufacturer's acceptance of such order form at the price and on the terms GSFA believed to be available when submitting this

Product Proposal to Customer. If Manufacturer rejects such order as submitted or fails to respond to GSFA within a reasonable amount of time, GSFA shall notify Customer in writing, and unless GSFA and Customer otherwise agree in writing, the Agreement shall then terminate and have no further force or effect.

PRODUCT COMPLETION – The Product shall be ready for final inspection by Customer at the manufacturing facility within approximately **46.5 to 49.5 MONTHS** after the Executed Date. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PREDELIVERY SERVICE – If applicable, after transportation from the manufacturing facility and prior to final delivery or pick up, the Product shall receive those additional Products and/or services identified on the Dealer Supplied Products/Services List. It is estimated that such a service will add approximately **0.5 to 1.5 MONTH(S)** to the above Product completion estimate. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PROPOSAL EXPIRATION – This Product Proposal supersedes any previous proposal(s) presented to Customer by GSFA and its employees and may be accepted by Customer on or before the Expiration Date identified above. Unless accepted by the Expiration Date, GSFA reserves the right to withdraw this Product Proposal or to alter its terms (including by providing updated Product pricing) prior to an order being accepted.

PURCHASE ORDER – Any PO shall be made out to: *Golden State Fire Apparatus, Inc. – 7400 Reese Road – Sacramento, CA 95828.*

ACCEPTANCE – ACCEPTANCE OF THIS PROPOSAL CREATES AN ENFORCEABLE BINDING AGREEMENT BETWEEN GSFA AND CUSTOMER. “**ACCEPTANCE**” MEANS THAT THE CUSTOMER DELIVERS TO GSFA: (A) A SIGNED COPY OF THIS PRODUCT PROPOSAL, OR (B) A SIGNED COPY OF A PURCHASE ORDER INCORPORATING THE AGREEMENT IN ITS ENTIRETY. ANY ADDITIONAL OR DIFFERENT TERMS, WHETHER CONTAINED IN CUSTOMER’S FORMS OR OTHERWISE PRESENTED BY CUSTOMER AT ANY TIME, ARE HEREBY REJECTED AND OF NO EFFECT UNLESS APPROVED IN WRITING SIGNED BY GSFA.

COUNTERPARTS - This Product Proposal may be executed in multiple counterparts, each of which shall be deemed an original (including copies sent to a party by electronic transmission) as against the party signing such counterpart, but which together shall constitute one and the same instrument. A signed copy of this Product Proposal delivered by facsimile, email or other means of electronic transmission will be deemed to have the same legal effect as delivery of an original signed copy of this Product Proposal. If this Product Proposal is returned to GSFA with the signature of Customer’s authorized representative but without an attestation or co-signers signature, then absent Customer’s written notice to the contrary, GSFA shall be entitled to rely on such single signature as sufficient evidence of the signatory’s authority to execute the Agreement and bind Customer thereby.

INTENDING TO CREATE A BINDING AGREEMENT, Customer and GSFA have each caused this Product Proposal dated 06/16/2025, GSFA Proposal Number 40616-25AT to be executed by their duly authorized representatives effective as of the Executed Date.

GSFA's further performance under the Agreement is contingent upon Manufacturer's acceptance of such order form at the price and on the terms GSFA believed to be available when submitting this Product Proposal to Customer. If Manufacturer rejects such order as submitted or fails to respond to GSFA within a reasonable

amount of time, GSFA shall notify Customer in writing, and unless GSFA and Customer otherwise agree in writing, the Agreement shall then terminate and have no further force or effect.

PRODUCT COMPLETION – The Product shall be ready for final inspection by Customer at the manufacturing facility within approximately **46.5 to 49.5 MONTHS** after the Executed Date. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PREDELIVERY SERVICE – If applicable, after transportation from the manufacturing facility and prior to final delivery or pick up, the Product shall receive those additional Products and/or services identified on the Dealer Supplied Products/Services List. It is estimated that such a service will add approximately **0.5 to 1.5 MONTH(S)** to the above Product completion estimate. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PROPOSAL EXPIRATION – This Product Proposal supersedes any previous proposal(s) presented to Customer by GSFA and its employees and may be accepted by Customer on or before the Expiration Date identified above. Unless accepted by the Expiration Date, GSFA reserves the right to withdraw this Product Proposal or to alter its terms (including by providing updated Product pricing) prior to an order being accepted.

PURCHASE ORDER – Any PO shall be made out to: *Golden State Fire Apparatus, Inc. – 7400 Reese Road – Sacramento, CA 95828.*

ACCEPTANCE – ACCEPTANCE OF THIS PROPOSAL CREATES AN ENFORCEABLE BINDING AGREEMENT BETWEEN GSFA AND CUSTOMER. “**ACCEPTANCE**” MEANS THAT THE CUSTOMER DELIVERS TO GSFA: (A) A SIGNED COPY OF THIS PRODUCT PROPOSAL, OR (B) A SIGNED COPY OF A PURCHASE ORDER INCORPORATING THE AGREEMENT IN ITS ENTIRETY. ANY ADDITIONAL OR DIFFERENT TERMS, WHETHER CONTAINED IN CUSTOMER’S FORMS OR OTHERWISE PRESENTED BY CUSTOMER AT ANY TIME, ARE HEREBY REJECTED AND OF NO EFFECT UNLESS APPROVED IN WRITING SIGNED BY GSFA.

COUNTERPARTS - This Product Proposal may be executed in multiple counterparts, each of which shall be deemed an original (including copies sent to a party by electronic transmission) as against the party signing such counterpart, but which together shall constitute one and the same instrument. A signed copy of this Product Proposal delivered by facsimile, email or other means of electronic transmission will be deemed to have the same legal effect as delivery of an original signed copy of this Product Proposal. If this Product Proposal is returned to GSFA with the signature of Customer’s authorized representative but without an attestation or co-signers signature, then absent Customer’s written notice to the contrary, GSFA shall be entitled to rely on such single signature as sufficient evidence of the signatory’s authority to execute the Agreement and bind Customer thereby.

INTENDING TO CREATE A BINDING AGREEMENT, Customer and GSFA have each caused this Product Proposal dated 06/16/2025, GSFA Proposal Number 40616-25BT to be executed by their duly authorized representatives effective as of the Executed Date.

2 STANDARD TERMS AND CONDITIONS

Exhibit "A"

STANDARD TERMS AND CONDITIONS

1. Definitions.

- a. **"Agreement"** has the meaning given in the Product Proposal.
- b. **"Customer"** means the customer identified in the Product Proposal.
- c. **"Dealer Preparation,"** if applicable, means additional product(s) and/or services added by GSFA after Manufacturer's completion of the Product and prior to delivery, in accordance with the Dealer Supplied Products/Services List.
- d. **"Delivery Date"** means the Product Completion timeframe plus the Predelivery Service timeframe equals the Delivery Date.
- e. **"Dealer Supplied Products/Services List"** means the Dealer Supplied Products and/or Services List attached to the Product Proposal as Exhibit D, which reflects all Dealer Preparation under the Agreement absent a valid Change Order(s).
- f. **"Grand Total Purchase Price"** means the total purchase price for the Product identified in the Product Proposal (subject to any adjustments required or permitted by these Terms and Conditions, including by the execution of a valid Change Order(s)).
- g. **"GSFA"** means Golden State Fire Apparatus, Inc., a California corporation.
- h. **"Manufacturer"** means the person or persons, company, firm, corporation, partnership, or other organization identified in the Product Proposal as responsible for manufacturing the Product.
- i. **"Party"** or **"Parties"** means GSFA and/or Customer, as applicable.
- j. **"Predelivery Service"** means the Products and/or Services that will be provided by GSFA after transportation of the Product(s) from the manufacturing facility and prior to Final Delivery or Pick-Up.
- k. **"Prepayment Discount"** means a discount to the purchase price for the Product granted to Customer in connection with Customer's advance payment of the Grand Total Purchase Price (or portion thereof, as specified in the Product Proposal).
- l. **"Product"** means the fire apparatus(es) and any associated equipment listed in the Product Proposal and further described in the Specifications.
- m. **"Product Completion"** means the fire apparatus(es) in the Product Proposal and further described in the Specifications being ready for final inspection by Customer at the manufacturing facility.
- n. **"Product Proposal"** means the GSFA proposal executed by Customer to which these Terms and Conditions are attached.
- o. **"Product Warranties"** means the Manufacturer warranties for the Product attached to the Product Proposal as Exhibit C.
- p. **"Specifications"** means the specifications for the Product attached to the Product Proposal as Exhibit B.
- q. **"Terms and Conditions"** means these Standard Terms and Conditions, which are attached to the Product Proposal as Exhibit A.

2. Purchase and Payment.

a. Purchase. Customer agrees to purchase the Product at the Grand Total Purchase Price (as such amount may be adjusted in accordance with these Terms and Conditions), pursuant to the payment terms set forth in the Product Proposal. The Grand Total Purchase Price is payable in U.S. dollars.

b. Contingency Reserve Fund. The Grand Total Purchase Price may include an amount to be set aside for the purpose of funding any future costs or financial obligations incurred by Customer under the Product Proposal or any valid Change Order(s) (the **"Contingency Reserve Fund"**). If applicable, the amount of any required Contingency Reserve Fund will be set forth in either the Product Proposal or Exhibit D. The Contingency Reserve Fund may be withdrawn against by Customer or GSFA for the purpose of satisfying Customer's payment obligations under the initial Product Proposal or any valid Change Order(s) (including, without limitation, a Change Order submitted by GSFA pursuant to Section 8.b). If a Contingency Reserve Fund is required under the Agreement, the amount of such fund is not intended as an estimate of the actual additional costs of contingencies, Change Orders, unforeseen items

or other required work that may be incurred under the Agreement after submission of the Product Proposal to Customer, which amounts Customer acknowledges may exceed the Contingency Reserve Fund amount. The balance of any Contingency Reserve Fund will be credited against Customer's payment obligations, or otherwise returned to Customer within thirty (30) calendar days of delivery of all Products under the Agreement (provided that Customer has paid all amounts owed under the Agreement as of such date).

c. Prepayment Discount. If GSFA has granted Customer a Prepayment Discount, Customer must provide each associated prepayment (each, a "**Prepayment**") within the time frame specified in the Product Proposal in order to receive such discount. Customer's failure to timely make such Prepayment may result in: (i) GSFA's termination of the Agreement; and/or (ii) Customer's loss of the Prepayment Discount for the portion of the Grand Total Purchase Price represented by such outstanding Prepayment and the application of a late fee as set forth in Section 6, in each case in GSFA's sole discretion.

d. State Sales Tax. Customer shall be responsible for the cost of state sales tax associated with, or attributable to, the Product. The taxes stated in the Product Proposal are subject to adjustment for the applicable state sales tax rate in effect at the time of delivery. Therefore, the sales tax set forth on the Product Proposal is only an estimate of such taxes and will be increased or decreased at the time of delivery if a change in the applicable sales tax rate has occurred, in which case Customer shall pay GSFA (or be refunded by GSFA) the difference in the applicable sales tax.

3. Product Completion Date. Within thirty (30) calendar days of the date on which the last required signatory executes the Product Proposal (such date, the "**Executed Date**"), GSFA shall submit to Customer a tentative Product completion date (which may differ from the Product completion estimate contained in the Product Proposal). Due to global supply chain constraints, any Product completion date contained herein, or in the Product Proposal, or otherwise provided to Customer, is a good faith estimate only as of the date provided to Customer, and merely an approximation based on current information available to GSFA and Manufacturer. Customer shall not be entitled to rely on any such estimate, and GSFA shall have no liability to Customer for a failure by GSFA or Manufacturer to meet any such estimate. All Product completion estimates are subject to modification and, if applicable, GSFA will provide updates to such estimates to Customer when available.

4. Stock / Demo Units. Notwithstanding any other provision contained in the Agreement (including Section 12 hereof concerning warranties), any Products constituting stock/demo unit(s) are sold to Customer on an as-is, first-come and first served-basis and GSFA makes no further representation or warranty to any customer with respect to such unit(s). Regardless of the terms of the Product Proposal, GSFA shall only be obligated to sell such stock/demo unit(s) to the first customer to enter into a purchase agreement with GSFA identifying such unit(s), and after the execution by GSFA of such agreement any subsequent purchase agreement (including the Agreement, as applicable) shall have no further force or effect with respect to such unit(s).

5. Multiple Unit Purchase. If the Grand Total Purchase Price includes pricing for multiple Products, the Product price stated in the Product Proposal shall only be valid if the quantity of Products being proposed are purchased at the same time, pursuant to the same Agreement. GSFA shall have no obligation to offer the same price for any Product if purchased by Customer pursuant to a later purchase agreement.

6. Late Fee; Storage Fee. A late fee equal to 0.033% of the outstanding portion of the Grand Total Purchase Price will be charged per calendar day for overdue payments beginning ten (10) calendar days after the payment is due and continuing for the first thirty (30) calendar days thereafter. After such thirty (30) calendar day period, the late fee shall increase to 0.044% per calendar day until payment of the outstanding portion of the Grand Total Purchase Price is received. If Customer is unable to satisfy the delivery requirements hereunder or is unwilling to take delivery of the Product, then GSFA shall be entitled to a storage charge running from the earlier of: (i) the date of delivery agreed to between GSFA and Customer (provided GSFA is willing and able to deliver the Product on such date), or (ii) twenty-one (21) calendar days after GSFA notifies Customer that the Product is available for delivery. The storage charge is equal to: (i) \$175.00 per calendar day per apparatus stored, or (ii) the actual charges incurred by GSFA with a third party for storage of the Product, whichever is greater. Such storage charge shall continue until the actual time

of delivery and Customer's possession of the Product, and any such storage by GSFA or such third party shall be at the sole risk of Customer.

7. Delivery; Inspection and Acceptance.

a. Delivery. Subject to Section 5 hereof, the Product is scheduled to be delivered to the location and within the time period specified in the Product Proposal. Such delivery date is an estimate, and GSFA is, notwithstanding this Section 7.a, not bound to such date unless it otherwise agrees in a separate writing to complete delivery by a date certain. For the avoidance of doubt, GSFA is not responsible for delivery delays caused by or because of actions, omissions or conduct of Customer, the Manufacturer, or their respective employees, affiliates, suppliers, contractors, and carriers. Risk of loss for the Product shall pass to Customer at the point and time of delivery (which shall include an attempted delivery by GSFA which cannot be completed due to any act of Customer). However, title to the Product shall only pass to Customer upon delivery if Customer has then fully paid GSFA all amounts due hereunder (including additional amounts due under any valid Change Order). Absent GSFA's separate written agreement, which it may or may not provide in its sole and absolute discretion, delivery of the Product will not occur before Customer has fully paid all amounts due under the Agreement and provided proof of insurance reasonably satisfactory to GSFA. If GSFA permits Customer to take possession of the Product, Customer may not mount equipment, conduct training, or place the Product into service until all amounts due under the Agreement have been paid. If Customer has ordered multiple Products, GSFA reserves the right to deliver such Products in installments and to separately invoice Customer for such Products.

b. Inspection and Acceptance. Upon delivery, Customer shall have ten (10) calendar days within which to inspect the Product for substantial conformance to the Specifications, and in the event of substantial non-conformance to the Specifications to furnish GSFA with written notice sufficient to permit GSFA to evaluate such non-conformance ("**Notice of Nonconformance to Specifications**"). Contingent upon part availability and Customer's cooperation, any Product not in substantial conformance to material Specifications shall be remedied by GSFA (by repair or replacement, at GSFA's election) within thirty (30) calendar days from GSFA's receipt of the Notice of Nonconformance to Specifications. In the event GSFA does not receive a Notice of Nonconformance to Specifications within ten (10) calendar days of delivery, the Product will be deemed to be in conformance with Specifications and accepted by Customer.

8. Changes to Agreement Terms.

a. Change Orders. The Customer may request that GSFA incorporate a change to the Product or the Specifications for the Product, or GSFA may submit changes to the Agreement required or permitted to be made by GSFA (pursuant to Section 8.b or otherwise) by delivering a written Change Order to the other party hereto, which shall include a description of the proposed change sufficient to permit the receiving party to evaluate such change (either, a "**Change Order**"). For any Change Order submitted by Customer, GSFA will provide Customer a written response (a "**Response**") stating (i) whether GSFA will accommodate such Change Order (which GSFA may decide in its sole and absolute discretion); and (ii) the terms of the modification to the order, including any increase or decrease in the Grand Total Purchase Price resulting from such Change Order, a date on which any increase in the Grand Total Purchase Price must be paid, and an estimate of any effect on production scheduling or delivery resulting from such Change Order. Customer shall have seven (7) calendar days after receipt of the Response to notify GSFA as to whether Customer desires to make the changes GSFA has approved in the Response. In the event Customer countersigns GSFA's Response, Customer shall pay the increase (or be refunded the decrease) in the Grand Total Purchase Price by the date specified in the Response. GSFA may also send Customer a Change Order to account for any changes to the Agreement required or permitted to be made by GSFA (including those changes required pursuant to Section 8.b hereof), and such Change Order shall be effective upon delivery to Customer unless Customer elects to terminate the applicable Product order under the Agreement in accordance with Section 9.

b. Additional Changes.

i. Component Price Volatility; Increases Imposed by Manufacturer. GSFA shall not be responsible for (i) any unforeseen price increase or surcharge enacted by suppliers of major components of the Product (including but not limited to commercial chassis, engine, transmission, and fire pump); or (ii) price increases imposed on GSFA by Manufacturer pursuant to Manufacturer's terms and conditions for sale of the Product (a "**Manufacturer Price Increase**"), after Customer becomes bound by the Agreement. Customer shall be responsible for all amounts arising from any price increases for major components of the Product (including all associated taxes and fees thereon) for the Product or any Manufacturer Price Increases occurring after the execution of the Agreement which increases the cost of the Product to GSFA, and such amounts will be documented on a Change Order adjusting the Grand Total Purchase Price accordingly. Customer shall pay any such price increase prior to Product delivery. A Manufacturer Price Increase may include, but shall not be limited to, an increase in Product price resulting from an increase in the Producer Price Index of Components for Manufacturing (see www.bls.gov Series ID: WPUID6112) in excess of a compounded annual growth rate of five percent (5%), as measured between the month Manufacturer accepts the applicable Product order and the month that is fourteen (14) months prior to the then-current estimated Product completion date (the foregoing, a "**PPI-Based Price Increase**"). If, upon Customer's receipt of a Change Order reflecting a PPI-Based Price Increase, Customer elects to terminate the applicable Product Order in accordance with Section 8.b.iii rather than pay such increase, then in lieu of the cancellation fees described in Section 9.a hereof GSFA shall be entitled to recover and Customer shall pay GSFA's actual non-reimbursable costs incurred in connection with the Product order through the date of Customer's termination of such Product order.

ii. New Legal Standards. In the event the Product design, materials or specifications require an alteration arising from new regulations issued by any governmental entity or trade association, including, but not limited to, the NFPA, DOT, and EPA, and such alteration increases the cost of the Product to GSFA, Customer shall be responsible for changes to the Grand Total Purchase Price arising from such alteration. GSFA shall promptly notify Customer when it becomes aware of any potential or required change in regulations occurring prior to delivery that would impact the Product purchased.

iii. Change Orders. Customer shall execute any Change Order submitted by GSFA documenting any of the changes required or permitted by Sections 8.b.i and 8.b.ii above (which shall, to the extent practicable, itemize any increases in the Grant Total Purchase Price and specify a commercially reasonable date by which Customer must pay such increase), unless Customer instead elects to terminate the applicable Product order under the Agreement within fifteen (15) calendar days of Customer's receipt of such Change Order and in accordance with Section 9. Absent such a termination, failure to execute a Change Order does not alter Customer's obligations under this Section 8.b.

c. Changes in Commercial Specifications. Specifications for all components of the Product manufactured by companies other than the Manufacturer are subject to change without notice. Specifications for such components will be as available at the time of manufacture of the Product. GSFA shall not be liable for any deviations in such specifications arising from a substitution of components or changes in the design of any component by their original manufacturer.

9. Termination.

a. By Customer. Customer may terminate a Product order identified in the Product Proposal or a Change Order by providing written notice to GSFA in accordance with Section 16 hereof. If Customer elects to terminate a Product order, Customer shall pay GSFA a cancellation fee as follows: (a) after the Product order is accepted and entered by GSFA, 10% of the portion of the Grand Total Purchase Price applicable to such Product (including all associated taxes, fees and costs) (such amount, the "**Product Purchase Price**"); (b) after completion of the pre-construction phase of the order process, 20% of the Product Purchase Price; and (c) after the requisition of any materials or commencement of any manufacturing or assembly of the Product by either GSFA or Manufacturer but before substantial completion of such Product, 50% of the Product Purchase Price. Customer shall not be permitted to terminate a Product order after substantial completion of manufacturing and assembly of such Product (excluding

any Dealer Preparation or other pre-delivery services or untypical Product customization, if applicable). Notwithstanding the foregoing, if the applicable tier of cancellation fee is not sufficient to cover all actual costs and fees incurred by GSFA with Manufacturer in connection with Customer's termination of the Product order ("**Manufacturer Termination Fees**"), then in addition to such cancellation fee Customer shall pay the balance of all Manufacturer Termination Fees. If Customer received a Prepayment Discount, such discount shall not be considered for the purpose of calculating the above cancellation fee. The tier of cancellation fee applicable to any cancellation, as well as the determination of whether a Product has reached substantial completion, shall be in the sole and absolute discretion of GSFA. Customer may request a fee waiver, and GSFA, in its sole discretion, may agree to waive and/or adjust such fee. GSFA will return the balance of the Grand Total Purchase Price or Product Purchase Price, as applicable, within thirty (30) calendar days of the effective date of the cancellation of the Product order or termination of the Agreement.

Customer may terminate the Agreement for an Event of Default by GSFA after providing GSFA with written notice in accordance with Section 16 (which notice shall describe with reasonably particularity the Event of Default justifying such termination) if such Event of Default remains uncured (if capable of cure) thirty (30) days following GSFA's receipt of such notice; provided, however, that the foregoing cure period shall continue if and for so long as GSFA has commenced and is continuing to undertake commercially reasonable efforts to cure such Event of Default as promptly as reasonably practicable.

b. By GSFA. GSFA may terminate the Agreement for an Event of Default by Customer after providing Customer with written notice in accordance with Section 16 (which notice shall describe with reasonably particularity the Event of Default justifying such termination) if such Event of Default remains uncured (if capable of cure) thirty (30) days following Customer's receipt of such notice; provided, however, that the foregoing cure period shall continue if and for so long as Customer has commenced and is continuing to undertake commercially reasonable efforts to cure such Event of Default as promptly as reasonably practicable. Notwithstanding the foregoing, GSFA may terminate the Agreement effective immediately upon written notice to Customer for Customer's failure to pay any amount owed under the Agreement when due.

Notwithstanding any other provision of this Agreement, if Customer terminates a Product order in accordance with Section 9.a above, GSFA may elect to instead terminate the Agreement upon notice to Customer in accordance with Section 16 hereof. If GSFA terminates the Agreement in accordance with this Section 9.b, Customer shall pay the applicable tier of cancellation fee for all Products pursuant to Section 9.a above as if Customer had elected to terminate each applicable Product order.

c. Based on Discontinuation or Cancellation by Manufacturer. In the event that Manufacturer cancels a Product order (provided that such cancellation is not the result of an act by Customer in violation of the Agreement) or discontinues the manufacture of a Product prior to its completion and delivery: (i) if such Product is the only Product contemplated under the Agreement, then the Agreement shall terminate; or (ii) if additional Products are contemplated under the Agreement, then only the Product order for the applicable cancelled or discontinued Product shall be terminated. Such Agreement termination or Product termination, as applicable, shall be effective upon GSFA's written notice to Customer of such cancellation or discontinuance in accordance with Section 16 hereof. GSFA's only obligation to Customer in such event shall be the return of any Prepayment paid by Customer for the cancelled or discontinued Product. For the avoidance of doubt, the cancellation fees contemplated in Section 9.a hereof shall not apply in the event of a termination pursuant to this Section 9.c.

10. Customer's Obligations. Customer shall provide its timely and best efforts to cooperate with GSFA and Manufacturer during the Product manufacturing process. Reasonable and timely cooperation includes, without limitation, Customer's providing timely information in response to any requests from Manufacturer or GSFA and the participation of Customer's authorized representatives in traveling to Manufacturer's facility for inspections and approval of the Product, including a final approval before the Product leaves Manufacturer's facility.

11. Representations and Warranties. Customer hereby represents and warrants to GSFA as of the Executed Date that the execution of the Agreement and the purchase of the Product(s) and performance of the other obligations

of Customer under the Agreement have been approved by Customer in accordance with applicable general laws and, as applicable, Customer's charter, ordinances, purchasing policies, and other governing documents, and executed by the appropriate Customer employees, officials, and/or representatives, and funding for Customer's performance of its obligations under the Agreement has been duly budgeted and appropriated by Customer.

12. Standard Warranty. All applicable Manufacturer warranties are contained in the Product Warranties. Any additional warranties must be expressly approved in a writing signed by GSFA, and Customer acknowledges and agrees that Manufacturer will not be liable for any such additional warranties.

a. Disclaimer. OTHER THAN AS EXPRESSLY SET FORTH IN THE AGREEMENT, GSFA, ITS AFFILIATES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AGENTS, OR REPRESENTATIVES, DO NOT MAKE ANY EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE PRODUCT (WHETHER RELATING TO THE CONDITION OR QUALITY OF THE PRODUCT, OR OTHERWISE) PROVIDED HEREUNDER OR OTHERWISE REGARDING THE AGREEMENT (INCLUDING, WITHOUT LIMITATION, WITH RESPECT TO ANY APPLICABLE DEALER PREPARATION), WHETHER ORAL OR WRITTEN, EXPRESS, IMPLIED OR STATUTORY. WITHOUT LIMITING THE FOREGOING, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, THE IMPLIED WARRANTY AGAINST INFRINGEMENT, THE IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY IMPLIED WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE ARE EXPRESSLY EXCLUDED AND DISCLAIMED. STATEMENTS MADE BY SALES CONSULTANTS OR IN PROMOTIONAL MATERIALS DO NOT CONSTITUTE WARRANTIES.

b. Exclusions of Incidental and Consequential Damages. In no event shall GSFA be liable for consequential, incidental, or punitive damages incurred by Customer in connection with any matter arising out of or relating to the Agreement, or the breach thereof, even if GSFA has been advised of the possibility of such damages, and regardless of whether such damages arise out of breach of warranty, the Agreement, indemnity, whether resulting from non-delivery or from GSFA's own negligence, or otherwise, except and solely to the extent such damages arise from the gross negligence or willful misconduct of GSFA.

13. Default. The occurrence of one or more of the following events (each, an "Event of Default") shall constitute a default under the Agreement: (a) Customer's failure to pay any amounts due or to perform any of its obligations under the Agreement; (b) GSFA's failure to perform any of its obligations under the Agreement; (c) either Party becoming insolvent or becoming subject to bankruptcy or insolvency proceedings; (d) any representation made by either Party under the Agreement which is false in any material respect; (e) any action by Customer to dissolve, merge, consolidate or transfer a substantial portion of its property to another entity during the term of the Agreement; (f) any other material breach of the terms of the Agreement by a Party; or (g) a default or breach by Customer under any other agreement with GSFA or its affiliates.

14. Indemnification of GSFA. Customer shall indemnify, defend, and hold harmless GSFA, its agents, servants, successors and assigns from and against all losses, damages, injuries, claims, demands and expenses, including attorneys' fees and other legal expenses, of whatever nature ("**Damages**"), to the extent Damages arise out of or in connection with: (i) Customer's breach of the Agreement, or (ii) Customer's use, storage, or operation of the Product following delivery, regardless of where, how, and by whom operated (excluding any negligent operation by GSFA). The indemnification and assumptions of liability and obligation herein provided shall continue in full force and effect notwithstanding the termination of the Agreement, whether by expiration of time, by operation of law or otherwise. This provision is not intended to and shall not constitute the exclusive remedy of the Parties under the Agreement; the Parties may seek indemnity from one another under other legal principles, whether based in equity or law, so long as they do not nullify or cancel the effects of this paragraph.

15. Force Majeure. GSFA shall not be responsible nor deemed to be in default of any provision of the Agreement on account of delays in performance due to causes which are beyond GSFA's or Manufacturer's control and which make GSFA's performance impracticable, including but not limited to wars, insurrections, strikes or labor unrest, riots, fires, storms, floods, other acts of nature, explosions, earthquakes, accidents, any act of federal, state or local government, failure or delays in transportation, inability to obtain necessary labor, supplies or manufacturing facilities, supply chain issues, allocation regulations or orders affecting materials, equipment, facilities or completed

products, failure to obtain any required license or certificates, acts of God or the public enemy or terrorism, failure of transportation, disease, pandemics or epidemics, quarantine restrictions, failure of vendors (due to causes similar to those within the scope of this clause) to perform their agreements or labor troubles causing cessation, slowdown, or interruption of work.

16. Notice. Any notices, requests, consents, claims, demands, waivers and other communications required or permitted to be given hereunder must be given in writing at the address of each Party set forth below, or to such other address as either Party may substitute by written notice to the other in accordance with this Section 16, by one of the following methods: hand delivery; registered, express, or certified mail, return receipt requested, postage prepaid; or nationally recognized private express courier. All such communications will be deemed to have been given: (i) when delivered by hand (with written confirmation of receipt); (ii) on the third (3rd) calendar day after the date mailed, by registered, express or certified mail; or (iii) when delivered by the addressee if sent by a nationally recognized private express courier.

GSFA:

Sacramento, CA 95828

CUSTOMER:

To the address listed in the Product Proposal

17. Contradictions. In the event of a conflict between the Agreement and any Change Order, or between Change Orders, the terms of the latest executed Change Order shall control.

18. Manufacturer's Statement of Origin. It is agreed that the manufacturer's statement of origin ("**MSO**") for the Product covered by the Agreement, if applicable, shall be retained and remain in the possession of GSFA per California Department of Vehicles (DMV) directives. Notwithstanding the foregoing, GSFA shall provide Customer with the original MSO if the Customer is self-registering, and Customer shall comply with all good-faith Process of Duty and other DMV requirements applicable to the Product and retain its own MSO.

19. Assignment. The relationship of the Parties established under the Agreement is that of independent contractors and neither Party is a partner, employee, agent, or joint venturer of or with the other. Neither Party may assign its rights and obligations under the Agreement unless it has obtained the prior written approval of the other Party.

20. Governing Law; Jurisdiction; Disputes. Without regard to any conflict of laws provisions, the Agreement is to be governed by and under the laws of the state of California. Prior to taking any legal action that may and/or can arise out of the Agreement, the Parties shall first attempt mediation with an agreed upon mediator. If the Parties cannot agree upon a mediator within thirty (30) calendar days of the submission of written notice of a dispute in accordance with Section 16 hereof, if any disputed matter remain unresolved within thirty (30) calendar days of the commencement of discussions, or if any party refuses to meet, then either party may submit any remaining disputes concerning and/or claim regarding the Agreement and/or the terms and conditions herein to the Superior Court, County of Sacramento (and the parties expressly consent to exclusive personal jurisdiction and venue before such court).

21. Entire Agreement; Amendments. The Agreement, including the Product Proposal, its exhibits, and all valid Change Orders, is the exclusive agreement between the Parties regarding the subject matter contained herein and therein. No change in, modification of, or revision of the Agreement shall be valid unless in writing and signed by duly authorized representatives of both Parties with authority to sign such amendments to the Agreement.

Proposal Details Report

AGENDA ITEM NO. 28.

Customer: CLOVIS FIRE DEPARTMENT **Bid Number:** 973
Representative: Young, Dewayne **Job Number:**
Requirements Manager: **Organization:** Golden State Fire Apparatus, Inc
Description: CLV Velocity PUC 107 Ascendar
Chassis: Velocity Chassis, Aerials, Tandem Axle, Ascendant/LSL PUC-NG (Big Block)
Body: Aerial, HD Ladder 107' ASL Tandem, PUC, Alum Body

OptionCode	Type	Option	ProposalText
0766640		Boiler Plates, Aerial 107' ASL	Golden State Fire Apparatus, Inc. is pleased to submit a proposal to Clovis Fire Department for a Pierce® 107' Heavy Duty Aerial Ladder per your request for quotation. The following paragraphs will describe in detail the apparatus, construction methods, and equipment proposed. This proposal will indicate size, type, model and make of components parts and equipment, providing proof of compliance with each and every item (except where noted) in the departments advertised specifications. PIERCE MANUFACTURING was founded in 1913. Since then, we have been building bodies with one philosophy, "BUILD THE FINEST". Our skilled craftsmen take pride in their work, which is reflected, in the final product. We have been building fire apparatus since the early "forties" giving Pierce Manufacturing over 75 years of experience in the fire apparatus market. Pierce Manufacturing has built and put into service more than 62,500 apparatus, including more than 33,900 on Pierce custom chassis designed and built specifically for fire and emergency applications. Our Appleton, Wisconsin facility has over 870,000 total square feet of floor space situated on approximately 105 acres of land. Our Bradenton, Florida facility has 300,000 square feet of floor space situated on approximately 38 acres of land. Our beliefs in high ethical standards are carried through in all of our commitments and to everyone with whom we do business. Honesty, Integrity, Accountability and Citizenship are global tenets by which we all live and work. Consequently, we neither engage in, nor have we ever been convicted of price fixing, bid rigging, or collusion in any domestic or international fire apparatus market. Pierce has only one brand of fire apparatus "Pierce", ensuring you are receiving top of the line product that meets your specification. In accordance with the current edition of applicable NFPA standards, this proposal will specify whether the fire department, manufacturer, or apparatus dealership will provide required loose equipment. Images and illustrative material in this proposal are as accurate as known at the time of publication, but are subject to change without notice. Images and illustrative material is for reference only, and may include optional equipment and accessories and may not include all standard equipment. GENERAL DESIGN AND CONSTRUCTION To control quality, ensure compatibility, and provide a single source for service and warranty, the custom cab, chassis, pump module and body will be entirely designed, assembled/welded and painted in Pierce owned manufacturing facilities. This includes, but not limited to the cab weldment, the pumphouse module assembly, the chassis assembly, the body and the electrical system. QUALITY AND WORKMANSHIP Pierce has set the pace for quality and workmanship in the fire apparatus field. Our tradition of building the highest quality units with craftsmen second to none has been the rule right from the beginning and we demonstrate that ongoing commitment by: Ensuring all steel welding follows American Welding Society D1.1-2004 recommendations for structural steel welding. All aluminum welding follows American Welding society and ANSI D1.2-2003 requirements for structural welding of aluminum. All sheet metal welding follows American welding Society B2.1-2000 requirements for structural welding of sheet metal. Our flux core arc welding uses alloy rods, type 7000 and is performed to American Welding Society standards A5.20-E70T1. Furthermore, all employees classified as welders are tested and certified to meet the American welding Society codes upon hire and every three (3) years thereafter. Pierce also employs an American Welding Society certified welding inspector in plant during working hours to monitor weld quality. Pierce Manufacturing operates a Quality Management System under the requirements of ISO 9001. These standards sponsored by the International Organization for Standardization (ISO) specify the quality systems that are established by the manufacturer for design, manufacture, installation and service. A copy of the certificate of compliance is included with this proposal. In addition to the Quality Management system, we also employ a Quality Achievement Supplier program to insure the vendors and suppliers that we utilize meet the high standards we demand. That is just part of our overall "Quality at the Source" program at Pierce. To demonstrate the quality of our products and services, a list of at least five (5) fire departments/municipalities that have purchased vehicles for a second time is provided. DELIVERY The apparatus will be delivered under its own power to insure proper break-in of all components while the apparatus is still under warranty. A qualified delivery representative shall deliver the apparatus and remain for a sufficient length of time to instruct personnel in proper operation, care and maintenance of the equipment delivered. MANUAL AND SERVICE INFORMATION At time of delivery, complete operation and maintenance manuals covering the apparatus will be provided. A permanent plate will be mounted in the driver's compartment specifying the quantity and type of fluids required including engine oil, engine coolant, transmission, pump transmission lubrication, pump primer and drive axle. SAFETY VIDEO At the time of delivery Pierce will also provide one (1) 39-minute, professionally produced apparatus safety video, in DVD format. A link to the video is also available on the Pierce Training website. This video will address key safety considerations for personnel to follow when they are driving, operating, and maintaining the apparatus, including the following: vehicle pre-trip inspection, chassis operation, pump operation, aerial operation, and safety during maintenance. PERFORMANCE TESTS A road test will be conducted with the apparatus fully loaded and a continuous run of no less

ten (10) miles. During that time the apparatus will show no loss of power nor will it overheat. The transmission drive shaft or shafts and the axles will run quietly and be or noise. The apparatus when fully loaded will not have less than 25 percent on the front axle, and not less than 50 percent nor more than 75 percent on the rear axle. The apparatus will meet the current edition of applicable NFPA standards acceleration and braking requirements.

AGENDA ITEM NO. 28.

SERVICE AND WARRANTY SUPPORT

Pierce dealership support will be provided by Golden State Emergency Vehicle Service by operating in conjunction with a Pierce authorized service center. The service center will have factory-trained mechanics on staff versed in Pierce fire apparatus. The service facility will be located within one hundred fifty (150) miles of the fire department.

In addition to the dealership, Pierce has service facilities located in both, Weyauwega, Wisconsin and Bradenton, Florida. Pierce also maintains a dedicated parts facility of over 100,000 square feet in Appleton, Wisconsin. The parts facility stocks in excess of \$5,000,000 in parts dedicated to service and replacement parts. The parts facility employs a staff dedicated solely for the distribution and shipment of service and replacement parts.

Service parts for the apparatus being proposed can be found via Pierceparts.com which, is an interactive online tool that delivers information regarding your specific apparatus as well as the opportunity to register for training classes.

As a Pierce customer you have the ability to view the complete bill of materials for your specific apparatus, including assembly drawings, piece part drawings, and beneficial parts notations. You will also have the ability to search the complete Pierce item master through a parts search function which offers all Pierce SKU's and descriptions offered on all Pierce apparatus. Published component catalogs, which include proprietary systems along with an extensive operators manual library is available for easy reference.

Pierce Manufacturing maintains a dedicated service and warranty staff of over 35 personnel, dedicated to customer support, which also maintains a 24 hour 7 day a week toll free hot line, four (4) on staff EVTs, and offers hands-on repair and maintenance training classes multiple times a year.

LIABILITY

The successful bidder will defend any and all suits and assume all liability for the use of any patented process including any device or article forming a part of the apparatus or any appliance furnished under the contract.

INSURANCE PROVIDED BY BIDDER

Commercial General Liability Insurance

The successful bidder will, during the performance of the contract and for three (3) years following acceptance of the product, keep in force at least the following minimum limits of commercial general liability insurance:

Each Occurrence:

\$1,000,000

Products/Completed Operations Aggregate:

\$1,000,000

Personal and Advertising Injury:

\$1,000,000

General Aggregate:

\$2,000,000

Coverage will be written on a Commercial General Liability form. The policy will be written on an occurrence form and will include Contractual Liability coverage for bodily injury and property damage subject to the terms and conditions of the policy. The policy will include Owner as an additional insured when required by written contract.

Commercial Automobile Liability Insurance

The successful bidder will, during the performance of the contract, keep in force at least the following minimum limits of commercial automobile liability insurance and coverage will be written on a Commercial Automobile liability form:

Each Accident Combined Single Limit:

\$1,000,000

Umbrella/Excess Liability Insurance

The successful bidder will, during the performance of the contract and for three (3) years following acceptance of the product, keep in force at least the following minimum limits of umbrella liability insurance:

Aggregate:

\$3,000,000

Each Occurrence:

\$3,000,000

The umbrella policy will be written on an occurrence basis and at a minimum provide excess to the bidder's General Liability and Automobile Liability policies.

The required limits can be provided by one (1) or more policies provided all other insurance requirements are met.

Coverage will be provided by a carrier(s) rated A- or better by A.M. Best.

All policies will provide a 30-day notice of cancellation to the named insured. The Certificate of Insurance will provide the following cancellation clause: Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions.

Bidder agrees to furnish owner with a current Certificate of Insurance with the coverages listed above along with the bid. The certificate will show the purchaser as certificate holder.

INSURANCE PROVIDED BY MANUFACTURER

Product Liability Insurance

The manufacturer will, during the performance of the contract and for three (3) years following acceptance of the product, keep in force at least the following minimum limits of Product Liability insurance:

Each Occurrence:

\$1,000,000

Products/Completed Operations Aggregate:

\$1,000,000

Coverage will be written on a Commercial General Liability form. The policy will be written on an occurrence form. The manufacturer's policy will include the owner as additional insured when required by written contract between the Owner and a Pierce authorized dealer.

		Umbrella/Excess Liability Insurance The manufacturer will, during the performance of the contract and for the acceptance of the product, keep in force at least the following minimum insurance: Each Occurrence: \$25,000,000 Aggregate: \$25,000,000 The umbrella policy will be written on an occurrence basis and provide excess to the manufacturer's General Liability/Products policies. The required limits can be provided by one (1) or more policies provided all other insurance requirements are met. Coverage will be provided by a carrier(s) rated A- or better by A.M. Best. All policies will provide a 30-day notice of cancellation to the named insured. The Certificate of Insurance will provide the following cancellation clause: Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. Manufacturer agrees to furnish owner with a current Certificate of Insurance with the coverages listed above along with the bid. The certificate will show the purchaser as the certificate holder.	AGENDA ITEM NO. 28.
0018180	Single Source Compliance, Aerials	SINGLE SOURCE MANUFACTURER Pierce Manufacturing, Inc. provides an integrated approach to the design and manufacture of our products that delivers superior apparatus and a dedicated support team. From our facilities, the chassis, cab weldment, cab, pump house (including the sheet metal enclosure, valve controls, piping and operators panel) body and aerial device will be entirely designed, tested, and hand assembled to the customer's exact specifications. The electrical system either hardwired or multiplexed, will be both designed and integrated by Pierce Manufacturing. The warranties relative to these major components (excluding component warranties such as engine, transmission, axles, pump, etc.) will be provided by Pierce as a single source manufacturer. Pierce's single source solution adds value by providing a fully engineered product that offers durability, reliability, maintainability, performance, and a high level of quality.	
0584456	Manufacture Location, Appleton, Wisconsin	Your apparatus will be manufactured in Appleton, Wisconsin.	
0584452	RFP Location: Appleton, Wisconsin		
0588609	Vehicle Destination, US		
0670275	Unit to be Similar in some Aspects, Excluding Pump Panel	SPECIAL INSTRUCTIONS The apparatus being proposed will be designed and built to match the 33706 & 38442. However, some variation may be necessary due to changes in our manufacturing processes or our product offering. Revisions in NFPA guidelines and/or other regulations may also affect our ability to match the previous unit.	
0816491	Comply NFPA 1900 Changes Effective Jan 1, 2024, With Exceptions	NFPA 2024 STANDARDS This unit will comply with the NFPA standards effective January 1, 2024, except for fire department directed exceptions. These exceptions will be set forth in the Statement of Exceptions. Certification of slip resistance of all stepping, standing and walking surfaces will be supplied with delivery of the apparatus. All horizontal surfaces designated as a standing or walking surface that are greater than 48.00" above the ground must be defined by a 1.00" wide line along its outside perimeter. Perimeter markings and designated access paths to destination points will be identified on the customer approval print and are shown as approximate. Actual location(s) will be determined based on materials used and actual conditions at final build. Access paths may pass through hose storage areas and opening or removal of covers or restraints may be required. Access paths may require the operation of devices and equipment such as the aerial device or ladder rack. A plate that is highly visible to the driver while seated will be provided. This plate will show the overall height, length, and gross vehicle weight rating. The manufacturer will have programs in place for training, proficiency testing and performance for any staff involved with certifications. An official of the company will designate, in writing, who is qualified to witness and certify test results.	
0533351	Quint Fire Apparatus		
0588612	Vehicle Certification, Aerial w/Pump		

0681278	Agency, Apparatus Certification, Aerial w/Pump, U.L.	NFPA COMPLIANCY Apparatus proposed by the bidder will meet the applicable requirements of the National Fire Protection Association (NFPA) as stated in current edition at time of contract award. Any deviations from department's specifications that differ from NFPA specifications will be indicated in the proposal as "non-NFPA". INSPECTION CERTIFICATE A third party inspection certificate for the aerial device will be furnished upon delivery of the aerial device. The certificate will be Underwriters Laboratories Inc. Type 1 and will indicate that the aerial device has been inspected on the production line and after final assembly. Visual structural inspections will be performed on all welds on both aluminum and steel ladders. On critical weld areas, or on any suspected defective area, the following tests will be conducted: Magnetic particle inspection will be conducted on steel aerials to assure the integrity of the weldments and to detect any flaws or weaknesses. Magnets will be placed on each side of the weld while iron powder is placed on the weld itself. The powder will detect any crack that may exist. This test will conform to ASTM E709 and be performed prior to assembly of the aerial device. A liquid penetrant test will be conducted on aluminum aerials to assure the integrity of the weldments and to detect any flaws or weaknesses. This test will conform to ASTM E165 and be performed prior to assembly of the aerial device. Ultrasonic inspection will be conducted on all aerials to detect any flaws in pins, bolts and other critical mounting components. In addition to the tests above, functional tests, load tests, and stability tests will be performed on all aerials. These tests will determine any unusual deflection, noise, vibration, or instability characteristics of the unit. PUMP TEST The pump will be tested, approved and certified by Underwriter's Laboratory at the manufacturer's expense. The test results and the pump manufacturer's certification of hydrostatic test; the engine manufacturer's certified brake horsepower curve; and the manufacturer's record of pump construction details will be forwarded to the Fire Department. GENERATOR TEST If the unit has a generator, the generator will be tested, approved, and certified by Underwriters Laboratories at the manufacturer's expense. The test results will be provided to the Fire Department at the time of delivery. BREATHING AIR TEST If the unit has breathing air, Pierce Manufacturing will draw an air sample from the air system and certify that the air quality meets the requirements of NFPA 1989, <i>Standard on Breathing Air Quality for Fire and Emergency Services Respiratory Protection</i>.
---------	--	--

AGENDA ITEM NO. 28.

0816495	Certification, Vehicle Inspection Program, NFPA 1900	VEHICLE INSPECTION PROGRAM CERTIFICATION To assure the vehicle is built to current NFPA1900 standards, the apparatus, in its entirety, will be third-party, independent, audit-certified through Underwriters Laboratory (UL) that it is built and complies to all applicable standards in the current edition. The certification includes: all design, production, operational, and performance testing of not only the apparatus, but those components that are installed on the apparatus. A placard will be affixed in the driver's side area stating the third party agency, the date, the standard and the certificate number of the whole vehicle audit.
---------	--	---

0536644	Customer Service Website	AFTERMARKET SUPPORT WEBSITE Pierceparts.com will provide <u>Pierce authorized dealer</u> access to computerized information pertaining to the maintenance and service of their customer's apparatus. This will give the Pierce authorized dealer the ability to service and support their customers to the best of their ability with factory support at their fingertips. Pierceparts.com is also accessible to the end user through the guest login. Limited access is available and vehicle specific parts information accessible by entering a specific VIN number. All end users should see their local authorized Pierce dealer for additional support and service. The website will consist of the following screens at the dealer level: My Fleet Screen The My Fleet screen will provide access to truck detail information on the major components of the vehicle, warranty information, available vehicle photographs, vehicle drawings, sales options, applicable vehicle software downloads, etc. Parts Screens The Parts screens will provide parts look-up capability of Pierce Manufacturing sourced items, with the aid of digital photographs, part drawings and assembly drawings. The parts search application will permit the searching of parts by item description or function group (major system category). The parts application will provide the ability to submit electronically a parts order, parts quote, or parts return request directly to Pierce Manufacturing for processing. Warranty Screen The Warranty screens will provide dealers the ability to submit electronically warranty claims directly to Pierce Manufacturing for reimbursement. My Reports Screens The My Reports screens will provide access to multiple dealer reports to allow the dealership to maintain communication with the customer on the status of orders, claims, and phone contacts. Technical Support Screens The Technical Support screens will provide access to all currently published Operation and Maintenance and Service Publications. Access to Pierce Manufacturing Service Bulletins and Work Instructions, containing information on current service topics and recommendations will be provided. Training The Training screens will provide access to upcoming training classes offered by Pierce Manufacturing along with interactive electronic learning modules (Operators Guides) covering the operation of major vehicle components will be provided. Access to training manuals used in Pierce Manufacturing training classes will be provided. About Pierce Access to customer service articles, corporate news, quarterly newsletters, and key contacts within the Customer Service Department will be provided. The current Customer Service Policy and Procedure Manual, detailing the operation of the Customer Service group will also be accessible.	AGENDA ITEM NO. 28.
---------	--------------------------	--	---------------------

0620362	Consortium, HGAC
0537375	Unit of Measure, US Gallons
0030006	Bid Bond Not Requested

BID BOND NOT REQUESTED
A bid bond will not be included. If requested, the following will apply: All bidders will provide a bid bond as security for the bid in the form of a 5 percent bid bond to accompany their bid. This bid bond will be issued by a Surety Company who is listed on the U.S. Treasury Departments list of acceptable sureties as published in Department Circular 570. The bid bond will be issued by an authorized representative of the Surety Company and will be accompanied by a certified power of attorney dated on or before the date of bid. The bid bond will include language, which assures that the bidder/principal will give a bond or bonds as may be specified in the bidding or contract documents, with good and sufficient surety for the faithful performance of the contract, including the Basic One (1) Year Limited Warranty, and for the prompt payment of labor and material furnished in the prosecution of the contract. Notwithstanding any document or assertion to the contrary, any surety bond related to the sale of a vehicle will apply only to the Basic One (1) Year Limited Warranty for such vehicle. Any surety bond related to the sale of a vehicle will not apply to any other warranties that are included within this bid (OEM or otherwise) or to the warranties (if any) of any third party of any part, component, attachment or accessory that is incorporated into or attached to the vehicle. In the event of any contradiction or inconsistency between this provision and any other document or assertion, this provision will prevail.

0816574	Performance Bond, 100% with Warranty Bond, 1 Yr, and Payment Bond, PPI Terms	PERFORMANCE BOND, 1 YEAR The successful bidder will furnish a Performance and Payment bond (B of the total contract amount within 30 days of the notice of award. Such acceptable to the Owner and issued by a surety company included within the Department of Treasury's Listing of Approved Sureties (Department Circular 570) with a minimum A.M. Best Financial Strength Rating of A and Size Category of XV. In the event of a bond issued by a surety of a lesser Size Category, a minimum Financial Strength rating of A+ is required. Bidder and Bidder's surety agree that the Bond issued hereunder, whether expressly stated or not, also includes the surety's guarantee of the vehicle manufacturer's Basic One (1) Year Limited Warranty period included within this proposal. Owner agrees that the penal amount of this bond will be simultaneously amended to 100% percent of the total contract amount upon satisfactory acceptance and delivery of the vehicle(s) included herein. Notwithstanding anything contained within this contract to the contrary, the surety's liability for any warranties of any type will not exceed one (1) year from the date of such satisfactory acceptance and delivery, or the actual Basic One (1) Year Limited Warranty period, whichever is shorter. Due to global supply chain constraints, any delivery date contained herein is a good faith estimate as of the date of this order/contract, and merely an approximation based on current information. Delivery updates will be made available, and a final firm delivery date will be provided as soon as possible. If the Producer Price Index of Components for Manufacturing [www.bls.gov Series ID: WPUID6112] ("PPI") has increased at a compounded annual growth rate of 5.0% or more between the month Pierce accepts the order ("Order Month") and a month 14 months prior to the then predicted Ready For Pickup date ("Evaluation Month"), then pricing may be updated in an amount equal to the increase in PPI over 5.0% for each year or fractional year between the Order Month and the Evaluation Month. The seller will document any such updated price for the customer's approval before proceeding and provide an option to cancel the order.	AGENDA ITEM NO. 28.
0000007	Approval Drawing	APPROVAL DRAWING A drawing of the proposed apparatus will be prepared and provided to the purchaser for approval before construction begins. The Pierce sales representative will also be provided with a copy of the same drawing. The finalized and approved drawing will become part of the contract documents. This drawing will indicate the chassis make and model, location of the lights, siren, horns, compartments, major components, etc. A "revised" approval drawing of the apparatus will be prepared and submitted by Pierce to the purchaser showing any changes made to the approval drawing.	
0517327	Drawing, As Built, At Delivery a Revised Print w/ Changes	FINAL DRAWING There will be a revised drawing of the truck with all the changes made during production provided at pickup.	
0670758	Drawing, Compartment Layout, Aerial	COMPARTMENT LAYOUT DRAWING A sales drawing will be provided as if the rear body compartment doors are open. This drawing will be provided for graphic representation only and will include such things as shelves, trays, reels, dividers, air control panels, air bottle storage bins, poly boxes, etc.	
0002928	Electrical Diagrams	ELECTRICAL WIRING DIAGRAMS Two (2) electrical wiring diagrams, prepared for the model of chassis and body, will be provided.	
0888814	Velocity Chassis, Aerials, Tandem Axle, Ascendant/LSL PUC-NG (Big Block)	VELOCITY CHASSIS The Pierce Velocity® is the custom chassis developed exclusively for the fire service. Chassis provided will be a new, tilt type custom fire apparatus. The chassis will be manufactured in the apparatus body builder's facility eliminating any split responsibility. The chassis will be designed and manufactured for heavy duty service, with adequate strength and capacity for the intended load to be sustained and the type of service required. The chassis will be the manufacturer's first line tilt cab.	
0000110	Wheelbase	WHEELBASE The wheelbase of the vehicle will be 253.00 inches.	
0000070	GVW Rating	GVW RATING The gross vehicle weight rating will be 72,000.	
0000203	Frame Rails, 13.38 x 3.50 x .375, Qtm/AXT/Imp/Vel	FRAME The chassis frame will be built with two (2) steel channels bolted to five (5) cross members or more, depending on other options of the apparatus. The side rails will have a 13.38" tall web over the front and mid sections of the chassis, with a continuous smooth taper to 10.75" over the rear axle. Each rail will have a section modulus of 25.992 cubic inches and a resisting bending moment (rbm) of 3,119,040 in-lb over the critical regions of the frame assembly, with a section modulus of 18.96 cubic inches with an rbm of 2,275,200 in-lb over the rear axle. The frame rails will be constructed of 120,000 psi yield strength heat-treated 0.38" thick steel with 3.50" wide flanges.	

0889469	Frame Liner, "C/Inv L" 12.50" x 3.00" x .25", AXT/Vel/Imp/Enf, 56" QVal	FRAME REINFORCEMENT In addition, a mainframe internal liner will be provided. The liner will be heat-treated to an internal "L" design over the rear axle. It will be heat-treated 3.00" x 0.25" through the front portion of the liner, stepping to 9.38" x 3.00" through the rear portion of the liner. Each liner will have a section modulus of 13.58 cubic inches, yield strength of 110,000 psi, and rbm of 1,494,042 in-lb. Total rbm at wheelbase center will be 4,391,869 in-lb. The frame liner will be mounted inside of the chassis frame rail and extend the full length of the frame.	AGENDA ITEM NO. 28.
0637059	Axle, Front, Oshkosh TAK-4, Non Drive, 24,000 lb, Velocity (425 Tires)	FRONT NON DRIVE AXLE The Oshkosh TAK-4® front axle will be of the independent suspension design with a ground rating of 24,000 lb. Upper and lower control arms will be used on each side of the axle. Upper control arm castings will be made of 100,000-psi yield strength 8630 steel and the lower control arm casting will be made of 55,000-psi yield ductile iron. The center cross members and side plates will be constructed out of 80,000-psi yield strength steel. Each control arm will be mounted to the center section using elastomer bushings. These rubber bushings will rotate on low friction plain bearings and be lubricated for life. Each bushing will also have a flange end to absorb longitudinal impact loads, reducing noise and vibrations. There will be nine (9) grease fittings supplied, one (1) on each control arm pivot and one (1) on the steering gear extension. The upper control arm will be shorter than the lower arm so that wheel end geometry provides positive camber when deflected below rated load and negative camber above rated load. Camber at load will be zero degrees for optimum tire life. The ball joint bearing will be of low friction design and be maintenance free. Toe links that are adjustable for alignment of the wheel to the center of the chassis will be provided. The wheel ends must have little to no bump steer when the chassis encounters a hole or obstacle. The steering linkage will provide proper steering angles for the inside and outside wheel, based on the vehicle wheelbase. The axle will have a turning angle of up to 45 degrees.	
0090914	Suspension, Front TAK-4, 24,000 lb, DLX/Qtm/AXT/Vel/Enf/SFR	FRONT SUSPENSION Front Oshkosh TAK-4™ independent suspension will be provided with a minimum ground rating of 24,000 lb. The independent suspension system has been designed to provide maximum ride comfort. The design will allow the vehicle to travel at highway speeds over improved road surfaces and at moderate speeds over rough terrain with minimal transfer of road shock and vibration to the vehicle's crew compartment. Each wheel will have a torsion bar type spring. In addition, each front wheel end will also have energy absorbing jounce bumpers to prevent bottoming of the suspension. The suspension design will be such that there is at least 10.00" of total wheel travel and a minimum of 3.75" before suspension bottoms. The torsion bar anchor lock system allows for simple lean adjustments, without the use of shims. One can adjust for a lean within 15 minutes per side. Anchor adjustment design is such that it allows for ride height adjustment on each side. The independent suspension was put through a durability test that simulated 140,000 miles of inner city driving.	
0087572	Shock Absorbers, KONI, TAK-4, Qtm/AXT/Imp/Vel/Enf	FRONT SHOCK ABSORBERS KONI heavy-duty telescoping shock absorbers will be provided on the front suspension.	
0000322	Oil Seals, Front Axle	FRONT OIL SEALS Oil seals with viewing window will be provided on the front axle.	
0899289	Tires, Front, Goodyear, Armor MAX MSA, 425/65R22.50, 20 ply, Fire Service Load	FRONT TIRES Front tires will be Goodyear 425/65R22.50 radials, 20 ply Armor MAX, rated for 24,400 lb maximum axle load and 68 mph maximum speed.	
0019611	Wheels, Front, Alcoa, 22.50" x 12.25", Aluminum, Hub Pilot	The tires will be mounted on Alcoa 22.50" x 12.25" polished aluminum disc type wheels with a ten (10) stud, 11.25" bolt circle.	

0609365	Axle, Rear, Oshkosh TAK-4 T3, 48,000 lb, Rear Steer, 2 Axle, AXT/Imp/Vel	REAR AXLE The rear axle will be a tandem axle assembly, of the Oshkosh TAK-4® Technology, independent suspension design, with the ability to support steering system. Tandem rear axles will have a ground rating of 48,000 lbs. The rear axles will be designed for specific use of the independent suspension. The rear independent suspension driving axles will be equipped with a carrier reduction of 1.69 to 1.00 with a planetary wheel end reduction of 3.55 to 1.00. Driving torque will be transmitted from the center differential to the planetary wheel drive by means of a half shaft. Oil fills and level checks will be required at the center differential and the planet wheel end locations. An inter-axle differential, which divides torque evenly between axles, will be provided with an indicator light mounted on the cab instrument panel.	AGENDA ITEM NO. 28.
0818721	Top Speed of Vehicle, 68 MPH/109 KPH, Non-NFPA/ULC 2024	REAR AXLE STEERING The tandem rear axle assembly will include a mechanical rear steering system. The mechanical rear steering system will be applied to both rear axles. The steering geometry will be designed to minimize tire scrub of the rear tandem axle tires while reducing the overall turning diameter of the apparatus. The mechanical rear steering system will not use electronic controls and will not have a means to be disengaged. Coordinated steering is the only steering mode supported by the mechanical steering system. Rear steering system is actuated by a mechanical means of connecting the front master/slave steering gear system to a rear axle master/slave steering gear system.	
0639331	Suspen, Rear, Oshkosh TAK-4, Independent, 48,000 lb	TOP SPEED OF VEHICLE NFPA 1900 and ULC 515, 2024 edition requires limits on the top speed of vehicles. NFPA 7.16.1 requires that the maximum top speed of fire apparatus with a GVWR over 33,000 lb will not exceed either 68 mph or the manufacturer's maximum fire service speed rating for the tires installed on the apparatus, whichever is lower. NFPA 7.16.2 requires that if the combined water tank and foam agent tank on the fire apparatus exceed 1250 gallons or the GVWR of the vehicle is over 50,000 lb, the maximum top speed of the apparatus will not exceed either 60 mph or the manufacturer's maximum fire service speed rating for the tires installed on the apparatus, whichever is lower. It is the intention of the standard to improve safety by limiting the speed of all apparatus to 68 mph, and tankers or heavy apparatus to 60 mph. By requesting an exception to this requirement, the purchasing authority is consciously choosing to operate their apparatus at speeds above the limits designated as safe speeds by the NFPA Technical Committee on Fire Department Apparatus. The top speed of the apparatus as manufactured exceeds the NFPA requirements. Per fire department specification of a top speed that exceeds NFPA requirements, the apparatus will be non-compliant to NFPA 1900 and ULC 515 standards at time of contract execution. The rear tires being specified have a top speed limit of 68 mph / 109 kph from the tire manufacturer.	
0000485	Oil Seals, Rear Axle	REAR SUSPENSION The rear suspension will be an Oshkosh TAK-4® independent type with a minimum ground rating of 48,000 lbs. The independent suspension will be configured with upper and lower control arms with a spring seat for a coil spring mounted to the lower control arm. The spring tower will be integrated into the suspension frame mount. Each control arm has elastomeric bushings at the inner pivot locations with a ball joint bearing at the outer pivot location. All suspension pivot joints will be of a maintenance free design. The rear independent suspension will be provided with steering toe links providing tow adjustments and maintaining wheel control throughout the range of wheel travel. The independent suspension will be designed to provide maximum ride quality when traveling at highway speeds over improved roads or a moderate speeds over secondary road surfaces with minimal transfer of shock and vibration to the apparatus. Each independent suspension will utilize a coil type of spring. The design will allow for removal of the spring without the use of any spring compression. The rear suspension will provide a minimum wheel travel of 10.00", 6.00" jounce and 4.00" of rebound.	
0614549	Pump, Thru-Pump, Oshkosh TAK-4, T3 Rear Steer, Aerial	REAR OIL SEALS Oil seals will be provided on the rear axle(s).	
0802662	Tires, Rear, Goodyear,Armor Max MSA,445/65R22.5,20ply, (AWS/IRS),Tand.FS Load Rat	REAR TIRES Rear tires will be four (4) Goodyear radials 445/65R22.50, 20 ply all-position Armor Max MSA tread, rated for 52,640 lb maximum axle load and 68 mph maximum speed.	
0826900	Wheels, Rear, 22.50" x 13.00", Steel, Hub Pilot, Tandem, AWS/IRS	The tires will be mounted on 22.50" x 13.00" steel disc type wheels with a ten (10) stud,11.25" bolt circle.	
0568081	Tire Balancing, Counteract Beads	TIRE BALANCE All tires will be balanced with Counteract balancing beads. The beads will be inserted into the tire and eliminate the need for wheel weights.	

0819008	No Tire Pressure Indicator, Fire Department Omits, Non-NFPA 2024 Compliant	TIRE PRESSURE INDICATOR NFPA 1900, 2024 edition, section 7.14.6 requires each tire be equipped with a tire pressure monitoring system that indicates tire pressure. Per Fire Department specification, a tire pressure indicator is not on the apparatus as manufactured. This apparatus will be non-compliant to NFPA 1900 standards effective at time of contract execution.	AGENDA ITEM NO. 28.
0801909	Lug Nut, Covers, Chrome	CHROME LUG NUT COVERS Chrome lug nut covers will be supplied on front and rear wheels.	
0003245	Axle Hub Covers w/center hole, S/S, Front Axle	FRONT HUB COVERS Stainless steel hub covers will be provided on the front axle. An oil level viewing window will be provided.	
0002045	Mud Flap, Front and Rear, Pierce Logo	MUD FLAPS Mud flaps with a Pierce logo will be installed behind the front and rear wheels.	
0601010	Chocks, Wheel, SAC-44-E, Folding, Aerials	WHEEL CHOCKS There will be two (2) pairs of folding Ziamatic, Model SAC-44-E, aluminum alloy, Quick-Choc wheel blocks, with easy-grip handle provided.	
0601009	Mounting Brackets, Chocks, SAC-44-E, Folding, Horizontal, Aerials	Wheel Chock Brackets There will be two (2) pairs of Zico, Model SQCH-44-H, horizontal mounting wheel chock brackets provided for the Ziamatic, Model SAC-44-E, folding wheel chocks. The brackets will be made of aluminum and consist of a quick release spring loaded rod to hold the wheel chocks in place. The brackets will be mounted forward of the left side rear tire and forward of the right side rear tire.	
0821337	ABS Wabco Brake System, Tandem Rear Axle, Tak-4, NFPA 1900/ULC	ANTI-LOCK BRAKE SYSTEM The vehicle will be equipped with a Wabco 4S4M, anti-lock braking system. The ABS will provide a four (4) channel anti-lock braking control on both the front and rear wheels (rear axle of tandems). A digitally controlled system that utilizes microprocessor technology will control the anti-lock braking system. Each wheel sensor will be monitored by the system. When any particular wheel begins to lockup, a signal will be sent to the control unit. This control unit then will reduce the braking of that wheel for a fraction of a second and then reapply the brake. This anti-lock brake system will eliminate the lockup of any wheel thus helping to prevent the apparatus from skidding out of control.	
0030185	Brakes, Knorr/Bendix 17", Disc, Front, TAK-4	BRAKES The service brake system will be full air type. The front brakes will be Knorr/Bendix disc type with a 17.00" ventilated rotor for improved stopping distance. The brake system will be certified, third party inspected, for improved stopping distance.	
0581433	Brakes, Bendix, Cam, Rear, 16.50 x 7.00"	The rear brakes will be Bendix®, Model ES1657D, 16.50" x 7.00" cam operated with automatic slack adjusters.	
0020784	Air Compressor, Brake, Cummins/Wabco 18.7 CFM	BRAKE SYSTEM AIR COMPRESSOR The air compressor will be a Cummins/WABCO with 18.7 cubic feet per minute output.	
0000789	Brake Reservoirs, Five	BRAKE SYSTEM The brake system will include: Bendix dual brake treadle valve Heated automatic moisture ejector on air dryer Total air system capacity of 6,653 cubic inches Two (2) air pressure gauges with a red warning light and an audible alarm, that activates when air pressure falls below 60 psi Spring set parking brake system Parking brake operated by a push-pull style control valve A parking "brake on" indicator light on instrument panel Park brake relay/inversion and anti-compounding valve, in conjunction with a double check valve system, will be provided with an automatic spring brake application at 40 psi A pressure protection valve will be provided to prevent all air operated accessories from drawing air from the air system when the system pressure drops below 80 psi (550 kPa). Quarter turn drain valves on each air tank The air tank will be primed and painted to meet a minimum 750 hour salt spray test. The air tanks will be painted same as frame color. To reduce the effects of corrosion, the air tank will be mounted with stainless steel brackets.	

0587034	Air Dryer, Bendix, AD-IP w/Heat, 2010	BRAKE SYSTEM AIR DRYER The air dryer will be a Bendix AD-IP, with coalescing filter and heater.	AGENDA ITEM NO. 28.
0070790	Brake Lines, Nyl w/Wire Reinf At Ea Brake Chamber	BRAKE LINES Color-coded nylon brake lines will be provided. The lines will be wrapped in a heat protective loom in the chassis areas that are subject to excessive heat. High pressure, wire braid reinforced air lines will be provided from the frame to each brake chamber. The brake lines will not be painted.	
0813346	Inlet/Outlet, Air, w/Disconnect Fitting, 1/4 Turn Valve, Location	AIR INLET/OUTLET Two (2) air inlets/outlets will be installed with the female coupling located on the driver side pump panel and on the passenger side pump panel. This system will tie into the "wet" tank of the brake system and include a check valve in the inlet line and an 85 psi pressure protection valve in the outlet line. The air outlet will be controlled by a 1/4 turn valve. A mating male fitting will be provided with the loose equipment. The air inlet will allow a shoreline air hose to be connected to the vehicle. This will allow station air to be supplied to the brake system of the vehicle to insure constant air pressure.	
0070810	All Wheel Lockup (Aerial/Tanker Chassis)	ALL WHEEL LOCK-UP An additional all wheel lock-up system will be installed which applies air to the front brakes only. The standard spring brake control valve system will be used for the rear.	
0000845	Air Tank, Additional for Extra Capacity	ADDITIONAL AIR TANK An additional air tank with 1454 cubic inch displacement will be provided to increase the capacity of the main air brake system. This tank will be plumbed into the rear half of the brake system. The air tank will be primed and painted to meet a minimum 750 hour spray test. To reduce the effects of corrosion, the air tank will be mounted with stainless steel brackets. The air tank(s) will be painted same as frame color. The output flow of the engine air compressor will vary with engine rpm. Full compressor output will only be achieved at governed engine speed. Engine speed will be limited by generators, pumps and other PTO driven options.	
0612549	Fittings, Compression Type, Entire Apparatus, Tandem Rear Axle	COMPRESSION FITTINGS Any nylon tube on the apparatus that is pneumatic will be plumbed with compression type fittings where applicable.	
0811976	Engine, Cummins X15, 565 hp, 1850 lb-ft, W/OBD, EPA 2027, Velocity, PUC-NG	ENGINE The chassis will be powered by an electronically controlled engine as described below: Make: Cummins® Model: X15 Power: 565 hp at 1700 rpm Torque: 1850 lb-ft at 1150 rpm Governed Speed: 2100 rpm Emissions Level: EPA 2027 Fuel: Diesel Cylinders: Six (6) Displacement: 912 cubic inches (14.9L) Starter: Delco 39MT+™ Fuel Filters: Frame mounted spin-on style filter from Cummins®. The engine will include On-board diagnostics (OBD), which provides self diagnostic and reporting. The system will give the owner or repair technician access to state of health information for various vehicle sub systems. The system will monitor vehicle systems, engine and after treatment. The system will illuminate a malfunction indicator light on the dash console if a problem is detected. The engine will be filled with FA-4 10W30 oil as required by Cummins.	
0000000	STF Engine Contingency Adjustment		
0730808	Filters, Remote Mounted, Oil, Fuel, X15, VEL/AXT/Enf	REMOTE MOUNTED ENGINE FILTERS The engine fuel and oil filters will be remote mounted for ease of maintenance.	

0001244	High Idle w/Electronic Engine, Custom	HIGH IDLE A high idle switch will be provided, inside the cab, on the instrument panel to maintain a preset engine rpm. A switch will be installed, at the cab instrument panel, to activate/deactivation. The high idle will be operational only when the parking brake is on and the truck transmission is in neutral. A green indicator light will be provided, adjacent to the switch. The light will illuminate when the above conditions are met. The light will be labeled "OK to Engage High Idle."	AGENDA ITEM NO. 28.
0687994	Engine Brake, Jacobs Compression Brake, Cummins Engine	ENGINE BRAKE A Jacobs® engine brake is to be installed with the controls located on the instrument panel within easy reach of the driver. The driver will be able to turn the engine brake system on/off and have a high, medium and low setting. The engine brake will activate when the system is on and the throttle is released. The high setting of the brake application will activate and work simultaneously with the variable geometry turbo (VGT) provided on the engine. The engine brake will be installed in such a manner that when the engine brake is slowing the vehicle the brake lights are activated. The ABS system will automatically disengage the auxiliary braking device, when required.	
0552334	Clutch, Fan, Air Actuated, Horton Drive Master	CLUTCH FAN A Horton® fan clutch will be provided. The fan clutch will be automatic when the pump transmission is in "Road" position, and fully engaged in "Pump" position.	
0657451	Heater, 1500 Watt Immersion, Thermostatically Controlled, Shoreline	ENGINE HEATER A 1,500 watt, 120 volt, immersion type engine heater will be installed. The AC power inlet will be connected to the shoreline. The heater is thermostatically controlled.	
0123135	Air Intake, w/Ember separator, Imp/Vel	ENGINE AIR INTAKE An air intake with an ember separator (to prevent road dirt, burning embers, and recirculating hot air from entering the engine) will be mounted at the front of the apparatus, on the passenger side of the engine. The ember separator will be mounted in the air intake with flame retardant, roto-molded polyethylene housing. It will be easily accessible by the hinged access panel at the front of the vehicle.	
0814375	Exhaust System, Horizontal, Right Side	EXHAUST SYSTEM The exhaust system will be stainless steel from the turbo to the engine's aftertreatment device. The exhaust system will include an aftertreatment device to meet current EPA standards. An insulation wrap will be provided on all exhaust pipe between the turbo and the aftertreatment device to minimize the transfer of heat to the cab. The exhaust will terminate horizontally ahead of the right side rear wheels and will be flush with the body rub rail. The exhaust pipes will be aluminized steel. There will be an aluminized steel exhaust diffuser with a standard straight tip on the end provided to reduce the temperature of the exhaust as it exits. Heat deflector shields will be provided to isolate chassis and body components from the heat of the tailpipe diffuser.	
0816172	Adapter, Exhaust, Plymovent Bladder, for 6" or 7" Diffuser Outlet	EXHAUST MODIFICATION An adapter for the Plymovent bladder exhaust extraction system will be provided on the end of the tail pipe.	
0787999	Radiator, Impel/Velocity	RADIATOR The radiator and the complete cooling system will meet or exceed the current edition of applicable NFPA and engine manufacturer cooling system standards. For maximum corrosion resistance and cooling performance, the entire radiator core will be constructed using long life aluminum alloy. The core will be made of aluminum fins, having a serpentine design, brazed to aluminum tubes. The tubes will be brazed to aluminum headers. The radiator core will have a minimum frontal area of 1434 square inches. Supply tank made of glass-reinforced nylon and a return tank of cast aluminum alloy will be crimped on to the core assembly using header tabs and a compression gasket to complete the radiator core assembly. The radiator will be compatible with commercial antifreeze solutions. There will be a full steel frame around the entire radiator core assembly. The radiator core assembly will be isolated within the steel frame by rubber inserts to enhance cooling system durability and reliability. The radiator will be mounted in such a manner as to prevent the development of leaks caused by twisting or straining when the apparatus operates over uneven ground. The radiator assembly will be isolated from the chassis frame rails with rubber isolators. The radiator assembly will include an integral de-aeration tank permanently mounted to the top of the radiator framework, with a readily accessible remote-mounted overflow tank. For visual coolant level inspection, the radiator will have a built-in sight glass. The radiator will be equipped with a 15 psi pressure relief cap. A drain port will be located at the lowest point of the cooling system and/or the bottom of the radiator to permit complete flushing of the coolant from the system. A heavy-duty fan will draw in fresh, cool air through the radiator. Shields or baffles will be provided to prevent recirculation of hot air to the inlet side of the radiator.	

0011425	Cooling Hoses, Rubber	COOLANT LINES Gates, or Goodyear, rubber hose will be used for all engine coolant lines. The hose will be made by a hose manufacturer. Hose clamps will be stainless steel "constant torque type" to prevent coolant leakage. They will react to temperature changes in the cooling system and expand or contract accordingly while maintaining a constant clamping pressure on the hose.	AGENDA ITEM NO. 28.
0001125	Fuel Tank, 65 Gallon, Left Side Fill	FUEL TANK A 65 gallon fuel tank will be provided and mounted at the rear of the chassis. The tank will be constructed of 12-gauge, hot rolled steel. It will be equipped with swash partitions and a vent. To eliminate the effects of corrosion, the fuel tank will be mounted with stainless steel straps. A 0.75" drain plug will be located in a low point of the tank for drainage. A fill inlet will be located on the left hand side of the body and is covered with a hinged, spring loaded, stainless steel door that is marked "Ultra Low Sulfur - Diesel Fuel Only." A 0.50" diameter vent will be installed from tank top to just below fuel fill inlet. The fuel tank will meet all FHWA 393.67 requirements including a fill capacity of 95 percent of tank volume.	
0001128	Lines, Fuel, Wire Braided, Reusable Fittings	All fuel lines will be of the wire braided type. Reusable fittings will be provided.	
0618791	DEF Tank, 4.5 Gallon, LS Fill, Forward of Axle, Common Air Bottle Door	DIESEL EXHAUST FLUID TANK A 4.5 gallon diesel exhaust fluid (DEF) tank will be provided and mounted in the left side body forward of the rear axle. A 0.50" drain plug will be provided in a low point of the tank for drainage. A fill inlet will be provided and marked "Diesel Exhaust Fluid Only". The fill inlet will be located below the air bottle storage behind a common door on the left side of the vehicle. The tank will meet the engine manufacturers requirement for 10 percent expansion space in the event of tank freezing. The tank will include an integrated heater unit that utilizes engine coolant to thaw the DEF in the event of freezing.	
0723716	Fuel Priming Pump, Electronic, Automatic, Cummins, No Swt Req'd	FUEL PRIMING PUMP A Cummins automatic electronic fuel priming pump will be integrated as part of the engine.	
0582243	Shutoff Valves, Fuel Line @ Primary Filter, Cummins	FUEL SHUTOFF A fuel line shutoff valve will be installed on both the inlet and outlet of the primary fuel filter.	
0553019	Cooler, Engine Fuel, Imp/Vel, SFR/Enf	FUEL COOLER An air to fuel cooler will be installed in the engine fuel return line.	
0578959	Fuel/Water Separator, Racor Inline	FUEL SEPARATOR The engine will be equipped with a Racor in-line spin-on fuel and water separator in addition to the engine fuel filters.	
0887546	Trans, Allison 6th Gen, 4000 EVS P, w/Prognostics, Imp/Vel/SFR/Enf	TRANSMISSION An Allison 6th generation, Model EVS 4000P, electronic, torque converting, automatic transmission will be provided. The transmission will be equipped with prognostics to monitor oil life, filter life, and transmission health. A wrench icon on the shift selector's digital display will indicate when service is due. Two (2) PTO openings will be located on left side and top of converter housing (positions 8 o'clock and 1 o'clock). A transmission temperature gauge with an amber light and buzzer will be installed on the cab instrument panel.	
0625331	Transmission, Shifter, 6-Spd, Push Button, 4000 EVS	TRANSMISSION SHIFTER A six (6)-speed push button shift module will be mounted to right of driver on console. Shift position indicator will be indirectly lit for after dark operation. The transmission ratio will be: 1st 3.51 to 1.00 2nd 1.91 to 1.00 3rd 1.43 to 1.00 4th 1.00 to 1.00 5th 0.75 to 1.00 6th 0.64 to 1.00 R 4.80 to 1.00	

0517604	Transmission Programming, Park to Neutral, PUC	TRANSMISSION PROGRAMMING The transmission will be programmed to automatically shift the transmission into Park when the parking brake is set to simplify operation and increase operational safety.	AGENDA ITEM NO. 28.
0684459	Transmission Oil Cooler, Modine, External	TRANSMISSION COOLER A Modine plate and fin transmission oil cooler will be provided using engine coolant to control the transmission oil temperature.	
0522824	Mode, Downshift, Aggressive downshift to 3rd, w/engine brake, 6 speed	DOWNSHIFT MODE (w/engine brake) The transmission will be provided with an aggressive downshift mode. This will provide earlier transmission downshifts to 3rd gear from 6th gear, resulting in improved engine braking performance.	
0801876	Fluid, 4000 Series Trans, Allison Approved TES-668 Synthetic, IPOS, Custom	TRANSMISSION FLUID The transmission will be provided with TranSynd, or other Allison approved TES-668 heavy duty synthetic transmission fluid.	
0001375	Driveline, Spicer 1810	DRIVELINE Drivelines will be a heavy-duty metal tube and be equipped with Spicer® 1810 universal joints. The shafts will be dynamically balanced before installation. A splined slip joint will be provided in each driveshaft where the driveline design requires it. The slip joint will be coated with Glidecoat® or equivalent.	
0669988	Steering, Sheppard M110 w/Tilt, TAK-4, Eaton Pump, w/Cooler	STEERING Dual Sheppard, Model M110, steering gears, with integral heavy-duty power steering, will be provided. For reduced system temperatures, the power steering will incorporate an air to oil cooler and an Eaton, Model VN20, hydraulic pump with integral pressure and flow control. All power steering lines will have wire braded lines with crimped fittings. A tilt and telescopic steering column will be provided to improve fit for a broader range of driver configurations.	
0001544	Not Required, Steering Assist Cylinder on Front Axle		
0509230	Steering Wheel, 4 Spoke without Controls	STEERING WHEEL The steering wheel will be 18.00" in diameter, have tilting and telescoping capabilities, and a 4-spoke design.	
0690274	Logo/Emblem, on Dash	LOGO AND CUSTOMER DESIGNATION ON DASH The dash panel will have an emblem containing the Pierce logo and customer name. The emblem will have three (3) rows of text for the customer's department name. There will be a maximum of eight (8) characters in the first row, 11 characters in the second row and 11 characters in the third row. The first row of text will be: CLOVIS The second row of text will be: FIRE The third row of text will be: DEPARTMENT	
0123623	Bumper, 13" Extended, Imp/Vel	BUMPER A one (1) piece, ten (10) gauge, 304-2B type polished stainless steel bumper, minimum of 10.00" high, will be attached to a bolted modular extension frame constructed of 50,000 psi tensile steel "C" channel mounted directly behind it to provide adequate support strength. The bumper will be extended 13.00" from front face of cab. Gravel Pan A gravel pan, constructed of bright aluminum treadplate, will be furnished between the bumper and cab face. The gravel pan will be properly supported from the underside to prevent flexing and vibration of the aluminum treadplate.	
0616511	Tray, Hose, Center, 13" Bumper, Outside Air Horns, Imp/Vel	CENTER HOSE TRAY A hose tray, constructed of aluminum, will be placed in the center of the bumper extension. The tray will have a capacity of 100' of 1.50" double jacket cotton-polyester hose. Black rubber grating will be provided at the bottom of the tray. Drain holes are also provided.	
0616872	Cover, Aluminum Treadplate, Drop Down Bumper	Center Tray Cover A bright aluminum treadplate cover will be provided over the center tray. The cover will be attached with a stainless steel hinge. The drop down bumper will secure the cover in the closed position and a pneumatic stay arm will hold the cover in the open position.	

0510226	Lift & Tow Package, Imp/Vel, AXT	LIFT AND TOW MOUNTS Mounted to the frame extension will be lift and tow mounts. The lift and tow mounts will be designed and positioned to adapt to certain tow truck lift systems. The lift and tow mounts with eyes will be painted the same color as the frame.	AGENDA ITEM NO. 28.
0522573	Tow Hooks Not Required, Due to Lift and Tow Package	TOW HOOKS No tow hooks are to be provided. This truck will be equipped with a lift and tow package with integral tow eyes.	
0652415	Bumper, Drop Down Hinged Section, Two (2) Paddle Latches	HINGED BUMPER The Center, Match Job 33607 section(s) of the bumper will be hinged at the bottom. Hinged section(s) will be secured with two (2) stainless steel paddle latches.	

CAB

The Velocity cab will be designed specifically for the fire service and will be manufactured by Pierce Manufacturing.

AGENDA ITEM NO. 28.

To provide quality at the source and single source customer support, the cab will be built by the apparatus manufacturer in a facility located on the manufacturer's premises.

For reasons of structural integrity and enhanced occupant protection, the cab will be of heavy duty design, constructed to the following minimal standards.

The cab will have 12 main vertical structural members located in the A-pillar (front cab corner posts), B-pillar (side center posts), C-pillar (rear corner posts) and rear wall areas. The A-pillar will be constructed of 0.25" heavy wall extrusions joined by a solid A356-T6 aluminum joint casting. The B-pillar and C-pillar will also be constructed from 0.25" heavy wall extrusions. The rear wall will be constructed of two (2) 4.00" x 2.00" outer aluminum extrusions and two (2) 3.00" x 2.00" inner aluminum extrusions. All main vertical structural members will run from the floor to 7.50" x 3.50" x 0.125" thick roof extrusions to provide a cage-like structure with the A-pillar and roof extrusions being welded into a 0.75" thick corner casting at each of the front corners of the roof assembly.

The front of the cab will be constructed of a 0.25" thick firewall, covered with a 0.125" front skin (for a total thickness of 0.38"), and reinforced with 24.50" wide x 10.00" deep x 0.50" thick supports on each side of the engine tunnel. The cross-cab support will be welded to the A-pillar, 0.25" firewall, and engine tunnel, on the left and right sides.

The cab floors will be constructed of 0.1875" thick aluminum plate and reinforced at the firewall with an additional 0.25" thick cross-floor support providing a total thickness of 0.44" of structural material at the front floor area. The front floor area will also be supported with three (3) 0.50" plates bolted together that also provides the mounting point for the cab lift. This tubing will run from the front of the cab to the 0.1875" thick engine tunnel, creating the structure to support the forces created when lifting the cab.

The cab will be a full-tilt style. A 3-point cab mount system with rubber isolators will improve ride quality by isolating chassis vibrations from the cab.

The crew cab will be a totally enclosed design with the interior area completely open to improve visibility and verbal communication between the occupants.

The centerline of front axle to the rear of the cab will be 70.00" long.

The forward cab section will have an overall height (from the cab roof to the ground) of approximately 102.00". The crew cab section will have a 10.00" raised roof, with an overall cab height of approximately 112.00". The raised portion will start at the most forward point of the B-pillar and continue rearward to the back of the cab. The overall height listed will be calculated based on a truck configuration with the lowest suspension weight ratings, the smallest diameter tires for the suspension, no water weight, no loose equipment weight, and no personnel weight. Larger tires, wheels, and suspension will increase the overall height listed.

The raised roof section of the crew cab will have a 58.00" wide x 10.00" high square notch in the center section of the roof. This will allow the aerial device to be bedded in the same location as a non-raised roof.

The cab will have an interior width of not less than 93.50". The driver and passenger seating positions will have a minimum 24.00" clear width at knee level.

To reduce injuries to occupants in the seated positions, proper head clearance will be provided.

The floor-to-ceiling height inside the forward cab will be no less than 60.25". The floor-to-ceiling height inside the crew cab will be no less than 52.95" in the center position and 68.75" in the outboard positions.

The crew cab will measure a minimum of 57.50" from the rear wall to the backside of the engine tunnel (knee level) for optimal occupant legroom.

CAB PUMP ENCLOSURE

The rear of the cab will be made to house the fire pump below the forward facing crew cab seats.

The cab side panels will be notched to accommodate the pump panel.

FENDER LINERS

Full-circular, aluminum inner fender liners in the wheel wells will be provided.

PANORAMIC WINDSHIELD

A one (1)-piece, safety glass windshield with more than 2,802 square inches of clear viewing area will be provided. The windshield will be full width and will provide the occupants with a panoramic view. The windshield will consist of three (3) layers: the outer light, the middle safety laminate, and the inner light. The 0.114" thick outer light layer will provide superior chip resistance. The middle safety laminate layer will prevent the windshield glass pieces from detaching in the event of breakage. The inner light will provide yet another chip resistant layer. The cab windshield will be bonded to the aluminum windshield frame using a urethane adhesive. A custom frit pattern will be applied on the outside perimeter of the windshield for a finished automotive appearance.

WINDSHIELD WIPERS

Three (3) electric windshield wipers with a washer, in conformance with FMVSS and SAE requirements, will be provided. The wiper blades will be 21.65" long and together will clear a minimum of 1,783 square inches of the windshield for maximum visibility in inclement weather. The windshield washer fluid reservoir will be located at the front of the vehicle and be accessible through the access hood for simple maintenance.

FAST SERVICE ACCESS FRONT TILT HOOD

A full-width access hood will be provided for convenient access to engine coolant, steering fluid, wiper fluid, cab lift controls, headlight power modules, and ember separator. The hood will also provide complete access to the windshield wiper motor and components. The hood will be contoured to provide a sleek, automotive appearance. The hood will be constructed of two (2) fiberglass panels bonded together and will include reinforcing ribs for structural integrity. The hood will include air cylinders to hold the hood in open and closed positions, and a heavy duty latch system that will meet FMVSS 113 (Hood Latch System). The spring-loaded hood latch will be located at the center of the hood with a double-action release lever located behind the Pierce logo. The two (2)-step release requires the lever first be pulled to the driver side until the hood releases from the first latch (primary latch) then to the passenger side to fully release the hood (secondary latch).

0894910		Engine Tunnel, Foil Insulation w/Mech Fasteners, Imp/Vel FR, w/T3 Rear Axle	ENGINE TUNNEL To provide structural strength, the engine tunnel sidewalls will be constructed of 0.25" plate that is welded to both the 0.25" firewall and 0.38" heavy wall extruded aluminum floor. To maximize occupant space, the top edges will be tapered. The engine hood will be insulated for protection from heat and sound. Perforated foil faced insulation will be over a 1.00" thick closed cell foam affixed with pressure sensitive adhesive and further secured with mechanical fasteners. Thermal rating for this insulation will be -40 degrees Fahrenheit to 300 degrees Fahrenheit. The noise insulation keeps the dBA level within the limits stated in the current edition of applicable NFPA standards.	AGENDA ITEM NO. 28.
0818272		Cab Insulation, Extreme Climate, Foil Insulation, Impel/Velosity	INSULATION PACKAGE All insulation utilized in the cab construction will be provided for extreme climate temperatures. The insulation will be provided in the following areas: Engine tunnel Cab and crew cab floors Cab and crew cab step wells Cab and crew cab doors Cab roof Cab and crew cab walls	
0677478		Rear Wall, Exterior, Cab, Aluminum Treadplate	CAB REAR WALL EXTERIOR COVERING The exterior surface of the rear wall of the cab will be overlaid with bright aluminum treadplate except for areas that are not typically visible when the cab is lowered.	
0122466		Cab Lift, Elec/Hyd, w/Manual Override, Imp/Vel	CAB LIFT A hydraulic cab lift system will be provided, consisting of an electric-powered hydraulic pump, fluid reservoir, dual lift cylinders, remote cab lift controls and all necessary hoses and valves. The hydraulic pump will have a backup manual override, for use in the event of an electrical failure. The cab lift controls will be located at the driver side front of the cab, easily accessible under the full width front access hood. The controls will include a permanently mounted raise/lower switch. For enhanced visibility during cab tilt operations, a remote control tether with on/off switch will be supplied on a coiled cord that will extend from 2.00' (coiled) to 6.00' (extended). The cab will be capable of tilting 42 degrees and 80 degrees with crane assist to accommodate engine maintenance and removal. The cab pivots will be located 46.00" apart to provide stability while tilting the cab. The rear of the cab will be locked down by a two (2)-point, automatic, hydraulic, double hook mechanism that fully engages after the cab has been lowered (self-locking). The dual 2.25" diameter hydraulic cylinders will be equipped with a velocity fuse that protects the cab from accidentally descending when the cab is in the tilt position. For increased safety, a redundant mechanical stay arm will be provided that must be manually put in place on the driver side between the chassis and cab frame when cab is in the raised position. This device will be manually stowed to its original position before the cab can be lowered. Cab Lift Interlock The cab lift safety system will be interlocked to the parking brake. The cab tilt mechanism will be active only when the parking brake is set and the ignition switch is in the on position. If the parking brake is released, the cab tilt mechanism will be disabled.	
0123176		Grille, Bright Finished, Front of Cab, Velocity	GRILLE A bright finished aluminum mesh grille screen, inserted behind a formed bright finished grille surround, will be provided on the front center of the cab, and will serve as an air intake to the radiator.	
0895029	SP	Scuffplate, Rear of Engine Tunnel, Footrest, IPOS	SCUFFPLATE A bright aluminum treadplate scuffplate will be provided on the lower surface where the floor meets the engine tunnel. The scuffplate will extend 6.00" flat from the engine tunnel wireway with a 45 degree angle to the cab floor to act as a foot rest. The scuffplate will be caulked and edges sealed over the crew cab floor.	
0796053	SP	Scuffplates, S/S At Cab Door Jambs, 4-Door Cab, 2.00"	DOOR JAMB SCUFFPLATES All cab door jambs will be furnished with a 2.00" polished stainless steel scuffplate, mounted on the striker side of the jamb.	
0527032		Trim, S/S Band, Across Cab Face, Rect Lights, Velocity	FRONT CAB TRIM A band of 22 gauge polished stainless steel trim will be installed across the front of the cab, from door hinge to door hinge. The trim band will be centered on the head lights and applied with two (2)-sided tape. A 0.625" self adhesive trim strip will be applied around the perimeter of the trim band. There will be polished stainless steel corner covers provided over the painted cab corner where the cab turn signals are located.	
0015440		No Chrome Molding, On side of cab		

0012188	Mirrors, Velvac, 2025, Heated/Remote, w/Heated Convex	MIRRORS Velvac®, Model 2025, low mount chrome mirrors will be mounted, one doors. The mirror will include a replaceable 62 square inch flat glass a glass. Overall mirror dimensions will be 8.50" wide x 13.75" high. Mirror heads will have a highly polished chrome finish. Both flat mirror heads will be adjustable by an electric remote control switch inside the cab within easy reach of the driver. Convex mirror heads will be adjusted manually. The mirror heads will also be heated with the control within easy reach of the driver. The Velvac two (2)-year warranty on material and workmanship and two (2)-year warranty on chrome finish will be provided.	AGENDA ITEM NO. 28.
0667921	Door, Half-Height, Velocity FR 4-Door Cab, Raised Roof	CAB DOORS The forward cab and crew cab doors will be the half-height style door. To enhance entry and egress to the cab, the forward cab doors will be a minimum of 43.59" wide x 64.71" high. The crew cab doors will measure a minimum of 37.87" wide x 73.75" high. The forward cab and crew cab doors will be constructed of extruded aluminum with a nominal material thickness of 0.125". The exterior door skins will be constructed from 0.090" aluminum. The forward cab door windows will include a 7.50" high x 10.00" wide drop area at the front to enhance visibility. A customized, vertical, pull-down type door handle will be provided on the exterior of each cab door. The finish of the door handle will be chrome/black. The exterior handle will be designed specifically for the fire service to prevent accidental activation, and will provide 4.00" wide x 2.00" deep hand clearance for ease of use with heavy gloved hands. Each door will also be provided with an interior flush, open style paddle handle that will be readily operable from fore and aft positions, and be designed to prevent accidental activation. The interior handles will provide 4.00" wide x 1.25" deep hand clearance for ease of use with heavy gloved hands. The cab doors will be provided with both interior (rotary knob) and exterior (keyed) locks exceeding FMVSS standards. The keys will be Model 751. The locks will be capable of activating when the doors are open or closed. The doors will remain locked if locks are activated when the doors are opened, then closed. A full length, heavy duty, stainless steel, piano-type hinge with a 0.38" pin and 11 gauge leaf will be provided on all cab doors. There will be double automotive-type rubber seals around the perimeter of the door framing and door edges to ensure a weather-tight fit. A chrome grab handle will be provided on the inside of each cab and crew cab door. A red webbed grab handle will be installed on the crew cab door stop strap. The grab handles will be securely mounted. The cab steps at each cab door location will be located below the cab doors and will be exposed to the exterior of the cab.	
0655511	Door Panel, Brushed Stainless Steel, Impel/Velocity 4-Door Cab	Door Panels The inner cab door panels will be constructed out of brushed stainless steel. The cab door panels will be removable.	
0667905	Storage Pockets w/ Elastic Cover, Recessed, Overhead, Impel/Velocity FR	RECESSED POCKET WITH ELASTIC COVER To provide organized storage (clutter control) in the cab for miscellaneous equipment, the cab interior will be provided with recessed storage pockets. The pockets will be 5.63" wide x 2.00" high x 4.00" deep. The pockets will be provided with a perforated elastic material cover to secure the equipment in the pocket. The pockets will be installed in all available mounting locations of the overhead console.	
0667902	Controls, Electric Windows, All Cab Doors, Impel/Velocity FR	ELECTRIC WINDOW CONTROLS Each cab entry door will be equipped with an electrically operated tempered glass window. A window control panel will be located on the door panel within easy reach of the respective occupant. Each switch will allow intermittent or auto down operation for ease of use. Auto down operation will be actuated by holding the window down switch for approximately 1 second. The driver control panel will contain a control switch for each cab door's window. All other door control panels will contain a single switch to operate the window within that door. The window switches will be connected directly to the battery power. This allows the windows to be raised and lowered when the battery switch is in the off position.	
0662776	Electric Door Locks, Cab Doors, Conceal Switch Feature, Imp/Vel	ELECTRIC CAB DOOR LOCKS The front driver and passenger doors will have a door lock master switch (custom designed rotary lock knob) built into the interior door latch that will control all front and rear side exit door locks. Each rear cab door will have its own lock control. Each door will have a keyed exterior lock mechanism built into the door handle assembly. There will be one (1) concealed switch located Under the front hood next to the cab lift remote. The lock system will include two (2) key FOBs that allow for keyless entry into the vehicle. The key FOB system will use code hopping technology for high security and be FCC part 15 compliant.	

0512420	Key Pad, Electric Door locks, DS & PS, Imp/Vel	KEY PAD FOR ELECTRIC DOOR LOCKS For improved convenience, the cab door locks will include a Trimark keypad to provide complete keyless entry to the cab. There will be two (2) keypads, one on each side of the cab behind the front cab doors. The keypads will include visual and audio feedback to confirm activation and acknowledge correct entry code. For enhanced night time use, the keypads will be lighted. For increased security, the system will allow over 3000 possible code combinations.
		AGENDA ITEM NO. 28.
0799676	Steps, 4-Door Cab, Automatic, Air, Imp/Vel	STEPS, POWER The cab entrance steps will automatically deploy when the door is opened and will stow when the door is closed. Step motion will be operated by a switch on the cab doorframe that activates both the up and down operation of the steps. Steps will be of a robust aluminum design capable of supporting a 500 lb load when deployed, with minimal deflection. Step surfaces will be covered with aggressive slip resistant material that complies with current edition of applicable NFPA standards. When deployed, each step will provide vertical step spacing of approximately 14.00". Steps will be illuminated for safe entry and egress. Each step will be capable of being manually deployed or stowed in the event of a power failure. The air system will be integrated into the chassis air system. A redundant 12 volt compressor will be provided as a backup air source if needed. The vertical surface of the stowed power step mechanism will be covered with aluminum trim panels painted job color.
0770194	Handrail, Exterior, Knurled, Alum, 4-Door Cab	CAB EXTERIOR HANDRAILS A 1.25" diameter slip-resistant, knurled aluminum handrail will be provided adjacent to each cab and crew cab door opening to assist during cab ingress and egress.
0809508	Lights, Cab & Crw Cab Acs Stps, P25, LED, 4Lts, 4-Door Cab, Auto Steps	STEP LIGHTS There will be four (4) white P25 LED step lights provided. There will be one (1) light installed at each cab and access crew cab door. In order to ensure exceptional illumination, each light will provide a minimum of 25 foot-candles (fc) covering an entire 15" x 15" square placed ten (10) inches below the light and a minimum of 1.5 fc covering an entire 30" x 30" square at the same ten (10) inch distance below the light. The lights will be activated when the adjacent door is opened.
0002140	Fenders, S/S on Cab	FENDER CROWNS Stainless steel fender crowns will be installed at the cab wheel openings.
0592071	No Windows, Side of Crew Cab, Vel/Imp	
0568605	Not Required, Interior Trim, No Cab Side Windows	
0012090	Not Required, Windows, Front/Side of raised roof	
0509286	Not Required, Windows Rear of Crew Cab, Imp/Vel	
0558334	Not Required, Trim, Cab Rear Windows, No Rear Windows	
0786279	Window Tint, Crew Cab Door, Right Side, Privacy Dark Gray	RIGHT SIDE ROLLUP CREW CAB DOOR WINDOW TINT The rollup window in the right side crew cab door will be tinted privacy dark gray.
0786286	Window Tint, Upper Crew Cab Door, Right Side, Privacy Dark Gray	RIGHT SIDE UPPER CREW CAB DOOR WINDOW TINT The upper window in the right side crew cab door will be tinted privacy dark gray.
0786290	Window Tint, Crew Cab Door, Left Side, Privacy Dark Gray	LEFT SIDE ROLLUP CREW CAB DOOR WINDOW TINT The rollup window in the left side crew cab door will be tinted privacy dark gray.
0786294	Window Tint, Upper Crew Cab Door, Left Side, Privacy Dark Gray	LEFT SIDE UPPER CREW CAB DOOR WINDOW TINT The upper window in the left side crew cab door will be tinted privacy dark gray.

0509902	Roof, Aluminum Treadplate, Imp/Vel, Aerial	CAB ROOF COVERING Horizontal cab roof surfaces, on each side of the aerial device, will be aluminum treadplate. The aluminum treadplate will be bonded to the cab and caulked to prevent water from leaking under the aluminum. No front or side warning lights, or any other auxiliary options, will be mounted on top of the treadplate. The treadplate will extend and terminate next to all objects mounted on the roof.
		AGENDA ITEM NO. 28.
0123686	Drip Rail, Cab Roof, Impel/Velosity/Velosity SLT	CAB ROOF DRIP RAIL For enhanced protection from inclement weather, a drip rail will be furnished on the sides of the cab. The drip rail will be constructed of bright polished extruded aluminum, and be bonded to the sides of the cab. The drip rail will extend the full length of the cab roof.
0898549	Cab Air Filtration, TFT CrewProtect 100, 12v DC, Loc, CARE	CAB AIR FILTRATION The vehicle will be equipped with a CrewProtect™ air filtration system to provide purification of the interior air of the cab and crew cab. The multi-stage filtration system will remove particulates, volatile organic compounds, aerosol carrying viruses and bacteria from the air. System Construction The housing will be constructed of powder coated stainless steel and will be 12.00" wide x 4.50" high x 20.00" long. The angled surface will be provided with an additional 2.00" of clearance for air flow. The unit will be mounted on top of the rear facing left side cabinet. There will be one (1) filter installed in the unit. The expected filter life will be no less than 1,800 active hours of usage (6 months). There will be one (1) additional filter for replacement year one shipped loose with the unit. The filter will be designed to neutralize harmful chemical contaminants and is safe to discard as normal trash with no special handling requirements. System Operating Conditions CrewProtect will automatically run when the truck is operating. And will not be required to turn on or off or adjust the flow rate. The fan will operate at 100 CFMs and only 60.2 decibels. Electrical Wiring/Function The system will be ignition powered from the 12 VDC vehicle power supply. The system will draw a maximum of 2 amps and have a 5-amp integrated fuse in the wire harness.
0750682	SP Work Surface, 3/16" Alum, Full Eng Tnl, Flat, Lower Rear, Vel/Imp FR	WORK SURFACE There will be a work surface provided on the engine tunnel. The work surface will be cover the entire engine tunnel and will be constructed of .19" aluminum to allow the mounting of equipment. The work surface will be approximately 37.00" wide x 48.00" long, with a cutout for the driver side instrument panel. The work surface will start to the rear of the center instrument panel and continue horizontally to the flat portion at the rear of the engine tunnel. The work surface will drop to the lower flat portion of the engine tunnel and finish at the end of the engine tunnel. The work surface will be painted to match the cab interior.
0657934	Tray, Equipment Mounting, Aluminum, Lip	EQUIPMENT MOUNTING TRAY(S) There will be one (1) tray(s) for mounting of equipment located Mounted on top of radio equipment tray located on the horizontal surface of the rear engine tunnel, just above fluid check access door. Match Job 38442. Each tray will have a 3.00" lip on all sides. Each tray will be fabricated from aluminum and will be painted to match the cab interior. Tray not intended for storage of loose equipment. Items stored on tray will be permanently attached to meet current edition of applicable NFPA standards.

0748673	Cab Interior, Vinyl, Scuffplate Rear Wall, Velocity FR, CARE	CAB INTERIOR With safety as the primary objective, the wrap-around style cab instrument panel will be constructed with unobstructed visibility to instrumentation. The dash layout will provide reference to gauges that allows more time to focus on the road. The center console will be a high impact ABS polymer and will be easily removable. The passenger side dashboard will be constructed of painted aluminum for durability and low maintenance. For enhanced versatility, the passenger side dash will include a flat working surface. To provide optional (service friendly) control panels, switches and storage modules, a painted aluminum overhead console will also be provided. To complete the cab front interior design, painted aluminum modesty panels will be provided under the dash on both sides of the cab. The driver side modesty panel will provide mounting for the battery switch and diagnostic connectors, while the passenger side modesty panel provides a glove box, and ground access to the main electrical distribution panel via quick quarter turn fasteners. To provide a deluxe automotive interior, the engine tunnel and side walls will be covered by a leather grain vinyl that is resistant to oil, grease, and mildew. The rear wall will be covered with a full width, full height aluminum treadplate scuffplate. The headliner will be installed in both forward and rear cab sections. The headliner panel will be a composition of an aluminum panel covered with a sound barrier and upholstery. The cab structure will include designated raceways for electrical harness routing from the front of the cab to the rear upper portion of the cab. Raceways will be extruded in the forward door frame, floor, walls and overhead in the area where the walls meet the ceiling. The raceways located in the floor will be covered by aluminum extrusion, while the vertical and overhead raceways will be covered by painted aluminum covers. The raceways will improve harness integrity by providing a continuous harness path that eliminates wire chafing and abrasion associated with exposed wiring or routing through drilled metal holes. Harnesses will be laid in place. CAB INTERIOR UPHOLSTERY The cab interior upholstery will be 36 oz dark silver gray vinyl. All cab interior materials will meet FMVSS 302 (flammability of interior materials).	AGENDA ITEM NO. 28.
0667943	Cab Interior, Paint Color, Impel/Velocit FR	CAB INTERIOR PAINT The following metal surfaces will be painted black, vinyl textured paint: - Modesty panel in front of driver - Vertical surface of dash in front of the officer (not applicable for recessed dash) - Glove box in front of the officer (if applicable) - Power distribution in front of the officer - Rear heater vent panels The remaining cab interior metal surfaces will be painted fire smoke gray, vinyl texture paint.	
0698741	Floor, Alum Cab & Crew Cab - 2010 AXT/Imp/Vel, Wrap Vertical Surfaces, CARE	CAB FLOOR The cab and crew cab flooring will be constructed with bright aluminum treadplate. The vertical surfaces at the top of the step wells and the vertical area where the center floor rises will be covered with aluminum treadplate. The center floor and crew cab flat floor will wrap down the vertical surface with a one (1) piece design floor covering. The front cab floor will stop short of the wire raceway. The side of the raceway will be made of treadplate, down the vertical surface for a one (1) piece design cover. The driver and passenger sides of the crew cab floor will wrap down the vertical surface at the top of the step wells as one (1) piece.	

0741239		HVAC, Heavy-Duty, Impel/Velocity FR, CARE	DEFROST/AIR CONDITIONING SYSTEM A ceiling mounted combination heater, defroster and air conditioning system will be installed in the cab above the engine tunnel area. Cab Defroster A 54,000 BTU heater-defroster unit with 690 SCFM of air flow will be provided inside the cab. The heater-defrost will be installed in the forward portion of the cab ceiling. Air outlets will be strategically located in the cab header extrusion per the following: One (1) adjustable will be directed towards the left side cab window One (1) adjustable will be directed towards the right side cab window Six (6) fixed outlets will be directed at the windshield The defroster will be capable of clearing 98 percent of the windshield and side glass when tested under conditions where the cab has been cold soaked at 0 degrees Fahrenheit for 10 hours, and a 2 ounce per square inch layer of frost/ice has been able to build up on the exterior windshield. The defroster system will meet or exceed SAE J382 requirements. Cab/Crew Auxiliary Heater There will be one (1) 31,000 BTU auxiliary heater with 560 SCFM of air flow provided in each outboard rear facing seat riser with a dual scroll blower. An aluminum plenum incorporated into the cab structure to be used to transfer heat to the forward positions. Air Conditioning A 19.10 cubic inch compressor will be installed on the engine. A roof-mounted condenser with a 78,000 BTU output at 2,400 SCFM that meets and exceeds the performance specification will be installed on the cab roof. The condenser cover to be painted to match the cab roof. The air conditioning system will be capable of cooling the average cab temperature from 100 degrees Fahrenheit to 75 degrees Fahrenheit at 50 percent relative humidity within 30 minutes. The cooling performance test will be run only after the cab has been heat soaked at 100 degrees Fahrenheit for a minimum of 4 hours. The evaporator unit will be installed in the rear portion of the cab ceiling over the engine tunnel. The evaporator will include one (1) high performance heating core, one (1) high performance cooling core with (1) plenum directed to the front and one (1) plenum directed to the rear of the cab. The evaporator unit will have a 52,000 BTU at 690 SCFM rating that meets and exceeds the performance specifications. Adjustable air outlets will be strategically located on the forward plenum cover per the following: Four (4) will be directed towards the seating position on the left side of the cab Four (4) will be directed towards the seating position on the right side of the cab Adjustable air outlets will be strategically located on the evaporator cover per the following: Five (5) will be directed towards crew cab area A high efficiency particulate air (HEPA) filter will be included for the system. Access to the filter cover will be secured with four (4) screws. The air conditioner refrigerant will be R-134A and will be installed by a certified technician. Climate Control An automotive style controller will be provided to control the heat and air conditioning system within the cab. The controller will have three (3) functional knobs for fan speed, temperature, and air flow distribution (front to rear) control. The system will control the temperature of the cab and crew cab automatically by pushing the center of the fan speed control knob. Rotate the center temperature control knob to set the cab and crew cab temperature. The AC system will be manually activated by pushing the center of the temperature control knob. Pushing the center of the air flow distribution knob will engage the AC for max defrost, setting the fan speeds to 100 percent and directing all air flow to the overhead forward position. Gravity Drain Tubes Two (2) condensate drain tubes will be provided for the air conditioning evaporator. The drip pan will have two (2) drain tubes plumbed separately to allow for the condensate to exit the drip pan. No pumps will be provided. The drain tubes will terminate under the cab, on the inboard side of the front wheelwells.	AGENDA ITEM NO. 28.
0833794	SP	MODIFICATION, Aux. AC System Battery Direct IPO Battery Switched	MODIFICATION The auxiliary air conditioning system will be wired battery direct in place of battery switched. The auxiliary air conditioner will operate with the shoreline plugged in and the battery switch off.	
0769562	SP	Air Conditioning, Coleman-Mach 8, Roughneck, 120V, 15K Cool, Ntch Cab Roof, White	120 VOLT AIR CONDITIONING There will be one (1) white, Coleman®-Mach® 8, Roughneck™, 120 volt, low profile air conditioning unit installed on the crew cab roof. The air conditioner will have cooling capacity of 15,000 BTU and include a condensate pump and hose to prevent accumulation of condensate on the roof. A wall mounted digital thermostat will control the air conditioning unit. The thermostat will be wired battery direct to operate when the battery switch is off. This unit will be powered from the shoreline inlet. INTERIOR CAB INSULATION The walls and roof will be insulated to aid in cooling.	
0639675		Sun Visor, Smoked Lexan, AXT, Imp/Vel, SFR/Enf	SUN VISORS Two (2) smoked Lexan™ sun visors will be provided. The sun visors will be located above the windshield with one (1) mounted on each side of the cab. There will be a black plastic thumb latch provided to help secure each sun visor in the stowed position.	

0548173	Grab Handles, Driver and Passenger Door Post, Imp/Vel	GRAB HANDLE A black rubber covered grab handle will be mounted on the door post of the passenger side cab door to assist in entering the cab. The grab handle will be mounted to the post area between the door and windshield.	AGENDA ITEM NO. 28.
0693439	Lights, Engine Compt, Custom, Auto Sw, w/Fld Chk Dr Wln 3SC0CDCR, 3" LED Trim	ENGINE COMPARTMENT LIGHTS There will be two (2) Whelen®, Model 3SC0CDCR, 12 volt DC, 3.00" white LED light(s) with Model 3FLANGE, chrome flange kit(s) installed under the cab to be used as engine compartment illumination. These light(s) will be activated automatically when the cab is raised or when the dip stick door is opened.	
0122516	Fluid Check Access, Imp/Vel	ACCESS TO ENGINE DIPSTICKS For access to the engine oil and transmission fluid dipsticks, there will be a door on the engine tunnel, inside the crew cab. The door will be on the rear wall of the engine tunnel, on the vertical surface. The door will be flush with the wall of the engine tunnel. The engine oil dipstick will allow for checking only. The transmission dipstick will allow for both checking and filling. An additional port will be provided for filling the engine oil. The door will have a rubber seal for thermal and acoustic insulation. One (1) flush lift and turn latch will be provided on the access door.	
0002508	Map Box, 3 Bin/30 deg Slant, Custom Chassis	MAP BOX There will be one (1) map box(es) with three (3) bins, open at top. The map box(es) will be installed at final inspection. The map box(es) will be divided into three (3) bins, each being 12.50" wide x 3.00" high x 12.00" deep. Each bin will slant 30 degrees from horizontal. The map box(es) will be constructed of 0.125" aluminum and will be painted to match the cab interior.	
0895291	SP Map Pocket, Painted Alum, 13 W x 12 H x 3 D, Ea, No Cutout, Open Top and Bottom	MAP POCKET There will be one (1) map pocket(s) provided. The map pocket(s) will be installed To Be Mounted At Pick-up. The pocket will have dimensions of 13.00" wide x 12.00" high x 3.00" deep constructed of aluminum and painted to match the inside of the cab. The pocket will be open at the top and bottom. Mounting flanges will be provided on the left and right side only. There will be no cutout provided on the top of the pocket.	
0583040	Frontal Impact Protection	FRONTAL IMPACT PROTECTION The cab will be provided with a frontal impact protection system and will include the following: A supplemental restraint system (SRS) sensor will be installed on a structural cab member behind the instrument panel. The SRS sensor will perform real time diagnostics of all critical subsystems and will record sensory inputs immediately before and during a frontal impact event. A fault-indicating light will be provided on the vehicle's instrument panel allowing the driver to monitor the operational status of the SRS system. A driver side front air bag will be mounted in the steering wheel and will be designed to protect the head and upper torso of the occupant, when used in combination with the three (3)-point seat belt. A passenger side knee bolster air bag will be mounted in the modesty panel below the dash panel and will be designed to protect the legs of the occupant, when used in combination with the three (3)-point seat belt. Driver and front passenger suspension seats will be provided with devices to retract them to the lowest travel position during a frontal impact event. Driver and front passenger seat belts will be provided with pre-tensioners to remove slack from the seat belt during frontal impact event. The SRS system will provide protection during a frontal or oblique impact event. The system will activate when the vehicle decelerates at a predetermined G force known to cause injury to the occupants. The cab and chassis will have been subjected, via third party test facility, to a crash impact during frontal and oblique impact testing. Testing included all major chassis and cab components such as mounting straps for fuel and air tanks, suspension mounts, front suspension components, rear suspensions components, frame rail cross members, engine and transmission and their mounts, pump house and mounts, frame extensions and body mounts. The testing provided configuration specific information used to optimize the timing for firing the safety restraint system. The sensor will activate the pyrotechnic devices when the correct crash algorithm, wave form, is detected. The SRS system will deploy the following components in the event of a frontal or oblique impact event: Driver side front air bag. Passenger side knee bolster air bag. Driver and front passenger suspension seats will be retracted to the lowest travel position. Driver and front passenger seat belts will be pre-tensioned to firmly hold the occupant in place.	
0622618	Seating Capacity, 5 Belted Seats	SEATING CAPACITY The seating capacity of the vehicle (including tiller cab and belted seat positions in the rescue body) will be five (5).	

0697006	Seat, Driver, Pierce PS6, Premium, Air Ride, High Back, Frontal Impact, PRIMARY	DRIVER SEAT A Pierce PS6® seat will be provided in the cab for the driver. The seat will be a cam action type, with air suspension. For increased convenience, the seat will include a manual control to adjust the rake (15 degrees), height (1.75" travel) and horizontal (7.00" travel) position. To provide flexibility for multiple driver configurations, the seat will have a reclining back, adjustable from 20 degrees back to 45 degrees forward. Providing for maximum comfort, the seat back will be a high back style with manual lumbar adjustment lever, for lower back support, and will include minimum 7.50" deep side bolster pads for maximum support. The lumbar adjustment lever will be easily located at the lower outboard position of the seat cushion. For optimal comfort, the seat will be provided with 17.00" deep dual density foam cushions designed with EVC (elastomeric vibration control). The seat will include the following features incorporated into the frontal impact protection system: A suspension seat safety system will be included. When activated in the event of a frontal impact, this system will pretension the seat belt and retract the seat to its lowest travel position. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	AGENDA ITEM NO. 28.
0696993	Seat, Officer, Pierce PS6, Premium, Air Ride, High Back, Frontal Impact, PRIMARY	OFFICER SEAT A Pierce PS6® seat will be provided in the cab for the passenger. The seat will be a cam action type with air suspension. For increased convenience, the seat will include a manual control to adjust the horizontal position (6.00" travel). The manual horizontal control will be a towel-bar style located below the forward part of the seat cushion. To provide flexibility for multiple passenger configurations, the seat will have a reclining back adjustable from 20 degrees back to 0 degrees forward. The seat back will be a high back style with manual lumbar adjustment lever and will include minimum 7.50" deep side bolster pads for maximum support. For optimal comfort, the seat will be provided with 17.00" deep dual density foam cushions designed with EVC (elastomeric vibration control). To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle that will activate an alarm indicating a seat is occupied but not buckled. The seat will include the following feature incorporated into the frontal impact protection system: A suspension seat safety system will be included. When activated, this system will pretension the seat belt and retract the seat to its lowest travel position. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0002517	Not Required, Radio Compartment		
0805711	SP Cabinet, Rear Facing, LS, 24 W x 32 H x 30.5 D, Radius, Ext Acc, Imp/Vel	REAR FACING LEFT SIDE CABINET A rear facing cabinet will be provided in the crew cab at the left side outboard position with interior and exterior access. The cabinet will be 24.00" wide x 32.00" high x 30.50" deep with one (1) Amdor rollup door with anodized finish, non-locking, radius track style. That is, it will travel over the top and down the back of the cabinet. Front top corners of the cabinet will be radiused. This will allow access through the front and top section of the cabinet. A shield will be installed to keep items in this cabinet from falling into the door tracking area and jamming the door. The frame to frame opening will be 19.25" wide x 31.75" high. The minimum clear door opening will be 16.50" wide x 29.25" high. The cabinet will include one (1) infinitely adjustable shelf with a 0.75" flanged down lip painted to match the cab interior. The cabinet will include no louvers. The cabinet will also provide exterior access with one (1) double pan door painted to match the cab exterior with a locking D-ring latch with #751 key. A pneumatic stay arm will be provided as a door stop. The clear door opening will 19.75" wide x 28.00" high. The exterior access will be provided with a polished stainless steel scuffplate on the lower door frame. The cabinet will be constructed of smooth aluminum and painted to match the cab interior. Cabinet Light There will be one (1) white Amdor LED strip light installed on the left side of the exterior cabinet door opening. The lights will be controlled by an automatic door switch.	
0102783	Not Required, Seat, Rr Facing C/C, Center		

0833781	SP	Cabinet, Rear Facing, RS, 21.5 W x 32 H x 30.5 D, Radius, Ext Acc, Imp/Vel	REAR FACING RIGHT SIDE CABINET A rear facing cabinet will be provided in the crew cab at the right side of the cab. The cabinet will be 21.50" wide x 32.00" high x 30.50" deep with one (1) anodized finish, non-locking, radius track style. That is, it will travel over the top and down the back of the compartment. Front top corners of the compartment will be radiused. This will allow access through the front and top section of the compartment. A shield will be installed to keep items in this cabinet from falling into the door tracking area and jamming the door. The frame to frame opening will be 16.75" wide x 31.75" high. The minimum clear door opening of the cabinet will be 14.00" wide x 29.25" high. The cabinet will include one (1) infinitely adjustable shelf with a 0.75" flanged down lippainted to match the cab interior. The cabinet will include no louvers. The cabinet will also provide access from outside the cab with one (1) double pan door painted to match the cab exterior with a locking, black finish D-ring latch with #751 key. A pneumatic stay arm will be provided as a door stop. The exterior clear door opening will be 19.75" wide x 29.75" high. The door will be located on the side of the cab over the wheelwell. The exterior access will be provided with a polished stainless steel scuffplate on the lower door frame. The cabinet will be constructed of smooth aluminum and painted to match the cab interior. Cabinet Light There will be one (1) white Amdor LED strip light installed on the right side of the exterior cabinet door opening. The lighting will be controlled by an automatic door switch.	AGENDA ITEM NO. 28.
0199330		Seat, Fwd Fcng C/C, LS Otrbd, Pierce PS6, Base, SCBA, Foldup, SECONDARY	FORWARD FACING DRIVER SIDE OUTBOARD SEAT There will be one (1) forward facing, Pierce PS6® foldup seat provided at the driver side outboard position in the crew cab. To provide improved ride comfort, and maximize accessibility to the crew cab, the seat will be a minimum of 15.00" from the front of the cushion to the face of the seat back and the seat back will be provided with 0 degree fixed recline angle. To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle, that will activate an alarm indicating a seat is occupied but not buckled. The seat back will be an SCBA back style. The SCBA cavity will be adjustable from front to rear in 1.00" increments, to accommodate different sized SCBA cylinders. Moving the SCBA cavity will be accomplished by unbolting, relocating, and re-bolting it in the desired location. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0123166		Seat, Fwd Fcng C/C, Ctr, (1) Pierce PS6, Premium, Hi-Back, SECONDARY	FORWARD FACING CENTER SEAT There will be one (1) forward facing, Pierce PS6® seat provided at the center position in the crew cab. The seat back will be a high back style with 7.5 degree fixed recline angle, and will include minimum 7.50" deep side bolster pads for maximum support. For optimal comfort, the seat will be provided with 17.00" deep dual density foam cushions designed with EVC (elastomeric vibration control). To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle that will activate an alarm indicating a seat is occupied but not buckled. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0199329		Seat, Fwd Fcng C/C, RS Otrbd, Pierce PS6, Base, SCBA, Foldup, SECONDARY	FORWARD FACING PASSENGER SIDE OUTBOARD SEAT There will be one (1) forward facing, foldup, Pierce PS6® seat provided at the passenger side outboard position in the crew cab. To provide improved ride comfort, and maximize accessibility to the crew cab, the seat will be a minimum of 15.00" from the front of the cushion to the face of the seat back and the seat back will be provided with 0 degree fixed recline angle. To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle, that will activate an alarm indicating a seat is occupied but not buckled. The seat back will be an SCBA back style. The SCBA cavity will be adjustable from front to rear in 1.00" increments, to accommodate different sized SCBA cylinders. Moving the SCBA cavity will be accomplished by unbolting, relocating, and re-bolting it in the desired location. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0895321	SP	Cabinet, Rr Fcng, Top Eng Tnl, 41 W x 4 H x 17 D, Open Top, Flng, Sp Mtg, Imp/Vel FR	CABINET ON TOP OF ENGINE TUNNEL A cabinet will be provided on the top rear of the engine tunnel. The cabinet will be located on the top rear horizontal surface of the engine tunnel. The left side of the cabinet will align with the left side edge of the tunnel. The right side of the cabinet will extend past the edge of the tunnel. The cabinet will be 41.00" wide x 4.00" high x 17.00" deep with access from the top. The top of the cabinet will have 1.00" flanges provided along the top edges. There will be no door provided. The cabinet will have louvers provided on the right side of the cabinet for ventilation, louvers provided on the left side of the cabinet for ventilation and louvers provided on the front of the cabinet for ventilation. The cabinet will be constructed of smooth aluminum and painted to match the cab interior.	
0796234	SP	Wiring Holes, 2", Grommets, Cab Compartments	WIRING HOLES There will be one (1) wire chase holes, 2.00" in diameter, with grommets provided Radio Equipment Storage tray in the right forward corner. Match Job 38442.	

0726634	SP	Guard, Radius Door Curve, EMS Cabinet	GUARD There will be one (1) guard, designed to protect the curve of a radius r while retracting. The guard will be provided above the standard guard located One (1) DS EMS Cabinet One (1) PS EMS Cabinet Match Job 38442. There will be a total of two (2) guard(s) provided. The guard will be painted to match the cabinet interior.	AGENDA ITEM NO. 28.
0723980	SP	Location, Cabinet Light	LIGHT MOUNTING LOCATION There will be two (2) light(s) mounted One (1) DS EMS Cabinet One (1) PS EMS Cabinet in Please Match Job 38442 compartment(s).	
0612938		Compt, Storage, (2) Rear Facing, Overhead, 9 W x 10 H x 20 D, Imp/Vel FR Notch	REAR FACING OVERHEAD STORAGE COMPARTMENT There will be two (2) overhead rear facing storage compartments installed at the raised roof within the crew cab, on each side of the aerial notch. The compartments will be approximately 9.00" wide x 10.00" high x 20.00" deep at the bottom. Each compartment will include one (1) lift up compartment door. Non-locking latch, paddle handle, and gas operated stay arms will be provided. The compartment will be constructed of smooth aluminum and painted to match the cab interior. Compartment Light The storage compartment lighting will consist of one (1) white LED strip light installed horizontally above each compartment door opening.	
0766467		Upholstery, Seats In Cab, All Vinyl, Seats Inc, CARE	SEAT UPHOLSTERY All seat upholstery will be leather grain 36 oz dark silver gray vinyl resistant to oil, grease and mildew. The cab and tiller cab (if applicable) will have five (5) seating positions.	
0543991		Bracket, Air Bottle, Hands-Free II, Cab Seats	AIR BOTTLE HOLDERS All SCBA type seats in the cab will have a "Hands-Free" auto clamp style bracket in its backrest. For efficiency and convenience, the bracket will include an automatic spring clamp that allows the occupant to store the SCBA bottle by simply pushing it into the seat back. For protection of all occupants in the cab, in the event of an accident, the inertial components within the clamp will constrain the SCBA bottle in the seat and will exceed the NFPA standard of 9G. There will be a quantity of two (2) SCBA brackets.	
0603867		Seat Belt, ReadyReach	SEAT BELTS All seating positions in the cab, crew cab and tiller cab (if applicable) will have red seat belts. To provide quick, easy use for occupants wearing bunker gear, the female buckle and seat belt webbing length will meet or exceed the current edition of applicable NFPA and CAN/ULC - S515 standards. The 3-point shoulder type seat belts will also include the ReadyReach® D-loop assembly to the shoulder belt system. The ReadyReach feature adds an extender arm to the D-loop location placing the D-loop in a closer, easier to reach location. Any flip up seats will include a 3-point shoulder type belts only.	
0604864		Seat Belt Height Adjustment, 5 Seats, Imp/Vel	SHOULDER HARNESS HEIGHT ADJUSTMENT All seating positions furnished with 3-point shoulder type seat belts will include a height adjustment. This adjustment will optimize the belts effectiveness and comfort for the seated firefighter. A total of five (5) seating positions will have the adjustable shoulder harness.	
0817557		Helmet Storage, Provided by Fire Department, NFPA/ULC 2024	HELMET STORAGE PROVIDED BY FIRE DEPARTMENT NFPA 1900, 2024 edition, section 11.1.8.4.1 and CAN/ULC S515:2024 edition, section 5.2, requires a location for helmet storage be provided. There is no helmet storage on the apparatus as manufactured. The fire department will provide a location for storage of helmets.	
0647647		Lights, Dome, FRP Dual LED 4 Lts	CAB DOME LIGHTS There will be four (4) dual LED dome lights with black bezels provided. Two (2) lights will be mounted above the inside shoulder of the driver and officer and two (2) lights will be installed and located, one (1) on each side of the crew cab. The color of the LED's will be red and white. The white LED's will be controlled by the door switches and the lens switch. The color LED's will be controlled by the lens switch. All dome lights on the apparatus will be illuminated per the current edition of applicable NFPA standards per seating position.	
0896451		Enhanced Software for Cab and Crew Cab Dome Lts	ENHANCED SOFTWARE FOR CAB AND CREW CAB DOME LIGHTS The cab and crew cab dome lights will remain on for 10 seconds for improved visibility after the doors are closed. The dome lights will dim after 10 seconds or immediately if the vehicle's transmission is put into gear.	

0628472	Light, Map, Overhead, Peterson M371S LED, Rectangular w/Switch 2lts	OVERHEAD MAP LIGHTS There will be two (2) Peterson, Model M371S, rectangular LED adjustable lights mounted in the cab: One (1) overhead in front of the driving position. One (1) overhead in front of the passenger's position. Each light will include a switch on the light housing. The light switches will be connected directly to the battery switched power.	AGENDA ITEM NO. 28.
0626097	Light, Map, Sunnex HS76*-00 Series, Swivel Joint, Clear Lens, Ceiling Mount	MAP LIGHT There will be one (1) Sunnex®, HS76*-00, halogen map light(s) with swivel joint base provided in the cab and located serving the officer side and match 31721. Each map light will have a square base with an on/off switch. The light(s) will also be provided with no additional accessory. The light switch(es) will be connected directly to the battery switched power.	
0816997	Portable Hand Light, Provided by Fire Dept, NFPA/ULC 2024	PORTABLE HAND LIGHTS PROVIDED BY FIRE DEPARTMENT The hand lights are not on the apparatus as manufactured. The fire department will provide and mount these hand lights.	
0568369	Cab Instruments, Ivory Gauges, Chrome Bezels, Impel/Velocity 2010	CAB INSTRUMENTATION The cab instrument panel will consist of gauges, an LCD display, telltale indicator lights, alarms, control switches, and a diagnostic panel. The function of instrument panel controls and switches will be identified by a label adjacent to each item. Actuation of the headlight switch will illuminate the labels in low light conditions. Telltale indicator lamps will not be illuminated unless necessary. The cab instruments and controls will be conveniently located within the forward cab section directly forward of the driver. Gauge and switch panels will be designed to be removable for ease of service and low cost of ownership. Gauges The gauge panel will include the following ten (10) ivory gauges with chrome bezels to monitor vehicle performance: Voltmeter gauge (Volts) Low volts (11.8 VDC) Amber indicator on gauge assembly with alarm High volts (15 VDC) Amber indicator on gauge assembly with alarm Very low volts (11.3 VDC) Amber indicator on gauge assembly with alarm Very high volts (16 VDC) Amber indicator on gauge assembly with alarm Tachometer (RPM) Speedometer (Primary (outside) MPH, Secondary (inside) Km/H) Fuel level gauge (Empty - Full in fractions) Low fuel (1/8 full) Amber indicator on gauge assembly with alarm Very low fuel (1/32) fuel Amber indicator on gauge assembly with alarm Engine oil pressure gauge (PSI) Low oil pressure to activate engine warning lights and alarms Red indicator on gauge assembly with alarm Front air pressure gauge (PSI) Low air pressure to activate warning lights and alarm Red indicator on gauge assembly with alarm Rear air pressure gauge (PSI) Low air pressure to activate warning lights and alarm Red indicator on gauge assembly with alarm Transmission oil temperature gauge (Fahrenheit) High transmission oil temperature activates warning lights and alarm Amber indicator on gauge assembly with alarm Engine coolant temperature gauge (Fahrenheit) High engine temperature activates an engine warning light and alarm Red indicator on gauge assembly with alarm Diesel Exhaust Fluid Level Gauge (Empty - Full in fractions) Low fluid (1/8 full) Amber indicator on gauge assembly with alarm All gauges and gauge indicators will perform prove out at initial power-up to ensure proper performance. Indicator Lamps To promote safety, the following telltale indicator lamps will be integral to the gauge assembly and are located above and below the center gauges. The indicator lamps will be "dead-front" design that is only visible when active. The colored indicator lights will have descriptive text or symbols. The following amber telltale lamps will be present: Low coolant Trac cntl (traction control) (where applicable) Check engine Check trans (check transmission) Aux brake overheat (Auxiliary brake overheat) Air rest (air restriction) Caution (triangle symbol) Water in fuel DPF (engine diesel particulate filter regeneration) Trailer ABS (where applicable) Wait to start (where applicable)	

HET (engine high exhaust temperature) (where applicable)
ABS (antilock brake system)
MIL (engine emissions system malfunction indicator lamp) (where applicable)
SRS (supplemental restraint system) fault (where applicable)
DEF (low diesel exhaust fluid level)

AGENDA ITEM NO. 28.

The following red telltale lamps will be present:

Warning (stop sign symbol)

Seat belt

Parking brake

Stop engine

Rack down

The following green telltale lamps will be provided:

Left turn

Right turn

Battery on

The following blue telltale lamp will be provided:

High beam

Alarms

Audible steady tone warning alarm: A steady audible tone alarm will be provided whenever a warning message is present.

Audible pulsing tone caution alarm: A pulsing audible tone alarm (chime/chirp) will be provided whenever a caution message is present without a warning message being present.

Alarm silence: Any active audible alarm will be able to be silenced by holding the ignition switch at the top position for 3 to 5 seconds. For improved safety, silenced audible alarms will intermittently chirp every 30 seconds until the alarm condition no longer exists. The intermittent chirp will act as a reminder to the operator that a caution or warning condition still exists. Any new warning or caution condition will enable the steady or pulsing tones respectively.

Indicator Lamp and Alarm Prove-Out

Telltale indicators and alarms will perform prove-out at initial power-up to ensure proper performance.

Control Switches

For ease of use, the following controls will be provided immediately adjacent to the cab instrument panel within easy reach of the driver.

Emergency master switch: A molded plastic push button switch with integral indicator lamp will be provided. Pressing the switch will activate emergency response lights and siren control. A green lamp on the switch provides indication that the emergency master mode is active. Pressing the switch again disables the emergency master mode.

Headlight / Parking light switch: A three (3)-position maintained rocker switch will be provided. The first switch position will deactivate all parking lights and the headlights. The second switch position will activate the parking lights. The third switch position will activate the headlights.

Panel backlighting intensity control switch: A three (3)-position momentary rocker switch will be provided. The first switch position decreases the panel backlighting intensity to a minimum level as the switch is held. The second switch position is the default position that does not affect the backlighting intensity. The third switch position increases the panel backlighting intensity to a maximum level as the switch is held.

The following standard controls will be integral to the gauge assembly and are located below the right hand gauges. All switches have backlit labels for low light applications.

High idle engagement switch: A two (2)-position momentary rocker switch with integral indicator lamp will be provided. The first switch position is the default switch position. The second switch position will activate and deactivate the high idle function when pressed and released. The "Ok To Engage High Idle" indicator lamp must be active for the high idle function to engage. A green indicator lamp integral to the high idle engagement switch will indicate when the high idle function is engaged.

"Ok To Engage High Idle" indicator lamp: A green indicator light will be provided next to the high idle activation switch to indicate that the interlocks have been met to allow high idle engagement.

The following standard controls will be provided adjacent to the cab gauge assembly within easy reach of the driver. All switches will have backlit labels for low light applications.

Ignition switch: A three (3)-position maintained/momentary rocker switch will be provided. The first switch position will deactivate vehicle ignition. The second switch position will activate vehicle ignition. The third momentary position will disable the Command Zone audible alarm if held for 3 to 5 seconds. A green indicator lamp will be activated with vehicle ignition.

Engine start switch: A two (2)-position momentary rocker switch will be provided. The first switch position is the default switch position. The second switch position will activate the vehicle's engine. The switch actuator is designed to prevent accidental activation.

4-way hazard switch: A two (2)-position maintained rocker switch will be provided. The first switch position will deactivate the 4-way hazard switch function. The second switch position will activate the 4-way hazard function. The switch actuator will be red and includes the international 4-way hazard symbol.

Heater, defroster, and air conditioning control panel.

Turn signal arm: A self-canceling turn signal with high beam headlight and windshield wiper/washer controls will be provided. The windshield wiper control will have high, low, and intermittent modes.

Parking brake control: An air actuated push/pull park brake control valve will be provided.

Chassis horn control: Activation of the chassis horn control will be provided through the center of the steering wheel.

Custom Switch Panels

The design of cab instrumentation will allow for emergency lighting and other switches to be placed within easy reach of the operator thus improving safety. There will be positions for up to four (4) switch panels in the overhead console on the driver's side, up to four (4) switch panels in the engine tunnel console facing the driver, up to four (4) switch panels in the overhead console on the officer's side and up to two (2) switch panels in the engine tunnel console facing the officer. All switches will have backlit labels for low light

		applications. Diagnostic Panel A diagnostic panel will be accessible while standing on the ground driver's side door left of the steering column. The diagnostic panel will allow diagnostic tools such as computers to connect to various vehicle systems for improved troubleshooting providing a lower cost of ownership. Diagnostic switches will allow ABS systems to provide blink codes should a problem exist. The diagnostic panel will include the following: Engine diagnostic port Transmission diagnostic port ABS diagnostic port SRS diagnostic port (where applicable) Command Zone USB diagnostic port ABS diagnostic switch (blink codes flashed on ABS telltale indicator) Diesel particulate filter regeneration switch (where applicable) Diesel particulate filter regeneration inhibit switch (where applicable) Cab LCD Display A digital four (4)-row by 20-character dot matrix display will be integral to the gauge panel. The display will be capable of showing simple graphical images as well as text. The display will be split into three (3) sections. Each section will have a dedicated function. The upper left section will display the outside ambient temperature. The upper right section will display, along with other configuration specific information: Odometer Trip mileage PTO hours Fuel consumption Engine hours The bottom section will display INFO, CAUTION, and WARNING messages. Text messages will automatically activate to describe the cause of an audible caution or warning alarm. The LCD will be capable of displaying multiple text messages should more than one caution or warning condition exist.	AGENDA ITEM NO. 28.
0509511	Air Restriction Indicator, Imp/Vel, AXT, Enf MUX	AIR RESTRICTION INDICATOR A high air restriction warning indicator light LCD message with amber warning indicator and audible alarm will be provided.	
0656362	Alarm, Directionals In Cab, MUX	- A Floyd Bell audible alarm will be provided in the cab to indicate when either directional light is activated.	
0543751	Light, Do Not Move Apparatus	"DO NOT MOVE APPARATUS" INDICATOR A flashing red indicator light, located in the driving compartment, will be illuminated automatically per the current NFPA requirements. The light will be labeled "Do Not Move Apparatus If Light Is On." The same circuit that activates the Do Not Move Apparatus indicator will activate a steady tone alarm when the parking brake is released.	
0509042	Messages, Open Dr/DNMT, Color Dsply,	DO NOT MOVE TRUCK MESSAGES Messages will be displayed on the Command Zone™, color display located within sight of the driver whenever the Do Not Move Truck light is active. The messages will designate the item or items not in the stowed for vehicle travel position (parking brake disengaged). The following messages will be displayed (where applicable): Do Not Move Truck DS Cab Door Open (Driver Side Cab Door Open) PS Cab Door Open (Passenger's Side Cab Door Open) DS Crew Cab Door Open (Driver Side Crew Cab Door Open) PS Crew Cab Door Open (Passenger's Side Crew Cab Door Open) DS Body Door Open (Driver Side Body Door Open) PS Body Door Open (Passenger's Side Body Door Open) Rear Body Door Open DS Ladder Rack Down (Driver Side Ladder Rack Down) PS Ladder Rack Down (Passenger Side Ladder Rack Down) Deck Gun Not Stowed Lt Tower Not Stowed (Light Tower Not Stowed) Fold Tank Not Stowed (Fold-A-Tank Not Stowed) Aerial Not Stowed (Aerial Device Not Stowed) Stabilizer Not Stowed Steps Not Stowed Handrail Not Stowed Any other device that is opened, extended, or deployed that creates a hazard or is likely to cause major damage to the apparatus if the apparatus is moved will be displayed as a caution message after the parking brake is disengaged.	

0611681	Switching, Cab, Membrane, Impel/Velocity, AXT WiFi MUX	SWITCH PANELS The emergency light switch panel will have a master switch for ease of switches for selective control. Each switch panel will contain eight (8) switches, each rated for one million (1,000,000) cycles. Panels containing less than eight (8) switches will include non-functioning black appliques. Documentation will be provided by the manufacturer indicating the rated cycle life of the switches. The switch panel(s) will be located in the overhead position above the windshield on the driver side overhead to allow for easy access. Additional switch panel(s) will be located in the overhead position(s) above the windshield or in designated locations on the lower instrument panel layout. The switches will be membrane-type and also act as an integral indicator light. For quick, visual indication the entire surface of the switch will be illuminated white whenever back lighting is activated and illuminated green whenever the switch is active. An active illuminated switch will flash when interlock requirements are not met or device is actively being load managed. For ease of use, a two (2)-ply, scratch resistant laser engraved Gravoply label indicating the use of each switch will be placed in the center of the switch. The label will allow light to pass through the letters for ease of use in low light conditions.	AGENDA ITEM NO. 28.
0555915	Wiper Control, 2-Speed with Intermittent, MUX, Impel/Velocity	WIPER CONTROL For simple operation and easy reach, the windshield wiper control will be an integral part of the directional light lever located on the steering column. The wiper control will include high and low wiper speed settings, a one (1)-speed intermittent wiper control and windshield washer switch. The control will have a "return to park" provision, which allows the wipers to return to the stored position when the wipers are not in use.	
0731813	Hour Meter, Aerial, Included in Information Centers, ASL, AAT, ASP	HOURLMETER - AERIAL DEVICE The following aerial hour meter messages will be included in the information centers: Aerial Hours, that keeps track of the time the aerial device is in motion. Aerial PTO Hours, that keeps track of the time the aerial master switch is on and the aerial PTO is engaged.	
0002615	Switch, Aerial 12V Master	AERIAL MASTER There will be a master switch for the aerial operating electrical system provided.	
0002617	PTO switch, w/light - aerial	AERIAL PTO SWITCH A PTO switch for the aerial with indicator light will be provided.	
0562101	Wire, 14-ga. Spare, Dual Wire, pair 1st	14 GAUGE SPARE WIRE There will be a pair of 14 gauge wires, one (1) with black insulation and one (1) with white insulation, included in a separate loom installed in the apparatus. These wires will be routed from Coiled Behind Recessed Dash and extended to Cab Main Fuse Box . These wires will not be connected to any power source and will not be connected to the vehicle electrical system.	
0562103	Wire, 14-ga. Spare, Dual Wire, pair 2nd	14 GAUGE SPARE WIRE There will be a pair of 14 gauge wires, one (1) with black insulation and one (1) with white insulation, included in a separate loom installed in the apparatus. These wires will be routed from Coiled in Radio Equipment Cabinet and extended to Cab Main Fuse Box. These wires will not be connected to any power source and will not be connected to the vehicle electrical system.	
0794569	SP Wire, 12-ga. Spare, Dual Wire 2nd	12 GAUGE SPARE WIRE There will be a pair of 12 gauge wires, one (1) with black insulation and one (1) with white insulation, included in a separate loom installed in the apparatus. These wires will be routed from RS7 - w/48" Coil and extended to Cab Fuse Panel. These wires will not be connected to any power source and will not be connected to the vehicle electrical system.	
0821263	Wiring, Spare, 20 A 12V DC, 12 Ckt FB, Blue Sea 5026 Batt Dir 1st NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, installed on the apparatus. The wires will have the following features: The positive wire will be connected directly to the battery power. The negative wire will be connected to ground. Wires will be capable of carrying 20 amps. Power and ground will terminate Radio Equipment Cabinet (Option 895321) at rear of engine tunnel, please provide a 2' coil within cabinet. Termination will be to a Blue Sea System, Model 5026, 12 circuit with negative bus bar, straight blade fuse block. The terminal block will include a cover with circuit labels. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery direct loads cannot be Load Managed	

0821302	Wiring, Spare, 12V DC, USB-A & C, Kussmaul 091-264 Cab Batt Dir 1st NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, The wires will have the following features: The positive wire will be connected directly to the battery power. The negative wire will be connected to ground. Wires will be capable of carrying 6 amps. Power and ground will terminate in the cab/crew cab Mounted flush on the vertical surface of the Radio Equipment Cabinet (Option 895321) located on top of the engine tunnel rear work surface. Mount on the drivers side as far back towards the rear corner as possible facing outboard towards the EMS cabinet. . Termination will be a Kussmaul part number 091-264 switch panel dual USB-A, 18 watt and USB-C, 45 watt SVR, charger socket. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery direct loads cannot be Load Managed	AGENDA ITEM NO. 28.
0821329	Wiring, Spare, 10 A 12V DC Batt Dir 1st NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, installed on the apparatus. The wires will have the following features: The positive wire will be connected directly to the battery power. The negative wire will be connected to ground. Wires will be capable of carrying 10 amps. Power and ground will terminate Colled behind panel position B overhead and labeled "Mobile Radio Repeater". Termination will be with heat shrinkable butt splicing. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery direct loads cannot be Load Managed	
0826636	Wiring, Spare, (1) 15A 12V DC, Multi Loc, Cab, B+, 1st, NFPA1900/ULC	SPARE CIRCUITS There will be one (1) shared 15 amp circuit, including a positive and a negative wire, dropped out in multiple locations on the apparatus. All dropout locations will be wired in a parallel configuration. The wires will have the following features: The positive wire will be connected directly to the battery power The negative wire will be connected to ground Wires will be capable of carrying 10 amps The spare wiring circuit will be located and terminated as follows: Spare circuit drop #1 will Outboard of PS Crew Cab Seat Riser (Match 38442) and termination with heat shrinkable butt splices at the wire end Spare circuit drop #2 will Outboard of DS Crew Cab Seat Riser (Match 38442) and termination with heat shrinkable butt splices at the wire end Spare circuit drop #3 will be located in the cab behind the left side seat and termination with heat shrinkable butt splices at the wire end Spare circuit drop #4 will be located in the cab behind the right side seat and termination with heat shrinkable butt splices at the wire end Spare circuit drop #5 will not be required and termination is not required with no location Spare circuit drop #6 will not be required and termination is not required with no location Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery Direct loads cannot be Load Managed.	
0830360	Wiring, Spare, (1) 15A 12V DC, Multi Loc, Cab, B+, 2nd, NFPA1900/ULC	SPARE CIRCUITS There will be one (1) shared 15 amp circuit, including a positive and a negative wire, dropped out in multiple locations on the apparatus. All dropout locations will be wired in a parallel configuration. The wires will have the following features: The positive wire will be connected directly to the battery power The negative wire will be connected to ground Wires will be capable of carrying 10 amps. The spare wiring circuit will be located and terminated as follows: Spare circuit drop #1 will be located in the cab dash on the right side and termination with a panel mount style Type-A & Type-C dual USB socket with cover at the wire end Spare circuit drop #2 will Engine Tunnel (Match Job 38442) and termination with a panel mount style Type-A & Type-C dual USB socket with cover at the wire end Spare circuit drop #3 will not be required and termination is not required with no location Spare circuit drop #4 will not be required and termination is not required with no location Spare circuit drop #5 will not be required and termination is not required with no location Spare circuit drop #6 will not be required and termination is not required with no location Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery Direct loads cannot be Load Managed.	
0566101	Recess, Dash Panel, Officer Side, Vel/Imp	DASH PANEL RECESS The dash panel across from the officer will be recessed to accommodate the mounting of miscellaneous items. The recess will be 7.25" down x 7.81" back and 20.88" wide.	

0819994	Radio, Jensen, AM/FM/WB, Bluetooth	STEREO RADIO There will be one heavy duty AM/FM / Weatherband / Bluetooth stereo radio installed within reach of the officer. There will be 5.25" speakers installed in the cab and one (1) pair of 5.25" speakers in the crew cab. The antenna will be a roof-mounted rubber antenna located in an open space, on the cab roof. The following Jensen features will be included: 180 watts max power (45W x 4); 100 watts RMS (25W x 4) - Bluetooth® streaming audio (A2DP/AVRCP) - Weatherband - AM/FM tuner with 30 presets - Audio settings (volume/bass/treble/balance/fade) - Toggle switch between day and night display - Daylight-readable, segmented LCD - Two-wire power with non-volatile memory and clock support - Low battery alert	AGENDA ITEM NO. 28.
0679284	Switch, 12V (Inst Pnl), AM/FM Radio, Off Switch, Auto On	SWITCH, MASTER, AM/FM RADIO There will be a remote switch provided inside the cab to control the AM/FM radio. The switch will be installed Switch Panel 8, top row, far right switch.. The radio will automatically turn on with when the battery switch is turned on.	
0814201	Vehicle Information Center, 7" Color Display, Touchscreen, MUX, CL714	INFORMATION CENTER An information center employing a 7.00" diagonal touch screen color LCD display will be encased in an ABS plastic housing. The information center will have the following specifications: - Operate in temperatures from -40 to 158 degrees Fahrenheit - LCD optically bonded to hardened AR glass lens - Five weather resistant user interface switches - Grey with black accents - Sunlight Readable - Linux operating system - Minimum of 1000nits rated display - Display can be changed to an available foreign language A LCD display integral to the cab gauge panel will be included as outlined in the cab instrumentation area. Programmed to read US Customary General Screen Design Where possible, background colors will be used to provide "At a Glance" vehicle information. If information provided on a screen is within acceptable limits, a green background will be used. If a caution or warning situation arises the following will occur: - An amber background/text color will indicate a caution condition - A red background/text color will indicate a warning condition The information center will utilize an "Alert Center" to display text messages for audible alarm tones. The text messages will be written to identify the item(s) causing the audible alarm to sound. If more than one (1) text message occurs, the messages will cycle every second until the problem(s) have been resolved. The background color for the "Alert Center" will change to indicate the severity of the "warning" message. If a warning and a caution condition occur simultaneously, the red background color will be shown for all alert center messages. A label for each button will exist. The label will indicate the function for each active button for each screen. Buttons that are not utilized on specific screens will have a button label with no text or symbol. Home/Transit Screen This screen will display the following: - Vehicle Mitigation (if equipped) - Water Level (if the water level system includes compatible communications to the information center) - Foam Level (if the foam level system includes compatible communications to the information center) - Seat Belt Monitoring Screen - Tire Pressure Monitoring (if equipped) - Digital Speedometer - Active Alarms On Scene Screen This screen will display the following and will be auto activated with pump engaged (if equipped): - Battery Voltage - Fuel - Oil Pressure - Coolant Temperature - RPM - Water Level (if equipped) - Foam Level (if equipped) - Foam Concentration (if equipped) - Water Flow Rate (if equipped) - Water Used (if equipped) - Active Alarms Virtual Buttons There will be four (4) virtual switch panel screens that match the overhead and lower lighting and HVAC switch panels. Page Screen The page screen will display the following and allow the user to progress into other screens for further functionality: - Diagnostics - Faults - Listed by order of occurrence	

Allows to sort by system

Interlock

Throttle Interlocks

Pump Interlocks (if equipped)

Aerial Interlocks (if equipped)

PTO Interlocks (if equipped)

Load Manager

A list of items to be load managed will be provided. The list will provide a description of the load. The lower the priority numbers the earlier the device will be shed should a low voltage condition occur.

The screen will indicate if a load has been shed (disabled) or not shed.

"At a glance" color features are utilized on this screen.

Collision Mitigation, Not Requested

0606248	Vehicle Data Recorder w/CZ Display Seat Belt Monitor, Unique Alarm	VEHICLE DATA RECORDER There will be a vehicle data recorder (VDR) capable of reading and storing information provided. The information stored on the VDR can be downloaded through a USB port mounted in a convenient location determined by cab model. A USB cable can be used to connect the VDR to a laptop to retrieve required information. The program to download the information from the VDR will be available to download on-line. The vehicle data recorder will be capable of recording the following data via hardwired and/or CAN inputs: - Vehicle Speed - MPH - Acceleration - MPH/sec - Deceleration - MPH/sec - Engine Speed - RPM - Engine Throttle Position - % of Full Throttle - ABS Event - On/Off - Seat Occupied Status - Yes/No by Position - Seat Belt Buckled Status - Yes/No by Position - Master Optical Warning Device Switch - On/Off - Internal clock syncs the time and date when a laptop is connected Seat Belt Monitoring System A seat belt monitoring system (SBMS) will be provided on the Command Zone™ color display. The SBMS will be capable of monitoring up to 10 seating positions indicating the status of each seat position per the following: - Seat Occupied & Buckled = Green LED indicator illuminated - Seat Occupied & Unbuckled = Red LED indicator with audible alarm - No Occupant & Buckled = Red LED indicator with audible alarm - No Occupant & Unbuckled = No indicator and no alarm - FAULT = Blue LED indicator illuminated The seat belt monitoring screen will become active on the Command Zone color display when: - The home screen is active: - and there is any occupant seated but not buckled or any belt buckled with an occupant. - and there are no other Do Not Move Apparatus conditions present. As soon as all Do Not Move Apparatus conditions are cleared, the SBMS will be activated. The SBMS will include an audible alarm that will warn that an unbuckled occupant condition exists and the parking brake is released, or the transmission is not in park. The alarm will have a unique sound that will be different than all other alarm sounds on the vehicle. A "Seat Belt Alarm" label will be provided above this buzzer.
0833707	SP Intercom, Setcom 950MAX, 6-Pos, 2-Radio, D,O,3C Wired, 1 Wireless	INTERCOM SYSTEM A intercom system will be provided with a wireless charging drop for the driver. The drivers wireless will be provided with the intercom mixer. There will be a wired driver and officers position. The driver, officer and positions will have radio transmit capabilities. The officer will have a Remote Push To Talk button located Officers Side Center Console - Above switch position 126 (Airhorn). Match Job 37059. The Three (3) crew cab positions will be provided with wired radio listen / intercom only headsets. The following Setcom, MS-950MAX components will be supplied with this system: - One (1) IM-950Max intercom/radio mixer with one wireless position - One (1) JS-901-20 Dual jump seat station w/exp port+ (2 Crew) - One (1) PBS-950-20 Enclosure mounted Push To Talk (Officer position) - Two (2) ES-900-15 extension station (Driver, Third Crew) All required cable
0793667	Cable, Radio to Intercom Interface, Setcom 950, 1 Radio	RADIO / INTERCOM INTERFACE CABLE The apparatus manufacturer will supply and install one (1) radio interface cable before delivery of the vehicle. The radio equipment to be used by the customer will be: Bendix King , Model KNG-M150R
0620273	Headset, Setcom, CSB-900L-1 Behind The Head, Radio Transmit, Left Cord, Gel	BEHIND THE HEAD RADIO TRANSMIT HEADSET There will be one (1) Setcom, Model CSB-900L-1, behind the head, radio transmit headset(s) provided Officers Position, See Intercom Layout Drawing. Each headset will feature: - Dual-speaker headset with a noise reduction rating of 24dB - Radio Push To Talk (Push On, Push Off) - Intercom always live - Volume control in the headset cup (left dress coil cord) - Cut-away ear cups allow headset to be worn under most helmets - Waterproof, flexible-boom microphone - Gel ear seals
0620275	Headset, Setcom, CSB-901L-1 Behind The Head, Intercom Only, Left Cord, Gel	BEHIND THE HEAD INTERCOM ONLY HEADSET There will be two (2) Setcom, Model CSB-901L-1, behind the head, intercom only headset(s) provided Crew Cab Area, see Intercom Layout Drawing. Headset Jack to be mounted high on back wall with the jack facing down. Match Job 38442. Each headset will feature: - Dual-speaker headset with a noise reduction rating of 24dB - Momentary push-to-talk button & volume control in the headset cup (left dress coil cord) - Cut-away ear cups allow headset to be worn under most helmets - Waterproof, flexible-boom microphone - Gel ear seals

0620281	Headset, Setcom, CSB-901R-1 Behind The Head, Intercom Only, Right Cord, Gel	BEHIND THE HEAD INTERCOM ONLY HEADSET There will be one (1) Setcom, Model CSB-901R-1, behind the head, in provided Crew Cab Area, see Intercom Layout Drawing. Headset Jack back wall with the jack facing down. Match Job 38442. Each headset will feature: Dual-speaker headset with a noise reduction rating of 24dB Momentary push-to-talk button & volume control in the headset cup (right dress coil cord) Cut-away ear cups allow headset to be worn under most helmets Waterproof, flexible-boom microphone Gel ear seals	AGENDA ITEM NO. 28.
0619798	Headset, Setcom, CSB-900R-1 Behind The Head, Radio Transmit, Right Cord, Gel	BEHIND THE HEAD RADIO TRANSMIT HEADSET There will be one (1) Setcom, Model CSB-900R-1, behind the head, radio transmit headset(s) provided Drivers Position, See Intercom Layout Drawing. Each headset will feature: Dual-speaker headset with a noise reduction rating of 24dB Radio Push To Talk (Push On, Push Off) Intercom always live Volume control in the headset cup (Right dress coil cord) Cut-away ear cups allow headset to be worn under most helmets Waterproof, flexible-boom microphone Gel ear seals	
0891619	Headset, Setcom, CSB-900MAX-16, Wireless, Radio Transmit	WIRELESS INTERCOM HEADSET There will be one (1) Setcom, Model CSB-900MAX-16, headset(s) provided Behind Officers Seat, inboard towards Engine Tunnel. See Intercom Layout Drawing. Each headset location will include a 12 volt DC charging pigtail with plug. Each headset will feature: Radio Transmit for LibMAX system Number of Users per Channel seven (7) Channels / Talk Groups sixteen (16) Dual Ear Muff-Behind the Head Always Live on Intercom Radio Push-to-Talk and Volume Control in the Headset	
0819255	Hangers For Headsets, NFPA/ULC 2024, Each	HEADSET HANGERS There will be six (6) headset hanger(s) installed driver's seat, officer's seat, driver's side outboard forward facing seat, passenger's side inboard rear facing seat, passenger's side outboard forward facing seat and rear, center, forward facing seat. The hanger(s) will meet the current edition of applicable NFPA and ULC standards for equipment mounting.	
0821619	Switch, AM/FM Radio, Location, Non-Bat Direct NFPA/ULC 2024	REMOTE ON/OFF SWITCH FOR AM/FM RADIO A remote, radio on/off switch will be located Switch Assembly #8. The switch power will be directly to the battery switched power.	
0559156	Install Customer Provided Two-Way Radio(s)	TWO WAY RADIO INSTALLATION There will be one (1) customer supplied two way radio(s) sent to the apparatus manufacturers preferred radio installer to be installed per approved dash panel layout, match job 31721 per the shipping document. No antenna mount or whip will be included in this option. Specific radio shipping requirements will be followed.	
0559508	Install Customer Provided Two-Way Radio Remote Head Cable	TWO-WAY RADIO CABLE INSTALLATION There will be two (2) customer supplied two-way radio remote head cable(s) sent to the apparatus manufacturers preferred radio installer for installation. The cable will be run One (1) from Radio Equipment compartment (Option 895321) on of engine tunnel to location 5 in the overhead. One (1) from Radio Equipment Compartment (Option 895321) on top of engine tunnel to Panel Position B in the Officers Side Overhead. Match 38442. Specific shipping requirements will be followed.	
0000000	STF Install Customer Provided Two-Way Radio(s), Clovis Fire	TWO WAY RADIO INSTALLATION There will be two (2) customer supplied two way radio(s) sent to GSFA for installation. Clovis FD	
0003757	Antenna, Std and Add'l Mts Only, 2-way Radio,Cust,Spl Cable Routing	RADIO ANTENNA MOUNT There will be five (5) standard antenna-mounting base(s), Model MATM, with 17 feet of coax cable and weatherproof cap provided for a two (2)-way radio installation. The standard mount will be located on the cab roof, just to the rear of the officer seat and the additional mount(s) will be located (3) in the radio equipment compartment at rear of engine tunnel(mark VHF) (1) above the officer (mark UHF and 800 Mhz) (1) inside the crew cab forward facing seat base (mark SPARE). The cable(s) will be routed on the cab roof, please maintain 18" behind the lightbar and 18" in between mounts if possible .	

0817058	Camera, Pierce, LS Mux, R Camera, SD, CL714	VEHICLE CAMERA SYSTEM There will be a color vehicle camera system provided with the following: One (1) Standard Definition (SD) camera located at the rear of the app displayed automatically with the vehicle in reverse. The camera images will be displayed on the left side vehicle information center display. Audio from the microphone on the rear camera will be emitted by an amplified speaker with volume control located behind the driver seat. The following components will be included: One (1) SV-CW134639CAI Camera All necessary cables	AGENDA ITEM NO. 28.
0814831	Not Required, Camera Switcher	Camera Switcher A camera switcher is not required.	
0674566	Location, Rear Vision Camera	REAR CAMERA LOCATION The rear camera will be located mounted to the under side of the rear full width bracket over the ladder storage compartment door.	
0896458	Pierce Command Zone, Advanced Electronics & Control System, Vel WiFi CZT	ELECTRICAL POWER CONTROL SYSTEM The primary power distribution will be located forward of the officer's seating position and be easily accessible while standing on the ground for simplified maintenance and troubleshooting. Additional electrical distribution centers will be provided throughout the vehicle to house the vehicle's electrical power, circuit protection, and control components. The electrical distribution centers will be located strategically throughout the vehicle to minimize wire length. For ease of maintenance, all electrical distribution centers will be easily accessible. All distribution centers containing fuses, circuit breakers and/or relays will be easily accessible. Distribution centers located throughout the vehicle will contain battery powered studs for supplying customer installed equipment thus providing a lower cost of ownership. Circuit protection devices, which conform to SAE standards, will be utilized to protect electrical circuits. All circuit protection devices will be rated per NFPA requirements to prevent wire and component damage when subjected to extreme current overload. General protection circuit breakers will be Type-I automatic reset (continuously resetting). When required, automotive type fuses will be utilized to protect electronic equipment. Control relays and solenoid will have a direct current rating of 125 percent of the maximum current for which the circuit is protected per NFPA. Solid-State Control System A solid-state electronics based control system will be utilized to achieve advanced operation and control of the vehicle components. A fully computerized vehicle network will consist of electronic modules, electronic control modules to include a see through housing, a power indicator, a status indicator and circuit indicators located near their point of use to reduce harness lengths and improve reliability. The control system will comply with SAE J1939-11 recommended practices. The control system will operate as a master-slave system whereas the main control module instructs all other system components. The system will contain patented Mission Critical software that maintains critical vehicle operations in the unlikely event of a main controller error. The system will utilize a Real Time Operating System (RTOS) fully compliant with OSEK/VDX™ specifications providing a lower cost of ownership. For increased reliability and simplified use the control system modules will include the following attributes: Green LED indicator light for module power Red LED indicator light for network communication stability status Control system self test at activation and continually throughout vehicle operation No moving parts due to transistor logic Software logic control for NFPA mandated safety interlocks and indicators Integrated electrical system load management without additional components Integrated electrical load sequencing system without additional components Customized control software to the vehicle's configuration Factory and field programmable to accommodate changes to the vehicle's operating parameters To assure long life and operation in a broad range of environmental conditions, the solid-state control system modules will meet the following specifications: Module circuit board will meet SAE J771 specifications Operating temperature from -40C to +70C Storage temperature from -40C to +70C Vibration to 50g IP67 rated enclosure (Totally protected against dust and also protected against the effect of temporary immersion between 15 centimeters and one (1) meter) Operating voltage from eight (8) volts to 32 volts DC The main controller will activate status indicators and audible alarms designed to provide warning of problems before they become critical. Circuit Protection and Control Diagram Copies of all job-specific, computer network input and output (I/O) connections will be provided with each chassis. The sheets will indicate the function of each module connection point, circuit protection information (where applicable), wire numbers, wire colors and load management information. On-Board Electrical System Diagnostics The on-board information center will include the following diagnostic information: Text description of active warning or caution alarms Simplified warning indicators Amber caution indication with intermittent alarm Red warning indication with steady tone alarm Advanced diagnostic feature will be provided in this control system. From the Command Zone display or connected wireless device, these features allow the user to monitor the real-time status of every input or output on the vehicle. It also allows users logged in as an administrator to force on inputs or outputs to assist the troubleshooting process.	

TCU Module with WiFi

An in cab module will provide WiFi wireless interface and data logging interface will comply with IEEE 802.11 b/g/n capabilities while communicating with the fire station. The module will communicate through a white WiFi antenna allowing a range of up to 300 feet with a roof mounted antenna. The module will transmit a password protected web page to a WiFi enabled device (i.e. most smart phones, tablets or laptops) allowing two levels of user interaction. The firefighter level will allow vehicle monitoring of the vehicle and firefighting systems on the apparatus. The technician level will allow diagnostic access to inputs and outputs installed on the Command Zone™, control and information system. The TCU capability will record faults from the engine, transmission, ABS and Command Zone™, control and information systems as they occur. No other data will be recorded at the time the fault occurs. The data TCU will provide up to 2 Gigabytes of data storage. The TCU will provide a means to download the TCU information and update software in the device.

AGENDA ITEM NO. 28.

Indicator Light and Alarm Prove-Out System

A system will be provided which automatically tests basic indicator lights and alarms located on the cab instrument panel.

Voltage Monitor System

A voltage monitoring system will be provided to indicate the status of the battery system connected to the vehicle's electrical load. The system will provide visual and audible warning when the system voltage is below or above optimum levels. The alarm will activate if the system falls below 11.8 volts DC for more than two (2) minutes.

Dedicated Radio Equipment Connection Points

There will be three (3) studs provided in the primary power distribution center located in front of the officer for two-way radio equipment. The studs will consist of the following:

- 12-volt 40-amp battery switched power
- 12-volt 60-amp ignition switched power
- 12-volt 60-amp direct battery power

There will also be a 12-volt 100-amp ground stud located in or adjacent to the power distribution center.

EMI/RFI Protection

To prevent erroneous signals from crosstalk contamination and interference, the electrical system will meet, at a minimum, SAE J551/2, thus reducing undesired electromagnetic and radio frequency emissions. An advanced electrical system will be used to ensure radiated and conducted electromagnetic interference (EMI) or radio frequency interference (RFI) emissions are suppressed at their source.

The apparatus will have the ability to operate in the electromagnetic environment typically found in fire ground operations to ensure clean operations. The electrical system will meet, without exceptions, electromagnetic susceptibility conforming to SAE J1113/25 Region 1, Class C EMR for 10KHz-1GHz to 100 Volts/Meter. The vehicle OEM, upon request, will provide EMC testing reports from testing conducted on an entire apparatus and will certify that the vehicle meets SAE J551/2 and SAE J1113/25 Region 1, Class C EMR for 10KHz-1GHz to 100 Volts/Meter requirements. Component and partial (incomplete) vehicle testing is not adequate as overall vehicle design can impact test results and thus is not acceptable by itself.

EMI/RFI susceptibility will be controlled by applying appropriate circuit designs and shielding. The electrical system will be designed for full compatibility with low-level control signals and high-powered two-way radio communication systems. Harness and cable routing will be given careful attention to minimize the potential for conducting and radiated EMI/RFI susceptibility.

0896456

Prognostics, Electrical System

ELECTRICAL SYSTEM PROGNOSTICS

There will be a software based vehicle tool provided to predict remaining life of the vehicles critical fluid and events.

The system will send automatic indications to the Command Zone™ information center and/or wireless enabled devices to proactively alert of upcoming service intervals.

Prognostics will include the following:

- Engine oil and filter
- Transmission oil and filter

0730603	Electrical System, Velocity ESP, Cummins, Paccar	ELECTRICAL All 12-volt electrical equipment installed by the apparatus manufacturer shall conform to automotive practices. All wiring will be high temperature crosslink type or conduit, where exposed and have grommets where wire passes through sheet metal. Automatic reset circuit breakers will be provided which conform to SAE Standards. Wiring will be color, function and number coded. Function and number codes will be continuously imprinted on all wiring harness conductors at 2.00" intervals. Exterior exposed wire connectors will be positive locking, and environmentally sealed to withstand elements such as temperature extremes, moisture and automotive fluids. Electrical wiring and equipment will be installed utilizing the following guidelines: All holes made in the roof will be caulked with silicon. Large fender washers, liberally caulked, will be used when fastening equipment to the underside of the cab roof. Any electrical component that is installed in an exposed area will be mounted in a manner that will not allow moisture to accumulate in it. Exposed area will be defined as any location outside of the cab or body. Electrical components designed to be removed for maintenance will not be fastened with nuts and bolts. Metal screws will be used in mounting these devices. Also a coil of wire will be provided behind the appliance to allow them to be pulled away from mounting area for inspection and service work. Corrosion preventative compound will be applied to all terminal plugs located outside of the cab or body. All non-waterproof connections will require this compound in the plug to prevent corrosion and for easy separation (of the plug). All lights that have their sockets in a weather exposed area will have corrosion preventative compound added to the socket terminal area. All electrical terminals in exposed areas will have silicon applied completely over the metal portion of the terminal. All lights and reflectors, required to comply with Federal Motor Vehicle Safety Standard #108, will be furnished. Rear identification lights will be recessed mounted for protection. Lights and wiring mounted in the rear bulkheads will be protected from damage by installing a false bulkhead inside the rear compartments. An operational test will be conducted to ensure that any equipment that is permanently attached to the electrical system is properly connected and in working order. The results of the tests will be recorded and provided to the purchaser at time of delivery.	AGENDA ITEM NO. 28.
0098833	Batteries, (5) Deka Grp 31, 1000 CCA each, 1 Iso Bat, Threaded Stud	BATTERY SYSTEM Five (5) 12 volt, Deka, Model 1231MF, maintenance free group 31 batteries that include the following features, each, will be provided: 1000 CCA (cold cranking amps) 185 reserve capacity - High cycle - Ref. CA of 1190 at 0 degrees Fahrenheit 185 reserve capacity - Threaded studs ISOLATED BATTERY One (1) 12 volt, Deka, Model 1231MF, battery will be provided for voltage sensitive components. A battery isolator that is appropriately suited for the battery capacity will be supplied.	
0008621	Battery System, Single Start, All Custom Chassis	BATTERY SYSTEM There will be a single starting system with an ignition switch and starter button provided and located on the cab instrument panel. MASTER BATTERY SWITCH There will be a master battery switch provided within the cab within easy reach of the driver to activate the battery system. An indicator light will be provided on the instrument panel to notify the driver of the status of the battery system.	
0123174	Battery Compartment, Imp/Vel	BATTERY COMPARTMENTS The batteries will be stored in well-ventilated compartments that are located under the cab and bolted directly to the chassis frame. The battery compartments will be constructed of 3/16" steel plate and be designed to accommodate a maximum of three (3) group 31 batteries in each compartment. The compartments will include formed fit heavy-duty roto-molded polyethylene battery tray inserts with drains on each side of the frame rails. The batteries will be mounted inside of the roto-molded trays. JUMPER STUDS One (1) set of battery jumper studs with plastic color-coded covers will be installed on the battery box on the driver's side. This will allow enough room for easy jumper cable access.	
0803511	Not Required - Battery Charger Included In Inverter/Charger Category		

0831848	SP	Inverter/Battery Charger, Vanner, ITC12-3200 3200W, Non-NFPA 2024, 80 Amp	INVERTER / BATTERY CHARGER There will be a Vanner Model ITC12-3200 3200 inverter/charger with in provided. The inverter will provide 3200 continuous watts of 120 VAC power. A load management solenoid will be installed between the battery and the inverter. The inverter will be connected battery direct through proper fusing and also to the shoreline power. The inverter will be connected to power when the battery switch is on and system voltage is above the low voltage threshold or when the shoreline is connected. When the shoreline is connected to the truck, the internal auto transfer switch will allow AC shoreline power to pass through the inverter to the AC loads connected to the inverter. When the shoreline is connected to the truck, the battery charger function will be active. A master on/off switch will be provided on the inverter. Per NFPA1900, 2024 Edition 21.5.5: The alternator and/or battery system will be adequate to provide power for continuous operation for a minimum of 2 hours at full output. Per the fire department specifications, if all DC loads on the NFPA required electrical analysis report are active, the alternator cannot provide adequate power for continuous operation for 2 hours. The apparatus will be non-compliant to NFPA1900 standards at time of contract execution. The load management system will activate in low voltage situations, and the inverter will be de-energized until chassis electrical system voltage recovers.	AGENDA ITEM NO. 28.
0814986		Location, Body, Inverter/Battery Charger, Forward Compartment, RS	The battery charger/inverter will be located in the right side forward body compartment located on the back wall as low as practical.	
0812411		Display, Kussmaul Single Bat Status Ind 091-94-12, Wired to Batteries	BATTERY CHARGE DISPLAY There will be one (1) Kussmaul™, Model 091-94-12, universal single battery bank bar graph display provided. The display will read voltage direct from the battery system.	
0817927		Location, Cab, Ind/Remote Display, Driver Seat Riser, Next To w/Brkt	The Inverter/battery charger status indication/display(s) will be located next to the driver's seat area with a special bracket.	
0888120	SP	Cover, Over Inverter/Battery Charger, Slide Out Tray Mntd	There will be a smooth aluminum painted to match the compartment interior cover with proper ventilation installed on the slide out tray to protect the inverter/battery charger when the tray is in the stowed position.	
0782026		Shoreline, 20A 120V, Blue Sea Sure Eject 7851	SHORELINE INLET There will be one (1) Blue Sea Sure Eject™ part number 7851, 20 amp 120 volt AC shoreline inlet provided to operate the dedicated 120 volt AC circuits on the apparatus. The shoreline will be connected to Inverter/Charger and Block Heater. The shoreline inlet cover color to be red. The connector body will be released from the inlet when the apparatus engine start button is activated. There will be a mating connector body supplied with the loose equipment. There will be a label installed near the inlet(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	
0813015		Shoreline Location, Blue Sea	SHORE LINE LOCATION The shoreline receptacle will be located on the driver side of cab, to the front of cab door.	
0760950		Shoreline Inlet, 20A 120V Blue Sea Sure Eject 7851	SHORELINE INLET There will be one (1) Blue Sea Sure Eject™ part number 7851, 20 amp 120 volt AC shoreline inlet provided to operate the dedicated 120 volt AC circuits on the apparatus. The shoreline will be Left front cab corner above primary shoreline, As High as Possible into the reflective stripe. Match 38442. The shoreline will be connected to Auxiliary air conditioner. The shoreline inlet cover color to be blue. The connector body will be released from the inlet when the apparatus engine start button is activated. There will be a mating connector body supplied with the loose equipment. There will be a label installed near the inlet(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	

0647728	Alternator, 430 amp, Delco Remy 55SI	ALTERNATOR A Delco Remy®, Model 55SI, alternator will be provided. It will have a amps, as measured by SAE method J56. The alternator will feature an rectifier system that has been tested and qualified to an ambient temperature of 125 degrees Fahrenheit (125 degrees Celsius). The alternator will be connected to the power and ground distribution system with heavy-duty cables sized to carry the full rated alternator output.	AGENDA ITEM NO. 28.
0604586	SP Relocate, Rear Command Zone Power Distribution, Vert, Behind Fuel Tank, High	RELOCATE, REAR COMMAND ZONE POWER DISTRIBUTION The command zone modules at the rear of the truck will be relocated to behind the fuel tank. The module will be mounted vertical and as high as possible.	
0686615	Set Command Zone Clock To Pacific Standard Time		
0092582	Load Manager/Sequencer, MUX	ELECTRONIC LOAD MANAGER An electronic load management (ELM) system will be provided that monitors the vehicles 12-volt electrical system, automatically reducing the electrical load in the event of a low voltage condition, and automatically restoring the shed electrical loads when a low voltage condition expires. This ensures the integrity of the electrical system. For improved reliability and ease of use, the load manager system will be an integral part of the vehicle's solid state control system requiring no additional components to perform load management tasks. Load management systems which require additional components will not be allowed. The system will include the following features: - System voltage monitoring. - A shed load will remain inactive for a minimum of five minutes to prevent the load from cycling on and off. - Sixteen available electronic load shedding levels. - Priority levels can be set for individual outputs. - High Idle to activate before any electric loads are shed and deactivate with the service brake. If enabled: "Load Man Hi-Idle On" will display on the information center. - Hi-Idle will not activate until 30 seconds after engine start up. - Individual switch "on" indicator to flash when the particular load has been shed. - The information center indicates system voltage. - The information center, where applicable, includes a "Load Manager" screen indicating the following: - Load managed items list, with priority levels and item condition. - Individual load managed item condition: - ON = not shed - SHED = shed SEQUENCER A sequencer will be provided that automatically activates and deactivates vehicle loads in a preset sequence thereby protecting the alternator from power surges. This sequencer operation will allow a gradual increase or decrease in alternator output, rather than loading or dumping the entire 12 volt load to prolong the life of the alternator. For improved reliability and ease of use, the load sequencing system will be an integral part of the vehicle's solid state control system requiring no additional components to perform load sequencing tasks. Load sequencing systems which require additional components will not be allowed. Emergency light sequencing will operate in conjunction with the emergency master light switch. When the emergency master switch is activated, the emergency lights will be activated one by one at half-second intervals. Sequenced emergency light switch indicators will flash while waiting for activation. When the emergency master switch is deactivated, the sequencer will deactivate the warning light loads in the reverse order. Sequencing of the following items will also occur, in conjunction with the ignition switch, at half-second intervals: - Cab Heater and Air Conditioning - Crew Cab Heater (if applicable) - Crew Cab Air Conditioning (if applicable) - Exhaust Fans (if applicable) - Third Evaporator (if applicable)	
0783153	Headlights, Rect LED, JW Spkr Evo 2, AXT/Enf/Imp/Sab/Vel	HEADLIGHTS There will be four (4) JW Speaker®, Model 8800, 4" x 6" rectangular LED lights mounted in the front quad style, chrome housing on each side of the cab grille: - the outside light on each side will contain a part number 055***1 low beam module - the inside light on each side will contain a part number 055***1 high beam module the headlights to include chrome bezels The low beam lights will be activated when the headlight switch is on. The high beam and low beam lights will be activated when the headlight switch and the high beam switch is activated.	
0648425	Light, Directional, WIn 600 Cmb, Cab Crn, Wrp Bzl Out HD Lts, Imp/Vel/AXT/Qtm	DIRECTIONAL LIGHTS There will be two (2) Whelen 600® series, LED combination directional/marker lights provided. The lights will be located on the outside cab corners, next to the headlights. The color of the lenses will be the same color as the LED's.	

0620054	Light, Directional/Marker, Intermediate, Weldon 9186-8580-29 LED 2lts	INTERMEDIATE LIGHT There will be two (2) Weldon, Model 9186-8580-29, amber LED turn signal marker lights furnished, one (1) each side, in the rear fender panel. The light will do as a marker light.	AGENDA ITEM NO. 28.
0887414	Lights, Clearance/Marker, Front With Visor Lt and Cab Frnt Lwr Side Dir/Mkr	CAB CLEARANCE/MARKER/ID LIGHTS The forward facing clearance lights will be included with the visor scene light. The front side clearance lights/directional lights will be included with the lights, directional/marker, cab, front lower side.	
0534987	Lights, Clearance/Marker/ID, Rear, Truck-Lite 33050R LED 7Lts, Aerial	REAR CLEARANCE/MARKER/ID LIGHTING There will be three (3) Truck-Lite®, Model 33050R, LED lights used as identification lights recessed and located at the rear of the apparatus per the following: As close as practical to the vertical centerline Centers spaced not less than 6.00" or more than 12.00" apart Red in color All at the same height There will be two (2) Truck-Lite, Model 33050R, LED lights recessed at the rear of the apparatus used as clearance lights located at the rear of the apparatus per the following: To indicate the overall width of the vehicle One (1) each side of the vertical centerline As near the top as practical Red in color To be visible from the rear All at the same height There will be two (2) Truck-Lite, Model 33050R, LED lights recessed on the side of the apparatus as marker lights as close to the rear as practical per the following: To indicate the overall length of the vehicle One (1) each side of the vertical centerline As near the top as practical Red in color To be visible from the side All at the same height There will be two (2) red reflectors located on the rear of the truck facing to the rear. One (1) each side, as far to the outside as practical, at a minimum of 15.00", but no more than 60.00", above the ground. There will be two (2) red reflectors located on the side of the truck facing to the side. One (1) each side, as far to the rear as practical, at a minimum of 15.00", but no more than 60.00", above the ground. Per FMVSS 108 and CMVSS 108 requirements.	
0602938	Light, Marker End Outline, Rubber Arm, LED Marker Lamp, Rear Body	MARKER LIGHTS There will be one (1) pair of amber and red LED marker lights with rubber arm, located at the rear most lower corner of the body. The amber lens will face the front and the red lens will face the rear of the truck. These lights will be activated with the running lights of the vehicle.	
0804514	Lights, Tail, Wln M62BTT* Red Stop/Tail & M62T* Amber Dir Arw For Hsg	REAR FMVSS LIGHTING The rear stop/tail and directional lighting included in the rear tail light housing will include the following: Two (2) Whelen®, Model M62BTT, 4.30" high x 6.70" wide x 1.40" deep brake/tail lights with red LEDs Two (2) Whelen, Model M62T, 4.30" high x 6.70" wide x 1.40" deep directional lights with amber LEDs. The directional lights will be set to Steady On (Arrow) flash pattern. The lens color(s) to be the same as the LEDs.	
0806466	Lights, Backup, Wln M62BU, LED, For Tail Lt Housing	There will be two (2) Whelen Model M62BU, LED backup lights provided in the tail light housing.	
0889577	Bracket, License Plate & Light, P25 LED, Stainless Brkt	LICENSE PLATE BRACKET One (1) license plate bracket constructed of stainless steel will be provided at the rear of the apparatus. One (1) white LED light with chrome housing will be provided to illuminate the license plate. A stainless steel light shield will be provided over the light that will direct illumination downward, preventing white light to the rear.	
0556842	Bezels, Wln, (2) M6 Chrome Pierce, For mtg (4) Wln M6 lights	LIGHTING BEZEL There will be two (2) Whelen, Model M6FCV4P, four (4) place chromed ABS housings with Pierce logos provided for the rear M6 series stop/tail, directional, back up, scene lights or warning lights.	
0589905	Alarm, Back-up Warning, PRECO 1040	BACK-UP ALARM A PRECO, Model 1040, solid-state electronic audible back-up alarm that actuates when the truck is shifted into reverse will be provided. The device will sound at 60 pulses per minute and automatically adjust its volume to maintain a minimum ten (10) dBA above surrounding environmental noise levels.	

0768459	Lights, Perimeter Cab, Amdor AY-LB-12HW012 LED 4Dr, Pwr Step, Vel/Imp	CAB PERIMETER SCENE LIGHTS There will be four (4) Amdor Model AY-LB12HW012, 190 lumen, 12.00" LED weatherproof strip lights with brackets provided under the cab and crew cab access areas: One (1) for the driver's access. One (1) for the passenger's side front cab access door. One (1) for the passenger's side crew cab access door. One (1) for the driver's side crew cab access door. These lights will be activated automatically when the battery switch is on and the exit doors are opened or by the same means as the body perimeter scene lights.	AGENDA ITEM NO. 28.
0769559	Lights, Perimeter Pump House, Amdor AY-LB-12HW012 LED 2lts	PUMP HOUSE PERIMETER LIGHTS There will be two (2) Amdor, Model AY-LB12HW012, 190 lumens each, 12.00" LED weatherproof strip lights with brackets provided under the pump panel running boards, centered front to rear as much as possible, one (1) each side. The lights will be activated when the battery switch is on, and controlled by the same means as the body perimeter lights.	
0768498	Lights, Perimeter Body, Amdor AY-LB-12HW020 LED 1lt, Turntable Access	BODY PERIMETER SCENE LIGHTS There will be one (1) Amdor®, Model AY-LB-12HW020, 20.00" 12 volt DC LED strip light provided under the side turntable access steps. The perimeter scene lights will be activated when a switch within reach of the driver is activated and the parking brake is applied.	
0896454	Enhanced Software for Perimeter Lts	ENHANCED SOFTWARE FOR PERIMETER LIGHTS All perimeter lights will be deactivated when the parking brake is released unless alternate control is selected. The cab and crew cab perimeter lights will remain on for ten (10) seconds for improved visibility after the doors closed.	
0557322	Lights, Step, P25 at Rear Tailboard, PUC, 4lts Perm Lts	STEP LIGHTS There will be four (4) white LED step lights provided at the rear to illuminate the tailboard/step area. These step lights will be actuated with the perimeter scene lights. All other steps on the apparatus will be illuminated per the current edition of applicable NFPA standards.	
0749399	Light, Visor Mt, Wln S72M**, 72" Cnt Feature	12 VOLT LIGHTING There will be a Whelen® Model S72M**, 72.00" long 32,400 lumens DC powered light provided on visor bracket(s) hanging off the front of the cab roof over the windshield. The painted parts of this light assembly to be white. The light will include the following: White scene LEDs Two (2) amber LED modules as clearance lights Three (3) amber LED modules as identification lights Four (4) additional LED modules. The additional additional modules to be four (4) scene light modules with white LEDs. The clearance and identification LEDs will be activated with the headlight switch. The scene LEDs will be activated when the battery switch is on and by a switch at the driver's side switch panel and by a switch at the passenger's side switch panel is on. There will be a switch in the cab on the switch panel to control the flashing or spot LED modules. Amber flashing LED modules will be deactivated when the parking brake is released. The white scene and flashing LED modules may be load managed when the parking brake is applied.	
0889662	Lights, Wln, S16*M* 16.37" 12VDC, Brkt Fet 2nd	12 VOLT DC SCENE LIGHTS There will be one (1) Whelen® Model S16*M*, 6,480 lumens, 2.48" high x 16.37" wide x 2.15" deep 12 volt DC light(s) with white, amber LEDs and flood optics provided on the cab located, PS - Roof, Centered on PS EMS Compartment Door. The light(s) to be installed directly to the roof of the cab. The painted parts of this light assembly to be white. The scene LEDs will be controlled by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the passenger's side scene light(s). The marker light included in this light housing to be energized with the headlight switch. These light(s) may be load managed when the parking brake is applied.	

0889664	Lights, WIn, S16*M* 16.37" 12VDC, Brkt Fet 1st	12 VOLT DC SCENE LIGHTS There will be one (1) Whelen® Model S16*M*, 6,480 lumens, 2.48" high deep 12 volt DC light(s) with white, amber LEDs and flood optics provided on the roof, Centered on DS EMS Compartment Door. The light(s) to be installed directly to the roof of the cab. The painted parts of this light assembly to be white. The scene LEDs will be controlled by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the driver's side scene light(s). The marker light included in this light housing to be energized with the headlight switch. These light(s) may be load managed when the parking brake is applied.	AGENDA ITEM NO. 28.
0748793	Lights, WIn, S44M** 44" 12VDC, RS Body	12 VOLT LIGHTING There will be one (1) Whelen® Model S44M**, 19,440 lumens 44.00" 12 volt DC light(s) with white LEDs provided on the right side of the body located, RS Body - Centered above RS4 on outside edge of catwalk. The painted parts of this light assembly to be white. The light(s) will include the following: 10 scene light modules with white LEDs - Three (3) amber LEDs as marker lights - Two (2) additional LED modules. The additional modules to be two (2) warning light modules with red LEDs. The lights will be activated per the following: The amber marker lights to be steady burning when the headlight switch is on. The scene LEDs will be controlled by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the passenger's side scene light(s). There will be a switch in the cab on the switch panel to control the flashing warning LED modules when selected. The light(s) may be load managed when the parking brake is applied.	
0748795	Lights, WIn, S44M** 44" 12VDC, LS Body	12 VOLT LIGHTING There will be one (1) Whelen® Model S44M**, 19,440 lumens 44.00" 12 volt DC light(s) with white LEDs provided on the left side of the body located, LS Body - Centered above LS3 on outside edge of catwalk. The painted parts of this light assembly to be black. The light(s) will include the following: 10 scene light modules with white LEDs - Three (3) amber LEDs as marker lights - Two (2) additional LED modules. The additional modules to be two (2) warning light modules with red LEDs. The lights will be activated per the following: The amber marker lights to be steady burning when the headlight switch is on. The scene LEDs will be controlled by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the driver's side scene light(s). There will be a switch in the cab on the switch panel to control the flashing warning LED modules when selected. The light(s) may be load managed when the parking brake is applied.	
0772848	Lights, WIn, S16*M* 16" 12VDC, 2nd	12 VOLT LIGHTING There will be one (1) Whelen® Model S16*M*, 6,480 lumens 16.00" 12 volt DC light(s) with white LEDs in flood optics provided on the body located, Centered on top of crosslay module RS, Facing outward. The painted parts of this light assembly to be white. The scene LEDs will be activated by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the passenger's side scene light(s). These light(s) may be load managed when the parking brake is applied.	
0772850	Lights, WIn, S16*M* 16" 12VDC, 1st	12 VOLT LIGHTING There will be one (1) Whelen® Model S16*M*, 6,480 lumens 16.00" 12 volt DC light(s) with white LEDs in flood optics provided on the body located, Centered on top of crosslay module LS, Facing outward. The painted parts of this light assembly to be white. The scene LEDs will be activated by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the driver's side scene light(s). These light(s) may be load managed when the parking brake is applied.	
0898617	Lights, Hose Bed, Sides, Dual Strips, 45 Ends	HOSE BED LIGHTS There will be two (2) sets of 12 volt DC light strips with white LEDs provided to illuminate the hose bed and under the turntable per the following: - One (1) set of lights installed on the left side of the hose bed. - One (1) set of lights installed on the right side of the hose bed. There will be a 16 gauge bright stainless steel overhead cover with 45 degreed ends provided over the lights to protect the lights from the hose and the hose from damaging snags. The lights will be activated by a cup switch at the rear of the apparatus no more than 72.00" from the ground.	

0831927	Lights, Rear Scene, Wln, MPP**S Micro Pioneer LED, Ped/Swivel, 2Lts	REAR SCENE LIGHTS There will be two (2) Whelen®, Model MPP**S, with painted parts of the white LED floodlights and an on/off switch. Each light will be provided with a pedestal/swivel mount provided at the rear of the apparatus. The lights will be controlled by a switch at the driver's side switch panel, by a switch at the passenger's side switch panel, by a switch at the driver's side pump panel and by a cup switch at the driver's side rear bulkhead.	AGENDA ITEM NO. 28.
0709438	Lights, Walk Surf, FRP Flood, LED	WALKING SURFACE LIGHT There will be Model FRP, 4.00" round black 12 volt DC LED floodlight(s) with bolt mount provided to illuminate the entire designated walking surface on top of the body. The light(s) will be activated when the body step lights are on.	
0788426	Aerial, HD Ladder 107' ASL Tandem, PUC, Alum Body		
0554269	Body Skirt Height, 18"		
0618437	Tank, Water, 500 Gallon, Poly, Ascendant TA, PAL, 3" Notch, HB on Side, PUC	WATER TANK It will have a capacity of 500 gallons and will be constructed of polypropylene plastic in an L-shape with a notch for hose storage. The joints and seams will be nitrogen welded inside and out. The tank will be baffled in accordance with the current edition of applicable NFPA standards. The baffles will have vent openings at both the top and bottom of each baffle to permit movement of air and water between compartments. The longitudinal partitions will be constructed of .38" polypropylene plastic and extend from the bottom of the tank through the top cover to allow positive welding. The transverse partitions extend from 4" off the bottom to the underside of the top cover. All partitions interlock and will be welded to the tank bottom and sides. The tank top will be constructed of .50" polypropylene. It will be recessed .38" and will be welded to the tank sides and the longitudinal partitions. It will be supported to keep it rigid during fast filling conditions. Construction will include 2.00" polypropylene dowels spaced no more than 30.00" apart and welded to the transverse partitions. Two of the dowels will be drilled and tapped (.50" diameter, 13.00" deep) to accommodate lifting eyes. A sump will be provided at the bottom of the water tank. The sump will include a drain plug and the tank outlet. Tank will be installed in a fabricated "cradle" assembly constructed of structural steel. Sufficient crossmembers are provided to properly support bottom of tank. Crossmembers are constructed of steel bar channel or rectangular tubing. Tank "floats" in cradle to avoid torsional stress caused by chassis frame flexing. Rubber cushions, .50" thick x 3.00" wide, will be placed on all horizontal surfaces that the tank rests on. Stops are provided to prevent an empty tank from bouncing excessively while moving vehicle. Tank mounting system is approved by the manufacturer.	
0003405	Overflow, 4.00" Water Tank, Poly	Fill tower will be constructed of 0.50" polypropylene and will be a minimum of 8.00" wide x 14.00" long. Fill tower will be furnished with a 0.25" thick polypropylene screen and a hinged cover. An overflow pipe, constructed of 4.00" schedule 40 polypropylene, will be installed approximately halfway down the fill tower and extend through the water tank and exit to the rear of the rear axle.	
0028104	Foam Cell Required		
0003429	Not Required, Direct Tank Fill		
0751747	Hose Bed, Aluminum, 2G Aerial	HOSE BED The hose bed will be fabricated of .125"-5052-H32 aluminum with a nominal 31,000 psi tensile strength. The sides will not form any portion of the fender compartments. The hose bed will be located ahead of the ladder turntable. Hose removal will be at the rear of the body via "chutes" under the turntable on the right side. Each chute will be enclosed with a full height smooth aluminum. There will be a flush lift and turn latch, and a pneumatic cylinder at the top of the door (if applicable). The hose bed flooring will consist of removable aluminum grating with a top surface that is corrugated to aid in hose aeration. The grating slats will be 0.50" x 4.50" with spacing between slats for hose ventilation.	
0723547	Painted Hose Bed/Cargo Area	The hose bed/cargo area interior will be painted to match the lower body color.	
0003492	Hose Bed Capacity, Special Amount, Ascendant, 100AAT, PAP, PAL	Hose capacity will be a minimum of 600' of 5" hose in 50' lengths.	
0581819	Hose Restraint, Hose Bed, Vinyl, Top, Aerial	HOSE BED HOSE RESTRAINT A black hose bed cover will be furnished with quarter turn fasteners at the front and quarter turn fasteners on the sides.	

0670766	Running Boards, Flip Out, PUC, Aerial	RUNNING BOARDS A running board will be provided on each side of the front body to allow access to the backboard/crosslay storage area. The running boards will be designed with a grip pattern punched into .125" bright aluminum treadplate material providing support, slip resistance, and drainage. The runningboard will have a flip out section design that allows easier access to the full width equipment area above. The flip out section will be tied to the "do not move truck indicator" with a sensor when it is flipped out. There will be a latch provided that secures the flip out section when not in use. HANDRAILS The handrails will be 1.25" diameter anodized aluminum extrusion, with a ribbed design, to provide a positive gripping surface. Chrome plated end stanchions will support the handrail. Plastic gaskets will be used between end stanchions and any painted surfaces. Drain holes will be provided in the bottom of all vertically mounted handrails. - Two (2) handrails will be provided, one above each running board.	AGENDA ITEM NO. 28.
0735587	Turntable Steps-Morton Cass, Swing Down,LS,w/Rsd Ped,Ascend TA,PAL,PAP,Handhd Cut	TURNTABLE STEPS Steps to access the turntable from the left side will be provided just behind the compartmentation. No bottom flip step to be provided. The bottom step will have a step height not exceeding 24.00" from the ground to the top surface of the step at any time. All steps will have a height no greater than 14.00" from top surface to top surface. The steps will be a swing-down design, with the stepping area made of Morton Tread-Grip® channel. The stepwell will be lined with bright aluminum treadplate to act as scuffplates. The steps will be connected to the "Do Not Move Truck" indicator. A knurled aluminum handrail will be provided on each side of the access steps. A hand hold will be provided in the left and right side of each access step.	
0889980	Lights, Step (3), P25 LED, One Side	STEP LIGHTS There will be three (3) white P25 LED step lights provided for the aerial turntable access steps. In order to ensure exceptional illumination, each light will provide a minimum of 25 foot-candles (fc) covering an entire 15" x 15" square placed ten (10) inches below the light and a minimum of 1.5 fc covering an entire 30" x 30" square at the same ten (10) inch distance below the light. The step lights will be activated by when the aerial master switch is activated.	
0690023	Wall, Rear, Smooth Aluminum	SMOOTH ALUMINUM REAR WALL The rear wall will be smooth aluminum.	
0029503	Tow Eyes (2), Painted Lower Job Color, Aerial	TOW EYES Two (2) rear painted tow eyes will be located at the rear of the apparatus and will be mounted directly to the torque box. The inner and outer edges of the tow eyes will be radiused. Each tow eye will be rated for 9000lb and painted to match the lower job color.	

0013641	Construction, Compt, Alum, Ascendant Tandem, PAL	COMPARTMENTATION Compartmentation will be fabricated of 0.125" 5052 aluminum. The side body will be an integral assembly with the rear fenders. Fully enclosed rear wheel house will be provided to prevent rust pockets and for ease of maintenance. Due to the severe loading requirements of the aerial, a method of compartment body support suitable for the intended load will be provided. The backbone of the support system will be the chassis frame rail, which is the strongest component of the chassis and is designed for sustaining maximum loads. A support system will be used which will incorporate a floating substructure by using Neoprene Elastomer isolators to allow the body to remain rigid while the chassis goes through its natural flex. The isolators will have a broad range of proven viability in vehicular applications, be of a fail safe design, and allow for all necessary movement in three (3) transitional and rotational modes. This will result in a 500 lb equipment rating for each lower compartment of the body. The compartmentation in front of the rear axle will include a 3.00" steel support assemblies which are bolted to the chassis frame rails. A steel framework will be mounted to the body above these support assemblies connected to the support assemblies with isolators. There will be one (1) support assembly mounted to each chassis frame rail. The compartmentation behind the rear axle will include 3.00" steel support assemblies which are bolted to the chassis frame rails and extend underneath to the outside edge of the body. The support assembly will be coated to isolate the dissimilar metals before it is bolted to the body. There will be one (1) support assembly mounted to each chassis frame rail. Compartment flooring will be of the sweep out design with the floor higher than the compartment door lip. The compartment door openings are framed by flanging the edges in 1.75" and bending out again 0.75" to form an angle. Drip protection is provided over all door openings by means of bright aluminum extrusion or formed bright aluminum treadplate. Side compartment tops will be covered with bright aluminum treadplate with a 1.00" rolled over edge on the front, rear and outward side. The covers are fabricated in one (1) piece and have the corners welded. A bright aluminum treadplate cover will be provided on the front wall of each side compartment. All screws and bolts which protrude into a compartment will have acorn nuts at the ends to prevent injury. The body design has been fully tested. Proven engineering and test techniques such as finite element analysis, model analysis, stress coating and strain gauging have been performed with special attention given to fatigue life and structural integrity of the compartment body and substructure. AGGRESSIVE WALKING SURFACE All exterior surfaces designated as stepping, standing, and walking areas will comply with the required average slip resistance of the current NFPA standards. LOUVERS All body compartments will have a minimum of one (1) set of louvers stamped into a wall to provide the proper airflow inside the compartment and to prevent water from dripping into the compartment. These louvers will be formed into the metal and not added to the compartment as a separate plate.	AGENDA ITEM NO. 28.
0063685	Compt, LS F/H F/D, Dbl Drs, w/o Chute, Ascendant Tandem, 105 HDL, 100 HAL	LEFT SIDE COMPARTMENTATION A full height double door compartment ahead of the rear wheels will be approximately 41.75" wide x 64.00" high x 24.25" deep with a door opening of approximately 40.00" wide x 60.50" high. One (1) double door compartment above the fender compartments and over the rear axles will be provided. The compartment will be approximately 72.13" wide x 33.25" high x 24.25" deep inside with a door opening of approximately 65.00" wide x 29.62" high. A compartment with a single pan smooth aluminum painted to match the upper body color door will be located above the front stabilizer. The door will be hinged on the top with pneumatic cylinder(s) with a flush lift and turn latch. The compartment will be approximately 18.00" wide x 23.00" high x 24.25" deep with a door opening of approximately 12.00" wide x 15.75" high.	
0120828	Compt, LS Turntable, F/H F/D, Lap Drs, Ascendant TA, 105', 8" Rsd, 100 HAL	A full height double door compartment behind the rear wheels will be approximately 43.75" wide x 57.25" high x 21.25" deep with a clear door opening will be approximately 42.00" wide x 53.75" high. One (1) compartment below the turntable with a lift-up door will be provided. The compartment will be approximately 39.38" wide x 26.38" high x 21.25" deep inside with a door opening of approximately 35.00" wide x 22.88" high.	
0023672	Compt, IPO Stairs, Not Required, LS		
0780433	Compt, RS F/H F/D Frt, Dbl Drs, Ascend TA, 105', 100 HAL	RIGHT SIDE COMPARTMENTATION A full height double door compartment ahead of the rear wheels will be 41.75" wide x 64.00" high x 24.25" deep inside with a door opening of 40.00" wide x 60.50" high. One (1) double door compartment will be provided above the fender compartments and over the rear axles. The compartment will be 72.13" wide x 33.25" high x 12.00" deep inside with a door opening of 65.00" wide x 29.62" high. A compartment with a single pan smooth aluminum painted to match the upper body color door will be located above the front stabilizer. The door will be hinged on the top with pneumatic cylinder(s) with a flush lift and turn latch. The compartment will be approximately 18.00" wide x 23.00" high x 24.25" deep with a door opening of approximately 12.00" wide x 15.75" high.	
0120840	Compt, RS Turntable, F/H, Lap Drs, Ascendant Tandem, 105', 8" Rsd, 100 HAL	A full height double door compartment, behind the rear wheels, will be 43.75" wide x 57.25" high x 21.25" deep inside the lower 29.75" and 12.00" in the upper portion with a door opening of 42.00" wide x 53.75" high. A compartment below the turntable with a lift-up door will be 39.38" wide x 26.38" high x 12.00" deep inside with a door opening of 35.00" wide x 22.88" high.	

0023670	Compt, IPO Stairs RS, Lap Door	RIGHT SIDE COMPARTMENT IN PLACE OF TURNTABLE STEPS A single door compartment in place of turntable stairs 12.00" deep x 24" high will be provided inside with a clear door opening of 16.50" wide x 45.75" high will be provided.	AGENDA ITEM NO. 28.
0666799	Doors, Lap with Amdor Rollup Pump Operator's Compt, Aluminum, Side Comp, PUC	SIDE COMPARTMENT DOORS All hinged compartment doors will be lap style with double panel construction and fabricated of .09" 5052H32 aluminum. Doors will be a minimum of 1.50" thick. To provide additional door strength, a C section reinforcement will be installed between the outer and interior panels. Doors will be provided with a closed cell rubber gasket around the surface that laps onto the body. A second heavy-duty automotive rubber molding with a hollow core will be installed on the door framing that seals onto the interior panel, to ensure a weather resisting compartment. All compartment doors will have polished stainless steel continuous hinge with a pin diameter of .25", that is bolted or screwed on with stainless steel fasteners. A dielectric substance will be applied to each hinge fastener. All door lock mechanisms will be fully enclosed within the door panels to prevent fouling of the lock in the event equipment inside shifts into the lock area. Doors will be latched with recessed, polished stainless steel D ring handles and Eberhard 106 locks. To prevent corrosion caused by dissimilar metals, compartment door handles will not be attached to outer door panel with screws. A rubber gasket will be provided between the D ring handle and the door. ROLL-UP DOOR A roll-up door will be installed on the compartment housing the pump operator's panel. The door will be double faced, aluminum construction, painted one (1) color to match the lower portion of the body and manufactured by AMDOR™ brand roll-up doors. The door will be constructed using 1.00" extruded double wall aluminum slats which will feature a flat smooth interior surface to provide maximum protection against equipment hang-up. The slats will be connected with a structural driven ball and socket hinge designed to provide maximum curtain diaphragm strength. Mounting and adjusting the curtain will be done with a clip system that connects the curtain to the balancer drum allowing for easy tension adjustment without tools. The slats will be mounted in reusable slat shoes with positive snap-lock securement. Each slat will incorporate weather tight recessed dual durometer seals. One (1) fin will be designed to locate the seal within the extrusion. The second will serve as a wiping seal which will also allow for compression to prevent water ingress. The door will be mounted in a one (1)-piece aluminum side frame with recessed side seals to minimize seal damage during equipment deployment. All seals including side frames, top gutters and bottom panel are to be manufactured utilizing non-marring materials. Bottom panel flange of roll-up door will be equipped with two (2) cut-outs to allow for easier access with gloved hands. A polished stainless steel lift bar with locking key latches to be provided for each roll-up door. The keys to be Model 751 to match all compartment and cab doors. The lift bar will be located at the bottom of door with striker latches installed at the base of the side frames. Side frame mounted door strikers will include support beneath the stainless steel lift bar to prevent door curtain bounce, improve bottom seal life expectancy and to avoid false door ajar signals. All injection molded roll-up door wear components will be constructed of Type 6 nylon. Each roll-up door will have a 3.00 inch diameter balancer/tensioner drum to assist in lifting the door. The header for the roll-up door assembly will not exceed 4.00". A heavy-duty magnetic switch will be used for control of open compartment door warning lights.	
0540787	Stabilizer Compartment, Modified for 18" Stabilizer Penetration	BODY MODIFICATION FROM STANDARD The compartment above the stabilizers (if applicable) will be decreased due to deeper stabilizer depth. The height of the compartment will decrease 4.00" and the compartment door will move up 4.00" higher. The stabilizer frame opening as well as the stabilizer pan will be increased in height by 6.00".	
0556162	Not Req'd, Compt Blister in Front of Rear Axle		
0018820	Bumper, Rear, 5" w/Treadplate Cover, Ascendant Tandem, PAP, PAL RMAP	REAR BUMPER A 5.00" rear bumper will be furnished. Bumper will be constructed of steel framework and will be covered with polished aluminum treadplate. The bumper will be 4.00" deep x 5.00" high and will be spaced away from the body approximately 1.00". It will extend the full width of the body.	
0650792	Scuffplate, S/S Around Air Bottle Compt Openings, Qty	SCUFFPLATE Six (6) scuffplates will be furnished around the opening for the air bottle compartment(s). The scuffplate(s) will be constructed of polished stainless steel and provided for the 3- RS Fender Compartments 3- LS Fender Compartments air bottle compartment(s).	
0689663	Location, Handle, Free Door	RELEASE HANDLE, FREE DOORS The release handle for the free door on LS4 compartment door(s) will be located High enough on door so not to interfere with Floor Mounted Drawer Assemble. There will be a total of one (1) compartment door release handles specially located.	
0505888	Keyed Locks for Latches, Lap Doors (#751 Lock)	KEYED LOCK(S) There will be ten (10) compartment doors that require a keyed lock. The compartments to have a keyed lock will be RS1, RS2, RS3, RS4, RS5, RS7, LS1, LS2, LS3, and LS4.	

0732709	Pull Strap for Rollup Doors, Special Length	ROLLUP DOOR PULL STRAPS two (2) compartment doors will be provided with pull straps. The pull straps will be black and orange in color. The straps will be installed directly to the inside of the rollup door. The rollup door compartments to have these straps will be Crosslay Door LS, Crosslay Door RS.	AGENDA ITEM NO. 28.
0003919	Reverse Hinge Compartment Door	REVERSE HINGED DOOR The one (1) compartment door, located on the RS7 compartment(s), will have the hinge located opposite of the standard location.	
0004012	Scuffplate, Polished S/S, Inside Each Compartment Door	SCUFFPLATE ON INTERIOR OF COMPARTMENT DOOR(S) The 16 compartment doors will include a polished stainless steel scuffplate to cover the entire width and height on the inside panel of each door pan. Scuffplate will be located RS1, RS2(2), RS3, RS4(2), RS5(2), RS7, LS1(2), LS2, LS3(2), LS4(2).	
0659353	Lights, Compt, Amdor AY-9220 LED, Dual Lt Strip	COMPARTMENT LIGHTING There will be ten (10) compartments with Amdor, Model AY9220, white 12 volt DC LED compartment light strips. The lights will be mounted with mechanical fasteners. There will be two (2) strip lights installed vertically in each compartment opening per the latest NFPA requirements. The lights will be activated when the battery switch is on and the respective compartment door is opened.	
0889727	Light, P25 LED, Compartment	COMPARTMENT LIGHT There will be one (1) white 12 volt DC LED light(s) with chrome housing provided in the driver side hose chute compartment. Match Job 33607. The light(s) will be controlled when the compartment door where the light(s) are installed is open.	
0603420	Shelf Tracks, Painted, Aerial	MOUNTING TRACKS There will be six (6) sets of tracks for mounting shelf(s) in LS1, LS3, LS4, RS1, RS4 and RS7. These tracks will be installed vertically to support the adjustable shelf(s) and will be full height of the compartment. The tracks will be painted to match the compartment interior.	
0600289	Shelves, Adj, 500 lb Capacity, Full Width/Depth, Predefined Locations, Aerial	ADJUSTABLE SHELVES There will be nine (9) shelves with a capacity of 500 lb provided. The shelf construction will consist of .188" aluminum painted spatter gray with 2.00" sides. Each shelf will be infinitely adjustable by means of a threaded fastener, which slides in a track. The shelves will be held in place by .12" thick stamped plated brackets and bolts. The location(s) will be in RS4 centered between the floor and the ceiling, in RS7 in the lower third, in RS7 in the upper third, in RS1 in the upper third, in RS7 centered between the floor and the ceiling, in LS4 centered between the floor and ceiling, in LS1 in the lower third, in LS4 in the upper third and in LS1 in the upper third.	
0638569	Shelves, Fixed, 500 lb Capacity, Full Width/Depth, Painted Spatter Gray	FIXED SHELVES There will be one (1) shelf with a capacity of 500 lb provided. The shelf construction will consist of .188" aluminum with 2.00" sides. Each shelf will be painted spatter gray to match the compartment interior. Each shelf will be fixed in its location in the compartment. The shelves will be held in place by .12" thick stamped plated brackets and bolts or angles bolted to the compartment as the engineer or shop floor see fit. The location will be LS4 - On top of C-Tech Drawer Assembly.	
0709690	Tray, 250 lb Slide-out, 2" Sides - Adj. Height, Predefined Locations	SLIDE-OUT ADJUSTABLE HEIGHT TRAY There will be one (1) slide-out tray provided. Each tray will have 2.00" high sides and a minimum capacity rating of 250 lb in the extended position. Each tray will be constructed of aluminum painted spatter gray. Each tray will be mounted on a pair of side mounted slides. The slide mechanisms will have ball bearings for ease of operation and years of dependable service. The slides will be mounted to shelf tracks to allow the tray to be adjustable up and down within the designated mounting location. An automatic lock will be provided for both the in and out tray positions. The lock trip mechanism will be located at the front of the tray and will be easily operated with a gloved hand. The location(s) will be determined at a later date and in LS4 in the lower third.	

0709692	Tray, 215 lb, Tilt/Slide-Out, 30 Deg, Adj, Predefined Locations	SLIDE-OUT/TILT-DOWN TRAY There will be one (1) slide-out tray provided. The bottom of each tray will be constructed of 0.188" thick aluminum plate. The tray sides, ends, and backer. The corners will be welded to form a rigid unit. A spring loaded lock will be provided on each side at the front of the tray. Releasing the locks will allow the tray to slide out approximately two-thirds (2/3) of its length from the stowed position and tip 30 degrees down from horizontal. The tray will be equipped with ball bearing rollers for smooth operation. Rubber padded stops will be provided for the tray in the extended position. The capacity rating of the tray will be a minimum of 215 lb in the extended position. The vertical position of the tray within the compartment will be adjustable. The location(s) will be in LS3 in the lower third.	AGENDA ITEM NO. 28.
0647045	Tray, Floor Mounted, Slide-Out, Full Width/Full Depth, 500lb, 2.00" Sides, 2G	SLIDE-OUT FLOOR MOUNTED TRAY There will be one (1) floor mounted slide-out tray(s) with 2.00" sides provided. Each tray will be rated for up to 500lb in the extended position. The tray(s) will be constructed of a minimum .13" aluminum. The finish will be painted spatter gray. The trays will be designed for maximum compartment width and depth. There will be two undermount-roller bearing type slides rated at 250lb each provided. The pair of slides will have a safety factor rating of 2. To ensure years of dependable service, the slides will be coated with a finish that is tested to withstand a minimum of 1,000 hours of salt spray per ASTM B117. To ensure years of easy operation, the slides will require no more than a 50lb force for push-in or pull-out movement when fully loaded after having been subjected to a 40 hour vibration (shaker) test under full load. The vibration drive file will have been generated from accelerometer data collected from a heavy truck chassis driven over rough gravel roads in an unloaded condition. Proof of compliance will be provided upon request. Automatic locks will be provided for both the "in" and "out" positions. The trip mechanism for the locks will be located at the front of the tray for ease of use with a gloved hand. The location(s) will be RS7.	
0725646	Cabinet, Drawer Assembly, CTECH, Two Drawers, Up To 48" Wide, 24" Deep	DRAWER ASSEMBLY A slide-out drawer assembly will be installed LS4, Floor Mounted. The clear dimensions of the first drawer starting at the top will be 6.00" with a face plate that is 7.00" high x 21.00" deep. The clear dimensions of the second drawer will be 5.75" with a face plate that is 6.00" high x 21.00" deep. Each drawer will be the same width and not exceed 48.00". The drawers will have a capacity of 250 pounds. The drawers will be mounted in a cabinet housing constructed of light gray powder coated aluminum with anodized aluminum frames. The housing will be 24.00" deep, and completely enclose the drawer. A full-length aluminum extruded rail will be provided at the top edge of each drawer. This rail will act as the latching mechanism as well as the handle for each drawer. There will be a total of one (1) provided.	
0721316	Partition, Vertical Compt, Special Location	VERTICAL COMPARTMENT PARTITION There will be one (1) vertical partition(s) provided in the RS5 compartment Full Height and Full Depth of Compartment RS5. 12" From Left Wall of Compartment. Please match Job 33607.. The partition construction will consist of body material painted spatter gray.	
0542387	Compt, IPO Chute, Rear Access, Tandem Axle, Smooth Alum Door	COMPARTMENT IPO HOSE CHUTE There will be one (1) compartment(s) located on the Left side of ladder storage compartment side of the body at the rear, in place of the hose chute. Each compartment will be approximately 10.00" wide x 46.00" deep. The rear 22.50" of length will be 16.00" high. The remaining forward length will be 14.00" high. Each compartment will have a smooth aluminum lift up door with a lift and turn latch.	
0004016	Rub Rail, Aluminum Extruded, Side of Body	RUB RAIL Bottom edge of the side compartments will be trimmed with a bright aluminum extruded rub rail. Trim will be 2.12" high with 1.38" flanges turned outward for rigidity. The rub rails will not be an integral part of the body construction, which allows replacement in the event of damage.	
0802978	Fender Crowns, Rear, S/S, w/Removable Fender Liner, Aerial, 2G, Two Pair	BODY FENDER CROWNS Polished stainless steel fender crowns will be provided around the rear wheel openings with a dielectric barrier will be provided between the fender crown fasteners (screws) and the fender sheet metal to prevent corrosion. The fender crowns will be held in place with stainless steel screws that thread directly into a composite nut and not directly into the parent body sheet metal to eliminate dissimilar metals contact and greatly reduce the chance for corrosion. Rubber welting will be provided between the body and crown. BODY FENDER LINER A aluminum painted to match the lower body color fender liner will be provided. The liners will be removable to aid in the maintenance of rear suspension components.	

0519849	Not Required, Hose, Hard Suction	HARD SUCTION HOSE Hard suction hose will not be required.	AGENDA ITEM NO. 28.
0527021	Handrails Located @ Front Body	HANDRAILS The handrails will be 1.25" diameter knurled aluminum to provide a positive gripping surface. Chrome plated end stanchions will support the handrail. Plastic gaskets will be used between end stanchions and any painted surfaces. Drain holes will be provided in the bottom of all vertically mounted handrails. Handrails will be located on the front of the body in positions needed to meet NFPA requirements.	
0802986	Compt, Air Bottle, Between Tandems, Four (4) Bottles, w/ Straps, Bolt-In, Aerial	FOUR AIR BOTTLE STORAGE COMPARTMENT A total of one (1) air bottle compartment will be provided and located on the right side, centered between the tandem rear wheels. The air bottle compartment will consist of individual bins each designed to hold an air bottle with a maximum diameter of 7.63" and a maximum depth of 26.00". Each compartment will hold a total of four (4) air bottles. The compartment will accommodate three (3) bottles across the top and one (1) centered below. The bottom air bottle will be accessible only when the top center bottle is removed and the hinged partition over the bottom bottle is lifted up. Each bottle will be separated by a partition. A drop down door with support cables with pair of flush lift & turn latches will be provided for each compartment. The door will be painted to match the lower body stainless steel. The door will be flanged on all non-hinged sides. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. Inside the compartment there will be a drain hole and black Dura-Surf friction reducing material. Air Bottle Compartment Strap Straps will be provided in the air bottle compartment(s) to help contain the top three (3) air bottles. The straps will wrap around the neck of each bottle and attach to the wall of the compartment.	
0804249	Compt, Equipment/Air Pack, Between Tandems, Bolt-In, Aerial	EQUIPMENT STORAGE A total of one (1) compartment(s) will be provided and located on the left side, centered between the tandem rear wheels. The compartment(s) will be approximately 16.00" wide at the top x 8.00" wide at the bottom with tapered sides. The compartment(s) will be approximately 12.00" high x 26.00" deep. A drop down door with rubber bumpers and a chrome plated flush lift & turn latch will be provided for each compartment. The door will be painted to match the lower body stainless steel. Inside the compartment there will be a drain hole and black Dura-Surf friction reducing material. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal.	
0806865	Compt, Air Bottle, Two Bottles, Fender Corner, Bolt-In, Tandem Aerials	CORNER FENDER PANEL DOUBLE AIR BOTTLE STORAGE A total of one (1) air bottle compartment will be provided in the upper corner(s) of the fender located on the right side rearward of the rear wheels. The air bottle compartment(s) will be in the form of a round tube (7.75" diameter maximum) and of adequate depth (26.00" maximum) to accommodate different size air bottles. The tubes will be mounted separately in a diagonal fashion, one above the other. A triangular shaped vertically hinged door and a chrome plated flush lift & turn latch will be provided for each compartment. The door will be painted to match the lower body stainless steel. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. Inside the compartment, black rubber matting and a drain hole will be provided.	
0780893	Compt, Extinguisher (2), Fender Panel, Tri Door, Bolt-In, Ascend Single, TA Aerials	TRIANGULAR EXTINGUISHER STORAGE A total of one (1) extinguisher storage compartment(s) will be provided on the right side ahead of the rear wheel. The triangular shaped compartment will be sized to fit two (2) extinguishers, each with a maximum diameter of 7.50" and an overall width of 11.00". A partition will be provided to separate the extinguishers. Inside the compartment, black Dura-Surf friction reducing material will be provided. The compartment will be furnished with a drain hole. A painted to match the lower body stainless steel, triangular shaped door with a chrome plated flush lift & turn latch will be provided to contain the extinguishers. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. Extinguisher Compartment Strap A strap will be provided in the extinguisher compartment to help contain the extinguisher when the vehicle is parked on an incline. The strap will wrap around the neck and attach to the wall of the compartment.	
0805714	Compt, Air Bottle, Single, Round, Fender, Tri Door w/Fuel, Bolt-In, Tandem Aerials	SINGLE AIR BOTTLE STORAGE COMPARTMENT A quantity of one (1) air bottle compartment, approximately 7.75" in diameter x 26.00" deep, will be provided on the left side rearward of the rear wheels. The triangular door to cover the air bottle opening and the fuel tank access. A painted to match the lower body stainless steel door with a chrome plated flush lift & turn latch will be provided to contain the air bottle. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. Inside the compartment, black rubber matting will be provided.	

0806235	Compt, Air Bottle, Single, Round, Fender, Tri Door w/DEF, Bolt-In,Tandem Aerials	SINGLE AIR BOTTLE STORAGE COMPARTMENT A quantity of one (1) air bottle compartment, 7.75" in diameter x 26.00" the left side forward of the rear wheels. The triangular door to cover the DEF tank access. A painted to match the lower body stainless steel door with a chrome plated flush lift & turn latch will be provided to contain the air bottle. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. Inside the compartment, black rubber matting will be provided.
AGENDA ITEM NO. 28.		
0816909	Ladder, Extension, Provided by Fire Department, NFPA/ULC 2024	EXTENSION LADDERS PROVIDED BY FIRE DEPARTMENT The extension ladder is not on the apparatus as manufactured. There will be one (1) extension ladder(s) provided and installed by the fire department. The ladder(s) will be a 35' Duo-Safety 1200-A, two (2)-section.
0816921	Extension Ladder, Provided by Fire Department, NFPA 2024	AERIAL EXTENSION LADDERS PROVIDED BY FIRE DEPARTMENT The extension ladders are not on the apparatus as manufactured. There will be one (1) extension ladder(s) provided and installed by the fire department. The ladder(s) will be a 24' Duo-Safety 900-A, two (2)-section.
0074230	Ladder, 20' Duo-Safety 875A Roof	ROOF LADDER There will be one (1) 20' aluminum Duo-Safety Series 875-A roof ladder(s) provided.
0645444	Ladder, 12' Duo-Safety 775-DR Roof	ADDED ROOF LADDER There will be one (1) 12' aluminum roof ladder, Series 775-DR provided.
0656150	Ladder, 10' Duo-Safety Fresno 701	AERIAL ATTIC EXTENSION LADDER There will be one (1) 10' Fresno, aluminum, Duo-Safety, Series 701 extension ladder(s) provided.
0816912	Ladder, Folding, Provided by Fire Department, NFPA/ULC 2024	FOLDING LADDER PROVIDED BY FIRE DEPARTMENT The folding ladder is not on the apparatus as manufactured. There will be one (1) folding ladder (s) provided and installed by the fire department. The ladder(s) will be a 10' Duo Safety 585A.
0042207	Ladders Stored in Torque Box, Gortite Roll, Ascendant TA, PAL, PAP	GROUND LADDER STORAGE The ground ladders are stored within the torque box and are removable from the rear. Ladders will be enclosed to prevent road dirt and debris from fouling or damaging the ladders. The ladders rest in full length stainless steel slides and are arranged in such a manner that any one ladder can be removed without having to move or remove any other ladder. A Gortite rollup door will be provided at the rear, double faced, aluminum construction, and painted one (1) color to match the lower portion of the body. A polished stainless steel lift bar to be provided for the rear roll-up door. The latching mechanism will consist of a full length lift bar lock with latches on the outer extrusion of the door frame. A stainless plate with a 2-bend flange and a stainless steel hinge will be provided to secure the aerial ladder complement. The plate assembly will be mounted to the bottom of the entrance of the torque box ladder storage area. When the plate is vertical, it will secure the ladders and prevent them from migrating to the rear of the apparatus. When the plate is down and not securing the ladders, the rollup door can not close, which will activate the "Open Door Indicator Light" within the cab. The rollup door together with hinge friction will secure the plate in place during driving operations. A door guard will be provided to prevent tools inside the torque box from damaging the rollup door.
0708752	Lights, Torque Box Ladder Storage, Amdor AY-9220-020, 2 Lts, LED	LADDER STORAGE LIGHTING There will be two (2) Amdor Model AY9220-020, white 12 volt DC LED strip lights used to illuminate the torque box ladder storage compartment. One (1) each side will be located on the side wall of the torque box near the ladder storage entry area. The lights will be activated when the ladder storage compartment door is opened.
0793652	Ladder, Little Giant, Velocity - Model 13, 15413-001	ADDITIONAL FOLDING LADDER One (1) aluminum Little Giant Velocity - Model 13 folding ladder will be provided. The stored dimensions will be 44.00" high x 24.00" wide x 8.00" deep. The weight will be 25 lb. The ladder will be located stored in RS-5 between the left (following) wall and the vertical partition
0004249	Slides, Dura-Surf, Ground Ladder Storage, Horizontal Surfaces, Ascendant,PAL,PAP	DURA-SURF LADDER SLIDES Black Dura-Surf friction reducing material will be added to the stainless steel slides, on the bottom horizontal surfaces, of the ladder storage rack.
0756435	SP Ladder Rack Information, Extension Ladder Fly Sections on Right	LADDER RACK DESIGN The extension ladders located in the ladder storage area shall be oriented such that the fly section of the ground ladder shall be on the right side when stored in the ladder rack.

0658170		Ladders, Nested, Right Side Ground Ladder Storage	NESTED LADDER STORAGE There will be nested ladders on the right side of the ladder storage compartment.	AGENDA ITEM NO. 28.
0004349		Pike Pole, 10' DUO Safety, Fiberglass	PIKE POLE, 10' One (1) pike pole 10' long DUO Safety with a fiberglass handle, will be provided and located ladder storage compartment.	
0816914		Pike Pole, 12', Provided by Fire Department, NFPA/ULC 2024	12' PIKE POLE PROVIDED BY FIRE DEPARTMENT The pike poles are not on the apparatus as manufactured. The fire department will provide and mount the pike poles. There will be one (1) 12' pike pole(s) provided. The pike pole(s) will be a Duo-Safety 12' pike pole.	
0610093		Pike Pole, Quint, Provided by Fire Department, ULC	PIKE POLE PROVIDED BY FIRE DEPARTMENT CAN/ULC-S515, current edition, section 7.9.3.1 requires one (1) 2.4 m (8 ft) or longer pike pole. The pike pole is not on the apparatus as manufactured. The fire department will provide the pike pole. The pike pole(s) will be a Duo-Safety 8' pike pole.	
0816918		Pike Pole, 6', Provided by Fire Department, NFPA/ULC 2024	6' PIKE POLE PROVIDED BY FIRE DEPARTMENT The pike pole is not on the apparatus as manufactured. The fire department will provide and mount the pike poles. There will be one (1) 6' pike pole(s) provided. The pike pole(s) will be a Duo-Safety 6' pike pole.	
0014343		Not Required, Pike Pole, 3'		
0823595	SP	Trash Hook, 12' Fire Hooks Unlimited, TRH-12, w/D Handle, Turn 90 Deg	ADDITIONAL PIKE POLE(S) There will be one (1) 12' long trash hook(s), Fire Hooks Unlimited TRH-12, with fiberglass shaft and "D" handle provided. The D-handle will be turned 90 degrees from standard.	
0024892		Pike Pole, 6' Fire Hooks Unlimited, New York Roof Hook, Steel, Pry End, RH-6	PIKE POLE There will be two (2) Fire Hooks Unlimited, Model RH-6, 6' long New York Roof Hook with steel handle and pry end provided and located ladder storage compartment.	
0770578		Pike Pole Tubes, in Torque Box/Ladder Storage, ABS	PIKE POLE STORAGE IN TORQUE BOX/LADDER STORAGE There will be ABS tubing provided in the torque box/ladder storage area for a total of six (6) pike poles. If the head of a pike pole can come into contact with a painted surface, a stainless steel scuffplate will be provided.	
0657484		Trough for D-Handled Pike Pole, Aluminum	PIKE POLE STORAGE Smooth aluminum U-shaped trough(s) for the storage of five (5) pike poles, with D-handle style grip, will be provided and installed ladder storage compartment for two (2) 6' D-handle RH, one (1) 8' D-handle RH, one (1) 10' D-handle RH, one (1) for multiple 5' pry bars. Match Job 33706.	
0024388		No Steps Required, Front Of Body		
0000458		Platform, Slide Out, 500 lb Capacity, Alum 4-Way	SLIDE-OUT PLATFORM One (1) slideout platform will be provided Right side under compartment RS-7. Match Job 33607. The capacity rating will be 500 lbs in the extended position. Automatic locks will be provided for both the "in" and "out" positions. The trip mechanism for the locks will be located at the front of the tray for ease of use with a gloved hand. There will be an On Scene Solutions Access white 12 volt DC LED light provided to illuminate the ground area.	

0676009	Pump Operators Panel & Module, Alum Control Zone, RS Lap, Ascend TA/PAL/PAP PUC	PUC MODULE The pump module will be separate from the hose body and compartment independently of the other. It will be a fabricated assembly of aluminum channels which supports both the plumbing and the side running boards. The pump module will be mounted on the chassis frame rails with standard body angles in four places to allow for chassis frame twist. Pump module, plumbing and gauge panels will be removable from the chassis in a single assembly. AGENDA ITEM NO. 28. PUMP CONTROL PANELS (Left Side Control) Pump controls and gauges will be located midship at the left (driver's) side of the apparatus and properly identified. The main pump operator's control panel will be completely enclosed and located in the forward section of the body compartment. There will be a roll up door to protect against road debris and weather elements. This roll-up door compartment will include a drip pan below the roll of the door. The pump operator's panels will be no more than 31.00" wide, and made in four (4) sections with the center section easily removable with simple hand tools. For the safety of the pump operator, there will be no discharge outlets or pump inlets located on the main pump operators panel. Layout of the pump control panel will be ergonomically efficient and systematically organized. The upper section will contain the master gauges. This section will be angled down for easy visibility. The center section will contain the pump controls aligned in two horizontal rows. The pressure control device, engine monitoring gauges, electrical switches, and foam controls (if applicable) will be located on or adjacent to the center panel, on the side walls for easy operation and visibility. The lower section will contain the outlet drains. Manual controls will be easy moving 8" long lever style controls that operate in a vertical, up and down swing motion. These handles will have a 2.25" diameter knob and be able to lock in place to prevent valve creep under any pressure. Bright finish bezels will encompass the opening, be securely mounted to the pump operator's panel, and will incorporate the discharge gauge bezel. Bezel will be bolted to the panel for easy removal and gauge service. The driver's side discharges will be controlled directly at the valve. There will be no push-pull style control handles. Identification tags for the discharge controls will be recessed within the same bezel. The discharge identification tags will be color coded, with each discharge having its own unique color. All remaining identification tags will be mounted on the pump panel in chrome-plated bezels. All discharge outlets will be color coded and labeled to correspond with the discharge identification tag. The pump panels for the discharge and intake ports will be located ahead of the pump module with no side discharge or intake higher than the frame rail. The pump panels will be easily removable with simple hand tools. A recessed cargo area will be provided at the front of the body, ahead of the water tank above the plumbing. RIGHT SIDE PUC MODULE COMPARTMENT A full height compartment with a lap door ahead of the front stabilizer will be provided, as convenient large storage compartment for often used items for the crew. The interior dimensions of this compartment will be approximately 30.25" wide x 52.00" high x 25.13" deep. The depth of the compartment will be calculated with the compartment door closed. The compartment interior will be fully open from the compartment ceiling to the compartment floor and designed so that no permanent dividers are required between the upper and lower sections. The clear door opening of this compartment will be approximately 28.00" wide x 52.00 high. Closing of the door will not require releasing, unlocking, or unlatching any mechanism and will easily be accomplished with one hand.
0520016	Not Required, Pumphouse Structure, PUC	

0889383	Pump, Pierce, 2000 GPM, Single Stage, PUC-NG	PUMP Pump will be a Pierce, low profile, 2000 gpm single stage midship mounted below the cab. The pump will have a 15 percent reserve capacity. The time between pump rebuild. To ensure efficient pump/vehicle design the capacity to weight ratio will not be less than 1.5:1. The pump casing will consist of three (3) discharge outlets, one (1) to each side in line with the impeller and one (1) to the rear. The pump casing will incorporate two (2) water strippers to maintain radial balance. Pump will be the Class A type. Pump will be certified to deliver the percentage of rated discharge from draft at pressure indicated below: 100 percent of rated capacity at 150 psi net pump pressure 70 percent of rated capacity at 200 psi net pump pressure 50 percent of rated capacity at 250 psi net pump pressure The pump will have the capacity to deliver the percentage of rated discharge from a pressurized source as indicated below: 135 percent of rated capacity at 100 psi net pump pressure from a 5 psi source Pump body will be fine-grained gray iron. Pump will incorporate a heater/cooling jacket integral to the pump housing. The impeller will be high strength vacuum cast bronze alloy accurately machine balanced and splined to a ten (10) spline stainless steel pump shaft for precision fit, exceptional durability, and efficiency. Double replaceable reverse flow labyrinth type bronze wear ring design will help to minimize end thrust. The impeller will be a twisted vane design to create higher lift. No keyed shafts will be acceptable. The pump will include o-ring gaskets throughout the pump. Deep groove radial type oversize ball bearings will be provided. The bearings will be protected at the openings from road dirt and water with an oil seal and water slinger. The pump will have a flat, patterned area on the top of the pump intake wye to allow standing for plumbing maintenance. The main inlet manifold will be 6.00" in diameter and will have a low profile design to facilitate low crosslays and high flows. For ease of service, the pump housing, intake wye, impeller, mechanical seal, and gear case will be accessible from above the chassis frame by tilting the cab. Removal of the main inlet wyes will provide access to the impeller, mechanical seal, and wear ring. The tank to pump line and the primary discharge line will be the only piping required to be removed for overhaul. For ease of service and overhaul there will be no piping or manifolding located directly over the pump. PUMP MOUNTING Pump will be mounted to the chassis frame rails directly below the crew cab, to minimize wheelbase and facilitate service, using rubber isolators in a modified V pattern that include one (1) central mounted isolator located between the frame rails and one (1) on each side outside the frame rails. The mounting will allow chassis frame rails to flex independently without damage to the fire pump. Each isolator will be 2.55" in total outside diameter and will be rated at 490 lb. The pump will be completely accessible by tilting the cab with no piping located directly above the pump.	AGENDA ITEM NO. 28.
0515822	Seal, Mechanical, Silicon Carbide, PUC Pump	MECHANICAL SEALS Silicon carbide mechanical seals will be provided. The seals will be spring loaded and self-adjusting. The seals will have a minimum thermal conductivity of 126 W/m*K to run cooler. Seals will have a minimum hardness of 2800 kg/mm2 to be more resistant to wear, and have thermal expansion characteristics of no more than 4.0 X106mm/mm*K to be more resistant to thermal shock.	
0802234	Gear Case, Integrated Pump Transmission, PUC-NG, Cummins	PUMP GEAR CASE The integrated pump transmission gear case will use a pressure-lubricated system to cool, lubricate, and filter the oil. The gear case will be constructed of lightweight aluminum, and impregnated with resin in accordance to MIL Spec MIL-I-17563. A sight glass, accessible by tilting the cab, will be provided for easy fluid level checks. The gear case will consist of three (3) gears to drive the pump. CLUTCH There will be a heavy-duty hydraulic clutch mounted directly to the integrated pump transmission to engage and disengage the pump without gear clash. The clutch will be a multiple disc design for maximum torque. The clutch will be fully self-adjusting to provide automatic wear compensation, and consistent torque throughout the life of the clutch. Positive engagement and disengagement will be provided through a high efficient and dependable hydraulic system to assure superior performance. LOW PRESSURE/HIGH TEMPERATURE LIGHTS Lights will be provided to indicate when a high temperature or low pressure situation occurs. Lights will be provided next to the master gauges at the pump panel as well as on the control panel in the cab. A pair of lights will be provided in each location. One (1) light will be provided to indicate high temperature. The second light will be provided to indicate a low pressure. All lights will be labeled accordingly.	

0721196	Pumping Mode, Pump and Roll/Stationary, Basic, MUX, PUC	PUMPING MODE Pump will provide for both pump and roll mode and stationary pumping. Stationary pumping mode will be accomplished by stopping the vehicle and engaging the water pump switch on the cab switch panel. The transmission will shift to "Neutral" range automatically when the parking brake is set. The "OK to Stationary Pump" indicator will also illuminate when the parking brake is set. If the vehicle is equipped with a suitable Husky foam system or Hercules CAFS system, these systems will be engaged from the cab switch panel as well. pump and roll mode will be accomplished by the use of the main pump and will not require the use of a secondary pump. pump and roll mode will use the same operation sequence as stationary pumping mode with a few additional steps. After the vehicle is setup for stationary pumping, the operator will leave the cab and setup the pump panel to discharge at the desired outlet(s). Upon returning to the cab, the operator will disengage the parking brake. An "OK to pump and roll" indicator will illuminate on the cab switch panel. First gear on the transmission gear selector will be selected by the operator for pump and roll operations. The operator as needed will apply the foot throttle. pump and roll mode will be maintained unless the transmission shifts out of first gear. Stopping either stationary pumping mode or pump and roll mode will be accomplished by pressing the "Water Pump" switch down to disengage the pump. A pump pressure reading will be displayed in view of the driver.	AGENDA ITEM NO. 28.
0658980	Pump Shift, Sure-Shift, Additional Switch, Pump Operator's Panel	PUMP SHIFT Pump will be engaged in not more than two steps, by simply setting the parking brake, which will automatically put the transmission into neutral, and activating a rocker switch in the cab. Switches in the cab will also allow for water, foam, or CAFS if equipped, and activate the appropriate system to preset parameters. The engagement will provide simple two-step operation, enhance reliability, and completely eliminate gear clash. The shift will include the indicator lights as mandated by NFPA. A direct override switch will be located behind a door in the pump operator's panel. The switch will automatically disengage when the door is closed. As the parking brake is applied, the pump panel throttle will be activated and deactivate the chassis foot throttle for stationary operation. An additional pump activation switch will be provided at the pump operator's panel to engage the pump. A switch guard will be installed to prevent accidental switch activation. Indicator lights will be provided to show that the pump is in gear.	
0515833	Transmission Lock-up, Not Req'd, Park to Neutral, Pump, PUC	TRANSMISSION LOCK UP Transmission lock up is not required as transmission will automatically shift to neutral as soon as the parking brake is set.	
0515835	Auxiliary Cooling System, PUC	AUXILIARY COOLING SYSTEM A supplementary heat exchange cooling system will be provided to allow the use of water from the discharge side of the pump for cooling the engine water. A water-to-coolant heat exchanger will be used.	
0014486	Not Required, Transfer Valve, Single Stage Pump		
0746508	Valve(s), Relief Intake, Trident Air Max, Control Location	INTAKE RELIEF VALVE One (1) Trident Air Max intake relief valve(s) will be installed on the suction side of the pump preset at 200 psig. The relief valve will have a working range of 50 psi to 350 psi. The outlet will terminate below the frame rails with a 2.50" National Standard hose thread adapter and will have a "do not cap" warning tag. One (1) adjustable air regulator and pressure indicating gauge will be located on a common bezel on the left side pump panel to control the intake valve(s).	

0724463	Controller, Pressure, Pierce LCD , PUC	PIERCE PRESSURE CONTROLLER A Pierce electronic pressure controller will be provided. A pressure transducer will be installed in the discharge side of the water pump. The pressure controller continuously monitors pump pressure sending a signal to the electronic pressure controller. The pressure controller can be used in two (2) modes of operation, RPM mode and pressure modes. The controller will be programmed to turn on/default to No Mode/Default Press Setting mode. In the RPM mode, the controller can be activated after vehicle parking brake has been set. When in this mode, the controller will maintain the set engine speed, regardless of engine load (within engine operation capabilities). In the pressure mode, the controller can be activated after vehicle parking brake has been set. When in this mode, the controller will automatically maintain the discharge pressure set by the operator (within the discharge capabilities of the pump and water supply) regardless of flow. A 2.00" diameter throttle control knob with no mechanical stops, a serrated grip, and a red idle push button in the center will be a integrated/part of the pressure controller. The throttle control knob will be programmed for Clockwise rotation to increase engine speed. Individual LED indicators for ok to pump, throttle ready, pressure mode and rpm mode will be located on the pressure controller for easy viewing. A pump cavitation protection feature will also be provided which will return the engine to idle should the pump cavitate. Cavitation is sensed by the combination of pump pressure below 30 psi and engine speed above 2000 rpm for more than five (5) seconds. Other safety features include recognition of low water and no water conditions with an automatic programmed response and a push button to return the engine to idle. The pressure controller LCD screen will be 4.20" in size with a minimum brightness of 750 nits. The LCD screen and LED intensity will automatically adjust for day and nighttime operation. The LCD screen intensity can also be manually adjusted if needed. The following information will be provided/displayed on the LCD screen: Engine RPM Check engine and stop engine warning indicators Engine oil pressure Engine coolant temperature Water pump transmission temperature Fuel Level Water tank level Battery voltage Operating mode (RPM or pressure) Pressure or RPM setting On screen messaging show diagnostic and warning messages as they occur. It will show apparatus information, stored data, and program options when selected by the operator. It will monitor inputs outputs and support audible and visual warning alarms for the following conditions: High battery voltage Low battery voltage/engine off Low battery voltage/engine running High water pump temperature Low fuel Low engine oil pressure High engine coolant temperature Water tank out of water (visual alarm only) No engine response (visual alarm only) The pressure controller will store the accumulated operating hours for the pump and engine. These items are to be displayed within the pressure controller menu. The pressure controller will include a USB port on the back of the controller for easy software upgrades if needed.	AGENDA ITEM NO. 28.
0072153	Primer, Trident, Air Prime, Air Operated	PRIMING PUMP The priming pump will be a Trident Emergency Products compressed air powered, high efficiency, multistage venturi based AirPrime System, conforming to standards outlined in the current edition of applicable NFPA standards. All wetted metallic parts of the priming system are to be of brass and stainless steel construction. One (1) priming control will open the priming valve and start the pump primer.	
0044552	Line, 0.50" Recirculating w/Check Valve	RECIRCULATING LINE WITH CHECK VALVE A 0.50" diameter recirculating line, from the pump to the water tank, will be furnished with a control installed at the pump operator's control panel. A check valve will be provided in this line to prevent the back flow of water from the tank to the pump if the valve is left in the open position.	
0895331	SP Thermal Relief Valve 140, w/Amber Warning Light and Alarm, PUC Pump	THERMAL RELIEF VALVE A Pierce thermal relief valve will be included on the pump that monitors pump water temperature and opens to relieve water to cool the pump when the temperature of the pump water exceeds 140 Degrees F. The thermal protection system will include a amber warning light and audible alarm mounted on the pump operator panel. The discharge line will be 3/8 inch diameter tubing plumbed to ground.	
0780359	Manuals, Pump, (2) Total, Electronic Copies, Pierce PUC Pump	PUMP MANUALS There will be a total of two (2) pump manuals provided by the pump manufacturer and furnished with the apparatus. The manuals will be provided by the pump manufacturer in the form of two (2) electronic copies. Each manual will cover pump operation, maintenance, and parts.	

0602496	Plumbing, Stainless Steel and Hose, Single Stage Pump, PUC	PLUMBING, STAINLESS STEEL AND HOSE All inlet and outlet lines will be plumbed with either stainless steel pipe tubing or synthetic rubber hose reinforced with hi-tensile polyester braid equipped with brass or stainless steel couplings. All stainless steel hard plumbing will be a minimum of a schedule 10 wall thickness. Where vibration or chassis flexing may damage or loosen piping or where a coupling is required for servicing, the piping will be equipped with victaulic or rubber couplings. Plumbing manifold bodies will be ductile cast iron or stainless steel. All piping lines are to be drained through a master drain valve or will be equipped with individual drain valves. All drain lines will be extended with a hose to drain below the chassis frame. All water carrying gauge lines will be of flexible polypropylene tubing. All piping, hose and fittings will have a minimum of a 500 PSI hydrodynamic pressure rating.	AGENDA ITEM NO. 28.
0795135	Plumbing, Stainless Steel, w/Foam System	FOAM SYSTEM PLUMBING All piping that is in contact with the foam concentrate or foam/water solution will be stainless steel. The fittings will be stainless steel or brass. Cast iron pump manifolds will be allowed.	
0517852	Inlets, 6.00" - 1250-2000 GPM, Pierce PUC Pump	MAIN PUMP INLETS A 6.00" pump manifold inlet will be provided on each side of the vehicle. The suction inlets will include removable die cast zinc screens that are designed to provide cathodic protection for the pump, thus reducing corrosion in the pump. Main pump inlets will not be located on the main operator's panel and will maintain a low connection height by terminating below the top of the chassis frame rail.	
0812671	Valve, w/Relief, LS Main Inlet, 6", Elec, Akron 9333 Cont, w/O-ride,PUC	INLET BUTTERFLY VALVE One (1) high performance butterfly valve will be provided on the left side main pump inlet. The 6.00" inlet valve will be provided with a Akron Style 53 built-in, adjustable pressure relief valve preset at 125 psig and a bleeder valve will be provided on the inlet side of the valve. There will be an Akron 9333 electric valve controller provided on the pump operators panel. The electric control must be of a true position feedback design, requiring no clutches in the motor or current limiting. The unit must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate the valve actuator. The controller will provide position indication on a full color, backlit LCD display. It will have manual adjustment of the brightness as well as an auto dimming option. A manual override hex nut will be provided directly on the inlet valve. Access to the manual override hex nut will be provided with a hole thru the left side lower pump panel. The hole in the left pump panel will allow the use of a speed wrench and/or ratchet with a socket to be used on the valve override hex nut if needed. A maintain switch will be provided near the manual override. The switch will cut off power to the valve to allow for manual override valve actuation. A one piece speed wrench will be provided in loose equipment for manually overriding the valve. The speed wrench will have sockets welded on each end for overriding the valve.	
0812672	Valve, w/Relief, RS Main Inlet, 6", Elec, Akron 9333 Cont, w/O-ride,PUC	INLET BUTTERFLY VALVE One (1) high performance butterfly valve will be provided on the right side main pump inlet. The 6.00" inlet valve will be provided with a Akron Style 53 built-in, adjustable pressure relief valve preset at 125 psig and a bleeder valve will be provided on the inlet side of the valve. There will be an Akron 9333 electric valve controller provided on the pump operators panel. The electric control must be of a true position feedback design, requiring no clutches in the motor or current limiting. The unit must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate the valve actuator. The controller will provide position indication on a full color, backlit LCD display. It will have manual adjustment of the brightness as well as an auto dimming option. A manual override hex nut will be provided directly on the inlet valve. Access to the manual override hex nut will be provided with a hole thru the right side lower pump panel. The hole in the right pump panel will allow the use of a speed wrench and/or ratchet with a socket to be used on the valve override hex nut if needed. A maintain switch will be provided near the manual override. The switch will cut off power to the valve to allow for manual override valve actuation. A one piece speed wrench will be provided in loose equipment for manually overriding the valve. The speed wrench will have sockets welded on each end for overriding the valve.	
0004646	Cap, Main Pump Inlet, Long Handle, NST, VLH	MAIN PUMP INLET CAP The main pump inlets will have National Standard Threads with a long handle chrome cap. The cap will be the Pierce VLH, which incorporates an exclusive thread design to automatically relieve stored pressure in the line when disconnected.	
0084610	Valves, Akron 8000 series- All	VALVES All ball valves will be Akron® Brass. The Akron valves will be the 8000 series heavy-duty style with a stainless steel ball and a simple two-seat design. No lubrication or regular maintenance is required on the valve. Valves will have a ten (10) year warranty.	
0520002	Valve, Inlet(s) Recessed, Side Cntrl, PUC	The location of the valve for the two (2) inlets will be recessed behind the pump panel.	

0004700	Control, Inlet, at Valve	INLET CONTROL The side auxiliary inlet(s) will incorporate a quarter-turn ball valve with inlet valve. The valve operating mechanism will indicate the position of	AGENDA ITEM NO. 28.
0004660	Inlet (1), Left Side, 2.50"	LEFT SIDE INLET There will be one (1) auxiliary inlet with a 2.50" valve at the left side pump panel, terminating with a 2.50" (F) National Standard hose thread adapter. The auxiliary inlet will be provided with a strainer, chrome swivel and plug.	
0004680	Inlet, Right Side, 2.50"	RIGHT SIDE INLET There will be one (1) auxiliary inlet with a 2.50" valve at the right side pump panel, terminating with a 2.50" (F) National Standard hose thread adapter. The auxiliary inlet will be provided with a strainer, chrome swivel and plug.	
0044279	Adapter, Side Inlet, Rigid, 6" FNST x 4.5" MNST w/Cap	ADAPTER, INLET A rigid 6.00" FNST x 4.50" MNST adapter with long handle cap will be provided each side on the main pump inlets.	
0521137	Anode, Zinc, Pair, Pump Inlets, PUC	ANODE, INLET A pair of sacrificial zinc anodes will be provided in the water pump inlets to protect the pump from corrosion.	
0092569	No Rear Inlet (Large Dia) Requested		
0064116	No Rear Inlet Actuation Required		
0092696	Not Required, Cap, Rear Inlet		
0009648	No Rear Intake Relief Valve Required on Rear Inlet		
0092568	No Rear Auxiliary Inlet Requested		
0723049	Valve, .75" Bleeder, Aux. Side Inlet, "T" Swing Handle	INLET BLEEDER VALVE A 0.75" bleeder valve will be provided for each side gated inlet. The valves will be located behind the panel with a "T" swing style handle control extended to the outside of the panel. The handles will be chrome plated and provide a visual indication of valve position. The swing handle will provide an ergonomic position for operating the valve without twisting the wrist and provides excellent leverage. The water discharged by the bleeders will be routed below the chassis frame rails.	
0687424	Tank to Pump, (1) 3.00" Valve, 4.00" Plumbing, 3.00" Tank Outlet, Aerial PUC	TANK TO PUMP The booster tank will have a 3.00" outlet and be connected to the intake side of the pump with heavy duty 4.00" piping and a quarter turn 3.00" full flow line valve with the control located at the operator's panel. A rubber coupling will be included in this line to prevent damage from vibration or chassis flexing. A check valve will be provided in the tank to pump supply line to prevent the possibility of "back filling" the water tank.	
0595508	Outlet, Tank Fill, 1.50", PUC	TANK REFILL A 1.50" combination tank refill and pump re-circulation line will be provided, using a quarter-turn full flow ball valve controlled from the pump operator's panel.	
0766941	Control, Outlets, Swing Handle, Elec Right Outlets Akron 9335 w/Press Disp, PUC	DISCHARGE OUTLET CONTROLS The right side discharges will incorporate a quarter-turn ball valve and be controlled by Akron 9335 electric valve controllers provided on the pump operators panel. The electric controls must be of a true position feedback design, requiring no clutches in the motor or current limiting. The units must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate their corresponding valve actuator. The controllers will provide position indication on a full color, backlit LCD display. They will have manual adjustment of the brightness as well as an auto dimming option. In addition to the valve controls, the electric valve controllers will include a pressure display All other outlets will have manual swing handles that operate in a vertical up and down motion. These handles will be able to lock in place to prevent valve creep under pressure.	

0516755	Outlet, Left Side, 2.50" (2), PUC	LEFT SIDE DISCHARGE OUTLETS There will be two (2) discharges with a 2.50" valves on the left side of the apparatus with a 2.50" (M) National Standard hose thread adapter. Discharges will be located on the left side of the pump operator's cab, and will be no higher than the top of the chassis frame rail. Discharges will not be located on the pump operator's panel. Lever controls will be provided at the valve.
0055095	Not Required, Elbow, Left Side Outlets, 2.50"	
0092570	Not Required, Outlets, Left Side Additional	
0035094	Not Required, Elbow, Left Side Outlets, Additional	
0766761	Outlet, Right Side, 2.50", (1), Electric Akron 9335 Controller, PUC	RIGHT SIDE DISCHARGE OUTLETS One (1) discharge outlet with a 2.50" valve will be provided on the right side of the apparatus, terminating with a 2.50" MNST adapter. The discharge(s) will be located below the crew cab and will be no higher than the top of the chassis frame rail. There will be Akron 9335 electric valve controller(s) provided on the pump operators panel. The electric control(s) must be of a true position feedback design, requiring no clutches in the motor or current limiting. The unit(s) must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate the valve actuator. The controller(s) will provide position indication on a full color, backlit LCD display. They will have manual adjustment of the brightness as well as an auto dimming option. In addition to valve position, each controller will include a pressure display.
0021134	Not Required, Elbow, Right Side Outlets, 2.50"	
0092571	Not Required, Outlets, Right Side Additional	
0089584	Not Required, Elbow, Right Side Outlets, Additional	
0818640	Outlet, Large Diameter, Right Side, Akron Valve, PUC	LARGE DIAMETER DISCHARGE OUTLET There will be an Akron 8800 4.00" flat ball valve with 4.00" plumbing terminating with a 4.00" MNST chrome adapter on the right side pump panel. The valve will be controlled with a(n) Akron 9335 with pressure located at the pump operator's panel.
0007308	Not Required, Elbow, Large Diameter Outlet	
0649939	Outlet, Front, 1.50" w/2" Plumbing	FRONT DISCHARGE OUTLET There will be one (1) 1.50" discharge outlet piped to the front of the apparatus and located in the center bumper tray. Plumbing will consist of 2.00" piping and flexible hose with a 2.00" ball valve with control at the pump operator's panel. A fabricated weldment made of stainless steel pipe will be used in the plumbing where appropriate. The piping will terminate with a 1.50" NST with 90 degree stainless steel swivel. There will be T swing handle drains provided at all low points of the piping.
0092575	Not Required, Outlet, Rear	
0045099	Not Required, Elbow, Rear Outlets	
0092574	Not Required, Outlet, Rear, Additional	
0085695	Not Required, Elbow, Rear Outlets, Large, Additional	
0092573	Not Required, Outlet, Hose Bed/Running Board Tray	

0752097	Caps/Plugs for 1.00" to 3.00" Discharges/Inlets, Chain	DISCHARGE CAPS/ INLET PLUGS Chrome plated, rocker lug, caps with chain will be furnished for all discharges 3.00" in size, besides the pre-connected hose outlets. Chrome plated, rocker lug, plugs with chain will be furnished for all auxiliary inlets 1.00" and 2.00" in size. The caps and plugs will incorporate a thread design to automatically relieve stored pressure in the line when disconnected.	AGENDA ITEM NO. 28.
0723042	Valve, 0.75" Bleeder, Discharges, "T" Swing Handle	OUTLET BLEEDER VALVE A 0.75" bleeder valve will be provided for each outlet 1.50" or larger. Automatic drain valves are acceptable with some outlets if deemed appropriate with the application. The valves will be located behind the panel with a T swing style handle control extended to the outside of the side pump panel. The handles will be chrome plated and provide a visual indication of valve position. The T swing handle will provide an ergonomic position for operating the valve without twisting the wrist and provides excellent leverage. Bleeders will be located at the bottom of the pump panel. They will be properly labeled identifying the discharge they are plumbed in to. The water discharged by the bleeders will be routed below the chassis frame rails.	
0638829	Adapter, Thread - 4.00" FNST X 4.50" MNST, w/Cap	ADAPTER There will be one (1) adapter with 4.00" FNST x 4.50" MNST, chrome, with cap. These adapters will be installed on PS large diameter outlet.	
0029106	Not Required, Deluge Outlet		
0029302	No Monitor Requested		
0029304	No Nozzle Req'd		
0029107	No Deluge Mount		
0826319	Waterway Outlet & Control, Akron Valve, PUC	AERIAL WATERWAY OUTLET The aerial waterway will be plumbed from the water pump to the aerial device waterway with 4.00" pipe and a 4.00" Akron valve. The valve will be controlled with a Pierce large handwheel with indicator located at the pump operator's panel.	
0739945	Crosslay Module, Full Width, Boom Compartment, Roll Up Doors, Aerial, PUC	CROSSLAY MODULE The crosslay module will be full width of the rear body. The crosslay module will include a boom support compartment. The interior of the boom support compartment will be a DA finish. The forward, upper corners of the module will have full body corners. The crosslay module will be manufactured for installation of roll up doors on each side to include the boom support compartment with on common roll up door.	
0750897	Doors, Crosslay, Roll-up Amdor, Each End, Full Height, PUC	ROLL-UP DOOR, CROSSLAY ENDS, PUC All compartment doors will be roll-up style double faced, aluminum construction, painted one (1) color to match the lower portion of the body and manufactured by AMDOR™. The crosslay enclosure will be full width of the body. The track will be the flanged track with the screws installed to the rear of the track guide. The slats will be double wall box frame extrusion. The exterior surface will be flat and the interior surface will be concave to help loose equipment fall to the ground and prevent it from jamming the door. Between each slat will be a PVC inner seal to prevent metal to metal contact and prevent dirt or moisture from entering the compartments. Each door will have a 4.00" counter balance to assist in lifting. A polished stainless steel lift bar with locking key latches to be provided for each roll-up door. The keys to be Model 751 to match all compartment and cab doors. The lift bar will be located at the bottom of door with striker latches installed at the base of the side frames. Side frame mounted door strikers will include support beneath the stainless steel lift bar to prevent door curtain bounce, improve bottom seal life expectancy and to avoid false door ajar signals. The crosslays will have a drip pan below the roll of the door.	

0750916	Crosslays, (2) 1.50", W/Poly Trays, PUC	LOWER CROSSLAY There will be two (2) lower crosslays provided. 1.50" Crosslay There will be two (2) 1.50" crosslays plumbed with 2.00" welded or formed schedule 10 304L stainless steel pipe. The crosslays will be low mounted with the bottom of both crosslay trays no more than 11.00" above the frame rails for simple, safe reloading and deployment. There will be a 1.50" National Standard hose thread 90-degree swivel provided in each hose bed, so that the hose may be removed from either side of apparatus. The swivel will be as far outbound as possible for ease of changing hose. Each crosslay will be gated with a 2.00" quarter turn ball valve with the controls located at the pump operator's panel. Each hose bed will be capable of carrying 200' of 1.75" double jacket hose. Crosslay Hose Tray A removable tray will be provided for each crosslay hose bed. The crosslay tray will be constructed of black poly to provide a lightweight sturdy tray. Two (2) hand holes will be in the floor and additional hand holes will be provided in the sides for easy removal and installation from the compartment. The floor of the trays will be perforated to allow for drainage and hose drying. Trays will be held in place by a mechanical spring-loaded stainless-steel latch that automatically deploys upon loading the trays to hold the trays in place during transit.	AGENDA ITEM NO. 28.
0750900	Crosslay, (1) 2.50", W/Poly Trays, PUC	UPPER CROSSLAY There will be one (1) upper crosslay provided. 2.50" Crosslay There will be one (1) 2.50" crosslay plumbed with 2.50" welded or formed schedule 10 304L stainless steel pipe. There will be a 2.50" National Standard hose thread 90-degree swivel provided in each hose bed, so that hose may be removed from either side of apparatus. The swivel will be as far outbound as possible for ease of changing hose. Each crosslay will be gated with a 2.50" quarter turn ball valve with the controls located at the pump operator's panel. Each hose bed will be capable of carrying 200' of 2.50" double jacket hose. Crosslay Hose Trays A removable tray will be provided for each crosslay hose bed. The crosslay tray will be constructed of black poly to provide a lightweight sturdy tray. Two (2) hand holes will be in the floor and additional hand holes will be provided in the sides for easy removal and installation from the compartment. The floor of the trays will be perforated to allow for drainage and hose drying. Trays will be held in place by a mechanical spring-loaded stainless-steel latch that automatically deploys upon loading the trays to hold the trays in place during transit.	
0724032	SP Mounting, Backboard, Upper Crosslay Module, Strap, Special, PUC	BACKBOARD STORAGE Mounting will be provide for One (1) backboard(s) located in the upper crosslay module. The backboard(s) will be enclosed and removable from either side of the truck. A 2" Velcro® strap with a tri-glide buckle will be provided on each end of the storage. A footman's loop will be used on the forward wall. The rearward wall will have a slot cut into it to weave the restraint strap through. The backboard(s) to be stored will be 2.0"H x 18.0"W x 72.0"L.	
0729571	Tube, Aluminum, Pike Pole, Special Ny Style Notch, Upper Crosslay Module, PUC	PIKE POLE STORAGE A quantity of two (2) pike poles aluminum tubes will be provided and located Below D-Handle Tool Trough in upper crosslay module, per AD Drawing. (removable for service) with (1) tube accessible from left side and (1) accessible from right side. Match job 38442 in the upper crosslay module. The pike pole tube(s) will be notched to allow a New York style pike pole to fit in the tube. If the head of a pike pole can come in contact with a painted surface, a stainless steel scuffplate will be provided.	
0833912	SP Trough for D-Handled Trash Hook, w/Bracket Supports, PUC	TRASH HOOK STORAGE There will be One (1) stainless steel U-shaped trough(s) provided for storage of D-handle style trash hook(s). The trough(s) will be installed In crosslay area accessible from right and left side above dead lay tray attached to backboard compartment with trough that is 7'6" long. Match 38442. There will be shelf type bracket supports provided to help support the trash hook ends.	
0015215	Reel, Booster, Over Pump, Right Side, Steel	BOOSTER HOSE REEL A Hannay electric rewind booster hose reel will be installed over the pump in a recessed open compartment on the right side of the apparatus. The exterior finish of the reel will be painted job color matching the lower body. A polished stainless steel roller and guide assembly will be mounted on the reel side of the apparatus. Discharge control will be provided at the pump operator's panel. Plumbing to the reel will consist of 1.50" Aeroquip hose and a 1.50" valve.	
0007666	Switch, Reel Rewind - One at Reel, Push Button Location	REEL REWIND SWITCH Reel motor will be protected from overload with a circuit breaker rated to match the motor. Electric rewind control will be a rubber covered button will be located On the left side of RS-7 just above the top of the stabilizer panel.	

0045300	Hose, Booster - 200' of 1.00"/800 PSI	Booster hose, 1.00" diameter and 200 feet, with chrome plated Barway, or equal couplings will be provided. Working pressure of the booster hose will be a minimum of 800 psi.	AGENDA ITEM NO. 28.
0005244	Capacity, Hose Reel 200' of 1"	Capacity of the hose reel will be 200 feet of 1.00" booster hose.	
0007428	Nozzle for Booster Reel Not Req'd		
0021954	Cutout for Reel Access, One, w/ S/S Trim	HOSEREEL ACCESS A cutout will be provided in the side sheet next to the booster hose reel. This cutout will allow access to the hose and provide a window to view the reel. Stainless steel trim will be mounted horizontally and vertically around the cutout.	
0622237	Roller Assembly, Additional	There will be two (2) additional polished stainless steel roller and guide assembly mounted On top of driver side cargo area side sheet and the other as required per mfg request. Match Job 33607.	
0617886	SP Foam Sys, FoamPro 1600, Single Agent, PUC, Multi Select Feature	FOAM SYSTEM There will be a Foam Pro, Model 1600, direct injection foam proportioning system furnished and installed on the apparatus. The system will be a single agent system suitable for handling Class "A" foam concentrate only. The foam system will be plumbed to lower rear crosslay, lower front crosslay, upper rear crosslay, center of front bumper and hose reel in right side of dunnage area. The proportioning operation will use paddle wheel style water flow meter in a waterway that feeds a discharge manifold. The flow meter installation will be such that the unit will have the water flow capabilities listed below, when generating foam solution (as published by FoamPro). Maximum Accuracy Flow Range 15 - 520 gpm Maximum Operating Flow Range 5 - 625 gpm The proportioning system will be capable of the maximum flows listed below at set foam percentages. The unit will not restrict the water flows at any given setting, however exceeding the published flows will result in a lower percentage than is indicated at the control module. .3 percent setting - Maximum Flow = 533 gpm .5 percent setting - Maximum Flow = 320 gpm 1 percent setting - Maximum Flow = 160 gpm The foam system will be installed in accordance with the manufacturer recommendations. The system will be equipped with a control module. It will be installed on the pump operator's panel and enable the pump operator to perform the following functions: Activate the foam system. Set foam percentage from .1 percent to 1 percent. Flash a low concentrate warning light when the foam concentrate tank runs low. Stop foam pump after two (2) minutes if concentrate tank is still low. The foam system will have a 12volt, 1/3 hp electric motor driven positive displacement piston type foam concentrate pump with a rated capacity of .01 to 1.6 gpm with operating pressures up to 400 psi. A full flow check valve will be provided in the discharge piping to prevent foam contamination of the fire pump and water tank. A 5 psi opening pressure check valve will be installed in the concentrate injection line to prevent foam siphoning into the discharge manifold.	
0012126	Not Required, CAF Compressor		
0802356	Foam Refill, Pump, Foam Pro, Power-Fill	FOAM REFILL PUMP A 12v pump will be permanently mounted in the pump compartment. A male quick disconnect fitting will be provided on the Right Pump Panel and a pick-up wand with a 6' tube and mating female fitting will be provided loose. The control switch for the pump will be located on the pump panel adjacent to the quick disconnect fitting. The pump will be plumbed to the foam tank allowing the user to refill the foam tank from the ground.	
0031894	Demonstration, Foam System, At Pierce	FOAM SYSTEM TRAINING The fire department will order one (1) vehicle with this foam system. A demonstration will be provided at the apparatus manufacturers facility on the operation of the foam system. This demonstration will include: A review of the foam system manual emphasizing key areas A walk around review of the system components on the finished truck A hands-on foam system start-up and foam discharge session Instructions on the use of the manual overrides The proper way to shut down and flush the foam system.	

0530519	Foam Cell, 30 Gallon, Not Reducing, PUC	FOAM CELL The foam cell will be an integral portion of the polypropylene water tank with a capacity of 30 gallons of foam with the intended use of Class A foam. The foam cell will have a screen in the fill dome and a breather in the lid.	AGENDA ITEM NO. 28.
0091036	Drain, 1.00" Foam Tank #1	FOAM TANK DRAIN The foam tank drain will be a 1.00" drain valve located inside the pump compartment accessible through a door on the right side pump panel.	
0091079	Not Required, Foam Tank #2		
0091112	Not Required, Foam Tank #2 Drain		
0746445	Approval Dwg, Pump Operator's Panel, Includes Color And Label Tags	The following drawing(s) will be provided for approval by the customer. The drawing(s) will be made for up One (01) Truck apparatus and/or similar Pierce job number. PUMP OPERATOR'S PANEL DRAWING A detailed drawing to scale of the pump operator's panel will be provided for the customer to review. The drawing will include all of the gauges, controls, switching, etc., located on the pump operator's panel. The customer will be allowed to make changes and/or mark-ups to this approval drawing. The fire apparatus manufacturer will make revisions (If needed) to the drawing per the customer changes and/or mark-ups as long as the changes are physically possible within a specific product line. The finalized and signed customer approved pump operator's panel drawing will become part of the contract documents. Due to the way drain(s), bleeder(s), operational/maintenance tag(s) and NFPA required warning tag(s) are placed on pump panel(s), these items will NOT be shown on any pump panel approval drawing(s). These item(s) will be placed on pump panel(s) at the fire apparatus manufacturer discretion. COLOR CODED TAGS A detailed drawing/chart of the colors used on all of the inlet(s) and outlet(s) will be provided for the customer to review. The customer will be allowed to make changes and/or mark-ups to this approval drawing/chart. The fire apparatus manufacturer will make revisions (If needed) to the drawing per the customer changes and/or mark-ups as long as the changes are physically possible within a specific product line. The finalized and signed customer approved drawing/chart of the colors will become part of the contract documents. SPECIAL TEXT/VERBIAGE TAGS A detailed drawing/chart of the text/verbiage used on all of the inlet(s) and outlet(s) will be provided for the customer to review. The customer will be allowed to make changes and/or mark-ups to this approval drawing/chart. The fire apparatus manufacturer will make revisions (If needed) to the drawing per the customer changes and/or mark-ups as long as the changes are physically possible within a specific product line. The finalized and signed customer approved drawing/chart of the text/verbiage will become part of the contract documents.	
0032479	Pump Panel Configuration, Control Zone	PUMP PANEL CONFIGURATION The pump panel configuration will be arranged and installed in an organized manner that will provide user-friendly operation.	
0579545	Step, Slide-Out/Fold-Out, Pump Operator Platform, Aerial PUC	PUMP OPERATOR'S PLATFORM A pull out, flip down platform will be provided at the pump operator's control panel. The front edge and the top surface of the platform will be made of DA finished aluminum with a Morton Cass insert. The platform will be approximately 13.75" deep when in the stowed position and approximately 22.00" deep when extended. The platform will be as wide as possible. The platform will lock in the retracted and the extended position. The sides, bottom and rear portions of the support assembly will be painted to match lower job color. The platform will be wired to the "step not stowed" indicator in the cab.	
0667186	Light, Slide-Out Pump Operator Step, OSS Access LED, Short Step	PUMP OPERATOR'S PLATFORM PERIMETER LIGHT There will be an On Scene Solutions, Model Night Stick Access, 20.00" white 12 volt DC LED strip light provided to illuminate the ground area.	
0831515	Material/Finish, Pump Panels, PUC	PUMP AND GAUGE PANEL The pump operator's panel and gauge panels will be brushed stainless steel finish. The side panels will be brushed stainless steel finish.	

0516978	Pump and Plumbing Access, Simple Tilt Service, PUC	PUMP AND PLUMBING ACCESS Simple access to the plumbing will be provided through the front of the cab for complete plumbing service and valve maintenance. Access to removal of operator panels or pump panels. Access for rebuilding of the pump will not require removal of more than the tank to pump line and a single discharge line. This access will allow for fast, easy valve or pump rebuilding, making for reduced out of service times. Steps will be provided for access to the top of the pump. Access to the pump will be provided by raising the cab. The pump will be positioned such that all maintenance and overhaul work can be performed above the frame and under the tilted cab. The service and overhaul work on the pump will not require the removal of operator panels or pump panels. Complete pump casing and gear case removal will require no more than removal of the intake and discharge manifolds, driveline, coolers and a single discharge line. The pump case and gear case will be able to be removed by lifting upward without interference from piping and be removable in less than 3 hours.
		AGENDA ITEM NO. 28.
0618458	Light, Pump Compt, Wln 3SC0CDCR LED White, PUC	PUMP COMPARTMENT LIGHT There will be one (1) Whelen®, Model 3SC0CDCR, 3.00" white 12 volt DC LED light(s) with Whelen, Model 3FLANGEC, flange(s) installed in the plumbing area. The light(s) will be activated by a toggle switch located in the pump compartment area.
0516983	Gauges, Engine, Included With Pressure Controller, PUC	Engine monitoring graduated LED indicators will be incorporated with the pressure controller.
0005601	Throttle, Engine, Incl'd w/Press Controller	
0739224	Indicator Light @ Pump Panel, Throttle Ready, Incl w/Pressure Gov/Throttle,Green	THROTTLE READY GREEN INDICATOR LIGHT There will be a green indicator light integrated with the pressure governor and/or engine throttle installed on the pump operators panel that is activated when the pump is in throttle ready mode.
0549333	Indicators, Engine, Included with Pressure Controller	
0005780	Control, Air Horn At Pmp Pnl, Button	AIR HORN BUTTON An air horn control button will be provided at the pump operator's control panel. This button will be properly labeled and put within easy reach of the operator.
0763096	Fittings, Compression IPO PTC, All Pump Panel Gauges	COMPRESSION FITTINGS All of the pump panel gauges will have brass compression fittings installed in place of the push to connect fittings.
0895410	SP Guards, Half Moon, S/S For Switches at the Pump Panel with Locking Pin	GUARD, SWITCH There will be a stainless steel half moon guard provided over one (1) switches on the pump panel to prevent accidental activation. A .25" pin will be installed to lock the pin in the "OFF" position. The guard will be provided on the PS Lower Pump panel (Match 38442) switches.
0830288	Gauges, 6.00" Master, IC, PUC	VACUUM AND PRESSURE GAUGES The pump vacuum and pressure gauges will be liquid filled and manufactured by Innovative Controls. The gauges will be a minimum of 6.00" in diameter and will have white faces with black markings, with a pressure range of 30.00" 0-600 psi. The pump pressure and vacuum gauges will be installed adjacent to each other at the pump operator's control panel. Test port connections will be provided at the pump operator's panel. One (1) will be connected to the intake side of the pump, and the other to the discharge manifold of the pump. They will have 0.25 in. standard pipe thread connections and polished stainless steel plugs. They will be marked with a label.
0005714	Gauge, 2.50" Pressure, Class 1, 0-400psi	PRESSURE GAUGES The individual "line" pressure gauges for the discharges will be Class 1© interlube filled. They will be 2.50" in diameter and have white faces with black lettering. Gauges will have a pressure range of 0-400#. The individual pressure gauge will be installed as close to the outlet control as practical.
0539612	Gauge, Master Pump Flowmeter, FRC , PUC	MASTER FLOWMETER A master pump flowmeter display will be provided the operator's panel. The flowmeter will contain solid state electronics with LED readout of total flow of the pump. An FRC X-FLC flow conditioner will be installed in the plumbing for better flow readings.

0756688		Gauge, Water Level, Pierce, In pressure Controller, w/Mini Slave, PUC, Lt Driver	WATER LEVEL GAUGE An electric water level gauge will be incorporated in the pressure controller level by means of nine (9) LEDs. They will be at 1/8 level increments with LEDs will be a bright type that is readable in sunlight, and have a full 180-degree of clear viewing. To further alert the pump operator, the gauge will have a warning flash when the tank volume is less than 25 percent. The gauge will have down chasing LEDs when the tank is almost empty. The level measurement will be ascertained by sensing the head pressure of the fluid in the tank or cell. MINI SLAVE UNIT An electric water level gauge will be provided in the cab that registers water level by means of five (5) LEDs. They will be at 1/4 level increments with a tank empty LED. The LEDs will be a bright type that are readable in sunlight and have a full 180-degree of clear viewing. The water level gauge in the cab will be activated when the parking brake is applied.	AGENDA ITEM NO. 28.
0750438		Water Level Gauge, WIn PSTANK2, LED 1-Light, 4-Level	WATER LEVEL GAUGE There will be two (2) additional water level indicator(s), Whelen®, Model PSTANK 2, LED module with chrome trim, installed one (1) each side rearward of crew cab doors. This light module(s) will include four (4) colored levels, and function similar to the water level indicator located at the operators panel: First green module indicates a full water level Second blue module indicates a water level above 3/4 full Third amber module indicates a water level above 1/2 full Last red module indicates a water level above 1/4 full and empty Above 1/4 this light will be steady burning At empty this light will be flashing The flash rate will be determined by the main water level tank sensor. This module will be activated when the parking brake is applied.	
0062992		Gauge, Foam Level, (1) Tank, Class 1, GAAAR 5lt	FOAM LEVEL GAUGE An electronic foam level gauge will be provided on the operator's panel that registers foam level by means of five (5) colored LED lights. The lights will be durable, ultra-bright five (5) LED design viewable through 180 degrees. The foam level indicators will be as follows: 100 percent = Green 75 percent = Yellow 50 percent = Yellow 25 percent = Yellow Refill = Red The light will flash when the level drops below the given level indicator to provide an eighth of a tank indication. To further alert the pump operator, the lights will flash sequentially when the foam tank is empty. The level measurement will be based on the sensing of head pressure of the fluid in the tank. The display will be constructed of a solid plastic material with a chrome plated die cast bezel to reduce vibrations that can cause broken wires and loose electronic components. The encapsulated design will provide complete protection from foam and environmental elements. An industrial pressure transducer will be mounted to the outside of the tank. The display will be able to be calibrated in the field and will measure head pressure to accurately show the tank level.	
0738037	SP	Light, Pump Op & Panel, Side Ctrl, PUC, AY-LB-12SHW-020 Und Crosslay, OH Chr Cvr	SIDE CONTROL PUMP OPERATOR'S/PUMP PANEL LIGHTING Illumination will be provided for controls, switches, essential instructions, gauges, and instruments necessary for the operation of the apparatus and the equipment provided on it. Internal and external lights on the apparatus will be illuminated per the current edition of applicable NFPA standards. The pump panels will be illuminated by two (2) Amdor Model AY-LB12SHW020, 350 lumens 20.00" weather resistant strip lights with white LED lights, one (1) on the driver's side and one (1) on the passenger's side. These light strips will be mounted under the speedlay/crosslay compartment. The pump operator's panel will utilize the same LED strip lighting at the forward doorframe as all other compartment lighting. There will be a small white LED pump engaged indicator light installed overhead.	
0606694		Air Horns, (2) Hadley, 6" Round, eTone, In Bumper	AIR HORN SYSTEM Two (2) Hadley® eTone, chrome air horns will be recessed in the front bumper. The air horn system will be piped to the air brake system wet tank utilizing 0.38" tubing. A pressure protection valve will be installed to prevent the loss of air in the brake system.	
0606832		Location, Air Horns, Bumper, Left Side, Outside Frame, Same Side (Pos #6 & #7)	Air Horn Location The air horns will be located on the left side of the bumper, outside of the frame rail.	
0757092		Control, Air Horn, Multi Select	Air Horn Control The air horn(s) will be activated by the following:	
0757084		Control, Air Horn, Horn Ring	Steering wheel horn ring with electric/air horn selector switch	
0723391		Control, Air Horn, Chrome Push Button Sw, RS	Right side chrome push button switch	

0688049	Siren, Federal EQ2B-200, 200 Watt	ELECTRONIC SIREN There will be a Federal, Model EQ 2B-200, electronic siren with noise d microphone provided. This siren to be active when the battery switch is on and that emergency master switch is on.	AGENDA ITEM NO. 28.
0510206	Location, Elect Siren, Recessed Overhead In Console	Electronic siren head will be recessed in the driver side center switch panel.	
0748306	Control, Elec Siren, Multi Select	ELECTRONIC SIREN CONTROL The electronic siren will be activated by the following:	
0748294	Control, Elec Siren, Ft Sw, LS	The left side foot switch.	
0550216	Speaker, (1) Federal, BP200-EF, 200 watt, Stainless Steel	SPEAKER A Federal, Model BP200-EF, 200 watt speaker will be provided. A chrome-plated "EF" flat grille will be installed in front of the speaker.	
0601552	Location, Speaker, Frt Bumper, Recessed, Right Side, Outside Frame,Inbrd (Pos 2)	The speaker will be recessed in the right side of the front bumper, just outside of the frame rail.	
0736164	Sw, Siren Brake, Momentary, LS Overhead Sw Pnl	A momentary switch will be included in the left side overhead switch panel to activate the siren brake.	
0746353	Not Required, Warning Lights Intensity		
0604635	Lightbar, Wln, Freedom IV-Q, 2-21.5", RRRWR RWRRR	FRONT ZONE UPPER WARNING LIGHTS There will be two (2) 21.50" Whelen Freedom IV LED lightbars mounted on the cab roof, one (1) on each side, above the driver's and passenger's door, facing forward. The driver's side lightbar will include the following: One (1) red flashing LED module in the outside end position. One (1) red flashing LED module in the outside front corner position. One (1) red flashing LED module in the outside front position. One (1) white flashing LED module in the inside front position. One (1) red flashing LED module in the inside front corner position. The passenger's side lightbar will include the following: One (1) red flashing LED module in the inside front corner position. One (1) white flashing LED module in the inside front position. One (1) red flashing LED module in the outside front position. One (1) red flashing LED module in the outside front corner position. One (1) red flashing LED module in the outside end position. There will be clear lenses included on the lightbar. There will be a switch in the cab on the switch panel to control the lightbars. The white LED's will be disabled when the parking brake is applied. The two (2) red flashing LED modules in the inside front and the two red flashing LED modules in the inside front corner positions may be load managed when the parking brake is applied.	
0809551	Light, GTT, 794* Opticom Emitter, Remote Mtd on Cab Roof, Hardwired	TRAFFIC LIGHT CONTROLLER There will be a GTT™, Model 794* infrared Opticom™ traffic light controller with national standard high priority remote mounted on the front edge of the cab TBD. The Opticom traffic light controller will be activated by a cab switch with emergency master control. The Opticom traffic light controller will have a driver side momentary cab switch with no emergency master control. The Opticom traffic light controller will be disabled when the parking brake is applied.	
0833701	SP Switch, Latching, Additional for Opticom	An additional latching switch will be provided in the cab that will allow the operator to control the Opticom™ emitter anytime the park brake is released. The Opticom™ emitter will be de-activated when the parking brake is applied.	

0592278	Light, Front Zone, Wln M6*C & M6*C Sdy Burn LED, Clear Lens, 4lts Q Bezel	CAB FACE WARNING LIGHTS There will be two (2) Whelen®, Model M6*C, LED flashing warning light Model M6*C, LED steady burning warning lights installed on the cab face mounted in a common bezel. The driver outside flashing LED will be driver's side front outside warning light to be red The driver inside steady burning LED will be driver's side front inside warning light to be red The passenger inside steady burning LED will be passenger's side front inside warning light to be red The passenger outside flashing LED will be passenger's side front outside warning light to be red All four (4) lights will include a clear lens. There will be a switch located in the cab, on the switch panel to control the lights. The inside lights may be load managed when the parking brake is applied.
0653937	Flasher, Headlight Alternating	HEADLIGHT FLASHER The high beam headlights will flash alternately between the left and right side. There will be a switch installed in the cab on the switch panel to control the high beam flash. This switch will be live when the battery switch and the emergency master switches are on. The flashing will automatically cancel when the hi-beam headlight switch is activated or when the parking brake is set.
0788934	SP Lights, Side Zone Lower, Wln M7* LED, Front Split Color , Clr/Color Lens, 3pr	SIDE ZONE LOWER LIGHTING Six (6) Whelen Model M7* LED flashing warning lights with bezels will be located in the following positions: Two (2) lights, one (1) each side on the bumper extension. The side front lights to be red to the front and white to the rear. Two (2) lights, Behind crew cab door both LS and RS. Match Job 33607. The side middle lights to be red. Two (2) lights, Over the rear tandem axles, Match Job 33607. The side rear lights to be red. The two (2) forward lights will include a clear lens. The four (4) lights to the rear will include a colored lens. There will be one (1) switch located in the cab on the switch panel to control the lights. Any white warning lights will be disabled when the parking brake is set.
0745863	Lights, Side, Wln M9** LED, Trm Fet 2nd	SIDE WARNING LIGHTS There will be one (1) Whelen®, Model M9**, 6.50" high x 10.37" wide x 1.37" deep flashing LED warning light(s) with chrome trim provided, RS Cab, Above EMS Compartment. The light(s) to include red LEDs. The warning light lens color(s) to be clear. These lights will be activated with the side warning switch. White LEDs will be deactivated when the parking brake is applied. Amber, blue, green or red LEDs may be load managed when the parking brake is applied.
0745867	Lights, Side, Wln M9** LED, Trm Fet 1st	SIDE WARNING LIGHTS There will be one (1) Whelen®, Model M9**, 6.50" high x 10.37" wide x 1.37" deep flashing LED warning light(s) with chrome trim provided, LS Cab, Above EMS Compartment. The light(s) to include red LEDs. The warning light lens color(s) to be clear. These lights will be activated with the side warning switch. White LEDs will be deactivated when the parking brake is applied. Amber, blue, green or red LEDs may be load managed when the parking brake is applied.
0564654	Lights, Rear Zn Lwr, Wln M6*, Colored Lens, For Tail Light Housing	REAR ZONE LOWER LIGHTING There will be two (2) Whelen®, Model M6*, LED flashing warning lights will be located at the rear of the apparatus. The driver's side rear light to be red The passenger's side rear light to be red Both lights will include a lens that is the same color as the LED's. There will be a switch located in the cab on the switch panel to control the lights.
0541116	Lights, Rear/Side Up Zone, Wln M6* LED, Colored Lens 4lts	WARNING LIGHTS (Rear and Side upper zones) Four (4) Whelen, model M6* LED flashing warning lights will be provided at the rear of the apparatus with Whelen, 6EFLANGE chrome flanges. The side rear upper light(s) on the driver's side to be red. The rear upper light(s) on the driver's side to be red. The rear upper light(s) on the passenger's side to be red. The side rear upper light(s) on the passenger's side to be red. These lights will include a lens that is the same color as the LED's. There will be a switch located in the cab on the switch panel to control the lights.
0006551	Not Required, Lights, Rear Upper Zone Blocking	

0756379	SP	Bracket, 5" Ledge, Full Width Rear of Body, Tapered Corners, Ascend TA, PAL/PAP	REAR BODY MOUNTING BRACKET There will be a 5.00" deep, full width, aluminum treadplate bracket(s) placed on the rear of the apparatus body above the ladder storage area. The bracket will be provided to meet the needs of the apparatus and other accessories. The rear outside corners of the bracket will be tapered to provide additional clearance.	AGENDA ITEM NO. 28.
0791493		Light, Traffic Directing, W/in TAM65 36" Long LED	TRAFFIC DIRECTING LIGHT There will be one (1) Whelen® Model TAM65, 36.00" long x 2.87" high x 2.25" deep, amber LED traffic directing light installed at the rear of the apparatus. The Whelen Model TACTL5 control head will be included with this installation. The control head will be energized when the battery switch is on. The auxiliary flash to be activated when the emergency master switch is on.	
0557053		Location, TDL, Surface Mounted Over Rear Door with Treadplate Box, PUC	This traffic directing light will be surface mounted over the rear door, inside a treadplate box at the rear of the apparatus as high as practical.	
0530265		Location, Traf Dir Lt Controller, Dashboard	The traffic directing light controller will be located within the switch panel in the dashboard. The controller will be within easy reach of the driver.	
0006646		Electrical System, 120/240VAC, General Design	ELECTRICAL SYSTEM GENERAL DESIGN for ALTERNATING CURRENT The following guidelines will apply to the 120/240 VAC system installation: General Any fixed line voltage power source producing alternating current (ac) line voltage will produce electric power at 60 cycles plus or minus 3 cycles. Except where superseded by the requirements of the current edition of applicable NFPA standards, all components, equipment and installation procedures will conform to NFPA 70, National Electrical Code (herein referred to as the NEC). Line voltage electrical system equipment and materials included on the apparatus will be listed and installed in accordance with the manufacturer's instructions. All products will be used only in the manner for which they have been listed. Grounding Grounding will be in accordance with Section 250-6 "Portable and Vehicle Mounted Generators" of the NEC. Ungrounded systems will not be used. Only stranded or braided copper conductors will be used for grounding and bonding. An equipment grounding means will be provided in accordance with Section 250-91 (Grounding Conductor Material) of the NEC. The grounded current carrying conductor (neutral) will be insulated from the equipment grounding conductors and from the equipment enclosures and other grounded parts. The neutral conductor will be colored white or gray in accordance with Section 200-6 (Means of Identifying Grounding Conductors) of the NEC. In addition to the bonding required for the low voltage return current, each body and driving or crew compartment enclosure will be bonded to the vehicle frame by a copper conductor. This conductor will have a minimum ampere rating of 115 percent of the nameplate current rating of the power source specification label as defined in Section 310-15 (amp capacities) of the NEC. A single conductor properly sized to meet the low voltage and line voltage requirements will be permitted to be used. All power source system mechanical and electrical components will be sized to support the continuous duty nameplate rating of the power source. Operation Instructions that provide the operator with the essential power source operating instructions, including the power-up and power-down sequence, will be permanently attached to the apparatus at any point where such operations can take place. Provisions will be made for quickly and easily placing the power source into operation. The control will be marked to indicate when it is correctly positioned for power source operation. Any control device used in the drive train will be equipped with a means to prevent the unintentional movement of the control device from its set position. A power source specification label will be permanently attached to the apparatus near the operator's control station. The label will provide the operator with the following information: Rated voltage(s) and type (ac or dc) Phase Rated frequency Rated amperage Continuous rated watts Power source engine speed Direct drive (PTO) and portable generator installations will comply with Article 445 (Generators) of the NEC. Overcurrent protection The conductors used in the power supply assembly between the output terminals of the power source and the main over current protection device will not exceed 144.00" (3658 mm) in length. For fixed power supplies, all conductors in the power supply assembly will be type THHW, THW, or use stranded conductors enclosed in nonmetallic liquid tight flexible conduit rated for a minimum of 194 degree Fahrenheit (90 degrees Celsius). For portable power supplies, conductors located between the power source and the line side of the main overcurrent protection device will be type SO or type SEO with suffix WA flexible cord rated for 600-volts at 194 degrees Fahrenheit (90 degrees Celsius). Wiring Methods Fixed wiring systems will be limited to the following: Metallic or nonmetallic liquid tight flexible conduit rated at not less than 194 degrees Fahrenheit (90 degrees Celsius) or Type SO or Type SEO cord with a WA suffix, rated at 600 volts at not less than 194 degrees	

Fahrenheit (90 degrees Celsius)

Electrical cord or conduit will not be attached to chassis suspension components, lines, air or air brake lines, fire pump piping, hydraulic lines, exhaust systems, or voltage wiring. In addition the wiring will be run as follows.

Separated by a minimum of 12.00" (305 mm), or properly shielded, from exhaust piping

Separated from fuel lines by a minimum of 6.00" (152 mm) distance

Electrical cord or conduit will be supported within 6.00" (152 mm) of any junction box and at a minimum of every 24.00" (610 mm) of continuous run. Supports will be made of nonmetallic materials or corrosion protected metal. All supports will be of a design that does not cut or abrade the conduit or cable and will be mechanically fastened to the vehicle.

Wiring Identification

All line voltage conductors located in the main panel board will be individually and permanently identified. The identification will reference the wiring schematic or indicate the final termination point. When prewiring for future power sources or devices, the unterminated ends will be labeled showing function and wire size.

Wet Locations

All wet location receptacle outlets and inlet devices, including those on hardwired remote power distribution boxes, will be of the grounding type provided with a wet location cover and installed in accordance with Section 210-7 "Receptacles and Cord Connections" of the NEC.

All receptacles located in a wet location will be not less than 24.00" (610 mm) from the ground.

Receptacles on off-road vehicles will be a minimum of 30.00" (762 mm) from the ground.

The face of any wet location receptacle will be installed in a plane from vertical to not more than 45 degrees off vertical. No receptacle will be installed in a face up position.

Dry Locations

All receptacles located in a dry location will be of the grounding type. Receptacles will be not less than 30.00" (762 mm) above the interior floor height.

All receptacles will be marked with the type of line voltage (120-volts or 240-volts) and the current rating in amps. If the receptacles are direct current, or other than single phase, they will be so marked.

Listing

All receptacles and electrical inlet devices will be listed to UL 498, Standard for Safety Attachment Plugs and Receptacles, or other appropriate performance standards. Receptacles used for direct current voltages will be rated for the appropriate service.

Electrical System Testing

The wiring and associated equipment will be tested by the apparatus manufacturer or the installer of the line voltage system.

The wiring and permanently connected devices and equipment will be subjected to a dielectric voltage withstand test of 900-volts for one (1) minute. The test will be conducted between live parts and the neutral conductor, and between live parts and the vehicle frame with any switches in the circuit(s) closed. This test will be conducted after all body work has been completed.

Electrical polarity verification will be made of all permanently wired equipment and receptacles to determine that connections have been properly made.

Operational Test per Current Edition NFPA Standard

The apparatus manufacturer will perform the following operation test and ensure that the power source and any devices that are attached to the line voltage electrical system are properly connected and in working order. The test will be witnessed and the results certified by an independent third-party certification organization.

The prime mover will be started from a cold start condition and the line voltage electrical system loaded to 100 percent of the nameplate rating.

The power source will be operated at 100 percent of its nameplate voltage for a minimum of two (2) hours unless the system meets category certification as defined in the current edition of applicable NFPA standards.

Where the line voltage power is derived from the vehicle's low voltage system, the minimum continuous electrical load as defined in the current edition of applicable NFPA standards will be applied to the low voltage electrical system during the operational test.

AGENDA ITEM NO. 28.

0015829	Circuit Breaker Panel with Inverter	CIRCUIT BREAKER PANEL A circuit breaker panel will be installed in the RS7, High on Back Wall, Right Side. A directory for each breaker will be provided adjacent to the circuit breaker panel. Identification of circuits will be done in a durable manner that provides years of service.
0778560	Receptacle, 15A 120V 3-Pr 3-Wr TL, Wtrprfroof	120 VOLT RECEPTACLE There will be two (2), 15 amp 120 volt AC three (3) wire twist lock receptacle(s) with flip up cover(s) installed On the left side and right side next to the SCBA tube in the center of the tandem axles. Match Job 33607.. The NEMA configuration for the receptacles will be L5-15R. The receptacle(s) will be powered from the shoreline to 120 volt AC power inverter internal transfer sw. There will be a label installed near the receptacle(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency

0783675	Receptacle, 15/20A 120V 3-Pr 3-Wr, NEMA 5-20R SB Dup, 2nd	120 VOLT RECEPTACLE There will be one (1), 15/20 amp 120 volt AC three (3) wire straight blade duplex receptacle(s) with interior stainless steel wall plate(s), installed On the front of the EMS compartment behind the officer. Match Job 33607. The NEMA configuration for the receptacle(s) will be 5-20R. The receptacle(s) will be powered from the shoreline to 120 volt AC power inverter internal transfer sw. There will be a label installed near the receptacle(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	AGENDA ITEM NO. 28.
0783678	Receptacle, 15/20A 120V 3-Pr 3-Wr, NEMA 5-20R SB Dup, 1st	120 VOLT RECEPTACLE There will be one (1), 15/20 amp 120 volt AC three (3) wire straight blade duplex receptacle(s) with interior stainless steel wall plate(s), installed On the front of the EMS compartment behind the driver. Match Job 33607. The NEMA configuration for the receptacle(s) will be 5-20R. The receptacle(s) will be powered from the shoreline to 120 volt AC power inverter internal transfer sw. There will be a label installed near the receptacle(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	
0519934	Not Required, Brand, Hydraulic Tool System		
0649753	Not Required, PTO Driven Hydraulic Tool System		
0755095	Aerial, 107' ASL Tandem, 750/500 Tip, 50 MPH	FOUR (4)-SECTION 107 FOOT AERIAL LADDER CONSTRUCTION STANDARDS The ladder will be constructed to meet all of the requirements as described in the current edition of applicable NFPA standards. The aerial device will be a true ladder type device; therefore ladders attached to booms will not be considered. These capabilities will be established in an unsupported configuration. All structural load supporting elements of the aerial device that are made of a ductile material will have a design stress of not more than 50 percent of the minimum yield strength of the material based on the combination of the live load and the dead load. This 2:1 structural safety factor meets the current NFPA standard. All structural load supporting elements of the aerial device that are made of non-ductile material will have a design stress of not more than 20 percent of the minimum ultimate strength of the material, based on the combination of the rated capacity and the dead load. This 5:1 safety factor meets the current NFPA standard. Wire ropes and attaching systems used to extend and retract the fly sections will have a 5:1 safety factor based on the ultimate strength under all operating conditions. The factor of safety for the wire rope will remain above 2:1 during any extension or retraction stall. The minimum ratio of the diameter of wire rope used to the diameter of the sheave used will be 1:12. Wire ropes will be constructed of seven (7) strands over an inner wire core for increased flexibility. The wire rope will be galvanized to reduce corrosion. The aerial base pivot bearings will be maintenance free type bearings and require no external lubrication. The aerial device will be capable of sustaining a static load one and one-half times its rated tip load capacity (live load) in every position in which the aerial device can be placed when the vehicle is on a firm level surface. The aerial device will be capable of sustaining a static load one and one-third times its rated tip load capacity (live load) in every position the aerial device can be placed when the vehicle is on a slope of five degrees downward in the direction most likely to cause overturning. With the aerial device out of the cradle and in the fully extended position at zero degrees elevation, a test load will be applied in a horizontal direction normal to the centerline of the ladder. The turntable will not rotate and the ladder will not deflect beyond what the product specification allows. All welding of aerial components, including the aerial ladder sections, turntable, pedestal, and outriggers, will be in compliance with the American Welding Society standards. All welding personnel will be certified, as qualified under AWS welding codes. The aerial device will be capable of operating in conditions of wind up to 50 mph and icing conditions of up to a 0.25" coating over the aerial structure. All of the design criteria must be supported by the following test data: Strain gage testing of the complete aerial device Analysis of deflection data taken while the aerial device was under test load The following standards for materials are to be used in the design of the aerial device: Materials are to be certified by the mill that manufactured the material Material testing that is performed after the mill test will be for verification only and not with the intent of changing the classification All welded structural components for the ladder will be traceable to their mill lots. LADDER CONSTRUCTION The ladder is comprised of four (4) sections. The ladder will have the capability to support a minimum of 750 lb at the tip in the unsupported configuration, based upon 360 degree rotation, up to full extension and from -10 degrees to +77 degrees. The ladder (handrails, baserails, trusses, K-braces and rungs) will be constructed of high strength low alloy steel, minimum 100,000 pounds per square inch yield, with full traceability on all	

structural members.

Each section will be trussed diagonally, vertically and horizontally using
All ladder rungs are round and welded to each section utilizing "K" bracing for rigidity.

AGENDA ITEM NO. 28.

The inside width dimensions of the ladder will be:

Base Section:

41.87"

Lower Mid Section:

34.88"

Upper Mid Section:

27.87"

Fly Section:

21.63"

The height of the handrails above the centerline of the rungs will be:

Base Section:

26.28"

Lower Mid Section:

22.68"

Upper Mid Section:

20.06"

Fly Section:

17.32"

The ladder will be designed to provide continuous egress for firefighters and civilians from an elevated position to the ground.

The egress section will be designed to maintain the rated load of the aerial device. It will be bolted on for easy replacement. There will be a lift eye welded on to each side of the egress.

VERTICAL HEIGHT

The ladder will extend to a minimum height of 107' above the ground at full extension and elevation. The measurement of height will be consistent with NFPA standards.

HORIZONTAL REACH

The rated horizontal reach will be 100'. The measurement of horizontal reach will be consistent with NFPA standards.

TURNTABLE

The upper turntable assembly will connect the aerial ladder to the turntable bearing. The steel structure will have a mounting position for the aerial elevation cylinders, ladder connecting pins, and upper turntable operator's position.

The turntable will be coated with a non-skid, chemical resistant material in the walking areas. The stepping surfaces will meet the skid-resistance requirements of the current NFPA standard.

The turntable handrails will be a minimum 42.00" high and will not increase the overall travel height of the vehicle. The handrails will be constructed from aluminum and have a slip resistant knurled surface. The turntable vertical handrail spacing will be designed with a 44.00" wide x 27.00" high opening to allow for equipment to pass through from the ground to the aerial ladder. The opening will be located at the center, rear of the turntable.

ELEVATION SYSTEM

Dual 5.50" diameter elevating cylinders will be mounted on the underside of the base section of the ladder, one (1) on each side. One (1) 2.25" diameter stainless steel pin will fasten each cylinder to the ladder and one (1) 2.50" diameter stainless steel pin will fasten each cylinder to the turntable. The pins will have 125,000 psi minimum yield strength and will be secured with 0.50" Grade 8 bolts with castle nut and cotter pin. The bolts are to ensure that the pins do not walk out of the mounting brackets on the turntable and base section.

The elevating cylinders will be mounted utilizing maintenance-free spherical bearings on both ends of the cylinders. The aerial base pivot bearings will be maintenance-free type bearings with no external lubrication required. **The cylinders will function only to elevate the ladder and not as a structural member to stabilize the ladder side movement. The elevating cylinders will be provided with pilot-operated check valves on the barrel and rod side of the piston to prevent movement of the ladder in case of a loss of hydraulic pressure.**

The operation envelope will be 10 degrees below horizontal to 77 degrees above horizontal.

The elevation system will be designed following NFPA standards. The elevation hydraulic cylinders will incorporate cushions on the upper limit of travel.

The lift cylinders will be equipped with integral holding valves located in the cylinder to prevent the unit from descending should the charged lines be severed, at any point within the hydraulic system and to maintain the ladder in the bedded position during road travel.

The integral holding valves will NOT be located in the transfer tubes.

The elevation system will be controlled by the microprocessor. Linear transducers will measure the extension of the elevation cylinder. The microprocessor will provide the following features:

Collision avoidance of the elevation system to prevent accidental body damage

Automatic deceleration when the aerial device is lowered into the cradle

Automatic deceleration at the end of stroke, in maximum raise and lower positions

Deceleration of the aerial device at the limits of travel.

EXTENSION/RETRACTION SYSTEM

A hydraulically powered, extension and retraction system will be provided through dual hydraulic cylinders and wire ropes. Each set will be capable of operating the ladder in the event of a failure, of the other. The extension cylinder rod will be chrome plated to provide smooth operation of the aerial device and reduce seal wear. The extension/retraction cylinders will be equipped, with integral holding valves, to prevent the unit from retracting should the charged line be severed, at any point within the hydraulic system. The integral holding valves will NOT be located in the transfer tubes.

Wire ropes and attaching systems used to extend and retract the fly sections will have a 5:1 safety factor based on the ultimate strength under all operating conditions. The factor of safety for the wire rope will remain above 2:1 during any extension or retraction stall. The minimum ratio of the diameter of wire rope used to the diameter of the sheave used will be 1:12. Wire ropes will be constructed of seven (7) strands over an inner wire for increased flexibility. The wire rope will be galvanized to reduce corrosion.

The extension/retraction system will be controlled by the microprocessor. Linear transducers will measure the ladder extension. The microprocessor will provide the following features:

Automatic deceleration at the end of stroke, in maximum extend and retract positions

All sheaves will require lubrication. They will have bronze bushings

MANUAL OVERRIDE CONTROLS

Manual override controls will be provided for all aerial and stabilizer functions.

LADDER SLIDE MECHANISM

UHMW polyethylene wear pads will be used between the telescoping ladder sections, to provide greater bearing surface area for load transfer. Adjustable slide pads will be used to control side play between the ladder sections.

ROTATION SYSTEM

The aerial will be supplied with a powered rotation system as outlined in NFPA standards. The hydraulic rotation motor will provide continuous rotation under all rated conditions and be supplied with a brake to prevent unintentional rotation. One (1) hydraulically driven, planetary gear box with drive speed reducers will be used to provide infinite and minute rotation control throughout the entire rotational travel. One (1) spring applied, hydraulically released disc type swing brake will be furnished to provide positive braking of the turntable assembly. Provisions will be made for emergency operation of the rotation system should complete loss of normal hydraulic power occur. The hydraulic system will be equipped with pressure relief valves which will limit the rotational torque to a nondestructive power. The gearbox will have a minimum continuous torque rating of 80,000 in. lbs. and a minimum intermittent rating of 160,000 in. lbs. The turntable bearing, ring gear teeth, pinion gear, planetary gearbox, and output shaft will be certified by the manufacturer of the components for the application.

The rotation system will be controlled by the microprocessor. The microprocessor will provide the following features:

Collision avoidance to prevent accidental body damage

Prevent the aerial from being rotated into an unstable condition.

ROTATION INTERLOCK

The microprocessor will be used to prevent the rotation of the aerial device to the side in which the stabilizers have not been fully deployed (short-jacked). The microprocessor will allow full and unrestricted use of the aerial, in the 180 degree area, on the side(s) where the stabilizers have been fully deployed. The system will also have a manual override to comply with the current edition of applicable NFPA standards.

LADDER CRADLE INTERLOCK SYSTEM

A ladder cradle interlock system will be provided through the microprocessor to prevent the lifting of the aerial device from the nested position until the operator places all the stabilizers in a load supporting configuration. A switch will be installed at the boom support to prevent operation of the stabilizers once the aerial has been elevated from the nested position..

AERIAL TORQUE BOX/PEDESTAL

The pedestal assembly will be a welded assembly made of high strength 0.25" plate. The vertical member will be a 0.375" reinforced wall cylinder with a 28.00" outside diameter and will connect the rotation bearing mounting plate to the lower substructure.

The pedestal assembly will be bolted to the chassis frame with 0.88" diameter Grade 8 bolts, and will be utilized to mount the outrigger jacks and reservoir for the aerial hydraulic system.

There will be a 5/8" gap between the torque box and the frame rails to promote drying of the surfaces and reduce the effect of corrosion.

LOAD CAPACITIES

The following load capacities will be established with the stabilizers at full horizontal extension and placed in the down position to level the truck and to relieve the weight from the tires and axles. Capacities will be based upon full extension and 360 degree rotation. A load chart, visible at the operator's station, will be provided. The load chart will show the recommended safe load at any condition of the aerial device's elevation and extension.

Reduced loads at the tip can be redistributed in 250 lb increments to the fly, mid, or base sections as needed.

The tip capacity will be reduced to zero when flowing water with the nozzle above the waterway centerline.

Side to side monitor travel will be reduced with a 50 mph wind rating on the device.

BOOM SUPPORT

A heavy-duty boom support will be provided for support of the ladder in the travel position. On the base section of the ladder, a stainless steel scuffplate will be provided where the ladder comes into contact with the boom support.

0000042	Boom Support, Rear of the Chassis Cab	The boom support will be located just to the rear of the chassis cab.	AGENDA ITEM NO. 28.
0762413	Light, Boom Support, Amdor AY-LB-12HW012, 12" LED	AERIAL BOOM SUPPORT LIGHT There will be one (1) Amdor®, Model AY-LB-12HW012, 190 lumen, 12" long, white LED strip light mounted on the boom support cradle. This light will be activated when the aerial master switch is activated.	
0799573	Boom Support Compt Included w/PUC Xlay Module Picked Separately, PUC		
0680821	Boom Panel, Pair	AERIAL BOOM PANEL There will be one boom panel provided on each side of the aerial ladder base section. The boom panel will be painted #10 white. The boom panels will be designed so no mounting bolts are in the face of the panel. This will keep the lettering surface free of holes.	
0526885	Indicator, Extension, Inside and Outside Handrails, Every 10'	EXTENSION INDICATOR Extension markings and corresponding numerical indicators will be provided along each inside and outside top rail of the base section of the aerial every 10'. They will indicate various positions of extension up to full. Markings and indicators will be clearly visible to the console operator. To aid in visibility during hours of darkness, the markings and numerical indicators will be red reflective material.	
0723719	Steps, Folding, Four, Aerial Device, Trident	FOLDING STEPS One (1) set of folding steps will be provided at the tip of the ladder. An additional set of folding steps will be provided at the base of the fly section. The steps will be bright finished with a black tread coating on the stepping surface. Each step will have no integrated light.	
0688232	Rung Covers, Aerial Device	AERIAL DEVICE RUNG COVERS Each rung will be covered with a secure, heavy-duty, fiberglass pultrusion that incorporates an aggressive, no-slip coating. The rung covers will be glued to each rung and will be easily replaceable should the rung cover become damaged. The center portion of each rung cover will be black and the outside 2.00" edge at each side will be photoluminescent to assist in providing a light source for each rung during low light conditions. Under no circumstances will the rung covers be fastened to the rungs using screws or rivets. The rung covers will have a 10-year, limited warranty.	
0676785	Bracket Only, Rubbish Hook, Aerial Fly Section	RUBBISH HOOK MOUNTING BRACKET Mounting will be provided near the end of the fly section of the aerial ladder for a rubbish hook. The bracket will be sized to hold a Nupla 12' roof vent rubbish hook with D handle.	
0728981	Box, Stokes, w/Cover, Base Section, Adjacent to Boom Panel, w/Door Open Sw	STOKES STORAGE BOX There will be one (1) aluminum storage box(es) provided at the base section of the aerial ladder on the right side of the aerial device while viewed from the turntable. The box(es) will be painted to match the aerial device. The box(es) will be located adjacent to the aerial boom panel and will have a hinged cover with pair of butterfly latches to secure the stokes basket. The cover and mounting brackets for the box will have the same finish as the box. The cover will be tied in to the open door indicator circuitry when in the open position. The box(es) will have no louvers. The size of the stokes basket will be 84.00" long x 25.00" wide x 9.00" high. The maximum capacity of each box will be 75 lb.	
0674963	Scabbard, Temporary Vent Saw Storage, No Depth Gauge, Aerial Ladder	TEMPORARY SCABBARD AT END OF AERIAL There will be a total of one (1) vent saw scabbard(s) provided. The scabbard(s) will be mounted on the right side of the aerial egress. The scabbard(s) will be DA finished.	
0784202	Brackets Only, Roof Ladder, Base Section, Inboard of Boom Panel, Ascendant	LADDER STORAGE MOUNTING BRACKETS Mounting brackets for a single roof ladder will be provided on the left side of the aerial device while viewed from the turntable. A total of one (1) roof ladder(s) will be stored on the aerial base section. The bracket(s) will be located inboard of the boom panel at the base section and include straps to secure the ladder(s). The mounting brackets will accommodate a 12' Duo-Safety 775-DR roof ladder(s) to be stored individually as determined by the type of aerial device and the available space.	
0601972	Lights, Turntable Walkway, P25, LED	LIGHTS FOR TURNTABLE WALKWAY There will be white LED lights provided at the aerial turntable. The lights will be located to illuminate the entire walking surface of the turntable including the area around the turntable console. These lights will be activated by the aerial master switch.	

0601949	Light, Turntable Console, TecNiq T-10, LED Strip Light	TURNTABLE CONSOLE LIGHTING There will be one (1) TecNiq, Model T10, white LED light strip mounted over the turntable console to illuminate the controls located on both the upper and lower portions of the control station. These lights will be activated by the aerial master switch.	AGENDA ITEM NO. 28.
0789383	Flag Holder, Pipe and Pin, Aerial Turntable	FLAG HOLDERS There will be One (1) stainless steel tube(s), 4.00" long, for a 1.00" diameter flag pole, located at the aerial turntable Center Vertical Handrail at rear of turntable. The flag holder will be painted to match the turntable. The tube will have a pin going through it with cable attached to secure a flag in the tube. It will allow installing and removing of flags. The stainless steel clips that mount the bracket to the turntable handrails and the pin are not painted.	
0682069	Box, Air Mask Storage, Turntable	MASK BOX AT TURNTABLE An air mask storage box with a hinged cover will be provided at the turntable. The cover will be weatherproof to protect the inside of the box from the elements. The box will be constructed of smooth aluminum and will be painted to match the aerial device. The box will be large enough for one (1) air mask(s) and hose.	
0682159	Turntable, Shortened, Right Side	SPECIAL TURNTABLE The turntable will be modified at the passenger side to allow for easier access to the hose bed for hose loading. The portion of the turntable outboard of the rotational motor will be removed, and the handrails will be modified as required.	
0682164	Cover, Around Aerial Rotation Bearing	ROTATION BEARING COVER A cover will be fitted over the aerial rotation bearing and drive pinion gear(s). The cover will be aluminum treadplate and attached to the underside of the turntable deck.	
0814217	Control Stations, ASL Tandem Axle, MUX, Color Display, CL714	INFORMATION CENTER There will be an information center provided. The information center will operate in temperatures from -40 to 158 degrees Fahrenheit. The information center will employ a Linux operating system and a 7.00" (diagonal measurement) LCD display. The LCD will have a minimum 1000nits rated, color display. The LCD will be sunlight readable. The LCD display will be encased in an ABS, gray plastic housing with a Pierce decal. There will be five (5), weather-resistant user interface switches provided. The LCD display can be changed to an available foreign language. Operation The information center will be designed for easy operation in everyday use. There will be a page button to cycle from one screen to the next screen in a rotating fashion. A video button will allow an NTSC signal into the information center to be displayed on the LCD. If any button is pressed while viewing a video feed, the information center will return to the vehicle information screens. There will be a menu button to provide access to maintenance, setup, and diagnostic screens. All other button labels will be specific to the information being viewed. General Screen Design Where possible, background colors will be used to provide vehicle information <i>At A Glance</i>. If the information provided on a screen is within acceptable limits, a green background color will be used. If the information provided on a screen is not within acceptable limits, an amber background color will indicate a caution condition and a red background color will indicate a warning condition. Every screen in the information center will include the aerial tip temperature, the time (12- or 24-hour mode) and a text Alert Center. The time will be synchronized between all Command Zone color displays located on the vehicle. The Alert Center will display text messages for audible alarms. The text messages will identify any items causing the audible alarm to sound. If more than one (1) audible alarm is activated, the text message for each alarm will cycle every second until the problems have been resolved. The background for the Alert Center will change to indicate the severity of the warning message. Amber will indicate a caution condition and red will indicate a warning condition. If a warning and a caution condition occur simultaneously, the red background color will be shown for all Alert Center messages. A label will be provided for each button. The label will indicate the function for each active button for each screen. If the button is not utilized on specific screens, it will have a button label with no text. Symbols will accurately depict the aerial device type the information pertains to such as rear mount ladder, rear mount platform, mid-mount ladder or mid-mount platform. Page Screens The Information center will include the following pages: The Aerial Main and Load Chart page will indicate the following information: Rungs Aligned and Rungs Not Aligned will be indicated with text and respective green or red colored ladder symbols. Ladder Elevation will be indicated via a fire apparatus vehicle with ladder symbol with the degree of elevation indicated between the vehicle and ladder. Water Flow (if applicable) will be indicated via a water nozzle symbol and text indicating flow / time. Breathing Air Levels will be indicated via an air bottle symbol and text indicating the percent (%) of air remaining. A green bar graphs shown inside the bottle will indicate oxygen levels above 20 percent. A red bar graph will indicate oxygen levels at or below 20 percent. When oxygen levels are at or below 10 percent the red bar graph will flash. The Aerial Load Chart will indicate the load limit on each section of the ladder based on actual ladder position and water flow (if applicable). <i>At A Glance</i> color features will be utilized on this screen. Caution type conditions will be indicated via a yellow background. Warning type conditions will be indicated via a red background.	

Conditions operating within acceptable limits will be indicated via a green background.

The Aerial Reach and Hydraulic Systems page will indicate the following:
Aerial Hydraulic Oil Temperature will be indicated with symbol and text.
Aerial Hydraulic Oil Pressure will be indicated with a symbol and text. At a glance features will be utilized.

AGENDA ITEM NO. 28.

The following calculations will be indicated on a representative vehicle symbol:

Aerial Device Extension length

Aerial Device Height indicating the height of the aerial device tip from the ground.

Aerial Device Reach indicating the horizontal distance the aerial reaches from the turntable.

Aerial Device Angle indicating the angle from the vehicle which the device is at.

At A Glance color features will be utilized on this screen. Caution type conditions will be indicated via a yellow background. Warning type conditions will be indicated via a red background.

Conditions operating within acceptable limits will be indicated via a green background.

The Level Vehicle page will indicate the following information:

The grade of the vehicle will be indicated via a fire apparatus vehicle symbol with the degree of grade shown in text format. The symbol will tilt dependent on the vehicle grade.

The slope of the vehicle will be indicated via a fire apparatus vehicle symbol with the degree of slope shown in text format. The symbol will tilt dependent on the vehicle slope.

Outriggers status will be indicated via a colored symbol for each outrigger present. Each outrigger status will be defined as one of the following:

Outrigger stowed indicated with a silver pan located close to the vehicle

Outrigger fully extended indicated with a fully deployed green outrigger

Outrigger short-jacked indicated by a yellow outrigger partially deployed

Outrigger not set indicated by a red outrigger that is not set on the ground

A text box located on the vehicle symbol will be utilized to identify the overall status of the outrigger leveling system. The following status will be indicated in the text box:

Deployed status will indicate all outriggers are properly set on the ground at full extension

Shortjacked status will indicate one or more outriggers are set on the ground but not fully extended.

Not Set status will indicate one or more outriggers is not properly set on the ground.

Stowed status will indicate all outriggers are stowed for vehicle travel.

A bedding assist alert will indicate that the aerial device is being aligned by the Command Zone system as the operator lowers the aerial device into the cradle with the joystick.

At A Glance color features will be utilized on this screen. Caution type conditions will be indicated via a yellow background. Warning type conditions will be indicated via a red background.

Conditions operating within acceptable limits will be indicated via a green background.

Menu Screens

The following screens will be available through the Menu button:

The View System Information screen will display aerial device hours, aerial PTO hours, ladder aligned for stowing, aerial rotation angle, total water flow (if applicable), and aerial waterway valve status (if applicable).

The Set Display Brightness screen will allow brightness increase and decrease and include a default setting button.

The Configure Video Mode screen will allow setting of video contrast, video color and video tint.

The Set Startup screen allows setting of the screen that will be active at vehicle power-up.

The Set Date and Time screen has a 12- or 24-hour format, and allows setting of the time and date.

The View Active Alarms screen shows a list of all active alarms including the date and time of each alarm occurrence and shows all alarms that are silenced.

The System Diagnostics screen allows the user to view system status for each module and it's respective inputs and outputs. Viewable data will include the module type and ID number; the module version; and module diagnostics information including input or output number, the circuit number connected to that input or output, the circuit name (item connected to the circuit), status of the input or output, and other module diagnostic information.

Aerial calibrations screen indicates items that may be calibrated by the user and instructions to follow for proper calibration of the aerial device.

Button functions and button labels may change with each screen.

Lower Control Station

A lower control station will be located at the rear of the apparatus in an easily accessible area.

The controls and indication labels will be illuminated for nighttime operation. The following items will be furnished at the lower control station and will be clearly identified and conveniently located for ease of operation and viewing:

Level assist switch

Override switch to override microprocessor

Emergency power unit switch

Turntable Control Station

There will be one (1) device control station located on the left side of the turntable so the operator may easily observe the ladder tip while operating the controls. All elevation, extension and rotation controls will operate from this location. The controls will permit the operator to regulate the speed of the aerial functions, within the safe limits, as determined by the manufacturer and NFPA standards. Each control will be equipped, with a positive lock to hold the control in a neutral position, preventing accidental activation. In addition to the neutral lock, a console cover will be provided at the turntable control station. The controls will be so designed to allow the turntable control station to immediately override the tip controls, if equipped, even if the ladder is being operated by the tip controls.

The following items will also be provided at the turntable control station, clearly identified, lighted for nighttime operation and conveniently located for ease of operation and viewing:

Intercom controls

Tip tracking light switch

Emergency stop switch

Emergency power unit switch

Operator's load chart

Two (2) position switch for selecting aerial operational speed

High Idle

The high idle will be controlled by the microprocessor. The microprocessor will automatically adjust the engine rpm to compensate for the amount of load placed upon the system. The system will include a safety device that allows activation of the high idle, only when the parking brake

set and the transmission is placed in neutral.

AGENDA ITEM NO. 28.

0743299

Remote Tip Controls, ASL/105' MUX

REMOTE AERIAL CONTROL

A remote control will be provided whereby all ladder movements can be controlled at the ladder tip, in addition to the control console.

The three (3) ladder functions (extension, rotation, elevation) will be controlled individually by means of spring loaded, return to center 12-volt proportional controls.

A momentary switch at the turntable control station will enable the controls at the ladder tip.

The turntable control console ladder controls will override the ladder tip controls.

The remote control aerial speed will be set in accordance with the current edition of applicable NFPA standards.

STABILIZERS

The vehicle will come equipped with a stabilization system consisting of 4 self-operated stabilizers. The front two (2) will be out and down style, the rear two (2) will be only. This system will meet or exceed all requirements of the NFPA specifications related to stabilization and setup on sloped surfaces.

AGENDA ITEM NO. 28.

The stabilizer/leveling jacks will have a maximum spread of 16' measured from the centerline of the jack footpads when the beams are fully extended. The beams will be 6.88" wide x 9.00" high with 3/4" thick top and bottom plates and 1/2" thick sides of 100,000-PSI minimum yield strength steel. The cylinders will have pilot-operated check valves with thermal relief designed to insure that the beams will not drift out of the stowed position during travel. Wear pads will guide the stabilizers.

The horizontal extension cylinders will be totally enclosed within the beams and will incorporate telescoping hydraulic tubing to supply the jack cylinder hydraulic power. Stabilizer hydraulic hoses will remain stationary during operation of the stabilizers to prevent hose wear and potential failure. The cylinders will be equipped with decelerators to reduce the speed of extension and retraction when the beams are near the fully retracted and extended positions. The stabilizer extension hydraulic cylinders will have the following dimensions: 2.25" bore, 1.38" rod, and 39.25" stroke.

The vertical jack cylinders will be capable of 18.00" ground penetration. The cylinders will be supplied with pilot operated check valves on each jack cylinder to hold the cylinder in the stowed or working position, should a charged line be severed at any point in the hydraulic system. For safety, the integral holding valves will be located in the cylinder base, NOT in the transfer tube. Vertical jack cylinder rods will be fully enclosed by a telescoping inner box to protect the cylinder rods from damage. The stabilizer jack hydraulic cylinders will have the following dimensions: 4.25" bore, 3.00" rod, and 28.88" stroke.

Each stabilizer jack will have a pan that will be a maximum of 14.00" wide so as to allow the extension of the stabilizer between parked cars or other obstacles. This pan will serve as a protective guard and a mounting surface for warning lights. The top, forward, and rear edges will be flanged back 90 degrees for added strength.

STABILIZER PADS

The stabilizer footpad will be 12.00" in diameter. The footpad will be attached to the jack cylinder rod by means of a machined ball at the end of the jack cylinder rod which mates to a socket machined into the footpad. The footpad will have the ability to pivot 20 degrees from horizontal in any direction to allow setup on uneven terrain.

AUXILIARY STABILIZER PADS

An auxiliary ground pad will be supplied for each stabilizer to provide additional load distribution on soft surfaces. The pads will be 31" x 26" and made from lightweight composite material. The ground pressure will not exceed 75 pounds per square inch when the ground pads are used and the apparatus is fully loaded and the aerial device is carrying its rated capacity in any position. The pads will be stored in a double stacked configuration, two (2) behind each rear tandem axle in a single bracket.

STABILIZER CONTROLS

A portable stabilizer control box will be provided. The control box will be weatherproof and oil resistant. Each function and indicator light will be labeled on a metal photo panel. The control box can be taken as far away as 15' from the vehicle with an extension cable.

The stabilizer control box will include the following:

- One (1) green power indicator light for stabilizer control that will be illuminated when the aerial master and "PTO" switches in the cab are activated.
- Four (4) electric toggle switches for stabilizers: each toggle switch will control the extend/retract (front only) and raise/lower of its respective stabilizer to allow vehicle set up in restricted areas and/or on uneven surfaces.
- Auto leveling assist switch: The outrigger control system will incorporate a computerized self leveling system in addition to the standard outrigger controls. The operator will have the option to manually or automatically level the truck. The computerized system will ensure full outrigger extension, proper jack penetration, and will level the vehicle within 1/2 a degree of level for safe operation of the aerial device.
- One (1) electric toggle switch for the engaging the emergency power unit.
- One (1) red "stabilizer not stowed" indicator light: this light will illuminate when the stabilizers are not in the fully stowed position.
- Two (2) fully extended beams green indicator lights: these lights will be illuminated when each of the respective stabilizer beams are fully extended.
- Four (4) firm on ground green indicator lights: each light will be illuminated when its respective stabilizer shoe is in the load supporting condition.

Each toggle switch will activate the engine fast idle automatically.

Manual override will be supplied for each stabilizer control valve.

A stabilizer deployment audible warning alarm will be provided and activated by the stabilizer movement.

A "Stabilizers Not Stowed" indicator will be provided in the driver's compartment. It will illuminate automatically whenever the stabilizers are not fully stowed to prevent damage to the apparatus if moved. The stabilizer system will also be wired to the "Do Not Move Indicator Light", which will flash whenever the apparatus parking brake is not fully engaged and the stabilizers are not fully stowed.

CRADLE INTERLOCK SYSTEM

A cradle interlock system will be provided, to prevent the lifting of the aerial from the nested position, until the operator has positioned all the stabilizers in a load supporting configuration. A switch will be installed at the cradle, to prevent operation of the stabilizers once the aerial has been elevated from the nested position.

STABILIZER PAN AND TRIM MATERIAL

The aerial stabilizer pans will be smooth aluminum, painted to match the lower body color and the aerial stabilizer trim will be polished stainless steel.

0809974	Door, Stabilizer Control Box, MUX Aerials	STABILIZER CONTROL BOX DOOR A vertically hinged smooth aluminum door will be provided over the stabilizer control box. The door will be hinged along the outboard edge and be provided with a full length handle.	AGENDA ITEM NO. 28.
0615058	Stabilizer Placement, Cameras w/Command Zone Color Display, 1 Set	STABILIZER PLACEMENT There will be two (2) cameras provided and installed on the body, one (1) directly above each stabilizer. The cameras will be activated with a switch in the cab and will provide a picture to specify the fully extended stabilizer position allowing the driver the ability to position the vehicle with the proper clearance for stabilizer deployment.	
0793039	Hydraulic System, Ascendant Tandem Axle	HYDRAULIC SYSTEM All hose assemblies will be assembled and crimped by the hose manufacturers certified technician. All manufacturing employees responsible for the installation of hydraulic components will be properly trained. Training will include: proper handling, installation, torque requirements, cleanliness and quality control procedures for hydraulic components. Hoses used in the aerial hydraulic system will be of a premium quality hose with a high abrasion resistant cover. All pressure hoses will have a working pressure of 4000 psi and a burst pressure rating of 16,000 psi. All hydraulic fittings and tubing will be plated to minimize corrosion. The fitting will use an O-ring seal where possible to minimize hydraulic leaks. An interlock will be provided that prevents activation of the hydraulic pump until the transmission is placed in neutral and the parking brake is set as outlined in the current NFPA standard. The system will meet the performance requirement of the current NFPA standard, which requires adequate cooling less than 2.5 hours of operations. All hydraulic components that are non-sealing whose failure could result in the movement of the aerial will comply with current NFPA standards and have burst strength of 4:1. Dynamic sealing components whose failure could cause aerial movement will have a margin of 2:1 on maximum operating pressure per the current NFPA standard. All hydraulic hoses, tubes, and connections will have a minimum burst strength of 4:1 per the current NFPA standard. A chassis mounted positive displacement piston pump for consistent pressure and rapid responses will supply hydraulic power for all aerial operations. The positive displacement pump will provide 3,150psi. The hydraulic pump will be solely dedicated to aerial operations. Each aerial will be evaluated as to the region and climate where it will be used to determine the optimum viscosity and proper oil grade. Oil viscosity will be based on an optimum range of 80 to 1000 SUS during normal aerial use. Before shipment of the unit, an oil sample will be taken and analyzed to confirm the oil is within the allowable ISO grade tolerance. The aerial hydraulic system will have a minimum oil cleanliness level of ISO 18/15/13 based on the ISO 4406:1999 cleanliness standard. Each customer will receive a certificate of actual cleanliness test results and an explanation of the rating system. Each aerial will include an oil sample port, identified with a yellow dust cap and a label, for subsequent customer testing. Ball valves will be provided in the hydraulic suction lines to permit component servicing without draining the oil reservoir. The aerial will incorporate the use of trombone steel tubes inside the stabilizer beams to eliminate hydraulic hose wear and leaks. Hydraulic power to the ladder will be transferred from the pedestal by a hydraulic swivel. The system hydraulic pressure will be displayed on the turntable display. The hydraulic system will be additionally protected from excessive pressure by a secondary pressure relief valve set at 3,150 psi. In the event the main hydraulic pump compensator malfunctions, the secondary relief will prevent system damage. HYDRAULIC CYLINDERS All cylinders used on the aerial device will be produced by a manufacturer that specializes in the manufacture of hydraulic cylinders. Each cylinder will include integral safety holding cartridges. Each cylinder will be designed to a minimum safety factor of 4:1 to failure. All safety holding cartridges will be installed at the cylinder manufacturer, in a controlled clean environment to avoid possible contamination and or failure. POWER TAKEOFF/HYDRAULIC PUMP The apparatus will be equipped with a power takeoff driven by the chassis transmission and actuated by an electric shift, located inside the cab. The power takeoff which drives the hydraulic pump will meet all the requirements for the aerial unit operations. An amber indicator light will be installed on the cab instrument panel to notify the operator that the power takeoff is engaged. An interlock will be provided that allows operation of aerial power only after the chassis spring brake has been set and the chassis transmission has either been placed in the neutral position or drive position after the driveline has been disengaged from the rear axle. The hydraulic system will be supplied by a variable displacement load and pressure compensating piston pump. The pump will meet the demands of all three simultaneous aerial functions. The pump will provide proper flow for single aerial function with the engine at idle speed. A switch will be provided on the control console to increase the engine speed for multiple function operation. EMERGENCY PUMP The hydraulic system will be designed with an auxiliary power unit meeting the guidelines of the current NFPA standard. The aerial will be equipped with an emergency hydraulic pump, electrically driven from the truck batteries. The pump will be capable of running for 30 minutes for limited aerial functions to stow the unit in case of a main pump or truck system failure. A momentary switch will be located at the stabilizer and aerial control locations to activate the emergency pump. AERIAL CONTROL VALVE The aerial hydraulic control valve will be designed with special spool flows, limiting the oil flow for the designed function speed. The valve will be electrically controlled and be located in the control console with the handles oriented downward for manual operation. The activation handles will	

spaced a minimum of 3.50" for ease of operation. The valve spools will be designed to bleed off downstream pressure, in the neutral position and allow proper sealing cartridge.

AGENDA ITEM NO. 28.

OIL RESERVOIR

The oil reservoir will have a minimum capacity of 38 gallons. The oil fill location will be easily accessible and be labeled "Hydraulic Oil Only" and also indicate the grade of oil that is installed in the reservoir. The fill will have a desiccant breather filter with a water capacity of 4 fluid ounces and a 5 micron rating. A drain hose will be included and will terminate with a quarter turn ball valve.

Two suction ports will be provided, one for the main hydraulic pump and one for the emergency pump. The main suction will be slightly elevated off the bottom of the reservoir and include a 100 mesh suction strainer. The emergency suction port will be closer to the bottom of the reservoir to provide some reserve oil for emergency operation.

A six (6) disc type magnetic drain will also be provided to collect any ferrous contaminants.

A float type sending unit in the reservoir will provide an indication of oil level on an electronic display. A temperature sending unit in the reservoir will provide indication of the oil temperature on an electronic display.

The hydraulic oil reservoir will be labeled per the current edition of NFPA standard.

RETURN FILTER

The low pressure oil return filter will be integrated with the hydraulic manifold and designed to prevent oil loss during filter change. A 50 psi bypass will be included to protect the element and hydraulic system during lower than normal operating temperatures. The system will incorporate the following filter to provide dependable service:

return filter: beta 200 at 6 micron

0786880

Swivels, D-Series w/Encoder, ASL-Tandem/Tiller, MUX (32 Collector Rings)

HYDRAULIC SWIVEL

The aerial ladder will be equipped with a three (3) port, high pressure hydraulic swivel which will connect the hydraulic lines from the hydraulic pump and reservoir through the rotation point to the aerial control bank. The hydraulic swivel will allow for 360 degree continuous rotation of the aerial.

ELECTRIC SWIVEL

The ladder will be equipped with an electric swivel to allow 360 degrees rotation of the aerial while connecting all electrical circuits through the rotation point. A minimum of 32 collector rings will be provided that are capable of supplying 30 amp continuous service. All collector rings will be enclosed and protected with desiccant plugs against condensation and corrosion. No oil or silicone will be used.

12-BIT ABSOLUTE ENCODER

The aerial ladder will be equipped with a 12-Bit Absolute Encoder which provides 4096 counts per shaft turn for position and direction reference.

The 12-Bit Absolute Encoder will provide a unique binary word to reference each position and direction for all 360 degrees of rotation.

If the power is interrupted for any reason, the 12-Bit Absolute Encoder will allow power to be returned to the system without having to re-zero the settings.

The 12-Bit Absolute Encoder will be an integral part of a micro-processor based control system.

0805186	Electrical System, ASL Tandem Axle, MUX, 10/8 Cable	ELECTRICAL SYSTEM The standard 8 conductor cable to the tip contains 10 AWG conductors. The 107' heavy duty ladder will utilize a microprocessor-based control consist of the following components: A tethered stabilizer control will be provided. The tethered control will be weatherproof and oil resistant. A Super Bright LED indicator light will be labeled on a metal photo panel for each function. The electrical connection at the tethered control will be permanently attached by a strained relieved coil cord that will allow the operator to move 14' away from the electrical connection for operation. Remote Stabilizer Controls Weatherproof and oil resistant One (1) green "power" indicator light One (1) red "stabilizer not stowed" indicator light One (1) electric toggle switch for auto level assist One (1) electric toggle switch for the emergency power unit One (1) electric toggle switch for each stabilizer to control: Extend/retract function (front only) Raise/lower function One (1) green "stabilizer fully extended" indicator light for each front stabilizer One (1) green "firm on ground" indicator light for each stabilizer Control System Modules Each of the control system modules will be configured as follows: Sealed to a NEMA 4 rating Operating range from -40 degrees F to 185 degrees F (-40 degrees C to 85 degrees C) Communicate using J1939 data link Two (2) diagnostic LED light One (1) green light that illuminates when module has power (B+) and ground One (1) red light that flashes to indicate the module is capable of communicating via the data link Ground matrix identification system The following control system modules will be used: Control Module Main controller for the system USB connection allows for computer diagnostics Power Module Built-in fault sensing Eight (8) digital outputs Pulse width modulating (PWM) capable 10A continuous per output Circuit protection based on actual current draw (not affected by heat) Constant Current Module Built-in fault sensing Three (3) analog inputs Eight (8) digital outputs Pulse width modulating (PWM) capable 3A continuous per output Circuit protection based on actual current draw (not affected by heat) Closed Loop System Input Module 16 software selectable (digital or analog) inputs Output Module 16 digital outputs Input/Output Module Eight (8) software selectable (digital or analog) inputs Eight (8) digital outputs	AGENDA ITEM NO. 28.
0804781	Aerial Scene Lts Separated into Aerial Tip Category and Aerial Tracking Category		
0803462	Lights, Tip, Wln MP** LED, 2lts	TIP LIGHT There will be two (2) Whelen® Model MP**, 5,695 lumens 12 volt DC LED lights installed at the tip of the aerial device. One (1) will be located on the left side with left side tip light to include narrow flood optics. One (1) will be located on the right side with right side tip light to include narrow flood optics. The light(s) to be installed on adjustable bail bracket(s). The painted parts of this light assembly to be white The lights will be controlled with the tracking lights.	
0802753	Lights, Tracking, Wln MP** LED, 2lts	TRACKING LIGHTS There will be two (2) Whelen® MP**, 5,695 lumens 12 volt DC LED lights installed on the base section of the aerial device below the hand rails per the following: One (1) will be located on the left side with left side tracking light to include wide flood optics. One (1) will be located on the right side with right side tracking light to include wide flood optics. The light(s) to be installed on adjustable bail bracket(s). The painted parts of this light assembly to be white. The tracking lights will be controlled by a switch located at the platform/tip and turntable.	

0653677	Lighting, Rung, LED, TecNiq, 4 Section, Base, Lower/Upper Mid, Fly	LIGHTING ON AERIAL LADDER There will be TecNiq, Model D02 LED rung lighting provided on both side of the ladder sections. The lighting will be located on the rungs along the lower rail of the ladder sections and will run the length of the ladder sections. The color of the sections will be: The base section of the ladder to be white. The lower mid section of the ladder to be white. The upper mid section of the ladder to be white. The fly section of the ladder to be white. The LED rung lighting will be activated when a switch at the turntable operator's panel is activated through the master battery switch. The lights may be load managed when the parking brake is applied.	AGENDA ITEM NO. 28.
0540746	Lights, Stabilizer Warn (2) Sets, Wln M6* LED, Colored Lens	STABILIZER WARNING LIGHTS There will be four (4) Whelen®, Model M6*, LED flashing warning lights with Whelen, Model M6FC, chrome flanges installed, one (1) on each stabilizer cover panel. The front stabilizer pan lights will be red LED with a lens color the same as the LEDs The rear stabilizer pan lights will be red LED with a lens color the same as the LEDs These warning lights will be activated by the same switch as the side warning lights.	
0068703	Lights, Grote Supernova LED, Stabilizer Beam, (1) Set	STABILIZER BEAM WARNING LIGHTS Two (2) 4.00" diameter red LED flashing lights will be mounted on each stabilizer, one (1) facing forward and one (1) facing rearward. The lights will be Grote Supernova 40 series LED lights. The lights will be recessed in the horizontal beam of the stabilizer. These warning lights will be activated with the aerial master switch.	
0762388	Lights, Stabilizer Scene, (2) sets, Amdor AY-LB-12HW012, LED	STABILIZER SCENE LIGHTS There will be one (1) Amdor®, Model AY-LB-12HW012, 190 lumen, 12" long, white LED strip light installed under each stabilizer beam to illuminate the surrounding area. A total of four (4) lights will be installed. The lights will be activated by the aerial master switch.	
0783034	DC Power To Aerial Tip, 13.92 Amps @ 12 Volt DC, ASL	DC POWER CABLE to TIP There will be a cable installed in the aerial device to provide 13.92 amps @ 12 volts DC to the tip of the aerial device.	
0736393	Intercom, 3-Way Fire Research ICA910 Hands Free	3-WAY AERIAL COMMUNICATION SYSTEM There will be a Fire Research model ICA910 three-way intercom system provided. There will be two (2) control modules located, one (1) at the turntable operator console and one (1) at the pump panel. Each control module will have an LED volume display and push-button volume control. A hands free module will be located at the aerial tip or platform and constantly transmit to the other module unless the push-to-talk button is pressed. Each intercom unit will be weatherproof.	
0540895	Not Required, Breathing Air to Tip, Aerial Ladder		
0024742	Not Required, Mask, Breathing Air To Tip		
0786456	Raised Pedestal, 8.00", Ascendant Tandem, AXT/Velocity	RAISED AERIAL PEDESTAL The aerial pedestal will be raised to accommodate the height of the cab.	
0808215	LyfePulley, Rescue System	RESCUE LIFTING SYSTEM A rescue lifting attachment will be provided. The lifting attachment will mount to the aerial egress and will consist of a pair of nylatron pulleys mounted to a stainless steel shaft. The pulleys will be adjustable from side to side and will have a total lifting capacity of 750lb, regardless of whether one (1) or both pulleys are being utilized.	
0604457	Lifting Eye Assembly, Rope Rescue Attachment, ASL, LSL	LIFTING EYE ASSEMBLY - ROPE RESCUE ATTACHMENT A lifting eye assembly will be provided that is designed to evenly distribute load at the tip of the aerial. The lift eye assembly is retained by two (2) locking pins, one (1) at each end outboard side of the egress. Leveling is maintained by the lifting eye assembly rotating within the egress mounting. The lifting eye assembly rating will match the capacity rating of the aerial device.	

0827073	SP	Rope Tie Bar At Base,Painted Box,Rescue Lifting Syst,w/Harken LokHead 500 Winch	ROPE TIE BAR AT BASE SECTION, RESCUE LIFTING SYSTEM WITH WINCH A removable bracket will be supplied at the rear of the base section, at hand and right hand rear hand rails. The bracket will provide Lyfe Pulle points centered between the rear hand rails. The bracket will be designed to be easily removable and not interfere with a fully retracted ladder assembly when attached to the base section. A storage box for the bracket will be provided on the outside rear of the base section. The storage box and bracket will be painted to match the aerial device. There will be a Harken Lokhead Rigging Winch 500 with handle provided and mounted directly to the top of the removable bracket and centered between the rope tie off eyes. The winch will be rated for a 750lb maximum load that will allow straight or horizontal side pulls only. A label will be provided near the winch to indicate the 750lb maximum load.
0694277		Kit, Aerial Device Lubrication	AERIAL LUBRICATION KIT There will be a kit provided to lubricate the aerial device. The kit will include a 5 gallon pail of synthetic grease, plastic gloves, paint suits, varnish brushes, and safety glasses. A storage container with lid will be provided to store the gloves, paint suits, brushes and glasses.
0530826		Turntable Access, ManSaver Bars, Yellow	AERIAL TURNTABLE MANSAYER™ BARS Yellow ManSaver™ bars will be installed at the aerial turntable.
0624672		Waterway, High Flow, 1500 GPM, ASL	WATER SYSTEM A waterway system will be provided consisting of the following components and features: A 5.00" pipe will be connected to the water supply on one end and to a 5.00" internal diameter water swivel at the rotation point of the turntable. The water swivel will permit 360 degree continuous rotation of the aerial device. The 5.00" waterway swivel is to be routed through the rotation point up to the heel pin swivel. The heel pin swivel will allow the water to flow to the ladder pipe while elevating the aerial ladder from -10 degrees to 77 degrees. The heel pivot pin is not integral with the waterway swivel at any point. The design of the waterway will allow complete servicing of the waterway swivel without disturbing the heel pivot pin. The integral telescopic water system will consist of a 4.50" diameter tube in the base section, a 4.00" diameter tube in the inner mid-section, a 3.50" diameter tube in the outer mid-section, and a 3.00" diameter tube in the fly section. The telescopic waterway will be constructed of anodized aluminum pipe. The aerial will be capable of discharging up to 1000 gpm at 100 psi parallel to the ladder and 90 degrees to each side of center while maintaining the rated tip load. The aerial will be capable of discharging between 1001 and up to 1500 gallons per minute at 100 psi parallel to the ladder and 40 degrees to each side of center while maintaining the rated tip load. The master stream will be capable of flow up to 30 degrees above horizontal. An adjustable pressure relief valve will be furnished to protect the aerial waterway from a pressure surge. A 1.50" drain valve will be located at the lowest point of the waterway system. WATERWAY SEALS The waterway seals will be of type-B PolyPak design, composed of nitroxile seal and a nitrile wiper, which together offer maximum stability and extrusion resistance on the waterway. The seal will be capable of withstanding pressures up to 2000 psi, temperatures in excess of 250 degrees Fahrenheit and have resistance to all foam generating solutions. The seals will be internally lubricated. The waterway seals will have automatic centering guides constructed of synthetic thermalpolymer. The guides will provide positive centering of the extendible sections within each other and the base section to insure longer service life and smoother operation.
0603173		Monitor, TFT Typhoon Y5-EB1A-L302 Electric, w/Extended Vertical Travel	AERIAL MONITOR A Task Force Tips Model Y5-EB1A-L302 monitor with stow will be provided at the tip with a TFT 1250 gpm Model M-ERP1250. This monitor will allow for an additional 30 degrees of travel above horizontal at the aerial tip. The monitor's functions will be controlled electrically from two (2) separate locations. One (1) control will be located at the control console and the other at the ladder tip. If the aerial has a quick-lock waterway, a limit switch will be provided to disable the extended vertical travel when the monitor is locked to the lower ladder section. There will be a courtesy light at the tip of the aerial to illuminate the controls.
0609404		Wireless Monitor Remote Control, TFT YE-RF-900-D, with Display	WIRELESS REMOTE AERIAL MONITOR CONTROL One (1) wireless remote will be provided near the pump operator's panel in a protected area. The remote control will include a display for advanced system feedback and backlit control panel for improved visibility.
0010758		Flow Meter, Waterway, PAL, 110' Ascendant, MUX	AERIAL WATERWAY FLOW METER Waterway flow, including total water flowed, will be monitored by the microprocessor. An LCD display will be located at the turntable control station.
0004836		Inlet, 5.00" at Rear w/ Pump, Ascendant Tandem, PAP, PAL	REAR INLET A 5.00" NST inlet to the aerial waterway will be provided at the rear of the apparatus. It will be furnished with a 5.00" chrome plated adapter and a 5.00" chrome plated, long handle cap.

AGENDA ITEM NO. 28.

0673128	Quick-Lock Waterway Locking System, 100' HDL, 105' HDL, ASL	WATERWAY LOCKING SYSTEM The aerial ladder waterway monitor will be capable of being positioned at the next lower section of the ladder. The monitor location will be changeable by the use of a single handle, located at the side of the ladder. The handle, attached to a cam bracket, will simply be moved forward to lock the monitor at the fly section and back to lock it to the previous section. There will be no pins to remove and reinstall. The monitor will be operational at all times, regardless of its position, without connecting or disconnecting electrical lines.	AGENDA ITEM NO. 28.
0772264	SP Adapter, Aerial Inlet, 5" FNST x 4.5" MNST w/Cap	AERIAL INLET ADAPTER There will be one (1) 5.00" FNST x 4.50" MNST adapter with blind cap provided on the aerial inlet.	
0518550	Outlet, 2.50" Auxiliary, LHS, Aerial Tip	2.50" AUXILIARY OUTLET AT AERIAL TIP An auxiliary hose connection outlet will be supplied at the tip of the aerial ladder. It will be located on the left hand side of the aerial waterway. Flow to the auxiliary outlet will be supplied by 2.50" piping. A 2.50" gate valve with a non-rising stem and crank handle will be supplied. A cap and chain will be provided. Flow to the aerial waterway monitor will be controlled by a 4.00" aluminum butterfly valve with a handwheel. The valve will be located at the monitor inlet. A 200 psi relief valve and a 0.75" automatic drain valve will be supplied in the waterway at the tip.	
0047897	Tools, Aerial	TOOLS The following tools will be provided for retorquing of all specified bolts as recommended by the manufacturer: Torque Wrench All Required Extensions, Sockets and Adapters 4-to-1 Multiplier	
0668583	Manuals and Training, 4 Consecutive Days, Ascendant Ladder, PAL	MANUALS Two (2) operator maintenance manuals and two (2) wiring diagrams pertaining to the aerial device will be provided with the apparatus at time of pick-up. INITIAL INSTRUCTION On initial delivery of the fire apparatus, the contractor will supply a qualified representative to demonstrate the apparatus and provide initial instruction to the fire department regarding the operation, care, and maintenance of the apparatus for a period of four (4) consecutive days.	
0007150	Bag of Nuts and Bolts	LOOSE EQUIPMENT The following equipment will be furnished with the completed unit: One (1) bag of chrome, stainless steel, or cadmium plated screws, nuts, bolts and washers, as used in the construction of the unit.	

0816502	NFPA Required Loose Equipment, Quint, NFPA/ULC 2024, Provided by Fire Dept	NFPA LOOSE EQUIPMENT NFPA Required Loose Equipment Provided by Fire Department The following loose equipment as outlined in NFPA 1900, 2024 edition S515:2024 edition, section 5.2 will be provided by the fire department: One (1) traffic vest for each seating position, each vest to comply with ANSI/ISEA 107, <i>American National Standard for High-Visibility Safety Apparel and Accessories</i>, and have a five-point breakaway feature that includes two (2) at the shoulders, two (2) at the sides, and one (1) at the front. Five (5) fluorescent orange traffic cones not less than 28.00" (711 mm) in height, each equipped with a 6.00" (152 mm) retro-reflective white band no more than 4.00" (152 mm) from the top of the cone, and an additional 4.00" (102 mm) retro-reflective white band 2.00" (51 mm) below the 6.00" (152 mm) band. Five (5) illuminated warning devices such as highway flares, unless the five (5) fluorescent orange traffic cones have illuminating capabilities. Four (4) ladder belts meeting the requirements of NFPA 2500. NFPA Loose Equipment That Should be Considered The following loose equipment as outlined in NFPA 1900, 2024 edition, appendix table A.8.4 (a) and CAN/ULC S515:2024 edition, section 5.2 should be considered: 800 ft (240 m) of 2.50" (65 mm) or larger fire hose 400 ft (120 m) of 1.50" (38 mm), 1.75" (45 mm), or 2.00" (52 mm) fire hose One (1) handline nozzle, 200 gpm min Two (2) handline nozzles, 95 gpm min One (1) playpipe with shutoff and 1", 1.125", and 1.25" tips Four (4) SCBA apparatus Four (4) SCBA spare cylinders One (1) first aid kit. Four (4) salvage covers, each a minimum size of 12 ft × 18 ft (3.6 m × 5.5 m). Four (4) combination spanner wrenches. Two (2) hydrant wrenches. One (1) double female 2.50" adapter with national hose (NH) thread. One (1) double male 2.50" adapter with national hose (NH) thread. One (1) rubber mallet, suitable for use on suction hose connections. One (1) 150 ft (45 m) light-use life safety rope meeting the requirements of NFPA 2500. One (1) 150 ft (45 m) general-use life safety rope meeting the requirements of NFPA 2500. One (1) automatic external defibrillator (AED).	AGENDA ITEM NO. 28.
0816941	Soft Suction Hose, Provided by Fire Department, NFPA/ULC 2024	SOFT SUCTION HOSE PROVIDED BY FIRE DEPARTMENT Hose is not on the apparatus as manufactured. The fire department will provide suction or supply hose.	
0027023	No Strainer Required		
0816939	Extinguisher, Dry Chemical, NFPA 2024, Provided by Fire Department	DRY CHEMICAL EXTINGUISHER PROVIDED BY FIRE DEPARTMENT The extinguisher is not on the apparatus as manufactured. The fire department will provide and mount the extinguisher.	
0816937	Extinguisher, 2.5 Gal. Pressurized Water, NFPA/ULC 2024, Provided by Fire Dept	WATER EXTINGUISHER PROVIDED BY FIRE DEPARTMENT The extinguisher is not on the apparatus as manufactured. The fire department will provide and mount the extinguisher.	
0007482	Not Required, Crowbars		
0007484	Not Required, Claw Tools		
0816998	Axe, Flathead, Provided by Fire Department	FLATHEAD AXE PROVIDED BY FIRE DEPARTMENT The axe is not on the apparatus as manufactured. The fire department will provide and mount the axe.	
0817000	Axe, Pickhead, Provided by Fire Department	PICKHEAD AXE PROVIDED BY FIRE DEPARTMENT The axe is not on the apparatus as manufactured. The fire department will provide and mount the axe.	
0007494	Not Required, Sledgehammers		

0741569	Paint Process / Environmental Requirements, Appleton	PAINT PROCESS The exterior custom cab and body painting procedure will consist of a process as follows: Manual Surface Preparation - All exposed metal surfaces on the custom cab and body will be thoroughly cleaned and prepared for painting. Imperfections on the exterior surfaces will be removed and sanded to a smooth finish. Exterior seams will be sealed before painting. Exterior surfaces that will not be painted include; chrome plating, polished stainless steel, anodized aluminum and bright aluminum treadplate. Chemical Cleaning and Pretreatment - All surfaces will be chemically cleaned to remove dirt, oil, grease, and metal oxides to ensure the subsequent coatings bond well. The aluminum surfaces will be properly cleaned and treated using a high pressure, high temperature 4 step Acid Etch process. The steel and stainless surfaces will be properly cleaned and treated using a high temperature 3 step process specifically designed for steel or stainless. The chemical treatment converts the metal surface to a passive condition to help prevent corrosion. Surfacer Primer - The Surfacer Primer will be applied to a chemically treated metal surface to provide a strong corrosion protective basecoat. A minimum thickness of 2 mils of Surfacer Primer is applied to surfaces that require a Critical aesthetic finish. The Surfacer Primer is a two-component high solids urethane that has excellent sanding properties and an extra smooth finish when sanded. Finish Sanding - The Surfacer Primer will be sanded with a fine grit abrasive to achieve an ultra-smooth finish. This sanding process is critical to produce the smooth mirror like finish in the topcoat. Sealer Primer - The Sealer Primer is applied prior to the Basecoat in all areas that have not been previously primed with the Surfacer Primer. The Sealer Primer is a two-component high solids urethane that goes on smooth and provides excellent gloss hold out when topcoated. Basecoat Paint - Two coats of a high performance, two component high solids polyurethane basecoat will be applied. The Basecoat will be applied to a thickness that will achieve the proper color match. The Basecoat will be used in conjunction with a urethane clear coat to provide protection from the environment. Clear Coat - Two (2) coats of Clear Coat will be applied over the Basecoat color. The Clear Coat is a two-component high solids urethane that provides superior gloss and durability to the exterior surfaces. Lap style and roll-up doors will be Clear Coated to match the body. Paint warranty for the roll-up doors will be provided by the roll-up door manufacturer. After the cab and body are painted, the color will be verified to make sure that it matches the color standard. Electronic color measuring equipment will be used to compare the color sample to the color standard entered into the computer. Color specifications will be used to determine the color match. A Delta E reading will be used to determine a good color match within each family color. All removable items such as brackets, compartment doors, door hinges, and trim will be removed and painted separately if required, to ensure paint behind all mounted items. Body assemblies that cannot be finish painted after assembly will be finish painted before assembly. The paint finish quality levels for critical areas of the apparatus (cab front and sides, body sides and doors, and boom lettering panels) are to meet or exceed Cadillac/General Motors GMW15777 global paint requirements. Orange peel levels are to meet or exceed the #6 A.C.T. standard in critical areas. The manufacture's written paint standards will be available upon request. Environmental Impact Contractor will meet or exceed all current state regulations concerning paint operations. Pollution control will include measures to protect the atmosphere, water and soil. Controls will include the following conditions: Topcoats and primers will be chrome and lead free. Metal treatment chemicals will be chrome free. The wastewater generated in the metal treatment process will be treated on-site to remove any other heavy metals. Particulate emission collection from sanding operations will have a 99.99 percent efficiency factor. Particulate emissions from painting operations will be collected by a dry filter or water wash process. If the dry filter is used, it will have an efficiency rating of 98 percent. Water wash systems will be 99.97 percent efficient. Water from water wash booths will be reused. Solids will be removed on a continual basis to keep the water clean. Paint wastes are disposed of in an environmentally safe manner. Empty metal paint containers will be recycled to recover the metal. Solvents used in clean-up operations will be recycled on-site or sent off-site for distillation and returned for reuse. Additionally, the finished apparatus will not be manufactured with or contain products that have ozone depleting substances. Contractor will, upon demand, present evidence that the manufacturing facility meets the above conditions and that it is in compliance with his state EPA rules and regulations. AGENDA ITEM NO. 28.
0709846	Paint, Two-Tone Color, Velocity/Impel	CAB TWO-TONE PAINT The cab will be painted two-tone, with the upper section painted #10 white and the lower section painted #90 red. There will be a standard two-tone cab paint break provided. There will be no cab shield provided.
0709845	Paint, Single Color, Body	BODY PAINT The body will be painted to match the lower section of the cab.

0646901	Paint Chassis Frame Assy, With Liner, E-Coat, Standard	PAINT CHASSIS FRAME ASSEMBLY The chassis frame assembly will be finished with a single system black installation of the cab and body, and before installation of the engine and air brake lines, electrical wire harnesses, etc. Components that are included with the chassis frame assembly that will be painted (unless otherwise stated in a secondary option) are: Frame rails Frame liners Cross members Axles Suspensions Steering gear Battery boxes Bumper extension weldment Frame extensions Body mounting angles Rear Body support substructure (front and rear) Pump house substructure Steel fuel tank Castings Individual piece parts used in chassis and body assembly Components treated with epoxy E-coat protection prior to paint: Two (2) C-channel frame rails Two (2) frame liners The E-coat process will meet the technical properties shown.	AGENDA ITEM NO. 28.
0693797	No Paint Required, Aluminum Front Wheels		
0806169	Paint, Rear Wheels, Tandem Axle, TAK-4 T3	REAR WHEELS PAINT All wheel surfaces, inside and outside, will be provided with paint #90 red.	
0733739	Paint, Axle Hubs	AXLE HUB PAINT All axle hubs will be painted to match lower job color.	
0620095	Paint, Drip Rail, Cab	PAINTED RAIN DRIP The cab roof rain drip will be painted to match the cab roof paint color.	
0581434	Transit Coating, Carwell, Corrosion Protection, Including Underside	TRANSIT COATING All non-painted metal surfaces on the exterior of the vehicle will be sprayed with a corrosion protective coating provided by Carwell. The coating can be removed with soap and water. The coating is made of a linseed oil base and is biodegradable. The underside non-painted metal surfaces will also be coated with a corrosion protective coating.	
0007230	Compartment, Painted, Spatter Gray	COMPARTMENT INTERIOR PAINT The interior of all compartments will be painted with a gray spatter finish for ease of cleaning and to make it easier to touch up scratches and nicks.	

0782203	Aerial Ladder Paint, ASL-Tandem, LSL, E-Coat	AERIAL DEVICE PAINT COLOR The aerial device paint procedure will consist of a six (6) step finishing process: <u>1. Manual Surface Preparation</u> - All exposed metal surfaces on the aerial device components above the rotation point will be thoroughly cleaned and mechanically shot-blasted to remove metal impurities and prepare the aerial for painting. <u>2. Primer/Surfacer Coats</u> - A two (2) component urethane primer/surfacer will be applied to the mechanically shot-blasted metal surfaces to provide a strong corrosion protective base coat and to smooth out the surface. All seams will be caulked with a two (2) component epoxy caulk before painting. <u>3. Hand Sanding</u> - The primer/surfacer coat of the outer surfaces of the hand rails and base rails will be lightly sanded to a smooth finish. <u>4. Sealer Primer Coat</u> - A two (2) component sealer primer coat will be applied over the sanded primer. <u>5. Topcoat Paint</u> - Urethane base coat will be applied to opacity for correct color matching. <u>6. Clearcoat</u> - Two (2) coats of an automotive grade two (2) component urethane will be applied. Surfaces that will not be painted include all chrome plated, polished stainless steel, anodized aluminum and bright aluminum treadplate. All buy out components, such as monitor, nozzle, gauges, etc. will be supplied as received from the vendor. Removable items such as brackets will be removed and painted separately to ensure paint coverage behind all mounted items. The stabilizer beams and torque box will be treated with E-coat prior to painting to help provide resistance to corrosion and chemicals. The stabilizers and torque box will be painted black. The aerial device components will be painted as follows using the aforementioned six (6) step finishing process: Aerial device ladder sections and extension cylinders: white 10 Aerial egress: #50 red (will be contrasting color to the aerial device ladder) Aerial turntable: white 10 Aerial control console: white 10 Aerial lift cylinders: white 10 Aerial boom support: gloss black primer	AGENDA ITEM NO. 28.
0544087	Reflective Band, 6"	REFLECTIVE BAND A 6.00" white reflective band will be provided across the front of the vehicle and along the sides of the body.	
0510041	Reflective across Cab Face, Imp/Vel	The reflective band provided on the cab face will be below the headlights on the fiberglass.	
0583454	Stripe, Chevron, Rear, Diamond Grade, Aerial	REAR CHEVRON STRIPING There will be alternating chevron striping located on the rear-facing vertical surface of the apparatus. Covered surfaces will include the rear wall and aluminum doors. Rear compartment doors, stainless steel access doors, and the rear bumper will not be covered. The colors will be red and fluorescent yellow diamond grade. Each stripe will be 6.00" in width. This will meet the requirements of the current edition of NFPA 1901, which states that 50% of the rear surface will be covered with chevron striping.	
0596383	Stripe, Reflective/Diamond Grade, 6" on Stabilizers	REFLECTIVE STRIPE ON STABILIZERS There will be a 6.00" wide fluorescent yellow diamond grade reflective stripe provided on the forward and rear facing side of all aerial stabilizers.	
0011949	"S" Ribbon, Shaded in Reflective Stripe, Pair	STRIPE, REFLECTIVE, "S" RIBBON "S" type ribbon(s) will be added to the reflective stripe per preconstruction and match 33607 for configuration. Areas adjacent to the "S" portion of the stripe will be shaded and highlighted with an air brush to give it a ribbon affect. There will be one (1) pair on the vehicle.	
0065687	Stripe, Reflective, Cab Doors Interior	CAB DOOR REFLECTIVE STRIPE A 6.00" x 16.00" black reflective stripe will be provided across the interior of each cab door. The stripe will be located approximately 1.00" up from the bottom, on the door panel. This stripe will meet the current edition of applicable NFPA standards.	
0679788	Stripe, Vinyl, Cab Sides, IPO Chrome Molding	CAB STRIPE There will be a vinyl stripe provided on both sides of the cab in place of the chrome molding.	
0679895	Stripe, Reflective, Box, Boom Sign with Scrolls, Aerial	BOOM SIGN STRIPING There will be reflective stripes along all edges of the aerial boom sign. The stripes will have an outline and a scroll at each corner.	
0027372	Lettering Specifications, (GOLD STAR Process)	LETTERING The lettering will be totally encapsulated between two (2) layers of clear vinyl.	

0686434	Lettering, Gold Leaf, 3.00", (21-40)	LETTERING Twenty-one (21) to forty (40) genuine gold leaf lettering, 3.00" high, with outline and shade provided.	AGENDA ITEM NO. 28.
0686005	Lettering, Reflective, 7.00", (21-40)	LETTERING Twenty-one (21) to forty (40) reflective lettering, 7.00" high, with outline and shade will be provided.	
0686013	Lettering, Reflective, 6.00", Each	LETTERING There will be reflective lettering, 6.00" high, with outline and shade provided. There will be three (3) letters provided.	
0686033	Lettering, Reflective, 4.00", Each	LETTERING There will be reflective lettering, 4.00" high, with outline and shade provided. There will be three (3) letters provided.	
0686084	Lettering, Reflective, 3.00", Each	LETTERING There will be reflective lettering, 3.00" high, with outline and shade provided. There will be six (6) letters provided.	
0686236	Lettering, Gold Leaf, 5.00", Each	LETTERING There will be genuine gold leaf lettering, 5.00" high, with outline and shade provided. There will be 12 letters provided.	
0686256	Lettering, Gold Leaf, 4.00", Each	LETTERING There will be genuine gold leaf lettering, 4.00" high, with outline and shade provided. There will be 12 letters provided.	
0052933	SP Plate, Brushed Stainless Steel for Lettering	PAINTED PLATE(S) FOR LETTERING There will be one (1) brushed stainless steel plate(s) provided for department lettering. They will be mounted Rear of on turntable handrails per LP. Match Job 33607. and will be Per LP print (9" x 18"). Match Job 33607 in size.	
0088685	SP Sign Kit, Non-Painted S/S Holder/Number Plate	NUMBER PLATE SIGN KIT FOR LETTERING/NUMERALS two (2) non-painted stainless steel plate(s) and holder(s) will be provided for department lettering. They will be mounted Center of Front Bumper & Rear of Aerial mounted on a special plate & bracket from engineering. Match Job 33607 and (1) 6"H X 11"W Polished S/S Placard located on the center of the front bumper. Match Job 33607. (1) 9"H X 18"W Brushed S/S Placard located on the rear of the Aerial ladder mounted to a special plate and bracket designed by engineering. Match Job 33607. in size.	
0594393	SP Emblem, "Waiving American Flag With Pole, Pair (mirror images)	"AMERICAN FLAG" EMBLEMS There will be one (1) pair of color imaged emblems, 10.00" wide, featuring a "Waiving American Flag" with pole and 9-11-01, installed Located behind the crew cab window. Match Job 33607.. The pair will be mirror images of each other.	
0755303	Artwork File, Provided on Custom USB Drive	ARTWORK ON CUSTOM USB DRIVE There will be a custom USB drive with department specific artwork files provided to the Fire Department. Stock artwork, or artwork developed exclusively by Pierce Manufacturing, and proprietary fonts will not be included on the USB drive.	
0654570	Emblem, Vinyl, Per Dept. Submittal, Each	EMBLEM There will be two (2) vinyl emblem(s), approximately 10.00"-12.00" in size, installed Behind the cab door near the roofline and match job 38442 for location and orientation.. the emblem will be modeled after the department submitted information (art, patch, etc).	
0769753	Emblem, American Flag Painted on Cab Grille, All Custom Chassis	CAB GRILLE DESIGN An American flag design will be painted on the cab grille.	

0772003	Manual, Fire Apparatus Parts, USB Flash Drive, Custom	FIRE APPARATUS PARTS MANUAL There will be one (1) custom parts manual(s) in USB flash drive format for the apparatus provided. The manual(s) will contain the following: - Job number - Part numbers with full descriptions - Table of contents - Parts section sorted in functional groups reflecting a major system, component, or assembly - Parts section sorted in alphabetical order - Instructions on how to locate parts Each manual will be specifically written for the chassis and body model being purchased. It will not be a generic manual for a multitude of different chassis and bodies. Service Parts Internet Site The service parts information included in these manuals are also available on the Pierce website. The website offers additional functions and features not contained in this manual, such as digital photographs and line drawings of select items. The website also features electronic search tools to assist in locating parts quickly.	AGENDA ITEM NO. 28.
0772037	Manual, Chassis Service, USB Flash Drive, Custom	CHASSIS SERVICE MANUALS There will be one (1) chassis service manuals on USB flash drives containing parts and service information on major components provided with the completed unit. The manual will contain the following sections: - Job number - Table of contents - Troubleshooting - Front Axle/Suspension - Brakes - Engine - Tires - Wheels - Cab - Electrical, DC - Air Systems - Plumbing - Appendix The manual will be specifically written for the chassis model being purchased. It will not be a generic manual for a multitude of different chassis and bodies.	
0773381	Manual, Chassis Operation, (1) USB Flash Drive, Custom	CHASSIS OPERATION MANUAL The chassis operation manual will be provided on one (1) USB flash drive.	
0030008	Warranty, Basic, 1 Year, Apparatus, WA0008	ONE (1) YEAR MATERIAL AND WORKMANSHIP A Pierce basic apparatus limited warranty certificate, WA0008, is included with this proposal.	
0611136	Warranty, Chassis, 3 Year, Velocity/Impel, WA0284	THREE (3) YEAR MATERIAL AND WORKMANSHIP The Pierce custom chassis limited warranty certificate, WA0284, is included with this proposal.	
0696698	Warranty, Engine, Cummins, 5 Year, WA0181	ENGINE WARRANTY A Cummins five (5) year limited engine warranty will be provided. A limited warranty certificate, WA0181, is included with this proposal.	
0684953	Warranty, Steering Gear, Sheppard M110, 3 Year WA0201	STEERING GEAR WARRANTY A Sheppard three (3) year limited steering gear warranty will be provided. A copy of the warranty certificate will be submitted with this proposal.	
0595767	Warranty, Frame, 50 Year, Velocity/Impel, WA0038	FIFTY (50) YEAR STRUCTURAL INTEGRITY The Pierce custom chassis frame and crossmembers limited warranty certificate, WA0038, is included with this proposal.	
0595698	Warranty, Axle, 3 Year, TAK-4, WA0050	FRONT AXLE THREE (3) YEAR MATERIAL AND WORKMANSHIP WARRANTY The Pierce TAK-4 suspension limited warranty certificate, WA0050, is included with this proposal.	
0644874	Warranty, Axle, 3 Year, TAK-4, IRS, WA0249	REAR AXLE THREE (3) YEAR MATERIAL AND WORKMANSHIP WARRANTY Pierce TAK-4® independent rear suspension will be provided with a three (3) year material and workmanship limited warranty. The manufacturer's warranty will provide that the independent rear suspension be free from any defect related to material and workmanship on the portion of the apparatus built by the manufacturer that would arise under normal use and service.	
0652758	Warranty, ABS Brake System, 3 Year, Meritor Wabco, WA0232	ABS BRAKE SYSTEM THREE (3) YEAR MATERIAL AND WORKMANSHIP WARRANTY A Meritor Wabco™ ABS brake system limited warranty certificate, WA0232, is included with this proposal.	

0019914	Warranty, Structure, 10 Year, Custom Cab, WA0012	TEN (10) YEAR STRUCTURAL INTEGRITY The Pierce custom cab limited warranty certificate, WA0012, is included with this proposal.	AGENDA ITEM NO. 28.
0744240	Warranty, Paint, 10 Year, Cab, Pro-Rate, WA0055	TEN (10) YEAR PRO-RATED PAINT AND CORROSION A Pierce cab limited pro-rated paint warranty certificate, WA0055, is included with this proposal.	
0595770	Warranty, Power Step, 2 Year, WA0031	TWO (2) YEAR MATERIAL AND WORKMANSHIP The Pierce power step limited warranty certificate, WA0031, is included with this proposal.	
0524627	Warranty, Electronics, 5 Year, MUX, WA0014	FIVE (5) YEAR MATERIAL AND WORKMANSHIP The Pierce Command Zone electronics limited warranty certificate, WA0014, is included with this proposal.	
0695416	Warranty, Pierce Camera System, WA0188	CAMERA SYSTEM WARRANTY A Pierce fifty four (54) month warranty will be provided for the camera system.	
0708760	Warranty, Not Applicable, LED Strip Lights	COMPARTMENT LIGHT WARRANTY The compartment lights will not offer an extended warranty.	
0046369	Warranty, 5-year EVS Transmission, Standard Custom, WA0187	TRANSMISSION WARRANTY The transmission will have a five (5) year/unlimited mileage warranty covering 100 percent parts and labor. The warranty will be provided by Allison Transmission. Note: The transmission cooler is not covered under any extended warranty you may be getting on your Allison Transmission. Please review your Allison Transmission warranty for coverage limitations.	
0685945	Warranty, Transmission Cooler, WA0216	TRANSMISSION COOLER WARRANTY The transmission cooler will carry a five (5) year parts and labor warranty (exclusive to the transmission cooler). In addition, a collateral damage warranty will also be in effect for the first three (3) years of the warranty coverage and will not exceed \$10,000 per occurrence. A copy of the warranty certificate will be included with this proposal.	
0688798	Warranty, Water Tank, Lifetime, UPF, Poly Tank, WA0195	WATER TANK WARRANTY A UPF poly water tank limited warranty certificate, WA0195, is included with this proposal.	
0596025	Warranty, Structure, 10 Year, Body, WA0009	TEN (10) YEAR STRUCTURAL INTEGRITY The Pierce apparatus body limited warranty certificate, WA0009, is included with this proposal.	
0693126	Warranty, AMDOR, Roll-up Door, 10 Year/5 Year Painted, WA0185	ROLL UP DOOR MATERIAL AND WORKMANSHIP WARRANTY An AMDOR roll-up door limited warranty will be provided. The roll-up door will be warranted against manufacturing defects for a period of ten (10) years . A five (5) year limited warranty will be provided on painted roll up doors. The limited warranty certificate, WA0185, is included with this proposal.	
0889364	Warranty, Pump, Pierce, PUC-NG, 7 Year Parts, 1 Year Labor, WA0390	SEVEN (7) YEAR PARTS, ONE (1) YEAR LABOR The pump and its components will be provided with a seven (7) year parts and one (1) year labor limited warranty. The manufacturer's warranty will provide that the pump and its components will be free from failures caused by defects in material and workmanship that would arise under normal use and service. A copy of the warranty certificate will be submitted with the bid package.	
0648675	Warranty, 10 Year S/S Pumping, WA0035	TEN (10) YEAR PUMP PLUMBING WARRANTY The Pierce apparatus plumbing limited warranty certificate, WA0035, is included with this proposal.	
0641372	Warranty, Foam System, Not Available		
0006999	Warranty, Structure, 20 Year, Aerial Device, WA0052	TWENTY (20) YEAR AERIAL DEVICE STRUCTURAL INTEGRITY WARRANTY The Pierce device limited warranty certificate, WA0052, is included with this proposal.	

0687388	Warranty, Swivels, 5 Year, Aerial Device, WA0197	AERIAL SWIVEL WARRANTY An Amity five (5) year limited swivel warranty will be provided. A copy of the warranty certificate will be included with this proposal.	AGENDA ITEM NO. 28.
0685727	Warranty, Hydraulic System and Components, 3 Year/5 Year, WA0200	HYDRAULIC SYSTEM COMPONENTS WARRANTY Aerial hydraulic system components will be provided with a five (5) year material and workmanship limited warranty. HYDRAULIC SEAL WARRANTY Aerial hydraulic seals will be provided with a three (3) year material and workmanship limited warranty. A copy of the warranty certificates is included with this proposal.	
0687327	Warranty, Waterway, 10 Year, Aerial Device, WA0198	AERIAL WATERWAY WARRANTY An Amity ten (10) year limited waterway warranty will be provided. A copy of the warranty certificate is included with this proposal.	
0595860	Warranty, Paint, 4 Year, Aerial Device, Pro-Rated, WA0047	FOUR (4) YEAR PRO-RATED PAINT AND CORROSION A Pierce aerial device limited pro-rated paint warranty certificate, WA0047, is included with this proposal.	
0595820	Warranty, Paint, 10 Year, Body, Pro-Rate, WA0057	TEN (10) YEAR PRO-RATED PAINT AND CORROSION A Pierce body limited pro-rated paint warranty certificate, WA0057, is included with this proposal.	
0595421	Warranty, Goldstar, 3 Year, Apparatus, WA0018	THREE (3) YEAR MATERIAL AND WORKMANSHIP The Pierce Goldstar gold leaf lamination limited warranty limited warranty certificate, WA0018, is included with this proposal.	
0819254	Certification, Vehicle Stability, CD0196	VEHICLE STABILITY CERTIFICATION The fire apparatus manufacturer will provide a certification stating the apparatus complies with NFPA 1900, current edition, section 7.14, Vehicle Stability. The certification is included with this proposal.	
0808577	Certification, Engine Installation, Velocity, Cummins X15, 2027	ENGINE INSTALLATION CERTIFICATION The fire apparatus manufacturer will provide a certification, along with a letter from the engine manufacturer stating they approve of the engine installation in the bidder's chassis. The certification will be provided at the time of delivery.	
0686786	Certification, Power Steering, CD0098	POWER STEERING CERTIFICATION The fire apparatus manufacturer will provide a certification stating the power steering system as installed meets the requirements of the component supplier. The certification is included with this proposal.	
0892701	Certification, Cab Integrity, Impel/Velocity FR, CD0190	CAB INTEGRITY CERTIFICATION The fire apparatus manufacturer will provide a cab crash test certification with this proposal. The certification will state that a specimen representing the substantial structural configuration of the cab has been tested and certified by an independent third party test facility. Testing events will be documented with photographs, real-time and high-speed video, vehicle accelerometers, cart accelerometers, and a laser speed trap. The fire apparatus manufacturer will provide a state licensed professional engineer to witness and certify all testing events. Testing will meet or exceed the requirements below: SAE J2422 Cab Roof Strength Evaluation - Quasi-Static Loading Heavy Trucks. European Occupant Protection Standard ECE Regulation No.29. SAE J2420 COE Frontal Strength Evaluation - Dynamic Loading Heavy Trucks. Side Impact The cab will be subjected to dynamic preload where a 14,320-lb moving barrier is slammed into the side of the cab at 5.50 mph, striking with an impact of 13,000 ft-lb of force. This test is part of the SAE J2422 test procedure and more closely represents the forces a cab will see in a rollover incident. Roof Crush The same cab will be subjected to a roof crush force of 22,050 lb. This value meets the ECE 29 criteria and is equivalent to the front axle rating up to a maximum of ten (10) metric tons. Additional Roof Crush The same cab will be subjected to a roof crush force of 100,000 lb. (Four and a half times the load criteria of ECE 29) Frontal Impact The same cab will withstand a frontal impact of 32,600 ft-lb of force using a moving barrier in accordance with SAE J2420. Additional Frontal Impact The same cab will withstand a frontal impact of 65,200 ft-lb of force using a moving barrier. (Twice the force required by SAE J2420) The same cab will withstand all tests without any measurable intrusion into the survival space of the occupant area.	

0548950	Certification, Cab Door Durability, Velocity/Impel, CD0001	CAB DOOR DURABILITY CERTIFICATION Robust cab doors help protect occupants. Cab doors will survive a 200 G's of deceleration where the slamming force exceeds 20 G's of deceleration. The bidder will certify that the sample doors similar to those provided on the apparatus have been tested and have met these criteria without structural damage, latch malfunction, or significant component wear.	AGENDA ITEM NO. 28.
0548967	Certification, Windshield Wiper Durability, Impel/Veloccity, CD0005	WINDSHIELD WIPER DURABILITY CERTIFICATION Visibility during inclement weather is essential to safe apparatus performance. Windshield wipers will survive a 3 million cycle durability test in accordance with section 6.2 of SAE J198 <i>Windshield Wiper Systems - Trucks, Buses and Multipurpose Vehicles</i> . The bidder will certify that the wiper system design has been tested and that the wiper system has met these criteria.	
0667411	Certification, Electric Window Durability, Velocity/Impel FR, CD0004	ELECTRIC WINDOW DURABILITY CERTIFICATION Cab window roll-up systems can cause maintenance problems if not designed for long service life. The window regulator design will complete 30,000 complete up-down cycles and still function normally when finished. The bidder will certify that sample doors and windows similar to those provided on the apparatus have been tested and have met these criteria without malfunction or significant component wear.	
0549273	Certification, Seat Belt Anchors and Mounting, Imp/Vel/Vel SLT, CD0018	SEAT BELT ANCHOR STRENGTH Seat belt attachment strength is regulated by Federal Motor Vehicle Safety Standards and should be validated through testing. Each seat belt anchor design will withstand 3000 lb of pull on both the lap and shoulder belt in accordance with FMVSS 571.210 Seat Belt Assembly Anchorages. The bidder will certify that each anchor design was pull tested to the required force and met the appropriate criteria. SEAT MOUNTING STRENGTH Seat attachment strength is regulated by Federal Motor Vehicle Safety Standards and should be validated through testing. Each seat mounting design will be tested to withstand 20 G's of force in accordance with FMVSS 571.207 Seating Systems. The bidder will certify that each seat mount and cab structure design was pull tested to the required force and met the appropriate criteria.	
0735950	Certification, Cab HVAC System Perf, Vel/Imp FR, CD0166/CD0168/CD0176/CD0177	PERFORMANCE CERTIFICATIONS Cab Air Conditioning Good cab air conditioning temperature and air flow performance keeps occupants comfortable, reduces humidity, and provides a climate for recuperation while at the scene. The cab air conditioning system will cool the cab from a heat-soaked condition at 100 degrees Fahrenheit to an average of 78 degrees Fahrenheit in 30 minutes. The bidder will certify that a substantially similar cab has been tested and has met these criteria. Cab Defroster Visibility during inclement weather is essential to safe apparatus performance. The defroster system will clear the required windshield zones in accordance with SAE J381 Windshield Defrosting Systems Test Procedure And Performance Requirements - Trucks, Buses, And Multipurpose Vehicles. <i>The bidder will certify that the defrost system design has been tested in a cold chamber and passes the SAE J381 criteria.</i> Cab Auxiliary Heater <i>Good cab heat performance and regulation provides a more effective working environment for personnel, whether in-transit, or at a scene. An auxiliary cab heater will warm the cab 77 degrees Fahrenheit from a cold-soak, within 30 minutes when tested using the coolant supply methods found in SAE J381. The bidder will certify, at time of delivery, that a substantially similar cab has been tested and has met these criteria.</i>	
0545073	Amp Draw Report, NFPA Current Edition	AMP DRAW REPORT The bidder will provide, at the time of bid and delivery, an itemized print out of the expected amp draw of the entire vehicle's electrical system. The manufacturer of the apparatus will provide the following: Documentation of the electrical system performance tests. A written load analysis, which will include the following: The nameplate rating of the alternator. The alternator rating under the conditions specified per: Current edition of applicable NFPA standards. The minimum continuous load of each component that is specified per: Current edition of applicable NFPA standards. Additional loads that, when added to the minimum continuous load, determine the total connected load. Each individual intermittent load. All of the above listed items will be provided by the bidder per the current edition of applicable NFPA standards.

Notes:

*Actual Inside cramp angle may be less than shown.

Curb to Curb turning radius calculated for 9.00 inch curb.

Definitions:		AGENDA ITEM NO. 28.
Inside CrampAngle	Maximum turning angle of the front inside fire.	
Axle Track	King-pin to King-pin distance of front axle.	
Wheel Offset	Offset from the center line of the wheel to the King-pin.	
Tread Width	Width of the tire tread.	
Chassis Overhang	Distance of the center line of the front axle to the front edge of the cab. This does not include the bumper depth.	
Additional Bumper Wheel	Depth that the bumper assembly adds to the front overhang.	
Wheelbase	Distance between the center lines of the vehicles front and rear axles.	
Inside Turning Radius	Radius of the smallest circle around which the vehicle can turn.	
Curb to Curb Turning Radius	Radius of the smallest circle around which the vehicle's tires can turn. This measures assumes a curb height of 9 inches.	
Wall to Wall Turning Radius	Radius of the smallest circle around which the vehicle's tires can turn. This measures takes into account any front overhang due to chassis , bumper extensions and or aerial devices.	

4 PRODUCT WARRANTIES

Exhibit "C"

Fire and Rescue Apparatus

One (1) Year Material and Workmanship

Basic Apparatus

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Portions of the apparatus manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	Twelve (12) months.
Conditions and Exclusions: See Also Paragraphs 2 thru 4	No specific exclusions apply

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Three (3) Year Material and Workmanship Velocity and Impel Custom Chassis

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Portions of the apparatus manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	Three (3) Years, or 30,000 Miles, or 5000 Engine Hours
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty applies, where applicable, to Goldstar lamination, defroster heater coil and motor blower assembly (excluding the FET PWM module), heater, air conditioning condenser coil and fan/motor assembly, air conditioning evaporator coil and motor blower assembly (excluding the drain pan pump and thermostat), under seat heaters coil and motor blower assembly (excluding the FET PWM module), HVAC electronic switches, HVAC hoses and hard lines, heater water valve, Pierce PS6 seat frames and hardware, Pierce One-Eleven mirrors, Pierce hands-free scba holder, cracking or color loss of roto-molded components, Meritor rear axle, Wabco ABS system, cab door handles, Standen spring suspension components, and the gauge instrument cluster.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Cummins Warranty

Worldwide

Fire Apparatus/Crash Trucks

Coverage

Products Warranted

This Warranty applies to new diesel Engines sold by Cummins and delivered to the first user on or after April 1, 2007, that are used in fire apparatus truck and crash truck* applications Worldwide.

Base Engine Warranty

The Base Engine Warranty covers any failures of the Engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). This Coverage begins with the sale of the Engine by Cummins and ends five years or 100,000 miles (160,935 kilometers), whichever occurs first, after the date of delivery of the Engine to the first user.

Engine aftertreatment components included in the Cummins Critical Parts List (CPL) and marked with a Cummins part number are covered under Base Engine Warranty.

Additional Coverage is outlined in the Emission Warranty section.

These Warranties are made to all Owners in the chain of distribution and Coverage continues to all subsequent Owners until the end of the periods of Coverage.

Cummins Responsibilities

Cummins will pay for all parts and labor needed to repair the damage to the Engine resulting from a Warrantable Failure.

Cummins will pay for the lubricating oil, antifreeze, filter elements, belts, hoses and other maintenance items that are not reusable due to the Warrantable Failure.

Cummins will pay for reasonable labor costs for Engine removal and reinstallation when necessary to repair a Warrantable Failure.

Cummins will pay reasonable costs for towing a vehicle disabled by a Warrantable Failure to the nearest authorized repair location. In lieu of the towing expense, Cummins will pay reasonable costs for mechanics to travel to and from the location of the vehicle, including meals, mileage and lodging when the repair is performed at the site of the failure.

Owner Responsibilities

Owner is responsible for the operation and maintenance of the Engine as specified in Cummins Operation and Maintenance Manuals. Owner is also responsible for providing proof that all recommended maintenance has been performed.

Before the expiration of the applicable Warranty, Owner must notify a Cummins distributor, authorized dealer or other repair location approved by Cummins of any Warrantable Failure and make the Engine available for repair by such facility. Except for Engines disabled by a Warrantable Failure, Owner must also deliver the Engine to the repair facility.

Service locations are listed on the Cummins Worldwide Service Locator at cummins.com.

Owner is responsible for the cost of lubricating oil, antifreeze, filter elements and other maintenance items provided during Warranty repairs unless such items are not reusable due to the Warrantable Failure.

Owner is responsible for communication expenses, meals, lodging and similar costs incurred as a result of a Warrantable Failure.

Owner is responsible for non-Engine repairs and for "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs and other losses resulting from a Warrantable Failure.

Owner is responsible for a \$100 (U.S. Dollars) deductible per each service visit under this plan in the 3rd, 4th and 5th years of Base Engine Warranty. The deductible will not be charged during the first 2 years of the Base Engine Warranty.

Limitations

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel

exhaust fluid.

This Warranty does not apply to accessories supplied by Cummins which bear the name of another company. Such non-warranted accessories include, but are not limited to: alternators, starters, fans, air conditioning compressors, clutches, filters, transmissions, torque converters, vacuum pumps, power steering pumps, fan drives and air compressors. Cummins branded alternators and starters are covered for the first two years from the date of delivery of the Engine to the first user, or the expiration of the Base Engine Warranty, whichever occurs first.

Failures resulting in excessive oil consumption are not covered beyond the duration of the Coverage or 100,000 miles (160,935 kilometers) or 7,000 hours from the date of delivery of the Engine to the first user, whichever of the three occurs first. Before a claim for excessive oil consumption will be considered, Owner must submit adequate documentation to show that consumption exceeds Cummins published standards.

Failures of belts and hoses supplied by Cummins are not covered beyond the first year from the date of delivery of the Engine to the first user or the duration of the Warranty, whichever occurs first.

Parts used to repair a Warrantable Failure may be new Cummins parts, Cummins approved rebuilt parts or repaired parts. Cummins is not responsible for failures resulting from the use of parts not approved by Cummins.

A new Cummins or Cummins approved rebuilt part used to repair a Warrantable Failure assumes the identity of the part it replaced and is entitled to the remaining Coverage hereunder.

Cummins Inc. reserves the right to interrogate Electronic Control Module (ECM) data for purposes of failure analysis.

CUMMINS DOES NOT COVER WEAR OR WEAROUT OF COVERED PARTS.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THIS WARRANTY AND THE EMISSION WARRANTY SET FORTH HEREINAFTER ARE THE SOLE WARRANTIES MADE BY CUMMINS IN REGARD TO THESE ENGINES. CUMMINS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Emission Warranty

Products Warranted

This Emission Warranty applies to new Engines marketed by Cummins that are used in the United States** in vehicles designed for transporting persons or property on a street or highway. This Warranty applies to Engines delivered to the first user on or after September 1, 1992.

Coverage

Cummins warrants to the first user and each subsequent purchaser that the Engine is designed, built and equipped so as to conform at the time of sale by Cummins with all U.S. federal emission regulations applicable at the time of manufacture and that it is free from defects in material or factory workmanship which would cause it not to meet these regulations within the longer of the following periods: (A) Five years or 100,000 miles (160,935 kilometers) of operation, whichever occurs first, as measured from the date of delivery of the Engine to the first user or (B) The Base Engine Warranty.

If the vehicle in which the Engine is installed is registered in the state of California, a separate California Emission Warranty also applies.

Limitations

Failures, other than those resulting from defects in material or factory workmanship, are not covered by this Warranty.

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel exhaust fluid.

Cummins is not responsible for non-Engine repairs, "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs or other losses resulting from a Warrantable Failure.

**CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL
OR CONSEQUENTIAL DAMAGES.**

* Airport operated crash trucks and fire department operated trucks employed to respond to fires, hazardous material releases, rescue and other emergency-type situations.

** United States includes American Samoa, the Commonwealth of Northern Mariana Islands, Guam, Puerto Rico and the U.S. Virgin Islands.

R. H. SHEPPARD CO., INC.
101 Philadelphia St.
Hanover, PA 17331
Pierce Manufacturing Inc.
2600 American Drive
Appleton, WI 54912

LIMITED WARRANTY: The R. H. Sheppard Co. Inc., ("Sheppard") warrants all M110PKG1 and M110SAU1 steering gears manufactured and sold to Pierce Manufacturing Inc. ("Pierce") for application on Pierce TAK-4 equipped vehicles to be free from defects of workmanship and material under normal use and service for a period of thirty six months from the in service date of the vehicle to its original owner.

Vehicle applications where Sheppard product is used require an application approval before production build. If Pierce uses Sheppard product for any purpose or application which has not been approved by Sheppard in advance, including aftermarket devices (defined as a device added to the steering system directly or indirectly affecting the performance or operation of the Sheppard product in its approved application) not tested and approved by Sheppard this limited warranty **SHALL NOT APPLY AND SHALL BE VOID. SHEPPARD MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED. SHEPPARD EXPRESSLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR USE OR PURPOSE WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF.**

SHEPPARD SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES OR FOR LOSS OR DAMAGE DIRECTLY OR INDIRECTLY ARISING FROM THE USE OF A PRODUCT. Pierce expressly acknowledges its obligation to inform all users (customers) of the above disclaimer.

CONDITIONS: Claims under this Limited Warranty may only be made by Pierce. In no event shall Sheppard be held liable for warranty charges by unauthorized persons. No allowance will be made for repairs or alterations, unless made with the written consent of Sheppard. Authorized Pierce dealers shall be the only authorized repair facility for Sheppard products applied to Pierce vehicles. Any warrantable repair made under this Limited Warranty must be made on or before 36 months of the in-service date for the Product to which the claim relates. Sheppard shall not be liable for claims made after such date. Sheppard product fitted to Pierce vehicles that are repaired at a repair facility other than an authorized Pierce dealer within the warranty period will be considered for payment under the guidelines of this agreement only by joint written consideration of Sheppard and Pierce warranty departments. It shall be the responsibility of the Pierce warranty department to notify Sheppard if and when this situation occurs. Sheppard will not be held responsible for damage to other steering components such as but not limited to pumps and reservoirs due to improper adjustment of steering gear relief plungers. Vehicle downtime and towing will not be considered under warranty.

REMEDIES: The sole and exclusive remedy of Pierce for Sheppard's breach of the foregoing warranty is limited to the return and repair or reimbursement as follows:

R. H. SHEPPARD CO., INC. WARRANTY
Pierce Manufacturing Inc.
Page 2

Warranty Support: In support of the Pierce dealer network, Sheppard will provide a toll-free “Hotline” service to assist in the diagnosis and troubleshooting of steering problems. The R. H. Sheppard Co., Inc. Field Service Department can be reached at 1-800-274-7437 for assistance. Sheppard will require that Pierce dealers contact this toll-free “Hotline” for approval before product is removed from a vehicle in a warranty situation. When contacted regarding a warranty situation, the Sheppard representative will provide an authorization number for removal of the product. This Returned Goods Authorization (RGA) number must be included in all warranty correspondence and attached to all returned goods.

Procedure: In the event of a warranty situation, the servicing dealer shall contact the Sheppard Hotline and receive an RGA number before replacing any steering gear. For M110PKG1 and M110SAU1 steering gear models, the dealer will first obtain an RGA number from Sheppard, and then order the replacement gear from Pierce. Replacement M110PKG1 and M110SAU1 steering gears shall be shipped from Pierce once those models are in full production. A warranty claim for both parts and labor will then be generated by the dealer and sent to Pierce. After reviewing the claim, Pierce will submit it to Sheppard for reimbursement.

Parts Reimbursement: Sheppard agrees to reimburse Pierce at Pierce’s purchase price plus 30% mark-up for parts found to be defective within the warranty period. Parts being returned for warranty consideration shall be sent to the R. H. Sheppard Company, 447 E. Middle St., Hanover, PA 17331 ATTN: Warranty Dept. Sheppard’s determination as to whether the part is covered by the foregoing warranty is final and conclusive. Sheppard requires the return of complete steering gears only. Individual seals replaced under warranty **should not** be returned unless specifically requested by Sheppard. All parts being returned for warranty consideration must be clearly tagged with all pertinent warranty information including, but not limited to (1) Returned Goods Authorization number (RGA); (2) claim number; (3) date in service; (4) date of failure; (5) mileage; (6) part number; (7) labor hours; (8) dealer labor rate and; (9) dollar amount claimed. Claims submitted without prior authorization are subject to rejection under this agreement.

Labor: Labor to repair Sheppard product found to be defective within the warranty period will be reimbursed at not more than 10 hours per vehicle. Labor shall be reimbursed at the rate of \$85.00 USD per hour for M110PGK1 and M110SAU1 steering gears.

Freight: Pierce will collect M110PGK1 and M110SAU1 warranty material at a designated collection point. Inbound freight to the Pierce collection point will be the responsibility of Pierce. All warranty material should be returned from the Pierce collection point to R. H. Sheppard Co. Freight Collect by a Sheppard-specified common carrier based on location of the Pierce collection point. Sheppard does not require the return of failed seals. Any freight charges incurred for the return of seals will be the responsibility of Pierce. Parts returned for warranty consideration without prior authorization are subject to rejection under this agreement and may be subject to a charge back of inbound freight charges. Parts rejected under this warranty will be returned to Pierce Freight Collect or scrapped by Sheppard at Pierce’s discretion.

R. H. SHEPPARD CO., INC. WARRANTY
Pierce Manufacturing Inc.
Page 3

Outside Purchases: Pierce authorized dealers shall be the only outlet for repair, warranty service and parts for Sheppard products applied to Pierce vehicles. Sheppard will not be responsible for consumables such as hoses, belts, fluids, fittings or miscellaneous shop material that may be required for the repair of the product.

Warranty Documentation: Warranty credit memos will be issued monthly to the Pierce Warranty Department. Monthly credit memos will include (1) claim number; (2) part number; (3) parts reimbursement; (4) labor reimbursement; (5) any applicable Pierce reference number and; (6) reason for rejection or acceptance of the claim. Credit memos will be issued in U.S. funds. Debits for warranty claims will not be accepted under this agreement. Claim disposition will constitute the final and conclusive resolution of warranty claims.

Parts Retention: Sheppard will retain parts submitted for warranty consideration for a period of sixty (60) days for any material found to be rejected for warranty. Sheppard will notify Pierce within sixty (60) days of receipt of Sheppard's determination as to whether any such part is covered by this warranty. Warranty reimbursement will be issued within thirty days of receipt of material at Sheppard.

Good-Will Requests: Good-Will requests will be considered jointly between Sheppard and Pierce for equitable compensation.

RECALLS: Sheppard retains the right to review information regarding federal motor vehicle recall and /or product repair programs if Sheppard products fitted to Pierce vehicles are alleged to be non-compliant with federal motor vehicle safety standards. Sheppard retains the right to review any claims of product defect or non-compliance before participating in reimbursement of expenses incurred as a result of alleged non-compliance or defect of its products. Sheppard agrees to negotiate in good faith for the reimbursement of expenses incurred by Pierce for all administrative, material and labor cost and expense associated with any recall where Sheppard product is found to be defective or non-compliant with federal motor vehicle standards.

MISCELLANEOUS: This writing constitutes the full complete and final statement of Sheppard's limited warranty for M110PKG1 and M110SAU1 products sold to Pierce. All prior oral or written correspondence, test data, negotiations, representations, understandings and the like regarding products are merged in this writing and extinguished by it. This limited warranty may not be altered, amended extended or modified except by a writing signed by the President or Vice President of Sheppard. No employee, vendor, dealer, distributor or other representative of Sheppard has authority to make statements to extend, expand, alter or amend the terms of this Limited Warranty. Sheppard expressly disclaims any statements contrary to the Limited Warranty. Sheppard's failure at any time to enforce any of the terms and conditions stated herein shall not constitute a waiver of any provisions herein. This Limited Warranty shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania.

R. H. SHEPPARD CO., INC. WARRANTY
Pierce Manufacturing Inc.
Page 4

Any legal actions which may arise as a result of disputes, controversies or claims arising out of or related to this limited warranty shall be in such forum as Sheppard and Pierce shall agree, or, in the absence of agreement, in a court of appropriate jurisdiction other than in the county in which either party is located. This Limited Warranty shall not be assigned by Pierce.

COOPERATIVE EFFORT: Sheppard and Pierce agree to work cooperatively toward expanding this warranty coverage to a period of sixty months from the in service date. These cooperative efforts shall focus on examining the effects of increased heat generated by 2007 model engines and its impact on the entire power steering system.

AGREEMENT: This agreement is effective April 3, 2006 and may be modified by mutual agreement between Sheppard and Pierce of a signed amendment to be attached to the original Limited Warranty. There are no third party beneficiaries to this Limited Warranty. This warranty agreement applies to Pierce authorized dealers only. It does not encompass any special arrangements that Pierce may now have or that Pierce may enter into, with any other segments of the trucking industry. This warranty agreement does not apply to non-conforming product removed at Pierce assembly plants.

This Limited Warranty agreement between the R. H. Sheppard Co., Inc and Pierce Manufacturing Inc. may be terminated by either party with thirty days written notice prior to termination.

Signed at Pierce Manufacturing Inc., Appleton, WI this _____ day of _____, 2006.

Fire and Rescue Apparatus

Lifetime Fifty (50) Year Structural Integrity

Chassis Frame & Crossmembers

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Custom chassis frame rail and cross members manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Fifty (50) Years (Expected Life of Apparatus)
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Three (3) Year Material and Workmanship TAK-4 Independent Front Suspension

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The TAK-4 Front Independent Suspension and Steering Gears shall be free from defects in material and workmanship.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Years -or- 30,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty excludes brake pads, brake rotors, seal boots and shock absorbers.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Three (3) Year Material and Workmanship TAK-4 Independent Rear Suspension

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The TAK-4 Rear Independent Suspension and Steering Gears shall be free from defects in material and workmanship.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Years -or- 30,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty excludes brake shoes, brake drums, ball joint boots and shock absorbers.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Three (3) Year Material and Workmanship Meritor Wabco ABS Brake System Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Meritor Wabco ABS brake system shall be covered by Meritor Wabco as indicated in the attached Meritor Wabco warranty coverage description
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	The exclusions listed in the attached Meritor Wabco warranty description shall apply.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

WARRANTY

MODEL YEAR 2021 VEHICLES

Warranty coverage is essential to protecting your investment. But understanding the full details of your coverage can be challenging. This straightforward approach allows you, our valued customer, to better understand how your specific vehicle applications will be covered in your region. Our component warranty coverage is provided according to vocation/usage categories listed below.

- Linehaul covers high mileage operation (over 60,000 miles/year) on well-maintained major highways of concrete or asphalt construction.
- General Service covers moderate mileage operations (less than 60,000 miles/year) on well-maintained public roads (less than 10 percent off-road) typically with less than three (3) stops per mile.
- Heavy Service (Vocational) covers vehicles with more than 10 percent off-road OR moderate to frequent starts/stops typically with more than three (3) stops per mile.
- Off-Highway Service covers lower mileage operations. Vehicles are not typically licensed for highway use.

How to Read Warranty Coverage (Example)

Number of Years	Mileage (in thousands) Unl=Unlimited	P=Parts Only P&L=Parts & Labor
3	300	P

- The standard aftermarket warranty for WABCO products - including WABCO Original parts, WABCO Reman Solutions, ProVia quality aftermarket parts and WABCO retrofit solutions - is one year, parts only from in-service date when purchased from ZF distributor networks or its affiliates and/or subsidiaries.

TERMS AND CONDITIONS

COVERAGE EXCLUSIONS

PRODUCT DESCRIPTION

ALL PRODUCTS

This Warranty shall not apply to the following, but not limited to: (1) damage to the product or its component parts caused by incorrect use, installation, maintenance or repair, including without limitation (a) improper fit of mating components or brackets, damaged threads, cut, broken, chafed, pinched or otherwise damaged wiring (sensors, harnesses and connectors), (b) sensors damaged during removal when seized in block, or associated with sensor adjustments/ alignments, and (c) damage resulting from the use or installation of non-genuine WABCO components or materials; (2) damage to the product, its component parts, or diminished product or component part performance due to incorrect operation, deviation from approved conditions or misapplication; (3) any unauthorized disassembly of the product or its component parts including without limitation (a) obliterated, defaced or missing WABCO or WABCO name plate, serial numbers or label identifying the device as a ZF product or WABCO component, (b) changes to sealed adjusting screws, and (c) opening or attempted repair of non-serviceable components; (4) malfunction of the component due to internal contamination of the vehicle system including without limitation (a) water and other contamination damage that is due to the use of a non-genuine air dryer cartridge or (b) valve failures due to contamination in air system, (5) complaints associated with noise, (6) damage resulting from corrosion (including oxidation of electrical devices and connections).

AIR DRYERS

Mounting brackets (see vehicle OEM). Desiccant cartridge housing only.

AIR SYSTEM COMPONENTS

Normal wear items; Gladhand seals, dash valve knobs, valve actuation handles, treadles, pedals.

ABS, ELECTRONIC STABILITY CONTROL (ESC), ROLL STABILITY CONTROL (RSC), OPTIRIDE®, ONGUARD® AND ONLANE®, COLLECTIVELY “ELECTRONICS”

Failure of electronic components due to overvoltage condition, improper grounding, electrostatic discharge (ESD), improper shielding, electromagnetic interference (EMI), or other wiring or installation issues. Malfunctions and failure codes caused by other electronic subsystem failures (data bus, engine, transmission, dashboard, etc.)

HYDRAULIC COMPONENTS

For certain components, brake fluid DOT3 or DOT4 is used as the operating medium. Use of any other fluid will void all warranties associated with that component. For hydraulic braking applications the brake fluid is considered a maintenance item. Maintenance intervals are listed in TB-1367.

COVERAGE LIMITATIONS

PRODUCT DESCRIPTION

ALL PRODUCTS

Any claim beyond 60 days from date of repair will not be accepted or honored under this warranty program.

Products purchased on an incomplete vehicle (glider) are limited to one year, 1/Unl/P.

For vehicles that operate full- or part-time outside of the United States and Canada, a 1-Year/Unlimited Miles parts only (1/Unl/P) will apply.

TOOLBOX PLUS™ DIAGNOSTIC SOFTWARE

Proper diagnostics of WABCO Electronics may require the latest version of TOOLBOX PLUS™. Additional labor due to use of an outdated version of TOOLBOX™ software and/or the time to purchase or install the latest version of TOOLBOX PLUS™ are not covered under product warranty.

WARRANTY - MODEL YEAR 2021 VEHICLES

TERMS AND CONDITIONS

(1) What is Covered by this Commercial Warranty?

ZF CV Systems North America LLC and its North American subsidiaries and affiliates (ZF) warrant to the owner ("Owner") that the components listed in this publication, which have been installed by an Original Equipment Manufacturer ("OEM") as original equipment will be free from defects in material and workmanship. This warranty coverage begins from the original in-service date to the limits provided and runs concurrently with any warranties provided by OEMs and/or any distribution agreements and/or any service contracts that cover the components listed in this publication, if any. If the components listed in this publication are covered by an OEM warranty and/or service contract, then the OEM's warranty and/or service contract shall supersede ZF's warranty and Owner shall comply with all OEM's warranty and/or service contract requirements for claims under such OEM's warranty and/or service contract until those agreements expire. Once those agreements expire and provided the ZF warranty has not expired under the terms stated above, the ZF warranty will be in effect until its expiration date.

Warranty coverage ends at the expiration of the applicable time period from the date of vehicle purchase by the first Owner, or, the applicable mileage limitation, whichever occurs first. Duration of coverage varies by component and vocation as detailed previously in this publication. Some components are warranted for parts only and the Owner must pay any labor costs associated with the repair or replacement of the component. Other components are warranted for both parts and reasonable labor to repair or replace the subject component. Additional diagnostic time due to use of an outdated version of TOOLBOX™, time to purchase or install latest version of TOOLBOX™ are the responsibility of the authorized ZF distributor networks and are not covered under product warranty. Components installed as replacements under this warranty are warranted only for the remainder of the original period of time or mileage under the original warranty.

(2) Designation of Vocational Use Required. To obtain warranty coverage, each Owner must notify ZF through the OEM new truck and/or trailer dealer of the intended vocational use of the vehicle into which the WABCO components have been incorporated prior to the vehicle in-service date. This notification may be accomplished by registering the vehicle through your OEM new truck and/or trailer dealer or with ZF directly. Failure to notify ZF of (I) the intended vocational use of the vehicle or (II) a change in vocational use from that which was originally designated, will result in the application of a one year, unlimited mileage, parts only warranty (1/Unl/P) from the initial in-service date. A second Owner and each subsequent Owner must also notify ZF as to the intended vocational use of the vehicle. This notification can be sent directly to ZF or through

the OEM new truck and/or trailer dealer. The duration and mileage coverage of this warranty cannot exceed the coverage extended to the first Owner after his or her initial designation of vocational use. Coverage under ZF's warranty requires that the application of products be properly approved pursuant to OEM and ZF, approvals.

- (3) What is the Cost of this Warranty? There is no charge to the Owner for this warranty.
- (4) What is not Covered by this Warranty? In addition to the items listed on "Coverage Exclusions," this warranty does not cover normal wear and tear, or service items; nor does it cover a component that fails, malfunctions or is damaged as a result of (a) improper handling, storage, installation, adjustment, repair or modification including the use of unauthorized attachments or changes or modification in the vehicle's configuration, usage, or vocation from that which was originally approved by ZF, (b) accident, fire or other casualty, natural disaster, road debris, negligence, misuse, abuse, or improper use (including loading beyond the specified maximum vehicle weight or altering engine power settings to exceed the brake system capacity), or (c) improper or insufficient maintenance (including deviation from maintenance intervals, approved lubricants, or lube levels). This warranty does not cover any component or part that is not sold by ZF.
- (5) To obtain service. If the owner discovers within the applicable coverage period a defect in material or workmanship, the Owner must promptly give notice to either ZF or the dealer from which the vehicle was purchased. To obtain service, the vehicle must be taken to any participating OEM dealer or ZF distributor networks' servicer. The dealer or ZF authorized servicer will inspect the vehicle and contact ZF for an evaluation of the claim. When authorized by ZF, the dealer or ZF authorized servicer will repair or replace during the term of this warranty any defective WABCO component covered by this warranty.
- (6) Disclaimer of Warranty and Limitation of remedies. TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE LIMITED WARRANTY SET FORTH HEREIN IS EXCLUSIVE AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ARISING BY OPERATION OF LAW OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND/OR WARRANTY FOR HIDDEN OR LATENT DEFECTS, AND IN NO EVENT WILL ZF OR ANY OF ITS AFFILIATES BE LIABLE FOR DIRECT, INDIRECT, INCIDENTAL, PROGRESSIVE, SPECIAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND.

- (7) Legal action. Any legal action or claim arising from or related to this Warranty, in contract or otherwise, must be commenced within one year from the accrual of that cause of action, or be barred forever. Any dispute arising in connection with this agreement shall be governed by and construed according to the laws of the State of Michigan and be brought, heard and determined exclusively in either the Circuit Court for the County of Oakland, State of Michigan or the United States District Court for the Eastern District of Michigan. The parties stipulate that the referenced venues are convenient.
- (8) Remedy. The exclusive remedy under this warranty shall be the repair or replacement of the defective component at ZF's option. ZF reserves the right to require that all applicable covered components are available and/or returned to ZF for review and evaluation. THE MAXIMUM LIABILITY, IF ANY, OF ZF FOR ALL DAMAGES, INCLUDING WITHOUT LIMITATION CONTRACT DAMAGES, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY, OR OTHER TORT, IS LIMITED TO AN AMOUNT NOT TO EXCEED THE PURCHASE PRICE OF THE PRODUCT and where indicated in the product and application warranty information above, the inclusion of labor is limited to the standard repair time. THE PARTIES ACKNOWLEDGE AND AGREE THAT THE LIMITATION OF DAMAGES PROVISION SET FORTH IN THIS PARAGRAPH SURVIVES BETWEEN THE ORIGINAL END USER AND ZF EVEN IF THE EXCLUSIVE REMEDY SET FORTH ABOVE IS DEEMED TO FAIL OF ITS ESSENTIAL PURPOSE. ZF may change the design or make improvements to its Products without incurring any warranty obligation for previously manufactured Product .
- (9) Entire Agreement. This is the entire agreement between ZF and the Owner about warranty and no, ZF employee, or dealer is authorized to make any additional warranty on behalf of ZF unless in writing and signed by an authorized representative of ZF.

**For further product details contact your distributor or the
WABCO Customer Care Center at 855-228-3203.**

About ZF Friedrichshafen AG

ZF is a global technology company and supplies systems for passenger cars, commercial vehicles and industrial technology, enabling the next generation of mobility. ZF allows vehicles to see, think and act. In the four technology domains Vehicle Motion Control, Integrated Safety, Automated Driving, and Electric Mobility, ZF offers comprehensive solutions for established vehicle manufacturers and newly emerging transport and mobility service providers. ZF electrifies different kinds of vehicles. With its products, the company contributes to reducing emissions and protecting the climate.

ZF, which acquired WABCO Holdings Inc. on May 29, 2020, now has 160,000 employees worldwide with approximately 260 locations in 41 countries. In 2019, the two then-independent companies achieved sales of €36.5 billion (ZF) and \$3.4 billion (WABCO). For more information, visit: www.wabco-na.com

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity

Custom Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Pierce Custom Cab shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the cab tubular support and mounting structures and other structural components of the cab of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the cab painted by Pierce shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions:	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Two (2) Year Material and Workmanship

Power Step

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Each power step shall be free from defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Two (2) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	No specific exclusions apply

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship

Command Zone Electronics

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Command Zone control modules shall be free from failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Five (5) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty applies to all of the control modules for the Command Zone system, including the full color graphic displays. Related wire harnesses, cables and connectors are not covered under this limited warranty and are instead covered under the Pierce One Year Basic Apparatus Limited Warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

54 Months Material and Workmanship

Camera System

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Sharpvision camera system installed on the apparatus occurring during the warranty period.
Warranty Begins:	The date of delivery.
Warranty Period Ends After:	Fifty - Four (54) months
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

NEW PRODUCT WARRANTY

**PARTICIPATING OEM SALES
DISTRIBUTOR SALES**
**LIMITED WARRANTY ON NEW ALLISON AUTOMATIC TRANSMISSIONS
USED IN EMERGENCY VEHICLE APPLICATIONS**

Allison Transmission will provide for repairs or replacement, at its option, during the warranty period of each new Allison transmission listed below that is installed in an Emergency Vehicle in accordance with the following terms, conditions, and limitations.

WHAT IS COVERED

- **WARRANTY APPLIES** — This warranty is for new Allison transmission models listed below installed in an Emergency Vehicle and is provided to the original and any subsequent owner(s) of the vehicle during the warranty period.
- **REPAIRS COVERED** — The warranty covers repairs or replacement, at Allison Transmission's option, to correct any transmission malfunction resulting from defects in material or workmanship occurring during the warranty period. Needed repairs or replacements will be performed using the method Allison Transmission determines most appropriate under the circumstances.
- **TOWING** — Towing is covered to the nearest Allison Transmission Distributor or authorized Dealer only when necessary to prevent further damage to your transmission.
- **PAYMENT TERMS** — Warranty repairs, including parts and labor, will be covered per the schedule shown in the chart contained in section "APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE."
- **OBTAINING REPAIRS** — To obtain warranty repairs, take the vehicle to any Allison Transmission Distributor or authorized Dealer within a reasonable amount of time and request the needed repairs. A reasonable amount of time must be allowed for the Distributor or Dealer to perform necessary repairs.
- **TRANSMISSION REMOVAL AND REINSTALLATION** — Labor costs for the removal and re-installation of the transmission, when necessary to make a warranty repair, are covered by this warranty.
- **WARRANTY PERIOD** — The warranty period for all coverages shall begin on the date the transmission is delivered to the first retail purchaser, with the following exception:

Demonstration Service - A transmission in a new truck or bus may be demonstrated to a total of 5000 miles (8000 kilometers). If the vehicle is within this limit when sold to a retail purchaser, the warranty start date is the date of purchase. Normal warranty services are applicable to the demonstrating Dealer. Should the truck or bus be sold to a retail purchaser after these limits are reached, the warranty period will begin on the date the vehicle was first placed in demonstration service and the purchaser will be entitled to the remaining warranty.

APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE

APPLICABLE MODELS	WARRANTY LIMITATIONS (Whichever occurs first)		ADJUSTMENT CHARGE TO BE PAID BY THE CUSTOMER	
	Months	Transmission Miles Or Kilometers	Parts	Labor
MT, MD 3000, 3200, 3500, 3700	0-24	No Limit	No Charge	No Charge
HT with Hydraulic Controls	0-24	No Limit	No Charge	No Charge
AT, 1000 Series™, 2000 Series™, 2400 Series™	0-36	No Limit	No Charge	No Charge
HT with Electronic Controls	0-60	No Limit	No Charge	No Charge
HD 1000 EVS, 2100 EVS, 2200 EVS 2350 EVS, 2500 EVS, 2550 EVS, 3000 EVS, 3500 EVS, 4000, 4000 EVS, 4500, 4500 EVS, 4700, 4700 EVS, 4800, 4800 EVS	0-60	No Limit	No Charge	No Charge

WHAT IS NOT COVERED

- **DAMAGE DUE TO ACCIDENT, MISUSE, or ALTERATION** — Defects and damage caused as the result of any of the following are not covered:
 - Flood, collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle;
 - Misuse of the vehicle;
 - Installation into unapproved applications and installations;
 - Alterations or modification of the transmission or the vehicle, and
 - Damage resulting from improper storage (refer to long-term storage procedure outlined in the applicable Allison Service Manual)
 - Anything other than defects in Allison Transmission material or workmanship

NOTE: This warranty is void on transmissions used in vehicles currently or previously titled as salvaged, scrapped, junked, or totaled.

- **CHASSIS, BODY, and COMPONENTS** — The chassis and body company (assemblers) and other component and equipment manufacturers are solely responsible for warranties on the chassis, body, component(s), and equipment they provide. Any transmission repair caused by an alteration(s) made to the Allison transmission or the vehicle which allows the transmission to be installed or operated outside of the limits defined in the appropriate Allison Installation Guideline is solely the responsibility of the entity making the alteration(s).
- **DAMAGE CAUSED by LACK of MAINTENANCE or by the USE of TRANSMISSION FLUIDS NOT RECOMMENDED in the OPERATOR'S MANUAL** — Defects and damage caused by any of the following are not covered:
 - Failure to follow the recommendations of the maintenance schedule intervals applicable to the transmission;
 - Failure to use transmission fluids or maintain transmission fluid levels recommended in the Operator's Manual.
- **MAINTENANCE** — Normal maintenance (such as replacement of filters, screens, and transmission fluid) is not covered and is the owner's responsibility.
- **REPAIRS by UNAUTHORIZED DEALERS** — Defects and damage caused by a service outlet that is not an authorized Allison Transmission Distributor or Dealer are not covered.
- **USE of OTHER THAN GENUINE ALLISON TRANSMISSION PARTS** — Defects and damage caused by the use of parts that are not genuine Allison Transmission parts are not covered.
- **EXTRA EXPENSES** — Economic loss and extra expenses are not covered. Examples include but are not limited to: loss of vehicle use; inconvenience; storage; payment for loss of time or pay; vehicle rental expense; lodging; meals; or other travel costs.
- **"DENIED PARTY" OWNERSHIP** — Warranty repair parts and labor costs are not reimbursed to any participating or non-participating OEMs, dealers or distributors who perform warranty work for, or on behalf of, end users identified by the United States as being a "denied party" or who are citizens of sanctioned or embargoed countries as defined by the U.S. Department of Treasury Office of Foreign Assets Control. Furthermore, warranty reimbursements are not guaranteed if the reimbursement would be contrary to any United States export control laws or regulations as defined by the U.S. Department of Commerce, the U.S. Department of State, or the U.S. Department of Treasury.

OTHER TERMS APPLICABLE TO CONSUMERS AS DEFINED by the MAGNUSON-MOSS WARRANTY ACT

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Allison Transmission does not authorize any person to create for it any other obligation or liability in connection with these transmissions.

ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO THESE TRANSMISSIONS IS LIMITED IN DURATION TO THE DURATION OF THIS WRITTEN WARRANTY. PERFORMANCE OF REPAIRS AND NEEDED ADJUSTMENTS IS THE EXCLUSIVE REMEDY UNDER THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, LOST WAGES OR VEHICLE RENTAL EXPENSES) RESULTING FROM BREACH OF THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY.**

** Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

OTHER TERMS APPLICABLE TO OTHER END-USERS

THIS WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THE ALLISON TRANSMISSION MODELS LISTED ABOVE AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALLISON TRANSMISSION DOES NOT AUTHORIZE ANY PERSON TO CREATE FOR IT ANY OTHER OBLIGATION OR LIABILITY IN CONNECTION WITH SUCH TRANSMISSIONS. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY.

QUESTIONS

If you have any questions regarding this warranty or the performance of warranty obligations, you may contact any Allison Transmission Distributor or Dealer or write to:

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship - Transmission Oil Cooler Three (3) Year Collateral Damage Coverage

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The transmission cooler shall be free from component or structural failures caused by defects in material and/or workmanship. Collateral damage up to \$10,000 per occurrence is available for the first three (3) years.
Warranty Begins:	The date of delivery to the first retail purchaser.
Warranty Period Ends After:	Five (5) Years on Oil Cooler and three (3) years on collateral damage coverage
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover repair due to accidents, misuse, and excessive vibration, flying debris, storage damage (freezing), negligence or modification. This warranty is void if any modification or repairs are performed without authorization. This also voids any future warranty. This warranty does not cover cost of maintenance or repairs due to lack of required maintenance services as recommended. Performance of the required maintenance and use of proper fluids are the responsibility of the owner. Towing is covered to the nearest distributor or authorized dealer only when necessary to prevent further damage to your transmission. Labor costs for the removal and reinstallation of goods may be covered when necessary to make repairs. Please contact your OEM for authorization. Replacement of cooler during the warranty period is limited to 100% of reasonable labor costs up to a maximum of \$700 to remove, replace, or repair the oil cooler.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

UNITED PLASTIC FABRICATING
Limited Lifetime Warranty
 Effective as of January 1, 2024

1. General. United Plastic Fabricating, Inc. (the "Company") warrants to the owner (the "Owner") that the products set forth on Exhibit A, attached hereto (the "Product") will be reasonably free from defects in materials and workmanship for the service life of the Product. This Limited Lifetime Warranty (the "Warranty") only applies to Company Products that are: (a) owned by a federal, state, county or local government, a volunteer fire department or dedicated commercial fire service operation; (b) continuously and actively used in emergency response and/or fire suppression vehicles; and (c) used, stored, handled and installed in the manner recommended by Company.

2. Warranty Obligations. Subject to the exclusions and limitations set forth in this Warranty, Company will, at its option, repair or offer a one (1) time replacement of the Product without charge, if the Product fails or does not perform as warranted during the warranty period due to a manufacturing defect or a defect in materials. Repair or replacement shall include reasonable labor charges necessary to repair or replace the defective Product but shall not include: (a) the costs associated with removal of the Product from the vehicle or the cost to otherwise provide access to the Product in the vehicle; (b) the cost associated with any required upgrades the vehicle (including, without limitation, upgrades required to strengthen the vehicle's frame); or (c) travel costs, except as provided by Section 3. Company's obligation as to repair or replacement shall further be limited to repair or replacement with the models of the Product that are available at the time of the repair or replacement, and shall be limited to the repair or replacement of only the specific Product that fails due to a manufacturing defect. In the event a Product becomes unavailable or cannot be supplied by Company for any reason a substitute Product of equal quality and functionality of the subject Product may be substituted by Company. Any repaired Product shall remain subject to this Warranty and any repair shall not extend the warranty period in any manner or start a new warranty period. Any Product that is replaced by Company shall be excluded from this Warranty. In no

event shall Company be required to expend, in any one (1) or series of expenditures, more than the purchase price of the Product to repair or replace a defective Product. Amounts expended by Company shall include all amounts paid by Company in connection the repair or replacement, including without limitation, amounts paid to third-parties, material costs, incidental costs and travel costs (except as provided by Section 3).

3. Travel; Expenses; Product Access. Company shall be responsible for any travel costs incurred to repair or replace the Product provided that: (a) the Product is located in the continental United States or Canada; and (ii) the warranty claim is initiated prior to the date on which NFPA 1912 Standards (Annex D) recommends replacement of the Product. All other travel costs incurred by Company or its agents to repair or replace the Product shall be the responsibility of the party asserting the warranty claim. Company reserves the right to require, as a condition to undertaking any repair or replacement: (y) pre-payment of its anticipated travel costs; and (z) satisfactory arraignments concerning scheduling and access to the Product. If the subject Product is located in an area of the world considered, in Company's sole discretion, to be unsafe Company may refuse to process the claim or require relocation of the Product, at no expense to Company, to an area where such repairs can be performed safely by Company or its agents. In the event Company or Company's agents are dispatched to repair or replace a defective Product and the vehicle in which the Product has been installed is not available or the Product is not readily accessible, for any reason, Company or Company's agents, as the case may be, shall be immediately reimbursed for all expenses incurred therewith.

4. Exclusions: Products must be stored, handled, installed, used and maintained in accordance with instructions provided by Company, and this Warranty is conditioned upon compliance with all such instructions. This Warranty does not cover defects caused by: (a) improper installation; (b) modification, alteration or repair of the Product by any unauthorized third-party; (c) misuse, including, without limitation, improper

storage or handling of the Product (e.g. excessive exposure to UV rays); chemical abuse (e.g. harsh cleansers and solvents), thermal abuse or shock (e.g. excessive heat or cold); (d) damage not resulting from manufacturing defects that occur while the Product is not in Company's possession (e.g. accidents); or (e) unreasonable or unintended use of the Product. Copies of the Company's operation and maintenance instructions are available on the Company's website <https://www.unitedplastic.com/upf-documents/>

5. Disclaimer. THE WARRANTIES SET FORTH HEREIN ARE THE ONLY WARRANTIES MADE BY COMPANY IN CONNECTION WITH THE PRODUCT. COMPANY CAN NOT AND DOES NOT MAKE ANY IMPLIED OR EXPRESS WARRANTIES WITH RESPECT TO THE PRODUCT, AND DISCLAIMS ALL OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. PRODUCTS SOLD BY COMPANY ARE SOLD ONLY TO THE SPECIFICATIONS SPECIFICALLY SET FORTH BY COMPANY IN WRITING. OTHER THAN THE LIMITED WARRANTY SET FORTH HEREIN, COMPANY MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED. COMPANY'S SOLE OBLIGATION UNDER THIS WARRANTY SHALL BE REPAIR OR REPLACEMENT OF NON-CONFORMING PRODUCT. BUYER ASSUMES ALL RISK WHATSOEVER AS TO THE RESULT OF THE USE OF THE PRODUCT PURCHASED, WHETHER USED SINGULARLY OR IN COMBINATION WITH ANY OTHER PRODUCTS OR SUBSTANCES.

6. Limitation of Liability. NO CLAIM BY OWNER OF ANY KIND, INCLUDING CLAIMS FOR INDEMNIFICATION, SHALL BE GREATER IN AMOUNT THAN THE PURCHASE PRICE OF THE PRODUCT IN RESPECT TO WHICH DAMAGES ARE CLAIMED. IN NO EVENT SHALL COMPANY BE LIABLE TO OWNER IN TORT, CONTRACT OR OTHERWISE, FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL (INCLUDING, WITHOUT LIMITATION, ANY OBLIGATION OF COMPANY TO REPAIR OR REPLACE ANY CHASSIS, SUB-FRAMES, BODIES, VALVES, DUMPS, HOSES, PRESSURE VACUUM VENTS OR OTHER SIMILAR COMPONENTS), RELIANCE, STATUTORY, SPECIAL, PUNITIVE OR EXEMPLARY DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, LOSS OF USE, LOSS OF TIME,

LOSS OF REVENUES, INCONVENIENCE, LOSS BUSINESS OPPORTUNITIES, OR DAMAGE TO GOOD WILL OR REPUTATION, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR SUCH DAMAGES COULD HAVE BEEN REASONABLY FORESEEN, IN CONNECTION WITH, ARISING OUT OF, OR AS A RESULT OF, THE SALE, DELIVERY, SERVICING, USE OR LOSS OF USE OF THE PRODUCTS SOLD HEREUNDER, OR FOR ANY LIABILITY OF BUYER TO ANY THIRD PARTY WITH RESPECT THERETO.

7. Reformation. If any term or provision of this Warranty shall be held or deemed to be, or shall in fact be, invalid, inoperative, illegal or unenforceable as applied in any case or in any jurisdiction or jurisdictions because of the conflicting nature of any provision with any constitution or statute or rule of public policy or for any other reason, then: (a) such circumstance shall not have the effect of rendering the provision or provisions in question invalid, inoperative, illegal or unenforceable in any other jurisdiction or in any other case or circumstance or of rendering any other provision or provisions herein contained invalid, inoperative, illegal or unenforceable to the extent that such other provisions are not themselves actually in conflict with such constitution, statute or rule of public policy; and (b) any such invalid, inoperative, illegal or unenforceable provision shall be reformed and construed in any such jurisdiction or case so that such provision would be valid, operative and enforceable to the maximum extent permitted in such jurisdiction or case.

8. Headings. The headings contained herein are for convenience and reference only, and shall be given no effect in the interpretation of any term or condition of this Warranty.

9. Submitting a Warranty Claim. To request coverage under this Warranty you must submit a claim through Company's website:
<https://www.unitedplastic.com/contact/product-support/>

10. Transferability. This Warranty is transferable and entitles the transferee to coverage for the remainder of the original warranty period.

11. Modification. This Warranty may be modified (a) as set forth on a binding sales order for the Product or (b) by a written agreement between Company and the Owner.

Fire and Rescue Apparatus Ten (10) Year Structural Integrity Apparatus Body Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The apparatus body shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the body tubular support and mounting structures and other structural components of the body of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

AMDOR Inc. TERMS OF BUSINESS AND GENERAL INFORMATION

Warranty:

All AMDOR Inc. roll-up door products are warranted for a period of 10 years from the date of delivery (with the exception of wet paint adhesion - please see below). AMDOR Inc. liability covers the replacement or repair of any component that fails due to defects in material and / or workmanship during the coverage period. We accept no liability for claims made for damages to any part (or parts) of a vehicle and / or machine (of any type) or injury claims by a person or persons assumed or alleged to have been brought about by the use or misuse of any product supplied by AMDOR Inc. Warranty coverage does not extend to door attachments including (but not limited to) decals, emblems, stripes and adhesives.

In order to initiate the claims process please contact your authorized representative of AMDOR Inc. Warranty claims must be accompanied by a written description providing full and reasonable details as to the nature of the defect. Upon receipt of your claim arrangements will be made to inspect the defective product (if necessary). Justified warranty claims will be repaired, exchanged, or credited to the customer's account at AMDOR Inc.'s discretion. All warranty claims must be approved in writing by the Customer Service Manager for AMDOR Inc. There are no exceptions to this clause.

Limited warranty coverage includes the labor associated with the disassembly and assembly of products deemed to be defective by AMDOR Inc. Labor allowances are based on a set time schedule as determined by AMDOR Inc. The maximum allowable hourly labor rate is \$ 50. All warranty labor claims must be approved in writing by an authorized representative of AMDOR Inc. prior to commencement of work. Allowances for removal and installation:

Curtain replacement:	3/4 hour
Balancer replacement:	1 hour
Door ajar switch	3/4 hour
Bottom Panel Assembly:	1/2 hour
Slat replacement:	3/4 hour
Door removal and replacement	1 1/2 hours

Items authorized for return must be accompanied by a Return Goods Authorization (RGA) number. We will accept collect shipments of items deemed to be defective provided that they are returned via the most economical carrier. Should items be

returned by means other than the most economical carrier the difference will be
back to the sender.

AMDOR Inc. reserves the right to reject any claim when a product has been opened, interfered with or modified. Claims may also be rejected when damage to the product (or any sub-assembly) has been brought about by accident, misuse, abuse, vandalism, incorrect installation, temperature extremes, chemical exposure or any factor other than regular operating conditions.

Limited Wet Paint Match Adhesion Warranty

AMDOR Inc. warrants wet paint finishes applied by AMDOR utilizing our approved factory paint specification. All wet paint match colors must be approved in writing by an authorized OEM representative. AMDOR Inc. will provide a color spray out for this purpose. The time required for shipping and consideration of initial color spray outs will be considered over and above stated lead times. Warranty coverage will extend for a period of not less than 5 years from the date of delivery as determined by AMDOR Inc.'s Packing Slip. AMDOR reserves the right to determine whether individual units will be replaced and / or repaired by an AMDOR approved vendor. An allowance will be made for labor associated with the disassembly and assembly of individual units at the prescribed hourly rate of \$ 50 per hour. Compensation for labor will not exceed the maximum time allowance permitted for door removal and replacement. Written approval including specified allowance for time must be obtained from AMDOR prior to initiating work. Warranty coverage will extend to the following visible paint system defects:

- 1./ Loss of mechanical adhesion as evidenced by peeling, cracking or blistering which exposes the substrate material.
- 2./ Corrosion of the substrate due to paint system failure.
- 3./ Fading which results in a substantial departure from the primary AMDOR approved body color.

Wet paint adhesion limited warranty coverage will be excluded when damages to the system are determined by AMDOR Inc. to be a result of the following:

- 1./ Damage caused through the use of attachments including (but not limited to) decals, labels, adhesives, non factory approved coatings.
- 2./ Loss of gloss, discoloration or damage due to improper maintenance (including but not limited to) mechanical wash systems, pressure washers, steam cleaners, non approved wash or polishing agents.
- 3./ Abuse, acts of nature, excessive heat / cold, chemical exposure, vandalism and / or accidents.
- 4./ Scratches, chips, abrasions, or dents from any source.

This document supercedes all previous written and / or verbal warranties provided by AMDOR Inc. and / or it's affiliates.

Fire and Rescue Apparatus

Seven (7) Year Material and Workmanship

PUC-NG Pump

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the purchaser who first puts the product in service ("Buyer"):

Coverage:	The PUC-NG Pump, integrated pump transmission, and its components manufactured under the Pierce brand in its Fire and Rescue Apparatus vehicle shall be free from failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Seven (7) Years - or - 3000 Pump Hours
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty applies to the PUC Pump and all its components manufactured under the Pierce brand, including the integrated pump transmission. Items not manufactured under the Pierce brand such as valves, relief valves or wear items such as wear rings, seals, bearings or costs of removal, transporting, storing, or reinstallation are not covered by this six-year limited warranty and are instead covered under the Pierce Basic One Year Limited Warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Ten (10) Year Material and Workmanship Stainless Steel Piping Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Stainless steel piping shall be free from structural failures caused by defects in material and workmanship, or perforation caused by corrosion.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	Pierce's obligation under this warranty is limited to repairing or replacing without charge, as Pierce may elect, the stainless steel piping or components which Pierce determines to have failed due to defective material and workmanship, or perforation caused by corrosion. This warranty does not cover the use of fluoroprotein (FP) type foam. The sodium chloride within FP foam can cause long-term damage to system components if not thoroughly flushed immediately after use.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Twenty (20) Year Structural Integrity

Pierce Aerial Device

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Each new Pierce Aerial Device shall be free from defects in material and workmanship. Aerial Device Models Covered by this warranty include: Aerial Platforms Aerial Ladders SkyBoom
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Twenty (20) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the torque box, turntable, aerial sections and other structural components of the aerial device, as identified in the Pierce specifications for the aerial device. This warranty shall be void if, or to the extent that the aerial device is not maintained in strict compliance with NFPA Standard 1911 in effect at time of sale, including such periodic inspections and testing by qualified third parties as are required by that Standard as it may be in effect from time to time. Proof of such compliance shall accompany any claims under this warranty. Third party testing agencies known to Pierce to be qualified for such purposes may be obtained from the Pierce Customer Service Department This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

AMITY FIRE AND SAFETY, INC.

Fax: 610-965-6313

* STANDARD FIVE YEAR WARRANTY *

(standard warranty is in effect for parts shipped after 4/15/10)

Three Function Swivel

A. PRESHIPMENT TESTING The Three Function Swivel fabricated by Amity which is exposed to pressure during normal use is subject to final inspection using the following pressure minimums:

1. Hydrostatic applications will be tested to 400 PSI unless specified otherwise on approved drawings. Operating pressures on installed systems are not to exceed 250 PSI at any point in the system. Warranty will be voided and Amity will not be held liable for failure and/or damage occurring from Water Hammering or freezing of water in any system.
2. Hydraulic applications will be tested to 4000 PSI. System operating pressure in application to be 3000 PSI maximum.
3. Dielectric and Continuity Test all circuits. 30 Amp max current loading.

B. THREE FUNCTION SWIVEL MAINTENANCE – Our Three Function Swivel has been fully tested at assembly. Under no circumstances is there to be any maintenance performed internally or externally to the Three Function Swivel by Purchaser or any other third party other than an authorized representative of or Amity itself. The Three Function Swivel is sealed and must remain so. The Three Function Swivel is designed for a long maintenance free life. Should any problems occur or replacement be necessary, first contact Amity. There is to be no field maintenance performed on the Three Function Swivel .

C. MOUNTING REQUIREMENTS – The following are the mounting requirements for the Three Function Swivel:

1. Mounting points and methods are to be determined at the initial design stage. All drawings and applicable documentation must be signed off by both parties and filed for future reference. No deviation to the approved mounting is allowed without approval from Amity.
2. The Three Function Swivel is to be mounted concentric to the center of the turntable bearing.
3. All inlet and outlet plumbing to conform to swivel mounting, under no circumstances is the Three Function Swivel to be positioned to match connections. This will avoid putting excessive loads on the Three Function Swivel. All tubing or piping to be supported by means other than the Three Function Swivel.

D. LIMITED WARRANTY, LIMITATIONS, CONDITIONS AND PROCEDURES REQUIRED.

1. The Three Function Swivel is warranted to be free of defects in labor and/or materials for a period of five (5) years from the Date of Service. For purposes here, "Date of Service" shall mean the date when the Three Function Swivel, or the unit to which the Three Function Swivel is incorporated, passes final Underwriters Laboratory testing, or similarly compliant testing, and is certified for service. Evidence of such Date of Service shall be required in connection with any warranty claim by Purchaser.
2. The Three Function Swivel shall be repaired or replaced at the sole option and expense of the Amity provided the Three Function Swivel alleged to be defective was used for its intended normal use of operation and subject to the following qualifications and limitations.
3. Any alteration of the Three Function Swivel without consent from Amity is strictly forbidden and shall void warranty.
4. No welding shall be performed on finished Three Function Swivel.
5. No responsibility is assumed for any malfunctions or damages which are occasionally caused by foreign objects which may be ingested into water or hydraulic systems such as, but not limited to stones, sand or metal chips.
6. Amity assumes responsibility for our Three Function Swivel, which is defective only, and therefore, it will not assume responsibility for labor to either remove or install our Three Function Swivel unless it agrees in writing to assume such responsibility.
7. Unless otherwise approved in writing by the Amity all returns of defective Three Function Swivels (or allegedly defective Three Function Swivels) are at Purchaser's expense and must include a RGA number issued by the Amity.

8. All warranty claims must be presented at the time the problem occurs, or as soon as practical thereafter, either called or faxed to the Amity and include the numbers on the assembly's Amity's label with a detailed explanation of the difficulty in order for the matter to be appropriately evaluated and resolved.
9. Amity will not be held liable for damage incurred during shipment.
10. No responsibility shall be assumed for misuse or improper mounting, unreasonably use or abuse of the Three Function Swivel and or failure to provide or use improper maintenance, failure to follow written installation and use in instruction or any use other than the customary designed use.

THE REMEDIES PROVIDED IN THE ABOVE EXPRESS LIMITED WARRANTY AND ARE THE SOLE AND EXCLUSIVE REMEDIES AVAILABLE. NO OTHER EXPRESS WARRANTIES ARE MADE. ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE ARE LIMITED IN DURATION AS SET FORTH ABOVE. IN NO EVENT SHALL THE AMITY ASSUME OR BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THE WITHIN DESCRIBED WARRANTY SHALL ONLY BE AFFORDED TO THE ORIGINAL PURCHASER OR FOR INCORPORATION INTO ANOTHER UNIT AND TO FIRST PURCHASER AS PART OF COMPLETED UNIT, HOWEVER, THE WARRANTY PERIOD OF FIVE YEARS IS FROM THE DATE OF SERVICE WITH THE UNDERSTANDING IT IS INSTALLED WITHIN A REASONABLE TIME PERIOD.

Dated: _____, 20__

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship Aerial Hydraulic System Components

Three (3) Year Material and Workmanship Aerial Hydraulic System Seals

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The aerial hydraulic system components and seals shall be free from component or structural failures caused by defects in material and/or workmanship.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Five (5) Years and Three (3) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	Pierce's obligation under this warranty is limited to repairing or replacing without charge, as Pierce may elect, the hydraulic lines, fittings, valves, seals, cylinders, filters, pumps, hydraulic motors, rotary actuators, or components which Pierce determines to have failed due to defective material and workmanship. This warranty shall not apply unless the aerial device is inspected in accordance with NFPA 1911 Standard for Inspection, Maintenance, Testing, and Retirement of In-Service Automotive Fire Apparatus and the applicable Pierce Operator and Maintenance Manuals.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

AMITY FIRE AND SAFETY, INC.

3750 CHESTNUT ROAD
ALBURTIS, PA 18011-0451
Phone: 610-966-3115
Fax: 610-965-6313

* STANDARD TEN YEAR WARRANTY *

(standard warranty is in effect for parts shipped after 4/15/10)

Telescopic Waterways

A. PRESHIPMENT TESTING All waterways fabricated by Amity are final inspected using the following pressure minimums:

1. Hydrostatic applications will be tested to 400 PSI unless specified otherwise on approved drawings. Operating pressures on installed systems are not to exceed 250 PSI at any point in the system. Warranty will be voided and Amity will not be held liable for failure and/or damage occurring from Water Hammering or freezing of water in any system.

B. COMPONENTS DESCRIPTION AND MAINTENANCE

1. All components are thoroughly greased at assembly. Since internally lubricated seals are used, regular greasing is not required. We recommend components not be greased at installation.
2. Slip Tube Assemblies may be greased at the Amity's regularly scheduled Aerial Inspections. The seals in the Slip Tube Assemblies are self-lubricating, so greasing is not mandatory. We do recommend a visual inspection of the Slip Tube Assembly while it is fully extended after initial installation, from that point on we recommend inspection every ten hours of aerial operation. If any deposits of aluminum appear, they are to be rubbed off using a Teflon scouring pad. Slip Tube Assemblies are designed to give long maintenance free service; however, like any product, problems may occur and periodic visual inspections will aid in determining if a potential problem exists and warrants a call to us. Care must be taken to keep debris off of extended tubes. We recommend wiping tubes with light oil (10 weight) or hydraulic oil after use, if tubes appear to have contamination on them. Under no circumstance are tubes to be cleaned with lacquer thinner, or any other solvent.

C. LIMITED WARRANTY, LIMITATIONS, CONDITIONS AND PROCEDURES REQUIRED.

1. Products are warranted to be free of defects in labor and/or materials for a period of ten years from the date of purchase from the Amity and shall be repaired or replaced at the sole option and expense of the Amity provided the products alleged to be defective was used for its intended normal use operation and subject to the following qualifications and limitations.
2. Any alteration of product without consent from Amity is strictly forbidden and shall void warranty.
3. No welding shall be performed on finished product.
4. No responsibility is assumed for any malfunctions or damages which are occasionally caused by foreign objects which may be ingested into water system such as, but not limited to stones, sand or metal chips.
5. Amity assumes responsibility for our product, which is defective only, and therefore, it will not assume responsibility for labor to either remove or install our product unless it agrees in writing to assume such responsibility.
6. Unless otherwise approved in writing by the Amity all returns of defective (or allegedly defective products) are at Purchaser's expense and must include a RGA number issued by the Amity.
7. All warranty claims must be presented at the time the problem occurs, or as soon as practical thereafter, either called or faxed to the Amity and include the numbers on the assembly's Amity's label with a detailed explanation of the difficulty in order for the matter to be appropriately evaluated and resolved.
8. Amity will not be held liable for damage incurred during shipment.
9. No responsibility shall be assumed for misuse or improper mounting, unreasonable use or abuse of the Product and or failure to provide or use improper maintenance, failure to follow written installation and use in instruction or any use other than the customary designed use.

THE REMEDIES PROVIDED IN THE ABOVE EXPRESS LIMITED WARRANTY AND ARE THE SOLE AND EXCLUSIVE REMEDIES AVAILABLE. NO OTHER EXPRESS WARRANTIES ARE MADE. ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR

FITNESS FOR A PARTICULAR PURPOSE OR USE ARE LIMITED IN DURATION AS SET FORTH ABOVE. IN NO EVENT SHALL THE AMITY ASSUME OR BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THE WITHIN DESCRIBED WARRANTY SHALL ONLY BE AFFORDED TO THE ORIGINAL PURCHASER OR FOR INCORPORATION INTO ANOTHER UNIT AND TO FIRST PURCHASER AS PART OF COMPLETED UNIT, HOWEVER, THE WARRANTY PERIOD OF TEN YEARS COMMENCES UPON INSTALLATION INTO FINAL ASSEMBLY WITH THE UNDERSTANDING IT IS INSTALLED WITHIN SIX MONTHS OF PURCHASE.

Dated: _____, 20__

Fire and Rescue Apparatus

Four (4) Year Pro-Rated Paint and Corrosion

Aerial Device

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Aerial device shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection for exterior surfaces.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Four (4) Years
Conditions and Exclusions:	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-24 months 100% 25-48 months 50% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-24 months 100% 25-48 months 50% Corrosion: Dissimilar Metal and Crevice 0-24 months 100% 25-48 months 50% Corrosion Perforation 0-24 months 100% 25-48 months 50% This limited warranty applies only to exterior paint. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion

Custom Body

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the body shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions:	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Three (3) Year Material and Workmanship

Goldstar® Gold Leaf Lamination

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Each Goldstar® gold leaf lamination shall be free from defects in material and workmanship.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual).

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

5 DEALER SUPPLIED PRODUCTS AND /OR SERVICES

Exhibit "D"

PROPOSAL INTRODUCTION

With over three decades of industry expertise, Golden State Fire Apparatus, Inc. (GSFA) proudly stands as the premier authorized dealership for top-tier fire apparatus in Central and Northern California. Our steadfast commitment to detail and customer satisfaction has earned us a trusted reputation among first responders.

We sincerely appreciate the opportunity to present this comprehensive proposal for a PIERCE MANUFACTURING, INC. 107' VELOCITY ASCENDANT LADDER TRUCK. Your consideration of this proposal is greatly valued, and we are eager for the opportunity to support your department with the highest level of excellence and professionalism.

DEALER-SUPPLIED PRODUCTS AND SERVICES

Golden State Fire Apparatus Inc. (GSFA) will furnish the following items and/or services before final delivery so that all necessary components and support are in place, contributing to an efficient final delivery process. Please refer to the detailed list below for a comprehensive overview of the products and/or services included:

AUTHORIZED MANUFACTURER

In accordance with the State of California Vehicle Code, specifically Section 11701, it is mandated that "every manufacturer of a vehicle subject to registration shall make application to the Department of Motor Vehicles (DMV) for a license containing a general distinguishing number." The manufacturer, as of the proposal submission, holds a valid license in compliance with this requirement and is prepared to furnish a copy upon request. This adherence to regulatory standards ensures that the manufacturer maintains a current and official status, promoting transparency and compliance with legal requirements throughout the duration of the proposal and subsequent processes.

AUTHORIZED DEALERSHIP

In compliance with the State of California Vehicle Code, specifically Section 11701, it is mandated that "a dealer in vehicles of a type subject to registration shall make application to the Department of Motor Vehicles (DMV) for a license containing a general distinguishing number." Golden State Fire Apparatus, Inc. possesses a valid license at the time of the bid, as detailed above, and can promptly provide a copy upon request. This adherence to regulatory standards ensures that the dealership maintains a current and official status, promoting transparency and compliance with legal requirements throughout the duration of the proposal and subsequent processes.

AUTHORIZED SALES REPRESENTATIVE

In accordance with the State of California Vehicle Code, specifically Section 11800, it is expressly prohibited for any individual to function as a vehicle salesperson without obtaining a license issued by the Department of Motor Vehicles (DMV). The representative, at the time of

proposal, holds a valid vehicle salesperson's license and is ready to furnish a copy upon request. This adherence to regulatory standards ensures that the sales representative maintains a current and official status, promoting transparency and compliance with legal requirements throughout the bidding process and subsequent phases.

VEHICLE REGISTRATION

In adherence to the State of California Vehicle Code Section 11739, it is mandated that the "dealer of a new motor vehicle sale is responsible for applying for the title, securing vehicle registration, and obtaining license plates for the Customer" through the Department of Motor Vehicles (DMV). Being a factory-authorized dealer of the vehicle being sold, Golden State Fire Apparatus, Inc. is duly authorized to register the vehicle with the State of California as a new vehicle manufacturer.

GSFA is committed to facilitating an excellent vehicle ownership experience for the customer. As such, we will manage all necessary applications and complete all transfer papers, including the application for California Exempt "E" license plates. This approach ensures compliance with regulatory requirements and a hassle-free registration process for our valued customers.

WEEKLY PROGRESS PHOTOGRAPHS

GSFA is committed to ensuring transparency and comprehensive reporting throughout the construction process of the apparatus. To achieve this, GSFA will provide weekly photographs capturing various stages of the apparatus or major components under construction.

Commencing from the initiation of the manufacturing process, the photographic documentation will extend throughout the entire production phase by the manufacturer. These weekly reports will offer a visual representation of the ongoing progress of the apparatus, highlighting key milestones and showcasing unique features and aspects as construction unfolds.

Our focus is to provide customers with a clear and detailed insight into the evolution of the apparatus, fostering a deeper understanding of the craftsmanship and distinct elements incorporated during the construction process. This commitment to regular, visual updates aims to enhance communication and transparency regarding the progress of the apparatus.

CONTINGENCY RESERVE FUND

A Contingency Reserve Fund amounting to \$50,000 per unit is incorporated into the quotation to address potential change orders, unforeseen items, or necessary work that may arise during the contract. The utilization of this reserve fund is at the sole discretion of the Customer. It is essential to note that this reserve fund is not an estimate for the aforementioned contingencies, and the actual costs associated with change orders, unforeseen items, or required work may surpass the reserved amount depending on their nature.

Any unused portion of the Contingency Reserve Fund will be credited back on the final invoice. Alternatively, if not credited, the remaining funds will be promptly returned to the Customer in the form of a check following the completion of the final invoicing process. This approach guarantees financial transparency and effective management throughout the project.

COMMUNICATION EQUIPMENT MOUNTING FUND

A Communication Equipment Mounting Fund amounting to \$2,500 per unit is incorporated into the quotation and is specifically designated to cover the expenses associated with mounting communication equipment, such as two-way radios, adhering to the directives of the Customer.

In the event that the mounting costs surpass the stipulated allowance, any additional work required can be undertaken at the prevailing shop rate. Any unused portion of the Communication Equipment Mounting Fund will be credited back on the final invoice. Alternatively, if not credited, the remaining funds will be promptly returned to the Customer in the form of a check following the completion of the final invoicing process. This approach guarantees financial transparency and effective management throughout the project.

PRE-CONSTRUCTION, FACTORY VISIT

A pre-construction trip to the manufacturing facility is included for four (4) Customer representatives. The primary objective of review and finalize, in detail, the specifications prior to the start of production. The pre-construction trip is anticipated to span four (4) days and three (3) nights, with scheduling details collaboratively determined between GSFA and the Customer.

GSFA will cover the costs associated with airfare, lodging, meals, and ground transportation during the stay at the manufacturer's location. Air travel will be arranged from one of the following airports: Sacramento, San Francisco, or San Jose.

It is important to note that certain costs, including Customer ground transportation within California, airport parking, luggage fees, and incidental expenses during travel to the factory, fall within the responsibility of the Customer. Furthermore, flight reservations are non-refundable, and in the event of a cancellation post-booking, the Customer will bear all associated costs, encompassing not only the original ticket cost but also any change or cancellation fees levied by the airline and/or travel agency. Additionally, flight reservations are non-transferable. This delineation aims to establish clarity and transparency regarding the allocation of responsibilities and potential costs associated with the pre-construction trip.

FINAL INSPECTION, FACTORY VISIT

A final inspection trip to the manufacturing facility is included for four (4) Customer representatives. The primary objective of this visit is to ensure the adherence of the apparatus to specifications and promptly identify any potential deficiencies. The final inspection trip is

anticipated to span four (4) days and three (3) nights, with scheduling details collaboratively determined between GSFA and the Customer.

GSFA will cover the costs associated with airfare, lodging, meals, and ground transportation during the stay at the manufacturer's location. Air travel will be arranged from one of the following airports: Sacramento, San Francisco, or San Jose.

It is important to note that certain costs, including Customer ground transportation within California, airport parking, luggage fees, and incidental expenses during travel to the factory, fall within the responsibility of the Customer. Furthermore, flight reservations are non-refundable, and in the event of a cancellation post-booking, the Customer will bear all associated costs, encompassing not only the original ticket cost but also any change or cancellation fees levied by the airline and/or travel agency. Additionally, flight reservations are non-transferable. This delineation aims to establish clarity and transparency regarding the allocation of responsibilities and potential costs associated with the final inspection trip.

DELIVERY TO AUTHORIZED SERVICE FACILITY

GSFA will deliver the apparatus to our Northern California facility located in Sacramento for a comprehensive dealer preparation inspection. This service, conducted at the expense of GSFA, aims to have the apparatus in optimal condition at the time of final delivery.

To ensure the proper break-in of all components while still under warranty, the apparatus will be delivered under its own power. The use of rail or truck freight for transportation is deemed unacceptable in order to uphold the highest standards of quality assurance during the delivery process. This approach not only aligns with warranty considerations but also emphasizes the commitment to delivering a fully operational apparatus to our valued customers.

PRE-DELIVERY SERVICE

Before reaching its final destination, the apparatus undergoes a pre-delivery service conducted by Golden State Emergency Vehicle Service, Inc. This service is designed to tap into the expertise of an external source, providing an experienced perspective that enhances the thoroughness of your final inspection. Our pre-delivery service covers the following areas:

1. Engine Compartment and Undercarriage:
 - Inspect for broken mounting brackets.
 - Inspect and identify locations of any fluid leaks.
 - General inspection of hoses, wiring, and linkage, focusing on potential wear points.
 - Verify correct fluid capacities for engine oil, coolant, power steering fluid, washer reservoir fluid, transmission fluid, rear-end fluid, pump transmission oil, and primer oil if applicable.

- Re-torque U-bolts to OEM specifications if equipped with leaf spring suspension (Pierce Custom chassis only).

2. Interior:

- Confirm proper operation of doors, windows, and locks, ensuring accurate adjustment.
- Confirm proper operation of seatbelt alarms.
- Confirm proper operation of all compartment door alarms, as well as hose bed cover, ladder rack, light tower, and deck gun alarms.
- Ensure functionality of auxiliary power points, interior lighting, mirror, and seat controls, and if applicable - headsets and radios.
- Inspect upholstery for quality and condition.

3. Exterior:

- Address reasonable paint scratches or chips.
- Tighten any loose hardware.
- Inspect tires and wheels, ensure proper pressure.
- Check compartment doors for proper operation and latch fit.
- Lubricate compartment door locks if applicable.

4. Road Test:

- Conduct a road test with a full water tank (if applicable), covering approximately twenty miles on both city and highway roads.
- Perform a DOT compliant brake test to verify the system is holding air.
- Inspect brake condition, wheel seals, and ensure drive train components reach optimal operating temperatures.
- Conduct an Allison Transmission self-diagnostic to verify fluid level, fluid and filter life, and check for fault codes.

5. Electrical:

- Verify the operation of all lights, sirens, and other electrical accessories.

6. Pump:

- Operate the Pressure Governor or Relief Valve, transfer valve, and check pump shift.
- Inspect water tank, pump and plumbing for leaks and calibrate the water level gauge.
- Ensure smooth operation of all discharge, suction, and drain valves.

7. Pierce Husky™ Foam System:

- If applicable, draft and inject clean water to ensure proper operation of the foam pump.
8. Fuel and DEF Tanks:
 - Fill the fuel tank and DEF tank prior to final delivery.
 9. Wash:
 - Thoroughly wash the apparatus prior to final delivery.

This pre-delivery service assists the apparatus to meet our high standards of quality and operational efficiency before reaching its final destination.

FINAL DELIVERY (CUSTOMER LOCATION)

GSFA will deliver the completed Product, inclusive of any relevant equipment, spare parts, and supplies, to the Customer's specified address at GSFA's expense.

In preparation for the Product's delivery, the Customer is required to furnish GSFA with proof of liability and physical damage insurance. GSFA will withhold the release of the Product until such proof of insurance is provided.

To ensure a timely delivery process, it is incumbent upon the Customer to settle any outstanding balance owed to GSFA before or at the time the Product is completed and ready for delivery. In the event of delayed payment or delivery, GSFA reserves the right to impose a late fee and daily storage charge as outlined in the Standard Terms and Conditions until payment is received.

For compliance with insurance liability considerations, the Product will only be delivered upon full acceptance and full payment, or through a prior written agreement mutually reached between the Customer and GSFA. This ensures a secure and efficient finalization of the delivery process, aligning with both parties' obligations and safeguarding against potential liabilities.

COMPREHENSIVE SALES AND SERVICE SUPPORT

At GSFA, we understand that immediate response is essential - and the service and support of your apparatus should be no different. Since our founding in 1989, our mission has been to provide first responders with the highest quality, most reliable fire and emergency apparatus from top-tier manufacturers. We specialize in guiding our customers through the entire process - from apparatus evaluation and customization to final inspection - and ensuring years of reliable service through our Golden State Emergency Vehicle Service (GSEVS) division.

Golden State Emergency Vehicle Service (GSEVS)

Established in 2014, GSEVS is committed to building long-term, collaborative relationships by providing exceptional warranty and technical support. Our services cover a wide range of needs, including chassis,

electrical systems, pump, aerial, routine maintenance, equipment mounting, and pump testing - with priority given to new units sold by GSFA. Our goal is to deliver prompt, professional service and unwavering support for your apparatus.

Sacramento Facility

Our Sacramento location features a 33,814-square-foot facility with 18 working bays and a 4,500-square-foot, two-story parts distribution department. Conveniently located near Highway 99 with easy access to Interstates 80 and 50, we are positioned to serve you efficiently.

Tracy Facility (Opening Fall 2025)

Our second location in Tracy will expand our service capacity with a 49,634-square-foot facility featuring 22 working bays and a parts department equal in size to our Sacramento facility. Strategically located within the "Tracy Triangle" - bordered by I-580, I-205, and I-5 - this facility will enhance our ability to serve customers in the Bay Area and beyond.

Certified and Experienced Technicians

Our service team includes factory-trained professionals certified by Pierce, ASE, and EVT. They undergo regular training to stay current on chassis, electrical systems, and aerial devices, ensuring expert handling of any challenge. Whether it's routine maintenance or complex diagnostics, you can count on expert care and precision with every visit.

Parts

At Golden State, we're dedicated to keeping your apparatus fully operational and mission-ready. That's why we maintain a robust inventory of both Pierce and non-Pierce parts—ready for immediate deployment when you need them most. If a part isn't in stock, we expedite orders directly from the manufacturer to minimize downtime and get your unit back in service without delay.

To make the process even more efficient, our digital Parts Request Portal offers a streamlined, user-friendly experience. It provides 24/7 access to submit requests, monitor order status, and communicate directly with our team—ensuring transparent updates and quicker turnaround times every step of the way.

Mobile Service

To minimize emergency apparatus downtime, we offer a robust mobile service program for on-site repairs and maintenance.

Pre-Delivery Inspection (PDI) Process

We employ a dedicated team of Pre-Delivery Inspection (PDI) technicians solely focused on ensuring your apparatus arrives in peak condition. Before your new custom unit is delivered, it undergoes a thorough, multi-point inspection to verify quality, performance, and compliance with all specifications. Our team handles every detail of the acceptance and delivery process—so you can take ownership with complete confidence and peace of mind.

Your Single Source for Sales and Service

With Golden State Fire, you have a single point of contact for sales, service, and support - all under one roof, with two strategically located facilities to serve you better. We are confident that our combination

of expertise, customer service, and product support is unmatched by any other fire and emergency apparatus dealership in California.

06/16/2025	07/28/2025	40616-25A	972	Pierce Manufacturing Inc.	Sourcewell #113021-OKC, ID #252, Member #87369

Golden State Fire Apparatus, Inc. ("GSFA") is pleased to provide this proposal for the fire apparatus(es) and equipment identified below (the "Product") to CITY OF CLOVIS ("Customer") for consideration. This proposal (this "Product Proposal") includes the following exhibits attached hereto: the Standard Terms and Conditions attached as Exhibit A (the "Terms and Conditions"); the Product Specifications attached as Exhibit B (the "Specifications"); the Product Warranties attached as Exhibit C; and the Dealer Supplied Products and/or Services attached as Exhibit D (the "Dealer Supplied Products/Services List") (all of the foregoing, collectively, the "Agreement"). Through its signature below or other Acceptance (as defined on page 2), Customer acknowledges having received and read, and agrees to be bound by, the Agreement. The Agreement shall be effective as of the latest date appearing in the signature blocks below (the "Executed Date").

ITEM	PRODUCT DESCRIPTION	UNIT PRICE
A	One (1) Pierce Manufacturing, Inc. Velocity PUC Pumper	1,322,674.00
B	<i>Discount For Sourcewell Consortium Purchase (Product #252)</i>	<i>(49,424.00)</i>
C	<i>Discount for 100% Payment at Time of Order (the "Prepayment Discount")</i>	<i>(204,177.00)</i>
D	SUBTOTAL	1,069,073.00
E	8.975% State Sales Tax	95,949.30
F	California Tire Fee	10.50
G	100% Performance Bond	2,973.00
H	GRAND TOTAL PURCHASE PRICE	1,168,005.80

PAYMENT TERMS – Customer shall pay the total purchase price set forth directly above (the "Grand Total Purchase Price") to GSFA within thirty (30) calendar days of the Executed Date. If payment of the Grand Total Purchase Price is late, a late fee as specified in section 6 of the Terms and Conditions may be applied, and the Prepayment Discount may be adjusted, and the Grand Total Purchase Price increased in accordance with section 2.c of the Terms and Conditions. Customer shall pay any balance due as a result of Change Orders as described in the Terms and Conditions.

MANUFACTURER – Customer acknowledges that GSFA is not an agent of the Product manufacturer identified above ("Manufacturer") and is not capable of binding Manufacturer. Within five (5) business days of the Executed Date, GSFA shall submit an order form to the Manufacturer for the Product. GSFA's further performance under the Agreement is contingent upon Manufacturer's acceptance of such order form at the price and on the terms GSFA believed to be available when submitting this

Product Proposal to Customer. If Manufacturer rejects such order as submitted or fails to respond to GSFA within a reasonable amount of time, GSFA shall notify Customer in writing, and unless GSFA and Customer otherwise agree in writing, the Agreement shall then terminate and have no further force or effect.

PRODUCT COMPLETION – The Product shall be ready for final inspection by Customer at the manufacturing facility within approximately **49 to 52 MONTHS** after the Executed Date. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PREDELIVERY SERVICE – If applicable, after transportation from the manufacturing facility and prior to final delivery or pick up, the Product shall receive those additional Products and/or services identified on the Dealer Supplied Products/Services List. It is estimated that such a service will add approximately **0.5 to 1.5 MONTH(S)** to the above Product completion estimate. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PROPOSAL EXPIRATION – This Product Proposal supersedes any previous proposal(s) presented to Customer by GSFA and its employees and may be accepted by Customer on or before the Expiration Date identified above. Unless accepted by the Expiration Date, GSFA reserves the right to withdraw this Product Proposal or to alter its terms (including by providing updated Product pricing) prior to an order being accepted.

PURCHASE ORDER – Any PO shall be made out to: *Golden State Fire Apparatus, Inc. – 7400 Reese Road – Sacramento, CA 95828.*

ACCEPTANCE – ACCEPTANCE OF THIS PROPOSAL CREATES AN ENFORCEABLE BINDING AGREEMENT BETWEEN GSFA AND CUSTOMER. “**ACCEPTANCE**” MEANS THAT THE CUSTOMER DELIVERS TO GSFA: (A) A SIGNED COPY OF THIS PRODUCT PROPOSAL, OR (B) A SIGNED COPY OF A PURCHASE ORDER INCORPORATING THE AGREEMENT IN ITS ENTIRETY. ANY ADDITIONAL OR DIFFERENT TERMS, WHETHER CONTAINED IN CUSTOMER’S FORMS OR OTHERWISE PRESENTED BY CUSTOMER AT ANY TIME, ARE HEREBY REJECTED AND OF NO EFFECT UNLESS APPROVED IN WRITING SIGNED BY GSFA.

COUNTERPARTS - This Product Proposal may be executed in multiple counterparts, each of which shall be deemed an original (including copies sent to a party by electronic transmission) as against the party signing such counterpart, but which together shall constitute one and the same instrument. A signed copy of this Product Proposal delivered by facsimile, email or other means of electronic transmission will be deemed to have the same legal effect as delivery of an original signed copy of this Product Proposal. If this Product Proposal is returned to GSFA with the signature of Customer’s authorized representative but without an attestation or co-signers signature, then absent Customer’s written notice to the contrary, GSFA shall be entitled to rely on such single signature as sufficient evidence of the signatory’s authority to execute the Agreement and bind Customer thereby.

INTENDING TO CREATE A BINDING AGREEMENT, Customer and GSFA have each caused this Product Proposal dated 06/16/2025, GSFA Proposal Number 40616-25A to be executed by their duly authorized representatives effective as of the Executed Date.

D	8.975% State Sales Tax	114,274.19
E	California Tire Fee	10.50
F	100% Performance Bond	3,503.00
G	GRAND TOTAL PURCHASE PRICE	1,391,037.69

PAYMENT TERMS – Customer shall pay the total purchase price set forth directly above (the "Grand Total Purchase Price") to GSFA no later than the time of GSFA's delivery of the applicable Product to Customer's address listed above (or Customer's pick up of such Product at GSFA's facilities, if approved by GSFA). GSFA shall have no obligation to deliver, or permit pick up of the Product if the Customer does not have full payment ready when the Product is complete and ready to deliver or pick up, as applicable. Customer shall pay any balance due as a result of Change Orders as described in the Terms and Conditions.

MANUFACTURER – Customer acknowledges that GSFA is not an agent of the Product manufacturer identified above ("Manufacturer") and is not capable of binding Manufacturer. Within five (5) business days of the Executed Date, GSFA shall submit an order form to the Manufacturer for the Product. GSFA's further performance under the Agreement is contingent upon Manufacturer's acceptance of such order form at the price and on the terms GSFA believed to be available when submitting this Product Proposal to Customer. If Manufacturer rejects such order as submitted or fails to respond to GSFA within a reasonable

amount of time, GSFA shall notify Customer in writing, and unless GSFA and Customer otherwise agree in writing, the Agreement shall then terminate and have no further force or effect.

PRODUCT COMPLETION – The Product shall be ready for final inspection by Customer at the manufacturing facility within approximately **49 to 52 MONTHS** after the Executed Date. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PREDELIVERY SERVICE – If applicable, after transportation from the manufacturing facility and prior to final delivery or pick up, the Product shall receive those additional Products and/or services identified on the Dealer Supplied Products/Services List. It is estimated that such a service will add approximately **0.5 to 1.5 MONTH(S)** to the above Product completion estimate. The foregoing estimate is provided as a good faith approximation as of the date of submission of this Product Proposal and is subject to the Terms and Conditions.

PROPOSAL EXPIRATION – This Product Proposal supersedes any previous proposal(s) presented to Customer by GSFA and its employees and may be accepted by Customer on or before the Expiration Date identified above. Unless accepted by the Expiration Date, GSFA reserves the right to withdraw this Product Proposal or to alter its terms (including by providing updated Product pricing) prior to an order being accepted.

PURCHASE ORDER – Any PO shall be made out to: *Golden State Fire Apparatus, Inc. – 7400 Reese Road – Sacramento, CA 95828.*

ACCEPTANCE – ACCEPTANCE OF THIS PROPOSAL CREATES AN ENFORCEABLE BINDING AGREEMENT BETWEEN GSFA AND CUSTOMER. “**ACCEPTANCE**” MEANS THAT THE CUSTOMER DELIVERS TO GSFA: (A) A SIGNED COPY OF THIS PRODUCT PROPOSAL, OR (B) A SIGNED COPY OF A PURCHASE ORDER INCORPORATING THE AGREEMENT IN ITS ENTIRETY. ANY ADDITIONAL OR DIFFERENT TERMS, WHETHER CONTAINED IN CUSTOMER’S FORMS OR OTHERWISE PRESENTED BY CUSTOMER AT ANY TIME, ARE HEREBY REJECTED AND OF NO EFFECT UNLESS APPROVED IN WRITING SIGNED BY GSFA.

COUNTERPARTS - This Product Proposal may be executed in multiple counterparts, each of which shall be deemed an original (including copies sent to a party by electronic transmission) as against the party signing such counterpart, but which together shall constitute one and the same instrument. A signed copy of this Product Proposal delivered by facsimile, email or other means of electronic transmission will be deemed to have the same legal effect as delivery of an original signed copy of this Product Proposal. If this Product Proposal is returned to GSFA with the signature of Customer’s authorized representative but without an attestation or co-signers signature, then absent Customer’s written notice to the contrary, GSFA shall be entitled to rely on such single signature as sufficient evidence of the signatory’s authority to execute the Agreement and bind Customer thereby.

INTENDING TO CREATE A BINDING AGREEMENT, Customer and GSFA have each caused this Product Proposal dated 06/16/2025, GSFA Proposal Number 40616-25B to be executed by their duly authorized representatives effective as of the Executed Date.

2 STANDARD TERMS AND CONDITIONS

Exhibit "A"

STANDARD TERMS AND CONDITIONS

1. Definitions.

- a. **"Agreement"** has the meaning given in the Product Proposal.
- b. **"Customer"** means the customer identified in the Product Proposal.
- c. **"Dealer Preparation,"** if applicable, means additional product(s) and/or services added by GSFA after Manufacturer's completion of the Product and prior to delivery, in accordance with the Dealer Supplied Products/Services List.
- d. **"Delivery Date"** means the Product Completion timeframe plus the Predelivery Service timeframe equals the Delivery Date.
- e. **"Dealer Supplied Products/Services List"** means the Dealer Supplied Products and/or Services List attached to the Product Proposal as Exhibit D, which reflects all Dealer Preparation under the Agreement absent a valid Change Order(s).
- f. **"Grand Total Purchase Price"** means the total purchase price for the Product identified in the Product Proposal (subject to any adjustments required or permitted by these Terms and Conditions, including by the execution of a valid Change Order(s)).
- g. **"GSFA"** means Golden State Fire Apparatus, Inc., a California corporation.
- h. **"Manufacturer"** means the person or persons, company, firm, corporation, partnership, or other organization identified in the Product Proposal as responsible for manufacturing the Product.
- i. **"Party"** or **"Parties"** means GSFA and/or Customer, as applicable.
- j. **"Predelivery Service"** means the Products and/or Services that will be provided by GSFA after transportation of the Product(s) from the manufacturing facility and prior to Final Delivery or Pick-Up.
- k. **"Prepayment Discount"** means a discount to the purchase price for the Product granted to Customer in connection with Customer's advance payment of the Grand Total Purchase Price (or portion thereof, as specified in the Product Proposal).
- l. **"Product"** means the fire apparatus(es) and any associated equipment listed in the Product Proposal and further described in the Specifications.
- m. **"Product Completion"** means the fire apparatus(es) in the Product Proposal and further described in the Specifications being ready for final inspection by Customer at the manufacturing facility.
- n. **"Product Proposal"** means the GSFA proposal executed by Customer to which these Terms and Conditions are attached.
- o. **"Product Warranties"** means the Manufacturer warranties for the Product attached to the Product Proposal as Exhibit C.
- p. **"Specifications"** means the specifications for the Product attached to the Product Proposal as Exhibit B.
- q. **"Terms and Conditions"** means these Standard Terms and Conditions, which are attached to the Product Proposal as Exhibit A.

2. Purchase and Payment.

a. Purchase. Customer agrees to purchase the Product at the Grand Total Purchase Price (as such amount may be adjusted in accordance with these Terms and Conditions), pursuant to the payment terms set forth in the Product Proposal. The Grand Total Purchase Price is payable in U.S. dollars.

b. Contingency Reserve Fund. The Grand Total Purchase Price may include an amount to be set aside for the purpose of funding any future costs or financial obligations incurred by Customer under the Product Proposal or any valid Change Order(s) (the **"Contingency Reserve Fund"**). If applicable, the amount of any required Contingency Reserve Fund will be set forth in either the Product Proposal or Exhibit D. The Contingency Reserve Fund may be withdrawn against by Customer or GSFA for the purpose of satisfying Customer's payment obligations under the initial Product Proposal or any valid Change Order(s) (including, without limitation, a Change Order submitted by GSFA pursuant to Section 8.b). If a Contingency Reserve Fund is required under the Agreement, the amount of such fund is not intended as an estimate of the actual additional costs of contingencies, Change Orders, unforeseen items

or other required work that may be incurred under the Agreement after submission of the Product Proposal to Customer, which amounts Customer acknowledges may exceed the Contingency Reserve Fund amount. The balance of any Contingency Reserve Fund will be credited against Customer's payment obligations, or otherwise returned to Customer within thirty (30) calendar days of delivery of all Products under the Agreement (provided that Customer has paid all amounts owed under the Agreement as of such date).

c. Prepayment Discount. If GSFA has granted Customer a Prepayment Discount, Customer must provide each associated prepayment (each, a "**Prepayment**") within the time frame specified in the Product Proposal in order to receive such discount. Customer's failure to timely make such Prepayment may result in: (i) GSFA's termination of the Agreement; and/or (ii) Customer's loss of the Prepayment Discount for the portion of the Grand Total Purchase Price represented by such outstanding Prepayment and the application of a late fee as set forth in Section 6, in each case in GSFA's sole discretion.

d. State Sales Tax. Customer shall be responsible for the cost of state sales tax associated with, or attributable to, the Product. The taxes stated in the Product Proposal are subject to adjustment for the applicable state sales tax rate in effect at the time of delivery. Therefore, the sales tax set forth on the Product Proposal is only an estimate of such taxes and will be increased or decreased at the time of delivery if a change in the applicable sales tax rate has occurred, in which case Customer shall pay GSFA (or be refunded by GSFA) the difference in the applicable sales tax.

3. Product Completion Date. Within thirty (30) calendar days of the date on which the last required signatory executes the Product Proposal (such date, the "**Executed Date**"), GSFA shall submit to Customer a tentative Product completion date (which may differ from the Product completion estimate contained in the Product Proposal). Due to global supply chain constraints, any Product completion date contained herein, or in the Product Proposal, or otherwise provided to Customer, is a good faith estimate only as of the date provided to Customer, and merely an approximation based on current information available to GSFA and Manufacturer. Customer shall not be entitled to rely on any such estimate, and GSFA shall have no liability to Customer for a failure by GSFA or Manufacturer to meet any such estimate. All Product completion estimates are subject to modification and, if applicable, GSFA will provide updates to such estimates to Customer when available.

4. Stock / Demo Units. Notwithstanding any other provision contained in the Agreement (including Section 12 hereof concerning warranties), any Products constituting stock/demo unit(s) are sold to Customer on an as-is, first-come and first served-basis and GSFA makes no further representation or warranty to any customer with respect to such unit(s). Regardless of the terms of the Product Proposal, GSFA shall only be obligated to sell such stock/demo unit(s) to the first customer to enter into a purchase agreement with GSFA identifying such unit(s), and after the execution by GSFA of such agreement any subsequent purchase agreement (including the Agreement, as applicable) shall have no further force or effect with respect to such unit(s).

5. Multiple Unit Purchase. If the Grand Total Purchase Price includes pricing for multiple Products, the Product price stated in the Product Proposal shall only be valid if the quantity of Products being proposed are purchased at the same time, pursuant to the same Agreement. GSFA shall have no obligation to offer the same price for any Product if purchased by Customer pursuant to a later purchase agreement.

6. Late Fee; Storage Fee. A late fee equal to 0.033% of the outstanding portion of the Grand Total Purchase Price will be charged per calendar day for overdue payments beginning ten (10) calendar days after the payment is due and continuing for the first thirty (30) calendar days thereafter. After such thirty (30) calendar day period, the late fee shall increase to 0.044% per calendar day until payment of the outstanding portion of the Grand Total Purchase Price is received. If Customer is unable to satisfy the delivery requirements hereunder or is unwilling to take delivery of the Product, then GSFA shall be entitled to a storage charge running from the earlier of: (i) the date of delivery agreed to between GSFA and Customer (provided GSFA is willing and able to deliver the Product on such date), or (ii) twenty-one (21) calendar days after GSFA notifies Customer that the Product is available for delivery. The storage charge is equal to: (i) \$175.00 per calendar day per apparatus stored, or (ii) the actual charges incurred by GSFA with a third party for storage of the Product, whichever is greater. Such storage charge shall continue until the actual time

of delivery and Customer's possession of the Product, and any such storage by GSFA or such third party shall be at the sole risk of Customer.

7. Delivery; Inspection and Acceptance.

a. Delivery. Subject to Section 5 hereof, the Product is scheduled to be delivered to the location and within the time period specified in the Product Proposal. Such delivery date is an estimate, and GSFA is, notwithstanding this Section 7.a, not bound to such date unless it otherwise agrees in a separate writing to complete delivery by a date certain. For the avoidance of doubt, GSFA is not responsible for delivery delays caused by or because of actions, omissions or conduct of Customer, the Manufacturer, or their respective employees, affiliates, suppliers, contractors, and carriers. Risk of loss for the Product shall pass to Customer at the point and time of delivery (which shall include an attempted delivery by GSFA which cannot be completed due to any act of Customer). However, title to the Product shall only pass to Customer upon delivery if Customer has then fully paid GSFA all amounts due hereunder (including additional amounts due under any valid Change Order). Absent GSFA's separate written agreement, which it may or may not provide in its sole and absolute discretion, delivery of the Product will not occur before Customer has fully paid all amounts due under the Agreement and provided proof of insurance reasonably satisfactory to GSFA. If GSFA permits Customer to take possession of the Product, Customer may not mount equipment, conduct training, or place the Product into service until all amounts due under the Agreement have been paid. If Customer has ordered multiple Products, GSFA reserves the right to deliver such Products in installments and to separately invoice Customer for such Products.

b. Inspection and Acceptance. Upon delivery, Customer shall have ten (10) calendar days within which to inspect the Product for substantial conformance to the Specifications, and in the event of substantial non-conformance to the Specifications to furnish GSFA with written notice sufficient to permit GSFA to evaluate such non-conformance ("**Notice of Nonconformance to Specifications**"). Contingent upon part availability and Customer's cooperation, any Product not in substantial conformance to material Specifications shall be remedied by GSFA (by repair or replacement, at GSFA's election) within thirty (30) calendar days from GSFA's receipt of the Notice of Nonconformance to Specifications. In the event GSFA does not receive a Notice of Nonconformance to Specifications within ten (10) calendar days of delivery, the Product will be deemed to be in conformance with Specifications and accepted by Customer.

8. Changes to Agreement Terms.

a. Change Orders. The Customer may request that GSFA incorporate a change to the Product or the Specifications for the Product, or GSFA may submit changes to the Agreement required or permitted to be made by GSFA (pursuant to Section 8.b or otherwise) by delivering a written Change Order to the other party hereto, which shall include a description of the proposed change sufficient to permit the receiving party to evaluate such change (either, a "**Change Order**"). For any Change Order submitted by Customer, GSFA will provide Customer a written response (a "**Response**") stating (i) whether GSFA will accommodate such Change Order (which GSFA may decide in its sole and absolute discretion); and (ii) the terms of the modification to the order, including any increase or decrease in the Grand Total Purchase Price resulting from such Change Order, a date on which any increase in the Grand Total Purchase Price must be paid, and an estimate of any effect on production scheduling or delivery resulting from such Change Order. Customer shall have seven (7) calendar days after receipt of the Response to notify GSFA as to whether Customer desires to make the changes GSFA has approved in the Response. In the event Customer countersigns GSFA's Response, Customer shall pay the increase (or be refunded the decrease) in the Grand Total Purchase Price by the date specified in the Response. GSFA may also send Customer a Change Order to account for any changes to the Agreement required or permitted to be made by GSFA (including those changes required pursuant to Section 8.b hereof), and such Change Order shall be effective upon delivery to Customer unless Customer elects to terminate the applicable Product order under the Agreement in accordance with Section 9.

b. Additional Changes.

i. Component Price Volatility; Increases Imposed by Manufacturer. GSFA shall not be responsible for (i) any unforeseen price increase or surcharge enacted by suppliers of major components of the Product (including but not limited to commercial chassis, engine, transmission, and fire pump); or (ii) price increases imposed on GSFA by Manufacturer pursuant to Manufacturer's terms and conditions for sale of the Product (a "**Manufacturer Price Increase**"), after Customer becomes bound by the Agreement. Customer shall be responsible for all amounts arising from any price increases for major components of the Product (including all associated taxes and fees thereon) for the Product or any Manufacturer Price Increases occurring after the execution of the Agreement which increases the cost of the Product to GSFA, and such amounts will be documented on a Change Order adjusting the Grand Total Purchase Price accordingly. Customer shall pay any such price increase prior to Product delivery. A Manufacturer Price Increase may include, but shall not be limited to, an increase in Product price resulting from an increase in the Producer Price Index of Components for Manufacturing (see www.bls.gov Series ID: WPUID6112) in excess of a compounded annual growth rate of five percent (5%), as measured between the month Manufacturer accepts the applicable Product order and the month that is fourteen (14) months prior to the then-current estimated Product completion date (the foregoing, a "**PPI-Based Price Increase**"). If, upon Customer's receipt of a Change Order reflecting a PPI-Based Price Increase, Customer elects to terminate the applicable Product Order in accordance with Section 8.b.iii rather than pay such increase, then in lieu of the cancellation fees described in Section 9.a hereof GSFA shall be entitled to recover and Customer shall pay GSFA's actual non-reimbursable costs incurred in connection with the Product order through the date of Customer's termination of such Product order.

ii. New Legal Standards. In the event the Product design, materials or specifications require an alteration arising from new regulations issued by any governmental entity or trade association, including, but not limited to, the NFPA, DOT, and EPA, and such alteration increases the cost of the Product to GSFA, Customer shall be responsible for changes to the Grand Total Purchase Price arising from such alteration. GSFA shall promptly notify Customer when it becomes aware of any potential or required change in regulations occurring prior to delivery that would impact the Product purchased.

iii. Change Orders. Customer shall execute any Change Order submitted by GSFA documenting any of the changes required or permitted by Sections 8.b.i and 8.b.ii above (which shall, to the extent practicable, itemize any increases in the Grant Total Purchase Price and specify a commercially reasonable date by which Customer must pay such increase), unless Customer instead elects to terminate the applicable Product order under the Agreement within fifteen (15) calendar days of Customer's receipt of such Change Order and in accordance with Section 9. Absent such a termination, failure to execute a Change Order does not alter Customer's obligations under this Section 8.b.

c. Changes in Commercial Specifications. Specifications for all components of the Product manufactured by companies other than the Manufacturer are subject to change without notice. Specifications for such components will be as available at the time of manufacture of the Product. GSFA shall not be liable for any deviations in such specifications arising from a substitution of components or changes in the design of any component by their original manufacturer.

9. Termination.

a. By Customer. Customer may terminate a Product order identified in the Product Proposal or a Change Order by providing written notice to GSFA in accordance with Section 16 hereof. If Customer elects to terminate a Product order, Customer shall pay GSFA a cancellation fee as follows: (a) after the Product order is accepted and entered by GSFA, 10% of the portion of the Grand Total Purchase Price applicable to such Product (including all associated taxes, fees and costs) (such amount, the "**Product Purchase Price**"); (b) after completion of the pre-construction phase of the order process, 20% of the Product Purchase Price; and (c) after the requisition of any materials or commencement of any manufacturing or assembly of the Product by either GSFA or Manufacturer but before substantial completion of such Product, 50% of the Product Purchase Price. Customer shall not be permitted to terminate a Product order after substantial completion of manufacturing and assembly of such Product (excluding

any Dealer Preparation or other pre-delivery services or untypical Product customization, if applicable). Notwithstanding the foregoing, if the applicable tier of cancellation fee is not sufficient to cover all actual costs and fees incurred by GSFA with Manufacturer in connection with Customer's termination of the Product order ("**Manufacturer Termination Fees**"), then in addition to such cancellation fee Customer shall pay the balance of all Manufacturer Termination Fees. If Customer received a Prepayment Discount, such discount shall not be considered for the purpose of calculating the above cancellation fee. The tier of cancellation fee applicable to any cancellation, as well as the determination of whether a Product has reached substantial completion, shall be in the sole and absolute discretion of GSFA. Customer may request a fee waiver, and GSFA, in its sole discretion, may agree to waive and/or adjust such fee. GSFA will return the balance of the Grand Total Purchase Price or Product Purchase Price, as applicable, within thirty (30) calendar days of the effective date of the cancellation of the Product order or termination of the Agreement.

Customer may terminate the Agreement for an Event of Default by GSFA after providing GSFA with written notice in accordance with Section 16 (which notice shall describe with reasonably particularity the Event of Default justifying such termination) if such Event of Default remains uncured (if capable of cure) thirty (30) days following GSFA's receipt of such notice; provided, however, that the foregoing cure period shall continue if and for so long as GSFA has commenced and is continuing to undertake commercially reasonable efforts to cure such Event of Default as promptly as reasonably practicable.

b. By GSFA. GSFA may terminate the Agreement for an Event of Default by Customer after providing Customer with written notice in accordance with Section 16 (which notice shall describe with reasonably particularity the Event of Default justifying such termination) if such Event of Default remains uncured (if capable of cure) thirty (30) days following Customer's receipt of such notice; provided, however, that the foregoing cure period shall continue if and for so long as Customer has commenced and is continuing to undertake commercially reasonable efforts to cure such Event of Default as promptly as reasonably practicable. Notwithstanding the foregoing, GSFA may terminate the Agreement effective immediately upon written notice to Customer for Customer's failure to pay any amount owed under the Agreement when due.

Notwithstanding any other provision of this Agreement, if Customer terminates a Product order in accordance with Section 9.a above, GSFA may elect to instead terminate the Agreement upon notice to Customer in accordance with Section 16 hereof. If GSFA terminates the Agreement in accordance with this Section 9.b, Customer shall pay the applicable tier of cancellation fee for all Products pursuant to Section 9.a above as if Customer had elected to terminate each applicable Product order.

c. Based on Discontinuation or Cancellation by Manufacturer. In the event that Manufacturer cancels a Product order (provided that such cancellation is not the result of an act by Customer in violation of the Agreement) or discontinues the manufacture of a Product prior to its completion and delivery: (i) if such Product is the only Product contemplated under the Agreement, then the Agreement shall terminate; or (ii) if additional Products are contemplated under the Agreement, then only the Product order for the applicable cancelled or discontinued Product shall be terminated. Such Agreement termination or Product termination, as applicable, shall be effective upon GSFA's written notice to Customer of such cancellation or discontinuance in accordance with Section 16 hereof. GSFA's only obligation to Customer in such event shall be the return of any Prepayment paid by Customer for the cancelled or discontinued Product. For the avoidance of doubt, the cancellation fees contemplated in Section 9.a hereof shall not apply in the event of a termination pursuant to this Section 9.c.

10. Customer's Obligations. Customer shall provide its timely and best efforts to cooperate with GSFA and Manufacturer during the Product manufacturing process. Reasonable and timely cooperation includes, without limitation, Customer's providing timely information in response to any requests from Manufacturer or GSFA and the participation of Customer's authorized representatives in traveling to Manufacturer's facility for inspections and approval of the Product, including a final approval before the Product leaves Manufacturer's facility.

11. Representations and Warranties. Customer hereby represents and warrants to GSFA as of the Executed Date that the execution of the Agreement and the purchase of the Product(s) and performance of the other obligations

of Customer under the Agreement have been approved by Customer in accordance with applicable general laws and, as applicable, Customer's charter, ordinances, purchasing policies, and other governing documents, and executed by the appropriate Customer employees, officials, and/or representatives, and funding for Customer's performance of its obligations under the Agreement has been duly budgeted and appropriated by Customer.

12. Standard Warranty. All applicable Manufacturer warranties are contained in the Product Warranties. Any additional warranties must be expressly approved in a writing signed by GSFA, and Customer acknowledges and agrees that Manufacturer will not be liable for any such additional warranties.

a. Disclaimer. OTHER THAN AS EXPRESSLY SET FORTH IN THE AGREEMENT, GSFA, ITS AFFILIATES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SHAREHOLDERS, AGENTS, OR REPRESENTATIVES, DO NOT MAKE ANY EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE PRODUCT (WHETHER RELATING TO THE CONDITION OR QUALITY OF THE PRODUCT, OR OTHERWISE) PROVIDED HEREUNDER OR OTHERWISE REGARDING THE AGREEMENT (INCLUDING, WITHOUT LIMITATION, WITH RESPECT TO ANY APPLICABLE DEALER PREPARATION), WHETHER ORAL OR WRITTEN, EXPRESS, IMPLIED OR STATUTORY. WITHOUT LIMITING THE FOREGOING, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, THE IMPLIED WARRANTY AGAINST INFRINGEMENT, THE IMPLIED WARRANTY OR CONDITION OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY IMPLIED WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE ARE EXPRESSLY EXCLUDED AND DISCLAIMED. STATEMENTS MADE BY SALES CONSULTANTS OR IN PROMOTIONAL MATERIALS DO NOT CONSTITUTE WARRANTIES.

b. Exclusions of Incidental and Consequential Damages. In no event shall GSFA be liable for consequential, incidental, or punitive damages incurred by Customer in connection with any matter arising out of or relating to the Agreement, or the breach thereof, even if GSFA has been advised of the possibility of such damages, and regardless of whether such damages arise out of breach of warranty, the Agreement, indemnity, whether resulting from non-delivery or from GSFA's own negligence, or otherwise, except and solely to the extent such damages arise from the gross negligence or willful misconduct of GSFA.

13. Default. The occurrence of one or more of the following events (each, an "Event of Default") shall constitute a default under the Agreement: (a) Customer's failure to pay any amounts due or to perform any of its obligations under the Agreement; (b) GSFA's failure to perform any of its obligations under the Agreement; (c) either Party becoming insolvent or becoming subject to bankruptcy or insolvency proceedings; (d) any representation made by either Party under the Agreement which is false in any material respect; (e) any action by Customer to dissolve, merge, consolidate or transfer a substantial portion of its property to another entity during the term of the Agreement; (f) any other material breach of the terms of the Agreement by a Party; or (g) a default or breach by Customer under any other agreement with GSFA or its affiliates.

14. Indemnification of GSFA. Customer shall indemnify, defend, and hold harmless GSFA, its agents, servants, successors and assigns from and against all losses, damages, injuries, claims, demands and expenses, including attorneys' fees and other legal expenses, of whatever nature ("**Damages**"), to the extent Damages arise out of or in connection with: (i) Customer's breach of the Agreement, or (ii) Customer's use, storage, or operation of the Product following delivery, regardless of where, how, and by whom operated (excluding any negligent operation by GSFA). The indemnification and assumptions of liability and obligation herein provided shall continue in full force and effect notwithstanding the termination of the Agreement, whether by expiration of time, by operation of law or otherwise. This provision is not intended to and shall not constitute the exclusive remedy of the Parties under the Agreement; the Parties may seek indemnity from one another under other legal principles, whether based in equity or law, so long as they do not nullify or cancel the effects of this paragraph.

15. Force Majeure. GSFA shall not be responsible nor deemed to be in default of any provision of the Agreement on account of delays in performance due to causes which are beyond GSFA's or Manufacturer's control and which make GSFA's performance impracticable, including but not limited to wars, insurrections, strikes or labor unrest, riots, fires, storms, floods, other acts of nature, explosions, earthquakes, accidents, any act of federal, state or local government, failure or delays in transportation, inability to obtain necessary labor, supplies or manufacturing facilities, supply chain issues, allocation regulations or orders affecting materials, equipment, facilities or completed

products, failure to obtain any required license or certificates, acts of God or the public enemy or terrorism, failure of transportation, disease, pandemics or epidemics, quarantine restrictions, failure of vendors (due to causes similar to those within the scope of this clause) to perform their agreements or labor troubles causing cessation, slowdown, or interruption of work.

16. Notice. Any notices, requests, consents, claims, demands, waivers and other communications required or permitted to be given hereunder must be given in writing at the address of each Party set forth below, or to such other address as either Party may substitute by written notice to the other in accordance with this Section 16, by one of the following methods: hand delivery; registered, express, or certified mail, return receipt requested, postage prepaid; or nationally recognized private express courier. All such communications will be deemed to have been given: (i) when delivered by hand (with written confirmation of receipt); (ii) on the third (3rd) calendar day after the date mailed, by registered, express or certified mail; or (iii) when delivered by the addressee if sent by a nationally recognized private express courier.

Golden State Fire Apparatus Inc.
7400 Reese Road
Sacramento, CA 95828

CUSTOMER:

To the address listed in the Product Proposal

17. Contradictions. In the event of a conflict between the Agreement and any Change Order, or between Change Orders, the terms of the latest executed Change Order shall control.

18. Manufacturer's Statement of Origin. It is agreed that the manufacturer's statement of origin ("**MSO**") for the Product covered by the Agreement, if applicable, shall be retained and remain in the possession of GSFA per California Department of Vehicles (DMV) directives. Notwithstanding the foregoing, GSFA shall provide Customer with the original MSO if the Customer is self-registering, and Customer shall comply with all good-faith Process of Duty and other DMV requirements applicable to the Product and retain its own MSO.

19. Assignment. The relationship of the Parties established under the Agreement is that of independent contractors and neither Party is a partner, employee, agent, or joint venturer of or with the other. Neither Party may assign its rights and obligations under the Agreement unless it has obtained the prior written approval of the other Party.

20. Governing Law; Jurisdiction; Disputes. Without regard to any conflict of laws provisions, the Agreement is to be governed by and under the laws of the state of California. Prior to taking any legal action that may and/or can arise out of the Agreement, the Parties shall first attempt mediation with an agreed upon mediator. If the Parties cannot agree upon a mediator within thirty (30) calendar days of the submission of written notice of a dispute in accordance with Section 16 hereof, if any disputed matter remain unresolved within thirty (30) calendar days of the commencement of discussions, or if any party refuses to meet, then either party may submit any remaining disputes concerning and/or claim regarding the Agreement and/or the terms and conditions herein to the Superior Court, County of Sacramento (and the parties expressly consent to exclusive personal jurisdiction and venue before such court).

21. Entire Agreement; Amendments. The Agreement, including the Product Proposal, its exhibits, and all valid Change Orders, is the exclusive agreement between the Parties regarding the subject matter contained herein and therein. No change in, modification of, or revision of the Agreement shall be valid unless in writing and signed by duly authorized representatives of both Parties with authority to sign such amendments to the Agreement.

Proposal Details Report

AGENDA ITEM NO. 28.

Customer: CLOVIS FIRE DEPARTMENT **Bid Number:** 972
Representative: Young, Dewayne **Job Number:**
Requirements Manager: **Organization:** Golden State Fire Apparatus, Inc
Description: Clovis Fire Department, Velocity
Chassis: Velocity Chassis, PUC-NG (Big Block)
Body: Pumper, PUC, Aluminum

OptionCode	Type	Option	ProposalText
0766589		Boiler Plates, PUC Pumper	Golden State Fire Apparatus is pleased to submit a proposal to Clovis Fire Department for a Pierce® multi purpose response vehicle per your request for quotation. The following paragraphs will describe in detail the apparatus, construction methods, and equipment proposed. This proposal will indicate size, type, model and make of components parts and equipment, providing proof of compliance with each and every item (except where noted) in the departments advertised specifications. PIERCE MANUFACTURING was founded in 1913. Since then, we have been building bodies with one philosophy, "BUILD THE FINEST". Our skilled craftsmen take pride in their work, which is reflected, in the final product. We have been building fire apparatus since the early "forties" giving Pierce Manufacturing over 75 years of experience in the fire apparatus market. Pierce Manufacturing has built and put into service more than 62,500 apparatus, including more than 33,900 on Pierce custom chassis designed and built specifically for fire and emergency applications. Our Appleton, Wisconsin facility has over 870,000 total square feet of floor space situated on approximately 105 acres of land. Our Bradenton, Florida facility has 300,000 square feet of floor space situated on approximately 38 acres of land. Our beliefs in high ethical standards are carried through in all of our commitments and to everyone with whom we do business. Honesty, Integrity, Accountability and Citizenship are global tenets by which we all live and work. Consequently, we neither engage in, nor have we ever been convicted of price fixing, bid rigging, or collusion in any domestic or international fire apparatus market. Pierce has only one brand of fire apparatus "Pierce", ensuring you are receiving top of the line product that meets your specification. In accordance with the current edition of applicable NFPA standards, this proposal will specify whether the fire department, manufacturer, or apparatus dealership will provide required loose equipment. Images and illustrative material in this proposal are as accurate as known at the time of publication, but are subject to change without notice. Images and illustrative material is for reference only, and may include optional equipment and accessories and may not include all standard equipment. GENERAL DESIGN AND CONSTRUCTION To control quality, ensure compatibility, and provide a single source for service and warranty, the custom cab, chassis, pump module and body will be entirely designed, assembled/welded and painted in Pierce owned manufacturing facilities. This includes, but not limited to the cab weldment, the pumphouse module assembly, the chassis assembly, the body and the electrical system. QUALITY AND WORKMANSHIP Pierce has set the pace for quality and workmanship in the fire apparatus field. Our tradition of building the highest quality units with craftsmen second to none has been the rule right from the beginning and we demonstrate that ongoing commitment by: Ensuring all steel welding follows American Welding Society D1.1-2004 recommendations for structural steel welding. All aluminum welding follows American Welding society and ANSI D1.2-2003 requirements for structural welding of aluminum. All sheet metal welding follows American welding Society B2.1-2000 requirements for structural welding of sheet metal. Our flux core arc welding uses alloy rods, type 7000 and is performed to American Welding Society standards A5.20-E70T1. Furthermore, all employees classified as welders are tested and certified to meet the American welding Society codes upon hire and every three (3) years thereafter. Pierce also employs an American Welding Society certified welding inspector in plant during working hours to monitor weld quality. Pierce Manufacturing operates a Quality Management System under the requirements of ISO 9001. These standards sponsored by the International Organization for Standardization (ISO) specify the quality systems that are established by the manufacturer for design, manufacture, installation and service. A copy of the certificate of compliance is included with this proposal. In addition to the Quality Management system, we also employ a Quality Achievement Supplier program to ensure the vendors and suppliers that we utilize meet the high standards we demand. That is just part of our overall "Quality at the Source" program at Pierce. To demonstrate the quality of our products and services, a list of at least two (2) fire departments/municipalities that have purchased vehicles for a second time is provided. DELIVERY The apparatus will be delivered under its own power to ensure proper break-in of all components while the apparatus is still under warranty. A qualified delivery representative shall deliver the apparatus and remain for a sufficient length of time to instruct personnel in proper operation, care and maintenance of the equipment delivered. MANUAL AND SERVICE INFORMATION At time of delivery, complete operation and maintenance manuals covering the apparatus will be provided. A permanent plate will be mounted in the driver's compartment specifying the quantity and type of fluids required including engine oil, engine coolant, transmission, pump transmission lubrication, pump primer and drive axle. SAFETY VIDEO At the time of delivery Pierce will also provide one (1) 39-minute, professionally produced apparatus safety video, in DVD format. A link to the video is also available on the Pierce Training website. This video will address key safety considerations for personnel to follow when they are driving, operating, and maintaining the apparatus, including the following: vehicle pre-trip inspection, chassis operation, pump operation, aerial operation, and safety during maintenance. PERFORMANCE TESTS A road test will be conducted with the apparatus fully loaded and a continuous run of no less

ten (10) miles. During that time the apparatus will show no loss of power nor will it overheat. The transmission drive shaft or shafts and the axles will run quietly and be or noise. The apparatus when fully loaded will not have less than 25 percent on the front axle, and not less than 50 percent nor more than 75 percent. The apparatus will meet the current edition of applicable NFPA standards acceleration and braking requirements.

AGENDA ITEM NO. 28.

SERVICE AND WARRANTY SUPPORT

Pierce dealership support will be provided by Golden State EVS by operating a Pierce authorized service center. The service center will have factory-trained mechanics on staff versed in Pierce fire apparatus. The service facility will be located within one hundred fifty (150) miles of the fire department.

In addition to the dealership, Pierce has service facilities located in both, Weyauwega, Wisconsin and Bradenton, Florida. Pierce also maintains a dedicated parts facility of over 100,000 square feet in Appleton, Wisconsin. The parts facility stocks in excess of \$5,000,000 in parts dedicated to service and replacement parts. The parts facility employs a staff dedicated solely for the distribution and shipment of service and replacement parts.

Service parts for the apparatus being proposed can be found via Pierceparts.com which, is an interactive online tool that delivers information regarding your specific apparatus as well as the opportunity to register for training classes.

As a Pierce customer you have the ability to view the complete bill of materials for your specific apparatus, including assembly drawings, piece part drawings, and beneficial parts notations. You will also have the ability to search the complete Pierce item master through a parts search function which offers all Pierce SKU's and descriptions offered on all Pierce apparatus. Published component catalogs, which include proprietary systems along with an extensive operator's manual library is available for easy reference.

Pierce Manufacturing maintains a dedicated service and warranty staff of over 35 personnel, dedicated to customer support, which also maintains a 24 hour 7 day a week toll free hot line, four (4) on staff EVTs, and offers hands-on repair and maintenance training classes multiple times a year.

LIABILITY

The successful bidder will defend any and all suits and assume all liability for the use of any patented process including any device or article forming a part of the apparatus or any appliance furnished under the contract.

INSURANCE PROVIDED BY BIDDER

Commercial General Liability Insurance

The successful bidder will, during the performance of the contract and for three (3) years following acceptance of the product, keep in force at least the following minimum limits of commercial general liability insurance:

Each Occurrence:

\$1,000,000

Products/Completed Operations Aggregate:

\$1,000,000

Personal and Advertising Injury:

\$1,000,000

General Aggregate:

\$2,000,000

Coverage will be written on a Commercial General Liability form. The policy will be written on an occurrence form and will include Contractual Liability coverage for bodily injury and property damage subject to the terms and conditions of the policy. The policy will include Owner as an additional insured when required by written contract.

Commercial Automobile Liability Insurance

The successful bidder will, during the performance of the contract, keep in force at least the following minimum limits of commercial automobile liability insurance and coverage will be written on a Commercial Automobile liability form:

Each Accident Combined Single Limit:

\$1,000,000

Umbrella/Excess Liability Insurance

The successful bidder will, during the performance of the contract and for three (3) years following acceptance of the product, keep in force at least the following minimum limits of umbrella liability insurance:

Aggregate:

\$3,000,000

Each Occurrence:

\$3,000,000

The umbrella policy will be written on an occurrence basis and at a minimum provide excess to the bidder's General Liability and Automobile Liability policies.

The required limits can be provided by one (1) or more policies provided all other insurance requirements are met.

Coverage will be provided by a carrier(s) rated A- or better by A.M. Best.

All policies will provide a 30-day notice of cancellation to the named insured. The Certificate of Insurance will provide the following cancellation clause: Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions.

Bidder agrees to furnish owner with a current Certificate of Insurance with the coverages listed above along with the bid. The certificate will show the purchaser as certificate holder.

INSURANCE PROVIDED BY MANUFACTURER

Product Liability Insurance

The manufacturer will, during the performance of the contract and for three (3) years following acceptance of the product, keep in force at least the following minimum limits of Product Liability insurance:

Each Occurrence:

\$1,000,000

Products/Completed Operations Aggregate:

\$1,000,000

Coverage will be written on a Commercial General Liability form. The policy will be written on an occurrence form. The manufacturer's policy will include the owner as additional insured when required by written contract between the Owner and a Pierce authorized dealer.

		Umbrella/Excess Liability Insurance The manufacturer will, during the performance of the contract and for the acceptance of the product, keep in force at least the following minimum insurance: Each Occurrence: \$25,000,000 Aggregate: \$25,000,000 The umbrella policy will be written on an occurrence basis and provide excess to the manufacturer's General Liability/Products policies. The required limits can be provided by one (1) or more policies provided all other insurance requirements are met. Coverage will be provided by a carrier(s) rated A- or better by A.M. Best. All policies will provide a 30-day notice of cancellation to the named insured. The Certificate of Insurance will provide the following cancellation clause: Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. Manufacturer agrees to furnish owner with a current Certificate of Insurance with the coverages listed above along with the bid. The certificate will show the purchaser as the certificate holder.	AGENDA ITEM NO. 28.
0661794	Single Source Compliance	SINGLE SOURCE MANUFACTURER Pierce Manufacturing, Inc. provides an integrated approach to the design and manufacture of our products that delivers superior apparatus and a dedicated support team. From our facilities, the chassis, cab weldment, cab, pumphouse (including the sheet metal enclosure, valve controls, piping and operators panel) and body will be entirely designed, tested, and hand assembled to the customer's exact specifications. The electrical system either hardwired or multiplexed, will be both designed and integrated by Pierce Manufacturing. The warranties relative to these major components (excluding component warranties such as engine, transmission, axles, pump, etc.) will be provided by Pierce as a single source manufacturer. Pierce's single source solution adds value by providing a fully engineered product that offers durability, reliability, maintainability, performance, and a high level of quality.	
0584456	Manufacture Location, Appleton, Wisconsin	Your apparatus will be manufactured in Appleton, Wisconsin.	
0584452	RFP Location: Appleton, Wisconsin		
0588609	Vehicle Destination, US		
0624924	SP Unit Similar in Many Aspects	The apparatus being proposed will be designed and built to match the match pump panel as close as possible to Job # 38442. However, some variation may be necessary due to changes in our manufacturing processes or our product offering. Revisions in NFPA guidelines and/or other regulations may also affect our ability to match the previous unit.	
0816491	Comply NFPA 1900 Changes Effective Jan 1, 2024, With Exceptions	NFPA 2024 STANDARDS This unit will comply with the NFPA standards effective January 1, 2024, except for fire department directed exceptions. These exceptions will be set forth in the Statement of Exceptions. Certification of slip resistance of all stepping, standing and walking surfaces will be supplied with delivery of the apparatus. All horizontal surfaces designated as a standing or walking surface that are greater than 48.00" above the ground must be defined by a 1.00" wide line along its outside perimeter. Perimeter markings and designated access paths to destination points will be identified on the customer approval print and are shown as approximate. Actual location(s) will be determined based on materials used and actual conditions at final build. Access paths may pass through hose storage areas and opening or removal of covers or restraints may be required. Access paths may require the operation of devices and equipment such as the aerial device or ladder rack. A plate that is highly visible to the driver while seated will be provided. This plate will show the overall height, length, and gross vehicle weight rating. The manufacturer will have programs in place for training, proficiency testing and performance for any staff involved with certifications. An official of the company will designate, in writing, who is qualified to witness and certify test results.	
0533347	Pumper/Pumper with Aerial Device Fire Apparatus		
0588611	Vehicle Certification, Pumper		

0661778	Agency, Apparatus Certification, Pumper/Tanker, U.L.	NFPA COMPLIANCY Apparatus proposed by the bidder will meet the applicable requirements of the National Fire Protection Association (NFPA) as stated in current edition at time of contract award. Specifications that differ from NFPA specifications will be indicated in the proposal as "non-NFPA". PUMP TEST Underwriters Laboratory (UL) will test, approved, and certify the pump. The test results and the pump manufacturer's certification of hydrostatic test; the engine manufacturer's certified brake horsepower curve; and the pump manufacturer's record of pump construction details will be forwarded to the Fire Department. GENERATOR TEST If the unit has a generator, Underwriters Laboratory (UL) will test, approved, and certify the generator. The test results will be provided to the Fire Department at the time of delivery. BREATHING AIR TEST If the unit has breathing air, Pierce Manufacturing will draw an air sample from the air system and have the sample certified that the air quality meets the requirements of NFPA 1989, <i>Standard on Breathing Air Quality for Fire and Emergency Services Respiratory Protection</i>.	AGENDA ITEM NO. 28.
0816495	Certification, Vehicle Inspection Program, NFPA 1900	VEHICLE INSPECTION PROGRAM CERTIFICATION To assure the vehicle is built to current NFPA1900 standards, the apparatus, in its entirety, will be third-party, independent, audit-certified through Underwriters Laboratory (UL) that it is built and complies to all applicable standards in the current edition. The certification includes: all design, production, operational, and performance testing of not only the apparatus, but those components that are installed on the apparatus. A placard will be affixed in the driver's side area stating the third party agency, the date, the standard and the certificate number of the whole vehicle audit.	
0620362	Consortium, HGAC		
0537375	Unit of Measure, US Gallons		
0030006	Bid Bond Not Requested	BID BOND NOT REQUESTED A bid bond will not be included. If requested, the following will apply: All bidders will provide a bid bond as security for the bid in the form of a 5 percent bid bond to accompany their bid. This bid bond will be issued by a Surety Company who is listed on the U.S. Treasury Departments list of acceptable sureties as published in Department Circular 570. The bid bond will be issued by an authorized representative of the Surety Company and will be accompanied by a certified power of attorney dated on or before the date of bid. The bid bond will include language, which assures that the bidder/principal will give a bond or bonds as may be specified in the bidding or contract documents, with good and sufficient surety for the faithful performance of the contract, including the Basic One (1) Year Limited Warranty, and for the prompt payment of labor and material furnished in the prosecution of the contract. Notwithstanding any document or assertion to the contrary, any surety bond related to the sale of a vehicle will apply only to the Basic One (1) Year Limited Warranty for such vehicle. Any surety bond related to the sale of a vehicle will not apply to any other warranties that are included within this bid (OEM or otherwise) or to the warranties (if any) of any third party of any part, component, attachment or accessory that is incorporated into or attached to the vehicle. In the event of any contradiction or inconsistency between this provision and any other document or assertion, this provision will prevail.	
0816574	Performance Bond, 100% with Warranty Bond, 1 Yr, and Payment Bond, PPI Terms	PERFORMANCE BOND, 1 YEAR The successful bidder will furnish a Performance and Payment bond (Bond) equal to 100 percent of the total contract amount within 30 days of the notice of award. Such Bond will be in a form acceptable to the Owner and issued by a surety company included within the Department of Treasury's Listing of Approved Sureties (Department Circular 570) with a minimum A.M. Best Financial Strength Rating of A and Size Category of XV. In the event of a bond issued by a surety of a lesser Size Category, a minimum Financial Strength rating of A+ is required. Bidder and Bidder's surety agree that the Bond issued hereunder, whether expressly stated or not, also includes the surety's guarantee of the vehicle manufacturer's Basic One (1) Year Limited Warranty period included within this proposal. Owner agrees that the penal amount of this bond will be simultaneously amended to 100% percent of the total contract amount upon satisfactory acceptance and delivery of the vehicle(s) included herein. Notwithstanding anything contained within this contract to the contrary, the surety's liability for any warranties of any type will not exceed one (1) year from the date of such satisfactory acceptance and delivery, or the actual Basic One (1) Year Limited Warranty period, whichever is shorter. Due to global supply chain constraints, any delivery date contained herein is a good faith estimate as of the date of this order/contract, and merely an approximation based on current information. Delivery updates will be made available, and a final firm delivery date will be provided as soon as possible. If the Producer Price Index of Components for Manufacturing [www.bls.gov Series ID: WPUID6112] ("PPI") has increased at a compounded annual growth rate of 5.0% or more between the month Pierce accepts the order ("Order Month") and a month 14 months prior to the then predicted Ready For Pickup date ("Evaluation Month"), then pricing may be updated in an amount equal to the increase in PPI over 5.0% for each year or fractional year between the Order Month and the Evaluation Month. The seller will document any such updated price for the customer's approval before proceeding and provide an option to cancel the order.	

0000007	Approval Drawing	APPROVAL DRAWING A drawing of the proposed apparatus will be prepared and provided to the purchaser before construction begins. The Pierce sales representative will also be responsible for the same drawing. The finalized and approved drawing will become part of the contract documents. This drawing will indicate the chassis make and model, location of the lights, siren, horns, compartments, major components, etc. A "revised" approval drawing of the apparatus will be prepared and submitted by Pierce to the purchaser showing any changes made to the approval drawing.
0781461	Electrical Diagrams, Hard, CD or USB Flash Features	ELECTRICAL WIRING DIAGRAMS There will be electrical wiring diagrams, provided for the model of chassis and body in the following configurations: - one (1) hard copy of the electrical diagrams provided - one (1) USB flash drive with the electrical diagrams provided - no CDs of the electrical diagrams provided
0888810	Velocity Chassis, PUC-NG (Big Block)	VELOCITY CHASSIS The Pierce Velocity® is the custom chassis developed exclusively for the fire service. Chassis provided will be a new, tilt-type custom fire apparatus. The chassis will be manufactured in the apparatus body builder's facility eliminating any split responsibility. The chassis will be designed and manufactured for heavy-duty service, with adequate strength and capacity for the intended load to be sustained and the type of service required. The chassis will be the manufacturer's first line tilt cab.
0000110	Wheelbase	WHEELBASE The wheelbase of the vehicle will be 180.50".
0000070	GVW Rating	GVW RATING The gross vehicle weight rating will be 49,800 pounds.
0000203	Frame Rails, 13.38 x 3.50 x .375, Qtm/AXT/Imp/Vel	FRAME The chassis frame will be built with two (2) steel channels bolted to five (5) cross members or more, depending on other options of the apparatus. The side rails will have a 13.38" tall web over the front and mid sections of the chassis, with a continuous smooth taper to 10.75" over the rear axle. Each rail will have a section modulus of 25.992 cubic inches and a resisting bending moment (rbm) of 3,119,040 in-lb over the critical regions of the frame assembly, with a section modulus of 18.96 cubic inches with an rbm of 2,275,200 in-lb over the rear axle. The frame rails will be constructed of 120,000 psi yield strength heat-treated 0.38" thick steel with 3.50" wide flanges.
0020018	Frame Liner Not Req'd	
0508849	Axle, Front, Oshkosh TAK-4, Non Drive, 22,800 lb, Imp/Vel	FRONT NON DRIVE AXLE The Oshkosh TAK-4® front axle will be of the independent suspension design with a ground rating of 22,800 lb. Upper and lower control arms will be used on each side of the axle. Upper control arm castings will be made of 100,000-psi yield strength 8630 steel and the lower control arm casting will be made of 55,000-psi yield ductile iron. The center cross members and side plates will be constructed out of 80,000-psi yield strength steel. Each control arm will be mounted to the center section using elastomer bushings. These rubber bushings will rotate on low friction plain bearings and be lubricated for life. Each bushing will also have a flange end to absorb longitudinal impact loads, reducing noise and vibrations. There will be nine (9) grease fittings supplied, one (1) on each control arm pivot and one (1) on the steering gear extension. The upper control arm will be shorter than the lower arm so that wheel end geometry provides positive camber when deflected below rated load and negative camber above rated load. Camber at load will be 0 degrees for optimum tire life. The ball joint bearing will be of low friction design and be maintenance free. Toe links that are adjustable for alignment of the wheel to the center of the chassis will be provided. The wheel ends will have little to no bump steer when the chassis encounters a hole or obstacle. The steering linkage will provide proper steering angles for the inside and outside wheel, based on the vehicle wheelbase. The axle will have a turning angle of up to 45 degrees.

AGENDA ITEM NO. 28.

0010427	Suspension, Front TAK-4, 22,800 lb, Qtm/AXT/Imp/Vel/Enf/SFR	FRONT SUSPENSION Front Oshkosh TAK-4™ independent suspension will be provided with of 22,800 lb. The independent suspension system will be designed to provide maximum ride comfort. The design will allow the vehicle to travel at highway speeds over improved road surfaces and at moderate speeds over rough terrain with minimal transfer of road shock and vibration to the vehicle's crew compartment. Each wheel will have torsion bar type spring. In addition, each front wheel end will also have energy absorbing jounce bumpers to prevent bottoming of the suspension. The suspension design will be such that there is at least 10.00" of total wheel travel and a minimum of 3.75" before suspension bottoms. The torsion bar anchor lock system allows for simple lean adjustments, without the use of shims. One can adjust for a lean within 15 minutes per side. Anchor adjustment design is such that it allows for ride height adjustment on each side. The independent suspension was put through a durability test that simulated 140,000 miles of inner city driving.
0087572	Shock Absorbers, KONI, TAK-4, Qtm/AXT/Imp/Vel/Enf	FRONT SHOCK ABSORBERS KONI heavy-duty telescoping shock absorbers will be provided on the front suspension.
0000322	Oil Seals, Front Axle	FRONT OIL SEALS Oil seals with viewing window will be provided on the front axle.
0899288	Tires, Front, Goodyear, Armor MAX MSA, 425/65R22.50, 20 ply, Fire Service Speed	FRONT TIRES Front tires will be Goodyear 425/65R22.50 radials, 20 ply Armor MAX MSA, rated for 22,800 lb maximum axle load and 75 mph maximum speed.
0019611	Wheels, Front, Alcoa, 22.50" x 12.25", Aluminum, Hub Pilot	The tires will be mounted on Alcoa 22.50" x 12.25" polished aluminum disc type wheels with a ten (10) stud, 11.25" bolt circle.
0530465	Axle, Rear, Meritor RS25-160, 27,000 lb, Imp/Vel	REAR AXLE The rear axle will be a Meritor™, Model RS-25-160, with a capacity of 27,000 lb.
0818728	Top Speed of Vehicle, 72 MPH/116 KPH, Non-NFPA/ULC 2024	TOP SPEED OF VEHICLE NFPA 1900 and ULC 515, 2024 edition requires limits on the top speed of vehicles. NFPA 7.16.1 requires that the maximum top speed of fire apparatus with a GVWR over 33,000 lb will not exceed either 68 mph or the manufacturer's maximum fire service speed rating for the tires installed on the apparatus, whichever is lower. NFPA 7.16.2 requires that if the combined water tank and foam agent tank on the fire apparatus exceed 1250 gallons or the GVWR of the vehicle is over 50,000 lb, the maximum top speed of the apparatus will not exceed either 60 mph or the manufacturer's maximum fire service speed rating for the tires installed on the apparatus, whichever is lower. It is the intention of the standard to improve safety by limiting the speed of all apparatus to 68 mph, and tankers or heavy apparatus to 60 mph. By requesting an exception to this requirement, the purchasing authority is consciously choosing to operate their apparatus at speeds above the limits designated as safe speeds by the NFPA Technical Committee on Fire Department Apparatus. The top speed of the apparatus as manufactured exceeds the NFPA requirements. Per fire department specification of a top speed that exceeds NFPA requirements, the apparatus will be non-compliant to NFPA 1900 and ULC 515 standards at time of contract execution. The rear tires being specified have a top speed limit of 72 mph / 116 kph from the tire manufacturer.
0122075	Suspen, Rear, Standens, Spring, 27,000 lb, Imp/Vel	REAR SUSPENSION The rear suspension will be Standens, semi-elliptical, 3.00" wide x 52.50" long, with a ground rating of 27,000 lb. The spring hangers will be castings. The two (2) top leaves will wrap the forward spring hanger pin, and the rear of the spring will be a slipper style end that will ride in a rear slipper hanger. A steel encased rubber bushing will be used in the spring eye. The steel encased rubber bushing will be maintenance free and require no lubrication.
0000485	Oil Seals, Rear Axle	REAR OIL SEALS Oil seals will be provided on the rear axle(s).
0791544	Spacer Kit, Rear Spring, 1.00" Additional Frame Height	
0782552	Tires, Rear, Goodyear, Endurance RSA, 12R22.50, LRH, Single	REAR TIRES Rear tires will be four (4) Goodyear 12R22.50 radials, load range H, Endurance RSA highway tread, rated for 27,120 lb maximum axle load and 75 mph maximum speed.

0019625	Wheels, Rear, Alcoa, 22.50" x 8.25", Aluminum, Hub Pilot, Single	The tires will be mounted on Alcoa 22.50" x 8.25" polished aluminum disc wheels with a ten (10) stud 11.25" bolt circle.	AGENDA ITEM NO. 28.
0568081	Tire Balancing, Counteract Beads	TIRE BALANCE All tires will be balanced with Counteract balancing beads. The beads will be inserted into the tire and eliminate the need for wheel weights.	
0819008	No Tire Pressure Indicator, Fire Department Omits, Non-NFPA 2024 Compliant	TIRE PRESSURE INDICATOR NFPA 1900, 2024 edition, section 7.14.6 requires each tire be equipped with a visual indicator or monitoring system that indicates tire pressure. Per Fire Department specification, a tire pressure indicator is not on the apparatus as manufactured. This apparatus will be non-compliant to NFPA 1900 standards effective at time of contract execution.	
0801909	Lug Nut, Covers, Chrome	CHROME LUG NUT COVERS Chrome lug nut covers will be supplied on front and rear wheels.	
0003245	Axle Hub Covers w/center hole, S/S, Front Axle	FRONT HUB COVERS Stainless steel hub covers will be provided on the front axle. An oil level viewing window will be provided.	
0001960	Axle Hub Covers, Rear, S/S, High Hat (Pair)	REAR HUB COVERS A pair of stainless steel high hat hub covers will be provided on rear axle hubs.	
0002045	Mud Flap, Front and Rear, Pierce Logo	MUD FLAPS Mud flaps with a Pierce logo will be installed behind the front and rear wheels.	
0544802	Chocks, Wheel, SAC-44-E, Folding, (Up to 44" Diameter Tires)	WHEEL CHOCKS There will be one (1) pair of folding Ziamatic, Model SAC-44-E, aluminum alloy, Quick-Choc wheel blocks, with easy-grip handle provided.	
0544806	Mounting Brackets, Chocks, SAC-44-E, Folding, Horizontal	Wheel Chock Brackets There will be one (1) pair of Zico, Model SQCH-44-H, horizontal mounting wheel chock brackets provided for the Ziamatic, Model SAC-44-E, folding wheel chocks. The brackets will be made of aluminum and consist of a quick release spring loaded rod to hold the wheel chocks in place. The brackets will be mounted below the left side rear compartment.	
0820509	ESC/ABS/ATC Wabco Brake System, Single Rear Axle, NFPA 1900/ULC	ELECTRONIC STABILITY CONTROL A vehicle control system will be provided as an integral part of the ABS brake system from Meritor Wabco. The system will monitor and update the lateral acceleration of the vehicle and compare it to a critical threshold where a side roll event may occur. If the critical threshold is met, the vehicle control system will automatically reduce engine RPM, engage the engine retarder (if equipped), and selectively apply brakes to the individual wheel ends of the front and rear axles to reduce the possibility of a side roll event. The system will monitor directional stability through a lateral accelerometer, steer angle sensor and yaw rate sensor. If spinout or drift out is detected, the vehicle control system will selectively apply brakes to the individual wheel ends of the front and rear axles to bring the vehicle back to its intended direction. ANTI-LOCK BRAKE SYSTEM The vehicle will be equipped with a Wabco 4S4M, anti-lock braking system. The ABS will provide a four (4) channel anti-lock braking control on both the front and rear wheels. A digitally controlled system that utilizes microprocessor technology will control the anti-lock braking system. Each wheel will be monitored by the system. When any wheel begins to lockup, a signal will be sent to the control unit. This control unit will then reduce the braking of that wheel for a fraction of a second and then reapply the brake. This anti-lock brake system will eliminate the lockup of any wheel thus helping to prevent the apparatus from skidding out of control. AUTOMATIC TRACTION CONTROL An anti-slip feature will be included with the ABS. The Automatic Traction Control will be used for traction in poor road and weather conditions. The Automatic Traction Control will act as an electronic differential lock that will not allow a driving wheel to spin, thereby supplying traction at all times. The ABS electronic control unit (ECU) will work with the engine ECU, sharing information concerning wheel slip. Engine ECU will use information to control engine speed, allowing only as much throttle application as required for the available traction, regardless of how much the driver is asking for. An "off road traction" switch will be provided on the instrument panel. Activation of the switch will allow additional tire slip to let the truck climb out and get on top of deep snow or mud.	

0030185	Brakes, Knorr/Bendix 17", Disc, Front, TAK-4	BRAKES The service brake system will be full air type. The front brakes will be Knorr/Bendix disc type with a 17.00" ventilated stopping distance. The brake system will be certified, third party inspected, for improved stopping distance.	AGENDA ITEM NO. 28.
0000730	Brakes, Meritor, Cam, Rear, 16.50 x 7.00"	The rear brakes will be Meritor™ 16.50" x 7.00" cam operated with automatic slack adjusters. Dust shields will be provided.	
0020784	Air Compressor, Brake, Cummins/Wabco 18.7 CFM	BRAKE SYSTEM AIR COMPRESSOR The air compressor will be a Cummins/WABCO with 18.7 cubic feet per minute output.	
0000785	Brake Reservoirs, Three	BRAKE SYSTEM The brake system will include: Bendix® dual brake treadle valve Heated automatic moisture ejector on air dryer Total air system capacity of 4,362 cubic inches Two (2) air pressure gauges with a red warning light and an audible alarm, that activates when air pressure falls below 60 psi Spring set parking brake system Parking brake operated by a push-pull style control valve A parking "brake on" indicator light on instrument panel Park brake relay/inversion and anti-compounding valve, in conjunction with a double check valve system, with an automatic spring brake application at 40 psi A pressure protection valve to prevent all air operated accessories from drawing air from the air system when the system pressure drops below 80 psi (550 kPa) 1/4 turn drain valve on each air tank The air tank will be primed and painted to meet a minimum 750 hour salt spray test. The air tanks will be painted same as frame color. To reduce the effects of corrosion, the air tank will be mounted with stainless steel brackets.	
0587034	Air Dryer, Bendix, AD-IP w/Heat, 2010	BRAKE SYSTEM AIR DRYER The air dryer will be a Bendix AD-IP, with coalescing filter and heater.	
0000790	Brake Lines, Nylon	BRAKE LINES Color-coded nylon brake lines will be provided. The lines will be wrapped in a heat protective loom in the chassis areas that are subject to excessive heat.	
0813346	Inlet/Outlet, Air, w/Disconnect Fitting, 1/4 Turn Valve, Location	AIR INLET/OUTLET Two (2) air inlets/outlets will be installed with the female coupling located on the driver side pump panel and on the passenger side pump panel. This system will tie into the "wet" tank of the brake system and include a check valve in the inlet line and an 85 psi pressure protection valve in the outlet line. The air outlet will be controlled by a 1/4 turn valve. A mating male fitting will be provided with the loose equipment. The air inlet will allow a shoreline air hose to be connected to the vehicle. This will allow station air to be supplied to the brake system of the vehicle to insure constant air pressure.	
0000845	Air Tank, Additional for Extra Capacity	ADDITIONAL AIR TANK An additional air tank with 1454 cubic inch displacement will be provided to increase the capacity of the main air brake system. This tank will be plumbed into the rear half of the brake system. The air tank will be primed and painted to meet a minimum 750 hour spray test. To reduce the effects of corrosion, the air tank will be mounted with stainless steel brackets. The air tank(s) will be painted same as frame color. The output flow of the engine air compressor will vary with engine rpm. Full compressor output will only be achieved at governed engine speed. Engine speed will be limited by generators, pumps and other PTO driven options.	
0615609	Fittings, Compression Type, Entire Apparatus, Single Rear Axle	COMPRESSION FITTINGS ONLY Any nylon tube on the apparatus that is pneumatic will be plumbed with compression type fittings where applicable. Push lock fittings will not be acceptable for any pneumatic nylon tube plumbing.	

0812268	Engine, Cummins X15, 525 hp, 1850 lb-ft, W/OBD, EPA 2027, Velocity, PUC-NG	ENGINE The chassis will be powered by an electronically controlled engine as follows: Make: Cummins® Model: X15 Power: 525 hp at 1700 rpm Torque: 1850 lb-ft at 1150 rpm Governed Speed: 2100 rpm Emissions Level: EPA 2027 Fuel: Diesel Cylinders: Six (6) Displacement: 912 cubic inches (14.9L) Starter: Delco 39MT+™ Fuel Filters: Frame mounted spin-on style filter from Cummins®. The engine will include On-board diagnostics (OBD), which provides self diagnostic and reporting. The system will give the owner or repair technician access to state of health information for various vehicle sub systems. The system will monitor vehicle systems, engine and after treatment. The system will illuminate a malfunction indicator light on the dash console if a problem is detected. The engine will be filled with FA-4 10W30 oil as required by Cummins.	AGENDA ITEM NO. 28.
0000000	STF Engine Contingency Adjustment		
0730808	Filters, Remote Mounted, Oil, Fuel, X15, VEL/AXT/Enf	REMOTE MOUNTED ENGINE FILTERS The engine fuel and oil filters will be remote mounted for ease of maintenance.	
0001244	High Idle w/Electronic Engine, Custom	HIGH IDLE A high idle switch will be provided, inside the cab, on the instrument panel, that will automatically maintain a preset engine rpm. A switch will be installed, at the cab instrument panel, for activation/deactivation. The high idle will be operational only when the parking brake is on and the truck transmission is in neutral. A green indicator light will be provided, adjacent to the switch. The light will illuminate when the above conditions are met. The light will be labeled "OK to Engage High Idle."	
0687994	Engine Brake, Jacobs Compression Brake, Cummins Engine	ENGINE BRAKE A Jacobs® engine brake is to be installed with the controls located on the instrument panel within easy reach of the driver. The driver will be able to turn the engine brake system on/off and have a high, medium and low setting. The engine brake will activate when the system is on and the throttle is released. The high setting of the brake application will activate and work simultaneously with the variable geometry turbo (VGT) provided on the engine. The engine brake will be installed in such a manner that when the engine brake is slowing the vehicle the brake lights are activated. The ABS system will automatically disengage the auxiliary braking device, when required.	
0552334	Clutch, Fan, Air Actuated, Horton Drive Master	CLUTCH FAN A Horton® fan clutch will be provided. The fan clutch will be automatic when the pump transmission is in "Road" position, and fully engaged in "Pump" position.	
0123135	Air Intake, w/Ember separator, Imp/Vel	ENGINE AIR INTAKE An air intake with an ember separator (to prevent road dirt, burning embers, and recirculating hot air from entering the engine) will be mounted at the front of the apparatus, on the passenger side of the engine. The ember separator will be mounted in the air intake with flame retardant, roto-molded polyethylene housing. It will be easily accessible by the hinged access panel at the front of the vehicle.	

0814375	Exhaust System, Horizontal, Right Side	EXHAUST SYSTEM The exhaust system will be stainless steel from the turbo to the engine. The exhaust system will include an aftertreatment device to meet current emissions requirements. Insulation wrap will be provided on all exhaust pipe between the turbo and the aftertreatment device to minimize the transfer of heat to the cab. The exhaust will terminate horizontally ahead of the right side rear wheels and will be flush with the body rub rail. The exhaust pipes will be aluminized steel. There will be an aluminized steel exhaust diffuser with a standard straight tip on the end provided to reduce the temperature of the exhaust as it exits. Heat deflector shields will be provided to isolate chassis and body components from the heat of the tailpipe diffuser.	AGENDA ITEM NO. 28.
0787999	Radiator, Impel/Velocity	RADIATOR The radiator and the complete cooling system will meet or exceed the current edition of applicable NFPA and engine manufacturer cooling system standards. For maximum corrosion resistance and cooling performance, the entire radiator core will be constructed using long life aluminum alloy. The core will be made of aluminum fins, having a serpentine design, brazed to aluminum tubes. The tubes will be brazed to aluminum headers. The radiator core will have a minimum frontal area of 1434 square inches. Supply tank made of glass-reinforced nylon and a return tank of cast aluminum alloy will be crimped on to the core assembly using header tabs and a compression gasket to complete the radiator core assembly. The radiator will be compatible with commercial antifreeze solutions. There will be a full steel frame around the entire radiator core assembly. The radiator core assembly will be isolated within the steel frame by rubber inserts to enhance cooling system durability and reliability. The radiator will be mounted in such a manner as to prevent the development of leaks caused by twisting or straining when the apparatus operates over uneven ground. The radiator assembly will be isolated from the chassis frame rails with rubber isolators. The radiator assembly will include an integral de-aeration tank permanently mounted to the top of the radiator framework, with a readily accessible remote-mounted overflow tank. For visual coolant level inspection, the radiator will have a built-in sight glass. The radiator will be equipped with a 15 psi pressure relief cap. A drain port will be located at the lowest point of the cooling system and/or the bottom of the radiator to permit complete flushing of the coolant from the system. A heavy-duty fan will draw in fresh, cool air through the radiator. Shields or baffles will be provided to prevent recirculation of hot air to the inlet side of the radiator.	
0511425	Cooling Hoses, Rubber	COOLANT LINES Gates, or Goodyear, rubber hose will be used for all engine coolant lines installed by the chassis manufacturer. Hose clamps will be stainless steel "constant torque type" to prevent coolant leakage. They will react to temperature changes in the cooling system and expand or contract accordingly while maintaining a constant clamping pressure on the hose.	
0001125	Fuel Tank, 65 Gallon, Left Side Fill	FUEL TANK A 65 gallon fuel tank will be provided and mounted at the rear of the chassis. The tank will be constructed of 12-gauge, hot rolled steel. It will be equipped with swash partitions and a vent. To eliminate the effects of corrosion, the fuel tank will be mounted with stainless steel straps. A 0.75" drain plug will be located in a low point of the tank for drainage. A fill inlet will be located on the left hand side of the body and is covered with a hinged, spring loaded, stainless steel door that is marked "Ultra Low Sulfur - Diesel Fuel Only." A 0.50" diameter vent will be installed from tank top to just below fuel fill inlet. The fuel tank will meet all FHWA 393.67 requirements including a fill capacity of 95 percent of tank volume.	
0001128	Lines, Fuel, Wire Braided, Reusable Fittings	All fuel lines will be of the wire braided type. Reusable fittings will be provided.	
0662965	DEF Tank, 4.5 Gallon, DS Fill, Rear of Axle, Common Air Bottle Door	DIESEL EXHAUST FLUID TANK A 4.5 gallon diesel exhaust fluid (DEF) tank will be provided and mounted in the driver's side body rearward of the rear axle. A 0.50" drain plug will be provided in a low point of the tank for drainage. A fill inlet will be provided and marked "Diesel Exhaust Fluid Only". The fill inlet will be located adjacent to the air bottle storage behind a common door on the driver side of the vehicle. The tank will meet the engine manufacturers requirement for 10 percent expansion space in the event of tank freezing. The tank will include an integrated heater unit that utilizes engine coolant to thaw the DEF in the event of freezing.	
0723716	Fuel Priming Pump, Electronic, Automatic, Cummins, No Swt Req'd	FUEL PRIMING PUMP A Cummins automatic electronic fuel priming pump will be integrated as part of the engine.	
0582243	Shutoff Valves, Fuel Line @ Primary Filter, Cummins	FUEL SHUTOFF A fuel line shutoff valve will be installed on both the inlet and outlet of the primary fuel filter.	
0553019	Cooler, Engine Fuel, Imp/Vel, SFR/Enf	FUEL COOLER An air to fuel cooler will be installed in the engine fuel return line.	

0578959	Fuel/Water Separator, Racor Inline	FUEL SEPARATOR The engine will be equipped with a Racor in-line spin-on fuel and water filter and the engine fuel filters.	AGENDA ITEM NO. 28.
0887546	Trans, Allison 6th Gen, 4000 EVS P, w/Prognostics, Imp/Vel/SFR/Enf	TRANSMISSION An Allison 6th generation, Model EVS 4000P, electronic, torque converting, automatic transmission will be provided. The transmission will be equipped with prognostics to monitor oil life, filter life, and transmission health. A wrench icon on the shift selector's digital display will indicate when service is due. Two (2) PTO openings will be located on left side and top of converter housing (positions 8 o'clock and 1 o'clock). A transmission temperature gauge with an amber light and buzzer will be installed on the cab instrument panel.	
0625331	Transmission, Shifter, 6-Spd, Push Button, 4000 EVS	TRANSMISSION SHIFTER A six (6)-speed push button shift module will be mounted to right of driver on console. Shift position indicator will be indirectly lit for after dark operation. The transmission ratio will be: 1st 3.51 to 1.00 2nd 1.91 to 1.00 3rd 1.43 to 1.00 4th 1.00 to 1.00 5th 0.75 to 1.00 6th 0.64 to 1.00 R 4.80 to 1.00	
0517604	Transmission Programming, Park to Neutral, PUC	TRANSMISSION PROGRAMMING The transmission will be programmed to automatically shift the transmission to neutral when the parking brake is set to simplify operation and increase operational safety.	
0684459	Transmission Oil Cooler, Modine, External	TRANSMISSION COOLER A Modine plate and fin transmission oil cooler will be provided using engine coolant to control the transmission oil temperature.	
0522824	Mode, Downshift, Aggressive downshift to 3rd, w/engine brake, 6 speed	DOWNSHIFT MODE (w/engine brake) The transmission will be provided with an aggressive downshift mode. This will provide earlier transmission downshifts to 3rd gear from 6th gear, resulting in improved engine braking performance.	
0801876	Fluid, 4000 Series Trans, Allison Approved TES-668 Synthetic, IPOS, Custom	TRANSMISSION FLUID The transmission will be provided with TranSynd, or other Allison approved TES-668 heavy duty synthetic transmission fluid.	
0001375	Driveline, Spicer 1810	DRIVELINE Drivelines will be a heavy-duty metal tube and be equipped with Spicer® 1810 universal joints. The shafts will be dynamically balanced before installation. A splined slip joint will be provided in each driveshaft where the driveline design requires it. The slip joint will be coated with Glidecoat® or equivalent.	
0669988	Steering, Sheppard M110 w/Tilt, TAK-4, Eaton Pump, w/Cooler	STEERING Dual Sheppard, Model M110, steering gears, with integral heavy-duty power steering, will be provided. For reduced system temperatures, the power steering will incorporate an air to oil cooler and an Eaton, Model VN20, hydraulic pump with integral pressure and flow control. All power steering lines will have wire braided lines with crimped fittings. A tilt and telescopic steering column will be provided to improve fit for a broader range of driver configurations.	
0001544	Not Required, Steering Assist Cylinder on Front Axle		
0509230	Steering Wheel, 4 Spoke without Controls	STEERING WHEEL The steering wheel will be 18.00" in diameter, have tilting and telescoping capabilities, and a 4-spoke design.	

0690274	Logo/Emblem, on Dash	LOGO AND CUSTOMER DESIGNATION ON DASH The dash panel will have an emblem containing the Pierce logo and customer's department name. The emblem will have three (3) rows of text for the customer's department name. There will be a maximum of eight (8) characters in the first row, 11 characters in the second row and 11 characters in the third row. The first row of text will be: CLOVIS The second row of text will be: FIRE The third row of text will be: DEPARTMENT	AGENDA ITEM NO. 28.
0123626	Bumper, 22" Extended, Imp/Vel	BUMPER A one (1) piece, ten (10) gauge, 304-2B type polished stainless steel bumper, a minimum of 10.00" high, will be attached to a bolted modular extension frame constructed of 50,000 psi tensile steel "C" channel mounted directly behind it to provide adequate support strength. The bumper will be extended 22.00" from front face of cab. Gravel Pan A gravel pan, constructed of bright aluminum treadplate, will be furnished between the bumper and cab face. The gravel pan will be properly supported from the underside to prevent flexing and vibration of the aluminum treadplate.	
0616489	Tray, Hose, Center, 22" Bumper, Inside Air Horns, 13" Deep, Imp/Vel	CENTER HOSE TRAY A hose tray, constructed of aluminum, will be placed in the center of the bumper extension. The tray will have a capacity of 50' of 5.00" double jacket cotton-polyester hose. Black rubber grating will be provided at the bottom of the tray. Drain holes are also provided.	
0630809	Cover, Aluminum Treadplate, One (1) D-Ring Latch, Hose Tray, Notched	Center Hose Tray Cover A bright aluminum treadplate cover will be provided over the center hose tray. The cover will be "notched" allowing the hose to be pre connected to hose connection. The cover will be attached with a stainless steel hinge. A D-ring latch will secure the cover in the closed position and a pneumatic stay arm will hold the cover in the open position. The arm will be located Opposite side as the hose notch. Match Job 38442.	
0637794	Tray, (1) Hose Left Side of Bumper, Special Capacity	LEFT SIDE HOSE TRAY A hose tray will be placed in the left side of the extended bumper. The tray will have a capacity of 100' of 1.5" double jacket with TFT nozzle with the interior fully enclosed but notched for the siren speaker - Match Job 38442. Black rubber grating will be provided at the bottom of the tray. Drain holes will be provided.	
0630808	Cover, Aluminum Treadplate, One (1) D-Ring Latch, Hose Tray, Notched	Left Side Hose Tray Cover A bright aluminum treadplate cover will be provided over the left side hose tray. The cover will be notched to allow the hose to be pre-connected to the hose connection. The cover will be attached with a stainless steel hinge. There will be one (1) D-ring latch provided to secure the cover in the closed position and a pneumatic stay arm will hold the cover in the open position.	
0620614	Tray, (1) Hose Right Side of Bumper, 13" Deep	RIGHT SIDE HOSE TRAY A hose tray will be placed in the right side of the extended bumper. The tray will have a capacity of California tray no capacity. Black rubber grating will be provided at the bottom of the tray. Drain holes will be provided.	
0625556	Hose Restraint, Not Required, Cover Included with Other Option		
0510226	Lift & Tow Package, Imp/Vel, AXT	LIFT AND TOW MOUNTS Mounted to the frame extension will be lift and tow mounts. The lift and tow mounts will be designed and positioned to adapt to certain tow truck lift systems. The lift and tow mounts with eyes will be painted the same color as the frame.	
0522573	Tow Hooks Not Required, Due to Lift and Tow Package	TOW HOOKS No tow hooks are to be provided. This truck will be equipped with a lift and tow package with integral tow eyes.	
0030312	Trim, Hose Tray, Bumper, S/S Under Front Angle	HOSE TRAY TRIM There will be stainless steel 45 degree shaped trim installed under the front angles of the bumper hose tray(s) to keep hose from catching on the angle for the cover. The trim will be provided on two (2) bumper hose tray(s).	

CAB

The Velocity cab will be designed specifically for the fire service and will be manufactured by Pierce Manufacturing.

AGENDA ITEM NO. 28.

To provide quality at the source and single source customer support, the cab will be built by the apparatus manufacturer in a facility located on the manufacturer's premises.

For reasons of structural integrity and enhanced occupant protection, the cab will be of heavy duty design, constructed to the following minimal standards.

The cab will have 12 main vertical structural members located in the A-pillar (front cab corner posts), B-pillar (side center posts), C-pillar (rear corner posts) and rear wall areas. The A-pillar will be constructed of 0.25" heavy wall extrusions joined by a solid A356-T6 aluminum joint casting. The B-pillar and C-pillar will also be constructed from 0.25" heavy wall extrusions. The rear wall will be constructed of two (2) 4.00" x 2.00" outer aluminum extrusions and two (2) 3.00" x 2.00" inner aluminum extrusions. All main vertical structural members will run from the floor to 7.50" x 3.50" x 0.125" thick roof extrusions to provide a cage-like structure with the A-pillar and roof extrusions being welded into a 0.75" thick corner casting at each of the front corners of the roof assembly.

The front of the cab will be constructed of a 0.25" thick firewall, covered with a 0.125" front skin (for a total thickness of 0.38"), and reinforced with 24.50" wide x 10.00" deep x 0.50" thick supports on each side of the engine tunnel. The cross-cab support will be welded to the A-pillar, 0.25" firewall, and engine tunnel, on the left and right sides.

The cab floors will be constructed of 0.1875" thick aluminum plate and reinforced at the firewall with an additional 0.25" thick cross-floor support providing a total thickness of 0.44" of structural material at the front floor area. The front floor area will also be supported with three (3) 0.50" plates bolted together that also provides the mounting point for the cab lift. This tubing will run from the front of the cab to the 0.1875" thick engine tunnel, creating the structure to support the forces created when lifting the cab.

The cab will be a full-tilt style. A 3-point cab mount system with rubber isolators will improve ride quality by isolating chassis vibrations from the cab.

The crew cab will be a totally enclosed design with the interior area completely open to improve visibility and verbal communication between the occupants.

The centerline of front axle to the rear of the cab will be 70.00" long.

The forward cab section will have an overall height (from the cab roof to the ground) of approximately 102.00". The crew cab section will have a 10.00" raised roof, with an overall cab height of approximately 112.00". The raised portion will start at the most forward point of the B-pillar and continue rearward to the back of the cab. The overall height listed will be calculated based on a truck configuration with the lowest suspension weight ratings, the smallest diameter tires for the suspension, no water weight, no loose equipment weight, and no personnel weight. Larger tires, wheels, and suspension will increase the overall height listed.

The cab will have an interior width of not less than 93.50". The driver and passenger seating positions will have a minimum 24.00" clear width at knee level.

To reduce injuries to occupants in the seated positions, proper head clearance will be provided. The floor-to-ceiling height inside the forward cab will be no less than 60.25". The floor-to-ceiling height inside the crew cab will be no less than 62.95" in the center position and 68.75" in the outboard positions.

The crew cab will measure a minimum of 57.50" from the rear wall to the backside of the engine tunnel (knee level) for optimal occupant legroom.

CAB PUMP ENCLOSURE

The rear of the cab will be made to house the fire pump below the forward facing crew cab seats.

The cab side panels will be notched to accommodate the pump panel.

FENDER LINERS

Full-circular, aluminum inner fender liners in the wheel wells will be provided.

PANORAMIC WINDSHIELD

A one (1)-piece, safety glass windshield with more than 2,802 square inches of clear viewing area will be provided. The windshield will be full width and will provide the occupants with a panoramic view. The windshield will consist of three (3) layers: the outer light, the middle safety laminate, and the inner light. The 0.114" thick outer light layer will provide superior chip resistance. The middle safety laminate layer will prevent the windshield glass pieces from detaching in the event of breakage. The inner light will provide yet another chip resistant layer. The cab windshield will be bonded to the aluminum windshield frame using a urethane adhesive. A custom frit pattern will be applied on the outside perimeter of the windshield for a finished automotive appearance.

WINDSHIELD WIPERS

Three (3) electric windshield wipers with a washer, in conformance with FMVSS and SAE requirements, will be provided. The wiper blades will be 21.65" long and together will clear a minimum of 1,783 square inches of the windshield for maximum visibility in inclement weather. The windshield washer fluid reservoir will be located at the front of the vehicle and be accessible through the access hood for simple maintenance.

FAST SERVICE ACCESS FRONT TILT HOOD

A full-width access hood will be provided for convenient access to engine coolant, steering fluid, wiper fluid, cab lift controls, headlight power modules, and ember separator. The hood will also provide complete access to the windshield wiper motor and components. The hood will be contoured to provide a sleek, automotive appearance. The hood will be constructed of two (2) fiberglass panels bonded together and will include reinforcing ribs for structural integrity. The hood will include air cylinders to hold the hood in open and closed positions, and a heavy duty latch system that will meet FMVSS 113 (Hood Latch System). The spring-loaded hood latch will be located at the center of the hood with a double-action release lever located behind the Pierce logo. The two (2)-step release requires the lever first be pulled to the driver side until the hood releases from the first latch (primary latch) then to the passenger side to fully release the hood (secondary latch).

0724207	Engine Tunnel, X12-15, MX13, Foil Insulation w/Mech Fasteners, Velocity FR	ENGINE TUNNEL To provide structural strength, the engine tunnel sidewalls will be constructed with a 0.25" fire-rated plate that is welded to both the 0.25" firewall and 0.38" heavy wall extruded aluminum floor. To maximize occupant space, the top edges will be tapered. The engine tunnel will be insulated for protection from heat and sound. Perforated foil faced insulation will be over a 1.00" thick closed cell foam affixed with pressure sensitive adhesive and further secured with mechanical fasteners. Thermal rating for this insulation will be -40 degrees Fahrenheit to 300 degrees Fahrenheit. The noise insulation keeps the dBA level within the limits stated in the current edition of applicable NFPA standards.
AGENDA ITEM NO. 28.		
0887600	Cab Insulation, Impel/Velocity FR	INTERIOR CAB INSULATION The cab will include 1.50" insulation in the ceiling, 3.00" insulation in the side walls, and 2.00" insulation in the rear wall to maximize acoustic absorption and thermal insulation.
0677478	Rear Wall, Exterior, Cab, Aluminum Treadplate	CAB REAR WALL EXTERIOR COVERING The exterior surface of the rear wall of the cab will be overlaid with bright aluminum treadplate except for areas that are not typically visible when the cab is lowered.
0122466	Cab Lift, Elec/Hyd, w/Manual Override, Imp/Vel	CAB LIFT A hydraulic cab lift system will be provided, consisting of an electric-powered hydraulic pump, fluid reservoir, dual lift cylinders, remote cab lift controls and all necessary hoses and valves. The hydraulic pump will have a backup manual override, for use in the event of an electrical failure. The cab lift controls will be located at the driver side front of the cab, easily accessible under the full width front access hood. The controls will include a permanently mounted raise/lower switch. For enhanced visibility during cab tilt operations, a remote control tether with on/off switch will be supplied on a coiled cord that will extend from 2.00' (coiled) to 6.00' (extended). The cab will be capable of tilting 42 degrees and 80 degrees with crane assist to accommodate engine maintenance and removal. The cab pivots will be located 46.00" apart to provide stability while tilting the cab. The rear of the cab will be locked down by a two (2)-point, automatic, hydraulic, double hook mechanism that fully engages after the cab has been lowered (self-locking). The dual 2.25" diameter hydraulic cylinders will be equipped with a velocity fuse that protects the cab from accidentally descending when the cab is in the tilt position. For increased safety, a redundant mechanical stay arm will be provided that must be manually put in place on the driver side between the chassis and cab frame when cab is in the raised position. This device will be manually stowed to its original position before the cab can be lowered. Cab Lift Interlock The cab lift safety system will be interlocked to the parking brake. The cab tilt mechanism will be active only when the parking brake is set and the ignition switch is in the on position. If the parking brake is released, the cab tilt mechanism will be disabled.
0123176	Grille, Bright Finished, Front of Cab, Velocity	GRILLE A bright finished aluminum mesh grille screen, inserted behind a formed bright finished grille surround, will be provided on the front center of the cab, and will serve as an air intake to the radiator.
0895029	SP Scuffplate, Rear of Engine Tunnel, Footrest, IPOS	SCUFFPLATE A bright aluminum treadplate scuffplate will be provided on the lower surface where the floor meets the engine tunnel. The scuffplate will extend 6.00" flat from the engine tunnel wireway with a 45 degree angle to the cab floor to act as a foot rest. The scuffplate will be caulked and edges sealed over the crew cab floor.
0796053	SP Scuffplates, S/S At Cab Door Jambs, 4-Door Cab, 2.00"	DOOR JAMB SCUFFPLATES All cab door jambs will be furnished with a 2.00" polished stainless steel scuffplate, mounted on the striker side of the jamb.
0527032	Trim, S/S Band, Across Cab Face, Rect Lights, Velocity	FRONT CAB TRIM A band of 22 gauge polished stainless steel trim will be installed across the front of the cab, from door hinge to door hinge. The trim band will be centered on the head lights and applied with two (2)-sided tape. A 0.625" self adhesive trim strip will be applied around the perimeter of the trim band. There will be polished stainless steel corner covers provided over the painted cab corner where the cab turn signals are located.
0015440	No Chrome Molding, On side of cab	

0012188	Mirrors, Velvac, 2025, Heated/Remote, w/Heated Convex	MIRRORS Velvac®, Model 2025, low mount chrome mirrors will be mounted, one each side of the cab. The mirror will include a replaceable 62 square inch flat glass at the rear of the mirror head. The mirror head will have a highly polished chrome finish. Both flat mirror heads will be adjustable by an electric remote control switch inside the cab within easy reach of the driver. Convex mirror heads will be adjusted manually. The mirror heads will also be heated with the control within easy reach of the driver. The Velvac two (2)-year warranty on material and workmanship and two (2)-year warranty on chrome finish will be provided.	AGENDA ITEM NO. 28.
0667921	Door, Half-Height, Velocity FR 4-Door Cab, Raised Roof	CAB DOORS The forward cab and crew cab doors will be the half-height style door. To enhance entry and egress to the cab, the forward cab doors will be a minimum of 43.59" wide x 64.71" high. The crew cab doors will measure a minimum of 37.87" wide x 73.75" high. The forward cab and crew cab doors will be constructed of extruded aluminum with a nominal material thickness of 0.125". The exterior door skins will be constructed from 0.090" aluminum. The forward cab door windows will include a 7.50" high x 10.00" wide drop area at the front to enhance visibility. A customized, vertical, pull-down type door handle will be provided on the exterior of each cab door. The finish of the door handle will be chrome/black. The exterior handle will be designed specifically for the fire service to prevent accidental activation, and will provide 4.00" wide x 2.00" deep hand clearance for ease of use with heavy gloved hands. Each door will also be provided with an interior flush, open style paddle handle that will be readily operable from fore and aft positions, and be designed to prevent accidental activation. The interior handles will provide 4.00" wide x 1.25" deep hand clearance for ease of use with heavy gloved hands. The cab doors will be provided with both interior (rotary knob) and exterior (keyed) locks exceeding FMVSS standards. The keys will be Model 751. The locks will be capable of activating when the doors are open or closed. The doors will remain locked if locks are activated when the doors are opened, then closed. A full length, heavy duty, stainless steel, piano-type hinge with a 0.38" pin and 11 gauge leaf will be provided on all cab doors. There will be double automotive-type rubber seals around the perimeter of the door framing and door edges to ensure a weather-tight fit. A chrome grab handle will be provided on the inside of each cab and crew cab door. A red webbed grab handle will be installed on the crew cab door stop strap. The grab handles will be securely mounted. The cab steps at each cab door location will be located below the cab doors and will be exposed to the exterior of the cab.	
0655511	Door Panel, Brushed Stainless Steel, Impel/Velociry 4-Door Cab	Door Panels The inner cab door panels will be constructed out of brushed stainless steel. The cab door panels will be removable.	
0671014	Face Plate/s, Blank, Overhead, Imp/Vel	BLANK FACE PLATE Blank face plate/s will be provided, in place of standard storage pockets, within the overhead console.	
0667902	Controls, Electric Windows, All Cab Doors, Impel/Velociry FR	ELECTRIC WINDOW CONTROLS Each cab entry door will be equipped with an electrically operated tempered glass window. A window control panel will be located on the door panel within easy reach of the respective occupant. Each switch will allow intermittent or auto down operation for ease of use. Auto down operation will be actuated by holding the window down switch for approximately 1 second. The driver control panel will contain a control switch for each cab door's window. All other door control panels will contain a single switch to operate the window within that door. The window switches will be connected directly to the battery power. This allows the windows to be raised and lowered when the battery switch is in the off position.	
0662776	Electric Door Locks, Cab Doors, Conceal Switch Feature, Imp/Vel	ELECTRIC CAB DOOR LOCKS The front driver and passenger doors will have a door lock master switch (custom designed rotary lock knob) built into the interior door latch that will control all front and rear side exit door locks. Each rear cab door will have its own lock control. Each door will have a keyed exterior lock mechanism built into the door handle assembly. There will be one (1) concealed switch located Under the front hood next to the cab lift remote. Match Job 38442.. The lock system will include two (2) key FOBs that allow for keyless entry into the vehicle. The key FOB system will use code hopping technology for high security and be FCC part 15 compliant.	
0512420	Key Pad, Electric Door locks, DS & PS, Imp/Vel	KEY PAD FOR ELECTRIC DOOR LOCKS For improved convenience, the cab door locks will include a Trimark keypad entry system to provide complete keyless entry to the cab. There will be two (2) keypads provided, located one each side of the cab behind the front cab doors. The keypads will include visual and audio feedback to confirm activation and acknowledge correct entry code. For enhanced night time use, the keypads will be lighted. For increased security, the system will allow over 3000 possible code combinations.	

0799676	Steps, 4-Door Cab, Automatic, Air, Imp/Vel	STEPS, POWER The cab entrance steps will automatically deploy when the door is opened and the door is closed. Step motion will be operated by a switch on the cab door. The up and down operation of the steps. Steps will be of a robust aluminum design capable of supporting a 500 lb load when deployed, with minimal deflection. Step surfaces will be covered with aggressive slip resistant material that complies with current edition of applicable NFPA standards. When deployed, each step will provide vertical step spacing of approximately 14.00". Steps will be illuminated for safe entry and egress. Each step will be capable of being manually deployed or stowed in the event of a power failure. The air system will be integrated into the chassis air system. A redundant 12 volt compressor will be provided as a backup air source if needed. The vertical surface of the stowed power step mechanism will be covered with aluminum trim panels painted job color.	AGENDA ITEM NO. 28.
0770194	Handrail, Exterior, Knurled, Alum, 4-Door Cab	CAB EXTERIOR HANDRAILS A 1.25" diameter slip-resistant, knurled aluminum handrail will be provided adjacent to each cab and crew cab door opening to assist during cab ingress and egress.	
0809508	Lights, Cab & Crw Cab Acs Stps, P25, LED, 4Lts, 4-Door Cab, Auto Steps	STEP LIGHTS There will be four (4) white P25 LED step lights provided. There will be one (1) light installed at each cab and access crew cab door. In order to ensure exceptional illumination, each light will provide a minimum of 25 foot-candles (fc) covering an entire 15" x 15" square placed ten (10) inches below the light and a minimum of 1.5 fc covering an entire 30" x 30" square at the same ten (10) inch distance below the light. The lights will be activated when the adjacent door is opened.	
0002140	Fenders, S/S on Cab	FENDER CROWNS Stainless steel fender crowns will be installed at the cab wheel openings.	
0592071	No Windows, Side of Crew Cab, Vel/Imp		
0568605	Not Required, Interior Trim, No Cab Side Windows		
0012090	Not Required, Windows, Front/Side of raised roof		
0509286	Not Required, Windows Rear of Crew Cab, Imp/Vel		
0558334	Not Required, Trim, Cab Rear Windows, No Rear Windows		
0786279	Window Tint, Crew Cab Door, Right Side, Privacy Dark Gray	RIGHT SIDE ROLLUP CREW CAB DOOR WINDOW TINT The rollup window in the right side crew cab door will be tinted privacy dark gray.	
0786286	Window Tint, Upper Crew Cab Door, Right Side, Privacy Dark Gray	RIGHT SIDE UPPER CREW CAB DOOR WINDOW TINT The upper window in the right side crew cab door will be tinted privacy dark gray.	
0786290	Window Tint, Crew Cab Door, Left Side, Privacy Dark Gray	LEFT SIDE ROLLUP CREW CAB DOOR WINDOW TINT The rollup window in the left side crew cab door will be tinted privacy dark gray.	
0786294	Window Tint, Upper Crew Cab Door, Left Side, Privacy Dark Gray	LEFT SIDE UPPER CREW CAB DOOR WINDOW TINT The upper window in the left side crew cab door will be tinted privacy dark gray.	
0123731	Roof, Aluminum Treadplate, Impel/Velocity/Velocit SLT	CAB ROOF TREADPLATE The horizontal surface of the cab roof will be covered with bright aluminum embossed treadplate. The aluminum treadplate will be bonded to the cab and cover the full width and length of the cab. Edges will be properly caulked to prevent water from leaking under the aluminum. No front or side warning lights, or any other auxiliary options, will be mounted on top of the treadplate. The treadplate will extend and terminate next to all objects mounted on the roof.	
0123686	Drip Rail, Cab Roof, Impel/Velocity/Velocit SLT	CAB ROOF DRIP RAIL For enhanced protection from inclement weather, a drip rail will be furnished on the sides of the cab. The drip rail will be constructed of bright polished extruded aluminum, and be bonded to the sides of the cab. The drip rail will extend the full length of the cab roof.	

0898549		Cab Air Filtration, TFT CrewProtect 100, 12v DC, Loc, CARE	CAB AIR FILTRATION The vehicle will be equipped with a CrewProtect™ air filtration system the interior air of the cab and crew cab. The multi-stage filtration system will filter out particulate matter, volatile organic compounds, aerosol carrying viruses and bacteria from the air. System Construction The housing will be constructed of powder coated stainless steel and will be 12.00" wide x 4.50" high x 20.00" long. The angled surface will be provided with an additional 2.00" of clearance for air flow. The unit will be mounted on top of the rear facing left side cabinet. There will be one (1) filter installed in the unit. The expected filter life will be no less than 1,800 active hours of usage (6 months). There will be no additional replacement filters shipped loose with the unit. The filter will be designed to neutralize harmful chemical contaminants and is safe to discard as normal trash with no special handling requirements. System Operating Conditions CrewProtect will automatically run when the truck is operating. And will not be required to turn on or off or adjust the flow rate. The fan will operate at 100 CFMs and only 60.2 decibels. Electrical Wiring/Function The system will be ignition powered from the 12 VDC vehicle power supply. The system will draw a maximum of 2 amps and have a 5-amp integrated fuse in the wire harness.	AGENDA ITEM NO. 28.
0750682	SP	Work Surface, 3/16" Alum, Full Eng Tnl, Flat, Lower Rear, Vel/Imp FR	WORK SURFACE There will be a work surface provided on the engine tunnel. The work surface will be cover the entire engine tunnel and will be constructed of .19" aluminum to allow the mounting of equipment. The work surface will be approximately 37.00" wide x 48.00" long, with a cutout for the driver side instrument panel. The work surface will start to the rear of the center instrument panel and continue horizontally to the flat portion at the rear of the engine tunnel. The work surface will drop to the lower flat portion of the engine tunnel and finish at the end of the engine tunnel. The work surface will be painted to match the cab interior.	
0657934		Tray, Equipment Mounting, Aluminum, Lip	EQUIPMENT MOUNTING TRAY(S) There will be one (1) tray(s) for mounting of equipment located Mounted on top of radio equipment tray located on the horizontal surface of the rear engine tunnel, just above fluid check access door. Match Job 38442.. Each tray will have a 3.00" lip on all sides. Each tray will be fabricated from aluminum and will be painted to match the cab interior. Tray not intended for storage of loose equipment. Items stored on tray will be permanently attached to meet current edition of applicable NFPA standards.	
0748673		Cab Interior, Vinyl, Scuffplate Rear Wall, Velocity FR, CARE	CAB INTERIOR With safety as the primary objective, the wrap-around style cab instrument panel will be designed with unobstructed visibility to instrumentation. The dash layout will provide the driver with a quick reference to gauges that allows more time to focus on the road. The center console will be a high impact ABS polymer and will be easily removable. The passenger side dashboard will be constructed of painted aluminum for durability and low maintenance. For enhanced versatility, the passenger side dash will include a flat working surface. To provide optional (service friendly) control panels, switches and storage modules, a painted aluminum overhead console will also be provided. To complete the cab front interior design, painted aluminum modesty panels will be provided under the dash on both sides of the cab. The driver side modesty panel will provide mounting for the battery switch and diagnostic connectors, while the passenger side modesty panel provides a glove box, and ground access to the main electrical distribution panel via quick quarter turn fasteners. To provide a deluxe automotive interior, the engine tunnel and side walls will be covered by a leather grain vinyl that is resistant to oil, grease, and mildew. The rear wall will be covered with a full width, full height aluminum treadplate scuffplate. The headliner will be installed in both forward and rear cab sections. The headliner panel will be a composition of an aluminum panel covered with a sound barrier and upholstery. The cab structure will include designated raceways for electrical harness routing from the front of the cab to the rear upper portion of the cab. Raceways will be extruded in the forward door frame, floor, walls and overhead in the area where the walls meet the ceiling. The raceways located in the floor will be covered by aluminum extrusion, while the vertical and overhead raceways will be covered by painted aluminum covers. The raceways will improve harness integrity by providing a continuous harness path that eliminates wire chafing and abrasion associated with exposed wiring or routing through drilled metal holes. Harnesses will be laid in place. CAB INTERIOR UPHOLSTERY The cab interior upholstery will be 36 oz dark silver gray vinyl. All cab interior materials will meet FMVSS 302 (flammability of interior materials).	
0667943		Cab Interior, Paint Color, Impel/Velocidy FR	CAB INTERIOR PAINT The following metal surfaces will be painted black, vinyl textured paint: Modesty panel in front of driver Vertical surface of dash in front of the officer (not applicable for recessed dash) Glove box in front of the officer (if applicable) Power distribution in front of the officer Rear heater vent panels The remaining cab interior metal surfaces will be painted fire smoke gray, vinyl texture paint.	

0698741	Floor, Alum Cab & Crew Cab - 2010 AXT/Imp/Vel, Wrap Vertical Surfaces, CARE	CAB FLOOR The cab and crew cab flooring will be constructed with bright aluminum surfaces at the top of the step wells and the vertical area where the ceiling is covered with aluminum treadplate. The center floor and crew cab flat floor will wrap down the vertical surface with a one (1) piece design floor covering. The front cab floor will stop short of the wire raceway. The side of the raceway will be made of treadplate, down the vertical surface for a one (1) piece design cover. The driver and passenger sides of the crew cab floor will wrap down the vertical surface at the top of the step wells as one (1) piece.	AGENDA ITEM NO. 28.
0741239	HVAC, Heavy-Duty, Impel/Velocity FR, CARE	DEFROST/AIR CONDITIONING SYSTEM A ceiling mounted combination heater, defroster and air conditioning system will be installed in the cab above the engine tunnel area. Cab Defroster A 54,000 BTU heater-defroster unit with 690 SCFM of air flow will be provided inside the cab. The heater-defroster will be installed in the forward portion of the cab ceiling. Air outlets will be strategically located in the cab header extrusion per the following: One (1) adjustable will be directed towards the left side cab window One (1) adjustable will be directed towards the right side cab window Six (6) fixed outlets will be directed at the windshield The defroster will be capable of clearing 98 percent of the windshield and side glass when tested under conditions where the cab has been cold soaked at 0 degrees Fahrenheit for 10 hours, and a 2 ounce per square inch layer of frost/ice has been able to build up on the exterior windshield. The defroster system will meet or exceed SAE J382 requirements. Cab/Crew Auxiliary Heater There will be one (1) 31,000 BTU auxiliary heater with 560 SCFM of air flow provided in the right side rear facing seat riser with a dual scroll blower. An aluminum plenum incorporated into the cab structure used to transfer heat to the forward right side position. Air Conditioning A 19.10 cubic inch compressor will be installed on the engine. A roof-mounted condenser with a 78,000 BTU output at 2,400 SCFM that meets and exceeds the performance specification will be installed on the cab roof. The condenser cover to be painted to match the cab roof. The air conditioning system will be capable of cooling the average cab temperature from 100 degrees Fahrenheit to 75 degrees Fahrenheit at 50 percent relative humidity within 30 minutes. The cooling performance test will be run only after the cab has been heat soaked at 100 degrees Fahrenheit for a minimum of 4 hours. The evaporator unit will be installed in the rear portion of the cab ceiling over the engine tunnel. The evaporator will include one (1) high performance heating core, one (1) high performance cooling core with (1) plenum directed to the front and one (1) plenum directed to the rear of the cab. The evaporator unit will have a 52,000 BTU at 690 SCFM rating that meets and exceeds the performance specifications. Adjustable air outlets will be strategically located on the forward plenum cover per the following: Four (4) will be directed towards the seating position on the left side of the cab Four (4) will be directed towards the seating position on the right side of the cab Adjustable air outlets will be strategically located on the evaporator cover per the following: Five (5) will be directed towards crew cab area A high efficiency particulate air (HEPA) filter will be included for the system. Access to the filter cover will be secured with four (4) screws. The air conditioner refrigerant will be R-134A and will be installed by a certified technician. Climate Control An automotive style controller will be provided to control the heat and air conditioning system within the cab. The controller will have three (3) functional knobs for fan speed, temperature, and air flow distribution (front to rear) control. The system will control the temperature of the cab and crew cab automatically by pushing the center of the fan speed control knob. Rotate the center temperature control knob to set the cab and crew cab temperature. The AC system will be manually activated by pushing the center of the temperature control knob. Pushing the center of the air flow distribution knob will engage the AC for max defrost, setting the fan speeds to 100 percent and directing all air flow to the overhead forward position. Gravity Drain Tubes Two (2) condensate drain tubes will be provided for the air conditioning evaporator. The drip pan will have two (2) drain tubes plumbed separately to allow for the condensate to exit the drip pan. No pumps will be provided. The drain tubes will terminate under the cab, on the inboard side of the front wheelwells.	
0789101	Air Conditioning, Coleman-Mach 8, Roughneck, 120V, 15K Cool Only, Cab Roof,White	120 VOLT AIR CONDITIONING There will be one (1) white, Coleman®-Mach® 8, Roughneck™, 120 volt, low profile air conditioning unit installed on the crew cab roof. The air conditioner will have cooling capacity of 15,000 BTU and include a condensate pump and hose to prevent accumulation of condensate on the roof. A wall mounted digital thermostat will control the air conditioning unit. The thermostat will be wired battery direct to operate when the battery switch is off. This unit will be powered from the shoreline inlet. INTERIOR CAB INSULATION The walls and roof will be insulated to aid in cooling.	
0639675	Sun Visor, Smoked Lexan, AXT, Imp/Vel, SFR/Enf	SUN VISORS Two (2) smoked Lexan™ sun visors will be provided. The sun visors will be located above the windshield with one (1) mounted on each side of the cab. There will be a black plastic thumb latch provided to help secure each sun visor in the stowed position.	

0548173	Grab Handles, Driver and Passenger Door Post, Imp/Vel	GRAB HANDLE A black rubber covered grab handle will be mounted on the door post of the passenger side cab door to assist in entering the cab. The grab handle will be securely mounted to the post area between the door and windshield.	AGENDA ITEM NO. 28.
0002526	Light, Engine Compmt, All Custom Chassis	ENGINE COMPARTMENT LIGHT An engine compartment light will be installed under the engine tunnel, of which the switch is an integral part. Light will have a 0.125" diameter hole in its lens to prevent moisture retention.	
0122516	Fluid Check Access, Imp/Vel	ACCESS TO ENGINE DIPSTICKS For access to the engine oil and transmission fluid dipsticks, there will be a door on the engine tunnel, inside the crew cab. The door will be on the rear wall of the engine tunnel, on the vertical surface. The door will be flush with the wall of the engine tunnel. The engine oil dipstick will allow for checking only. The transmission dipstick will allow for both checking and filling. An additional port will be provided for filling the engine oil. The door will have a rubber seal for thermal and acoustic insulation. One (1) flush lift and turn latch will be provided on the access door.	
0002508	Map Box, 3 Bin/30 deg Slant, Custom Chassis	MAP BOX There will be one (1) map box(es) with three (3) bins, open at top. The map box(es) will be installed at final inspection. The map box(es) will be divided into three (3) bins, each being 12.50" wide x 3.00" high x 12.00" deep. Each bin will slant 30 degrees from horizontal. The map box(es) will be constructed of 0.125" aluminum and will be painted to match the cab interior.	
0895291	SP Map Pocket, Painted Alum, 13 W x 12 H x 3 D, Ea, No Cutout, Open Top and Bottom	MAP POCKET There will be one (1) map pocket(s) provided. The map pocket(s) will be installed To be mounted at Final Inspection. The pocket will have dimensions of 13.00" wide x 12.00" high x 3.00" deep constructed of aluminum and painted to match the inside of the cab. The pocket will be open at the top and bottom. Mounting flanges will be provided on the left and right side only. There will be no cutout provided on the top of the pocket.	
0583040	Frontal Impact Protection	FRONTAL IMPACT PROTECTION The cab will be provided with a frontal impact protection system and will include the following: A supplemental restraint system (SRS) sensor will be installed on a structural cab member behind the instrument panel. The SRS sensor will perform real time diagnostics of all critical subsystems and will record sensory inputs immediately before and during a frontal impact event. A fault-indicating light will be provided on the vehicle's instrument panel allowing the driver to monitor the operational status of the SRS system. A driver side front air bag will be mounted in the steering wheel and will be designed to protect the head and upper torso of the occupant, when used in combination with the three (3)-point seat belt. A passenger side knee bolster air bag will be mounted in the modesty panel below the dash panel and will be designed to protect the legs of the occupant, when used in combination with the three (3)-point seat belt. Driver and front passenger suspension seats will be provided with devices to retract them to the lowest travel position during a frontal impact event. Driver and front passenger seat belts will be provided with pre-tensioners to remove slack from the seat belt during frontal impact event. The SRS system will provide protection during a frontal or oblique impact event. The system will activate when the vehicle decelerates at a predetermined G force known to cause injury to the occupants. The cab and chassis will have been subjected, via third party test facility, to a crash impact during frontal and oblique impact testing. Testing included all major chassis and cab components such as mounting straps for fuel and air tanks, suspension mounts, front suspension components, rear suspensions components, frame rail cross members, engine and transmission and their mounts, pump house and mounts, frame extensions and body mounts. The testing provided configuration specific information used to optimize the timing for firing the safety restraint system. The sensor will activate the pyrotechnic devices when the correct crash algorithm, wave form, is detected. The SRS system will deploy the following components in the event of a frontal or oblique impact event: Driver side front air bag. Passenger side knee bolster air bag. Driver and front passenger suspension seats will be retracted to the lowest travel position. Driver and front passenger seat belts will be pre-tensioned to firmly hold the occupant in place.	
0622618	Seating Capacity, 5 Belted Seats	SEATING CAPACITY The seating capacity of the vehicle (including tiller cab and belted seat positions in the rescue body) will be five (5).	

0697006	Seat, Driver, Pierce PS6, Premium, Air Ride, High Back, Frontal Impact, PRIMARY	DRIVER SEAT A Pierce PS6® seat will be provided in the cab for the driver. The seat will be a cam action type, with air suspension. For increased convenience, the seat will include a manual control to adjust the rake (15 degrees), height (1.75" travel) and horizontal (7.00" travel) position. To provide flexibility for multiple driver configurations, the seat will have a reclining back, adjustable from 20 degrees back to 45 degrees forward. Providing for maximum comfort, the seat back will be a high back style with manual lumbar adjustment lever, for lower back support, and will include minimum 7.50" deep side bolster pads for maximum support. The lumbar adjustment lever will be easily located at the lower outboard position of the seat cushion. For optimal comfort, the seat will be provided with 17.00" deep dual density foam cushions designed with EVC (elastomeric vibration control). The seat will include the following features incorporated into the frontal impact protection system: A suspension seat safety system will be included. When activated in the event of a frontal impact, this system will pretension the seat belt and retract the seat to its lowest travel position. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	AGENDA ITEM NO. 28.
0696993	Seat, Officer, Pierce PS6, Premium, Air Ride, High Back, Frontal Impact, PRIMARY	OFFICER SEAT A Pierce PS6® seat will be provided in the cab for the passenger. The seat will be a cam action type with air suspension. For increased convenience, the seat will include a manual control to adjust the horizontal position (6.00" travel). The manual horizontal control will be a towel-bar style located below the forward part of the seat cushion. To provide flexibility for multiple passenger configurations, the seat will have a reclining back adjustable from 20 degrees back to 0 degrees forward. The seat back will be a high back style with manual lumbar adjustment lever and will include minimum 7.50" deep side bolster pads for maximum support. For optimal comfort, the seat will be provided with 17.00" deep dual density foam cushions designed with EVC (elastomeric vibration control). To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle that will activate an alarm indicating a seat is occupied but not buckled. The seat will include the following feature incorporated into the frontal impact protection system: A suspension seat safety system will be included. When activated, this system will pretension the seat belt and retract the seat to its lowest travel position. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0002517	Not Required, Radio Compartment		
0805711	SP Cabinet, Rear Facing, LS, 24 W x 32 H x 30.5 D, Radius, Ext Acc, Imp/Vel	REAR FACING LEFT SIDE CABINET A rear facing cabinet will be provided in the crew cab at the left side outboard position with interior and exterior access. The cabinet will be 24.00" wide x 32.00" high x 30.50" deep with one (1) Amdor rollup door with anodized finish, non-locking, radius track style. That is, it will travel over the top and down the back of the cabinet. Front top corners of the cabinet will be radiused. This will allow access through the front and top section of the cabinet. A shield will be installed to keep items in this cabinet from falling into the door tracking area and jamming the door. The frame to frame opening will be 19.25" wide x 31.75" high. The minimum clear door opening will be 16.50" wide x 29.25" high. The cabinet will include one (1) infinitely adjustable shelf with a 0.75" flanged down lip painted to match the cab interior. The cabinet will include no louvers. The cabinet will also provide exterior access with one (1) double pan door painted to match the cab exterior with a locking D-ring latch with #751 key. A pneumatic stay arm will be provided as a door stop. The clear door opening will 19.75" wide x 28.00" high. The exterior access will be provided with a polished stainless steel scuffplate on the lower door frame. The cabinet will be constructed of smooth aluminum and painted to match the cab interior. Cabinet Light There will be one (1) white Amdor LED strip light installed on the left side of the exterior cabinet door opening. The lights will be controlled by an automatic door switch.	
0102783	Not Required, Seat, Rr Facing C/C, Center		

0833781	SP	Cabinet, Rear Facing, RS, 21.5 W x 32 H x 30.5 D, Radius, Ext Acc, Imp/Vel	REAR FACING RIGHT SIDE CABINET A rear facing cabinet will be provided in the crew cab at the right side of the compartment. The cabinet will be 21.50" wide x 32.00" high x 30.50" deep with one (1) anodized finish, non-locking, radius track style. That is, it will travel over the top and down the back of the compartment. Front top corners of the compartment will be radiused. This will allow access through the front and top section of the compartment. A shield will be installed to keep items in this cabinet from falling into the door tracking area and jamming the door. The frame to frame opening will be 16.75" wide x 31.75" high. The minimum clear door opening of the cabinet will be 14.00" wide x 29.25" high. The cabinet will include one (1) infinitely adjustable shelf with a 0.75" flanged down lippainted to match the cab interior. The cabinet will include no louvers. The cabinet will also provide access from outside the cab with one (1) double pan door painted to match the cab exterior with a locking D-ring latch with #751 key. A pneumatic stay arm will be provided as a door stop. The exterior clear door opening will be 19.75" wide x 29.75" high. The door will be located on the side of the cab over the wheelwell. The exterior access will be provided with a polished stainless steel scuffplate on the lower door frame. The cabinet will be constructed of smooth aluminum and painted to match the cab interior. Cabinet Light There will be one (1) white Amdor LED strip light installed on the right side of the exterior cabinet door opening. The lighting will be controlled by an automatic door switch.	AGENDA ITEM NO. 28.
0199330		Seat, Fwd Fcng C/C, LS Otrbd, Pierce PS6, Base, SCBA, Foldup, SECONDARY	FORWARD FACING DRIVER SIDE OUTBOARD SEAT There will be one (1) forward facing, Pierce PS6® seat provided at the driver side outboard position in the crew cab. To provide improved ride comfort, and maximize accessibility to the crew cab, the seat will be a minimum of 15.00" from the front of the cushion to the face of the seat back and the seat back will be provided with 0 degree fixed recline angle. To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle, that will activate an alarm indicating a seat is occupied but not buckled. The seat back will be an SCBA back style. The SCBA cavity will be adjustable from front to rear in 1.00" increments, to accommodate different sized SCBA cylinders. Moving the SCBA cavity will be accomplished by unbolting, relocating, and re-bolting it in the desired location. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0123166		Seat, Fwd Fcng C/C, Ctr, (1) Pierce PS6, Premium, Hi-Back, SECONDARY	FORWARD FACING CENTER SEAT There will be one (1) forward facing, Pierce PS6® seat provided at the center position in the crew cab. The seat back will be a high back style with 7.5 degree fixed recline angle, and will include minimum 7.50" deep side bolster pads for maximum support. For optimal comfort, the seat will be provided with 17.00" deep dual density foam cushions designed with EVC (elastomeric vibration control). To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle that will activate an alarm indicating a seat is occupied but not buckled. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0199329		Seat, Fwd Fcng C/C, RS Otrbd, Pierce PS6, Base, SCBA, Foldup, SECONDARY	FORWARD FACING PASSENGER SIDE OUTBOARD SEAT There will be one (1) forward facing, foldup, Pierce PS6® seat provided at the passenger side outboard position in the crew cab. To provide improved ride comfort, and maximize accessibility to the crew cab, the seat will be a minimum of 15.00" from the front of the cushion to the face of the seat back and the seat back will be provided with 0 degree fixed recline angle. To ensure safe operation, the seat will be equipped with seat belt sensors in the seat cushion and belt receptacle, that will activate an alarm indicating a seat is occupied but not buckled. The seat back will be an SCBA back style. The SCBA cavity will be adjustable from front to rear in 1.00" increments, to accommodate different sized SCBA cylinders. Moving the SCBA cavity will be accomplished by unbolting, relocating, and re-bolting it in the desired location. The seat will be furnished with a 3-point, shoulder type seat belt. The seat belt will be furnished with dual automatic retractors that will provide ease of operation in the normal seating position.	
0895321	SP	Cabinet, Rr Fcng, Top Eng Tnl, 41 W x 4 H x 17 D, Open Top, Flng, Sp Mtg, Imp/Vel FR	CABINET ON TOP OF ENGINE TUNNEL A cabinet will be provided on the top rear of the engine tunnel. The cabinet will be located on the top rear horizontal surface of the engine tunnel. The left side of the cabinet will align with the left side edge of the tunnel. The right side of the cabinet will extend past the edge of the tunnel. The cabinet will be 41.00" wide x 4.00" high x 17.00" deep with access from the top. The top of the cabinet will have 1.00" flanges provided along the top edges. There will be no door provided. The cabinet will have louvers provided on the right side of the cabinet for ventilation, louvers provided on the left side of the cabinet for ventilation and louvers provided on the front of the cabinet for ventilation. The cabinet will be constructed of smooth aluminum and painted to match the cab interior.	
0796234	SP	Wiring Holes, 2", Grommets, Cab Compartments	WIRING HOLES There will be one (1) wire chase holes, 2.00" in diameter, with grommets provided Radio Equipment Storage tray in the right forward corner.	

0726634	SP	Guard, Radius Door Curve, EMS Cabinet	GUARD There will be one (1) guard, designed to protect the curve of a radius r while retracting. The guard will be provided above the standard guard located One (1) DS EMS Cabinet One (1) PS EMS Cabinet. There will be a total of two (2) guard(s) provided. The guard will be painted to match the cabinet interior.	AGENDA ITEM NO. 28.
0723980	SP	Location, Cabinet Light	LIGHT MOUNTING LOCATION There will be two (2) light(s) mounted One (1) DS EMS Cabinet One (1) PS EMS Cabinet in DS EMS Cabinet - LS of cabinet (from the exterior door looking into the cabinet) Mounted between the shelf track and roll-up door track, light facing rearward towards back of cab. PS EMS Cabinet - RS of cabinet (from the exterior door looking into the ca compartment(s)).	
0644702		Compt, Storage, (2) Rear Facing, Overhead, 22 W x 10 H x 20 D, Imp/Vel FR	REAR FACING OVERHEAD STORAGE COMPARTMENT There will be two (2) overhead rear facing storage compartments installed at the raised roof within the crew cab, on each side of the air conditioner. The compartments will be approximately 22.00" wide x 10.00" high x 20.00" deep at the bottom. Each compartment will include one (1) lift up compartment door. Non-locking latch, paddle handle, and gas operated stay arms will be provided. The compartment will be constructed of smooth aluminum and painted to match the cab interior. Compartment Light The storage compartment lighting will consist of one (1) white LED strip light installed horizontally above each compartment door opening.	
0766467		Upholstery, Seats In Cab, All Vinyl, Seats Inc, CARE	SEAT UPHOLSTERY All seat upholstery will be leather grain 36 oz dark silver gray vinyl resistant to oil, grease and mildew. The cab and tiller cab (if applicable) will have five (5) seating positions.	
0543991		Bracket, Air Bottle, Hands-Free II, Cab Seats	AIR BOTTLE HOLDERS All SCBA type seats in the cab will have a "Hands-Free" auto clamp style bracket in its backrest. For efficiency and convenience, the bracket will include an automatic spring clamp that allows the occupant to store the SCBA bottle by simply pushing it into the seat back. For protection of all occupants in the cab, in the event of an accident, the inertial components within the clamp will constrain the SCBA bottle in the seat and will exceed the NFPA standard of 9G. There will be a quantity of two (2) SCBA brackets.	
0603867		Seat Belt, ReadyReach	SEAT BELTS All seating positions in the cab, crew cab and tiller cab (if applicable) will have red seat belts. To provide quick, easy use for occupants wearing bunker gear, the female buckle and seat belt webbing length will meet or exceed the current edition of applicable NFPA and CAN/ULC - S515 standards. The 3-point shoulder type seat belts will also include the ReadyReach® D-loop assembly to the shoulder belt system. The ReadyReach feature adds an extender arm to the D-loop location placing the D-loop in a closer, easier to reach location. Any flip up seats will include a 3-point shoulder type belts only.	
0604864		Seat Belt Height Adjustment, 5 Seats, Imp/Vel	SHOULDER HARNESS HEIGHT ADJUSTMENT All seating positions furnished with 3-point shoulder type seat belts will include a height adjustment. This adjustment will optimize the belts effectiveness and comfort for the seated firefighter. A total of five (5) seating positions will have the adjustable shoulder harness.	
0817557		Helmet Storage, Provided by Fire Department, NFPA/ULC 2024	HELMET STORAGE PROVIDED BY FIRE DEPARTMENT NFPA1900, 2024 edition, section 11.1.8.4.1 and CAN/ULC S515:2024 edition, section 5.2, requires a location for helmet storage be provided. There is no helmet storage on the apparatus as manufactured. The fire department will provide a location for storage of helmets.	
0647647		Lights, Dome, FRP Dual LED 4 Lts	CAB DOME LIGHTS There will be four (4) dual LED dome lights with black bezels provided. Two (2) lights will be mounted above the inside shoulder of the driver and officer and two (2) lights will be installed and located, one (1) on each side of the crew cab. The color of the LED's will be red and white. The white LED's will be controlled by the door switches and the lens switch. The color LED's will be controlled by the lens switch. All dome lights on the apparatus will be illuminated per the current edition of applicable NFPA standards per seating position.	

0896451	Enhanced Software for Cab and Crew Cab Dome Lts	ENHANCED SOFTWARE FOR CAB AND CREW CAB DOME LIGHTS The cab and crew cab dome lights will remain on for 10 seconds for interior doors are closed. The dome lights will dim after 10 seconds or immediately if the vehicle's transmission is put into gear.	AGENDA ITEM NO. 28.
0628472	Light, Map, Overhead, Peterson M371S LED, Rectangular w/Switch 2lts	OVERHEAD MAP LIGHTS There will be two (2) Peterson, Model M371S, rectangular LED adjustable map lights installed in the cab: One (1) overhead in front of the driving position. One (1) overhead in front of the passenger's position. Each light will include a switch on the light housing. The light switches will be connected directly to the battery switched power.	
0816997	Portable Hand Light, Provided by Fire Dept, NFPA/ULC 2024	PORTABLE HAND LIGHTS PROVIDED BY FIRE DEPARTMENT The hand lights are not on the apparatus as manufactured. The fire department will provide and mount these hand lights.	
0568369	Cab Instruments, Ivory Gauges, Chrome Bezels, Impel/Velocity 2010	CAB INSTRUMENTATION The cab instrument panel will consist of gauges, an LCD display, telltale indicator lights, alarms, control switches, and a diagnostic panel. The function of instrument panel controls and switches will be identified by a label adjacent to each item. Actuation of the headlight switch will illuminate the labels in low light conditions. Telltale indicator lamps will not be illuminated unless necessary. The cab instruments and controls will be conveniently located within the forward cab section directly forward of the driver. Gauge and switch panels will be designed to be removable for ease of service and low cost of ownership. Gauges The gauge panel will include the following ten (10) ivory gauges with chrome bezels to monitor vehicle performance: Voltmeter gauge (Volts) Low volts (11.8 VDC) Amber indicator on gauge assembly with alarm High volts (15 VDC) Amber indicator on gauge assembly with alarm Very low volts (11.3 VDC) Amber indicator on gauge assembly with alarm Very high volts (16 VDC) Amber indicator on gauge assembly with alarm Tachometer (RPM) Speedometer (Primary (outside) MPH, Secondary (inside) Km/H) Fuel level gauge (Empty - Full in fractions) Low fuel (1/8 full) Amber indicator on gauge assembly with alarm Very low fuel (1/32) fuel Amber indicator on gauge assembly with alarm Engine oil pressure gauge (PSI) Low oil pressure to activate engine warning lights and alarms Red indicator on gauge assembly with alarm Front air pressure gauge (PSI) Low air pressure to activate warning lights and alarm Red indicator on gauge assembly with alarm Rear air pressure gauge (PSI) Low air pressure to activate warning lights and alarm Red indicator on gauge assembly with alarm Transmission oil temperature gauge (Fahrenheit) High transmission oil temperature activates warning lights and alarm Amber indicator on gauge assembly with alarm Engine coolant temperature gauge (Fahrenheit) High engine temperature activates an engine warning light and alarm Red indicator on gauge assembly with alarm Diesel Exhaust Fluid Level Gauge (Empty - Full in fractions) Low fluid (1/8 full) Amber indicator on gauge assembly with alarm All gauges and gauge indicators will perform prove out at initial power-up to ensure proper performance. Indicator Lamps To promote safety, the following telltale indicator lamps will be integral to the gauge assembly and are located above and below the center gauges. The indicator lamps will be "dead-front" design that is only visible when active. The colored indicator lights will have descriptive text or symbols. The following amber telltale lamps will be present: Low coolant Trac cntl (traction control) (where applicable) Check engine Check trans (check transmission) Aux brake overheat (Auxiliary brake overheat) Air rest (air restriction) Caution (triangle symbol) Water in fuel DPF (engine diesel particulate filter regeneration) Trailer ABS (where applicable) Wait to start (where applicable) HET (engine high exhaust temperature) (where applicable)	

ABS (antilock brake system)
MIL (engine emissions system malfunction indicator lamp) (where applicable)
SRS (supplemental restraint system) fault (where applicable)
DEF (low diesel exhaust fluid level)
The following red telltale lamps will be present:
Warning (stop sign symbol)

AGENDA ITEM NO. 28.

Seat belt
Parking brake
Stop engine
Rack down

The following green telltale lamps will be provided:

Left turn
Right turn
Battery on

The following blue telltale lamp will be provided:

High beam

Alarms

Audible steady tone warning alarm: A steady audible tone alarm will be provided whenever a warning message is present.

Audible pulsing tone caution alarm: A pulsing audible tone alarm (chime/chirp) will be provided whenever a caution message is present without a warning message being present.

Alarm silence: Any active audible alarm will be able to be silenced by holding the ignition switch at the top position for 3 to 5 seconds. For improved safety, silenced audible alarms will intermittently chirp every 30 seconds until the alarm condition no longer exists. The intermittent chirp will act as a reminder to the operator that a caution or warning condition still exists. Any new warning or caution condition will enable the steady or pulsing tones respectively.

Indicator Lamp and Alarm Prove-Out

Telltale indicators and alarms will perform prove-out at initial power-up to ensure proper performance.

Control Switches

For ease of use, the following controls will be provided immediately adjacent to the cab instrument panel within easy reach of the driver.

Emergency master switch: A molded plastic push button switch with integral indicator lamp will be provided. Pressing the switch will activate emergency response lights and siren control. A green lamp on the switch provides indication that the emergency master mode is active. Pressing the switch again disables the emergency master mode.

Headlight / Parking light switch: A three (3)-position maintained rocker switch will be provided. The first switch position will deactivate all parking lights and the headlights. The second switch position will activate the parking lights. The third switch position will activate the headlights.

Panel backlighting intensity control switch: A three (3)-position momentary rocker switch will be provided. The first switch position decreases the panel backlighting intensity to a minimum level as the switch is held. The second switch position is the default switch position that does not affect the backlighting intensity. The third switch position increases the panel backlighting intensity to a maximum level as the switch is held.

The following standard controls will be integral to the gauge assembly and are located below the right hand gauges. All switches have backlit labels for low light applications.

High idle engagement switch: A two (2)-position momentary rocker switch with integral indicator lamp will be provided. The first switch position is the default switch position. The second switch position will activate and deactivate the high idle function when pressed and released. The "Ok To Engage High Idle" indicator lamp must be active for the high idle function to engage. A green indicator lamp integral to the high idle engagement switch will indicate when the high idle function is engaged.

"Ok To Engage High Idle" indicator lamp: A green indicator light will be provided next to the high idle activation switch to indicate that the interlocks have been met to allow high idle engagement.

The following standard controls will be provided adjacent to the cab gauge assembly within easy reach of the driver. All switches will have backlit labels for low light applications.

Ignition switch: A three (3)-position maintained/momentary rocker switch will be provided. The first switch position will deactivate vehicle ignition. The second switch position will activate vehicle ignition. The third momentary position will disable the Command Zone audible alarm if held for 3 to 5 seconds. A green indicator lamp will be activated with vehicle ignition.

Engine start switch: A two (2)-position momentary rocker switch will be provided. The first switch position is the default switch position. The second switch position will activate the vehicle's engine. The switch actuator is designed to prevent accidental activation.

4-way hazard switch: A two (2)-position maintained rocker switch will be provided. The first switch position will deactivate the 4-way hazard switch function. The second switch position will activate the 4-way hazard function. The switch actuator will be red and includes the international 4-way hazard symbol.

Heater, defroster, and air conditioning control panel.

Turn signal arm: A self-canceling turn signal with high beam headlight and windshield wiper/washer controls will be provided. The windshield wiper control will have high, low, and intermittent modes.

Parking brake control: An air actuated push/pull park brake control valve will be provided.

Chassis horn control: Activation of the chassis horn control will be provided through the center of the steering wheel.

Custom Switch Panels

The design of cab instrumentation will allow for emergency lighting and other switches to be placed within easy reach of the operator thus improving safety. There will be positions for up to four (4) switch panels in the overhead console on the driver's side, up to four (4) switch panels in the engine tunnel console facing the driver, up to four (4) switch panels in the overhead console on the officer's side and up to two (2) switch panels in the engine tunnel console facing the officer. All switches will have backlit labels for low light applications.

Diagnostic Panel

A diagnostic panel will be accessible while standing on the ground, driver's side door left of the steering column. The diagnostic panel will allow use of tools such as computers to connect to various vehicle systems for improved troubleshooting providing a lower cost of ownership. Diagnostic switches will allow ABS systems to provide blink codes should a problem exist.

AGENDA ITEM NO. 28.

The diagnostic panel will include the following:

Engine diagnostic port

Transmission diagnostic port

ABS diagnostic port

SRS diagnostic port (where applicable)

Command Zone USB diagnostic port

ABS diagnostic switch (blink codes flashed on ABS telltale indicator)

Diesel particulate filter regeneration switch (where applicable)

Diesel particulate filter regeneration inhibit switch (where applicable)

Cab LCD Display

A digital four (4)-row by 20-character dot matrix display will be integral to the gauge panel.

The display will be capable of showing simple graphical images as well as text. The display will be split into three (3) sections. Each section will have a dedicated function.

The upper left section will display the outside ambient temperature.

The upper right section will display, along with other configuration specific information:

Odometer

Trip mileage

PTO hours

Fuel consumption

Engine hours

The bottom section will display INFO, CAUTION, and WARNING messages. Text messages will automatically activate to describe the cause of an audible caution or warning alarm.

The LCD will be capable of displaying multiple text messages should more than one caution or warning condition exist.

0509511	Air Restriction Indicator, Imp/Vel, AXT, Enf MUX	AIR RESTRICTION INDICATOR A high air restriction warning indicator light LCD message with amber warning indicator and audible alarm will be provided.
0543751	Light, Do Not Move Apparatus	"DO NOT MOVE APPARATUS" INDICATOR A flashing red indicator light, located in the driving compartment, will be illuminated automatically per the current NFPA requirements. The light will be labeled "Do Not Move Apparatus If Light Is On." The same circuit that activates the Do Not Move Apparatus indicator will activate a steady tone alarm when the parking brake is released.
0509042	Messages, Open Dr/DNMT, Color Dsply,	DO NOT MOVE TRUCK MESSAGES Messages will be displayed on the Command Zone™, color display located within sight of the driver whenever the Do Not Move Truck light is active. The messages will designate the item or items not in the stowed for vehicle travel position (parking brake disengaged). The following messages will be displayed (where applicable): Do Not Move Truck DS Cab Door Open (Driver Side Cab Door Open) PS Cab Door Open (Passenger's Side Cab Door Open) DS Crew Cab Door Open (Driver Side Crew Cab Door Open) PS Crew Cab Door Open (Passenger's Side Crew Cab Door Open) DS Body Door Open (Driver Side Body Door Open) PS Body Door Open (Passenger's Side Body Door Open) Rear Body Door Open DS Ladder Rack Down (Driver Side Ladder Rack Down) PS Ladder Rack Down (Passenger Side Ladder Rack Down) Deck Gun Not Stowed Lt Tower Not Stowed (Light Tower Not Stowed) Fold Tank Not Stowed (Fold-A-Tank Not Stowed) Aerial Not Stowed (Aerial Device Not Stowed) Stabilizer Not Stowed Steps Not Stowed Handrail Not Stowed Any other device that is opened, extended, or deployed that creates a hazard or is likely to cause major damage to the apparatus if the apparatus is moved will be displayed as a caution message after the parking brake is disengaged.

0611681	Switching, Cab, Membrane, Impel/Velocity, AXT WiFi MUX	SWITCH PANELS The emergency light switch panel will have a master switch for ease of switches for selective control. Each switch panel will contain eight (8) switches, each rated for one million (1,000,000) cycles. Panels containing less than eight (8) switches assignments will include non-functioning black appliques. Documentation will be provided by the manufacturer indicating the rated cycle life of the switches. The switch panel(s) will be located in the overhead position above the windshield on the driver side overhead to allow for easy access. Additional switch panel(s) will be located in the overhead position(s) above the windshield or in designated locations on the lower instrument panel layout. The switches will be membrane-type and also act as an integral indicator light. For quick, visual indication the entire surface of the switch will be illuminated white whenever back lighting is activated and illuminated green whenever the switch is active. An active illuminated switch will flash when interlock requirements are not met or device is actively being load managed. For ease of use, a two (2)-ply, scratch resistant laser engraved Gravoply label indicating the use of each switch will be placed in the center of the switch. The label will allow light to pass through the letters for ease of use in low light conditions.	AGENDA ITEM NO. 28.
0555915	Wiper Control, 2-Speed with Intermittent, MUX, Impel/Velocity	WIPER CONTROL For simple operation and easy reach, the windshield wiper control will be an integral part of the directional light lever located on the steering column. The wiper control will include high and low wiper speed settings, a one (1)-speed intermittent wiper control and windshield washer switch. The control will have a "return to park" provision, which allows the wipers to return to the stored position when the wipers are not in use.	
0562101	Wire, 14-ga. Spare, Dual Wire, pair 1st	14 GAUGE SPARE WIRE There will be a pair of 14 gauge wires, one (1) with black insulation and one (1) with white insulation, included in a separate loom installed in the apparatus. These wires will be routed from Main Fuse Area in cab and extended to Radio Equipment Compartment behind Engine Tunnel. These wires will not be connected to any power source and will not be connected to the vehicle electrical system.	
0826636	Wiring, Spare, (1) 15A 12V DC, Multi Loc, Cab, B+, 1st, NFPA1900/ULC	SPARE CIRCUITS There will be one (1) shared 15 amp circuit, including a positive and a negative wire, dropped out in multiple locations on the apparatus. All dropout locations will be wired in a parallel configuration. The wires will have the following features: - The positive wire will be connected directly to the battery power - The negative wire will be connected to ground - Wires will be capable of carrying 10 amps The spare wiring circuit will be located and terminated as follows: - Spare circuit drop #1 will be located in the cab behind the left side seat and termination with heat shrinkable butt splices at the wire end - Spare circuit drop #2 will be located in the cab behind the right side seat and termination with heat shrinkable butt splices at the wire end - Spare circuit drop #3 will be located high on the left side rear wall of the crew cab and termination with heat shrinkable butt splices at the wire end - Spare circuit drop #4 will be located high on the right side rear wall of the crew cab and termination with heat shrinkable butt splices at the wire end - Spare circuit drop #5 will not be required and termination is not required with no location - Spare circuit drop #6 will not be required and termination is not required with no location Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery Direct loads cannot be Load Managed.	
0820904	Wiring, Spare, 15 A 12V DC 1st NFPA1900/ULC	SPARE CIRCUIT There will be two (2) pair of wires, including a positive and a negative, installed on the apparatus. The wires will have the following features: - The positive wire will be connected directly to the battery switched power. - The negative wire will be connected to ground. - Wires will be capable of carrying 15 amps. Power and ground will terminate officer side dash area and on the officer's side of the engine tunnel. Termination will be with 15 amp, power point plug with rubber cover. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. The circuit(s) may be load managed when the parking brake is set.	
0820921	Wiring, Spare, 4.8 A 12V DC, USB Term, Blue Sea 1045, Batt Dir, 1st NFPA1900/ULC	SPARE CIRCUIT There will be one (1) dual USB fast charge socket mounts installed on the apparatus. The wires will have the following features: - The positive wire will be connected directly to the battery power. - The negative wire will be connected to ground. - Wires will be capable of carrying 4.8 amps. The USB socket mount will be Mounted flush on the vertical surface of the Radio Equipment Cabinet (Option 895321) located on top of the engine tunnel rear work surface. Match Job 38442.. Termination will be a Blue Sea Systems, part number 1045, dual USB charger socket. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery direct loads cannot be Load Managed.	

0821195	Wiring, Spare, 20 A 12V DC 2nd NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, The wires will have the following features: The positive wire will be connected directly to the battery switched power The negative wire will be connected to ground Wires will be capable of carrying 20 amps Power and ground will terminate Radio Equipment Cabinet (Option 895321) at rear of engine tunnel, please provide a 2' coil within cabinet. Match Job 38442) Termination will be with heat shrinkable butt splicing Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. The circuit(s) may be load managed when the parking brake is set.	AGENDA ITEM NO. 28.
0821263	Wiring, Spare, 20 A 12V DC, 12 Ckt FB, Blue Sea 5026 Batt Dir 1st NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, installed on the apparatus. The wires will have the following features: The positive wire will be connected directly to the battery power. The negative wire will be connected to ground. Wires will be capable of carrying 20 amps. Power and ground will terminate RS1 on left wall inboard of 120 volt inverter receptacle (side by side with receptacle if possible). Termination will be to a Blue Sea System, Model 5026, 12 circuit with negative bus bar, straight blade fuse block. The terminal block will include a cover with circuit labels. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery direct loads cannot be Load Managed	
0821266	Wiring, Spare, 20 A 12V DC, 12 Ckt FB, Blue Sea 5026 Batt Dir 2nd NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, installed on the apparatus. The wires will have the following features: The positive wire will be connected directly to the battery power. The negative wire will be connected to ground. Wires will be capable of carrying 20 amps. Power and ground will terminate Radio equipment compartment at rear of engine tunnel . Mount fuse block on the right side near 2" hole and grommet.. Termination will be to a Blue Sea System, Model 5026, 12 circuit with negative bus bar, straight blade fuse block. The terminal block will include a cover with circuit labels. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery Direct loads cannot be Load Managed	
0821325	Wiring, Spare, 10 A 12V DC 1st NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, installed on the apparatus. The wires will have the following features: The positive wire will be connected directly to the ignition switched power. The negative wire will be connected to ground. Wires will be capable of carrying 10 amps. Power and ground will terminate Coiled behind panel position B overhead and labeled "Mobile Radio Repeater". Termination will be with heat shrinkable butt splicing. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. This circuit(s) may be load managed when the parking brake is applied.	
0821329	Wiring, Spare, 10 A 12V DC Batt Dir 1st NFPA1900/ULC	SPARE CIRCUIT There will be one (1) pair of wires, including a positive and a negative, installed on the apparatus. The wires will have the following features: The positive wire will be connected directly to the battery power. The negative wire will be connected to ground. Wires will be capable of carrying 10 amps. Power and ground will terminate Officers side dash, coiled behind dash near power point for customer installed MDT. Match Job 38442.. Termination will be with heat shrinkable butt splicing. Wires will be protected to meet the NFPA Automotive Fire Apparatus standard. Battery direct loads cannot be Load Managed	
0566101	Recess, Dash Panel, Officer Side, Vel/Imp	DASH PANEL RECESS The dash panel across from the officer will be recessed to accommodate the mounting of miscellaneous items. The recess will be 7.25" down x 7.81" back and 20.88" wide.	

0819994	Radio, Jensen, AM/FM/WB, Bluetooth	STEREO RADIO There will be one heavy duty AM/FM / Weatherband / Bluetooth stereo radio installed within reach of the officer. There will be 5.25" speakers installed in the cab and one (1) pair of 5.25" speakers in the crew cab. The antenna will be a roof-mounted rubber antenna located in an open space, on the cab roof. The following Jensen features will be included: 180 watts max power (45W x 4); 100 watts RMS (25W x 4) - Bluetooth® streaming audio (A2DP/AVRCP) - Weatherband - AM/FM tuner with 30 presets - Audio settings (volume/bass/treble/balance/fade) - Toggle switch between day and night display - Daylight-readable, segmented LCD - Two-wire power with non-volatile memory and clock support - Low battery alert	AGENDA ITEM NO. 28.
0679284	Switch, 12V (Inst Pnl), AM/FM Radio, Off Switch, Auto On	SWITCH, MASTER, AM/FM RADIO There will be a remote switch provided inside the cab to control the AM/FM radio. The switch will be installed Switch Panel 8, top row, far right switch.. The radio will automatically turn on with when the battery switch is turned on.	
0814201	Vehicle Information Center, 7" Color Display, Touchscreen, MUX, CL714	INFORMATION CENTER An information center employing a 7.00" diagonal touch screen color LCD display will be encased in an ABS plastic housing. The information center will have the following specifications: - Operate in temperatures from -40 to 158 degrees Fahrenheit - LCD optically bonded to hardened AR glass lens - Five weather resistant user interface switches - Grey with black accents - Sunlight Readable - Linux operating system - Minimum of 1000nits rated display - Display can be changed to an available foreign language A LCD display integral to the cab gauge panel will be included as outlined in the cab instrumentation area. Programmed to read US Customary General Screen Design Where possible, background colors will be used to provide "At a Glance" vehicle information. If information provided on a screen is within acceptable limits, a green background will be used. If a caution or warning situation arises the following will occur: - An amber background/text color will indicate a caution condition - A red background/text color will indicate a warning condition The information center will utilize an "Alert Center" to display text messages for audible alarm tones. The text messages will be written to identify the item(s) causing the audible alarm to sound. If more than one (1) text message occurs, the messages will cycle every second until the problem(s) have been resolved. The background color for the "Alert Center" will change to indicate the severity of the "warning" message. If a warning and a caution condition occur simultaneously, the red background color will be shown for all alert center messages. A label for each button will exist. The label will indicate the function for each active button for each screen. Buttons that are not utilized on specific screens will have a button label with no text or symbol. Home/Transit Screen This screen will display the following: - Vehicle Mitigation (if equipped) - Water Level (if the water level system includes compatible communications to the information center) - Foam Level (if the foam level system includes compatible communications to the information center) - Seat Belt Monitoring Screen - Tire Pressure Monitoring (if equipped) - Digital Speedometer - Active Alarms On Scene Screen This screen will display the following and will be auto activated with pump engaged (if equipped): - Battery Voltage - Fuel - Oil Pressure - Coolant Temperature - RPM - Water Level (if equipped) - Foam Level (if equipped) - Foam Concentration (if equipped) - Water Flow Rate (if equipped) - Water Used (if equipped) - Active Alarms Virtual Buttons There will be four (4) virtual switch panel screens that match the overhead and lower lighting and HVAC switch panels. Page Screen The page screen will display the following and allow the user to progress into other screens for further functionality: - Diagnostics - Faults - Listed by order of occurrence	

Allows to sort by system

Interlock

Throttle Interlocks

Pump Interlocks (if equipped)

Aerial Interlocks (if equipped)

PTO Interlocks (if equipped)

Load Manager

A list of items to be load managed will be provided. The list will provide a description of the load. The lower the priority numbers the earlier the device will be shed should a low voltage condition occur.

The screen will indicate if a load has been shed (disabled) or not shed.

"At a glance" color features are utilized on this screen.

Collision Mitigation, Not Requested

0606248	Vehicle Data Recorder w/CZ Display Seat Belt Monitor, Unique Alarm	VEHICLE DATA RECORDER There will be a vehicle data recorder (VDR) capable of reading and storing information provided. The information stored on the VDR can be downloaded through a USB port mounted in a convenient location determined by cab model. A USB cable can be used to connect the VDR to a laptop to retrieve required information. The program to download the information from the VDR will be available to download on-line. The vehicle data recorder will be capable of recording the following data via hardwired and/or CAN inputs: - Vehicle Speed - MPH - Acceleration - MPH/sec - Deceleration - MPH/sec - Engine Speed - RPM - Engine Throttle Position - % of Full Throttle - ABS Event - On/Off - Seat Occupied Status - Yes/No by Position - Seat Belt Buckled Status - Yes/No by Position - Master Optical Warning Device Switch - On/Off - Internal clock syncs the time and date when a laptop is connected Seat Belt Monitoring System A seat belt monitoring system (SBMS) will be provided on the Command Zone™ color display. The SBMS will be capable of monitoring up to 10 seating positions indicating the status of each seat position per the following: - Seat Occupied & Buckled = Green LED indicator illuminated - Seat Occupied & Unbuckled = Red LED indicator with audible alarm - No Occupant & Buckled = Red LED indicator with audible alarm - No Occupant & Unbuckled = No indicator and no alarm - FAULT = Blue LED indicator illuminated The seat belt monitoring screen will become active on the Command Zone color display when: - The home screen is active: - and there is any occupant seated but not buckled or any belt buckled with an occupant. - and there are no other Do Not Move Apparatus conditions present. As soon as all Do Not Move Apparatus conditions are cleared, the SBMS will be activated. The SBMS will include an audible alarm that will warn that an unbuckled occupant condition exists and the parking brake is released, or the transmission is not in park. The alarm will have a unique sound that will be different than all other alarm sounds on the vehicle. A "Seat Belt Alarm" label will be provided above this buzzer.
0596662	Intercom, Sigtronics US-67S, 6-Pos, 3-Radio, D,O,3C,P	INTERCOM SYSTEM A six (6) position Sigtronics, Model US-67S, intercom with single radio transmit capability for the driver, officer, and pump operator will be provided. Three (3) crew cab, at three (3) forward facing seats will have radio listen / intercom only capability. System includes: - One (1) US-67S Intercom master station - Five (5) Headset jacks in blue boxes (Driver, Officer, 3 Crew) - One (1) Headset jack in blue box w/splash cover (Pump Panel) - Three (3) Push-To-Transmit buttons in blue boxes (Driver, Officer, Pump Panel) - All necessary cabling
0006288	Cable, Radio to Intercom Interface, Sigtronics, 1 Radio	RADIO / INTERCOM INTERFACE CABLE The apparatus manufacturer will supply and install one (1) radio interface cable before delivery of the vehicle. The radio equipment to be used by the customer will be: Bendix King , Model number KNG M150 .
0568105	Headset, Sigtronics, SE-8 Under Helmet, Flex Mic, Standard	HEADSET, UNDER HELMET There will be four (4) Sigtronics, Model SE-8, under helmet, standard headset(s) provided Driver, Officer, DS outboard and PS outboard seats, Match Job 38442. Each headset will feature: - Coiled cord with single nickel coated plug - Noise cancelling electret microphone with wind muff - Flexible microphone boom rotates 180 degrees for left or right dress - Gel filled earseals - Volume control 24 dB noise reduction
0819255	Hangers For Headsets, NFPA/ULC 2024, Each	HEADSET HANGERS There will be four (4) headset hanger(s) installed driver's seat, officer's seat, driver's side outboard forward facing seat and passenger's side outboard forward facing seat. The hanger(s) will meet the current edition of applicable NFPA and ULC standards for equipment mounting.
0559508	Install Customer Provided Two-Way Radio Remote Head Cable	TWO-WAY RADIO CABLE INSTALLATION There will be two (2) customer supplied two-way radio remote head cable(s) sent to the apparatus manufacturers preferred radio installer for installation. The cable will be run One (1) from Radio Equipment compartment (Option 895321) on of engine tunnel to location 5 in the overhead. Match Job 38442 One (1) from Radio Equipment Compartment (Option 895321) on top of engine tunnel to Panel Position B in the Officers Side Overhead. Specific shipping requirements will be followed.

0000000	STF	Install Customer Provided Two-Way Radio(s), Clovis Fire	TWO WAY RADIO INSTALLATION There will be two (2) customer supplied two way radio(s) sent to GSFA	AGENDA ITEM NO. 28.
0003757		Antenna, Std and Add'l Mts Only, 2-way Radio,Cust,Spl Cable Routing	RADIO ANTENNA MOUNT There will be four (4) standard antenna-mounting base(s), Model MATM, with 17 feet of coax cable and weatherproof cap provided for a two (2)-way radio installation. The standard mount will be located on the cab roof, just to the rear of the officer seat and the additional mount(s) will be located on the cab roof, please maintain 18" behind the lightbar and 18" in between mounts. The cable(s) will be routed (1) Coiled in Radio Equipment compartment (Option #895321) located on engine tunnel, (2) Coiled in Radio Equipment compartment (Option 895321) located on engine tunnel for CTF Kenwood radio and (1) spare antenna routed and Coiled in Radio Equipment compar .	
0817058		Camera, Pierce, LS Mux, R Camera, SD, CL714	VEHICLE CAMERA SYSTEM There will be a color vehicle camera system provided with the following: One (1) Standard Definition (SD) camera located at the rear of the apparatus, pointing rearward, displayed automatically with the vehicle in reverse. The camera images will be displayed on the left side vehicle information center display. Audio from the microphone on the rear camera will be emitted by an amplified speaker with volume control located behind the driver seat. The following components will be included: One (1) SV-CW134639CAI Camera All necessary cables	
0814831		Not Required, Camera Switcher	Camera Switcher A camera switcher is not required.	
0640009	SP	Camera Activation Switch, Mux, Rear Camera	CAMERA SWITCH There will be one (1) manual activation multiplexed switch located in the cab Per Instrument Panel Layout for activation of the rear camera on the driver's vehicle information center display.	
0637350	SP	Recess, Rear Vision Camera, Painted	RECESS REAR CAMERA The rear camera located above B1. Match Job 38442 will be recessed. The recess will be painted job color.	
0896458		Pierce Command Zone, Advanced Electronics & Control System, Vel WiFi CZT	ELECTRICAL POWER CONTROL SYSTEM The primary power distribution will be located forward of the officer's seating position and be easily accessible while standing on the ground for simplified maintenance and troubleshooting. Additional electrical distribution centers will be provided throughout the vehicle to house the vehicle's electrical power, circuit protection, and control components. The electrical distribution centers will be located strategically throughout the vehicle to minimize wire length. For ease of maintenance, all electrical distribution centers will be easily accessible. All distribution centers containing fuses, circuit breakers and/or relays will be easily accessible. Distribution centers located throughout the vehicle will contain battery powered studs for supplying customer installed equipment thus providing a lower cost of ownership. Circuit protection devices, which conform to SAE standards, will be utilized to protect electrical circuits. All circuit protection devices will be rated per NFPA requirements to prevent wire and component damage when subjected to extreme current overload. General protection circuit breakers will be Type-I automatic reset (continuously resetting). When required, automotive type fuses will be utilized to protect electronic equipment. Control relays and solenoid will have a direct current rating of 125 percent of the maximum current for which the circuit is protected per NFPA. Solid-State Control System A solid-state electronics based control system will be utilized to achieve advanced operation and control of the vehicle components. A fully computerized vehicle network will consist of electronic modules, electronic control modules to include a see through housing, a power indicator, a status indicator and circuit indicators located near their point of use to reduce harness lengths and improve reliability. The control system will comply with SAE J1939-11 recommended practices. The control system will operate as a master-slave system whereas the main control module instructs all other system components. The system will contain patented Mission Critical software that maintains critical vehicle operations in the unlikely event of a main controller error. The system will utilize a Real Time Operating System (RTOS) fully compliant with OSEK/VDX™ specifications providing a lower cost of ownership. For increased reliability and simplified use the control system modules will include the following attributes: Green LED indicator light for module power Red LED indicator light for network communication stability status Control system self test at activation and continually throughout vehicle operation No moving parts due to transistor logic Software logic control for NFPA mandated safety interlocks and indicators Integrated electrical system load management without additional components Integrated electrical load sequencing system without additional components Customized control software to the vehicle's configuration Factory and field programmable to accommodate changes to the vehicle's operating parameters To assure long life and operation in a broad range of environmental conditions, the solid-state control system modules will meet the following specifications: Module circuit board will meet SAE J771 specifications	

Operating temperature from -40C to +70C

Storage temperature from -40C to +70C

Vibration to 50g

IP67 rated enclosure (Totally protected against dust and also protected against temporary immersion between 15 centimeters and one (1) meter)

Operating voltage from eight (8) volts to 32 volts DC

The main controller will activate status indicators and audible alarms designed to provide warning of problems before they become critical.

Circuit Protection and Control Diagram

Copies of all job-specific, computer network input and output (I/O) connections will be provided with each chassis. The sheets will indicate the function of each module connection point, circuit protection information (where applicable), wire numbers, wire colors and load management information.

On-Board Electrical System Diagnostics

The on-board information center will include the following diagnostic information:

Text description of active warning or caution alarms

Simplified warning indicators

Amber caution indication with intermittent alarm

Red warning indication with steady tone alarm

Advanced diagnostic feature will be provided in this control system. From the Command Zone display or connected wireless device, these features allow the user to monitor the real-time status of every input or output on the vehicle. It also allows users logged in as an administrator to force on inputs or outputs to assist the troubleshooting process.

TCU Module with WiFi

An in cab module will provide WiFi wireless interface and data logging capability. The WiFi interface will comply with IEEE 802.11 b/g/n capabilities while communicating at 2.4 Gigahertz. The module will communicate through a white WiFi antenna allowing a line of site communication range of up to 300 feet with a roof mounted antenna.

The module will transmit a password protected web page to a WiFi enabled device (i.e. most smart phones, tablets or laptops) allowing two levels of user interaction. The firefighter level will allow vehicle monitoring of the vehicle and firefighting systems on the apparatus. The technician level will allow diagnostic access to inputs and outputs installed on the Command Zone™, control and information system.

The TCU capability will record faults from the engine, transmission, ABS and Command Zone™, control and information systems as they occur. No other data will be recorded at the time the fault occurs. The data TCU will provide up to 2 Gigabytes of data storage.

The TCU will provide a means to download the TCU information and update software in the device.

Indicator Light and Alarm Prove-Out System

A system will be provided which automatically tests basic indicator lights and alarms located on the cab instrument panel.

Voltage Monitor System

A voltage monitoring system will be provided to indicate the status of the battery system connected to the vehicle's electrical load. The system will provide visual and audible warning when the system voltage is below or above optimum levels.

The alarm will activate if the system falls below 11.8 volts DC for more than two (2) minutes.

Dedicated Radio Equipment Connection Points

There will be three (3) studs provided in the primary power distribution center located in front of the officer for two-way radio equipment. The studs will consist of the following:

12-volt 40-amp battery switched power

12-volt 60-amp ignition switched power

12-volt 60-amp direct battery power

There will also be a 12-volt 100-amp ground stud located in or adjacent to the power distribution center.

EMI/RFI Protection

To prevent erroneous signals from crosstalk contamination and interference, the electrical system will meet, at a minimum, SAE J551/2, thus reducing undesired electromagnetic and radio frequency emissions. An advanced electrical system will be used to ensure radiated and conducted electromagnetic interference (EMI) or radio frequency interference (RFI) emissions are suppressed at their source.

The apparatus will have the ability to operate in the electromagnetic environment typically found in fire ground operations to ensure clean operations. The electrical system will meet, without exceptions, electromagnetic susceptibility conforming to SAE J1113/25 Region 1, Class C EMR for 10KHz-1GHz to 100 Volts/Meter. The vehicle OEM, upon request, will provide EMC testing reports from testing conducted on an entire apparatus and will certify that the vehicle meets SAE J551/2 and SAE J1113/25 Region 1, Class C EMR for 10KHz-1GHz to 100 Volts/Meter requirements. Component and partial (incomplete) vehicle testing is not adequate as overall vehicle design can impact test results and thus is not acceptable by itself.

EMI/RFI susceptibility will be controlled by applying appropriate circuit designs and shielding. The electrical system will be designed for full compatibility with low-level control signals and high-powered two-way radio communication systems. Harness and cable routing will be given careful attention to minimize the potential for conducting and radiated EMI/RFI susceptibility.

ELECTRICAL SYSTEM PROGNOSTICS

There will be a software based vehicle tool provided to predict remaining life of the vehicles critical fluid and events.

The system will send automatic indications to the Command Zone™ information center and/or wireless enabled devices to proactively alert of upcoming service intervals.

Prognostics will include the following:

Engine oil and filter

Transmission oil and filter

0730603	Electrical System, Velocity ESP, Cummins, Paccar	ELECTRICAL All 12-volt electrical equipment installed by the apparatus manufacturer shall conform to automotive practices. All wiring will be high temperature crosslink type or conduit, where exposed and have grommets where wire passes through sheet metal. Automatic reset circuit breakers will be provided which conform to SAE Standards. Wiring will be color, function and number coded. Function and number codes will be continuously imprinted on all wiring harness conductors at 2.00" intervals. Exterior exposed wire connectors will be positive locking, and environmentally sealed to withstand elements such as temperature extremes, moisture and automotive fluids. Electrical wiring and equipment will be installed utilizing the following guidelines: All holes made in the roof will be caulked with silicon. Large fender washers, liberally caulked, will be used when fastening equipment to the underside of the cab roof. Any electrical component that is installed in an exposed area will be mounted in a manner that will not allow moisture to accumulate in it. Exposed area will be defined as any location outside of the cab or body. Electrical components designed to be removed for maintenance will not be fastened with nuts and bolts. Metal screws will be used in mounting these devices. Also a coil of wire will be provided behind the appliance to allow them to be pulled away from mounting area for inspection and service work. Corrosion preventative compound will be applied to all terminal plugs located outside of the cab or body. All non-waterproof connections will require this compound in the plug to prevent corrosion and for easy separation (of the plug). All lights that have their sockets in a weather exposed area will have corrosion preventative compound added to the socket terminal area. All electrical terminals in exposed areas will have silicon applied completely over the metal portion of the terminal. All lights and reflectors, required to comply with Federal Motor Vehicle Safety Standard #108, will be furnished. Rear identification lights will be recessed mounted for protection. Lights and wiring mounted in the rear bulkheads will be protected from damage by installing a false bulkhead inside the rear compartments. An operational test will be conducted to ensure that any equipment that is permanently attached to the electrical system is properly connected and in working order. The results of the tests will be recorded and provided to the purchaser at time of delivery.	AGENDA ITEM NO. 28.
0098841	Batteries, (6) Deka Grp 31, 1000 CCA each, Threaded Stud	BATTERY SYSTEM Six (6) 12 volt, Deka, Model 1231MF, maintenance free group 31 batteries that include the following features, each, will be provided: 1000 CCA (cold cranking amps) 185 reserve capacity High cycle Ref. CA of 1190 at 0 degrees Fahrenheit 185 reserve capacity Threaded studs	
0008621	Battery System, Single Start, All Custom Chassis	BATTERY SYSTEM There will be a single starting system with an ignition switch and starter button provided and located on the cab instrument panel. MASTER BATTERY SWITCH There will be a master battery switch provided within the cab within easy reach of the driver to activate the battery system. An indicator light will be provided on the instrument panel to notify the driver of the status of the battery system.	
0123174	Battery Compartment, Imp/Vel	BATTERY COMPARTMENTS The batteries will be stored in well-ventilated compartments that are located under the cab and bolted directly to the chassis frame. The battery compartments will be constructed of 3/16" steel plate and be designed to accommodate a maximum of three (3) group 31 batteries in each compartment. The compartments will include formed fit heavy-duty roto-molded polyethylene battery tray inserts with drains on each side of the frame rails. The batteries will be mounted inside of the roto-molded trays. JUMPER STUDS One (1) set of battery jumper studs with plastic color-coded covers will be installed on the battery box on the driver's side. This will allow enough room for easy jumper cable access.	
0803511	Not Required - Battery Charger Included In Inverter/Charger Category		

0819181	SP	Inverter/Battery Charger, Xantrex Freedom 817-2080, GFCI, Non-NFPA 2024 80 Amp	INVERTER / BATTERY CHARGER There will be a Xantrex part number 817-2080, inverter/battery charger include the following: GFCI duplex receptacle The inverter will be connected to the batteries through proper fusing and also to shoreline AC power. An auto transfer switch will be included allowing AC loads connected to the inverter to be powered from the battery whenever shoreline AC power is not available, and the main chassis battery switch is on. If shoreline AC power is available, the battery charger function will be active and the AC loads connected. Per NFPA1900, 2024 Edition 21.5.5.2* The alternator and/or battery system will be adequate to provide power for continuous operation for a minimum of 2 hours at full output. Per the fire department specifications, if all DC loads on the NFPA required electrical analysis report are active, the alternator cannot provide adequate power for continuous operation for 2 hours. The apparatus will be non-compliant to NFPA1900 standards at time of contract execution. Load management will be activated in low voltage situations, and the inverter will be de-energized until chassis electrical system voltage recovers.	AGENDA ITEM NO. 28.
0814986		Location, Body, Inverter/Battery Charger, Forward Compartment, RS	The battery charger/inverter will be located in the right side forward body compartment located on the back wall as low as practical.	
0811952		Not Required, Indicator/Remote Status		
0888120	SP	Cover, Over Inverter/Battery Charger, Slide Out Tray Mntd	There will be a smooth aluminum painted to match the compartment interior cover with proper ventilation installed on the slide out tray to protect the inverter/battery charger when the tray is in the stowed position.	
0782026		Shoreline, 20A 120V, Blue Sea Sure Eject 7851	SHORELINE INLET There will be one (1) Blue Sea Sure Eject™ part number 7851, 20 amp 120 volt AC shoreline inlet provided to operate the dedicated 120 volt AC circuits on the apparatus. The shoreline will be connected to Inverter/Charger. The shoreline inlet cover color to be red. The connector body will be released from the inlet when the apparatus engine start button is activated. There will be a mating connector body supplied with the loose equipment. There will be a label installed near the inlet(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	
0026800		Shoreline Location	The shoreline receptacle will be located on the driver side of cab, to the front of cab door.	
0760950		Shoreline Inlet, 20A 120V Blue Sea Sure Eject 7851	SHORELINE INLET There will be one (1) Blue Sea Sure Eject™ part number 7851, 20 amp 120 volt AC shoreline inlet provided to operate the dedicated 120 volt AC circuits on the apparatus. The shoreline will be left front cab corner Above primary shoreline, see signed AD, as high as possible into the stripe. Match Job 38442.. The shoreline will be connected to the RV style crew cab air conditioner on the blue shoreline exclusively and no auto transfer switch required. The shoreline inlet cover color to be blue. The connector body will be released from the inlet when the apparatus engine start button is activated. There will be a mating connector body supplied with the loose equipment. There will be a label installed near the inlet(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	
0647728		Alternator, 430 amp, Delco Remy 55SI	ALTERNATOR A Delco Remy®, Model 55SI, alternator will be provided. It will have a rated output current of 430 amps, as measured by SAE method J56. The alternator will feature an integral regulator and rectifier system that has been tested and qualified to an ambient temperature of 257 degrees Fahrenheit (125 degrees Celsius). The alternator will be connected to the power and ground distribution system with heavy-duty cables sized to carry the full rated alternator output.	
0604586	SP	Relocate, Rear Command Zone Power Distribution, Vert, Behind Fuel Tank, High	RELOCATE, REAR COMMAND ZONE POWER DISTRIBUTION The command zone modules at the rear of the truck will be relocated to behind the fuel tank. The module will be mounted vertical and as high as possible.	

0686615	Set Command Zone Clock To Pacific Standard Time	AGENDA ITEM NO. 28.
0092582	Load Manager/Sequencer, MUX	ELECTRONIC LOAD MANAGER An electronic load management (ELM) system will be provided that monitors the vehicles 12-volt electrical system, automatically reducing the electrical load in the event of a low voltage condition, and automatically restoring the shed electrical loads when a low voltage condition expires. This ensures the integrity of the electrical system. For improved reliability and ease of use, the load manager system will be an integral part of the vehicle's solid state control system requiring no additional components to perform load management tasks. Load management systems which require additional components will not be allowed. The system will include the following features: - System voltage monitoring. - A shed load will remain inactive for a minimum of five minutes to prevent the load from cycling on and off. - Sixteen available electronic load shedding levels. - Priority levels can be set for individual outputs. - High Idle to activate before any electric loads are shed and deactivate with the service brake. If enabled: "Load Man Hi-Idle On" will display on the information center. - Hi-Idle will not activate until 30 seconds after engine start up. - Individual switch "on" indicator to flash when the particular load has been shed. - The information center indicates system voltage. - The information center, where applicable, includes a "Load Manager" screen indicating the following: - Load managed items list, with priority levels and item condition. - Individual load managed item condition: - ON = not shed - SHED = shed SEQUENCER A sequencer will be provided that automatically activates and deactivates vehicle loads in a preset sequence thereby protecting the alternator from power surges. This sequencer operation will allow a gradual increase or decrease in alternator output, rather than loading or dumping the entire 12 volt load to prolong the life of the alternator. For improved reliability and ease of use, the load sequencing system will be an integral part of the vehicle's solid state control system requiring no additional components to perform load sequencing tasks. Load sequencing systems which require additional components will not be allowed. Emergency light sequencing will operate in conjunction with the emergency master light switch. When the emergency master switch is activated, the emergency lights will be activated one by one at half-second intervals. Sequenced emergency light switch indicators will flash while waiting for activation. When the emergency master switch is deactivated, the sequencer will deactivate the warning light loads in the reverse order. Sequencing of the following items will also occur, in conjunction with the ignition switch, at half-second intervals: - Cab Heater and Air Conditioning - Crew Cab Heater (if applicable) - Crew Cab Air Conditioning (if applicable) - Exhaust Fans (if applicable) - Third Evaporator (if applicable)
0783153	Headlights, Rect LED, JW Spkr Evo 2, AXT/Enf/Imp/Sab/Vel	HEADLIGHTS There will be four (4) JW Speaker®, Model 8800, 4" x 6" rectangular LED lights mounted in the front quad style, chrome housing on each side of the cab grille: - the outside light on each side will contain a part number 055***1 low beam module - the inside light on each side will contain a part number 055***1 high beam module the headlights to include chrome bezels The low beam lights will be activated when the headlight switch is on. The high beam and low beam lights will be activated when the headlight switch and the high beam switch is activated.
0648425	Light, Directional, Wln 600 Cmb, Cab Crn, Wrp Bzl Out HD Lts, Imp/Vel/AXT/Qtm	DIRECTIONAL LIGHTS There will be two (2) Whelen 600® series, LED combination directional/marker lights provided. The lights will be located on the outside cab corners, next to the headlights. The color of the lenses will be the same color as the LED's.
0620054	Light, Directional/Marker, Intermediate, Weldon 9186-8580-29 LED 2lts	INTERMEDIATE LIGHT There will be two (2) Weldon, Model 9186-8580-29, amber LED turn signal marker lights furnished, one (1) each side, in the rear fender panel. The light will double as a turn signal and marker light.
0887414	Lights, Clearance/Marker, Front With Visor Lt and Cab Frnt Lwr Side Dir/Mkr	CAB CLEARANCE/MARKER/ID LIGHTS The forward facing clearance lights will be included with the visor scene light. The front side clearance lights/directional lights will be included with the lights, directional/marker, cab, front lower side.

0796870	SP	Lights, Clearance/Marker/ID, Rear, FRP LED Bar & Truck-Lite 33050R LED 4Lts, PUC	REAR CLEARANCE/MARKER/ID LIGHTING There will be a three (3) LED light bar used as identification lights located on the rear of the apparatus per the following: As close as practical to the vertical centerline Centers spaced not less than 6.00" or more than 12.00" apart Red in color All at the same height There will be two (2) Truck-Lite®, Model 33050R, LED lights installed at the rear of the apparatus used as clearance lights located at the rear of the apparatus per the following: To indicate the overall width of the vehicle One (1) each side of the vertical centerline As near the top as practical Red in color To be visible from the rear All at the same height There will be two (2) Truck-Lite, Model 33050R, LED lights installed on the side of the apparatus used as marker lights located as close to the rear as practical per the following: To indicate the overall length of the vehicle One (1) each side of the vertical centerline As near the top as practical Red in color To be visible from the side All at the same height Two (2) red reflectors located on the rear of the truck facing to the rear. One (1) each side, as far to the outside as practical, at a minimum of 15.00", but no more than 60.00", above the ground. Two (2) red reflectors located on the side of the truck facing to the side. One (1) each side, as far to the rear as practical, at a minimum of 15.00", but no more than 60.00", above the ground. Per FMVSS 108 and CMVSS 108 requirements.	AGENDA ITEM NO. 28.
0517025		Lights, Tail, Wrap-around, Stop/Tail, Turn & Backup LED, Tri-Cluster	REAR FMVSS LIGHTING There will be two (2) wrap around tri-cluster LED modules provided on the face of the rear body compartments. Each tri-cluster will include the following: One (1) LED stop/tail light One (1) LED directional light One (1) LED backup light	
0085910		Lights, Backup Included in Signal Cluster		
0889577		Bracket, License Plate & Light, P25 LED, Stainless Brkt	LICENSE PLATE BRACKET One (1) license plate bracket constructed of stainless steel will be provided at the rear of the apparatus. One (1) white LED light with chrome housing will be provided to illuminate the license plate. A stainless steel light shield will be provided over the light that will direct illumination downward, preventing white light to the rear.	
0589905		Alarm, Back-up Warning, PRECO 1040	BACK-UP ALARM A PRECO, Model 1040, solid-state electronic audible back-up alarm that actuates when the truck is shifted into reverse will be provided. The device will sound at 60 pulses per minute and automatically adjust its volume to maintain a minimum ten (10) dBA above surrounding environmental noise levels.	
0768459		Lights, Perimeter Cab, Amdor AY-LB-12HW012 LED 4Dr, Pwr Step, Vel/Imp	CAB PERIMETER SCENE LIGHTS There will be four (4) Amdor Model AY-LB12HW012, 190 lumen, 12.00" long, white LED lights provided under the cab and crew cab access areas: One (1) for the driver's access. One (1) for the passenger's side front cab access door. One (1) for the passenger's side crew cab access door. One (1) for the driver's side crew cab access door. These lights will be activated automatically when the battery switch is on and the exit doors are opened or by the same means as the body perimeter scene lights.	
0769559		Lights, Perimeter Pump House, Amdor AY-LB-12HW012 LED 2lts	PUMP HOUSE PERIMETER LIGHTS There will be two (2) Amdor, Model AY-LB12HW012, 190 lumens each, 12.00" LED weatherproof strip lights with brackets provided under the pump panel running boards, centered front to rear as much as possible, one (1) each side. The lights will be activated when the battery switch is on, and controlled by the same means as the body perimeter lights.	
0769560		Lights, Perimeter Body, Amdor AY-LB-12HW012 LED 2lts, Rear Step	BODY PERIMETER SCENE LIGHTS There will be two (2) Amdor, Model AY-LB12HW012, 190 lumens each, 12.00" 12 volt DC LED strip lights provided at the rear step area of the body, one (1) each side shining to the rear. The perimeter scene lights will be activated when a switch within reach of the driver is activated and the parking brake is applied.	

0896454	Enhanced Software for Perimeter Lts	ENHANCED SOFTWARE FOR PERIMETER LIGHTS All perimeter lights will be deactivated when the parking brake is released and the vehicle is selected. The cab and crew cab perimeter lights will remain on for ten (10) seconds after the doors closed.
		AGENDA ITEM NO. 28.
0557322	Lights, Step, P25 at Rear Tailboard, PUC, 4lts Perm Lts	STEP LIGHTS There will be four (4) white LED step lights provided at the rear to illuminate the tailboard/step area. These step lights will be actuated with the perimeter scene lights. All other steps on the apparatus will be illuminated per the current edition of applicable NFPA standards.
0749399	Light, Visor Mt, Wln S72M**, 72" Cnt Feature	12 VOLT LIGHTING There will be a Whelen® Model S72M**, 72.00" long 32,400 lumens DC powered light provided on visor bracket(s) hanging off the front of the cab roof over the windshield. The painted parts of this light assembly to be white. The light will include the following: White scene LEDs Two (2) amber LED modules as clearance lights Three (3) amber LED modules as identification lights Four (4) additional LED modules. The additional additional modules to be four (4) scene light modules with white LEDs. The clearance and identification LEDs will be activated with the headlight switch. The scene LEDs will be activated when the battery switch is on and by a switch at the driver's side switch panel, by a switch at the left side pump panel and by a switch at the passenger's side switch panel is on. There will be a switch in the cab on the switch panel to control the flashing or spot LED modules. Amber flashing LED modules will be deactivated when the parking brake is released. The white scene and flashing LED modules may be load managed when the parking brake is applied.
0889662	Lights, Wln, S16*M* 16.37" 12VDC, Brkt Fet 2nd	12 VOLT DC SCENE LIGHTS There will be one (1) Whelen® Model S16*M*, 6,480 lumens, 2.48" high x 16.37" wide x 2.15" deep 12 volt DC light(s) with white, amber LEDs and flood optics provided on the cab located, PS - Roof, Centered on PS EMS Compartment Door. The light(s) to be installed directly to the roof of the cab. The painted parts of this light assembly to be white. The scene LEDs will be controlled by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the passenger's side scene light(s). The marker light included in this light housing to be energized with the headlight switch. These light(s) may be load managed when the parking brake is applied.
0889664	Lights, Wln, S16*M* 16.37" 12VDC, Brkt Fet 1st	12 VOLT DC SCENE LIGHTS There will be one (1) Whelen® Model S16*M*, 6,480 lumens, 2.48" high x 16.37" wide x 2.15" deep 12 volt DC light(s) with white, amber LEDs and flood optics provided on the cab located, DS - Roof, Centered on DS EMS Compartment Door. The light(s) to be installed directly to the roof of the cab. The painted parts of this light assembly to be white. The scene LEDs will be controlled by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the driver's side scene light(s). The marker light included in this light housing to be energized with the headlight switch. These light(s) may be load managed when the parking brake is applied.
0893371	Lights, Wln, M9LZC Gradient, 12 VDC, 2nd	BODY 12 VOLT LIGHTING There will be two (2) Whelen® Model M9LZC, 12 volt DC lights with white LEDs and chrome trim installed on the body located, PS Body, 1lt Forward and 1lt Rearward. Match Job 38442.. The lights will be activated by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the passenger's side scene light(s). The light(s) may be load managed when the parking brake is applied.
0893374	Lights, Wln, M9LZC Gradient, 12 VDC, 1st	BODY 12 VOLT LIGHTING There will be two (2) Whelen® Model M9LZC, 12 volt DC lights with white LEDs and chrome trim installed on the body located, DS Body, 1lt Forward and 1lt Rearward. Match Job 38442.. The lights will be activated by a switch at the left side pump panel, by a switch at the passenger's side switch panel and by the same control that has been selected for the driver's side scene light(s). The light(s) may be load managed when the parking brake is applied.

0645873	Lights, Hose Bed, Sides, Dual LED Light Strips, Amdor XX9951 4lts	HOSE BED LIGHTS There will be four (4) Amdor LumaBar SuperBright, Model XX9951, 20 LED light strips provided to light the hose bed area. These lights will be length stainless steel shield to protect the lights and wiring. One (1) will be installed on the driver's side, side of the hose bed three (3) feet from the front of the hose bed. One (1) will be installed on the driver's side, side of the hose bed three (3) feet from the rear of the hose bed. One (1) will be installed on the passenger's side, side of the hose bed three feet from the rear of the hose bed. One (1) will be installed on the passenger's side, side of the hose bed three (3) feet from the front of the hose bed. The lights will be controlled when the hosebed cover is raised.	AGENDA ITEM NO. 28.
0645677	Lights, Not Required, Rear Work, Alt. 12 Volt Lights At Rear Body		
0709438	Lights, Walk Surf, FRP Flood, LED	WALKING SURFACE LIGHT There will be Model FRP, 4.00" round black 12 volt DC LED floodlight(s) with bolt mount provided to illuminate the entire designated walking surface on top of the body. The light(s) will be activated when the body step lights are on.	
0518282	Pumper, PUC, Aluminum		
0554271	Body Skirt Height, 20"		
0619844	SP Tank, Water, 525 Gallon, Poly, Rectangle, PUC	WATER TANK Booster tank will have a capacity of 525 gallons and be constructed of UV stabilized ultra high impact polypropylene plastic by a manufacturer with a minimum of 20 years experience building tanks, is ISO 9001:2000 certified in all its manufacturing facilities, and has over 50,000 tanks in service. The tank will be no wider than 39.00" at the base to allow for greater compartment depth and no wider than 53.00" at the top. Tank joints and seams will be nitrogen welded inside and out. Tank will be baffled in accordance with the current edition of applicable NFPA standards. Baffles will have vent openings at both the top and bottom to permit movement of air and water between compartments. Longitudinal partitions will be constructed of .38" polypropylene plastic and will extend from the bottom of the tank through the top cover to allow for positive welding. Transverse partitions will extend from 4.00" off the bottom of the tank to the underside of the top cover. All partitions will interlock and will be welded to the tank bottom and sides. Tank top will be constructed of .50" polypropylene. It will be recessed .38" and will be welded to the tank sides and the longitudinal partitions. Tank top will be sufficiently supported to keep it rigid during fast filling conditions. Construction will include 2.00" polypropylene dowels spaced no more than 30.00" apart and welded to the transverse partitions. Two (2) of the dowels will be drilled and tapped (.50" diameter, 13.00" deep) to accommodate lifting eyes. A sump that will be sized dependent on the tank to pump plumbing will be provided at the bottom of the water tank. Sump will include a drain plug and the tank outlet. Tank will be installed in a fabricated cradle assembly constructed of structural steel. Sufficient crossmembers will be provided to properly support bottom of tank. Crossmembers will be constructed of steel bar channel or rectangular tubing. Tank will "float" in cradle to avoid torsional stress caused by chassis frame flexing. Rubber cushions, .50" thick x 3.00" wide, will be placed on all horizontal surfaces that the tank rests on. Stops or other provision will be provided to prevent an empty tank from bouncing excessively while moving vehicle. Mounting system will be approved by the tank manufacturer.	
0003405	Overflow, 4.00" Water Tank, Poly	Fill tower will be constructed of 0.50" polypropylene and will be a minimum of 8.00" wide x 14.00" long. Fill tower will be furnished with a 0.25" thick polypropylene screen and a hinged cover. An overflow pipe, constructed of 4.00" schedule 40 polypropylene, will be installed approximately halfway down the fill tower and extend through the water tank and exit to the rear of the rear axle.	
0028104	Foam Cell Required		
0010129	Drain, Tank - 2.50"	TANK DRAIN A 2.50" tank drain will be installed with a 2.50" ball valve located underneath the left front compartment that is properly labeled.	

0633066	Sleeve, Through Tank	SLEEVE PLUMBING THROUGH TANK One (1) sleeve will be provided in the water tank for a 3.00" pipe and a	AGENDA ITEM NO. 28.
0553729	Not Required, Restraint, Water Tank, Heavy Duty		
0003429	Not Required, Direct Tank Fill		
0003424	Not Required, Dump Valve		
0048710	Not Required, Jet Assist		
0030007	Not Required, Dump Valve Chute		
0514778	Not Required, Switch, Tank Dump Master		
0597043	Body Height, PUC/HDRP	BODY HEIGHT The height of the body will be 92.00" from the bottom of the body to the top of the body.	
0199241	Hose Bed, Aluminum, Pumper, PUC	HOSE BED The hose bed will be fabricated of .125"-5052 aluminum with a nominal 38,000 psi tensile strength. Flooring of the hose bed will be removable aluminum grating with the top surface corrugated to aid in hose aeration. The grating slats will be a minimum of 0.50" x 4.50" with spacing between slats for hose ventilation.	
0723340	Unpainted/Brush Finished, Hose Bed, 3G PUC/HDRP	The hose bed walls will be unpainted and with a brushed finish.	
0003481	Hose Bed Capacity, Special	Hose bed will accommodate (DS to PS): Bed #1 600' x 2.50" DJ / Bed #2 600' x 2.50" DJ / Bed #3 750' x 5.00" LDH using 50' lengths. Match Job 38442..	
0003488	Divider, Hose Bed, Unpainted	HOSE BED DIVIDER Two (2) hosebed dividers will be furnished for separating hose. Each divider will be constructed of a .125" brushed aluminum sheet fitted and fastened into a slotted, 1.50" diameter radiused extrusion along the top, bottom, and rear edge. Divider will be fully adjustable by sliding in tracks, located at the front and rear of the hose bed. Divider will be held in place by tightening bolts, at each end. Acorn nuts will be installed on all bolts in the hose bed which have exposed threads.	
0805760	Cover, Hose Bed, Alum Treadplate	HOSE BED COVER A two (2) section hose bed cover, constructed of .125" bright aluminum treadplate will be furnished. The cover will be hinged with full length stainless steel piano hinge. The sides will be slanted down. A stationary bridgework support assembly will be provided at the rear to support the cover. The cover will be reinforced so that it can support the weight of a man walking on the cover. The cover is designed with the left cover opening first. If access to the water tank fill tower is blocked by the hose bed cover, then a hinged door will be provided in it so that the tank may be filled without raising cover doors. Chrome grab handles and four (4) gas filled cylinders will be provided to assist in opening and closing the cover. A handrail is to be provided at the rear, in the center of the support, to assist in opening the cover. The hose bed cover will be connected to the Do Not Move Truck indicator. The light will be activated if the cover is not in the stowed position and the parking brake is released.	
0807336	Hose Restraint, Hose Bed, Vinyl, Rear, Separate From Top	At the rear of the hose bed, a black vinyl flap will be provided with quarter turn at the top. At the bottom of the flap, spring clip and hook will be provided. The bottom of the flap will be chain weighted.	
0896001	SP Cross-Divider, Hose Bed, Additional, Unpainted, PUC	An additional cross-divider will be provided at the front hose bed area Rear of the foam and water tank fill domes. Match Job 38442. . The divider will be bolted to the side sheet.	

0611509	Running Boards, Flip Out, PUC	RUNNING BOARDS A running board will be provided on each side of the front body to allow backboard/crosslay storage area. The running boards will be designed punched into .125" bright aluminum treadplate material providing support, slip resistance, and drainage. The runningboard will have a flip out section design that allows easier access to the full width equipment area above. The flip out section will be tied to the "do not move truck indicator" with a sensor when it is flipped out. There will be a latch provided that secures the flip out section when not in use.	AGENDA ITEM NO. 28.
0676723	Tailboard, 16" Deep, Full Width, Angled Corners, PUC/HDRP	TAILBOARD The tailboard will be constructed of .125" bright aluminum treadplate and spaced .50" from the body, as well as supported by a structural steel assembly. The tailboard area will be 16.00" deep and full width of the body. The outboard sides of the tailboard will be angled at 45 degrees beginning at the point where the body meets the tailboard at the outboard edge angling rearward to the rear edge of the tailboard. The exterior side will be flanged down and in for increased rigidity of tailboard structure.	
0690029	Wall, Rear, Body Material, PUC/HDRP	REAR WALL, BODY MATERIAL, PUC The rear wall will be smooth and the same material as the body. The rear wall body material will be painted. Unpainted aluminum overlays will be provided to allow for chevron application and to provide continuously smooth rear wall panels. The outboard edges of the rear wall will be trimmed in polished stainless steel.	
0003531	Tow Bar, Under Tailboard	TOW BAR A tow bar will be installed under the tailboard at center of truck. Tow bar will be fabricated of 1.00" CRS bar rolled into a 3.00" radius. Tow bar assembly will be constructed of .38" structural angle. When force is applied to the bar, it will be transmitted to the frame rail. Tow bar assembly will be designed and positioned to allow up to a 30-degree upward angled pull of 17,000 lb, or a 20,000 lb straight horizontal pull in line with the centerline of the vehicle. Tow bar design will have been fully tested and evaluated using strain gauge testing and finite element analysis techniques.	

COMPARTMENTATION

The apparatus body will be built of aluminum construction using a minimum of H32 aluminum.

AGENDA ITEM NO. 28.

The body panel assembly will be constructed in a fixture and consist of formed sheet metal for the front and rear bulkheads, door frames, floors, ceilings, and back walls. These parts will be welded together to ensure greatest longevity with no visible welds in compartment interior. Welded construction will consist of 1.00" x 0.38" engineered plug weld holes that control the size, location, and the amount of weld required. The bodies will be assembled and welded from engineered prints that call out the size, location, and type of weld required.

In structural areas the sheet metal components will have flanges for welding. No butt joints will be allowed. Gussets and support posts will be provided for additional strength where needed.

The fender panel will be an integral part of the complete welded body assembly. All light and compartment holes are pre punched prior to construction to provide accuracy and rounded corners to prevent stress risers in the material.

Circular fender liners will be provided. For prevention of paint chips and ease of suspension maintenance the fender liners will be formed from brush finished 304L stainless steel, be unpainted, and removable for suspension maintenance.

Side compartment flooring will be of the sweep out design with the floor minimum of 1.00" higher than the compartment door lip.

Drip protection will be provided above the doors by means of aluminum extrusion, or formed bright aluminum treadplate.

The top of the compartment will be sheet metal and covered with bright aluminum treadplate rolled over the edges on the front, and rear. These covers will have the corners welded.

The aluminum treadplate covers will not make up the ceiling of the compartment.

All screws and bolts, which are not Grade 8, will be stainless steel and where they protrude into a compartment will have acorn nuts on the ends to prevent injury.

UNDERBODY SUPPORT SYSTEM

Due to the severe loading requirements of this pumper a method of body and compartment support suitable for the intended load will be provided.

The backbone of the body support system will begin with the chassis frame rails which is the strongest component of the chassis and is designed for sustaining maximum loads. The support system will include lateral frame rail extensions that are formed from 0.375" 80k high strength steel and bolted to the chassis frame rails with 0.625" diameter Grade 8 bolts.

The vertical and horizontal members of the frame rail extensions are to be reinforced with welded gussets and extend to the outside edge of the body. The lateral frame extensions will be electro-coated for superior corrosion resistance.

The floating substructure will be separated from the lateral frame extensions with neoprene elastomer isolators. These isolators will reduce the natural flex stress of the chassis from being transmitted to the body, and absorb road shock and vibration.

The isolators will have a broad load range, proven viability in vehicular applications, be of a fail safe design and allow for all necessary movement in three (3) transitional and rotational modes. The neoprene isolators will be installed in a modified V three (3)-point mounting pattern to reduce the natural flex of the chassis being transmitted to the body. Two (2) 3.50" diameter isolators are provided at the front of the body near the centerline of the vehicle above the chassis frame. A minimum of eight (8) - 2.55" diameter isolators will be provided, two (2) under each front compartment and two (2) under each rear side compartment. A minimum of four (4) 3.50" diameter isolators will be provided under the rear compartment.

AGGRESSIVE WALKING SURFACE

All exterior surfaces designated as stepping, standing, and walking areas will comply with the required average slip resistance of the current NFPA standards. Documentation of the material meeting the standard will be provided at time of delivery.

LOUVERS

All body compartments will have a minimum of one (1) set of automotive style, dust resistant louvers pressed into a wall. The louvers will incorporate a one (1)-way rubber valve that provides airflow out of the compartment and prevents water and dirt from gaining access to the compartment. Compartments over the wheel will not have louvers.

TESTING OF BODY DESIGN

Body structural analysis will be fully tested. Proven engineering and test techniques such as finite element analysis and strain gauging have been performed with special attention given to fatigue life and structural integrity of the body and substructure.

The body will be tested while loaded to its greatest in-service weight.

The criteria used during the testing procedure will include:

Raising opposite corners of the vehicle tires 9.00" to simulate the twisting a truck may experience when driving over a curb.

Making a 90 degree turn, while driving at 20 mph to simulate aggressive driving conditions.

Driving the vehicle on at 35 mph on a washboard road.

Driving the vehicle at 55 mph on a smooth road.

Accelerating the vehicle fully, until reaching the approximate speed of 45 mph on rough pavement.

Evidence of the actual testing techniques will be made available upon request.

FEA will have been performed on all substructure components.

0518345	LS 177" Rollup, (1) 50" Forward, (1) 52" Rear, FH/FD Front & Rear, PUC	LEFT SIDE COMPARTMENTATION The left side compartmentation will consist of three rollup door compartments. A full height, rollup door compartment ahead of the rear wheels will be provided. The interior dimensions of this compartment will be 50.00" wide x 53.63" high x 25.88" deep. The area behind the roll up door spool will be notched for exterior storage or larger capacity water tank tee. The depth of the compartment will be calculated with the compartment door closed. The compartment interior will be fully open from the compartment ceiling to the compartment floor and designed so that no permanent dividers are required between the upper and lower sections. The clear door opening of this compartment will be 47.00" wide x 54.50" high. A roll-up door compartment over the rear wheels will be provided. The interior dimensions of this compartment will be 60.00" wide x 22.88" high x 25.88" deep. The area behind the roll up door spool will be notched for exterior storage or larger capacity water tank tee. The depth of the compartment will be calculated with the compartment door closed. The clear door opening of this compartment will be 57.00" wide x 23.00" high. A full height, roll-up door compartment behind the rear wheels will be provided. The interior dimensions of this compartment will be 51.75" wide x 54.63" high x 26.00" deep. The clear door opening will be a minimum of 49.25" wide x 54.63" high. The roll up door spool will be installed in a recess above the compartment ceiling. All compartments will include a drip pan below the roll of the door. The drip pan will be installed level with the compartment ceiling. The interior height of the compartments will be measured from the compartment floor to the ceiling. The depth of the compartments will be measured from the back wall to the inside of the door frame. Closing of the doors will not require releasing, unlocking, or unlatching any mechanism and will easily be accomplished with one hand. AGENDA ITEM NO. 28.
0518346	RS 177" Rollup, (1) 50" Forward, (1) 52" Rear, FH/FD Front & Rear, PUC	RIGHT SIDE COMPARTMENTATION The right side compartmentation will consist of three rollup door compartments. A full height, rollup door compartment ahead of the rear wheels will be provided. The interior dimensions of this compartment will be 50.00" wide x 53.63" high x 25.88" deep. The area behind the roll up door spool will be notched for exterior storage or larger capacity water tank tee. The depth of the compartment will be calculated with the compartment door closed. The compartment interior will be fully open from the compartment ceiling to the compartment floor and designed so that no permanent dividers are required between the upper and lower sections. The clear door opening of this compartment will be 47.00" wide x 54.50" high. A roll-up door compartment over the rear wheels will be provided. The interior dimensions of this compartment will be 60.00" wide x 22.88" high x 25.88" deep. The area behind the roll up door spool will be notched for exterior storage or larger capacity water tank tee. The depth of the compartment will be calculated with the compartment door closed. The clear door opening of this compartment will be 57.00" wide x 23.00" high. A full height, roll-up door compartment behind the rear wheels will be provided. The interior dimensions of this compartment will be 52.00" wide x 54.63" high x 25.88" deep. The area behind the roll up door spool will be notched for exterior storage or larger capacity water tank tee. The depth of the compartment will be calculated with the compartment door closed. The compartment interior will be fully open from the compartment ceiling to the compartment floor and designed so that no permanent dividers are required between the upper and lower sections. The clear door opening of this compartment will be 49.00" wide x 54.50" high. The roll up door spool will be installed in a recess above the compartment ceiling. All compartments will include a drip pan below the roll of the door. The drip pan will be installed level with the compartment ceiling. The interior height of the compartments will be measured from the compartment floor to the ceiling. The depth of the compartments will be measured from the back wall to the inside of the door frame. Closing of the doors will not require releasing, unlocking, or unlatching any mechanism and will easily be accomplished with one hand.
0594005	Doors, Rollup, Amdor, Side Compartments	SIDE COMPARTMENT ROLLUP DOOR(S) There will be six (6) compartment doors installed on the side compartments, double faced, aluminum construction, painted one (1) color to match the lower portion of the body and manufactured by AMDOR™ brand rollup doors. Door(s) will be constructed using 1.00" extruded double wall aluminum slats which will feature a flat smooth interior surface to provide maximum protection against equipment hang-up. The slats will be connected with a structural driven ball and socket hinge designed to provide maximum curtain diaphragm strength. Mounting and adjusting the curtain will be done with a clip system that connects the curtain to the balancer drum allowing for easy tension adjustment without tools. The slats will be mounted in reusable slat shoes with positive snap-lock securement. Each slat will incorporate weather tight recessed dual durometer seals. One (1) fin will be designed to locate the seal within the extrusion. The second will serve as a wiping seal which will also allow for compression to prevent water ingress. The doors will be mounted in a one (1)-piece aluminum side frame with recessed side seals to minimize seal damage during equipment deployment. All seals including side frames, top gutters and bottom panel are to be manufactured utilizing non-marring materials. Bottom panel flange of rollup door will be equipped with two (2) cut-outs to allow for easier access with gloved hands. A polished stainless steel lift bar with locking key latches to be provided for each roll-up door. The keys to be Model 751 to match all compartment and cab doors. The lift bar will be located at the bottom of door with striker latches installed at the base of the side frames. Side frame mounted door strikers will include support beneath the stainless steel lift bar to prevent door curtain bounce, improve bottom seal life expectancy and to avoid false door ajar signals. All injection molded rollup door wear components will be constructed of Type 6 nylon. Each rollup door will have a 3.00 inch diameter balancer/tensioner drum to assist in lifting the door. The header for the rollup door assembly will not exceed 4.00". A heavy-duty magnetic switch will be used for control of open compartment door warning lights.

0599445		Compt, Rear, Rollup, 33.50" FF, w/Tailboard, PUC/HDRP	REAR COMPARTMENTATION A roll-up door compartment above the rear tailboard will be provided. the interior dimensions of this compartment will be 37.00" wide x 36.50" high. The lower 27.00" of the compartment and 15.00" deep in the remaining upper portion. The clear door opening will be a minimum of 33.88" wide x 26.63" high. A removable access panel will be furnished on the back wall of the compartment. The rear compartment will be open into the rear side compartments. The transverse opening will be a minimum of 22.00" wide x 27.50" high. A drip pan will be installed below the roll of the door. A guard will be installed behind the roll of the door. The interior height of the compartment will be measured from the floor to the ceiling. The depth of the compartment will be measured from the back wall to the inside of the door frame. Closing of the door will not require releasing, unlocking, or unlatching any mechanism and will easily be accomplished with one hand.	AGENDA ITEM NO. 28.
0593958		Door, Amdor, Rollup, Rear Compartment, PUC	ROLL-UP REAR COMPARTMENT DOOR The rear compartment will have a roll-up door. The door will be double faced, aluminum construction, satin aluminum and manufactured by AMDOR™ brand roll-up doors. The door will be constructed using 1.00" extruded double wall aluminum slats which will feature a flat smooth interior surface to provide maximum protection against equipment hang-up. The slats will be connected with a structural driven ball and socket hinge designed to provide maximum curtain diaphragm strength. Mounting and adjusting the curtain will be done with a clip system that connects the curtain to the balancer drum allowing for easy tension adjustment without tools. The slats will be mounted in reusable slat shoes with positive snap-lock securement. Each slat will incorporate weather tight recessed dual durometer seals. One (1) fin will be designed to locate the seal within the extrusion. The second will serve as a wiping seal which will also allow for compression to prevent water ingress. The door will be mounted in a one (1)-piece aluminum side frame with recessed side seals to minimize seal damage during equipment deployment. All seals including side frames, top gutters and bottom panel are to be manufactured utilizing non-marring materials. Bottom panel flange of roll-up door will be equipped with two (2) cut-outs to allow for easier access with gloved hands. A polished stainless steel lift bar with locking key latches to be provided for each roll-up door. The keys to be Model 751 to match all compartment and cab doors. The lift bar will be located at the bottom of door with striker latches installed at the base of the side frames. Side frame mounted door strikers will include support beneath the stainless steel lift bar to prevent door curtain bounce, improve bottom seal life expectancy and to avoid false door ajar signals. All injection molded roll-up door wear components will be constructed of Type 6 nylon. The door will have a 3.00 inch diameter balancer/tensioner drum to assist in lifting the door. The header for the roll-up door assembly will not exceed 4.00". A heavy-duty magnetic switch will be used for control of open compartment door warning lights.	
0505888		Keyed Locks for Latches, Lap Doors (#751 Lock)	KEYED LOCK(S) There will be two (2) compartment doors that require a keyed lock. The compartments to have a keyed lock will be Hard suction and ladder compartments.	
0834252	SP	Keyed Locks for Latches, Hatch Compt Doors (#751 Lock)	KEYED LOCK(S) There will be a keyed lock provided on the hatch compartment door(s). There will be two (2) compartment doors that require a keyed lock. The hatch compartment door(s) to have a keyed lock will be Hatch Compartment Doors.	
0723942		Elastic Pull Strap for Rollup Doors	ROLLUP DOOR PULL STRAPS There will be two (2) compartment doors provided with elastic pull straps. The pull straps will be black in color. The straps will be located approximately mid height of the side compartment with a footman loop and installed directly to the inside of the rollup door. The rollup door compartments to have these straps will be Both crosslay roll up doors. Match Job 38442..	
0659353		Lights, Compt, Amdor AY-9220 LED, Dual Lt Strip	COMPARTMENT LIGHTING There will be seven (7) compartments with Amdor, Model AY9220, white 12 volt DC LED compartment light strips. The lights will be mounted with mechanical fasteners. There will be two (2) strip lights installed vertically in each compartment opening per the latest NFPA requirements. The lights will be activated when the battery switch is on and the respective compartment door is opened.	

0728395	SP 177" Hatch, (1) Lift-up, 21" Wide, Both Sides, Shortened for Cargo Area, PUC	HATCH COMPARTMENTS Hatch compartments with one (1) lift-up, top opening hatch door1 will be provided on the left and right side body compartments. Hatch compartments will be provided with interior compartmentation. Each side will be 21.00" wide x 22.00" maximum depth. The length of the hatch compartments will be shortened to provide additional space in the cargo area. A 20.00" recessed step area will be provided at the rear of the compartment on the access side. Sides of the compartments will be constructed of the same material as the body and painted job color on the outside panels. A 2.00" tall formed painted aluminum trim will be provided to cover the seam between the top of the body panel and the bottom of the hatch compartment. The vertical outboard seam at the center of the compartment will have a painted smooth weld. Top of the compartments will be constructed of bright aluminum treadplate. One (1) lift-up, bright aluminum treadplate door will be provided on the top of each hatch compartment. Each door will have a lever handle with a slam style latch to hold the doors in the closed position. These double pan doors will have lipped edges with a rubber seal for weather resistance. Doors will be hinged on the outboard side and will be held open with pneumatic stay arms. The compartments will have a 3/4" drain that extends to below the body. Black rubber matting shall be provided to help prevent stored equipment in pooled water.	AGENDA ITEM NO. 28.
0733406	Handrails, Hatch Step Area, (1) Curved & (1) Straight	Handrails will be provided at the step area to the rear of the hatch compartment. One (1) curved handrail will be mounted on the outboard side of the step area at the rear and curve over the top. One (1) straight handrail will be mounted vertically along the inboard side of the step area.	
0659814	Lights, Hatch Compt, Amdor AY-9220 LED Strip Light, 177", Both Sides	HATCH COMPARTMENT LIGHTING There will be Amdor LumaBar, Model AY9220-0**, LED strip lights mounted the full length on the interior, hinged side of each compartment. The lights will be mounted with mechanical fasteners. The hatch compartment lights will be activated when the battery switch is on and the respective door is opened.	
0687145	Shelf Tracks, Recessed, PUC/3rd Generation	MOUNTING TRACKS There will be recessed tracks installed vertically to support the adjustable shelf(s). Tracks will not protrude into any compartment in order to provide the greatest compartment space and widest shelves possible. The tracks will be provided in each compartment except for the one that contains the pump operator's panel.	
0600350	Shelves, Adj, 500 lb Capacity, Full Width/Depth, Predefined Locations	ADJUSTABLE SHELVES There will be eight (8) shelves with a capacity of 500 lb provided. The shelf construction will consist of .188" aluminum painted spatter gray with 2.00" sides. Each shelf will be infinitely adjustable by means of a threaded fastener, which slides in a track. The shelves will be held in place by .12" thick stamped plated brackets and bolts. The location(s) will be in RS2 centered between the floor and the ceiling, in RS1 in the upper third, in RS1 in the upper third, in RS3 in the lower third to the left of the partition, in RS3 in the lower third to the right of the partition, in RS3 in the upper third to the right of the partition, in RS3 in the upper third to the left of the partition and in LS2 centered between the floor and ceiling.	
0709690	Tray, 250 lb Slide-out, 2" Sides - Adj. Height, Predefined Locations	SLIDE-OUT ADJUSTABLE HEIGHT TRAY There will be one (1) slide-out tray provided. Each tray will have 2.00" high sides and a minimum capacity rating of 250 lb in the extended position. Each tray will be constructed of aluminum painted spatter gray. Each tray will be mounted on a pair of side mounted slides. The slide mechanisms will have ball bearings for ease of operation and years of dependable service. The slides will be mounted to shelf tracks to allow the tray to be adjustable up and down within the designated mounting location. An automatic lock will be provided for both the in and out tray positions. The lock trip mechanism will be located at the front of the tray and will be easily operated with a gloved hand. The location(s) will be in B1 centered between the floor and ceiling.	
0647042	Tray, Floor Mounted, Slide-Out, w/ Side Slides, 200lb, 2.00" Sides, 3G	SLIDE-OUT FLOOR MOUNTED TRAY There will be one (1) floor mounted slide-out tray(s) with 2.00" sides provided RS3 forward of partition with interior of tray 30" wide clear. Each tray will be rated for up to 200lb in the extended position. The tray(s) will be constructed of .19" aluminum with non-welded corners. The finish will be painted to match compartment interior. Slides will be equipped with ball bearings for ease of operation and years of dependable service. The slides will be located on the sides of the tray so that the tray can be located as close to the compartment floor as possible. Automatic locks will be provided for both the "in" and "out" positions. The trip mechanism for the locks will be located at the front of the tray for ease of use with a gloved hand.	

0647043		Tray, Floor Mounted, Slide-Out, Full Width/Full Depth, 500lb, 2.00" Sides, 3G	SLIDE-OUT FLOOR MOUNTED TRAY There will be one (1) floor mounted slide-out tray(s) with 2.00" sides provided. The tray(s) will be rated for up to 500lb in the extended position. The tray(s) will be constructed of .19" aluminum with non-welded corners. The finish will be painted spatter gray. The trays will be designed for maximum compartment width and depth. There will be two undermount-roller bearing type slides rated at 250lb each provided. The pair of slides will have a safety factor rating of 2. To ensure years of dependable service, the slides will be coated with a finish that is tested to withstand a minimum of 1,000 hours of salt spray per ASTM B117. To ensure years of easy operation, the slides will require no more than a 50lb force for push-in or pull-out movement when fully loaded after having been subjected to a 40 hour vibration (shaker) test under full load. The vibration drive file will have been generated from accelerometer data collected from a heavy truck chassis driven over rough gravel roads in an unloaded condition. Proof of compliance will be provided upon request. Automatic locks will be provided for both the "in" and "out" positions. The trip mechanism for the locks will be located at the front of the tray for ease of use with a gloved hand.	AGENDA ITEM NO. 28.
0647467		Tray, Floor Mounted, Slide-Out, 500lb, Special Side Height, 3G	SLIDE-OUT FLOOR MOUNTED TRAY There will be one (1) floor mounted slide-out tray(s) provided in compartment LS3, on the permanent horizontal partition. Match Job 38442.. Each tray will be rated for up to 500lb in the extended position. The tray(s) will be constructed of .19" aluminum with non-welded corners. The finish will be painted to match compartment interior. The side height of the tray(s) will be as follows: Front: 2.00" high Rear: 2.00" high Left and Right Sides: 2.00" high There will be two undermount-roller bearing type slides rated at 250lb each provided. The pair of slides will have a safety factor rating of 2. To ensure years of dependable service, the slides will be coated with a finish that is tested to withstand a minimum of 1,000 hours of salt spray per ASTM B117. To ensure years of easy operation, the slides will require no more than a 50lb force for push-in or pull-out movement when fully loaded after having been subjected to a 40 hour vibration (shaker) test under full load. The vibration drive file will have been generated from accelerometer data collected from a heavy truck chassis driven over rough gravel roads in an unloaded condition. Proof of compliance will be provided upon request. Automatic locks will be provided for both the "in" and "out" positions. The trip mechanism for the locks will be located at the front of the tray for ease of use with a gloved hand.	
0725648		Cabinet, Drawer Assembly, CTECH, Two Drawers, Up To 24" Wide, 24" Deep	DRAWER ASSEMBLY A slide-out drawer assembly will be installed LS3, Match Job # 38442. The clear dimensions of the first drawer starting at the top will be 6.00" with a face plate that is 7.00" high x 21.00" deep. The clear dimensions of the second drawer will be 5.75" with a face plate that is 6.00" high x 21.00" deep. Each drawer will be the same width and not exceed 24.00". The drawers will have a capacity of 250 pounds. The drawers will be mounted in a cabinet housing constructed of light gray powder coated aluminum with anodized aluminum frames. The housing will be 24.00" deep, and completely enclose the drawer. A full-length aluminum extruded rail will be provided at the top edge of each drawer. This rail will act as the latching mechanism as well as the handle for each drawer. There will be a total of one (1) provided.	
0898946	SP	Toolboard Bolted IPO Pins	The cotter pins for the slide out toolboard(s) will be replaced with through bolts.	
0590939		Toolboard, Alum, .188", Peg Board, Added to Slide-Out Tray	TOOL BOARD An aluminum tool board will be provided. It will be a minimum of 0.188" thick with .203" diameter holes in a pegboard pattern with 1.00" centers between holes. A 1.00" x 1.00" aluminum tube frame will be welded to the edge of the board. The board will be installed on adjustable tracks on a slide out tray. The tracks will allow side to side adjustment. The board will be as high as space permits and full length of the tray. The tray is not included in this option. One (1) toolboard(s) will be provided. The toolboard(s) will be spatter gray painted and installed LS3, adjusted with minimum of 9" clear mountable space on pump panel side of tool board. Match 38442.	
0726423		Partition, Trans Rear Compt, PUC/HDRP, Sealed	PARTITION, TRANSVERSE REAR COMPARTMENT Two (2) partitions will be bolted in place to separate the left and right side rear compartments from the rear tailboard compartment. The partition will be body material painted spatter gray. Each partition will be permanently sealed with caulk to ensure no water will leak to or from the adjoining compartments.	
0726457		Partition, Vertical Compt, Predefined Locations	VERTICAL COMPARTMENT PARTITION One (1) partition will be provided. The partition construction will consist of body material painted spatter gray. Each partition will be the full vertical height of the compartment. The location(s) will be in LS1, 12.00" from the forward door frame.	

0726403		Partition, Vertical Compt, Special Height	VERTICAL COMPARTMENT PARTITION One (1) partition will be bolted in RS3, Tight to Floor Tray. Match location of partition will be RS3, Full Height/depth. vertical height of the compartment will be painted spatter gray.	AGENDA ITEM NO. 28.
0625280		Trim, Body/Crosslay Seams, Painted Aluminum, PUC	BODY TRIM PIECE Painted aluminum trim will be provided on the horizontal body/crosslay seams. The trim piece will be bonded to the painted surface with a high viscosity adhesive.	
0593150		Plate, Shelf, Adjustable, .38", 500 lb, Each	ADJUSTABLE SHELVES There will be one (1) shelf shelves, provided. The shelf construction will consist of .38" aluminum plate painted spatter gray without sides. Each shelf will be infinitely adjustable by means of a threaded fastener, which slides in a track. The location will be LS3, tight on top of Ctech drawer assembly. this option replaced deleted option 726428. please match location to match Job 38442.	
0063064		Rub Rail, Aluminum Extruded, Side of Body, 3rd Gen Body	RUB RAIL Bottom edge of the side compartments will be trimmed with a bright aluminum extruded rub rail. Trim will be 3.12" high with 1.50" flanges turned outward for rigidity. The rub rails will not be an integral part of the body construction, which allows replacement in the event of damage. Rub rails will be attached with bolts and spaced from the body with isolators that will help to absorb any moderate impact without damaging the body.	
0515441		Fender Crowns, Rear, S/S, W/Removable Fender Liner, Pumper, 3G	BODY FENDER CROWNS Polished stainless steel fender crowns will be provided around the rear wheel openings. A fender liner constructed of aluminum painted to match the lower body color will be provided to avoid paint chipping. The liners will be removable to aid in the maintenance of rear suspension components. A dielectric barrier will be provided between the fender crown fasteners (screws) and the fender sheet metal to prevent corrosion. The fender crowns will be held in place with stainless steel screws that thread directly into a composite nut and not directly into the parent body sheet metal to eliminate dissimilar metals contact and greatly reduce the chance for corrosion.	
0602222		Hose, Hard Suction, 6.0", 10.0', Clear Corrugated, Kochek	HARD SUCTION HOSE Two (2) lengths of 6.00" Kochek Fire Grade clear corrugated hard suction hose, reinforced with a black spiral helix, 10' in length, will be provided. The hose will be equipped with a long handle female coupling on one (1) end and a rocker lug male coupling on the other end. Couplings will be black anodized hard coated aluminum.	
0747678	SP	Troughs, Hard Suction, In 21" Hatch Compartment, Spcl Length, PUC	HOSE TROUGHES Two (2) stainless steel hard suction hose troughs will be provided. The troughs will be installed in the hatch compartment located on the right side. one (1) troughs will be of adequate length to store the hose with a Kochek BS60 strainer attached. The troughs will be installed with a smooth aluminum door at the rear. The door will have a D-handle latch. A floor will be provided above the hard suction hose inside the hatch compartment to allow storage of addition equipment in the compartment.	
0527021		Handrails Located @ Front Body	HANDRAILS The handrails will be 1.25" diameter knurled aluminum to provide a positive gripping surface. Chrome plated end stanchions will support the handrail. Plastic gaskets will be used between end stanchions and any painted surfaces. Drain holes will be provided in the bottom of all vertically mounted handrails. Handrails will be located on the front of the body in positions needed to meet NFPA requirements.	
0664688		Handrails, Rear, PUC/HDRP	Two (2) vertical handrails will be located at the rear, one (1) on each side of the rear compartment.	
0014138	SP	Handrail, Rear, Below Hose Bed, Extra Stanchions	One (1) full width horizontal knurled aluminum handrail will be provided below the hose bed at the rear of the apparatus. This knurled aluminum handrail will be mounted with two additional stanchions for extra support.	

0816729	Compt, Extinguisher (2) Fender Panel, Triangular Door, 8"/8.5"Dia	EXTINGUISHER/AIR BOTTLE/ STORAGE (Triangular) A total of one (1) extinguisher/air bottle/storage compartments will be provided on the rear axle.. The triangular shaped compartment will be sized to fit a 8.00" diameter extinguisher in the lower area and a 8.50" diameter extinguisher in the upper area. The compartment will be approximately 25.50" deep. A partition will be provided to separate the compartment. Also inside the compartment, black Dura-Surf friction reducing material will be provided. The compartment will be furnished with a drain hole. A painted stainless steel, triangular shaped door with a chrome plated flush lift & turn latch will be provided to contain the air bottles. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. AIR BOTTLE COMPARTMENT STRAP A strap will be provided in the air bottle compartment(s) to help contain the bottles when the vehicle is parked on an incline. The strap will wrap around the neck and attach to the wall of the compartment.	AGENDA ITEM NO. 28.
0654143	Compt, Air Bottle, Single,Tri Door (DEF/Fuel), Fender Panel	AIR BOTTLE STORAGE (Single) A quantity of one (1) air bottle compartment, approximately 7.50" wide x 7.50" tall x 26.00" deep, will be provided on the driver side rearward of the rear wheels. The triangular door will cover the air bottle opening, the DEF tank access, and fuel fill. The compartment will be square with angled corners. A painted stainless steel door with a chrome plated flush lift & turn latch will be provided to contain the air bottle. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. Inside the compartment, black rubber matting glued to the floor will be provided. Air Bottle Compartment Strap A strap will be provided in the air bottle compartment to help contain the air bottle when the vehicle is parked on an incline. The strap will wrap around the neck and attach to the wall of the compartment.	
0657522	Compt, Air Bottle, Triple, Fender Panel	AIR BOTTLE STORAGE (Triple) A quantity of one (1) air bottle compartment designed to hold (3) air bottles up to 7.25" in diameter x 26.00" deep will be provided on the right side rearward of the rear wheels. A painted stainless steel door with a chrome plated flush lift & turn latch will be provided to contain the air bottle. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal. Inside the compartment, black rubber matting glued to the floor will be provided. Air Bottle Compartment Strap A strap will be provided in the air bottle compartment(s) to help contain the air bottles when the vehicle is parked on an incline. The strap will wrap around the neck and attach to the wall of the compartment.	
0622393	Compt, Air Pack Fender Panel	AIR PACK STORAGE A total of one (1) air pack compartment(s) will be provided and located on the left side forward of the rear wheels. The air pack compartment(s) will be tapered to match the profile of the space available in the fender. The compartment(s) will be approximately 15.50" wide at the top and 5.00" wide at the bottom for the wheel cutout. The compartment(s) will be 15.50" tall at the body side compartment and 6.00" tall at the wheel cutout. The compartment(s) will be 26.00" deep and have a drain hole. Inside the compartment, black Dura-Surf friction reducing material will be provided. A painted stainless steel hinged door with a chrome plated flush lift & turn latch will be provided to contain the air pack. A dielectric barrier will be provided between the door hinge, hinge fasteners and the body sheet metal.	
0750915	SP Restraint, Air Bottle Compt Door(s), Seatbelt Material Strap	AIR BOTTLE COMPARTMENT DOOR RESTRAINT The Air Bottle and Air pack storages at fenders front and rear of rear axle. Match Job 38442.air bottle compartment doors will include a seatbelt material style strap to prevent the door from hitting other items. There will be four (4) straps installed.	
0816909	Ladder, Extension, Provided by Fire Department, NFPA/ULC 2024	EXTENSION LADDERS PROVIDED BY FIRE DEPARTMENT The extension ladder is not on the apparatus as manufactured. There will be one (1) extension ladder(s) provided and installed by the fire department. The ladder(s) will be a 24' Duo-Safety 900-A, two (2)-section.	
0816887	Ladder, Roof, Provided by Fire Department, NFPA/ULC 2024	ROOF LADDER PROVIDED BY FIRE DEPARTMENT The roof ladder is not on the apparatus as manufactured. There will be one (1) roof ladder(s) provided and installed by the fire department. The ladder(s) will be a 14' Duo-Safety 775-A.	
0638384	Rack, Ladders, RS Full Depth Body, PUC/HDRP	LADDER STORAGE The ladders will be stored inside the upper section of the right side compartments. This ladder rack will reduce the depth of the upper section in the side compartments. A partition will be installed inside the compartment on the side of the rack to allow for equipment storage and to conceal the ladders. The ladders will be banked in separate storage troughs. The ladder storage assembly will be fabricated of stainless steel track channels to aid in loading and removal of ladders. Rear of the ladder storage area will have a vertically hinged smooth aluminum door with a D-handle latch to contain the ladders.	

0529913		Tubes, Aluminum, Foam Pick Up Tube Storage	FOAM PICK UP TUBE STORAGE Aluminum tubing will be used for the storage of one (1) foam pick up tube. The tubes will be located in the upper right of the ladder storage area. Match Job 38442.. The tubes will be 6' in size.	AGENDA ITEM NO. 28.
0820257		Ladder, 10' Duo-Safety 585A, Provided by Fire Dept	FOLDING LADDER PROVIDED BY FIRE DEPARTMENT The folding ladder is not on the apparatus as manufactured. There will be one (1) 10' aluminum Series 585-A Duo-Safety folding ladder provided by the fire department.	
0733004		Compt w/Trough, Folding Ladder, In Upper Body, RS	FOLDING LADDER/LONG TOOL COMPARTMENT A compartment will be provided, recessed in the upper, inside part of body compartment on the right side. The compartment will be equipped with a stainless steel trough for the folding ladder and storage for long handle tools. A door constructed of smooth aluminum and hinged along the outboard edge will be provided at the rear with a flush lift and turn latch.	
0793652		Ladder, Little Giant, Velocity - Model 13, 15413-001	ADDITIONAL FOLDING LADDER One (1) aluminum Little Giant Velocity - Model 13 folding ladder will be provided. The stored dimensions will be 44.00" high x 24.00" wide x 8.00" deep. The weight will be 25 lb. The ladder will be located stored in LS1 between the left wall and the vertical partition Match Job 38442.	
0816920		Pike Pole, Provided by Fire Department, NFPA/ULC 2024	PIKE POLE PROVIDED BY FIRE DEPARTMENT The pike poles are not on the apparatus as manufactured. The fire department will provide and mount the pike poles. There will be one (1) pike pole(s) provided. The pike pole(s) will be a Nupla 8' pike pole.	
0732982		Tube, Pike Pole 8' or Longer, In Upper Body Long Tool Storage Compt	PIKE POLE STORAGE A aluminum tube with a 0.75" standard notch for an 8' or longer pike pole will be provided in the upper body compartment on the right side. One (1) pike pole will require a tube provided in this location.	
0816918		Pike Pole, 6', Provided by Fire Department, NFPA/ULC 2024	6' PIKE POLE PROVIDED BY FIRE DEPARTMENT The pike pole is not on the apparatus as manufactured. The fire department will provide and mount the pike poles. There will be one (1) 6' pike pole(s) provided. The pike pole(s) will be a Nupla 6' pike pole.	
0732992		Tube, Pike Pole 6', In Upper Body Long Tool Storage Compt	PIKE POLE STORAGE A aluminum tube for a 6' pike pole with 0.75" standard notch will be provided in the upper body compartment on the right side. One (1) pike pole will require a tube provided in this location.	
0740068		Compt, Long Tool Storage Compt, In Upper Body (1) LS, PUC/HDRP	LONG ITEM STORAGE COMPARTMENT One (1) compartment will be provided, recessed in the upper, inside part of body compartment on the left side for storage of long handle tools. The door will be made of smooth aluminum and have a flush lift and turn latch. The door will be hinged along the outboard edge.	
0724173	SP	Trough for D-Handled Trash Hook, w/Bracket Supports	TRASH HOOK STORAGE There will be one (1) stainless steel U-shaped trough(s) provided for storage of D-handle style trash hook(s). The trough(s) will be installed in crosslay area accessible from right and left side above dead lay tray attached to backboard compartment with trough that is 7'6" long. Match Job 38442.. There will be shelf type bracket supports provided to help support the trash hook ends.	
0058193		Tubes, Alum, Pike Pole Storage, Spcl Notch, NY PP Head	PIKE POLE STORAGE Aluminum tubing will be used for the storage of two (2) pike poles and will be located (2) tubes forward of lower crosslays attached to front wall (removable for service) with (1) tube accessible from left side and (1) accessible from right side. Match job 38442.. If the head of a pike pole can come in contact with a painted surface, a stainless steel scuffplate will be provided. The pike pole tube will be notched to allow a New York style pike pole to fit into the tube.	
0521734		No Steps Required, Front Of Body, PUC		

0657023	SP	Ladder, Top Access, Alum, LH Rear, Spaced to meet NFPA, PUC	LADDER, TOP ACCESS A wide easy climbing access ladder, constructed of aluminum rungs and will be provided on the left side at the rear of the apparatus. The inside ladder will be 13.75" wide The lower section of the ladder will be retractable into the upper section to eliminate interference with the rear FMVSS lights. When lowered the bottom rung will be lower than the body, approximately 16.00" to 20.00" from the ground to allow a lower first step height. The ladder will be slanted when in use for easy access, and fold against the body for storage to reduce the overall length. Corrosion resistant, stainless steel spring-loaded locks will hold the ladder in place. The ladder mounting brackets will be built so the rear bulkhead lighting does not have to be recessed mounted. Lights will be flush mounted. There will be a "do not move truck" indicator activated in the cab if the ladder is not in the stowed position when the parking brake is disengaged.	AGENDA ITEM NO. 28.
0650261		I Zone Bracket, Pair, Folding Style	I-ZONE BRACKETS Two (2) flip-out I-Zone brackets will be provided and mounted at the rear of the apparatus, (1) each side so hose hung from a single bracket will not block the taillights. Match Job 38442.. The brackets will be designed with adequate reinforcement to eliminate flexing of the body (oil canning).	
0515692		Pump Operators Panel, 31", Control Zone, PUC	PUMP CONTROL PANELS (Left Side Control) Pump controls and gauges will be located midship at the left side of the apparatus and properly identified. The main pump operator's control panel will be completely enclosed and located in the forward section of the body compartment, to protect against road debris and weather elements. The pump operator's panels will be no more than 31.00" wide, and made in four (4) sections with the center section easily removable with simple hand tools. For the safety of the pump operator, there will be no discharge outlets or pump inlets located on the main pump operators panel. Layout of the pump control panel will be ergonomically efficient and systematically organized. The upper section will contain the master gauges. This section will be angled down for easy visibility. The center section will contain the pump controls aligned in two horizontal rows. The pressure control device, engine monitoring gauges, electrical switches, and foam controls (if applicable) will be located on or adjacent to the center panel, on the side walls for easy operation and visibility. The lower section will contain the outlet drains. Manual controls will be easy moving 8" long lever style controls that operate in a vertical, up and down swing motion. These handles will have a 2.25" diameter knob and be able to lock in place to prevent valve creep under any pressure. Bright finish bezels will encompass the opening, be securely mounted to the pump operator's panel, and will incorporate the discharge gauge bezel. Bezel will be bolted to the panel for easy removal and gauge service. The left side discharges will be controlled directly at the valve. There will be no push-pull style control handles. Identification tags for the discharge controls will be recessed within the same bezel. The discharge identification tags will be color coded, with each discharge having its own unique color. All remaining identification tags will be mounted on the pump panel in chrome-plated bezels. All discharge outlets will be color coded and labeled to correspond with the discharge identification tag. The pump panels for the midship discharge and intake ports will be located ahead of the body compartments with no side discharge or intake higher than the frame rail. The pump panels will be easily removable with simple hand tools. A recessed cargo area will be provided at the front of the body, ahead of the water tank above the plumbing.	
0520016		Not Required, Pumphouse Structure, PUC		

0889383	Pump, Pierce, 2000 GPM, Single Stage, PUC-NG	AGENDA ITEM NO. 28. PUMP Pump will be a Pierce, low profile, 2000 gpm single stage midship mounted below the cab. The pump will have a 15 percent reserve capacity. The time between pump rebuild. To ensure efficient pump/vehicle design the capacity to weight ratio will not be less than 1.5:1. The pump casing will consist of three (3) discharge outlets, one (1) to each side in line with the impeller and one (1) to the rear. The pump casing will incorporate two (2) water strippers to maintain radial balance. Pump will be the Class A type. Pump will be certified to deliver the percentage of rated discharge from draft at pressure indicated below: 100 percent of rated capacity at 150 psi net pump pressure 70 percent of rated capacity at 200 psi net pump pressure 50 percent of rated capacity at 250 psi net pump pressure The pump will have the capacity to deliver the percentage of rated discharge from a pressurized source as indicated below: 135 percent of rated capacity at 100 psi net pump pressure from a 5 psi source Pump body will be fine-grained gray iron. Pump will incorporate a heater/cooling jacket integral to the pump housing. The impeller will be high strength vacuum cast bronze alloy accurately machine balanced and splined to a ten (10) spline stainless steel pump shaft for precision fit, exceptional durability, and efficiency. Double replaceable reverse flow labyrinth type bronze wear ring design will help to minimize end thrust. The impeller will be a twisted vane design to create higher lift. No keyed shafts will be acceptable. The pump will include o-ring gaskets throughout the pump. Deep groove radial type oversize ball bearings will be provided. The bearings will be protected at the openings from road dirt and water with an oil seal and water slinger. The pump will have a flat, patterned area on the top of the pump intake wye to allow standing for plumbing maintenance. The main inlet manifold will be 6.00" in diameter and will have a low profile design to facilitate low crosslays and high flows. For ease of service, the pump housing, intake wye, impeller, mechanical seal, and gear case will be accessible from above the chassis frame by tilting the cab. Removal of the main inlet wyes will provide access to the impeller, mechanical seal, and wear ring. The tank to pump line and the primary discharge line will be the only piping required to be removed for overhaul. For ease of service and overhaul there will be no piping or manifolding located directly over the pump. PUMP MOUNTING Pump will be mounted to the chassis frame rails directly below the crew cab, to minimize wheelbase and facilitate service, using rubber isolators in a modified V pattern that include one (1) central mounted isolator located between the frame rails and one (1) on each side outside the frame rails. The mounting will allow chassis frame rails to flex independently without damage to the fire pump. Each isolator will be 2.55" in total outside diameter and will be rated at 490 lb. The pump will be completely accessible by tilting the cab with no piping located directly above the pump.
0515822	Seal, Mechanical, Silicon Carbide, PUC Pump	MECHANICAL SEALS Silicon carbide mechanical seals will be provided. The seals will be spring loaded and self-adjusting. The seals will have a minimum thermal conductivity of 126 W/m*K to run cooler. Seals will have a minimum hardness of 2800 kg/mm2 to be more resistant to wear, and have thermal expansion characteristics of no more than 4.0 X106mm/mm*K to be more resistant to thermal shock.
0802234	Gear Case, Integrated Pump Transmission, PUC-NG, Cummins	PUMP GEAR CASE The integrated pump transmission gear case will use a pressure-lubricated system to cool, lubricate, and filter the oil. The gear case will be constructed of lightweight aluminum, and impregnated with resin in accordance to MIL Spec MIL-I-17563. A sight glass, accessible by tilting the cab, will be provided for easy fluid level checks. The gear case will consist of three (3) gears to drive the pump. CLUTCH There will be a heavy-duty hydraulic clutch mounted directly to the integrated pump transmission to engage and disengage the pump without gear clash. The clutch will be a multiple disc design for maximum torque. The clutch will be fully self-adjusting to provide automatic wear compensation, and consistent torque throughout the life of the clutch. Positive engagement and disengagement will be provided through a high efficient and dependable hydraulic system to assure superior performance. LOW PRESSURE/HIGH TEMPERATURE LIGHTS Lights will be provided to indicate when a high temperature or low pressure situation occurs. Lights will be provided next to the master gauges at the pump panel as well as on the control panel in the cab. A pair of lights will be provided in each location. One (1) light will be provided to indicate high temperature. The second light will be provided to indicate a low pressure. All lights will be labeled accordingly.

0721196	Pumping Mode, Pump and Roll/Stationary, Basic, MUX, PUC	PUMPING MODE Pump will provide for both pump and roll mode and stationary pumping. Stationary pumping mode will be accomplished by stopping the vehicle and engaging the water pump switch on the cab switch panel. The transmission will shift to "Neutral" range automatically when the parking brake is set. The "OK to Stationary Pump" indicator will also illuminate when the parking brake is set. If the vehicle is equipped with a suitable Husky foam system or Hercules CAFS system, these systems will be engaged from the cab switch panel as well. pump and roll mode will be accomplished by the use of the main pump and will not require the use of a secondary pump. pump and roll mode will use the same operation sequence as stationary pumping mode with a few additional steps. After the vehicle is setup for stationary pumping, the operator will leave the cab and setup the pump panel to discharge at the desired outlet(s). Upon returning to the cab, the operator will disengage the parking brake. An "OK to pump and roll" indicator will illuminate on the cab switch panel. First gear on the transmission gear selector will be selected by the operator for pump and roll operations. The operator as needed will apply the foot throttle. pump and roll mode will be maintained unless the transmission shifts out of first gear. Stopping either stationary pumping mode or pump and roll mode will be accomplished by pressing the "Water Pump" switch down to disengage the pump. A pump pressure reading will be displayed in view of the driver.	AGENDA ITEM NO. 28.
0658980	Pump Shift, Sure-Shift, Additional Switch, Pump Operator's Panel	PUMP SHIFT Pump will be engaged in not more than two steps, by simply setting the parking brake, which will automatically put the transmission into neutral, and activating a rocker switch in the cab. Switches in the cab will also allow for water, foam, or CAFS if equipped, and activate the appropriate system to preset parameters. The engagement will provide simple two-step operation, enhance reliability, and completely eliminate gear clash. The shift will include the indicator lights as mandated by NFPA. A direct override switch will be located behind a door in the pump operator's panel. The switch will automatically disengage when the door is closed. As the parking brake is applied, the pump panel throttle will be activated and deactivate the chassis foot throttle for stationary operation. An additional pump activation switch will be provided at the pump operator's panel to engage the pump. A switch guard will be installed to prevent accidental switch activation. Indicator lights will be provided to show that the pump is in gear.	
0515833	Transmission Lock-up, Not Req'd, Park to Neutral, Pump, PUC	TRANSMISSION LOCK UP Transmission lock up is not required as transmission will automatically shift to neutral as soon as the parking brake is set.	
0515835	Auxiliary Cooling System, PUC	AUXILIARY COOLING SYSTEM A supplementary heat exchange cooling system will be provided to allow the use of water from the discharge side of the pump for cooling the engine water. A water-to-coolant heat exchanger will be used.	
0014486	Not Required, Transfer Valve, Single Stage Pump		
0746508	Valve(s), Relief Intake, Trident Air Max, Control Location	INTAKE RELIEF VALVE One (1) Trident Air Max intake relief valve(s) will be installed on the suction side of the pump preset at 200 psig. The relief valve will have a working range of 50 psi to 350 psi. The outlet will terminate below the frame rails with a 2.50" National Standard hose thread adapter and will have a "do not cap" warning tag. One (1) adjustable air regulator and pressure indicating gauge will be located on a common bezel on the left side pump panel to control the intake valve(s).	

0724463	Controller, Pressure, Pierce LCD , PUC	PIERCE PRESSURE CONTROLLER A Pierce electronic pressure controller will be provided. A pressure transducer will be installed in the discharge side of the water pump. The pressure controller continuously monitors pump pressure sending a signal to the electronic pressure controller. The pressure controller can be used in two (2) modes of operation, RPM mode and pressure modes. The controller will be programmed to turn on/default to No Mode/Default Press Setting mode. In the RPM mode, the controller can be activated after vehicle parking brake has been set. When in this mode, the controller will maintain the set engine speed, regardless of engine load (within engine operation capabilities). In the pressure mode, the controller can be activated after vehicle parking brake has been set. When in this mode, the controller will automatically maintain the discharge pressure set by the operator (within the discharge capabilities of the pump and water supply) regardless of flow. A 2.00" diameter throttle control knob with no mechanical stops, a serrated grip, and a red idle push button in the center will be a integrated/part of the pressure controller. The throttle control knob will be programmed for Clockwise rotation to increase engine speed. Individual LED indicators for ok to pump, throttle ready, pressure mode and rpm mode will be located on the pressure controller for easy viewing. A pump cavitation protection feature will also be provided which will return the engine to idle should the pump cavitate. Cavitation is sensed by the combination of pump pressure below 30 psi and engine speed above 2000 rpm for more than five (5) seconds. Other safety features include recognition of low water and no water conditions with an automatic programmed response and a push button to return the engine to idle. The pressure controller LCD screen will be 4.20" in size with a minimum brightness of 750 nits. The LCD screen and LED intensity will automatically adjust for day and nighttime operation. The LCD screen intensity can also be manually adjusted if needed. The following information will be provided/displayed on the LCD screen: Engine RPM Check engine and stop engine warning indicators Engine oil pressure Engine coolant temperature Water pump transmission temperature Fuel Level Water tank level Battery voltage Operating mode (RPM or pressure) Pressure or RPM setting On screen messaging show diagnostic and warning messages as they occur. It will show apparatus information, stored data, and program options when selected by the operator. It will monitor inputs outputs and support audible and visual warning alarms for the following conditions: High battery voltage Low battery voltage/engine off Low battery voltage/engine running High water pump temperature Low fuel Low engine oil pressure High engine coolant temperature Water tank out of water (visual alarm only) No engine response (visual alarm only) The pressure controller will store the accumulated operating hours for the pump and engine. These items are to be displayed within the pressure controller menu. The pressure controller will include a USB port on the back of the controller for easy software upgrades if needed.	AGENDA ITEM NO. 28.
0072153	Primer, Trident, Air Prime, Air Operated	PRIMING PUMP The priming pump will be a Trident Emergency Products compressed air powered, high efficiency, multistage venturi based AirPrime System, conforming to standards outlined in the current edition of applicable NFPA standards. All wetted metallic parts of the priming system are to be of brass and stainless steel construction. One (1) priming control will open the priming valve and start the pump primer.	
0044552	Line, 0.50" Recirculating w/Check Valve	RECIRCULATING LINE WITH CHECK VALVE A 0.50" diameter recirculating line, from the pump to the water tank, will be furnished with a control installed at the pump operator's control panel. A check valve will be provided in this line to prevent the back flow of water from the tank to the pump if the valve is left in the open position.	
0895331	SP Thermal Relief Valve 140, w/Amber Warning Light and Alarm, PUC Pump	THERMAL RELIEF VALVE A Pierce thermal relief valve will be included on the pump that monitors pump water temperature and opens to relieve water to cool the pump when the temperature of the pump water exceeds 140 Degrees F. The thermal protection system will include a amber warning light and audible alarm mounted on the pump operator panel. The discharge line will be 3/8 inch diameter tubing plumbed to ground.	
0780359	Manuals, Pump, (2) Total, Electronic Copies, Pierce PUC Pump	PUMP MANUALS There will be a total of two (2) pump manuals provided by the pump manufacturer and furnished with the apparatus. The manuals will be provided by the pump manufacturer in the form of two (2) electronic copies. Each manual will cover pump operation, maintenance, and parts.	

0602496	Plumbing, Stainless Steel and Hose, Single Stage Pump, PUC	PLUMBING, STAINLESS STEEL AND HOSE All inlet and outlet lines will be plumbed with either stainless steel pipe tubing or synthetic rubber hose reinforced with hi-tensile polyester braid equipped with brass or stainless steel couplings. All stainless steel hard plumbing will be a minimum of a schedule 10 wall thickness. Where vibration or chassis flexing may damage or loosen piping or where a coupling is required for servicing, the piping will be equipped with victaulic or rubber couplings. Plumbing manifold bodies will be ductile cast iron or stainless steel. All piping lines are to be drained through a master drain valve or will be equipped with individual drain valves. All drain lines will be extended with a hose to drain below the chassis frame. All water carrying gauge lines will be of flexible polypropylene tubing. All piping, hose and fittings will have a minimum of a 500 PSI hydrodynamic pressure rating.	AGENDA ITEM NO. 28.
0795135	Plumbing, Stainless Steel, w/Foam System	FOAM SYSTEM PLUMBING All piping that is in contact with the foam concentrate or foam/water solution will be stainless steel. The fittings will be stainless steel or brass. Cast iron pump manifolds will be allowed.	
0517852	Inlets, 6.00" - 1250-2000 GPM, Pierce PUC Pump	MAIN PUMP INLETS A 6.00" pump manifold inlet will be provided on each side of the vehicle. The suction inlets will include removable die cast zinc screens that are designed to provide cathodic protection for the pump, thus reducing corrosion in the pump. Main pump inlets will not be located on the main operator's panel and will maintain a low connection height by terminating below the top of the chassis frame rail.	
0812671	Valve, w/Relief, LS Main Inlet, 6", Elec, Akron 9333 Cont, w/O-ride,PUC	INLET BUTTERFLY VALVE One (1) high performance butterfly valve will be provided on the left side main pump inlet. The 6.00" inlet valve will be provided with a Akron Style 53 built-in, adjustable pressure relief valve preset at 125 psig and a bleeder valve will be provided on the inlet side of the valve. There will be an Akron 9333 electric valve controller provided on the pump operators panel. The electric control must be of a true position feedback design, requiring no clutches in the motor or current limiting. The unit must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate the valve actuator. The controller will provide position indication on a full color, backlit LCD display. It will have manual adjustment of the brightness as well as an auto dimming option. A manual override hex nut will be provided directly on the inlet valve. Access to the manual override hex nut will be provided with a hole thru the left side lower pump panel. The hole in the left pump panel will allow the use of a speed wrench and/or ratchet with a socket to be used on the valve override hex nut if needed. A maintain switch will be provided near the manual override. The switch will cut off power to the valve to allow for manual override valve actuation. A one piece speed wrench will be provided in loose equipment for manually overriding the valve. The speed wrench will have sockets welded on each end for overriding the valve.	
0004646	Cap, Main Pump Inlet, Long Handle, NST, VLH	MAIN PUMP INLET CAP The main pump inlets will have National Standard Threads with a long handle chrome cap. The cap will be the Pierce VLH, which incorporates an exclusive thread design to automatically relieve stored pressure in the line when disconnected.	
0084610	Valves, Akron 8000 series- All	VALVES All ball valves will be Akron® Brass. The Akron valves will be the 8000 series heavy-duty style with a stainless steel ball and a simple two-seat design. No lubrication or regular maintenance is required on the valve. Valves will have a ten (10) year warranty.	
0520002	Valve, Inlet(s) Recessed, Side Cntrl, PUC	The location of the valve for the two (2) inlets will be recessed behind the pump panel.	
0004700	Control, Inlet, at Valve	INLET CONTROL The side auxiliary inlet(s) will incorporate a quarter-turn ball valve with the control located at the inlet valve. The valve operating mechanism will indicate the position of the valve.	
0004660	Inlet (1), Left Side, 2.50"	LEFT SIDE INLET There will be one (1) auxiliary inlet with a 2.50" valve at the left side pump panel, terminating with a 2.50" (F) National Standard hose thread adapter. The auxiliary inlet will be provided with a strainer, chrome swivel and plug.	
0004680	Inlet, Right Side, 2.50"	RIGHT SIDE INLET There will be one (1) auxiliary inlet with a 2.50" valve at the right side pump panel, terminating with a 2.50" (F) National Standard hose thread adapter. The auxiliary inlet will be provided with a strainer, chrome swivel and plug.	

0521137	Anode, Zinc, Pair, Pump Inlets, PUC	ANODE, INLET A pair of sacrificial zinc anodes will be provided in the water pump inlet corrosion.	AGENDA ITEM NO. 28.
0897252	Inlet, 4" to 6" Front, 5" Plumbing, w/Bleeder Valve, California Style	FRONT INLET A 4.50" inlet front inlet that terminates on the right side bumper extension with a "California" style 8.00" wide notch will be provided. The plumbing will consist of 5.00" stainless steel and a 5.00" Jamesbury butterfly valve . Only radius elbows will be used in the piping, no mitered joints. Drains will be furnished in all the low points of piping and have .75" valves with T swing handle. Bleeder valves will be located near the threaded connection and the valve control. Die cast zinc screens will be provided at the front inlet connection.	
0767497	Control, Front Inlet, Akron 9333 Elec Controller, w/Override, PUC, Disconnect Sw	FRONT INLET CONTROL The front inlet will be gated and controlled with an Akron 9333 electric valve controller provided on the pump operators panel. The electric control must be of a true position feedback design, requiring no clutches in the motor or current limiting. The unit must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate the valve actuator. The controller will provide position indication on a full color, backlit LCD display. It will have manual adjustment of the brightness as well as an auto dimming option. A manual override hex nut will be provided directly on the valve. Access to the manual override hex nut will be between the lower pump panel and the rearward area of the cab on the right side of the truck. A maintain switch will be provided on the lower right PUC pump panel near the manual override hex nut to disconnect the power to the electric actuator motor to allow the manual override to be utilized. A manual override speed wrench with swivel sockets will be provided in loose equipment to override the front inlet valve.	
0737985	Valve, Relief Intake,Front Inlet,Trident Air Max,Cntrl w/Main Pump Intake Relief	INTAKE RELIEF VALVE, FRONT INLET A Trident Air Max intake relief valve will be installed on the inlet side of the front inlet valve. The relief valve will have a working range of 50 PSI to 350 PSI. The outlet will terminate below the frame rails with a 2.50" National Standard hose thread adapter and will have a "do not cap" warning tag. The control for this front inlet intake relief valve will be operated with the main pump Trident Air Max intake relief valve controls.	
0769000	Piping to Terminate in Hose Tray, As Short As Possible	FRONT INLET PIPING The piping for the front inlet will terminate with a chrome plated National Standard hose thread adapter, within the front hose tray so that the adapter threads protrude just far enough to allow a hose coupling to be installed.	
0521688	Not Required, Cap, Long Handle, Front Inlet, Pre-connected Hose		
0092569	No Rear Inlet (Large Dia) Requested		
0064116	No Rear Inlet Actuation Required		
0092696	Not Required, Cap, Rear Inlet		
0009648	No Rear Intake Relief Valve Required on Rear Inlet		
0092568	No Rear Auxiliary Inlet Requested		
0723049	Valve, .75" Bleeder, Aux. Side Inlet, "T" Swing Handle	INLET BLEEDER VALVE A 0.75" bleeder valve will be provided for each side gated inlet. The valves will be located behind the panel with a "T" swing style handle control extended to the outside of the panel. The handles will be chrome plated and provide a visual indication of valve position. The swing handle will provide an ergonomic position for operating the valve without twisting the wrist and provides excellent leverage. The water discharged by the bleeders will be routed below the chassis frame rails.	

0520277	Tank to Pump, (1) 3.00" Valve, 4.00" Plumbing, PUC	TANK TO PUMP The booster tank will be connected to the intake side of the pump with and a quarter turn 3.00" full flow line valve with the control located at the rubber coupling will be included in this line to prevent damage from vibration or chassis rocking. A check valve will be provided in the tank to pump supply line to prevent the possibility of "back filling" the water tank.	AGENDA ITEM NO. 28.
0595508	Outlet, Tank Fill, 1.50", PUC	TANK REFILL A 1.50" combination tank refill and pump re-circulation line will be provided, using a quarter-turn full flow ball valve controlled from the pump operator's panel.	
0766941	Control, Outlets, Swing Handle, Elec Right Outlets Akron 9335 w/Press Disp, PUC	DISCHARGE OUTLET CONTROLS The right side discharges will incorporate a quarter-turn ball valve and be controlled by Akron 9335 electric valve controllers provided on the pump operators panel. The electric controls must be of a true position feedback design, requiring no clutches in the motor or current limiting. The units must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate their corresponding valve actuator. The controllers will provide position indication on a full color, backlit LCD display. They will have manual adjustment of the brightness as well as an auto dimming option. In addition to the valve controls, the electric valve controllers will include a pressure display All other outlets will have manual swing handles that operate in a vertical up and down motion. These handles will be able to lock in place to prevent valve creep under pressure.	
0516755	Outlet, Left Side, 2.50" (2), PUC	LEFT SIDE DISCHARGE OUTLETS There will be two (2) discharges with a 2.50" valves on the left side of the apparatus, terminating with a 2.50" (M) National Standard hose thread adapter. Discharges will be located below the cab, and will be no higher than the top of the chassis frame rail. Discharges will not be located on the pump operator's panel. Lever controls will be provided at the valve.	
0055095	Not Required, Elbow, Left Side Outlets, 2.50"		
0092570	Not Required, Outlets, Left Side Additional		
0035094	Not Required, Elbow, Left Side Outlets, Additional		
0766761	Outlet, Right Side, 2.50", (1), Electric Akron 9335 Controller, PUC	RIGHT SIDE DISCHARGE OUTLETS One (1) discharge outlet with a 2.50" valve will be provided on the right side of the apparatus, terminating with a 2.50" MNST adapter. The discharge(s) will be located below the crew cab and will be no higher than the top of the chassis frame rail. There will be Akron 9335 electric valve controller(s) provided on the pump operators panel. The electric control(s) must be of a true position feedback design, requiring no clutches in the motor or current limiting. The unit(s) must be completely sealed with momentary open, close as well and an optional one touch full open feature to operate the valve actuator. The controller(s) will provide position indication on a full color, backlit LCD display. They will have manual adjustment of the brightness as well as an auto dimming option. In addition to valve position, each controller will include a pressure display.	
0021134	Not Required, Elbow, Right Side Outlets, 2.50"		
0092571	Not Required, Outlets, Right Side Additional		
0089584	Not Required, Elbow, Right Side Outlets, Additional		
0818640	Outlet, Large Diameter, Right Side, Akron Valve, PUC	LARGE DIAMETER DISCHARGE OUTLET There will be an Akron 8800 4.00" flat ball valve with 4.00" plumbing terminating with a 4.00" MNST chrome adapter on the right side pump panel. The valve will be controlled with a(n) Akron 9335 with pressure located at the pump operator's panel.	

0820228	Elbow and Cap, Large Dia Outlet, Provided by Fire Department, NFPA/ULC 2024	LARGE DIAMETER OUTLET ELBOW/CAP PROVIDED BY FIRE DEPARTMENT NFPA 1900, 2024 edition, section 13.7.7 and CAN/ULC S515:2024 ed any 2.00" or larger discharge outlet that is located more than 42.00" of hose is to be connected and that is not in a hose storage area will be supplied with a sweep elbow of at least 30 degrees downward. NFPA 1900, 2024 edition, section 13.7.4 and CAN/ULC S515:2024 edition, section 5.2, requires all discharge outlet connections, except connections to which a hose will be pre-connected, will be equipped with caps or closures capable of withstanding a hydrostatic gauge pressure of 100 psi over the maximum pump close-off pressure or 500 psi, whichever is greater. The elbow(s) and cap are not on the apparatus as manufactured. The fire department will provide the elbow(s) and cap.
0649939	Outlet, Front, 1.50" w/2" Plumbing	FRONT DISCHARGE OUTLET There will be one (1) 1.50" discharge outlet piped to the front of the apparatus and located on the top of the left side of the front bumper. Plumbing will consist of 2.00" piping and flexible hose with a 2.00" ball valve with control at the pump operator's panel. A fabricated weldment made of stainless steel pipe will be used in the plumbing where appropriate. The piping will terminate with a 1.50" NST with 90 degree stainless steel swivel. There will be T swing handle drains provided at all low points of the piping.
0516777	Outlet, Rear, 2.50", (1), Thru Tank, PUC	REAR DISCHARGE OUTLET One (1) discharge outlet will be piped to the rear of the hose bed on left side, installed so proper clearance is provided for spanner wrenches or adapters. Plumbing will consist of 2.50" piping along with a 2.50" full flow ball valve with the control from the pump operator's panel. Discharge will terminate with 2.50" NST thread. Discharge piping will be schedule 10 304L welded or formed stainless steel and routed through the water tank.
0045091	Elbow, Rear Outlets, 45 Degree, 2.50" FNST x 2.50" MNST, VLH	REAR OUTLET ELBOWS The 2.50" discharge outlets located at the rear of the apparatus will be furnished with a 2.50" (F) National Standard hose thread x 2.50" (M) National Standard hose thread, chrome plated, 45 degree elbow. The elbow will be Pierce VLH, which incorporates an exclusive thread design to automatically relieve stored pressure in the line when disconnected.
0537394	Not Required, Outlet, Rear, Additional, PUC	
0537395	Not Required, Elbow, Rear Outlets, Additional	
0752078	Caps/Plugs for 1.00" to 3.00" Discharges/Inlets, S/S Cable	DISCHARGE/CAPS/ INLET PLUGS Chrome plated, rocker lug, caps with S/S cables will be furnished for all discharge outlets 1.00" thru 3.00" in size, besides the pre-connected hose outlets. Chrome plated, rocker lug, plugs with S/S cables will be furnished for all auxiliary inlets 1.00" thru 3.00" in size. The caps and plugs will incorporate a thread design to automatically relieve stored pressure in the line when disconnected.
0723042	Valve, 0.75" Bleeder, Discharges, "T" Swing Handle	OUTLET BLEEDER VALVE A 0.75" bleeder valve will be provided for each outlet 1.50" or larger. Automatic drain valves are acceptable with some outlets if deemed appropriate with the application. The valves will be located behind the panel with a T swing style handle control extended to the outside of the side pump panel. The handles will be chrome plated and provide a visual indication of valve position. The T swing handle will provide an ergonomic position for operating the valve without twisting the wrist and provides excellent leverage. Bleeders will be located at the bottom of the pump panel. They will be properly labeled identifying the discharge they are plumbed in to. The water discharged by the bleeders will be routed below the chassis frame rails.
0638829	Adapter, Thread - 4.00" FNST X 4.50" MNST, w/Cap	ADAPTER There will be one (1) adapter with 4.00" FNST x 4.50" MNST, chrome, with cap. These adapters will be installed on Right side.
0005080	Reducer, 2.50" FNST x 1.50" MNST, w/Cap	REDUCER There will be one (1) adapter with 2.50" FNST x 1.50" MNST threads and a 1.50" chrome plated cap installed on Rear 2.5" discharge.

0516280	Outlet, 3.00" Deluge w/2.50" Valve, w/TFT Extend-a-Gun XG18, PUC	DELUGE RISER A 3.00" deluge riser will be installed above the pump in such a manner mounted and used effectively. Piping will be installed securely so no movement of the line is charged. The riser will be gated and controlled at the pump operator's panel. A relief valve will be provided. The deluge riser will allow flow for 1000 GPM. TELESCOPIC PIPING The deluge riser piping will include a 18.00" Task Force Model XG18 Extend-A-Gun extension. This extension will be telescopic to allow the deluge gun to be raised 18.00" increasing the range of operation. A position sensor will be provided on the telescopic piping that will activate the "do not move vehicle" light inside the cab when the monitor is in the raised position.	AGENDA ITEM NO. 28.
0095958	Deluge Outlet, Special Height/Location	DELUGE OUTLET SPECIAL INSTRUCTIONS The deluge gun outlet will be located Centered in Dunnage area so that there is no interference with Booster Reel Lines. .	
0770359	No Monitor Requested, Customer/Dealer Furnished and Installed	MONITOR A customer/dealer supplied and installed make and model Apollo Model 3414 monitor will be properly installed on the deluge riser.	
0029304	No Nozzle Req'd		
0005070	Deluge Mount, NPT	The deluge riser will have male National Pipe Threads for mounting the monitor.	
0750982	Crosslay Module, Full Width, Roll Up Doors, PUC	CROSSLAY MODULE The crosslay module will be full width of the rear body. The forward, upper corners of the module will have full body corners. The crosslay module will be manufactured for installation of roll up doors on each side.	
0750897	Doors, Crosslay, Roll-up Amdor, Each End, Full Height, PUC	ROLL-UP DOOR, CROSSLAY ENDS, PUC All compartment doors will be roll-up style double faced, aluminum construction, painted one (1) color to match the lower portion of the body and manufactured by AMDOR™. The crosslay enclosure will be full width of the body. The track will be the flanged track with the screws installed to the rear of the track guide. The slats will be double wall box frame extrusion. The exterior surface will be flat and the interior surface will be concave to help loose equipment fall to the ground and prevent it from jamming the door. Between each slat will be a PVC inner seal to prevent metal to metal contact and prevent dirt or moisture from entering the compartments. Each door will have a 4.00" counter balance to assist in lifting. A polished stainless steel lift bar with locking key latches to be provided for each roll-up door. The keys to be Model 751 to match all compartment and cab doors. The lift bar will be located at the bottom of door with striker latches installed at the base of the side frames. Side frame mounted door strikers will include support beneath the stainless steel lift bar to prevent door curtain bounce, improve bottom seal life expectancy and to avoid false door ajar signals. The crosslays will have a drip pan below the roll of the door.	
0747660	Lights, Crosslay Compt, Forward LED, 2Lts	CROSSLAY COMPARTMENT LIGHTING There will be two (2) 12 volt DC light strips with white LEDs and mechanical fasteners, provide behind the front door frame on the crosslay compartments per the following: One (1) strip light for the left side crosslay compartment door One (1) strip light for the right side crosslay compartment door The lights will be activated when the battery switch is on and the respective door is opened.	
0750916	Crosslays, (2) 1.50", W/Poly Trays, PUC	LOWER CROSSLAY There will be two (2) lower crosslays provided. 1.50" Crosslay There will be two (2) 1.50" crosslays plumbed with 2.00" welded or formed schedule 10 304L stainless steel pipe. The crosslays will be low mounted with the bottom of both crosslay trays no more than 11.00" above the frame rails for simple, safe reloading and deployment. There will be a 1.50" National Standard hose thread 90-degree swivel provided in each hose bed, so that the hose may be removed from either side of apparatus. The swivel will be as far outbound as possible for ease of changing hose. Each crosslay will be gated with a 2.00" quarter turn ball valve with the controls located at the pump operator's panel. Each hose bed will be capable of carrying 200' of 1.75" double jacket hose. Crosslay Hose Tray A removable tray will be provided for each crosslay hose bed. The crosslay tray will be constructed of black poly to provide a lightweight sturdy tray. Two (2) hand holes will be in the floor and additional hand holes will be provided in the sides for easy removal and installation from the compartment. The floor of the trays will be perforated to allow for drainage and hose drying. Trays will be held in place by a mechanical spring-loaded stainless-steel latch that automatically deploys upon loading the trays to hold the trays in place during transit.	

0744954		Crosslay, (1) 1.50", Deadlay (1), W/Poly Trays, PUC	UPPER CROSSLAY/DEADLAY There will be one (1) upper crosslay and one (1) upper deadlay provided. 1.50" Crosslay There will be one (1) 1.50" crosslay plumbed with 2.00" welded or formed schedule 10 304L stainless steel pipe. There will be a 1.50" National Standard hose thread 90-degree swivel provided in each hose bed, so that hose may be removed from either side of apparatus. The swivel will be as far outbound as possible for ease of changing hose. Each crosslay will be gated with a 2.00" quarter turn ball valve with the controls located at the pump operator's panel. Each hose bed will be capable of carrying 200' of 1.75" double jacket hose. Deadlay There will be one (1) deadlay, without plumbing provided. The hose bed will be capable of carrying 200' of 1.75" double jacket hose. Crosslay Hose Tray A removable tray will be provided for each crosslay hose bed. The crosslay tray will be constructed of black poly to provide a lightweight sturdy tray. Two (2) hand holes will be in the floor and additional hand holes will be provided in the sides for easy removal and installation from the compartment. The floor of the trays will be perforated to allow for drainage and hose drying. Trays will be held in place by a mechanical spring-loaded stainless-steel latch that automatically deploys upon loading the trays to hold the trays in place during transit.	AGENDA ITEM NO. 28.
0724032	SP	Mounting, Backboard, Upper Crosslay Module, Strap, Special, PUC	BACKBOARD STORAGE Mounting will be provide for One (1) backboard(s) located in the upper crosslay module. The backboard(s) will be enclosed and removable from either side of the truck. A 2" Velcro® strap with a tri-glide buckle will be provided on each end of the storage. A footman's loop will be used on the forward wall. The rearward wall will have a slot cut into it to weave the restraint strap through. The backboard(s) to be stored will be 1.5" T x 18"W x 71.75" L.	
0791268		MODIFICATION, Increase Wheelbase 1.00"		
0653559	SP	Reel, Booster, Two (2) - Over Pump, Alum, PUC	BOOSTER HOSE REELS Two (2) Hannay electric rewind aluminum booster hose reels will be installed over the pump in a recessed open compartment, one each side. A polished stainless steel roller and guide assembly will be mounted on each side of the apparatus. Discharge controls will be provided at the pump operator's panel. Plumbing to the reels will consist of 1.50" Aeroquip hose and a 1.50" valves.	
0896538	SP	Switch, (2) Reel Rewind - Special Location, Rocker Switch	Reel motor will be protected from overload with a sized automatic reset circuit breaker. Two (2) Electric rewind controls will be momentary rocker switches installed on In the switch panel at the pump operator's panel and on the forward wall of RS3.	
0005305		Hose, Booster - (2) Reels w/150' of 1.00"/800 PSI	Booster hose, 1.00" diameter and 150 feet long, with chrome plated Barway, or equal, couplings will be provided on each reel. Working pressure of the booster hose will be a minimum of 800 psi.	
0017858		Capacity, Hose Reel 150' of 1"	Capacity of the hose reel will be 150 feet of 1.00" booster hose.	
0007428		Nozzle for Booster Reel Not Req'd		
0025028		Cutout for Reel Access, Roller Assembly in Cutout	HOSEREEL ACCESS A quantity of two (2) cutout(s) will be provided in the 1 each side of the booster reels in the forward hatch compartment area. for the hose reel(s). These cutout(s) will allow access to the hose and provide a window to view the reel. Stainless steel rollers with nylon bushings will be mounted horizontally and vertically around the cutout.	

0617886	SP	Foam Sys, FoamPro 1600, Single Agent, PUC, Multi Select Feature	FOAM SYSTEM There will be a Foam Pro, Model 1600, direct injection foam proportioner installed on the apparatus. The system will be a single agent system suitable for handling Class "A" foam concentrate only. The foam system will be plumbed to lower rear crosslay, lower front crosslay, left side of front bumper, hose reel in left side of dunnage area, hose reel in right side of dunnage area and left rear outlet. The proportioning operation will use paddle wheel style water flow meter in a waterway that feeds a discharge manifold. The flow meter installation will be such that the unit will have the water flow capabilities listed below, when generating foam solution (as published by FoamPro). Maximum Accuracy Flow Range 15 - 520 gpm Maximum Operating Flow Range 5 - 625 gpm The proportioning system will be capable of the maximum flows listed below at set foam percentages. The unit will not restrict the water flows at any given setting, however exceeding the published flows will result in a lower percentage than is indicated at the control module. .3 percent setting - Maximum Flow = 533 gpm .5 percent setting - Maximum Flow = 320 gpm 1 percent setting - Maximum Flow = 160 gpm The foam system will be installed in accordance with the manufacturer recommendations. The system will be equipped with a control module. It will be installed on the pump operator's panel and enable the pump operator to perform the following functions: Activate the foam system. Set foam percentage from .1 percent to 1 percent. Flash a low concentrate warning light when the foam concentrate tank runs low. Stop foam pump after two (2) minutes if concentrate tank is still low. The foam system will have a 12volt, 1/3 hp electric motor driven positive displacement piston type foam concentrate pump with a rated capacity of .01 to 1.6 gpm with operating pressures up to 400 psi. A full flow check valve will be provided in the discharge piping to prevent foam contamination of the fire pump and water tank. A 5 psi opening pressure check valve will be installed in the concentrate injection line to prevent foam siphoning into the discharge manifold.	AGENDA ITEM NO. 28.
0012126		Not Required, CAF Compressor		
0802356		Foam Refill, Pump, Foam Pro, Power-Fill	FOAM REFILL PUMP A 12v pump will be permanently mounted in the pump compartment. A male quick disconnect fitting will be provided on the Left Pump Panel and a pick-up wand with a 6' tube and mating female fitting will be provided loose. The control switch for the pump will be located on the pump panel adjacent to the quick disconnect fitting. The pump will be plumbed to the foam tank allowing the user to refill the foam tank from the ground.	
0031896		Demonstration, Foam System, Dealer Provided		
0530519		Foam Cell, 30 Gallon, Not Reducing, PUC	FOAM CELL The foam cell will be an integral portion of the polypropylene water tank. The cell will have a capacity of 30 gallons of foam with the intended use of Class A foam. The brand of foam stored in this tank will be Silvex. The foam cell will not reduce the capacity of the water tank. The foam cell will have a screen in the fill dome and a breather in the lid.	
0091036		Drain, 1.00" Foam Tank #1	FOAM TANK DRAIN The foam tank drain will be a 1.00" drain valve located inside the pump compartment accessible through a door on the right side pump panel.	
0091079		Not Required, Foam Tank #2		
0091112		Not Required, Foam Tank #2 Drain		

0746447	Approval Dwg, All Pump Panel(s), Includes Color And Label Tags	The following drawing(s) will be provided for approval by the customer. The drawing(s) will be made for up 38442 apparatus and/or similar Pierce job number. AGENDA ITEM NO. 28. PUMP OPERATOR'S PANEL DRAWING A detailed drawing to scale of the pump operator's panel will be provided for the customer to review. The drawing will include all of the gauges, controls, switching, etc..., located on the pump operator's panel. The customer will be allowed to make changes and/or mark-ups to this approval drawing. The fire apparatus manufacturer will make revisions (If needed) to the drawing per the customer changes and/or mark-ups as long as the changes are physically possible within a specific product line. The finalized and signed customer approved pump operator's panel drawing will become part of the contract documents. Due to the way drain(s), bleeder(s), operational/maintenance tag(s) and NFPA required warning tag(s) are placed on pump panel(s), these items will NOT be shown on any pump panel approval drawing(s). These item(s) will be placed on pump panel(s) at the fire apparatus manufacturer discretion. REMAINING PUMP PANEL(S) Detailed drawing(s) to scale of the remaining pump panel(s) will be provided for the customer to review. The drawing(s) will include all of the gauges, controls, switching, etc..., located on the pump panel(s). The customer will be allowed to make changes and/or mark-ups to these approval drawing(s). The fire apparatus manufacturer will make revisions (If needed) to the drawing(s) per the customer changes and/or mark-ups as long as the changes are physically possible within a specific product line. The finalized and signed customer approved pump panel drawing(s) will become part of the contract documents. Due to the way drain(s), bleeder(s), operational/maintenance tag(s) and NFPA required warning tag(s) are placed on pump panel(s), these items will NOT be shown on any pump panel approval drawing(s). These item(s) will be placed on pump panel(s) at the fire apparatus manufacturer discretion. COLOR CODED TAGS A detailed drawing/chart of the colors used on all of the inlet(s) and outlet(s) will be provided for the customer to review. The customer will be allowed to make changes and/or mark-ups to this approval drawing/chart. The fire apparatus manufacturer will make revisions (If needed) to the drawing per the customer changes and/or mark-ups as long as the changes are physically possible within a specific product line. The finalized and signed customer approved drawing/chart of the colors will become part of the contract documents. SPECIAL TEXT/VERBIAGE TAGS A detailed drawing/chart of the text/verbiage used on all of the inlet(s) and outlet(s) will be provided for the customer to review. The customer will be allowed to make changes and/or mark-ups to this approval drawing/chart. The fire apparatus manufacturer will make revisions (If needed) to the drawing per the customer changes and/or mark-ups as long as the changes are physically possible within a specific product line. The finalized and signed customer approved drawing/chart of the text/verbiage will become part of the contract documents.
0032479	Pump Panel Configuration, Control Zone	PUMP PANEL CONFIGURATION The pump panel configuration will be arranged and installed in an organized manner that will provide user-friendly operation.
0831515	Material/Finish, Pump Panels, PUC	PUMP AND GAUGE PANEL The pump operator's panel and gauge panels will be brushed stainless steel finish. The side panels will be brushed stainless steel finish.
0516978	Pump and Plumbing Access, Simple Tilt Service, PUC	PUMP AND PLUMBING ACCESS Simple access to the plumbing will be provided through the front of the body area by raising the cab for complete plumbing service and valve maintenance. Access to valves will not require removal of operator panels or pump panels. Access for rebuilding of the pump will not require removal of more than the tank to pump line and a single discharge line. This access will allow for fast, easy valve or pump rebuilding, making for reduced out of service times. Steps will be provided for access to the top of the pump. Access to the pump will be provided by raising the cab. The pump will be positioned such that all maintenance and overhaul work can be performed above the frame and under the tilted cab. The service and overhaul work on the pump will not require the removal of operator panels or pump panels. Complete pump casing and gear case removal will require no more than removal of the intake and discharge manifolds, driveline, coolers and a single discharge line. The pump case and gear case will be able to be removed by lifting upward without interference from piping and be removable in less than 3 hours.
0618458	Light, Pump Compt, Wln 3SC0CDCR LED White, PUC	PUMP COMPARTMENT LIGHT There will be one (1) Whelen®, Model 3SC0CDCR, 3.00" white 12 volt DC LED light(s) with Whelen, Model 3FLANGEC, flange(s) installed in the plumbing area. The light(s) will be activated by a toggle switch located in the pump compartment area.
0516983	Gauges, Engine, Included With Pressure Controller, PUC	Engine monitoring graduated LED indicators will be incorporated with the pressure controller.
0005601	Throttle, Engine, Incl'd w/Press Controller	

0739224		Indicator Light @ Pump Panel, Throttle Ready, Incl w/Pressure Gov/Throttle,Green	THROTTLE READY GREEN INDICATOR LIGHT There will be a green indicator light integrated with the pressure governor installed on the pump operators panel that is activated when the pump	AGENDA ITEM NO. 28.
0549333		Indicators, Engine, Included with Pressure Controller		
0069390		Control, Air Horn At Pmp Pnl, Red Button	AIR HORN BUTTON An air horn control button will be provided at the pump operator's control panel. This button will be red in color and properly labeled and put within easy reach of the operator.	
0763096		Fittings, Compression IPO PTC, All Pump Panel Gauges	COMPRESSION FITTINGS All of the pump panel gauges will have brass compression fittings installed in place of the push to connect fittings.	
0895278	SP	Gauges, Flowmeter, Left/Right/Main, Special Location, PUC	FLOW METER GAUGE LOCATION The left and right side manifold and main pump flowmeter gauges will be displayed on the pump operator's panel.	
0895410	SP	Guards, Half Moon, S/S For Switches at the Pump Panel with Locking Pin	GUARD, SWITCH There will be a stainless steel half moon guard provided over one (1) switches on the pump panel to prevent accidental activation. A .25" pin will be installed to lock the pin in the "OFF" position. The guard will be provided on the Main inlet override switch on RS pump panel. (Match Job # 38442) Arrange so that it is locked in the off position. switches.	
0556650		Switch Panel, Pump Panel, Layout Info	TBD.	
0830288		Gauges, 6.00" Master, IC, PUC	VACUUM AND PRESSURE GAUGES The pump vacuum and pressure gauges will be liquid filled and manufactured by Innovative Controls. The gauges will be a minimum of 6.00" in diameter and will have white faces with black markings, with a pressure range of 30.00" 0-600 psi. The pump pressure and vacuum gauges will be installed adjacent to each other at the pump operator's control panel. Test port connections will be provided at the pump operator's panel. One (1) will be connected to the intake side of the pump, and the other to the discharge manifold of the pump. They will have 0.25 in. standard pipe thread connections and polished stainless steel plugs. They will be marked with a label.	
0038070		Gauge, 2.50" Pressure, Class 1, 30"-0-400psi	PRESSURE GAUGES The individual "line" pressure gauges for the discharges will be interlube filled and manufactured by Class 1®. They will be a minimum of 2.50" in diameter and will have white faces with black lettering. Gauges will be compound type with a vacuum/pressure range of 30.00"-0-400#. The individual pressure gauge will be installed as close to the outlet control as practical.	
0539612		Gauge, Master Pump Flowmeter, FRC , PUC	MASTER FLOWMETER A master pump flowmeter display will be provided the operator's panel. The flowmeter will contain solid state electronics with LED readout of total flow of the pump. An FRC X-FLC flow conditioner will be installed in the plumbing for better flow readings.	
0756688		Gauge, Water Level, Pierce, In pressure Controller, w/Mini Slave, PUC, Lt Driver	WATER LEVEL GAUGE An electric water level gauge will be incorporated in the pressure controller that registers water level by means of nine (9) LEDs. They will be at 1/8 level increments with a tank empty LED. The LEDs will be a bright type that is readable in sunlight, and have a full 180-degree of clear viewing. To further alert the pump operator, the gauge will have a warning flash when the tank volume is less than 25 percent. The gauge will have down chasing LEDs when the tank is almost empty. The level measurement will be ascertained by sensing the head pressure of the fluid in the tank or cell. MINI SLAVE UNIT An electric water level gauge will be provided in the cab that registers water level by means of five (5) LEDs. They will be at 1/4 level increments with a tank empty LED. The LEDs will be a bright type that are readable in sunlight and have a full 180-degree of clear viewing. The water level gauge in the cab will be activated when the parking brake is applied.	

0750438	Water Level Gauge, Wln PSTANK2, LED 1-Light, 4-Level	WATER LEVEL GAUGE There will be two (2) additional water level indicator(s), Whelen®, Model 1000, with chrome trim, installed one (1) each side rearward of crew cab door. This light module(s) will include four (4) colored levels, and function similar to the water level indicator located at the operators panel: First green module indicates a full water level Second blue module indicates a water level above 3/4 full Third amber module indicates a water level above 1/2 full Last red module indicates a water level above 1/4 full and empty Above 1/4 this light will be steady burning At empty this light will be flashing The flash rate will be determined by the main water level tank sensor. This module will be activated when the pump is in gear.	AGENDA ITEM NO. 28.
0517012	Gauge, Foam Level, Pierce, PUC, PP and Mini in Cab	FOAM LEVEL GAUGE A Pierce electric foam level gauge will be provided on the operator's panel, that registers foam level by means of nine (9) LEDs. There will also be a mini foam level gauge with five (5) LEDs in the cab. They will be at 1/8 level increments with a tank empty LED. The LEDs will be a bright type that is readable in sunlight, and have a full 180 degree of clear viewing. The gauge will match the water level gauge in the pressure controller. To further alert the pump operator, will have a warning flash when the tank volume is less than 25 percent, and will have Down Chasing LEDs when the tank is almost empty. The level measurement will be ascertained by sensing the head pressure of the fluid in the tank or cell. This method provides accuracy with an array of multi-viscosity foams. The foam level gauge in the cab will be activated by parking brake is applied.	
0738037	SP Light, Pump Op & Panel, Side Ctrl, PUC, AY-LB-12SHW-020 Und Crosslay, OH Chr Cvr	SIDE CONTROL PUMP OPERATOR'S/PUMP PANEL LIGHTING Illumination will be provided for controls, switches, essential instructions, gauges, and instruments necessary for the operation of the apparatus and the equipment provided on it. Internal and external lights on the apparatus will be illuminated per the current edition of applicable NFPA standards. The pump panels will be illuminated by two (2) Amdor Model AY-LB12SHW020, 350 lumens 20.00" weather resistant strip lights with white LED lights, one (1) on the driver's side and one (1) on the passenger's side. These light strips will be mounted under the speedlay/crosslay compartment. The pump operator's panel will utilize the same LED strip lighting at the forward doorframe as all other compartment lighting. There will be a small white LED pump engaged indicator light installed overhead.	
0606694	Air Horns, (2) Hadley, 6" Round, eTone, In Bumper	AIR HORN SYSTEM Two (2) Hadley®, eTone, chrome air horns will be recessed in the front bumper. The air horn system will be piped to the air brake system wet tank utilizing 0.38" tubing. A pressure protection valve will be installed to prevent the loss of air in the brake system.	
0606833	Location, Air Horns, Bumper, Each Side, Inside Frame (Pos #3 & #5)	Air Horn Location The air horns will be located on each side of the bumper, inside of the frame rails.	
0757092	Control, Air Horn, Multi Select	Air Horn Control The air horn(s) will be activated by the following:	
0757084	Control, Air Horn, Horn Ring	Steering wheel horn ring with electric/air horn selector switch	
0723391	Control, Air Horn, Chrome Push Button Sw, RS	Right side chrome push button switch	
0688049	Siren, Federal EQ2B-200, 200 Watt	ELECTRONIC SIREN There will be a Federal, Model EQ2B-200, electronic siren with noise canceling microphone provided. This siren to be active when the battery switch is on and that emergency master switch is on.	
0510206	Location, Elect Siren, Recessed Overhead In Console	Electronic siren head will be recessed in the driver side inside switch panel.	
0748306	Control, Elec Siren, Multi Select	ELECTRONIC SIREN CONTROL The electronic siren will be activated by the following:	
0748294	Control, Elec Siren, Ft Sw, LS	The left side foot switch.	

0550216	Speaker, (1) Federal, BP200-EF, 200 watt, Stainless Steel	SPEAKER A Federal, Model BP200-EF, 200 watt speaker will be provided. A chrome speaker will be installed in front of the speaker. AGENDA ITEM NO. 28.
0601556	Location, Speaker, Frt Bumper, Recessed, Left Side, Outside Frame, Inbrd (Pos 6)	The speaker will be recessed in the left side of the front bumper, just outside of the frame rail.
0736164	Sw, Siren Brake, Momentary, LS Overhead Sw Pnl	A momentary switch will be included in the left side overhead switch panel to activate the siren brake.
0746353	Not Required, Warning Lights Intensity	
0822621	SP Lightbar, Wln, Freedom IV, 81", RRRRRRWROptRRWRRRRRR	FRONT ZONE UPPER WARNING LIGHTS There will be one (1) 81.00" Whelen Freedom IV LED lightbar mounted on the cab roof. The lightbar will include the following: One (1) red flashing LED module in the driver's side rear corner position. One (1) red flashing LED module in the driver's side end position. One (1) red flashing LED module in the driver's side front corner position. One (1) red flashing LED module in the driver's side first front position. One (1) red flashing LED module in the driver's side second front position. One (1) red flashing LED module in the driver's side third front position. One (1) white flashing LED module in the driver's side fourth front position. One (1) red flashing LED module in the driver's side fifth front position. One (1) red flashing LED module in the driver's side sixth front position. One (1) 795 LED traffic light controller set to national standard high priority in the center positions. One (1) red flashing LED module in the passenger's side sixth front position. One (1) red flashing LED module in the passenger's side fifth front position. One (1) white flashing LED module in the passenger's side fourth front position. One (1) red flashing LED module in the passenger's side third front position. One (1) red flashing LED module in the passenger's side second front position. One (1) red flashing LED module in the passenger's side first front position. One (1) red flashing LED module in the passenger's side front corner position. One (1) red flashing LED module in the passenger's side end position. One (1) red flashing LED module in the passenger's side rear corner position. There will be clear lenses included on the lightbar. The following switches may be a installed in the cab on the switch panel to control the lightbar: a switch to control the flashing LED modules. the traffic light controller by a cab switch with emergency master control and without emergency master control. no momentary switch to activate the traffic light controller. The white lights and the traffic light controller will be disabled when the parking brake is applied. The 10 red flashing LED modules in the front positions, and the red flashing LED modules in the ends of the bar, may be load managed when the parking brake is applied.
0833297	SP Switch, Special Opticom, Labeling, Mux	SWITCHING & LABELS - OPTICOM There be one (1) switch(es) located Labeled "Opticom Flash", Location 2 - DS Overhead Switch Panel, top row, far right. Match Job 38442, that when momentarily depressed, will toggle the Opticom traffic control emitter on, and depressing the switch(es) a second time will turn the Opticom traffic control emitter off. The switch(es) will be appropriately labeled. Switching for the Opticom traffic control emitter will be provided so the Opticom traffic control emitter can be turned on without the Emergency Master switch being on. The parking brake will default the Opticom traffic control emitter to off when applied.
0592278	Light, Front Zone, Wln M6*C & M6*C Sdy Burn LED, Clear Lens, 4lts Q Bezel	CAB FACE WARNING LIGHTS There will be two (2) Whelen®, Model M6*C, LED flashing warning lights and two (2) Whelen, Model M6*C, LED steady burning warning lights installed on the cab face, above the headlights, mounted in a common bezel. The driver outside flashing LED will be driver's side front outside warning light to be red The driver inside steady burning LED will be driver's side front inside warning light to be red The passenger inside steady burning LED will be passenger's side front inside warning light to be red The passenger outside flashing LED will be passenger's side front outside warning light to be red All four (4) lights will include a clear lens. There will be a switch located in the cab, on the switch panel to control the lights. The inside lights may be load managed when the parking brake is applied.
0653937	Flasher, Headlight Alternating	HEADLIGHT FLASHER The high beam headlights will flash alternately between the left and right side. There will be a switch installed in the cab on the switch panel to control the high beam flash. This switch will be live when the battery switch and the emergency master switches are on. The flashing will automatically cancel when the hi-beam headlight switch is activated or when the parking brake is set.

0788934	SP	Lights, Side Zone Lower, Wln M7* LED, Front Split Color , Clr/Color Lens, 3pr	SIDE ZONE LOWER LIGHTING Six (6) Whelen Model M7* LED flashing warning lights with bezels will be positioned: Two (2) lights, one (1) each side on the bumper extension. The side front lights to be red to the front and white to the rear. Two (2) lights, Behind crew cab door both LS and RS. Match Job 38442.. The side middle lights to be red. Two (2) lights, Located above and to the rear of rear axle, LS and RS. Match Job 38442.. The side rear lights to be red. The two (2) forward lights will include a clear lens. The four (4) lights to the rear will include a colored lens. There will be one (1) switch located in the cab on the switch panel to control the lights. Any white warning lights will be disabled when the parking brake is set.	AGENDA ITEM NO. 28.
0745863		Lights, Side, Wln M9** LED, Trm Fet 2nd	SIDE WARNING LIGHTS There will be one (1) Whelen®, Model M9**, 6.50" high x 10.37" wide x 1.37" deep flashing LED warning light(s) with chrome trim provided, RS Cab, Above EMS Compartment. The light(s) to include red LEDs. The warning light lens color(s) to be clear. These lights will be activated with the side warning switch. White LEDs will be deactivated when the parking brake is applied. Amber, blue, green or red LEDs may be load managed when the parking brake is applied.	
0745867		Lights, Side, Wln M9** LED, Trm Fet 1st	SIDE WARNING LIGHTS There will be one (1) Whelen®, Model M9**, 6.50" high x 10.37" wide x 1.37" deep flashing LED warning light(s) with chrome trim provided, LS Cab, Above EMS Compartment. The light(s) to include red LEDs. The warning light lens color(s) to be clear. These lights will be activated with the side warning switch. White LEDs will be deactivated when the parking brake is applied. Amber, blue, green or red LEDs may be load managed when the parking brake is applied.	
0540777		Lights, Rear Zn Lwr, Wln M6*, Colored Lens	REAR ZONE LOWER LIGHTING Two (2) Whelen, Model M6* LED flashing warning lights with chrome bezels will be located at the rear of the apparatus. The driver's side rear light to be red. The passenger's side rear light to be red. Both lights will include a lens that is the same color as the LED's. There will be a switch located in the cab on the switch panel to control the lights.	
0898358		Lights, Rear/Side Up Zone, Wln M9** M9V2** M9V2** M9** 4lts	WARNING LIGHTS (Rear and Side upper zones) There will be four (4) Whelen LED lights with chrome trim provided at the rear of the apparatus. One (1) Model M9**, 6.50" high x 10.37" long x 1.37" deep flashing LED warning light installed on the driver's side, side of the apparatus as high and close to the rear as practical. The side rear upper light(s) on the driver's side to be red. One (1) Model M9V2**, 6.50" high x 10.38" long x 2.63" deep flashing LED warning light with white scene LEDs installed on the driver's side, rear of the apparatus as high and close to the outside as practical. The rear upper light(s) on the driver's side to be red. One (1) Model M9V2**, 6.50" high x 10.38" long x 2.63" deep flashing LED warning light with white scene LEDs installed on the passenger's side, rear of the apparatus as high and close to the outside as practical. The rear upper light(s) on the passenger's side to be red. One (1) Model M9**, 6.50" high x 10.37" long x 1.37" deep flashing LED warning light installed on the passenger's side, side of the apparatus as high and close to the rear as practical. The side rear upper light(s) on the passenger's side to be red. The flashing warning lights will include a lens that is the same color as the LED's. The scene lights will include a clear lens. There will be a switch in the cab on the switch panel to control the flashing warning lights. The scene LEDs will be controlled by a switch at the driver's side switch panel. The scene LEDs may be load managed when the parking brake is applied.	
0006551		Not Required, Lights, Rear Upper Zone Blocking		
0590000		No Hose Bed Warn Lts Brkts Required, Lts On Hatch/Body Compts,PUC		
0791463		Light, Traffic Directing, Wln TANF65, 34" Long LED	TRAFFIC DIRECTING LIGHT There will be one (1) Whelen® Model TANF65, 34.00" long x 2.37" high x 2.37" deep, amber LED traffic directing light installed at the rear of the apparatus. The Whelen Model TACTL5 control head will be included with this installation. The control head will be powered when the battery switch is on. The auxiliary flash to be activated when the emergency master switch is on.	
0637356	SP	Location, TDL, Recessed with S/S Trim, with Camera	This traffic directing light will be recessed with a stainless steel trim plate at the rear of the apparatus as high as practical. The trim plate will be part of a common bezel around the rear camera.	

0530281	Location, Traf Dir Lt Controller, Center Console in Sw Pnl	The traffic directing light controller will be located within the switch panel on the center console The controller will be within easy reach of the driver.	AGENDA ITEM NO. 28.
0781579	Receptacle, 15/20A 120V 3-Pr 3-Wr, NEMA 5-20R SB Dup, 1st, Interior Cab	120 VOLT RECEPTACLE There will be one (1), 15/20 amp 120 volt AC three (3) wire straight blade duplex receptacle(s) with interior stainless steel wall plate(s), installed Mounted to the back of the DS EMS cabinet with the receptacle facing inboard towards the engine tunnel. The box should be mounted as low as possible but still allow access for items to be plugged into receptacle without interference. (Match 38442). The NEMA configuration for the receptacle(s) will be 5-20R. The receptacle(s) will be powered from the on board 12 volt DC to 120 volt AC power inverter. There will be a label installed near the receptacle(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	
0779722	Receptacle, 15/20A 120V 3-Pr 3-Wr, NEMA 5-20R SB Dup, 1st, Interior Body	120 VOLT RECEPTACLE There will be one (1), 15/20 amp 120 volt AC three (3) wire straight blade duplex receptacle(s) with white receptacle(s) and stainless steel wall plate(s), installed in RS1 recessed in left wall just below roll up door. Match Job 38442.. The NEMA configuration for the receptacle(s) will be 5-20R. The receptacle(s) will be powered from the on board 12 volt DC to 120 volt AC power inverter. There will be a label installed near the receptacle(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	
0778560	Receptacle, 15A 120V 3-Pr 3-Wr TL, Wtrprfroof	120 VOLT RECEPTACLE There will be one (1),15 amp 120 volt AC three (3) wire twist lock receptacle(s) with flip up cover (s) installed At the rear of the body on the right side rear bulkhead above the taillights. Match Job 38442.. The NEMA configuration for the receptacles will be L5-15R. The receptacle(s) will be powered from the on board 12 volt DC to 120 volt AC power inverter. There will be a label installed near the receptacle(s) that state the following: Line Voltage Current Rating (amps) Phase Frequency	
0519934	Not Required, Brand, Hydraulic Tool System		
0649753	Not Required, PTO Driven Hydraulic Tool System		
0007150	Bag of Nuts and Bolts	LOOSE EQUIPMENT The following equipment will be furnished with the completed unit: One (1) bag of chrome, stainless steel, or cadmium plated screws, nuts, bolts and washers, as used in the construction of the unit.	
0766730	Speed Wrench, Electric Valve Override	SPEED WRECH, ELECTRIC VALVE OVERRIDE A one piece speed wrench will be provided in loose equipment for manually overriding the electric valve(s) on the truck. The speed wrench will have sockets welded on each end for overriding the valve(s).	

0816508	NFPA Required Loose Equipment, Pumper, NFPA/ULC 2024, Provided by Fire Dept	NFPA LOOSE EQUIPMENT NFPA Required Loose Equipment Provided by Fire Department The following loose equipment as outlined in NFPA 1900, 2024 edition S515:2024 edition, section 5.2 will be provided by the fire department: One (1) traffic vest for each seating position, each vest to comply with ANSI/ISEA 207, <i>Standard for High Visibility Public Safety Vests</i> , and have a five-point breakaway feature that includes two (2) at the shoulders, two (2) at the sides, and one (1) at the front. Five (5) fluorescent orange traffic cones not less than 28.00" (711 mm) in height, each equipped with a 6.00" (152 mm) retro-reflective white band no more than 4.00" (152 mm) from the top of the cone, and an additional 4.00" (102 mm) retro-reflective white band 2.00" (51 mm) below the 6.00" (152 mm) band. Five (5) illuminated warning devices such as highway flares, unless the five (5) fluorescent orange traffic cones have illuminating capabilities. NFPA Loose Equipment That Should be Considered The following loose equipment as outlined in NFPA 1900, 2024 edition, appendix table A.8.4 (a) and CAN/ULC S515:2024 edition, section 5.2 should be considered: 800 ft (60 m) of 2.50" (65 mm) or larger fire hose. 400 ft (120 m) of 1.50" (38 mm), 1.75" (45 mm), or 2.00" (52 mm) fire hose. One (1) handline nozzle, 200 gpm (750 L/min) minimum. Two (2) handline nozzles, 95 gpm (360 L/min) minimum. One (1) smooth bore or combination nozzle with shutoff and with 2.50" (65 mm) inlet that flows a minimum of 250 gpm (950 L/min). Four (4) SCBA apparatus Four (4) SCBA spare cylinders One (1) first aid kit. Four (4) combination spanner wrenches. Two (2) hydrant wrenches. One (1) double female 2.50" (65 mm) adapter with national hose (NH) threads. One (1) double male 2.50" (65 mm) adapter with national hose (NH) threads. One (1) rubber mallet, for use on suction hose connections. Two (2) salvage covers each a minimum size of 12 ft x 18 ft (3.7 m x 5.5 m). One (1) automatic external defibrillator (AED).	AGENDA ITEM NO. 28.
0816941	Soft Suction Hose, Provided by Fire Department, NFPA/ULC 2024	SOFT SUCTION HOSE PROVIDED BY FIRE DEPARTMENT Hose is not on the apparatus as manufactured. The fire department will provide suction or supply hose.	
0821565	Strainer, Provided by Fire Department, Pumper NFPA/ULC 2024 Classification	STRAINER PROVIDED BY FIRE DEPARTMENT NFPA 1900, 2024 edition, section 8.3 and CAN/ULC S515:2024 edition, section 5.2 requires a suction strainer when suction hose is provided. The strainer is not on the apparatus as manufactured. The fire department will provide the suction strainer.	
0816939	Extinguisher, Dry Chemical, NFPA 2024, Provided by Fire Department	DRY CHEMICAL EXTINGUISHER PROVIDED BY FIRE DEPARTMENT The extinguisher is not on the apparatus as manufactured. The fire department will provide and mount the extinguisher.	
0816937	Extinguisher, 2.5 Gal. Pressurized Water, NFPA/ULC 2024, Provided by Fire Dept	WATER EXTINGUISHER PROVIDED BY FIRE DEPARTMENT The extinguisher is not on the apparatus as manufactured. The fire department will provide and mount the extinguisher.	
0820494	Not Required, Axe, Flathead, Fire Department Omits, NFPA/ULC 2024		
0820495	Not Required, Axe, Pickhead, Fire Department Omits, NFPA/ULC 2024		

0741569	Paint Process / Environmental Requirements, Appleton	PAINT PROCESS The exterior custom cab and body painting procedure will consist of a process as follows: <u>Manual Surface Preparation</u> - All exposed metal surfaces on the custom cab and body will be thoroughly cleaned and prepared for painting. Imperfections on the exterior surfaces will be removed and sanded to a smooth finish. Exterior seams will be sealed before painting. Exterior surfaces that will not be painted include; chrome plating, polished stainless steel, anodized aluminum and bright aluminum treadplate. <u>Chemical Cleaning and Pretreatment</u> - All surfaces will be chemically cleaned to remove dirt, oil, grease, and metal oxides to ensure the subsequent coatings bond well. The aluminum surfaces will be properly cleaned and treated using a high pressure, high temperature 4 step Acid Etch process. The steel and stainless surfaces will be properly cleaned and treated using a high temperature 3 step process specifically designed for steel or stainless. The chemical treatment converts the metal surface to a passive condition to help prevent corrosion. <u>Surfacer Primer</u> - The Surfacer Primer will be applied to a chemically treated metal surface to provide a strong corrosion protective basecoat. A minimum thickness of 2 mils of Surfacer Primer is applied to surfaces that require a Critical aesthetic finish. The Surfacer Primer is a two-component high solids urethane that has excellent sanding properties and an extra smooth finish when sanded. <u>Finish Sanding</u> - The Surfacer Primer will be sanded with a fine grit abrasive to achieve an ultra-smooth finish. This sanding process is critical to produce the smooth mirror like finish in the topcoat. <u>Sealer Primer</u> - The Sealer Primer is applied prior to the Basecoat in all areas that have not been previously primed with the Surfacer Primer. The Sealer Primer is a two-component high solids urethane that goes on smooth and provides excellent gloss hold out when topcoated. <u>Basecoat Paint</u> - Two coats of a high performance, two component high solids polyurethane basecoat will be applied. The Basecoat will be applied to a thickness that will achieve the proper color match. The Basecoat will be used in conjunction with a urethane clear coat to provide protection from the environment. <u>Clear Coat</u> - Two (2) coats of Clear Coat will be applied over the Basecoat color. The Clear Coat is a two-component high solids urethane that provides superior gloss and durability to the exterior surfaces. Lap style and roll-up doors will be Clear Coated to match the body. Paint warranty for the roll-up doors will be provided by the roll-up door manufacturer. After the cab and body are painted, the color will be verified to make sure that it matches the color standard. Electronic color measuring equipment will be used to compare the color sample to the color standard entered into the computer. Color specifications will be used to determine the color match. A Delta E reading will be used to determine a good color match within each family color. All removable items such as brackets, compartment doors, door hinges, and trim will be removed and painted separately if required, to ensure paint behind all mounted items. Body assemblies that cannot be finish painted after assembly will be finish painted before assembly. The paint finish quality levels for critical areas of the apparatus (cab front and sides, body sides and doors, and boom lettering panels) are to meet or exceed Cadillac/General Motors GMW15777 global paint requirements. Orange peel levels are to meet or exceed the #6 A.C.T. standard in critical areas. The manufacture's written paint standards will be available upon request. Environmental Impact Contractor will meet or exceed all current state regulations concerning paint operations. Pollution control will include measures to protect the atmosphere, water and soil. Controls will include the following conditions: Topcoats and primers will be chrome and lead free. Metal treatment chemicals will be chrome free. The wastewater generated in the metal treatment process will be treated on-site to remove any other heavy metals. Particulate emission collection from sanding operations will have a 99.99 percent efficiency factor. Particulate emissions from painting operations will be collected by a dry filter or water wash process. If the dry filter is used, it will have an efficiency rating of 98 percent. Water wash systems will be 99.97 percent efficient. Water from water wash booths will be reused. Solids will be removed on a continual basis to keep the water clean. Paint wastes are disposed of in an environmentally safe manner. Empty metal paint containers will be recycled to recover the metal. Solvents used in clean-up operations will be recycled on-site or sent off-site for distillation and returned for reuse. Additionally, the finished apparatus will not be manufactured with or contain products that have ozone depleting substances. Contractor will, upon demand, present evidence that the manufacturing facility meets the above conditions and that it is in compliance with his state EPA rules and regulations.	AGENDA ITEM NO. 28.
0709846	Paint, Two-Tone Color, Velocity/Impel	CAB TWO-TONE PAINT The cab will be painted two-tone, with the upper section painted #10 white and the lower section painted #90 red. There will be a standard two-tone cab paint break provided. There will be no cab shield provided.	
0709845	Paint, Single Color, Body	BODY PAINT The body will be painted to match the lower section of the cab.	

0646897	Paint Chassis Frame Assy, E-Coat, Standard	PAINT CHASSIS FRAME ASSEMBLY The chassis frame assembly will be finished with a single system black installation of the cab and body, and before installation of the engine and air brake lines, electrical wire harnesses, etc. Components treated with epoxy E-coat protection prior to paint: Two (2) C-channel frame rails Components that are included with the chassis frame assembly that will be painted not e-coated (unless otherwise stated in a secondary option) are: Cross members Axles Suspensions Steering gear Battery boxes Bumper extension weldment Frame extensions Body mounting angles Rear Body support substructure (front and rear) Pump house substructure Steel fuel tank Castings Individual piece parts used in chassis and body assembly The E-coat process will meet the technical properties shown.	AGENDA ITEM NO. 28.
0693797	No Paint Required, Aluminum Front Wheels		
0693792	No Paint Required, Aluminum Rear Wheels		
0733739	Paint, Axle Hubs	AXLE HUB PAINT All axle hubs will be painted to match lower job color.	
0620095	Paint, Drip Rail, Cab	PAINTED RAIN DRIP The cab roof rain drip will be painted to match the cab roof paint color.	
0581434	Transit Coating, Carwell, Corrosion Protection, Including Underside	TRANSIT COATING All non-painted metal surfaces on the exterior of the vehicle will be sprayed with a corrosion protective coating provided by Carwell. The coating can be removed with soap and water. The coating is made of a linseed oil base and is biodegradable. The underside non-painted metal surfaces will also be coated with a corrosion protective coating.	
0007230	Compartment, Painted, Spatter Gray	COMPARTMENT INTERIOR PAINT The interior of all compartments will be painted with a gray spatter finish for ease of cleaning and to make it easier to touch up scratches and nicks.	
0544087	Reflective Band, 6"	REFLECTIVE BAND A 6.00" white reflective band will be provided across the front of the vehicle and along the sides of the body.	
0510041	Reflective across Cab Face, Imp/Vel	The reflective band provided on the cab face will be below the headlights on the fiberglass.	
0593732	Stripe, Chevron, Rear, Diamond Grade, Pumper, PUC	REAR CHEVRON STRIPING There will be alternating chevron striping located on the rear-facing vertical surface of the apparatus. The rear surface, excluding the rear roll up door, will be covered. The colors will be red and fluorescent yellow diamond grade. Each stripe will be 6.00" in width. This will meet the requirements of the current edition of NFPA 1901, which states that 50% of the rear surface will be covered with chevron striping.	
0011949	"S" Ribbon, Shaded in Reflective Stripe, Pair	STRIPE, REFLECTIVE, "S" RIBBON "S" type ribbon(s) will be added to the reflective stripe Match job 38442.. Areas adjacent to the "S" portion of the stripe will be shaded and highlighted with an air brush to give it a ribbon affect. There will be one (1) pair on the vehicle.	
0065687	Stripe, Reflective, Cab Doors Interior	CAB DOOR REFLECTIVE STRIPE A 6.00" x 16.00" black reflective stripe will be provided across the interior of each cab door. The stripe will be located approximately 1.00" up from the bottom, on the door panel. This stripe will meet the current edition of applicable NFPA standards.	

0679788	Stripe, Vinyl, Cab Sides, IPO Chrome Molding	CAB STRIPE There will be a vinyl stripe provided on both sides of the cab in place of
AGENDA ITEM NO. 28.		
0027372	Lettering Specifications, (GOLD STAR Process)	LETTERING The lettering will be totally encapsulated between two (2) layers of clear vinyl.
0686391	Lettering, Gold Leaf, 4.00", (21-40)	LETTERING Twenty-one (21) to forty (40) genuine gold leaf lettering, 4.00" high, with outline and shade will be provided.
0067290	Stripe, Gold Leaf, Side of Body, High	BODY STRIPE There will be a genuine gold leaf stripe provided on each side of the body, located along the top of the side compartmentation.
0686018	Lettering, Reflective, 5.00", Each	LETTERING There will be reflective lettering, 5.00" high, with outline and shade provided. There will be six (6) letters provided.
0686081	Lettering, Reflective, 3.00", (21-40)	LETTERING Twenty-one (21) to forty (40) reflective lettering, 3.00" high, with outline and shade will be provided.
0686194	Lettering, Gold Leaf, 12.00", Each	LETTERING There will be genuine gold leaf lettering, 12.00" high, with outline and shade provided. There will be four (4) letters provided.
0686215	Lettering, Gold Leaf, 8.00", Each	LETTERING There will be genuine gold leaf lettering, 8.00" high, with outline and shade provided. There will be 12 letters provided.
0686236	Lettering, Gold Leaf, 5.00", Each	LETTERING There will be genuine gold leaf lettering, 5.00" high, with outline and shade provided. There will be 12 letters provided.
0683996	Lettering, Vinyl, 20.00", Each	LETTERING There will be non-reflective vinyl lettering, 20.00" high, with no outline or shade provided. There will be three (3) letters provided.
0012612	Plate, Alum for Reflective Letters	REFLECTIVE PLATE/S FOR LETTERING There will be two (2) aluminum plate/s provided for department lettering. The plates will be covered with ruby red reflective material and will be mounted (1) 26"H x 54"W brushed aluminum plate & (1) 6.5"H x 15"W brushed aluminum plate at rear of truck. Match Job 38442. They will be Roof plate letter size 20" & rear plate letter size approx. 6" in size.
0017279	Emblem, Corner Scroll, Gold leaf, Each	CORNER SCROLL four (4) corner scrolls, comprised of genuine gold leaf, will be provided Upper body corners. Match Job 38442..
0594393	SP Emblem, "Waiving American Flag With Pole, Pair (mirror images)	"AMERICAN FLAG" EMBLEMS There will be one (1) pair of color imaged emblems, 10.00" wide, featuring a "Waiving American Flag" with pole and 9-11-01, installed Located behind the crew cab window on cab sides. Match Job 38442. The pair will be mirror images of each other.
0755303	Artwork File, Provided on Custom USB Drive	ARTWORK ON CUSTOM USB DRIVE There will be a custom USB drive with department specific artwork files provided to the Fire Department. Stock artwork, or artwork developed exclusively by Pierce Manufacturing, and proprietary fonts will not be included on the USB drive.
0654570	Emblem, Vinyl, Per Dept. Submittal, Each	EMBLEM There will be two (2) vinyl emblem(s), approximately 10.00"-12.00" in size, installed located between the cab door windows. Ref LP print, Match 38442.. the emblem will be modeled after the department submitted information (art, patch, etc).

0769753	Emblem, American Flag Painted on Cab Grille, All Custom Chassis	CAB GRILLE DESIGN An American flag design will be painted on the cab grille.	AGENDA ITEM NO. 28.
0772003	Manual, Fire Apparatus Parts, USB Flash Drive, Custom	FIRE APPARATUS PARTS MANUAL There will be one (1) custom parts manual(s) in USB flash drive format for the complete fire apparatus provided. The manual(s) will contain the following: Job number Part numbers with full descriptions Table of contents Parts section sorted in functional groups reflecting a major system, component, or assembly Parts section sorted in alphabetical order Instructions on how to locate parts Each manual will be specifically written for the chassis and body model being purchased. It will not be a generic manual for a multitude of different chassis and bodies. Service Parts Internet Site The service parts information included in these manuals are also available on the Pierce website. The website offers additional functions and features not contained in this manual, such as digital photographs and line drawings of select items. The website also features electronic search tools to assist in locating parts quickly.	
0772037	Manual, Chassis Service, USB Flash Drive, Custom	CHASSIS SERVICE MANUALS There will be one (1) chassis service manuals on USB flash drives containing parts and service information on major components provided with the completed unit. The manual will contain the following sections: Job number Table of contents Troubleshooting Front Axle/Suspension Brakes Engine Tires Wheels Cab Electrical, DC Air Systems Plumbing Appendix The manual will be specifically written for the chassis model being purchased. It will not be a generic manual for a multitude of different chassis and bodies.	
0773381	Manual, Chassis Operation, (1) USB Flash Drive, Custom	CHASSIS OPERATION MANUAL The chassis operation manual will be provided on one (1) USB flash drive.	
0047891	Manual/s, Maint/Service, Allison EVS 4000 Series Transmission, Add'l	MANUAL/S, (transmission) There will be one (1) additional maintenance/service manual(s) for an Allison 4000 series transmission provided.	
0030008	Warranty, Basic, 1 Year, Apparatus, WA0008	ONE (1) YEAR MATERIAL AND WORKMANSHIP A Pierce basic apparatus limited warranty certificate, WA0008, is included with this proposal.	
0611136	Warranty, Chassis, 3 Year, Velocity/Impel, WA0284	THREE (3) YEAR MATERIAL AND WORKMANSHIP The Pierce custom chassis limited warranty certificate, WA0284, is included with this proposal.	
0696698	Warranty, Engine, Cummins, 5 Year, WA0181	ENGINE WARRANTY A Cummins five (5) year limited engine warranty will be provided. A limited warranty certificate, WA0181, is included with this proposal.	
0684953	Warranty, Steering Gear, Sheppard M110, 3 Year WA0201	STEERING GEAR WARRANTY A Sheppard three (3) year limited steering gear warranty will be provided. A copy of the warranty certificate will be submitted with this proposal.	
0595767	Warranty, Frame, 50 Year, Velocity/Impel, WA0038	FIFTY (50) YEAR STRUCTURAL INTEGRITY The Pierce custom chassis frame and crossmembers limited warranty certificate, WA0038, is included with this proposal.	
0595698	Warranty, Axle, 3 Year, TAK-4, WA0050	FRONT AXLE THREE (3) YEAR MATERIAL AND WORKMANSHIP WARRANTY The Pierce TAK-4 suspension limited warranty certificate, WA0050, is included with this proposal.	

0733306	Warranty, Single Axle, 5 Year, Meritor General Service, WA0384	SINGLE REAR AXLE FIVE (5) YEAR MATERIAL AND WORKMANSHIP WARRANTY A Meritor™ Axle 5 year limited warranty will be provided.	AGENDA ITEM NO. 28.
0652758	Warranty, ABS Brake System, 3 Year, Meritor Wabco, WA0232	ABS BRAKE SYSTEM THREE (3) YEAR MATERIAL AND WORKMANSHIP WARRANTY A Meritor Wabco™ ABS brake system limited warranty certificate, WA0232, is included with this proposal.	
0019914	Warranty, Structure, 10 Year, Custom Cab, WA0012	TEN (10) YEAR STRUCTURAL INTEGRITY The Pierce custom cab limited warranty certificate, WA0012, is included with this proposal.	
0744240	Warranty, Paint, 10 Year, Cab, Pro-Rate, WA0055	TEN (10) YEAR PRO-RATED PAINT AND CORROSION A Pierce cab limited pro-rated paint warranty certificate, WA0055, is included with this proposal.	
0595770	Warranty, Power Step, 2 Year, WA0031	TWO (2) YEAR MATERIAL AND WORKMANSHIP The Pierce power step limited warranty certificate, WA0031, is included with this proposal.	
0524627	Warranty, Electronics, 5 Year, MUX, WA0014	FIVE (5) YEAR MATERIAL AND WORKMANSHIP The Pierce Command Zone electronics limited warranty certificate, WA0014, is included with this proposal.	
0695416	Warranty, Pierce Camera System, WA0188	CAMERA SYSTEM WARRANTY A Pierce fifty four (54) monthwarranty will be provided for the camera system.	
0708760	Warranty, Not Applicable, LED Strip Lights	COMPARTMENT LIGHT WARRANTY The compartment lights will not offer an extended warranty.	
0046369	Warranty, 5-year EVS Transmission, Standard Custom, WA0187	TRANSMISSION WARRANTY The transmission will have a five (5) year/unlimited mileage warranty covering 100 percent parts and labor. The warranty will be provided by Allison Transmission. Note: The transmission cooler is not covered under any extended warranty you may be getting on your Allison Transmission. Please review your Allison Transmission warranty for coverage limitations.	
0685945	Warranty, Transmission Cooler, WA0216	TRANSMISSION COOLER WARRANTY The transmission cooler will carry a five (5) year parts and labor warranty (exclusive to the transmission cooler). In addition, a collateral damage warranty will also be in effect for the first three (3) years of the warranty coverage and will not exceed \$10,000 per occurrence. A copy of the warranty certificate will be included with this proposal.	
0688798	Warranty, Water Tank, Lifetime, UPF, Poly Tank, WA0195	WATER TANK WARRANTY A UPF poly water tank limited warranty certificate, WA0195, is included with this proposal.	
0596025	Warranty, Structure, 10 Year, Body, WA0009	TEN (10) YEAR STRUCTURAL INTEGRITY The Pierce apparatus body limited warranty certificate, WA0009, is included with this proposal.	
0693126	Warranty, AMDOR, Roll-up Door, 10 Year/5 Year Painted, WA0185	ROLL UP DOOR MATERIAL AND WORKMANSHIP WARRANTY An AMDOR roll-up door limited warranty will be provided. The roll-up door will be warranted against manufacturing defects for a period of ten (10) years . A five (5) year limited warranty will be provided on painted roll up doors. The limited warranty certificate, WA0185, is included with this proposal.	
0889364	Warranty, Pump, Pierce, PUC-NG, 7 Year Parts, 1 Year Labor, WA0390	SEVEN (7) YEAR PARTS, ONE (1) YEAR LABOR The pump and its components will be provided with a seven (7) year parts and one (1) year labor limited warranty. The manufacturer's warranty will provide that the pump and its components will be free from failures caused by defects in material and workmanship that would arise under normal use and service. A copy of the warranty certificate will be submitted with the bid package.	
0648675	Warranty, 10 Year S/S Pumping, WA0035	TEN (10) YEAR PUMP PLUMBING WARRANTY The Pierce apparatus plumbing limited warranty certificate, WA0035, is included with this proposal.	
0641372	Warranty, Foam System, Not Available		

0595820	Warranty, Paint, 10 Year, Body, Pro-Rate, WA0057	TEN (10) YEAR PRO-RATED PAINT AND CORROSION A Pierce body limited pro-rated paint warranty certificate, WA0057, is included with this proposal.	AGENDA ITEM NO. 28.
0595421	Warranty, Goldstar, 3 Year, Apparatus, WA0018	THREE (3) YEAR MATERIAL AND WORKMANSHIP The Pierce Goldstar gold leaf lamination limited warranty limited warranty certificate, WA0018, is included with this proposal.	
0819254	Certification, Vehicle Stability, CD0196	VEHICLE STABILITY CERTIFICATION The fire apparatus manufacturer will provide a certification stating the apparatus complies with NFPA 1900, current edition, section 7.14, Vehicle Stability. The certification is included with this proposal.	
0808577	Certification, Engine Installation, Velocity, Cummins X15, 2027	ENGINE INSTALLATION CERTIFICATION The fire apparatus manufacturer will provide a certification, along with a letter from the engine manufacturer stating they approve of the engine installation in the bidder's chassis. The certification will be provided at the time of delivery.	
0686786	Certification, Power Steering, CD0098	POWER STEERING CERTIFICATION The fire apparatus manufacturer will provide a certification stating the power steering system as installed meets the requirements of the component supplier. The certification is included with this proposal.	
0892701	Certification, Cab Integrity, Impel/Velocity FR, CD0190	CAB INTEGRITY CERTIFICATION The fire apparatus manufacturer will provide a cab crash test certification with this proposal. The certification will state that a specimen representing the substantial structural configuration of the cab has been tested and certified by an independent third party test facility. Testing events will be documented with photographs, real-time and high-speed video, vehicle accelerometers, cart accelerometers, and a laser speed trap. The fire apparatus manufacturer will provide a state licensed professional engineer to witness and certify all testing events. Testing will meet or exceed the requirements below: SAE J2422 Cab Roof Strength Evaluation - Quasi-Static Loading Heavy Trucks. European Occupant Protection Standard ECE Regulation No.29. SAE J2420 COE Frontal Strength Evaluation - Dynamic Loading Heavy Trucks. Side Impact The cab will be subjected to dynamic preload where a 14,320-lb moving barrier is slammed into the side of the cab at 5.50 mph, striking with an impact of 13,000 ft-lb of force. This test is part of the SAE J2422 test procedure and more closely represents the forces a cab will see in a rollover incident. Roof Crush The same cab will be subjected to a roof crush force of 22,050 lb. This value meets the ECE 29 criteria and is equivalent to the front axle rating up to a maximum of ten (10) metric tons. Additional Roof Crush The same cab will be subjected to a roof crush force of 100,000 lb. (Four and a half times the load criteria of ECE 29) Frontal Impact The same cab will withstand a frontal impact of 32,600 ft-lb of force using a moving barrier in accordance with SAE J2420. Additional Frontal Impact The same cab will withstand a frontal impact of 65,200 ft-lb of force using a moving barrier. (Twice the force required by SAE J2420) The same cab will withstand all tests without any measurable intrusion into the survival space of the occupant area.	
0548950	Certification, Cab Door Durability, Velocity/Impel, CD0001	CAB DOOR DURABILITY CERTIFICATION Robust cab doors help protect occupants. Cab doors will survive a 200,000-cycle door slam test where the slamming force exceeds 20 G's of deceleration. The bidder will certify that the sample doors similar to those provided on the apparatus have been tested and have met these criteria without structural damage, latch malfunction, or significant component wear.	
0548967	Certification, Windshield Wiper Durability, Impel/Velocity, CD0005	WINDSHIELD WIPER DURABILITY CERTIFICATION Visibility during inclement weather is essential to safe apparatus performance. Windshield wipers will survive a 3 million cycle durability test in accordance with section 6.2 of SAE J198 <i>Windshield Wiper Systems - Trucks, Buses and Multipurpose Vehicles</i> . The bidder will certify that the wiper system design has been tested and that the wiper system has met these criteria.	
0667411	Certification, Electric Window Durability, Velocity/Impel FR, CD0004	ELECTRIC WINDOW DURABILITY CERTIFICATION Cab window roll-up systems can cause maintenance problems if not designed for long service life. The window regulator design will complete 30,000 complete up-down cycles and still function normally when finished. The bidder will certify that sample doors and windows similar to those provided on the apparatus have been tested and have met these criteria without malfunction or significant component wear.	

0549273	Certification, Seat Belt Anchors and Mounting, Imp/Vel/Vel SLT, CD0018	SEAT BELT ANCHOR STRENGTH Seat belt attachment strength is regulated by Federal Motor Vehicle Safety Standard 571.210 Seat Belt Assembly Anchorages. Each seat belt anchor design will withstand the lap and shoulder belt in accordance with FMVSS 571.210. The bidder will certify that each anchor design was pull tested to the required force and met the appropriate criteria. AGENDA ITEM NO. 28. SEAT MOUNTING STRENGTH Seat attachment strength is regulated by Federal Motor Vehicle Safety Standards and should be validated through testing. Each seat mounting design will be tested to withstand 20 G's of force in accordance with FMVSS 571.207 Seating Systems. The bidder will certify that each seat mount and cab structure design was pull tested to the required force and met the appropriate criteria.
0735950	Certification, Cab HVAC System Performance, Imp FR, CD0166/CD0168/CD0176/CD0177	PERFORMANCE CERTIFICATIONS Cab Air Conditioning Good cab air conditioning temperature and air flow performance keeps occupants comfortable, reduces humidity, and provides a climate for recuperation while at the scene. The cab air conditioning system will cool the cab from a heat-soaked condition at 100 degrees Fahrenheit to an average of 78 degrees Fahrenheit in 30 minutes. The bidder will certify that a substantially similar cab has been tested and has met these criteria. Cab Defroster Visibility during inclement weather is essential to safe apparatus performance. The defroster system will clear the required windshield zones in accordance with SAE J381 Windshield Defrosting Systems Test Procedure And Performance Requirements - Trucks, Buses, And Multipurpose Vehicles. <i>The bidder will certify that the defrost system design has been tested in a cold chamber and passes the SAE J381 criteria.</i> Cab Auxiliary Heater <i>Good cab heat performance and regulation provides a more effective working environment for personnel, whether in-transit, or at a scene. An auxiliary cab heater will warm the cab 77 degrees Fahrenheit from a cold-soak, within 30 minutes when tested using the coolant supply methods found in SAE J381. The bidder will certify, at time of delivery, that a substantially similar cab has been tested and has met these criteria.</i>
0545073	Amp Draw Report, NFPA Current Edition	AMP DRAW REPORT The bidder will provide, at the time of bid and delivery, an itemized print out of the expected amp draw of the entire vehicle's electrical system. The manufacturer of the apparatus will provide the following: Documentation of the electrical system performance tests. A written load analysis, which will include the following: The nameplate rating of the alternator. The alternator rating under the conditions specified per: Current edition of applicable NFPA standards. The minimum continuous load of each component that is specified per: Current edition of applicable NFPA standards. Additional loads that, when added to the minimum continuous load, determine the total connected load. Each individual intermittent load. All of the above listed items will be provided by the bidder per the current edition of applicable NFPA standards.

Notes:

*Actual Inside cramp angle may be less than shown.

Curb to Curb turning radius calculated for 9.00 inch curb.

Definitions:

AGENDA ITEM NO. 28.

Inside CrampAngle	Maximum turning angle of the front inside fire.
Axle Track	King-pin to King-pin distance of front axle.
Wheel Offset	Offset from the center line of the wheel to the King-pin.
Tread Width	Width of the tire tread.
Chassis Overhang	Distance of the center line of the front axle to the front edge of the cab. This does not include the bumper depth.
Additional Bumper Wheel	Depth that the bumper assembly adds to the front overhang.
Wheelbase	Distance between the center lines of the vehicles front and rear axles.
Inside Turning Radius	Radius of the smallest circle around which the vehicle can turn.
Curb to Curb Turning Radius	Radius of the smallest circle around which the vehicle's tires can turn. This measures assumes a curb height of 9 inches.
Wall to Wall Turning Radius	Radius of the smallest circle around which the vehicle's tires can turn. This measures takes into account any front overhang due to chassis , bumper extensions and or aerial devices.

4 PRODUCT WARRANTIES

Exhibit "C"

Fire and Rescue Apparatus

One (1) Year Material and Workmanship

Basic Apparatus

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Portions of the apparatus manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	Twelve (12) months.
Conditions and Exclusions:	No specific exclusions apply
See Also Paragraphs 2 thru 4	

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Three (3) Year Material and Workmanship Velocity and Impel Custom Chassis

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Portions of the apparatus manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date the apparatus is placed in service, or 60 days from the original buyer invoice date, whichever comes first.
Warranty Period Ends After:	Three (3) Years, or 30,000 Miles, or 5000 Engine Hours
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty applies, where applicable, to Goldstar lamination, defroster heater coil and motor blower assembly (excluding the FET PWM module), heater, air conditioning condenser coil and fan/motor assembly, air conditioning evaporator coil and motor blower assembly (excluding the drain pan pump and thermostat), under seat heaters coil and motor blower assembly (excluding the FET PWM module), HVAC electronic switches, HVAC hoses and hard lines, heater water valve, Pierce PS6 seat frames and hardware, Pierce One-Eleven mirrors, Pierce hands-free scba holder, cracking or color loss of roto-molded components, Meritor rear axle, Wabco ABS system, cab door handles, Standen spring suspension components, and the gauge instrument cluster.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Cummins Warranty

Worldwide

Fire Apparatus/Crash Trucks

Coverage

Products Warranted

This Warranty applies to new diesel Engines sold by Cummins and delivered to the first user on or after April 1, 2007, that are used in fire apparatus truck and crash truck* applications Worldwide.

Base Engine Warranty

The Base Engine Warranty covers any failures of the Engine which result, under normal use and service, from a defect in material or factory workmanship (Warrantable Failure). This Coverage begins with the sale of the Engine by Cummins and ends five years or 100,000 miles (160,935 kilometers), whichever occurs first, after the date of delivery of the Engine to the first user.

Engine aftertreatment components included in the Cummins Critical Parts List (CPL) and marked with a Cummins part number are covered under Base Engine Warranty.

Additional Coverage is outlined in the Emission Warranty section.

These Warranties are made to all Owners in the chain of distribution and Coverage continues to all subsequent Owners until the end of the periods of Coverage.

Cummins Responsibilities

Cummins will pay for all parts and labor needed to repair the damage to the Engine resulting from a Warrantable Failure.

Cummins will pay for the lubricating oil, antifreeze, filter elements, belts, hoses and other maintenance items that are not reusable due to the Warrantable Failure.

Cummins will pay for reasonable labor costs for Engine removal and reinstallation when necessary to repair a Warrantable Failure.

Cummins will pay reasonable costs for towing a vehicle disabled by a Warrantable Failure to the nearest authorized repair location. In lieu of the towing expense, Cummins will pay reasonable costs for mechanics to travel to and from the location of the vehicle, including meals, mileage and lodging when the repair is performed at the site of the failure.

Owner Responsibilities

Owner is responsible for the operation and maintenance of the Engine as specified in Cummins Operation and Maintenance Manuals. Owner is also responsible for providing proof that all recommended maintenance has been performed.

Before the expiration of the applicable Warranty, Owner must notify a Cummins distributor, authorized dealer or other repair location approved by Cummins of any Warrantable Failure and make the Engine available for repair by such facility. Except for Engines disabled by a Warrantable Failure, Owner must also deliver the Engine to the repair facility.

Service locations are listed on the Cummins Worldwide Service Locator at cummins.com.

Owner is responsible for the cost of lubricating oil, antifreeze, filter elements and other maintenance items provided during Warranty repairs unless such items are not reusable due to the Warrantable Failure.

Owner is responsible for communication expenses, meals, lodging and similar costs incurred as a result of a Warrantable Failure.

Owner is responsible for non-Engine repairs and for "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs and other losses resulting from a Warrantable Failure.

Owner is responsible for a \$100 (U.S. Dollars) deductible per each service visit under this plan in the 3rd, 4th and 5th years of Base Engine Warranty. The deductible will not be charged during the first 2 years of the Base Engine Warranty.

Limitations

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel

exhaust fluid.

This Warranty does not apply to accessories supplied by Cummins which bear the name of another company. Such non-warranted accessories include, but are not limited to: alternators, starters, fans, air conditioning compressors, clutches, filters, transmissions, torque converters, vacuum pumps, power steering pumps, fan drives and air compressors. Cummins branded alternators and starters are covered for the first two years from the date of delivery of the Engine to the first user, or the expiration of the Base Engine Warranty, whichever occurs first.

Failures resulting in excessive oil consumption are not covered beyond the duration of the Coverage or 100,000 miles (160,935 kilometers) or 7,000 hours from the date of delivery of the Engine to the first user, whichever of the three occurs first. Before a claim for excessive oil consumption will be considered, Owner must submit adequate documentation to show that consumption exceeds Cummins published standards.

Failures of belts and hoses supplied by Cummins are not covered beyond the first year from the date of delivery of the Engine to the first user or the duration of the Warranty, whichever occurs first.

Parts used to repair a Warrantable Failure may be new Cummins parts, Cummins approved rebuilt parts or repaired parts. Cummins is not responsible for failures resulting from the use of parts not approved by Cummins.

A new Cummins or Cummins approved rebuilt part used to repair a Warrantable Failure assumes the identity of the part it replaced and is entitled to the remaining Coverage hereunder.

Cummins Inc. reserves the right to interrogate Electronic Control Module (ECM) data for purposes of failure analysis.

CUMMINS DOES NOT COVER WEAR OR WEAROUT OF COVERED PARTS.

CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

THIS WARRANTY AND THE EMISSION WARRANTY SET FORTH HEREINAFTER ARE THE SOLE WARRANTIES MADE BY CUMMINS IN REGARD TO THESE ENGINES. CUMMINS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Emission Warranty

Products Warranted

This Emission Warranty applies to new Engines marketed by Cummins that are used in the United States** in vehicles designed for transporting persons or property on a street or highway. This Warranty applies to Engines delivered to the first user on or after September 1, 1992.

Coverage

Cummins warrants to the first user and each subsequent purchaser that the Engine is designed, built and equipped so as to conform at the time of sale by Cummins with all U.S. federal emission regulations applicable at the time of manufacture and that it is free from defects in material or factory workmanship which would cause it not to meet these regulations within the longer of the following periods: (A) Five years or 100,000 miles (160,935 kilometers) of operation, whichever occurs first, as measured from the date of delivery of the Engine to the first user or (B) The Base Engine Warranty.

If the vehicle in which the Engine is installed is registered in the state of California, a separate California Emission Warranty also applies.

Limitations

Failures, other than those resulting from defects in material or factory workmanship, are not covered by this Warranty.

Cummins is not responsible for failures or damage resulting from what Cummins determines to be abuse or neglect, including, but not limited to: operation without adequate coolants or lubricants; overfueling; overspeeding; lack of maintenance of lubricating, cooling or intake systems; improper storage, starting, warm-up, run-in or shutdown practices; unauthorized modifications of the Engine.

Any unauthorized modifications to the aftertreatment could negatively effect emissions certification and void Warranty.

Cummins is also not responsible for failures caused by incorrect oil, fuel or diesel exhaust fluid or by water, dirt or other contaminants in the fuel, oil or diesel exhaust fluid.

Cummins is not responsible for non-Engine repairs, "downtime" expenses, cargo damage, fines, all applicable taxes, all business costs or other losses resulting from a Warrantable Failure.

**CUMMINS IS NOT RESPONSIBLE FOR INCIDENTAL
OR CONSEQUENTIAL DAMAGES.**

* Airport operated crash trucks and fire department operated trucks employed to respond to fires, hazardous material releases, rescue and other emergency-type situations.

** United States includes American Samoa, the Commonwealth of Northern Mariana Islands, Guam, Puerto Rico and the U.S. Virgin Islands.

R. H. SHEPPARD CO., INC.
101 Philadelphia St.
Hanover, PA 17331
Pierce Manufacturing Inc.
2600 American Drive
Appleton, WI 54912

LIMITED WARRANTY: The R. H. Sheppard Co. Inc., ("Sheppard") warrants all M110PKG1 and M110SAU1 steering gears manufactured and sold to Pierce Manufacturing Inc. ("Pierce") for application on Pierce TAK-4 equipped vehicles to be free from defects of workmanship and material under normal use and service for a period of thirty six months from the in service date of the vehicle to its original owner.

Vehicle applications where Sheppard product is used require an application approval before production build. If Pierce uses Sheppard product for any purpose or application which has not been approved by Sheppard in advance, including aftermarket devices (defined as a device added to the steering system directly or indirectly affecting the performance or operation of the Sheppard product in its approved application) not tested and approved by Sheppard this limited warranty SHALL NOT APPLY AND SHALL BE VOID. SHEPPARD MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED. SHEPPARD EXPRESSLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR USE OR PURPOSE WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF.

SHEPPARD SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES OR FOR LOSS OR DAMAGE DIRECTLY OR INDIRECTLY ARISING FROM THE USE OF A PRODUCT. Pierce expressly acknowledges its obligation to inform all users (customers) of the above disclaimer.

CONDITIONS: Claims under this Limited Warranty may only be made by Pierce. In no event shall Sheppard be held liable for warranty charges by unauthorized persons. No allowance will be made for repairs or alterations, unless made with the written consent of Sheppard. Authorized Pierce dealers shall be the only authorized repair facility for Sheppard products applied to Pierce vehicles. Any warrantable repair made under this Limited Warranty must be made on or before 36 months of the in-service date for the Product to which the claim relates. Sheppard shall not be liable for claims made after such date. Sheppard product fitted to Pierce vehicles that are repaired at a repair facility other than an authorized Pierce dealer within the warranty period will be considered for payment under the guidelines of this agreement only by joint written consideration of Sheppard and Pierce warranty departments. It shall be the responsibility of the Pierce warranty department to notify Sheppard if and when this situation occurs. Sheppard will not be held responsible for damage to other steering components such as but not limited to pumps and reservoirs due to improper adjustment of steering gear relief plungers. Vehicle downtime and towing will not be considered under warranty.

REMEDIES: The sole and exclusive remedy of Pierce for Sheppard's breach of the foregoing warranty is limited to the return and repair or reimbursement as follows:

R. H. SHEPPARD CO., INC. WARRANTY
Pierce Manufacturing Inc.
Page 2

Warranty Support: In support of the Pierce dealer network, Sheppard will provide a toll-free “Hotline” service to assist in the diagnosis and troubleshooting of steering problems. The R. H. Sheppard Co., Inc. Field Service Department can be reached at 1-800-274-7437 for assistance. Sheppard will require that Pierce dealers contact this toll-free “Hotline” for approval before product is removed from a vehicle in a warranty situation. When contacted regarding a warranty situation, the Sheppard representative will provide an authorization number for removal of the product. This Returned Goods Authorization (RGA) number must be included in all warranty correspondence and attached to all returned goods.

Procedure: In the event of a warranty situation, the servicing dealer shall contact the Sheppard Hotline and receive an RGA number before replacing any steering gear. For M110PKG1 and M110SAU1 steering gear models, the dealer will first obtain an RGA number from Sheppard, and then order the replacement gear from Pierce. Replacement M110PKG1 and M110SAU1 steering gears shall be shipped from Pierce once those models are in full production. A warranty claim for both parts and labor will then be generated by the dealer and sent to Pierce. After reviewing the claim, Pierce will submit it to Sheppard for reimbursement.

Parts Reimbursement: Sheppard agrees to reimburse Pierce at Pierce’s purchase price plus 30% mark-up for parts found to be defective within the warranty period. Parts being returned for warranty consideration shall be sent to the R. H. Sheppard Company, 447 E. Middle St., Hanover, PA 17331 ATTN: Warranty Dept. Sheppard’s determination as to whether the part is covered by the foregoing warranty is final and conclusive. Sheppard requires the return of complete steering gears only. Individual seals replaced under warranty **should not** be returned unless specifically requested by Sheppard. All parts being returned for warranty consideration must be clearly tagged with all pertinent warranty information including, but not limited to (1) Returned Goods Authorization number (RGA); (2) claim number; (3) date in service; (4) date of failure; (5) mileage; (6) part number; (7) labor hours; (8) dealer labor rate and; (9) dollar amount claimed. Claims submitted without prior authorization are subject to rejection under this agreement.

Labor: Labor to repair Sheppard product found to be defective within the warranty period will be reimbursed at not more than 10 hours per vehicle. Labor shall be reimbursed at the rate of \$85.00 USD per hour for M110PGK1 and M110SAU1 steering gears.

Freight: Pierce will collect M110PGK1 and M110SAU1 warranty material at a designated collection point. Inbound freight to the Pierce collection point will be the responsibility of Pierce. All warranty material should be returned from the Pierce collection point to R. H. Sheppard Co. Freight Collect by a Sheppard-specified common carrier based on location of the Pierce collection point. Sheppard does not require the return of failed seals. Any freight charges incurred for the return of seals will be the responsibility of Pierce. Parts returned for warranty consideration without prior authorization are subject to rejection under this agreement and may be subject to a charge back of inbound freight charges. Parts rejected under this warranty will be returned to Pierce Freight Collect or scrapped by Sheppard at Pierce’s discretion.

R. H. SHEPPARD CO., INC. WARRANTY
Pierce Manufacturing Inc.
Page 3

Outside Purchases: Pierce authorized dealers shall be the only outlet for repair, warranty service and parts for Sheppard products applied to Pierce vehicles. Sheppard will not be responsible for consumables such as hoses, belts, fluids, fittings or miscellaneous shop material that may be required for the repair of the product.

Warranty Documentation: Warranty credit memos will be issued monthly to the Pierce Warranty Department. Monthly credit memos will include (1) claim number; (2) part number; (3) parts reimbursement; (4) labor reimbursement; (5) any applicable Pierce reference number and; (6) reason for rejection or acceptance of the claim. Credit memos will be issued in U.S. funds. Debits for warranty claims will not be accepted under this agreement. Claim disposition will constitute the final and conclusive resolution of warranty claims.

Parts Retention: Sheppard will retain parts submitted for warranty consideration for a period of sixty (60) days for any material found to be rejected for warranty. Sheppard will notify Pierce within sixty (60) days of receipt of Sheppard's determination as to whether any such part is covered by this warranty. Warranty reimbursement will be issued within thirty days of receipt of material at Sheppard.

Good-Will Requests: Good-Will requests will be considered jointly between Sheppard and Pierce for equitable compensation.

RECALLS: Sheppard retains the right to review information regarding federal motor vehicle recall and /or product repair programs if Sheppard products fitted to Pierce vehicles are alleged to be non-compliant with federal motor vehicle safety standards. Sheppard retains the right to review any claims of product defect or non-compliance before participating in reimbursement of expenses incurred as a result of alleged non-compliance or defect of its products. Sheppard agrees to negotiate in good faith for the reimbursement of expenses incurred by Pierce for all administrative, material and labor cost and expense associated with any recall where Sheppard product is found to be defective or non-compliant with federal motor vehicle standards.

MISCELLANEOUS: This writing constitutes the full complete and final statement of Sheppard's limited warranty for M110PKG1 and M110SAU1 products sold to Pierce. All prior oral or written correspondence, test data, negotiations, representations, understandings and the like regarding products are merged in this writing and extinguished by it. This limited warranty may not be altered, amended extended or modified except by a writing signed by the President or Vice President of Sheppard. No employee, vendor, dealer, distributor or other representative of Sheppard has authority to make statements to extend, expand, alter or amend the terms of this Limited Warranty. Sheppard expressly disclaims any statements contrary to the Limited Warranty. Sheppard's failure at any time to enforce any of the terms and conditions stated herein shall not constitute a waiver of any provisions herein. This Limited Warranty shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania.

R. H. SHEPPARD CO., INC. WARRANTY
Pierce Manufacturing Inc.
Page 4

Any legal actions which may arise as a result of disputes, controversies or claims arising out of or related to this limited warranty shall be in such forum as Sheppard and Pierce shall agree, or, in the absence of agreement, in a court of appropriate jurisdiction other than in the county in which either party is located. This Limited Warranty shall not be assigned by Pierce.

COOPERATIVE EFFORT: Sheppard and Pierce agree to work cooperatively toward expanding this warranty coverage to a period of sixty months from the in service date. These cooperative efforts shall focus on examining the effects of increased heat generated by 2007 model engines and its impact on the entire power steering system.

AGREEMENT: This agreement is effective April 3, 2006 and may be modified by mutual agreement between Sheppard and Pierce of a signed amendment to be attached to the original Limited Warranty. There are no third party beneficiaries to this Limited Warranty. This warranty agreement applies to Pierce authorized dealers only. It does not encompass any special arrangements that Pierce may now have or that Pierce may enter into, with any other segments of the trucking industry. This warranty agreement does not apply to non-conforming product removed at Pierce assembly plants.

This Limited Warranty agreement between the R. H. Sheppard Co., Inc and Pierce Manufacturing Inc. may be terminated by either party with thirty days written notice prior to termination.

Signed at Pierce Manufacturing Inc., Appleton, WI this _____ day of _____, 2006.

Fire and Rescue Apparatus

Lifetime Fifty (50) Year Structural Integrity

Chassis Frame & Crossmembers

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Custom chassis frame rail and cross members manufactured by Pierce shall be free from defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Fifty (50) Years (Expected Life of Apparatus)
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Three (3) Year Material and Workmanship TAK-4 Independent Front Suspension

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The TAK-4 Front Independent Suspension and Steering Gears shall be free from defects in material and workmanship.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Years -or- 30,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty excludes brake pads, brake rotors, seal boots and shock absorbers.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

SUPPLIER

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the purchaser who first puts the product in service ("Buyer"):

Coverage:	The Meritor axle shall be covered by Meritor as indicated in the attached Meritor warranty coverage description
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Five (5) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	The exclusions listed in the attached Meritor warranty description shall apply.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

How to Read Warranty Coverage

Number of Years	Mileage (in thousands) Unl = Unlimited	P = Parts Only P&L = Parts and Labor
-----------------	---	---

Notice:

Models or components that are approved for use by Cummins-Meritor's vocational guidelines contained in Cummins-Meritor publication TP-9441 for axles, SP-8320 for trailer axles and TP-12126 for drivelines, or any other products that have an application approval completed with Cummins-Meritor which are not specifically listed, are warranted for one year, unlimited miles, parts only (1/Unl/P).

Products purchased on an incomplete vehicle (glider) are limited to one year, unlimited miles, parts only (1/Unl/P).

Advantage Program

Purchasing additional coverage on select components will continue to safeguard your investment against major repair costs after the initial base coverage expires. You can find out more about the Advantage Program by visiting **meritor.com** or by contacting Cummins-Meritor at **866-OnTrac1 (866-668-7221)**.

LINEHAUL WARRANTY INFORMATION

Vocational Definition of Linehaul

- Long distance hauling of food, goods and finished materials
- Not included are raw ferrous materials, minerals (except oil), sand, gravel, stone, rocks, topsoil, waste or logs
- Linehaul includes turnpike and hub & spoke

Linehaul Vehicles

- Auto Hauler¹
- Bulk Hauler¹
- Chip Hauler^{1,2}
- Doubles
- Flatbed
- General Freight
- Grain Hauler¹
- Livestock Hauler
- Moving Van
- Pipe Hauler
- Refrigerated Freight
- Tanker¹
- Triples

¹ Cummins-Meritor classifies these vehicle types as high center of gravity, which require special axle housing considerations.

² Chip Hauler vehicles require specific axle models listed below and Linehaul condition to be eligible for Linehaul warranty consideration.

Linehaul Typically Is:

- High mileage operation (over 60,000 miles/year)
- Greater than 30 miles between starts and stops
- Maximum grades of 12%
- Well maintained highways of concrete or asphalt construction (100% on-road)

- Category A job sites, terminals, docks and transfer sites (defined as pavement, concrete or maintained and hard packed gravel).

Note: Category B job sites, terminals, docks, transfer sites (defined as loose or unmaintained sand, dirt or gravel; landfill; farm field; mud; or other similar surfaces) are **NOT** approved for certain linehaul axle models.

Coverage under Cummins-Meritor's warranty require that the application of products be properly approved pursuant to OEM and Cummins-Meritor approvals. Refer to TP-9441 for axles, SP-8320 for trailer axles, TP-12126 for drivelines and/or contact Cummins-Meritor regarding specific application approval questions on any product line.

¹ Fastener torque coverage is limited to 2/Unl/P&L when torqued by Cummins-Meritor (For axle and ABS coverage, refer to appropriate product warranties.)

² "Curbing damage" is defined as deformation (bending, buckling or breakage), caused by sudden impact with a curb or similar fixed object. Damage to the RideSentry slider box (the suspension sliding sub-frame consisting of the frame rails, cross-members and central A-frame assembly), caused by accidental trailer impact with a curb or similar fixed object, is eligible for warranty coverage. Damage to other components or resulting from collision with another vehicle, rollover or fire is not covered under this provision. Warranty is not transferable to another trailer VIN and coverage does not apply if the trailer is deemed to be a total loss, scrapped or otherwise not salvageable.

TERMS AND CONDITIONS

Coverage Exclusions

Product Description

All

The cost of any repairs, replacements or adjustments to a covered component (1) associated with noise; (2) resulting from the use or installation of non-genuine Cummins-Meritor components or materials; (3) due to vibration associated with improper operation or misapplication of drivetrain components; and (4) damage resulting from corrosion.

For axle assemblies supplied by Cummins-Meritor with suspension and interface brackets designed and/or attached by non-Cummins-Meritor parties, Cummins-Meritor warranty coverage does not apply to the brackets, bracket attachment methods and field issues caused by brackets or bracket attachments to any covered component unless specified in a separate OEM agreement.

Front Axles¹

Linehaul – King Pin Bushings 1yr/Unl P&L
All Other Vocations – King Pin Bushings Excluded

¹ King Pin Bushing wear excluded for all vocations.

Rear Axles

Self-contained traction equalizers and oil filters. The use of NoSPIN differentials will result in the exclusion of axle shafts from warranty considerations. NoSPIN is a product of Eaton.

ASA

Boot and bushing. Bent, broken, over-torqued, missing or otherwise damaged pawl assemblies.

Cam Brake

Brake lining wear and brake shoe “rust-jacking.”

Disc Brake

Pad wear, rotor wear.

Coverage Limitations

Product Description

All

Any claim beyond 60 days from date of repair will not be accepted or honored under this warranty program. Products purchased on an incomplete vehicle (glider) are limited to one year, unlimited miles parts only (1/Unl/P).

Warranty coverage on vehicles with 1,850 lb-ft engine torque and over may be reduced on individual drivetrain components. Contact your Cummins-Meritor representative for specific details.

Front Axles

Tie rod and tie rod ends limited to 3-year/300,000-mile or published vocational coverage, whichever is less. Wheel seals, gaskets and wheel bearings are covered for 1 year/unlimited miles if the wheel end equipment is supplied and assembled by Cummins-Meritor.

Rear Axles

Pinion and through shaft seals limited to 3-year/300,000-mile or published vocational coverage, whichever is less, if yoke is installed by Cummins-Meritor. If yoke is not installed by Cummins-Meritor, then Cummins-Meritor does not warrant pinion seals. Wheel seals, gaskets and wheel bearings are covered for 1 year/unlimited miles if the wheel end equipment is supplied and assembled by Cummins-Meritor.

Rear Axles

The Cummins-Meritor breather part number A-2297-C-8765 with A-3196-J-1336 hose must be used for eligibility of any potential warranty consideration relating to contamination and/or loss of lube in axles.

Cam Brake

Limited to bracket, brake spider and camshaft structural integrity.

STEELite X30

Wearable life is up to the discard diameter of the drum.

Terms and Conditions

(1) What is Covered by this Commercial Warranty?

Meritor Heavy Vehicle Systems, LLC warrants to the owner (“Owner”) that the components listed in this publication, which have been installed by an Original Equipment Manufacturer (“OEM”) as original equipment in vehicles licensed for on-highway use, will be free from defects in material and workmanship. This warranty coverage begins only after the expiration of the OEM’s vehicle warranty for the applicable covered components. Warranty coverage ends at the expiration of the applicable time period from the date of vehicle purchase by the first Owner or the applicable mileage limitation, whichever occurs first. Duration of coverage varies by component and vocation as detailed elsewhere in this warranty statement.

Some components are warranted for parts only and the Owner must pay any labor costs associated with the repair or replacement of the component. Other components are warranted for both parts and reasonable labor to repair or replace the subject component. Components (whether new, used or remanufactured) installed as replacements under this warranty are warranted only for the remainder of the original period of time or mileage under the original warranty.

For certain components, coverage requires the use of specific extended drain interval or synthetic lubricants. For further information about lubrication and maintenance, see Cummins-Meritor publication Maintenance Manual Number 1 and the applicable Cummins-Meritor maintenance manual for the product in question. Other conditions and limitations applicable to this warranty are detailed below.

TERMS AND CONDITIONS

(2) Designation of Vocational Use Required

To obtain warranty coverage, each Owner must notify Cummins-Meritor through the OEM new truck and/or trailer dealer of the intended vocational use of the vehicle into which the Cummins-Meritor components have been incorporated prior to the vehicle in-service date. This notification may be accomplished by registering the vehicle through your OEM new truck and/or trailer dealer or with Cummins-Meritor directly. Failure to notify Cummins-Meritor of (I) the intended vocational use of the vehicle or (II) a change in vocational use from that which was originally designated, will result in the application of a one year, unlimited mileage, parts only warranty (1/Unl/P) from the initial in-service date.

A second Owner and each subsequent Owner must also notify Cummins-Meritor as to the intended vocational use of the vehicle. This notification can be sent directly to Cummins-Meritor or through the OEM new truck and/or trailer dealer. The duration and mileage coverage of this warranty cannot exceed the coverage extended to the first Owner after his or her initial designation of vocational use.

Coverage under Cummins-Meritor's warranty requires that the application of products be properly approved pursuant to OEM and Cummins-Meritor approvals. Refer to TP-9441 for axles, SP-8320 for trailer axles, TP-12126 for drivelines and/or contact Cummins-Meritor regarding specific application approval questions on any product line.

(3) What is the Cost of this Warranty?

There is no charge to the Owner for this warranty.

(4) What is not Covered by this Warranty?

This warranty does not cover normal wear and tear; nor does it cover a component that fails, malfunctions or is damaged as a result of (I) improper installation, adjustment, repair or modification (including the use of unauthorized attachments or changes or modification in the vehicle's configuration, usage or vocation from that which was originally approved by Cummins-Meritor), (II) accident, natural disaster, abuse or improper use (including loading beyond the specified maximum vehicle weight or altering engine power settings to exceed the axle and/or driveline capacity) or (III) improper or insufficient maintenance (including deviation from approved lubricants, change intervals or lube levels). This warranty does not cover any component or part that is not branded by Cummins-Meritor. **For vehicles that operate full or part time outside of the United States and Canada, a one year, unlimited mileage, parts only warranty (1/Unl/P) will apply.**

(5) Remedy

The exclusive remedy under this warranty shall be the repair or replacement of the defective component at Cummins-Meritor's option. Cummins-Meritor reserves the right to require that all applicable failed materials are available and/or returned to Cummins-Meritor for review and evaluation.

(6) Disclaimer of Warranty

THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESSED, IMPLIED OR STATUTORY INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE.

(7) Limitation of Remedies

In no event shall Cummins-Meritor be liable for special, incidental, indirect or consequential damages of any kind or under any legal theory, including, but not limited to, towing, downtime, lost productivity, cargo damage, taxes or any other losses or costs resulting from a defective covered component.

(8) To Obtain Service

If the Owner discovers within the applicable coverage period a defect in material or workmanship, the Owner must promptly give notice to either Cummins-Meritor or the dealer from which the vehicle was purchased. To obtain service, the vehicle must be taken to any participating OEM new truck and/or trailer dealer or authorized Cummins-Meritor service location. The dealer will inspect the vehicle and contact Cummins-Meritor for an evaluation of the claim. When authorized by Cummins-Meritor, the dealer will repair or replace during the term of this warranty any defective Cummins-Meritor component covered by this warranty.

(9) Entire Agreement

This is the entire agreement between Cummins-Meritor and the Owner about warranty and no Cummins-Meritor employee or dealer is authorized to make any additional warranty on behalf of Cummins-Meritor. This agreement allocates the responsibilities for component failure between Cummins-Meritor and the Owner.

Three (3) Year Material and Workmanship Meritor Wabco ABS Brake System Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Meritor Wabco ABS brake system shall be covered by Meritor Wabco as indicated in the attached Meritor Wabco warranty coverage description
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Year
Conditions and Exclusions: See Also Paragraphs 2 thru 4	The exclusions listed in the attached Meritor Wabco warranty description shall apply.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

WARRANTY

MODEL YEAR 2021 VEHICLES

Warranty coverage is essential to protecting your investment. But understanding the full details of your coverage can be challenging. This straightforward approach allows you, our valued customer, to better understand how your specific vehicle applications will be covered in your region. Our component warranty coverage is provided according to vocation/usage categories listed below.

- Linehaul covers high mileage operation (over 60,000 miles/year) on well-maintained major highways of concrete or asphalt construction.
- General Service covers moderate mileage operations (less than 60,000 miles/year) on well-maintained public roads (less than 10 percent off-road) typically with less than three (3) stops per mile.
- Heavy Service (Vocational) covers vehicles with more than 10 percent off-road OR moderate to frequent starts/stops typically with more than three (3) stops per mile.
- Off-Highway Service covers lower mileage operations. Vehicles are not typically licensed for highway use.

How to Read Warranty Coverage (Example)

Number of Years	Mileage (in thousands) Unl=Unlimited	P=Parts Only P&L=Parts & Labor
3	300	P

- The standard aftermarket warranty for WABCO products - including WABCO Original parts, WABCO Reman Solutions, ProVia quality aftermarket parts and WABCO retrofit solutions - is one year, parts only from in-service date when purchased from ZF distributor networks or its affiliates and/or subsidiaries.

TERMS AND CONDITIONS

COVERAGE EXCLUSIONS

PRODUCT DESCRIPTION

ALL PRODUCTS

This Warranty shall not apply to the following, but not limited to: (1) damage to the product or its component parts caused by incorrect use, installation, maintenance or repair, including without limitation (a) improper fit of mating components or brackets, damaged threads, cut, broken, chafed, pinched or otherwise damaged wiring (sensors, harnesses and connectors), (b) sensors damaged during removal when seized in block, or associated with sensor adjustments/ alignments, and (c) damage resulting from the use or installation of non-genuine WABCO components or materials; (2) damage to the product, its component parts, or diminished product or component part performance due to incorrect operation, deviation from approved conditions or misapplication; (3) any unauthorized disassembly of the product or its component parts including without limitation (a) obliterated, defaced or missing WABCO or WABCO name plate, serial numbers or label identifying the device as a ZF product or WABCO component, (b) changes to sealed adjusting screws, and (c) opening or attempted repair of non-serviceable components; (4) malfunction of the component due to internal contamination of the vehicle system including without limitation (a) water and other contamination damage that is due to the use of a non-genuine air dryer cartridge or (b) valve failures due to contamination in air system, (5) complaints associated with noise, (6) damage resulting from corrosion (including oxidation of electrical devices and connections).

AIR DRYERS

Mounting brackets (see vehicle OEM). Desiccant cartridge housing only.

AIR SYSTEM COMPONENTS

Normal wear items; Gladhand seals, dash valve knobs, valve actuation handles, treadles, pedals.

ABS, ELECTRONIC STABILITY CONTROL (ESC), ROLL STABILITY CONTROL (RSC), OPTIRIDE®, ONGUARD® AND ONLANE®, COLLECTIVELY “ELECTRONICS”

Failure of electronic components due to overvoltage condition, improper grounding, electrostatic discharge (ESD), improper shielding, electromagnetic interference (EMI), or other wiring or installation issues. Malfunctions and failure codes caused by other electronic subsystem failures (data bus, engine, transmission, dashboard, etc.)

HYDRAULIC COMPONENTS

For certain components, brake fluid DOT3 or DOT4 is used as the operating medium. Use of any other fluid will void all warranties associated with that component. For hydraulic braking applications the brake fluid is considered a maintenance item. Maintenance intervals are listed in TB-1367.

COVERAGE LIMITATIONS

PRODUCT DESCRIPTION

ALL PRODUCTS

Any claim beyond 60 days from date of repair will not be accepted or honored under this warranty program.

Products purchased on an incomplete vehicle (glider) are limited to one year, 1/Unl/P.

For vehicles that operate full- or part-time outside of the United States and Canada, a 1-Year/Unlimited Miles parts only (1/Unl/P) will apply.

TOOLBOX PLUS™ DIAGNOSTIC SOFTWARE

Proper diagnostics of WABCO Electronics may require the latest version of TOOLBOX PLUS™. Additional labor due to use of an outdated version of TOOLBOX™ software and/or the time to purchase or install the latest version of TOOLBOX PLUS™ are not covered under product warranty.

WARRANTY - MODEL YEAR 2021 VEHICLES

TERMS AND CONDITIONS

(1) What is Covered by this Commercial Warranty?

ZF CV Systems North America LLC and its North American subsidiaries and affiliates (ZF) warrant to the owner ("Owner") that the components listed in this publication, which have been installed by an Original Equipment Manufacturer ("OEM") as original equipment will be free from defects in material and workmanship. This warranty coverage begins from the original in-service date to the limits provided and runs concurrently with any warranties provided by OEMs and/or any distribution agreements and/or any service contracts that cover the components listed in this publication, if any. If the components listed in this publication are covered by an OEM warranty and/or service contract, then the OEM's warranty and/or service contract shall supersede ZF's warranty and Owner shall comply with all OEM's warranty and/or service contract requirements for claims under such OEM's warranty and/or service contract until those agreements expire. Once those agreements expire and provided the ZF warranty has not expired under the terms stated above, the ZF warranty will be in effect until its expiration date.

Warranty coverage ends at the expiration of the applicable time period from the date of vehicle purchase by the first Owner, or, the applicable mileage limitation, whichever occurs first. Duration of coverage varies by component and vocation as detailed previously in this publication. Some components are warranted for parts only and the Owner must pay any labor costs associated with the repair or replacement of the component. Other components are warranted for both parts and reasonable labor to repair or replace the subject component. Additional diagnostic time due to use of an outdated version of TOOLBOX™, time to purchase or install latest version of TOOLBOX™ are the responsibility of the authorized ZF distributor networks and are not covered under product warranty. Components installed as replacements under this warranty are warranted only for the remainder of the original period of time or mileage under the original warranty.

- (2) Designation of Vocational Use Required. To obtain warranty coverage, each Owner must notify ZF through the OEM new truck and/or trailer dealer of the intended vocational use of the vehicle into which the WABCO components have been incorporated prior to the vehicle in-service date. This notification may be accomplished by registering the vehicle through your OEM new truck and/or trailer dealer or with ZF directly. Failure to notify ZF of (I) the intended vocational use of the vehicle or (II) a change in vocational use from that which was originally designated, will result in the application of a one year, unlimited mileage, parts only warranty (1/Unl/P) from the initial in-service date. A second Owner and each subsequent Owner must also notify ZF as to the intended vocational use of the vehicle. This notification can be sent directly to ZF or through

the OEM new truck and/or trailer dealer. The duration and mileage coverage of this warranty cannot exceed the coverage extended to the first Owner after his or her initial designation of vocational use. Coverage under ZF's warranty requires that the application of products be properly approved pursuant to OEM and ZF, approvals.

- (3) What is the Cost of this Warranty? There is no charge to the Owner for this warranty.
- (4) What is not Covered by this Warranty? In addition to the items listed on "Coverage Exclusions," this warranty does not cover normal wear and tear, or service items; nor does it cover a component that fails, malfunctions or is damaged as a result of (a) improper handling, storage, installation, adjustment, repair or modification including the use of unauthorized attachments or changes or modification in the vehicle's configuration, usage, or vocation from that which was originally approved by ZF, (b) accident, fire or other casualty, natural disaster, road debris, negligence, misuse, abuse, or improper use (including loading beyond the specified maximum vehicle weight or altering engine power settings to exceed the brake system capacity), or (c) improper or insufficient maintenance (including deviation from maintenance intervals, approved lubricants, or lube levels). This warranty does not cover any component or part that is not sold by ZF.
- (5) To obtain service. If the owner discovers within the applicable coverage period a defect in material or workmanship, the Owner must promptly give notice to either ZF or the dealer from which the vehicle was purchased. To obtain service, the vehicle must be taken to any participating OEM dealer or ZF distributor networks' servicer. The dealer or ZF authorized servicer will inspect the vehicle and contact ZF for an evaluation of the claim. When authorized by ZF, the dealer or ZF authorized servicer will repair or replace during the term of this warranty any defective WABCO component covered by this warranty.
- (6) Disclaimer of Warranty and Limitation of remedies. TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE LIMITED WARRANTY SET FORTH HEREIN IS EXCLUSIVE AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ARISING BY OPERATION OF LAW OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND/OR WARRANTY FOR HIDDEN OR LATENT DEFECTS, AND IN NO EVENT WILL ZF OR ANY OF ITS AFFILIATES BE LIABLE FOR DIRECT, INDIRECT, INCIDENTAL, PROGRESSIVE, SPECIAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND.

- (7) Legal action. Any legal action or claim arising from or related to this Warranty, in contract or otherwise, must be commenced within one year from the accrual of that cause of action, or be barred forever. Any dispute arising in connection with this agreement shall be governed by and construed according to the laws of the State of Michigan and be brought, heard and determined exclusively in either the Circuit Court for the County of Oakland, State of Michigan or the United States District Court for the Eastern District of Michigan. The parties stipulate that the referenced venues are convenient.
- (8) Remedy. The exclusive remedy under this warranty shall be the repair or replacement of the defective component at ZF's option. ZF reserves the right to require that all applicable covered components are available and/or returned to ZF for review and evaluation. THE MAXIMUM LIABILITY, IF ANY, OF ZF FOR ALL DAMAGES, INCLUDING WITHOUT LIMITATION CONTRACT DAMAGES, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY, OR OTHER TORT, IS LIMITED TO AN AMOUNT NOT TO EXCEED THE PURCHASE PRICE OF THE PRODUCT and where indicated in the product and application warranty information above, the inclusion of labor is limited to the standard repair time. THE PARTIES ACKNOWLEDGE AND AGREE THAT THE LIMITATION OF DAMAGES PROVISION SET FORTH IN THIS PARAGRAPH SURVIVES BETWEEN THE ORIGINAL END USER AND ZF EVEN IF THE EXCLUSIVE REMEDY SET FORTH ABOVE IS DEEMED TO FAIL OF ITS ESSENTIAL PURPOSE. ZF may change the design or make improvements to its Products without incurring any warranty obligation for previously manufactured Product .
- (9) Entire Agreement. This is the entire agreement between ZF and the Owner about warranty and no, ZF employee, or dealer is authorized to make any additional warranty on behalf of ZF unless in writing and signed by an authorized representative of ZF.

**For further product details contact your distributor or the
WABCO Customer Care Center at 855-228-3203.**

About ZF Friedrichshafen AG

ZF is a global technology company and supplies systems for passenger cars, commercial vehicles and industrial technology, enabling the next generation of mobility. ZF allows vehicles to see, think and act. In the four technology domains Vehicle Motion Control, Integrated Safety, Automated Driving, and Electric Mobility, ZF offers comprehensive solutions for established vehicle manufacturers and newly emerging transport and mobility service providers. ZF electrifies different kinds of vehicles. With its products, the company contributes to reducing emissions and protecting the climate.

ZF, which acquired WABCO Holdings Inc. on May 29, 2020, now has 160,000 employees worldwide with approximately 260 locations in 41 countries. In 2019, the two then-independent companies achieved sales of €36.5 billion (ZF) and \$3.4 billion (WABCO). For more information, visit: www.wabco-na.com

Fire and Rescue Apparatus

Ten (10) Year Structural Integrity

Custom Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The Pierce Custom Cab shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the cab tubular support and mounting structures and other structural components of the cab of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion Cab

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the cab painted by Pierce shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions:	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Two (2) Year Material and Workmanship

Power Step

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Each power step shall be free from defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Two (2) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	No specific exclusions apply

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship

Command Zone Electronics

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Command Zone control modules shall be free from failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Five (5) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty applies to all of the control modules for the Command Zone system, including the full color graphic displays. Related wire harnesses, cables and connectors are not covered under this limited warranty and are instead covered under the Pierce One Year Basic Apparatus Limited Warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

54 Months Material and Workmanship

Camera System

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	This limited warranty covers repairs to correct any defect related to materials or workmanship of the Sharpvision camera system installed on the apparatus occurring during the warranty period.
Warranty Begins:	The date of delivery.
Warranty Period Ends After:	Fifty - Four (54) months
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty does not apply to related wire harnesses, cables, and connectors, which are covered by the Pierce one (1) year basic apparatus limited warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

NEW PRODUCT WARRANTY

**PARTICIPATING OEM SALES
DISTRIBUTOR SALES**
**LIMITED WARRANTY ON NEW ALLISON AUTOMATIC TRANSMISSIONS
USED IN EMERGENCY VEHICLE APPLICATIONS**

Allison Transmission will provide for repairs or replacement, at its option, during the warranty period of each new Allison transmission listed below that is installed in an Emergency Vehicle in accordance with the following terms, conditions, and limitations.

WHAT IS COVERED

- **WARRANTY APPLIES** — This warranty is for new Allison transmission models listed below installed in an Emergency Vehicle and is provided to the original and any subsequent owner(s) of the vehicle during the warranty period.
- **REPAIRS COVERED** — The warranty covers repairs or replacement, at Allison Transmission's option, to correct any transmission malfunction resulting from defects in material or workmanship occurring during the warranty period. Needed repairs or replacements will be performed using the method Allison Transmission determines most appropriate under the circumstances.
- **TOWING** — Towing is covered to the nearest Allison Transmission Distributor or authorized Dealer only when necessary to prevent further damage to your transmission.
- **PAYMENT TERMS** — Warranty repairs, including parts and labor, will be covered per the schedule shown in the chart contained in section "APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE."
- **OBTAINING REPAIRS** — To obtain warranty repairs, take the vehicle to any Allison Transmission Distributor or authorized Dealer within a reasonable amount of time and request the needed repairs. A reasonable amount of time must be allowed for the Distributor or Dealer to perform necessary repairs.
- **TRANSMISSION REMOVAL AND REINSTALLATION** — Labor costs for the removal and re-installation of the transmission, when necessary to make a warranty repair, are covered by this warranty.
- **WARRANTY PERIOD** — The warranty period for all coverages shall begin on the date the transmission is delivered to the first retail purchaser, with the following exception:

Demonstration Service - A transmission in a new truck or bus may be demonstrated to a total of 5000 miles (8000 kilometers). If the vehicle is within this limit when sold to a retail purchaser, the warranty start date is the date of purchase. Normal warranty services are applicable to the demonstrating Dealer. Should the truck or bus be sold to a retail purchaser after these limits are reached, the warranty period will begin on the date the vehicle was first placed in demonstration service and the purchaser will be entitled to the remaining warranty.

APPLICABLE MODELS, WARRANTY LIMITATIONS, AND ADJUSTMENT SCHEDULE

APPLICABLE MODELS	WARRANTY LIMITATIONS (Whichever occurs first)		ADJUSTMENT CHARGE TO BE PAID BY THE CUSTOMER	
	Months	Transmission Miles Or Kilometers	Parts	Labor
MT, MD 3000, 3200, 3500, 3700	0-24	No Limit	No Charge	No Charge
HT with Hydraulic Controls	0-24	No Limit	No Charge	No Charge
AT, 1000 Series™, 2000 Series™, 2400 Series™	0-36	No Limit	No Charge	No Charge
HT with Electronic Controls	0-60	No Limit	No Charge	No Charge
HD 1000 EVS, 2100 EVS, 2200 EVS 2350 EVS, 2500 EVS, 2550 EVS, 3000 EVS, 3500 EVS, 4000, 4000 EVS, 4500, 4500 EVS, 4700, 4700 EVS, 4800, 4800 EVS	0-60	No Limit	No Charge	No Charge

WHAT IS NOT COVERED

- **DAMAGE DUE TO ACCIDENT, MISUSE, or ALTERATION** — Defects and damage caused as the result of any of the following are not covered:
 - Flood, collision, fire, theft, freezing, vandalism, riot, explosion, or objects striking the vehicle;
 - Misuse of the vehicle;
 - Installation into unapproved applications and installations;
 - Alterations or modification of the transmission or the vehicle, and
 - Damage resulting from improper storage (refer to long-term storage procedure outlined in the applicable Allison Service Manual)
 - Anything other than defects in Allison Transmission material or workmanship

NOTE: This warranty is void on transmissions used in vehicles currently or previously titled as salvaged, scrapped, junked, or totaled.

- **CHASSIS, BODY, and COMPONENTS** — The chassis and body company (assemblers) and other component and equipment manufacturers are solely responsible for warranties on the chassis, body, component(s), and equipment they provide. Any transmission repair caused by an alteration(s) made to the Allison transmission or the vehicle which allows the transmission to be installed or operated outside of the limits defined in the appropriate Allison Installation Guideline is solely the responsibility of the entity making the alteration(s).
- **DAMAGE CAUSED by LACK of MAINTENANCE or by the USE of TRANSMISSION FLUIDS NOT RECOMMENDED in the OPERATOR'S MANUAL** — Defects and damage caused by any of the following are not covered:
 - Failure to follow the recommendations of the maintenance schedule intervals applicable to the transmission;
 - Failure to use transmission fluids or maintain transmission fluid levels recommended in the Operator's Manual.
- **MAINTENANCE** — Normal maintenance (such as replacement of filters, screens, and transmission fluid) is not covered and is the owner's responsibility.
- **REPAIRS by UNAUTHORIZED DEALERS** — Defects and damage caused by a service outlet that is not an authorized Allison Transmission Distributor or Dealer are not covered.
- **USE of OTHER THAN GENUINE ALLISON TRANSMISSION PARTS** — Defects and damage caused by the use of parts that are not genuine Allison Transmission parts are not covered.
- **EXTRA EXPENSES** — Economic loss and extra expenses are not covered. Examples include but are not limited to: loss of vehicle use; inconvenience; storage; payment for loss of time or pay; vehicle rental expense; lodging; meals; or other travel costs.
- **"DENIED PARTY" OWNERSHIP** — Warranty repair parts and labor costs are not reimbursed to any participating or non-participating OEMs, dealers or distributors who perform warranty work for, or on behalf of, end users identified by the United States as being a "denied party" or who are citizens of sanctioned or embargoed countries as defined by the U.S. Department of Treasury Office of Foreign Assets Control. Furthermore, warranty reimbursements are not guaranteed if the reimbursement would be contrary to any United States export control laws or regulations as defined by the U.S. Department of Commerce, the U.S. Department of State, or the U.S. Department of Treasury.

OTHER TERMS APPLICABLE TO CONSUMERS AS DEFINED by the MAGNUSON-MOSS WARRANTY ACT

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

Allison Transmission does not authorize any person to create for it any other obligation or liability in connection with these transmissions.

ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO THESE TRANSMISSIONS IS LIMITED IN DURATION TO THE DURATION OF THIS WRITTEN WARRANTY. PERFORMANCE OF REPAIRS AND NEEDED ADJUSTMENTS IS THE EXCLUSIVE REMEDY UNDER THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, LOST WAGES OR VEHICLE RENTAL EXPENSES) RESULTING FROM BREACH OF THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY.**

** Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

OTHER TERMS APPLICABLE TO OTHER END-USERS

THIS WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THE ALLISON TRANSMISSION MODELS LISTED ABOVE AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALLISON TRANSMISSION DOES NOT AUTHORIZE ANY PERSON TO CREATE FOR IT ANY OTHER OBLIGATION OR LIABILITY IN CONNECTION WITH SUCH TRANSMISSIONS. ALLISON TRANSMISSION SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY.

QUESTIONS

If you have any questions regarding this warranty or the performance of warranty obligations, you may contact any Allison Transmission Distributor or Dealer or write to:

Fire and Rescue Apparatus

Five (5) Year Material and Workmanship - Transmission Oil Cooler Three (3) Year Collateral Damage Coverage

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The transmission cooler shall be free from component or structural failures caused by defects in material and/or workmanship. Collateral damage up to \$10,000 per occurrence is available for the first three (3) years.
Warranty Begins:	The date of delivery to the first retail purchaser.
Warranty Period Ends After:	Five (5) Years on Oil Cooler and three (3) years on collateral damage coverage
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover repair due to accidents, misuse, and excessive vibration, flying debris, storage damage (freezing), negligence or modification. This warranty is void if any modification or repairs are performed without authorization. This also voids any future warranty. This warranty does not cover cost of maintenance or repairs due to lack of required maintenance services as recommended. Performance of the required maintenance and use of proper fluids are the responsibility of the owner. Towing is covered to the nearest distributor or authorized dealer only when necessary to prevent further damage to your transmission. Labor costs for the removal and reinstallation of goods may be covered when necessary to make repairs. Please contact your OEM for authorization. Replacement of cooler during the warranty period is limited to 100% of reasonable labor costs up to a maximum of \$700 to remove, replace, or repair the oil cooler.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

UNITED PLASTIC FABRICATING
Limited Lifetime Warranty
 Effective as of January 1, 2024

1. General. United Plastic Fabricating, Inc. (the "Company") warrants to the owner (the "Owner") that the products set forth on Exhibit A, attached hereto (the "Product") will be reasonably free from defects in materials and workmanship for the service life of the Product. This Limited Lifetime Warranty (the "Warranty") only applies to Company Products that are: (a) owned by a federal, state, county or local government, a volunteer fire department or dedicated commercial fire service operation; (b) continuously and actively used in emergency response and/or fire suppression vehicles; and (c) used, stored, handled and installed in the manner recommended by Company.

2. Warranty Obligations. Subject to the exclusions and limitations set forth in this Warranty, Company will, at its option, repair or offer a one (1) time replacement of the Product without charge, if the Product fails or does not perform as warranted during the warranty period due to a manufacturing defect or a defect in materials. Repair or replacement shall include reasonable labor charges necessary to repair or replace the defective Product but shall not include: (a) the costs associated with removal of the Product from the vehicle or the cost to otherwise provide access to the Product in the vehicle; (b) the cost associated with any required upgrades the vehicle (including, without limitation, upgrades required to strengthen the vehicle's frame); or (c) travel costs, except as provided by Section 3. Company's obligation as to repair or replacement shall further be limited to repair or replacement with the models of the Product that are available at the time of the repair or replacement, and shall be limited to the repair or replacement of only the specific Product that fails due to a manufacturing defect. In the event a Product becomes unavailable or cannot be supplied by Company for any reason a substitute Product of equal quality and functionality of the subject Product may be substituted by Company. Any repaired Product shall remain subject to this Warranty and any repair shall not extend the warranty period in any manner or start a new warranty period. Any Product that is replaced by Company shall be excluded from this Warranty. In no

event shall Company be required to expend, in any one (1) or series of expenditures, more than the purchase price of the Product to repair or replace a defective Product. Amounts expended by Company shall include all amounts paid by Company in connection the repair or replacement, including without limitation, amounts paid to third-parties, material costs, incidental costs and travel costs (except as provided by Section 3).

3. Travel; Expenses; Product Access. Company shall be responsible for any travel costs incurred to repair or replace the Product provided that: (a) the Product is located in the continental United States or Canada; and (ii) the warranty claim is initiated prior to the date on which NFPA 1912 Standards (Annex D) recommends replacement of the Product. All other travel costs incurred by Company or its agents to repair or replace the Product shall be the responsibility of the party asserting the warranty claim. Company reserves the right to require, as a condition to undertaking any repair or replacement: (y) pre-payment of its anticipated travel costs; and (z) satisfactory arraignments concerning scheduling and access to the Product. If the subject Product is located in an area of the world considered, in Company's sole discretion, to be unsafe Company may refuse to process the claim or require relocation of the Product, at no expense to Company, to an area where such repairs can be performed safely by Company or its agents. In the event Company or Company's agents are dispatched to repair or replace a defective Product and the vehicle in which the Product has been installed is not available or the Product is not readily accessible, for any reason, Company or Company's agents, as the case may be, shall be immediately reimbursed for all expenses incurred therewith.

4. Exclusions: Products must be stored, handled, installed, used and maintained in accordance with instructions provided by Company, and this Warranty is conditioned upon compliance with all such instructions. This Warranty does not cover defects caused by: (a) improper installation; (b) modification, alteration or repair of the Product by any unauthorized third-party; (c) misuse, including, without limitation, improper

storage or handling of the Product (e.g. excessive exposure to UV rays); chemical abuse (e.g. harsh cleansers and solvents), thermal abuse or shock (e.g. excessive heat or cold); (d) damage not resulting from manufacturing defects that occur while the Product is not in Company's possession (e.g. accidents); or (e) unreasonable or unintended use of the Product. Copies of the Company's operation and maintenance instructions are available on the Company's website <https://www.unitedplastic.com/upf-documents/>

5. Disclaimer. THE WARRANTIES SET FORTH HEREIN ARE THE ONLY WARRANTIES MADE BY COMPANY IN CONNECTION WITH THE PRODUCT. COMPANY CAN NOT AND DOES NOT MAKE ANY IMPLIED OR EXPRESS WARRANTIES WITH RESPECT TO THE PRODUCT, AND DISCLAIMS ALL OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. PRODUCTS SOLD BY COMPANY ARE SOLD ONLY TO THE SPECIFICATIONS SPECIFICALLY SET FORTH BY COMPANY IN WRITING. OTHER THAN THE LIMITED WARRANTY SET FORTH HEREIN, COMPANY MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED. COMPANY'S SOLE OBLIGATION UNDER THIS WARRANTY SHALL BE REPAIR OR REPLACEMENT OF NON-CONFORMING PRODUCT. BUYER ASSUMES ALL RISK WHATSOEVER AS TO THE RESULT OF THE USE OF THE PRODUCT PURCHASED, WHETHER USED SINGULARLY OR IN COMBINATION WITH ANY OTHER PRODUCTS OR SUBSTANCES.

6. Limitation of Liability. NO CLAIM BY OWNER OF ANY KIND, INCLUDING CLAIMS FOR INDEMNIFICATION, SHALL BE GREATER IN AMOUNT THAN THE PURCHASE PRICE OF THE PRODUCT IN RESPECT TO WHICH DAMAGES ARE CLAIMED. IN NO EVENT SHALL COMPANY BE LIABLE TO OWNER IN TORT, CONTRACT OR OTHERWISE, FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL (INCLUDING, WITHOUT LIMITATION, ANY OBLIGATION OF COMPANY TO REPAIR OR REPLACE ANY CHASSIS, SUB-FRAMES, BODIES, VALVES, DUMPS, HOSES, PRESSURE VACUUM VENTS OR OTHER SIMILAR COMPONENTS), RELIANCE, STATUTORY, SPECIAL, PUNITIVE OR EXEMPLARY DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, LOSS OF USE, LOSS OF TIME,

LOSS OF REVENUES, INCONVENIENCE, LOSS BUSINESS OPPORTUNITIES, OR DAMAGE TO GOOD WILL OR REPUTATION, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR SUCH DAMAGES COULD HAVE BEEN REASONABLY FORESEEN, IN CONNECTION WITH, ARISING OUT OF, OR AS A RESULT OF, THE SALE, DELIVERY, SERVICING, USE OR LOSS OF USE OF THE PRODUCTS SOLD HEREUNDER, OR FOR ANY LIABILITY OF BUYER TO ANY THIRD PARTY WITH RESPECT THERETO.

7. Reformation. If any term or provision of this Warranty shall be held or deemed to be, or shall in fact be, invalid, inoperative, illegal or unenforceable as applied in any case or in any jurisdiction or jurisdictions because of the conflicting nature of any provision with any constitution or statute or rule of public policy or for any other reason, then: (a) such circumstance shall not have the effect of rendering the provision or provisions in question invalid, inoperative, illegal or unenforceable in any other jurisdiction or in any other case or circumstance or of rendering any other provision or provisions herein contained invalid, inoperative, illegal or unenforceable to the extent that such other provisions are not themselves actually in conflict with such constitution, statute or rule of public policy; and (b) any such invalid, inoperative, illegal or unenforceable provision shall be reformed and construed in any such jurisdiction or case so that such provision would be valid, operative and enforceable to the maximum extent permitted in such jurisdiction or case.

8. Headings. The headings contained herein are for convenience and reference only, and shall be given no effect in the interpretation of any term or condition of this Warranty.

9. Submitting a Warranty Claim. To request coverage under this Warranty you must submit a claim through Company's website: <https://www.unitedplastic.com/contact/product-support/>

10. Transferability. This Warranty is transferable and entitles the transferee to coverage for the remainder of the original warranty period.

11. Modification. This Warranty may be modified (a) as set forth on a binding sales order for the Product or (b) by a written agreement between Company and the Owner.

Fire and Rescue Apparatus Ten (10) Year Structural Integrity Apparatus Body Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	The apparatus body shall be free from structural failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty applies only to the body tubular support and mounting structures and other structural components of the body of the vehicle model, as identified in the Pierce specifications for the Fire and Rescue Apparatus. This warranty does not apply to damage caused by corrosion.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

AMDOR Inc. TERMS OF BUSINESS AND GENERAL INFORMATION

Warranty:

All AMDOR Inc. roll-up door products are warranted for a period of 10 years from the date of delivery (with the exception of wet paint adhesion - please see below). AMDOR Inc. liability covers the replacement or repair of any component that fails due to defects in material and / or workmanship during the coverage period. We accept no liability for claims made for damages to any part (or parts) of a vehicle and / or machine (of any type) or injury claims by a person or persons assumed or alleged to have been brought about by the use or misuse of any product supplied by AMDOR Inc. Warranty coverage does not extend to door attachments including (but not limited to) decals, emblems, stripes and adhesives.

In order to initiate the claims process please contact your authorized representative of AMDOR Inc. Warranty claims must be accompanied by a written description providing full and reasonable details as to the nature of the defect. Upon receipt of your claim arrangements will be made to inspect the defective product (if necessary). Justified warranty claims will be repaired, exchanged, or credited to the customer's account at AMDOR Inc.'s discretion. All warranty claims must be approved in writing by the Customer Service Manager for AMDOR Inc. There are no exceptions to this clause.

Limited warranty coverage includes the labor associated with the disassembly and assembly of products deemed to be defective by AMDOR Inc. Labor allowances are based on a set time schedule as determined by AMDOR Inc. The maximum allowable hourly labor rate is \$ 50. All warranty labor claims must be approved in writing by an authorized representative of AMDOR Inc. prior to commencement of work. Allowances for removal and installation:

Curtain replacement:	3/4 hour
Balancer replacement:	1 hour
Door ajar switch	3/4 hour
Bottom Panel Assembly:	1/2 hour
Slat replacement:	3/4 hour
Door removal and replacement	1 1/2 hours

Items authorized for return must be accompanied by a Return Goods Authorization (RGA) number. We will accept collect shipments of items deemed to be defective provided that they are returned via the most economical carrier. Should items be

returned by means other than the most economical carrier the difference will be
back to the sender.

AMDOR Inc. reserves the right to reject any claim when a product has been opened, interfered with or modified. Claims may also be rejected when damage to the product (or any sub-assembly) has been brought about by accident, misuse, abuse, vandalism, incorrect installation, temperature extremes, chemical exposure or any factor other than regular operating conditions.

Limited Wet Paint Match Adhesion Warranty

AMDOR Inc. warrants wet paint finishes applied by AMDOR utilizing our approved factory paint specification. All wet paint match colors must be approved in writing by an authorized OEM representative. AMDOR Inc. will provide a color spray out for this purpose. The time required for shipping and consideration of initial color spray outs will be considered over and above stated lead times. Warranty coverage will extend for a period of not less than 5 years from the date of delivery as determined by AMDOR Inc.'s Packing Slip. AMDOR reserves the right to determine whether individual units will be replaced and / or repaired by an AMDOR approved vendor. An allowance will be made for labor associated with the disassembly and assembly of individual units at the prescribed hourly rate of \$ 50 per hour. Compensation for labor will not exceed the maximum time allowance permitted for door removal and replacement. Written approval including specified allowance for time must be obtained from AMDOR prior to initiating work. Warranty coverage will extend to the following visible paint system defects:

- 1./ Loss of mechanical adhesion as evidenced by peeling, cracking or blistering which exposes the substrate material.
- 2./ Corrosion of the substrate due to paint system failure.
- 3./ Fading which results in a substantial departure from the primary AMDOR approved body color.

Wet paint adhesion limited warranty coverage will be excluded when damages to the system are determined by AMDOR Inc. to be a result of the following:

- 1./ Damage caused through the use of attachments including (but not limited to) decals, labels, adhesives, non factory approved coatings.
- 2./ Loss of gloss, discoloration or damage due to improper maintenance (including but not limited to) mechanical wash systems, pressure washers, steam cleaners, non approved wash or polishing agents.
- 3./ Abuse, acts of nature, excessive heat / cold, chemical exposure, vandalism and / or accidents.
- 4./ Scratches, chips, abrasions, or dents from any source.

This document supercedes all previous written and / or verbal warranties provided by AMDOR Inc. and / or it's affiliates.

Fire and Rescue Apparatus

Seven (7) Year Material and Workmanship

PUC-NG Pump

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the purchaser who first puts the product in service ("Buyer"):

Coverage:	The PUC-NG Pump, integrated pump transmission, and its components manufactured under the Pierce brand in its Fire and Rescue Apparatus vehicle shall be free from failures caused by defects in material and workmanship
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Seven (7) Years - or - 3000 Pump Hours
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This limited warranty applies to the PUC Pump and all its components manufactured under the Pierce brand, including the integrated pump transmission. Items not manufactured under the Pierce brand such as valves, relief valves or wear items such as wear rings, seals, bearings or costs of removal, transporting, storing, or reinstallation are not covered by this six-year limited warranty and are instead covered under the Pierce Basic One Year Limited Warranty.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Ten (10) Year Material and Workmanship Stainless Steel Piping Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Stainless steel piping shall be free from structural failures caused by defects in material and workmanship, or perforation caused by corrosion.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years - or - 100,000 Miles
Conditions and Exclusions: See Also Paragraphs 2 thru 4	Pierce's obligation under this warranty is limited to repairing or replacing without charge, as Pierce may elect, the stainless steel piping or components which Pierce determines to have failed due to defective material and workmanship, or perforation caused by corrosion. This warranty does not cover the use of fluoroprotein (FP) type foam. The sodium chloride within FP foam can cause long-term damage to system components if not thoroughly flushed immediately after use.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Ten (10) Year Pro-Rated Paint and Corrosion

Custom Body

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Exterior surfaces of the body shall be free from blistering, peeling, corrosion or any other adhesion defect caused by defective manufacturing methods or paint material selection.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Ten (10) Years
Conditions and Exclusions:	This limited warranty is applicable to the vehicle in the following percentage costs of warranty repair, if any: Topcoat Durability & Appearance: Gloss, Color Retention & Cracking 0-72 months 100% 73-96 months 50% 97-120 months 25% Integrity of Coating System: Adhesion, Blistering/Bubbling 0-36 months 100% 37-84 months 50% 85-120 months 25% Corrosion: Dissimilar Metal and Crevice 0-36 months 100% 37-48 months 50% 49-72 months 25% 73-120 months 10% Corrosion Perforation 0-120 months 100% This limited warranty applies only to exterior paint. Paint on the vehicle's interior is warranted only under the Pierce Basic One Year Limited Warranty. Items not covered by this warranty include: (a) Damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual). (b) UV paint fade. (c) Any cab not manufactured by Pierce.

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

Fire and Rescue Apparatus

Three (3) Year Material and Workmanship

Goldstar® Gold Leaf Lamination

Limited Warranty

1. LIMITED WARRANTY

Subject to the limitations and exclusions set forth below, Pierce Manufacturing provides the following warranty to the Buyer:

Coverage:	Each Goldstar® gold leaf lamination shall be free from defects in material and workmanship.
Warranty Begins:	The date of the original purchase invoice (issued when the product ships from the factory).
Warranty Period Ends After:	Three (3) Years
Conditions and Exclusions: See Also Paragraphs 2 thru 4	This warranty does not cover damage from lack of maintenance and cleaning (proper cleaning and maintenance procedures are detailed in the Pierce operation and maintenance manual).

This limited warranty shall apply only if the product is properly maintained in accordance with Pierce's maintenance instructions and manuals and is used in service which is normal to the particular model. Normal service means service which does not subject the product to stresses or impacts greater than normally result from careful use. If the Buyer discovers a defect or nonconformity, it must notify Pierce in writing within thirty (30) days after the date of discovery, but in any event prior to the expiration of the warranty period. THIS LIMITED WARRANTY MAY NOT BE ASSIGNED OR OTHERWISE TRANSFERRED BY THE BUYER TO ANY SUBSEQUENT USER OR PURCHASER OR TO ANY OTHER PERSON OR ENTITY.

Notwithstanding anything to the contrary herein, Pierce makes no warranty whatsoever as to:

(a) any integral parts, components, attachments or trade accessories of or to the product that are not manufactured by Pierce, including but not limited to engines, transmissions, drivelines, axles, water pumps and generators; with respect to all such parts, components, attachments and accessories, Pierce shall assign to Buyer the applicable warranties, if any, made by the respective manufacturers thereof;

(b) any vehicle, chassis, or component, part, attachment or accessory damaged by misuse, neglect, fire, exposure to severe environmental or chemical conditions, acidic environment, improper maintenance, accident, crash, or force majeure such as natural disaster, lightning, earthquake, windstorm, hail, flood, war or riot;

(c) any vehicle, chassis or component, part, attachment or accessory that has been repaired, altered or assembled in any way by any person or entity other than Pierce which, in the sole judgment of Pierce, adversely affects the performance, stability or purpose for which it was manufactured; or

(d) products or parts which may in the ordinary course wear out and have to be replaced during the warranty period, including, but not limited to, tires, fluids, gaskets and light bulbs. Pierce assumes no responsibility for the assembly of its parts or subassemblies into finishing products or vehicles unless the assembly is performed by Pierce.

The original purchaser may void this warranty in part or in its entirety if the product is repaired or replaced (a) without prior written approval of the Pierce Customer Service Department; or (b) at a facility which has not been approved by Pierce as to technical capability. Any repairs, modifications, alterations or aftermarket parts added after manufacture without the authorization of Pierce may void this warranty.

2. DISCLAIMERS OF WARRANTIES

THE WARRANTY SET FORTH IN PARAGRAPH 1 IS THE SOLE AND EXCLUSIVE WARRANTY GIVEN BY PIERCE. PIERCE HEREBY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

3. BUYER'S EXCLUSIVE REMEDY

If the product fails to conform to the warranty set forth in paragraph 1 during the warranty period, and such nonconformity is not due to misuse, neglect, accident or improper maintenance, Buyer must notify Pierce within the time period specified in paragraph 1, and shall make the product available for inspection by Pierce or its designated agent. At the request of Pierce, any allegedly defective product shall be returned to Pierce by Buyer for examination and/or repair. Buyer shall be responsible for the cost of such transportation, and for risk of loss of or damage to the product during transportation. Within a reasonable time, Pierce shall repair or replace (at Pierce's option and expense) any nonconforming or defective parts. Repair or replacement shall be made only by a facility approved in advance in writing by Pierce. THIS REMEDY SHALL BE THE EXCLUSIVE AND SOLE REMEDY FOR ANY BREACH OF WARRANTY.

4. EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

Notwithstanding anything to the contrary herein or in any agreement between Pierce and Buyer, IN NO EVENT SHALL PIERCE BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, INDIRECT, OR PUNITIVE DAMAGES WHATSOEVER, WHETHER ARISING OUT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW OR EQUITY, WITH RESPECT TO VEHICLES OR OTHER PRODUCTS SOLD BY PIERCE, OR THEIR OPERATION OR FAILURE TO OPERATE, OR ANY DEFECTS THEREIN, OR ANY UNDERTAKINGS, ACTS OR OMISSIONS RELATED THERETO, REGARDLESS OF WHETHER PIERCE HAS BEEN INFORMED OF THE POSSIBILITY OF ANY SUCH DAMAGES. Without limiting the generality of the foregoing, Pierce specifically disclaims any liability for property or personal injury damages, penalties, damages for lost profits or revenues, loss of vehicles or products or any associated equipment, cost of substitute vehicles or products, down-time, delay damages, any other types of economic loss, or for any claims by any third party for any such damages.

Note: Any Surety Bond, if a part of the sale of the vehicle as to which this limited warranty is provided, applies only to this Pierce Basic One Year Limited Warranty for such vehicle, and not to other warranties made by Pierce in a separate document (if any) or to the warranties (if any) made by any manufacturer (other than Pierce) of any part, component, attachment or accessory that is incorporated into or attached to the vehicle.

5 DEALER SUPPLIED PRODUCTS AND /OR SERVICES

Exhibit "D"

PROPOSAL INTRODUCTION

With over three decades of industry expertise, Golden State Fire Apparatus, Inc. (GSFA) proudly stands as the premier authorized dealership for top-tier fire apparatus in Central and Northern California. Our steadfast commitment to detail and customer satisfaction has earned us a trusted reputation among first responders.

We sincerely appreciate the opportunity to present this comprehensive proposal for a PIERCE MANUFACTURING, INC. VELOCITY PUC PUMPER. Your consideration of this proposal is greatly valued, and we are eager for the opportunity to support your department with the highest level of excellence and professionalism.

DEALER-SUPPLIED PRODUCTS AND SERVICES

Golden State Fire Apparatus Inc. (GSFA) will furnish the following items and/or services before final delivery so that all necessary components and support are in place, contributing to an efficient final delivery process. Please refer to the detailed list below for a comprehensive overview of the products and/or services included:

AUTHORIZED MANUFACTURER

In accordance with the State of California Vehicle Code, specifically Section 11701, it is mandated that "every manufacturer of a vehicle subject to registration shall make application to the Department of Motor Vehicles (DMV) for a license containing a general distinguishing number." The manufacturer, as of the proposal submission, holds a valid license in compliance with this requirement and is prepared to furnish a copy upon request. This adherence to regulatory standards ensures that the manufacturer maintains a current and official status, promoting transparency and compliance with legal requirements throughout the duration of the proposal and subsequent processes.

AUTHORIZED DEALERSHIP

In compliance with the State of California Vehicle Code, specifically Section 11701, it is mandated that "a dealer in vehicles of a type subject to registration shall make application to the Department of Motor Vehicles (DMV) for a license containing a general distinguishing number." Golden State Fire Apparatus, Inc. possesses a valid license at the time of the bid, as detailed above, and can promptly provide a copy upon request. This adherence to regulatory standards ensures that the dealership maintains a current and official status, promoting transparency and compliance with legal requirements throughout the duration of the proposal and subsequent processes.

AUTHORIZED SALES REPRESENTATIVE

In accordance with the State of California Vehicle Code, specifically Section 11800, it is expressly prohibited for any individual to function as a vehicle salesperson without obtaining a license issued by the Department of Motor Vehicles (DMV). The representative, at the time of

proposal, holds a valid vehicle salesperson's license and is ready to furnish a copy upon request. This adherence to regulatory standards ensures that the sales representative maintains a current and official status, promoting transparency and compliance with legal requirements throughout the bidding process and subsequent phases.

VEHICLE REGISTRATION

In adherence to the State of California Vehicle Code Section 11739, it is mandated that the "dealer of a new motor vehicle sale is responsible for applying for the title, securing vehicle registration, and obtaining license plates for the Customer" through the Department of Motor Vehicles (DMV). Being a factory-authorized dealer of the vehicle being sold, Golden State Fire Apparatus, Inc. is duly authorized to register the vehicle with the State of California as a new vehicle manufacturer.

GSFA is committed to facilitating an excellent vehicle ownership experience for the customer. As such, we will manage all necessary applications and complete all transfer papers, including the application for California Exempt "E" license plates. This approach ensures compliance with regulatory requirements and a hassle-free registration process for our valued customers.

WEEKLY PROGRESS PHOTOGRAPHS

GSFA is committed to ensuring transparency and comprehensive reporting throughout the construction process of the apparatus. To achieve this, GSFA will provide weekly photographs capturing various stages of the apparatus or major components under construction.

Commencing from the initiation of the manufacturing process, the photographic documentation will extend throughout the entire production phase by the manufacturer. These weekly reports will offer a visual representation of the ongoing progress of the apparatus, highlighting key milestones and showcasing unique features and aspects as construction unfolds.

Our focus is to provide customers with a clear and detailed insight into the evolution of the apparatus, fostering a deeper understanding of the craftsmanship and distinct elements incorporated during the construction process. This commitment to regular, visual updates aims to enhance communication and transparency regarding the progress of the apparatus.

CONTINGENCY RESERVE FUND

A Contingency Reserve Fund amounting to \$25,000 per unit is incorporated into the quotation to address potential change orders, unforeseen items, or necessary work that may arise during the contract. The utilization of this reserve fund is at the sole discretion of the Customer. It is essential to note that this reserve fund is not an estimate for the aforementioned contingencies, and the actual costs associated with change orders, unforeseen items, or required work may surpass the reserved amount depending on their nature.

Any unused portion of the Contingency Reserve Fund will be credited back on the final invoice. Alternatively, if not credited, the remaining funds will be promptly returned to the Customer in the form of a check following the completion of the final invoicing process. This approach guarantees financial transparency and effective management throughout the project.

COMMUNICATION EQUIPMENT MOUNTING FUND

A Communication Equipment Mounting Fund amounting to \$2,500 per unit is incorporated into the quotation and is specifically designated to cover the expenses associated with mounting communication equipment, such as two-way radios, adhering to the directives of the Customer.

In the event that the mounting costs surpass the stipulated allowance, any additional work required can be undertaken at the prevailing shop rate. Any unused portion of the Communication Equipment Mounting Fund will be credited back on the final invoice. Alternatively, if not credited, the remaining funds will be promptly returned to the Customer in the form of a check following the completion of the final invoicing process. This approach guarantees financial transparency and effective management throughout the project.

PRE-CONSTRUCTION, FACTORY VISIT

A pre-construction trip to the manufacturing facility is included for four (4) Customer representatives. The primary objective of review and finalize, in detail, the specifications prior to the start of production. The pre-construction trip is anticipated to span four (4) days and three (3) nights, with scheduling details collaboratively determined between GSFA and the Customer.

GSFA will cover the costs associated with airfare, lodging, meals, and ground transportation during the stay at the manufacturer's location. Air travel will be arranged from one of the following airports: Sacramento, San Francisco, or San Jose.

It is important to note that certain costs, including Customer ground transportation within California, airport parking, luggage fees, and incidental expenses during travel to the factory, fall within the responsibility of the Customer. Furthermore, flight reservations are non-refundable, and in the event of a cancellation post-booking, the Customer will bear all associated costs, encompassing not only the original ticket cost but also any change or cancellation fees levied by the airline and/or travel agency. Additionally, flight reservations are non-transferable. This delineation aims to establish clarity and transparency regarding the allocation of responsibilities and potential costs associated with the pre-construction trip.

FINAL INSPECTION, FACTORY VISIT

A final inspection trip to the manufacturing facility is included for four (4) Customer representatives. The primary objective of this visit is to ensure the adherence of the apparatus to specifications and promptly identify any potential deficiencies. The final inspection trip is

anticipated to span four (4) days and three (3) nights, with scheduling details collaboratively determined between GSFA and the Customer.

GSFA will cover the costs associated with airfare, lodging, meals, and ground transportation during the stay at the manufacturer's location. Air travel will be arranged from one of the following airports: Sacramento, San Francisco, or San Jose.

It is important to note that certain costs, including Customer ground transportation within California, airport parking, luggage fees, and incidental expenses during travel to the factory, fall within the responsibility of the Customer. Furthermore, flight reservations are non-refundable, and in the event of a cancellation post-booking, the Customer will bear all associated costs, encompassing not only the original ticket cost but also any change or cancellation fees levied by the airline and/or travel agency. Additionally, flight reservations are non-transferable. This delineation aims to establish clarity and transparency regarding the allocation of responsibilities and potential costs associated with the final inspection trip.

DELIVERY TO AUTHORIZED SERVICE FACILITY

GSFA will deliver the apparatus to our Northern California facility located in Sacramento for a comprehensive dealer preparation inspection. This service, conducted at the expense of GSFA, aims to have the apparatus in optimal condition at the time of final delivery.

To ensure the proper break-in of all components while still under warranty, the apparatus will be delivered under its own power. The use of rail or truck freight for transportation is deemed unacceptable in order to uphold the highest standards of quality assurance during the delivery process. This approach not only aligns with warranty considerations but also emphasizes the commitment to delivering a fully operational apparatus to our valued customers.

PRE-DELIVERY SERVICE

Before reaching its final destination, the apparatus undergoes a pre-delivery service conducted by Golden State Emergency Vehicle Service, Inc. This service is designed to tap into the expertise of an external source, providing an experienced perspective that enhances the thoroughness of your final inspection. Our pre-delivery service covers the following areas:

1. Engine Compartment and Undercarriage:
 - Inspect for broken mounting brackets.
 - Inspect and identify locations of any fluid leaks.
 - General inspection of hoses, wiring, and linkage, focusing on potential wear points.
 - Verify correct fluid capacities for engine oil, coolant, power steering fluid, washer reservoir fluid, transmission fluid, rear-end fluid, pump transmission oil, and primer oil if applicable.

- Re-torque U-bolts to OEM specifications if equipped with leaf spring suspension (Pierce Custom chassis only).

2. Interior:

- Confirm proper operation of doors, windows, and locks, ensuring accurate adjustment.
- Confirm proper operation of seatbelt alarms.
- Confirm proper operation of all compartment door alarms, as well as hose bed cover, ladder rack, light tower, and deck gun alarms.
- Ensure functionality of auxiliary power points, interior lighting, mirror, and seat controls, and if applicable - headsets and radios.
- Inspect upholstery for quality and condition.

3. Exterior:

- Address reasonable paint scratches or chips.
- Tighten any loose hardware.
- Inspect tires and wheels, ensure proper pressure.
- Check compartment doors for proper operation and latch fit.
- Lubricate compartment door locks if applicable.

4. Road Test:

- Conduct a road test with a full water tank (if applicable), covering approximately twenty miles on both city and highway roads.
- Perform a DOT compliant brake test to verify the system is holding air.
- Inspect brake condition, wheel seals, and ensure drive train components reach optimal operating temperatures.
- Conduct an Allison Transmission self-diagnostic to verify fluid level, fluid and filter life, and check for fault codes.

5. Electrical:

- Verify the operation of all lights, sirens, and other electrical accessories.

6. Pump:

- Operate the Pressure Governor or Relief Valve, transfer valve, and check pump shift.
- Inspect water tank, pump and plumbing for leaks and calibrate the water level gauge.
- Ensure smooth operation of all discharge, suction, and drain valves.

7. Pierce Husky™ Foam System:

- If applicable, draft and inject clean water to ensure proper operation of the foam pump.
8. Fuel and DEF Tanks:
 - Fill the fuel tank and DEF tank prior to final delivery.
 9. Wash:
 - Thoroughly wash the apparatus prior to final delivery.

This pre-delivery service assists the apparatus to meet our high standards of quality and operational efficiency before reaching its final destination.

FINAL DELIVERY (CUSTOMER LOCATION)

GSFA will deliver the completed Product, inclusive of any relevant equipment, spare parts, and supplies, to the Customer's specified address at GSFA's expense.

In preparation for the Product's delivery, the Customer is required to furnish GSFA with proof of liability and physical damage insurance. GSFA will withhold the release of the Product until such proof of insurance is provided.

To ensure a timely delivery process, it is incumbent upon the Customer to settle any outstanding balance owed to GSFA before or at the time the Product is completed and ready for delivery. In the event of delayed payment or delivery, GSFA reserves the right to impose a late fee and daily storage charge as outlined in the Standard Terms and Conditions until payment is received.

For compliance with insurance liability considerations, the Product will only be delivered upon full acceptance and full payment, or through a prior written agreement mutually reached between the Customer and GSFA. This ensures a secure and efficient finalization of the delivery process, aligning with both parties' obligations and safeguarding against potential liabilities.

COMPREHENSIVE SALES AND SERVICE SUPPORT

At GSFA, we understand that immediate response is essential - and the service and support of your apparatus should be no different. Since our founding in 1989, our mission has been to provide first responders with the highest quality, most reliable fire and emergency apparatus from top-tier manufacturers. We specialize in guiding our customers through the entire process - from apparatus evaluation and customization to final inspection - and ensuring years of reliable service through our Golden State Emergency Vehicle Service (GSEVS) division.

Golden State Emergency Vehicle Service (GSEVS)

Established in 2014, GSEVS is committed to building long-term, collaborative relationships by providing exceptional warranty and technical support. Our services cover a wide range of needs, including chassis,

electrical systems, pump, aerial, routine maintenance, equipment mounting, and pump testing - with priority given to new units sold by GSFA. Our goal is to deliver prompt, professional service and unwavering support for your apparatus.

Sacramento Facility

Our Sacramento location features a 33,814-square-foot facility with 18 working bays and a 4,500-square-foot, two-story parts distribution department. Conveniently located near Highway 99 with easy access to Interstates 80 and 50, we are positioned to serve you efficiently.

Tracy Facility (Opening Fall 2025)

Our second location in Tracy will expand our service capacity with a 49,634-square-foot facility featuring 22 working bays and a parts department equal in size to our Sacramento facility. Strategically located within the "Tracy Triangle" - bordered by I-580, I-205, and I-5 - this facility will enhance our ability to serve customers in the Bay Area and beyond.

Certified and Experienced Technicians

Our service team includes factory-trained professionals certified by Pierce, ASE, and EVT. They undergo regular training to stay current on chassis, electrical systems, and aerial devices, ensuring expert handling of any challenge. Whether it's routine maintenance or complex diagnostics, you can count on expert care and precision with every visit.

Parts

At Golden State, we're dedicated to keeping your apparatus fully operational and mission-ready. That's why we maintain a robust inventory of both Pierce and non-Pierce parts—ready for immediate deployment when you need them most. If a part isn't in stock, we expedite orders directly from the manufacturer to minimize downtime and get your unit back in service without delay.

To make the process even more efficient, our digital Parts Request Portal offers a streamlined, user-friendly experience. It provides 24/7 access to submit requests, monitor order status, and communicate directly with our team—ensuring transparent updates and quicker turnaround times every step of the way.

Mobile Service

To minimize emergency apparatus downtime, we offer a robust mobile service program for on-site repairs and maintenance.

Pre-Delivery Inspection (PDI) Process

We employ a dedicated team of Pre-Delivery Inspection (PDI) technicians solely focused on ensuring your apparatus arrives in peak condition. Before your new custom unit is delivered, it undergoes a thorough, multi-point inspection to verify quality, performance, and compliance with all specifications. Our team handles every detail of the acceptance and delivery process—so you can take ownership with complete confidence and peace of mind.

Your Single Source for Sales and Service

With Golden State Fire, you have a single point of contact for sales, service, and support - all under one roof, with two strategically located facilities to serve you better. We are confident that our combination

of expertise, customer service, and product support is unmatched by any other fire and emergency apparatus dealership in California.

CITY *of* CLOVIS

REPORT TO THE CITY COUNCIL

TO: Mayor and City Council

FROM: Finance Department

DATE: July 7, 2025

SUBJECT: Consider various actions related to Annexation of Territory (Annexation #76, T6452 Northwest Corner Sunnyside / Perrin, T6467 Southeast Corner Minnewawa / Perrin, T6375 Northeast Corner Minnewawa / Shepherd) to the City of Clovis Community Facilities District No. 2004-1 (Police and Fire Services).

a. Consider Approval - Res. 25-____, A Resolution annexing territory (Annexation #76) (T6452 Northwest Corner Sunnyside/Perrin, T6467 Southeast Corner Minnewawa/Perrin, T6375 Northeast Corner Minnewawa/Shepherd) to the City of Clovis Community Facilities District No. 2004-1 (Police and Fire Services) and calling a special landowner election to annex territory (Annexation #76) to City of Clovis Community Facilities District No. 2004-1 (Police and Fire Services).

b. Consider Approval - Res. 25-____, A Resolution of the City of Clovis declaring the results of a special landowner election and directing recording of the Notice of Special Tax Lien for City of Clovis Community Facilities District No. 2004-1 (Police and Fire Services).

Staff: Angela Papazian, Deputy Finance Director

Recommendation: Approve

ATTACHMENTS: 1. Resolution of Qualified Electors
2. Resolution Declaring Results

RECOMMENDATION

- That the Council hold a public hearing and approve actions related to the Annexation of Territory (Annexation #76) to Community Facilities District No. 2004-1.
- Consider Approval – Res. 25-____, A Resolution of annexation of territory (Annexation #76) to the Community Facilities District (City of Clovis Community Facilities District No. 2004-1) and to authorize the levy of Special Taxes therein and submitting Levy of Special Taxes to Qualified Electors.

- Call for Special Election and have Clerk announce the vote.
- Consider Approval – Res. 25-____, A Resolution of the City Council of the City of Clovis Declaring the Results of the Special Annexation Election, Determining Validity of Prior Proceedings and Directing Recording of the Notice of Special Tax Lien (City of Clovis Community Facilities District No. 2004-1) (Police and Fire Services).

EXECUTIVE SUMMARY

Since the condition to establish a CFD was imposed on the developments being processed by the City, developments proceeding after March 8, 2004, must petition to be annexed to the existing CFD. Several property owners have submitted petitions to annex territory to the Community Facilities District 2004-1 and to include their property within the District as provided by the conditions of approval of the development entitlements.

To initiate the process for annexation of territory to a CFD, the Council approved a Resolution of Intention-Annexation #76 (ROI) to annex territory to the CFD on June 2, 2025. The ROI set a public hearing for July 7, 2025. The action today finalizes the annexation to the CFD.

BACKGROUND

Since the condition to establish a CFD was imposed on the developments being processed by the City, developments proceeding after March 8, 2004, must petition to be annexed to the existing CFD. Several property owners have submitted petitions to annex territory to the Community Facilities District 2004-1 and to include their property within the District as provided by the conditions of approval of the development entitlements.

To initiate the process for annexation of territory to a CFD, the Council approved a Resolution of Intention-Annexation #76 (ROI) to annex territory to the CFD. The ROI set a public hearing for July 7, 2025. The Rate and Method of Apportionment (RMA) referred to in the ROI is the same as adopted by the Council with the Resolution of Formation adopted March 8, 2004. RMA provides, among other things, definitions, identifies what properties will be taxed, and the maximum special tax.

The conditions as provided in the Rate and Method of Apportionment will apply to territory annexed to the Community Facilities Districts to provide funding for public safety operations in new growth areas. The major conditions include:

1. The maximum annual tax will be \$293.55 for single family residential and \$253.46 for multi-family residential.
2. The maximum tax will be increased by the Escalator Factor, which is the greater of the change in CPI or percentage change in population.
3. There will be a review not later than five years of inception of the CFD.
4. The annual tax will not apply to commercially zoned property.
5. The tax will apply only to that property for which a building permit is issued after January 1, 2004.
6. The costs of salary and benefit increases funded by the CFD will be limited to the Escalator Factor.

The purpose of the hearing is to take public comment on the annexation of territory to the CFD and to accept protests from any interested person within the proposed boundaries. If no property owner protests are received, the Council may take the initial actions to annex the territory to the CFD by approving a resolution on the annexation to the CFD and calling a special property owner election. Once the election is called, the City Clerk tabulates the ballots. If the property owners of two-thirds (2/3) of the property within the proposed boundaries vote in favor of the CFD, then the Council can take action to direct the recording of Notice of Special Tax Lien. A unanimous vote is required to have the election the same night as approval of the resolution of annexation. The recording of the Tax Lien is contingent upon the property being annexed to the City. The property included within the CFD is being processed for annexation to the City and the Local Agency Formation Commission has approved the annexations.

After the annexation is complete and the Notice of Tax Lien has been recorded, any final maps within the CFD may be recorded and construction permits for homes can be issued. One of the conditions of the CFD is that the tax will only be collected on those properties where a building permit for a residence has been issued.

FISCAL IMPACT

If approved, residential units built within the boundaries of the CFD will be assessed annually according to the conditions of the CFD formation and those assessments will be utilized to fund police and fire services.

REASON FOR RECOMMENDATION

All requirements for the annexation of territory to the CFD have been completed and the Council may take action to annex territory to the CFD.

ACTIONS FOLLOWING APPROVAL

After approval of the resolution directing the recordation of the Notice of Tax Lien, the lien will be recorded.

CONFLICT OF INTEREST

None.

RESOLUTION 25-

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS APPROVING
ANNEXATION OF TERRITORY TO COMMUNITY FACILITIES DISTRICT AND TO
AUTHORIZE THE LEVY OF SPECIAL TAXES THEREIN AND SUBMITTING LEVY OF
SPECIAL TAXES TO QUALIFIED ELECTORS**

**CITY OF CLOVIS
Community Services District No. 2004-1
(Police and Fire Services)
Annexation No. 76**

WHEREAS, this Council, on June 2, 2025, adopted A Resolution of Intention to Annex Territory to the Community Services District and to Authorize the Levy of Special Taxes Therein (the "Resolution of Intention") stating its intention to annex the territory to the City's Community Services District 2004-1 (the "District"), pursuant to Mello Roos Community Facilities Act of 1982, Sections 53311 and following of the California Government Code (the "Act"); and

WHEREAS, a copy of the Resolution of Intention, incorporating a description and map (**Attachment A**) of the proposed boundaries of the territory to be annexed to the District and stating the services to be provided and the rate and method of apportionment of the special tax to be levied within the District to pay for the services for the District, is on file with the Clerk of the Council and the provisions thereof are fully incorporated herein by this reference as if fully set forth herein; and

WHEREAS, on the date hereof, this Council held a noticed public hearing as required by the Act and the Resolution of Intention relative to the proposed annexation of territory to the District; and

WHEREAS, at such hearing all interested persons desiring to be heard on all matters pertaining to the annexation of territory to the District and the levy of said special taxes within the area proposed to be annexed were heard and a full and fair hearing was held; and

WHEREAS, prior to the time fixed for said hearing, written protests had not been filed against the proposed annexation of territory to the District by (i) 50% or more of the registered voters, or six registered voters, whichever is more, residing in the existing District, or (ii) 50% or more of the registered voters, or six registered voters, whichever is more, residing in the territory proposed to be annexed to the District, or (iii) owners of one-half or more of the area of land in the territory proposed to be annexed to the District; and

WHEREAS, Annexation Map No. 76 to the District, has been filed with the City Clerk, which map shows the territory to be annexed in these proceedings, and a copy thereof is on file with the City Clerk.

ATTACHMENT 1

NOW, THEREFORE, BE IT RESOLVED, by the City of Clovis as follows:

1. All prior proceedings taken by this Council with respect to the District and the proposed annexation of territory thereto have been duly considered and are hereby determined to be valid and in conformity with the Act, and the District has been validly established pursuant to the Act.
2. The description and map of the boundaries of the territory to be annexed to District, as described in said Annexation Map No. 76 to the District on file with the Clerk are hereby finally approved, are incorporated herein by reference, and shall be included within the boundaries of the District, and said territory is hereby ordered annexed to the District, subject to voter approval of the levy of the special taxes therein as hereinafter provided.
3. The provisions of the Resolution of Intention and Resolution No. 25-54 adopted by this Council for the District on June 2, 2025, each as heretofore adopted by this Council are by this reference incorporated herein, as if fully set forth herein.
4. Pursuant to the provisions of the Act, the proposition of the levy of the special tax within the territory to be annexed to the District shall be submitted to the voters of the area to be annexed to the District at an election called therefore as hereinafter provided.
5. This Council hereby finds that fewer than 12 persons have been registered to vote within the territory proposed to be annexed to the District for each of the 90 days preceding the close of the hearing heretofore conducted and concluded by this Council for the purposes of these annexation proceedings. Accordingly, and pursuant to the Act, this Council finds that for purposes of these proceedings the qualified electors are the landowners within the territory proposed to be annexed to the District and that the vote shall be by said landowners, each having one vote for each acre or portion thereof such landowner owns in the territory proposed to be annexed to the District.
6. Pursuant to the Act, the election shall be conducted by mail ballot under Section 4000 of the California Elections Code. This Council hereby determines that paragraphs (a), (b), (c)(1), and (c)(3) of said Section 4000 are applicable to this election.
7. The Council hereby calls a special election to consider the measure described in the ballot referred to below, which election shall be held on July 7, 2025, in the regular meeting place of this Council, City Council Chambers, City Hall, 1033 5th Street, Clovis, California. This Council hereby further finds that the provision of the Act requiring a minimum of 90 days to elapse before said election is for the protection of voters and that the voters have waived such requirement and the date for the election herein specified is established accordingly.
8. The City Clerk is hereby appointed as the election official to conduct the election and shall cause to be provided to each landowner in the territory to be annexed to the District. The City Clerk shall accept the ballots of the qualified electors received prior to 5:00 o'clock p.m. on July 7, 2025, whether received by mail or by personal delivery.

RESOLUTION 25-**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLOVIS DECLARING RESULTS OF SPECIAL ANNEXATION ELECTION, DETERMINING VALIDITY OF PRIOR PROCEEDINGS, AND DIRECTING RECORDING OF AMENDED NOTICE OF SPECIAL TAX LIEN****CITY OF CLOVIS
Community Facilities District No. 2004-1
(Police and Fire Services)
Annexation No. 76**

WHEREAS, in proceedings heretofore conducted by the Council pursuant to the Mello-Roos Community Facilities Act of 1982, as amended (the "Act"), this Council has heretofore adopted a resolution calling a special election of the qualified landowner electors in the territory of land proposed to be annexed to Community Facilities District No. 2004-1 (Police and Fire Services) (the "CFD"); and

WHEREAS, pursuant to the terms of the resolution which is hereby incorporated herein by this reference, the special election has been held and the City Clerk has filed a Canvass of Votes Cast in Special Election, a copy of which is attached hereto as **Attachment A**; and

WHEREAS, this Council has reviewed the Canvass and hereby approves it.

NOW, THEREFORE, BE IT RESOLVED, by the City of Clovis as follows:

1. The issue presented at the special election was the levy of a special tax within the territory annexed to the CFD, to be levied in accordance with the formula heretofore approved by this Council as described in Resolution No. 25- , a Resolution of Annexation of Territory to Community Facilities District, authorizing the Levy of a Special Tax and Submitting Levy of Tax to Qualified Electors, adopted July 7, 2025.
2. Pursuant to the Canvass on file with the City Clerk, the issue presented at the special election was approved by the landowners of the territory annexed to the CFD by more than two-thirds (2/3) of the landowners voting at the special election.
3. Pursuant to the voter approval, said annexed territory to the CFD is hereby declared to be fully annexed to and part of the CFD and this Council may levy special taxes therein as heretofore provided in these proceedings.
4. It is hereby found that all prior proceedings and actions taken by this Council pursuant to the CFD and the territory annexed thereto were valid and in conformity with the Act.

Within 15 days of the date hereof, the City Clerk shall execute and cause to be recorded in the office of the County Recorder of the County of Fresno, an amendment to the Notice of Special Tax Lien as required by Section 3117.5 of the California Streets and Highways Code.
